1. SUMMARY AND TIMELINE

1.1. Summary

The Cooperative Purchasing Program (HGACBuy) of the Houston-Galveston Area Council of Governments is soliciting offerings for the furnishing of products/services as described in this Solicitation. Texas Local Government Code (Title 7, Chapters 771 and 791) establishes the authority for H-GAC to provide cooperative contract products and services to Texas local governments and in other states if their statutes allow. With that authority, H-GAC makes varied categories of contracted products and services available.

1.2. Background

About the Cooperative

H-GAC is a government agency which provides a Cooperative Purchasing Program as part of its service to other government agencies. The Program currently makes blanket type contracts covering products and services for the use of its membership of more than 9000 local government participants in Texas and other States (Customers) which include cities, counties, emergency services districts, school districts, and non-profit organizations. Any local government or non-profit organization may participate in the Program if their state law allows. There is no cost to join and become a member of the H-GAC Cooperative Purchasing Program.

H-GAC's Cooperative Purchasing Program, known as HGACBuy, was established pursuant to Texas Interlocal Cooperation Act [Texas Local Government Code, Title 7, Chapter 791]. The Act allows local governments and certain non-profits to contract or agree under the terms of the Act to make purchases or provide purchasing services and other administrative functions appropriately established by another government entity. The Interlocal Contract (ILC) is the required legal document that establishes a link between the Customer (local governments and certain non-profits) and HGACBuy and gives the Customer access to HGACBuy contracts.

HGACBuy contracts are established based on the requirements of Texas Local Government Code, Chapter 252 and/or other applicable State of Texas or Federal procurement requirements. Products and services are contracted after having been subjected to either a competitive bid (ITB); competitive proposal (RFP); or Request for Qualification and Pre-Qualification (RFQ) depending on the category type.

Contracts are blanket type, usually for a term of two (2), three (3), or four (4) years. Use of HGACBuy for purchases by any Customer is strictly at the discretion of that entity. Customers issue purchase orders and pay the HGACBuy Contractor directly. The Customer also sends HGACBuy a copy of the purchase order and the Contractor is responsible for reporting the sale to HGACBuy as a contract requirement.

Due to the highly specialized nature of these types of vehicles, all responses must include Customization Tables. These Customization Tables are meant to encompass those special/custom options that are not classified as the published "Manufacturer Standard Options", and which may be required to address custom configurations of Ambulance, EMS and Other Specialty Vehicles. Respondent will group these options into broad categories and include specific options they would like to price within each of these customization categories. Respondent may quote as many categories as deemed necessary to cover any customization that may be required when building these custom emergency and specialty vehicles.

Please number and name each category accordingly. Below are some examples of customization categories and options that could be used when configuring these categories. The format shown below illustrates how these categories should be listed on your form. Respondent will provide a price range for each Category, and pricing should specify the low and high price range (\$) for that specific category. This price range will apply to all options within the category (i.e. Category 1 – Chassis). Categories and pricing must be submitted on the Customization Category Options Pricing Sheet. Note: The sum of all Customization Category Options cannot exceed 25% of the total price (Base Model items + Published Options) on the HGAC Contractor Pricing Worksheet.

10. EVALUATION / SELECTION / TIE BIDS

Evaluation: An evaluation committee may consist of representatives from H-GAC and other stakeholders. The committee members will individually evaluate and numerically score each submission in accordance with the evaluation criteria section of this Solicitation.

Selection: Submissions will be evaluated based on a total top score of 100. The committee members will individually evaluate and numerically score each submission in accordance with the evaluation criteria section of this Solicitation. Respondents with a score of at least **70** may be eligible for a contract award recommendation, at the sole discretion of H-GAC.

Tie Bids: H-GAC may award a contract for tie bids by drawing lots or by awarding to multiple contractors. If time permits, the bidders involved shall be given an opportunity to attend the drawing. The drawing must be witnessed by at least three (3) persons and the contract file must contain the names and addresses of the witnesses and the person supervising the drawing. When an award is made by drawing by lot after receipt of equal low bids, the buyer must describe how the tie was broken by providing a written statement that the contract award was made in accordance with the circumstances justifying the priority used to break the tie or select bids for a drawing by lot. This does not prohibit H-GAC from rejecting all bids.

