#### **4. ITEMS REQUIRING DISCUSSION AND/OR ACTION**

**4. A. Discussion and possible action on any and all matters regarding the Orchidea Park Subdivision Preliminary Plat Amendment Case No. 2023-0194P. A request by Vega and Vega Engineering, on behalf of Von Verde Partners L.L.C., for the Orchidea Park Subdivision Preliminary Plat Amendment creating Subdivision Case No. 2023-0194A and 2023-0194B. The properties are located between County 24<sup>th</sup> Street and County 25<sup>th</sup> Street and between Avenue E and Avenue D in San Luis, Arizona.**

##### **A. Staff presentation**

**Juan Leal Rubio, Assistant Director of Development Services,** gave a short presentation and summarized the staff report recommending the approval of Orchidea Park Subdivision Preliminary Plat Amendment Case No. 2023-0194P with the following conditions:

1. The owner/applicant understands that a conditional approval of a preliminary plat shall not constitute approval of the final plat. Rather, it shall be deemed an expression of approval to the layout submitted on the preliminary plat as a guide to the preparation of the final plat, which will be submitted for approval of the Commission and the City Council upon fulfillment of the requirements of the Subdivision Regulations, any other applicable City regulations and the conditions of approval.
2. The owner/applicant shall submit a preliminary and final plat for approval in compliance with the City of San Luis subdivision regulations for any phase or portion.
3. For Orchidea Park Subdivision Preliminary Plat Amendment Case No. 2023-0194A (north half), developer must comply with the development agreement approved by Resolution No. 2350 and any amendments.
4. For Orchidea Park Subdivision Preliminary Plat Amendment Case No. 2023-0194B (south half), a development agreement has to be in place before any portion or phase is to be developed.

**Commission Member Marco A. Pinzon** mentioned that it was his understanding that we were not going to pass County 24<sup>th</sup> Street for any housing or residential. We were going to leave that for commercial and industrial.

**Commission Member Javier Barraza** mentioned that was part of the significant amendments the commission approved. **Pinzon** furthermore noted that he thought we were only going to do half and not push it all the way to the Port of Entry, which we are trying to avoid.

**Jose A. Guzman, Director of Development Services**, stated that staff recommended a portion be rezoned. However, the council made another decision and changed the whole area.

**Acting Chairman George Amaya** asked if there were any other questions from the commission and whether the applicant had any additional information to share regarding this case.

**Vianey Vega, representing Vega & Vega Engineering, the applicant and developer, stated that to clarify the zoning, the residential area does not extend to 25<sup>th</sup> Street.** It stops, then there is a buffer of industrial land that is a quarter of a mile from 25th Street, half a quarter of a mile up, and then there is only a portion of residential land south of County 24 1/2. As you see, on the right side of the screen is the yellow part, which represents the residential area. Everything else is commercial and light industrial. The residential does not go all the way to 25<sup>th</sup> Street. It is a quarter of a mile north, and we created that buffer of light industrial.
