Good afternoon Ms. Macuil,

We appreciate the City of San Luis' interest in assisting your community with spaying and neutering their pets. I am happy to say that approximately 24 animals from your community were altered last year through our clinic with different grants. But a lot of work still needs to be done in your area of our community.

Therefore, HSOY is once again requesting \$5,000, in addition to our current contract amount, to go towards spaying and neutering animals within your community. The money would only be going to people who show proof of residence within the City of San Luis, AZ. As your citizens call HSOY to schedule an appointment, they would state that they live within your City and we would schedule them.

HSOY will continue to serve your community in any way possible. From low cost vaccinations to low cost/free microchipping, we are committed to helping the stray animal population in your community decrease. The spaying/neutering component continues to be the single most important component to being a good pet parent.

Please feel free to reach out to me with any questions or concerns you may have regarding the proposal.

Respectfully,

Annette Lagunas
Executive Director