11. PRESENTATION / DEMO/ INTERVIEW AND BEST AND FINAL

Presentation / Demonstration / Interview: The evaluation committee reserves the right to request and require that each Respondent provide a final presentation/demonstration/interview regarding submission at a scheduled date and time. No Respondent is entitled to this opportunity, and no Respondent will be entitled to attend the presentation/demonstration/interview of any other Respondent. The purpose of the presentation/demonstration/interview is to inform the work of the evaluation committee. If necessary, Respondents may be required to make more than one presentation/demonstration/interview. Interviews can incorporate clarifying questions of the evaluation committee and H-GAC reserves the right to utilize the information to complete final scoring of proposals after the presentation/demonstration/interview. During this process, the proposer cannot incorporate, or present new information not contained in the original submitted proposal.

Best and Final Offer (BAFO): H-GAC reserves the right to request a Best and Final Offer from finalist Respondent(s), if it deems such an approach necessary. In general, BAFO would consist of updated costs and answers to specific questions that were identified during the evaluation. If H-GAC chooses to invoke this option, Submissions would be re-evaluated by incorporating the information requested in the BAFO document, including costs, and answers to specific questions presented in the document. The specific format for the BAFO would be determined during evaluation discussions. Turnaround time for responding to a BAFO is usually brief (i.e., five (5) business days).

12. APPROVAL / FINAL AND POST AWARD

A recommendation will be presented to the H-GAC Board of Directors for approval to execute a contract. H-GAC reserves the right to award based on the best interests of H-GAC, whether that be single or multiple awards. However, the final approval and selection of award lies with the Board of Directors. H-GAC reserves the right to delay that date as needed and to reject any and all submissions as deemed in its interest.

H-GAC reserves the right to require the awarded Contractor attend a post award meeting with H-GAC staff and/or other designated persons at H-GAC offices in Houston, Texas within thirty (30) calendar days after the award. The purpose of the meeting will be to discuss the terms and conditions and to provide additional information regarding the work tasks and requirements.

13. DEBRIEF / PROTEST

Requesting a Debrief: Requests for a debriefing must be made in writing to HGACBuySolicitations@h-gac.com within five (5) working days after notification of non-selection. H-GAC reserves the right to not conduct debriefings if requests are made after that time. This procedure is NOT available to Respondents who did not participate in the selected Solicitation, to non-responsive or non-timely Respondents, or when all submissions are rejected.

Resolution of Protested Solicitations: Any Respondent who is aggrieved in connection with a purchase transaction may file a grievance. The grievance may be filed at any phase of the procurement, and up to five (5) days after the H-GAC Board of Directors public agenda is posted for action regarding the questioned item. Grievances filed more than five (5) working days after action by the H-GAC Board of Directors will not be deemed timely and will not be considered. In order for a Respondent to enter the grievance process, a written complaint must be sent to the Deputy Assistant Director of H-GAC by certified mail and sent to 3555 Timmons Lane, Houston, Texas 77027, which includes the following:

- A. Name, mailing address and business phone number of the complainant.
- B. Appropriate identification of the procurement being questioned.
- C. A precise statement of the reasons for the protest.
- D. Supporting exhibits, evidence, or documents to substantiate any claims.

The grievance must be based on an alleged violation of H-GAC's Procurement Procedures, a violation of State or Federal Law (if applicable), or a violation of applicable grant or contract agreements to which H-GAC is a party. Failure to receive a procurement award from H-GAC in and of itself does not constitute a valid grievance. Upon receipt of grievance, the Deputy Executive Director will initiate the informal resolution process.

The Procurement and Contracts Department will contact the complainant and all interested parties and attempt to resolve the allegations informally within ten (10) working days from the date of complaint. If the allegations are successfully resolved by mutual agreement, documentation will be forwarded to the Deputy Executive Director of the resolution with specifics on each point addressed in the original complaint.

