3. DISCUSSION AND POSSIBLE ACTION ITEMS:

3. A. Discussion and possible action on any and all matters regarding options for the operating and management agreement with LaSalle Corrections which is expiring on November 30, 2024. (Kay Marion Macuil, San Luis Facility Development Corporation General Counsel)

Ms. Macuil explained that the contract with LaSalle was ending on November 30th and that notice must be given on whether or not to negotiate or continue the contract as is. She explained the reserve accounts and what some of that reserve was used for she also, gave a presentation showing the bed count census over the past several years. Ms. Macuil recommended continuing the contract.

President Jenny Torres reminded the board of when Emerald was the operator and how they stepped away abruptly, and LaSalle stepped in and continued to operate the facility. The numbers back then looked better than they do now. Ms. Torres asked Ms. Macuil to show a summary of where we are at with the facility. She stated that the facility can hold up to 870 detainees.

Ms. Torres gave a brief history of the waterfall and the reserves. After evaluating that we are seeing a lower trend. We are waiting for elections to see if that changes. We want to make sure the bonds are paid and the facility continues to operate and continue to have the employees there.

President Torres asked Warden Rivas how many were currently employed at the facility. And Warden Rivas responded 175.

Ms. Torres asked the board if there any questions regarding the summary. She stated that she had spoken to staff and the Mayor but it is up to the board if there were any questions should they go out for proposals, continue with LaSalle as it is. Or do we open up negotiations.

Director Joe Harper asked if there were any concerns with the numbers being so low.

Warden Rivas, responded that he thought this question might be asked. He responded that in previous years they could forecast what the year was going to look like. But this year and half of last year it is all over the place. He explained that the whether or the administration or the budget that is not the case. It is unpredictable.

Director Harper asked if it was the problem we are having with the border and the influx of people coming across without any problems. Does that have to do with anything.

Warden responded perhaps with canceling Title 42 but nothing is making sense. Just recently there has been a spike of ICE detainees from Southern California and that tomorrow 140 detainees will be flown out with the possibility of 140 or so flying back in. Warden also explained that they were able to keep the amount of employees they have because of the different populations, males, females, US Marshals California, US Marshals Arizona, BP, ICE these are all different separations so the entire facility has to be used. And really cannot reduce forces.

Director Pinzon asked if the ladder that was created is sustainable are the numbers sustainable? Warden responded that they are maintaining. Warden stated that they are in constant contact with the agencies. Mr. Pinzon stated the hopefully with the election things will start going in the right direction.

Mr. Harper stated that he was quite happy and wanted to congratulate him with the way the Warden has handled himself and the facility during these difficult times. And that he was going to stick with him no matter what. Warden Rivas stated that he has been connected to that facility since 2009.

Mr. Vera stated that he wanted to expand on the previous question. The numbers are low in the history and that he was the newest board member. He asked what was a ball park number that would be considered sustainable? Warden responded right around 650.

Ms. Gonzalez wanted to congratulate the Warden following Mr. Harper's statement.

President Torres asked the board if there were any questions. She explained that there were a few options in the motions and which one they wanted to go with.

MOTION: Director Joe Harper and Marco Pinzon move to renew the Operating and Management Agreement with LaSalle Corrections through November 30, 2029.

Motion passed unanimously.

The vote was as follows:

Director Joe Harper		Aye
Director Marco Pinzon	Aye

3.B. Discussion and possible action on any and all matters regarding using the Operating/Reserve/Repair/Contingency Account to reimburse for the purchase a new ice machine that has stopped working in the San Luis Regional Detention and Support Center. **(David Rivas, Warden of the San Luis Regional Detention and Support Center)**

Assistant Warden Thomas Carroll stated that the ice machine was an original from 2007. They were fixing it and paying on it for quite a while. And it finally went out. Arizona Valley Refrigeration came out and told them it would cost more to fix it than to replace it. Asst. Warden Carroll stated that they went ahead and purchased the ice machine being that is is now summertime and hot temperatures. Ice is utilized every single day. There are 37 dorms that are provided water and ice as well as 17 recreation areas. They are filled three to four times a day. The need for ice is very demanding.

President Torres asked the board if there were any questions, and that they checked with the bank and that there are funds to cover this cost. There were not questions.

MOTION: Director.Marco Pinzon and Director Maria Gonzalez approved the reimbursement of a new ice machine from Arizona Refrigeration in the amount not to exceed \$9,990.00. **Motion passed unanimously.**

The Vote was as follows:

President Jenny Torres	Aye
Director Eulogio Vera	Aye
Director Maria Gonzalez	Aye
Director Joe Harper	Aye

3.C. Discussion and possible action on any and all matters regarding the election of Vice President for the San Luis Facility Development Corporation. **(Kay Marion Macuil, Attorney for the Corporation)**

City Attorney Kay Macuil explained the need for a vice president and said that sometimes we need to get a signature if the president is not available.

