2. DISCUSSION ITEM:

2. A. Second of two Public Hearings on Proposed Local Alternative Expenditure Limitation - Home Rule Option Election. (Roula Encinas, Acting Finance Director)

1. Staff Presentation

Ms. Roula Encina, Acting Director of Finance, stated this item is about the Home Rule Option and explained that this state law has been in effect since June 3rd, 1980, that limits municipal spending for cities and towns. The law established a maximum spending limit formula based on Fiscal Year 1979-1980, expenditures adjusted annually for population growth and Growth Domestic Product (GDP) inflation. Additionally, certain expenditures can be excluded from this limit. Adopting the Home Rule Option allows staff greater flexibility in managing the city's budget to meet local needs effectively. She presented the three (3) alternatives to the state-imposed spending limit formula. The One Time Override, allows the city to exceed the spending limit for a single fiscal year with voter approval, specifying the exact amount of excess expenditures authorized. The Local Alternative Expenditure Limitation (Home Rule), allows cities to set their own spending limits based on local priorities and conditions rather than adhering to the state formula effective for four (4) fiscal years; this option requires voter approval to implement. The Permanent Adjustment of Base Limits, involves permanent change to the base, spending limit with voter approval, applying to all future years no limitation on a month of adjustment. All these alternatives require voter approval, ensuring that the community has a say in how municipal finances are managed. Staff is considering the Home Rule Option; she added that 40 cities and towns in Arizona are using the Home Rule Option. Additionally, 43 cities are using the Permanent Base Adjustment, and eight (8) are using the 1979-1980 State Limit. The City of San Luis is one of the eight (8) cities that is using the outdated state formula. Adopting the Home Rule Option allows the city to overwrite the state-imposed expenditure limitations, providing staff with the flexibility to establish a budget based on the anticipated revenues, programs, and services. This authority must be re-established every four (4) years and requires a majority vote of the public at either the primary or general election. Additionally, the process includes two (2) public hearings prior to Council action, followed by a special meeting immediately after the second public hearing. Finally, a two-thirds majority vote is needed to approve this measure.

She briefly explained the Home Rule Financial Implications of the Home Rule Option, including that over the next four (4) years, the city's expenditures would exceed the state-imposed limit by \$17.5 million, which is an estimate. Without the approval of the Home Rule Option, staff would need to eliminate this amount from the budget, which would significantly impact the ability to fund essential services and programs if the Home Rule Option is not approved. It is important to note that by asking voters to approve the Home Rule Option, the city is not asking for a new tax or an increase in the city's revenues. It is simply seeking permission to spend the revenues the city is already collecting. If the Home Rule fails, the city will still receive revenues but will be unable to spend them due to the state-imposed spending limits. This would lead to a significant reduction in funding for street maintenance and public safety, as well as the deferral or cancellation of crucial capital projects. By adopting the Home Rule Option, staff will gain the flexibility to allocate funds where they are most needed. This is about making informed choices that are right for the community without being constrained by outdated state-imposed formulas.

Ms. Encinas stated that there is a process for the Home Rule Option and briefly outlined the steps allowing for transparency, public involvement, and compliance with legal requirements.

She included a summary analysis that contained the total amount of estimated expenditures under the Home Rule and the State Imposed Expenditure. The PowerPoint presentation and the summary analysis are filed with the complete Agenda Packet at the City Clerk's Office.