If the Procurement and Contracts Department is not successful in resolving the allegations, the complaint, along with the comments, will be forwarded to the Deputy Executive Director immediately. The Deputy Executive Director will review all documentation. All interested parties will be given written notice of the date, time, and place of hearing and an opportunity to present evidence. A written decision will be issued within five (5) working days after the hearing along with notice of appeal rights.

The complainant may appeal the Deputy Executive Director's decision by submitting a written appeal, within five (5) working days, to the Executive Director of H-GAC. The Executive Director, upon receipt of a written notice of appeal, will contact the complainant and schedule a hearing within ten (10) working days. The Executive Director of H-GAC has the option of appointing a Hearing Officer to preside over the hearing. If appointed, the Hearing Officer will conduct a hearing and forward a summary and recommended resolution to the Executive Director.

The decision reached by the Executive Director or his designee will be final and conclusive. This decision will be forwarded to the complainant in writing within thirty (30) working days.

The Respondent may, if it elects to do so, appeal the final and conclusive decision of the Executive Director to a court of competent jurisdiction.

A copy of the Change Order must be provided by the Contractor to, and acknowledged by, H-GAC.

ARTICLE 22: CONTRACT ITEM CHANGES

- A. If a manufacturer discontinues a contracted item, that item will automatically be considered deleted from the contract with no penalty to Contractor. However, H-GAC may at its sole discretion elect to make a contract award to the next lowest Respondent for the item, or take any other action deemed by H-GAC, at its sole discretion, to be in the best interests of its Customers.
- B. If a manufacturer makes any kind of change in a contracted item which affects the contract price, Contractor must advise H-GAC of the details. H-GAC may allow or reject the change at its sole discretion. If the change is rejected, H-GAC will remove the item from its program and there will be no penalty to Contractor. However, Contractor must still provide written notice and an explanation of the changes to products and pricing. H-GAC will respond with written approval.

ARTICLE 23: CONTRACT PRICE ADJUSTMENTS

Price Decreases

If Contractor's Direct Cost decreases at any time during the full term of this award, Contractor must immediately pass the decrease on to H-GAC and lower its prices by the amount of the decrease in Direct Cost. (Direct Cost means Contractor's cost from the manufacturer of any item or if Contractor is the manufacturer, the cost of raw materials required to manufacture the item, plus costs of transportation from manufacturer to Contractor and Contractor to H-GAC. Contractor must notify H-GAC of price decreases in the same way as for price increases set out below. The price decrease shall become effective upon H-GAC's receipt of Contractor's notice. If Contractor routinely offers discounted contract pricing, H-GAC may request Contractor accept amended contract pricing equivalent to the routinely discounted pricing.

Price Increase

Contractors may request a price increase for items priced as Base Bid items and Published Options. The amount of any increase will not exceed actual documented increase in Contractor's Direct Cost and will not exceed 10% of

the previous bid price. Considerations on the percentage limit will be given if the price increase is the result of increased tariff charges or other governmental actions, or other economic factors. Manufacturer price/contract changes involving the sale of motor vehicles will be considered and may be allowed during the entire contract period subject to submission and verification of the proper documentation required for a contract change as referenced in this section.

Price Changes

Any permanent increase or decrease in offered pricing for a base contract item or published option is considered a price change. Temporary increases in pricing by whatever name (e.g., 'surcharge', 'adjustment', 'equalization charge', 'compliance charge', 'recovery charge', etc.), are also considered to be price changes.

For published catalogs and price sheets as part of an H-GAC contract, requests to amend the contract to reflect any new published catalog or price sheet must be submitted whenever the manufacturer publishes a new document. The request must include the new catalog or price sheet. All Products shall, at time of sale, be equipped as required under any then current applicable local, state, and federal government requirements. If, during any contract, changes are made to any government requirements which cause a manufacturer's costs of production to increase, Contractor may increase pricing to the extent of Contractor's actual cost increase. The increase must be substantiated with support documentation acceptable to H-GAC prior to taking effect. Modifications to a Product required to comply with such requirements which become effective after the date of any sale are the responsibility of the Customer.