President Torres asked if there were any volunteers everyone laughed. Director Pinzon stated that he could do it as long as it was after 5:00 p.m.

Motion: Director Joe Harper and Director Maria Gonzalez moved to elect Director Marco Pinzon to the office of Vice President. **Motion passed unanimously.**

The Operator shall provide or cause to be provided all insurance, maintenance, certifications and other matters required of or made the obligation of the MPC under the Indenture and this Operating Agreement. This obligation includes, without limitation, preparation of all reports or disclosures required under the Indenture and this Operating Agreement.

- 1.05 Each statement contained in the introduction section of this Operating Agreement are contractual provisions and stipulations binding upon the Parties and are not mere recitals.

II. TERM

- 2.01 The MPC retains Operator exclusively, and Operator accepts this engagement for the operation, management, and maintenance of the Facility of this Operating Agreement. The term of this Operating Agreement shall begin on the Effective Date, **December 1, 2019, and shall end on November 30, 2024** ("Primary Term"). At the expiration of the Primary Term, the parties may mutually agree to two (2) five-year renewal terms which can be exercised by the mutual agreement of the MPC and the Operator. The first Renewal Term shall be from **December 01, 2024 to November 30, 2029**. If the Parties have not mutually agreed to any such renewal by the deadline required by Section 2.02, this Agreement shall terminate upon the expiration of the then current Term.
- 2.02 Notwithstanding any renewal option or other term herein, the Parties shall have the right to terminate this Agreement at the end of each Term with or without cause. Notice of intent to not exercise a renewal period must be given one hundred and twenty (120) days prior to the end of the existing term by either Party.

If Operator does not, within ninety (90) days of receiving from the MPC written notice that Operator has failed to perform any of its obligations in this Operating Agreement, cure such failure (or if such failure cannot be cured within such ninety (90) day period, Operator does not commence such cure within the ninety (90) day period and thereafter diligently proceed with all actions necessary to cure such failure when reasonably possible), then the MPC, may upon written notice to Operator, terminate the Operating Agreement.

III. OPERATOR'S COMPENSATION

3.01 Operator Fee.

(a) Operator Fee.

Indenture. During the term of this Operating Agreement and solely from Project Revenue, MPC agrees to pay Operator compensation as set forth herein for the goods and services provided hereunder to the extent that Project Revenue are made available for that purpose under the Indenture.

Definition of Operator Fee. As used in this Operating Agreement, the term "Operator Fee" shall mean collectively the fees earned under this Operating Agreement, including (without limitation) any Variable Incentive Fee.

Source of Funds. The MPC is only obligated to pay the Operator's share of the Operator Fees to Operator to the extent that funds are available in the Operating Account, Operator Fee Account and the Surplus Account (maintained by the Trustee pursuant to the Indenture) for such purposes. No funds of the MPC that are generated by other projects or any other funds of the MPC, and no funds of the City, including but not limited to those that are held in the general fund of the City, and no tax, fee, enterprise or any other revenue of the City, shall be obligated to pay the Operator Fee or any fees under this Operating Agreement. MPC shall instruct the Trustee to pay the Operator's share of the Operator Fees to Operator when funds are available to the Trustee to pay such fees. The Operator shall instruct the Trustee to pay the City's fees under this Operating Agreement, when funds are available to the Trustee to pay such fees.

- (b) Operator Fee Payments and Order of Priority. Once the Trustee has transferred Project Revenue to the Bond Fund and Reserve Fund under Indenture Sections 5.06(a) and (b), and made all required Principal and Interest payments on the Bonds according to the Indenture including deposits needed to cover any shortfalls of Interest and Principal due and owing from prior months, MPC shall then direct the Trustee to calculate and pay any available Project Revenue as an Operator Fee payable on a monthly basis in this order:
- (i) "Operation and Maintenance Costs" From Project Revenue available to the Trustee in the Operating Account for such purposes, MPC shall direct the Trustee to pay to Operator all of the unreimbursed "Operator and Maintenance Costs" as defined by the Indenture incurred by the Operator, including any unreimbursed "Operator Direct Expenses" from prior months. If there is not sufficient net revenue or available funds in the Surplus Account to pay these expenses, any unpaid amounts will be carried forward to the next month; and
 - (ii) "General and Administrative Expenses" After paying the above Operating and Maintenance Costs and carryforwards, if there is sufficient net Project Revenue in the Operator Fee Account, the MPC shall direct the Trustee to pay the Operator for its "General and Administrative Expenses" based on 6% of actual Operation and Maintenance Costs and will also include any unreimbursed Operator's General and Administrative Expenses from prior months. Any unpaid amounts will be carried forward to the next month; and
 - (iii) "Operating Reserve/Repair/Contingency Account" To the extent that there are sufficient available Project Revenue after satisfaction of the above priorities, deposits shall be made to the Operating Reserve/Repair/Contingency Account up to \$15,000 per month, not to exceed an account balance of \$1,000,000; and
 - (iv) City Business License Fee To the extent that there are sufficient available Project Revenue after satisfaction of the above priorities deposits the Trustee shall pay the City a fixed monthly City Business License Fee of \$40,000.00 ("City Business License Fee"), and will also include any prior unreimbursed City Business License Fees. Any unpaid amounts will be carried forward to the next month; and
 - (v) "Surplus Fund Deposits" To the extent that there are sufficient available Project Revenue after satisfaction of the above priorities deposits shall be made to the Surplus Account up to \$15,000 per month, in accordance with Section 5.06(f) of the indenture, not to exceed a Surplus Account balance of \$500,000;

