Hello Tom,

You are correct, I am only requesting a quote proposal for the purchase of the building. We will then bid out the project for erection and full construction including electrical, plumbing, civil, etc.

Thanks,

Jorge R. Perez

Hello Tom,

I have couple of update for the proposal that we are sharing with other vendors from which we also requested a quote.

- Please submit your proposal by October 28th.
- Include windows in your proposal.
- Roof insulation to be R-36 over the occupied (conditioned space) and R-19 over the open bay area.
- What is your ETA on buildings from NTP/PO to you?

Thank you,

Jorge R. Perez

Hello Tom and Mike ,

This is Jorge Perez, from the City of San Luis in Arizona. I would like to request a quote from you on a new metal building addition that we want to construct at one of our water treatment facilities. We have partnered with Thompson Design Architects from Yuma, AZ and have a plan set for your review. Attached are architectural plans, structural drawings, and calculations. Construction also includes electrical, mechanical, and plumbing, which I did not attach but please let me know if you need to see those drawings for the proposal.

Thank you,

Jorge Perez, CPM
