Good afternoon Rhino team,

This is Jorge Perez, from the City of San Luis in Arizona. I would like to request a quote from you on a new metal building addition that we want to construct at one of our water treatment facilities. We have partnered with Thompson Design Architects from Yuma, AZ and have a plan set for your review. Attached are architectural plans, structural drawings, and calculations. Construction also includes electrical, mechanical, and plumbing, which I did not attach but please let me know if you need to see those drawings for the proposal.

Thank you,

**Jorge Perez, CPM**