- (vi) "Variable Incentive Fee" and City's "Variable Business License Fee" After paying the above costs and fees in subsection (i) through (v), if there is sufficient net Project Revenue in the Operator Fee Account, the MPC shall direct the Trustee to pay from the Operator Fee Account a Variable Fee when the average Inmate Days for a month is 638 or above. The Operator shall be paid an amount equal to \$20 per inmate per day in that month (the "Variable Incentive Fee"), and the City shall be paid a "Variable Business License Fee" equal to \$5 per inmate per day in that month. The amounts will be paid in a pro-rata share between the Operator and the City; provided, however, if there is not sufficient net Project Revenue to pay both variable fees, the Operator and the City shall only be paid to the extent of available net Project Revenue and any unpaid amounts will be carried forward to the next month, except as provided in Section 3.01(c) of this Agreement. See section 3.10 below for the calculation of those Inmate Day; and
- (vii) "Surplus Fund Amounts" Any funds remaining after paying the Variable Incentive Fee and the Variable Business License Fee including any carryover shall follow the requirements for the excess of the Operator Fee Account under the Indenture as it relates to Surplus Account defined in Section 5.06 (f) of the Indenture. In each case, nothing in this Section 3.01 of this Operating Agreement shall be construed in a manner inconsistent with the Indenture.

(c) Termination of Operator Fee Under this Operating Agreement.

(i) Termination *not* by Reason of Default.

If the termination is for a reason other than a default by the Operator, then Operator Fees (other than the Variable Incentive Fee) shall remain due and owing until 120 calendars have elapsed following the termination of this Operating Agreement.

(ii) Termination by Reason of Default.

If this Agreement is terminated due to a default by the Operator, then all obligations to pay any Operator Fee (including the Variable Incentive Fees) shall terminate upon the termination of this Operator Agreement due to a default by the Operator.

(iii) Payment from Project Revenue Generated by Operator.

The Operator shall only be paid its share of the Operator Fee billed under this Operating Agreement from Project Revenue generated by the services provided by the Operator in the operation, management and maintenance of the Facility. Project Revenue generated by any other operator of the Facility shall not be utilized to pay the Operator Fee of the Operator due and owing under this Operating Agreement.

- (d) Termination of Fees Payable Under Prior Operating Agreement. The obligation to pay the following fees under the Prior Operating Agreement that are not paid as of the Effective Date of this Operating Agreement shall terminate as of the Effective Date of this Operating Agreement: (i) the "Variable Incentive Fee" payable under Section 3.01(b)(iii) of the Prior Operating Agreement and (ii) the "Accrued and Unpaid Incentive Interim Forbearance Period Amounts" payable under Section 3.01(b)(v) of the Prior Operating Agreement.

- (e) Operator Acknowledgement of Risk. The Operator acknowledges that Project Revenue

during the term of the Operating Agreement may not be adequate to reimburse the Operator for all Operation and Maintenance Costs advanced by the Operation.