Requesting Price Increase/Required Documentation

Contractor must submit a written overview of changes requested and reasons for the request, stating the amount of the increase, along with an itemized list of any increased prices, showing the Contractor's current price, revised price, the actual dollar difference and the percentage of the price increase by line item. Price change requests must be supported with substantive documentation (e.g., notices from suppliers and manufacturers of pricing changes in products, components, transportation, raw materials or commodities, and/or product availability, copies of invoices from suppliers, etc.) clearly showing that Contractor's actual costs have increased per the applicable line-item bid. The Producer Price Index (PPI) may be used as partial justification, subject to approval by H-GAC, but no price increase based solely on an increase in the PPI will be allowed. This documentation should be submitted in Excel format to facilitate analysis and updating of the website. The letter and documentation must be sent to Lead Program Coordinator, james.glover@h-gac.com.

Review/Approval of Requests

If H-GAC approves the price increase, Contractor will be notified in writing; no price increase will be effective until Contractor receives this notice. If H-GAC does not approve Contractor's price increase, Contractor may terminate its performance upon sixty (60) days advance written notice to H-GAC, however Contractor must fulfill any outstanding Purchase Orders. Termination of performance is Contractor's only remedy if H-GAC does not approve the price increase. H-GAC reserves the right to accept or reject any price change request.

Contractor understands and as it relates to 2 CFR 25.205(a), a Federal awarding agency may not make a Federal award or financial modification to an existing Federal award to an applicant or recipient until the entity has complied with the requirements described in 2 CFR 25.200 to provide a valid unique entity identifier and maintain an active SAM registration (www.SAM.gov) with current information (other than any requirement that is not applicable because the entity is exempted under § 25.110). 2 CFR 25.200(b) requires that registration in the SAM **prior to submitting an application or plan**; and maintain an active SAM registration with current information, including information on a recipient's immediate and highest level owner and subsidiaries, as well as on all predecessors that have been awarded a Federal contract or grant within the last three years, if applicable, at all times during which it has an active Federal award or an application or plan under consideration by a Federal awarding agency; and provide its unique entity identifier in each application or plan it submits to the Federal awarding agency. To remain registered in the SAM database after the initial registration, the applicant is required to review and update its information in the SAM database on an annual basis from the date of initial registration or subsequent updates to ensure it is current, accurate and complete. At the time a Federal awarding agency is ready to make a Federal award, if the intended recipient has not complied with an applicable requirement to provide a unique entity identifier or maintain an active SAM registration with current information, the Federal awarding agency: (1) May determine that the applicant is not qualified to receive a Federal award; and (2) May use that determination as a basis for making a Federal award to another applicant.

ARTICLE 53: PROCUREMENT OF RECOVERED MATERIALS

In accordance with 2 CFR 200.323, the Houston-Galveston Area Council and the Contractor or Subrecipient must comply with section 6002 of the Solid Waste Disposal Act, as amended by the Resource Conservation and Recovery Act. The requirements of Section 6002 include: (1) procuring only items designated in guidelines of the Environmental Protection Agency (EPA) at 40 CFR part 247 that contain the highest percentage of recovered materials practicable, consistent with maintaining a satisfactory level of competition, where the purchase price of the item exceeds \$10,000 or the value of the quantity acquired during the preceding fiscal year exceeded \$10,000; (2) procuring solid waste management services in a manner that maximizes energy and resource recovery; and (3) establishing an affirmative procurement program for procurement of recovered materials identified in the EPA guidelines. Pursuant to the Federal Rule above, as required by the Resource Conservation and Recovery Act of 1976 (42 U.S.C. § 6962(c)(3)(A)(i)), the Contractor or Subrecipient certifies that the percentage of recovered materials content for EPA-designated items to be delivered or used in the performance of the Agreement will be at least the amount required by the applicable contract specifications or other contractual requirements.