- 3.02 Source of Funds. Regardless of anything to the contrary in this Operating Agreement, all amounts due and payable by the MPC to Operator shall be a current obligation payable solely from the amounts held within accounts established under the Indenture (the Operating Account, the Operator Fee Account and the Surplus Account). Never shall the City or the MPC be liable for payment of these sums except from the Operating Account, Operator Fee Account, and the Surplus Account established under the Indenture.
- 3.03 Payment of Business License Fee and Variable Business License Fee. The obligation to pay the Business License Fee and Variable Business License Fee to the City shall be the responsibility of the Operator. The Operator shall direct the Trustee to make the Business License Fee and Variable Business License Fee payments directly to the City. The MPC and Operator agree to cooperate with each other to establish with the Trustee such procedures as needed or necessary for the City to be paid the Business License Fee and Variable Business License Fee directly by the Trustee from Project Revenue in the Operator Fee Account. The Business License Fee and the Variable Business License Fee (upon a monthly basis) to be paid to the City shall be as described in Section 3.01.
- 3.04 Documentation for Payment by the Trustee. The Operator shall, each month, promptly forward to the Trustee, such documentation as may be reasonably required to facilitate the payment of the Operator Fee and the Variable Business License Fee anticipated by Section 3.01 and 3.03 of this Operating Agreement. Such documentation shall include, but is not limited to, the monthly invoice prepared by Operator and forwarded to each User Agency assigning Inmates to the Facility, the monthly calculation of the amount due and owing to Operator, and such other matters as may be reasonably and prudently required by the Trustee to document the payment of Operator Fees under this Operating Agreement including but not limited to the certified actual monthly Operation and Maintenance Costs which are to be reported to the MPC in addition to the Trustee. The Operator shall also prepare and submit to the MPC a monthly statement setting forth any amounts due and owing by Operator to the City as the City Business License Fee and the Variable Business License Fee.
- 3.05 Adjustment to Operator Fees. The amount described as the Operator Fee to be paid to Operator, set forth in Section 3.01 above, is subject to renegotiation and adjustment at the option of the Parties when the scope of services required to be provided by Operator has materially changed, so Operator is not over-compensated or under-compensated for the goods and services provided.
- 3.07 Project Revenue. The term "Project Revenue" shall have the meaning set forth in the Indenture.
- 3.08 Extraordinary Costs. The Operator shall be entitled to seek reimbursement for extraordinary costs associated with the housing agreements with Sending Jurisdictions. Said extraordinary expenses may include but are not limited to, outside hospital coverage, transportation, extraordinary medical expenses, pharmaceuticals, and Facility enhancements. Said reimbursement for such costs shall not be the burden of the MPC, but only that of the User Agencies or Sending Jurisdictions, and shall be in addition to the Operator's compensation payable under this Operating Agreement.

3.09 City as Sending Jurisdiction. If a shortage of space in the City's jail occurs, the City, at the request of the Police Chief may house at the Facility, up to five (5) inmates at no cost to the City, for not more than seventy-two (72) consecutive hours. Should the need to exceed five (5) inmates arise for more than seventy-two (72) consecutive hours, both Parties agree to negotiate, in good faith, a rate per inmate per day acceptable to both Parties applicable to each such occurrence. Said rate shall only apply to those instances where more than five (5) inmates are housed at Facility for more than seventy-two (72) consecutive hours for any inmate. The City may not contract with other jurisdictions for the beds identified in this section. The Operator's Warden for the Facility or his designee shall contact the Police Chief and the MPC's Attorney to negotiate compensation under this Section 3.09.

3.10 Inmate Day. For this Operating Agreement, the term "Inmate Day" shall mean each calendar day or part thereof, during which an inmate is assigned to the Facility, which, for each calendar day, shall be determined by the Midnight Count Report. The term "Midnight Count Report" shall mean the official numerical count of the number of inmates present at the Facility at the end of each day, which for this Operating Agreement shall be determinative of the number of inmates present at the Facility for the day just ended. If an inmate is processed into and out of the Facility in less than twenty-four (24) hours and is not in the Facility at midnight, such inmate's presence shall be made part of the official numerical count for the day such inmate arrived at the Facility. In the event a Sending Jurisdiction commits to send a guaranteed number of inmates to the Facility, such Sending Jurisdiction referred to herein as the "Guaranteeing Agency." The computation for determining the average number of Inmate Days per month pursuant to Section 3.01(b)(v) shall be adjusted as follows: the number of inmates sent by the Guaranteeing Agency and present at the Facility at the end of each day shall equal the greater of (i) the number of inmates guaranteed by the Guaranteeing Agency or (ii) the actual number of inmates sent to the Facility by the Guaranteeing Agency.

IV. DUTIES OF OPERATOR

4.01 Effective December 1, 2019, Operator shall manage, operate and provide at its sole cost and expense:

- (a) replacement of all necessary furniture, fixtures and equipment required at the Facility, including, but not limited to, computers, fax and copy equipment, radios, televisions, uniforms and linens and basic office furniture and administrative phone systems, which are necessary or prudent for operation and management of the Facility and housing inmates;
- (b) intake facilities and inmate accounting which shall encompass booking, record keeping, billing, system of controls, identification systems and records, computerized communication interface with law enforcement agencies, and such statistical records as may be required by law, Sending Jurisdictions, or as generally accepted inmate-locator practices;
