7. DISCUSSION AND POSSIBLE ACTION ITEMS:

7. A. Discussion and possible action on any and all matters regarding the Fiscal Year 2026-2027 for the 4FrontED annual contribution. (Jenny Torres, City Manager)

Ms. Jenny Torres, City Manager, explained that in October 2017, the Mayors and the Board of Supervisors decided to join together to promote the region. During that time, they adopted an intergovernmental agreement (IGA) under which each entity would contribute per capita or per population. The IGA continued for one more year, and then another. In 2019, all the municipalities and the Board of Supervisors decided to enter into a five (5)-year IGA. The IGA expired in February 2024 and includes a clause stating that it continues every year as long as the municipalities and the county continue to contribute. She noted that during the budget retreat, budget work sessions, and discussions, staff made difficult decisions to reduce the budget; over \$10 million was cut from capital projects, \$1.6 million from requests for new positions, and over \$300,000.00 from community events. 4FrontED was one of the Council contributions or organizations that staff felt needed to be cut or reduced, along with other contributions. Although it is not a large amount, \$18,000.00 could fund a part-time position requested by the Parks & Recreation Department or provide eight (8) community events. She stated that it was very difficult to recommend, but staff made a major sacrifice to the City's budget. She added that staff would present the tentative budget tonight, which includes the reduction of this contribution, and that the budget cannot be increased.

She added that if the Mayor and City Council decide to continue the contribution, staff will need to reduce something else from the budget.

MOTION: Council Member Lizeth Servin/Vice Mayor Javier Vargas to not approve the contribution to 4FrontED for the Fiscal Year 2026-2027. The motion passed with four (4) Ayes and two (2) Nays by Mayor Nieves Riedel and Council Member Tadeo Azael De La Hoya.

A roll-call vote was requested by Mayor Nieves Riedel; the Mayor and City Council voted.

The vote was as follows:

Council Member Maria Cecilia Cruz	Aye
Council Member Tadeo Azael De La Hoya	Nay
Council Member Esteban C. Rosales	Aye
Council Member Lizeth Servin	Aye
Vice Mayor Javier Vargas	Aye
Mayor Nieves Riedel	Nay

7. B. Discussion and possible action on any and all matters regarding the award of a construction contract to Filanc Construction Company, Inc. for the West Wastewater Treatment Plant Expansion project. (Eulogio Vera, Director of Public Works)

Mr. Eulogio Vera, Director of Public Works, sought approval of a construction contract to expand the west wastewater treatment plant. He provided some history on the project. He added that staff advertised the project and in March 2026 and in April 2026, two (2) bids were received, which were Filanc with over \$41 million and Perc Water Corporation with over \$51 million. Since the city did not have all the funding in place to fund the \$41 million, staff has been working with the Water Infrastructure Finance Authority of Arizona (WIFA) for an additional loan to cover the additional funds, but at the same time staff has been working with the contractor to reduce the scope of the original bid. Staff also has a deductive change order tonight to reduce the amount to \$36,871,377.00.

MOTION: Vice Mayor Javier Vargas/Council Member Esteban C. Rosales to award a construction contract to Filanc Construction Company, Inc. for the west wastewater treatment plant expansion project in the amount of \$41,163,578.00, and to approve Change Order No. 1 as presented by staff. The motion passed with five (5) Ayes and one (1) Abstention by Mayor Nieves Riedel.

A roll-call vote was requested by Mayor Nieves Riedel; the Mayor and City Council voted.

The vote was as follows:

Council Member Maria Cecilia Cruz	Aye
Council Member Tadeo Azael De La Hoya	Aye
Council Member Esteban C. Rosales	Aye
Council Member Lizeth Servin	Aye
Vice Mayor Javier Vargas	Aye
Mayor Nieves Riedel	Abstained

7. C. Discussion and possible action on any and all matters regarding the electrical distribution and streetlight services from Arizona Public Service (APS) for the Sidewinder Road Streetlight Project - Project No. 2026051. (Manuel Hernandez, Assistant Director of Public Works)

Mr. Manuel Hernandez, Assistant Director of Public Works, stated that staff is requesting approval to pay a deposit invoice to Arizona Public Service (APS) for \$62,230.85. The deposit is required for APS to schedule and begin construction activities for the project. The project includes installing 13 new streetlights along the east side of Sidewinder Road between 8th Avenue and County 22nd Street. These improvements will enhance roadway visibility and increase safety for motorists, pedestrians, and emergency responders. The APS charge includes the installation of the streetlight and the electrical infrastructure necessary to support the project. APS is the sole service provider for electrical utility services in the area, so it qualifies as an exclusive service under the City Code. The project was approved in the fiscal year 26 budget with a total budget of 104,000.00. The requested deposit is budgeted within the capital outlay improvement roads account, and no budget transfer is required. Additionally, Riedel Construction contributed 33,000.00 toward the project under the 2016 development agreement for the Las Quintas 2 Subdivision. Staff recommended approval of the APS direct deposit invoice.

MOTION: Vice Mayor Javier Vargas/Council Member Tadeo Azael De La Hoya to approve payment of a deposit invoice to APS in the amount of \$62,230.85 for the Sidewinder Road Streetlight Project. The motion passed with six (6) Aye votes and one (1) Abstention by Mayor Nieves Riedel.

A roll-call vote was requested by Mayor Nieves Riedel; the Mayor and City Council voted.

The vote was as follows:

Council Member Maria Cecilia Cruz	Aye
Council Member Tadeo Azael De La Hoya	Aye
Council Member Esteban C. Rosales	Aye
Council Member Lizeth Servin	Aye
Vice Mayor Javier Vargas	Aye
Mayor Nieves Riedel	Abstained

7. D. Discussion and possible action on any and all matters regarding the City of San Luis Public Works Yard Entrance - Parking Lot Paving. (Manuel Hernandez, Assistant Director of Public Works)

Mr. Manuel Hernandez, Assistant Director of Public Works, stated that staff is seeking approval to award a contract to Gutierrez and Canales Engineering PC to pave the Public Works yard entrance on 4th Avenue. The project was publicly bid in accordance with the City of San Luis Procurement Code. After reviewing the submitted bids, staff determined that Gutierrez and Canales Engineering PC was the lowest responsible bidder, with a total of \$61,424.58. This project will improve access, safety, and functionality of the Public Works by providing a properly paved entrance and parking area for city personnel, equipment, and visitors. Funding for this project was provided through a budget transfer totaling \$62,000.00 from existing project accounts as noted in the fiscal impact statement, staff has reviewed the funding sources and determined that sufficient funds are available to complete this project this fiscal year. Based on the bid evaluation and the facility's needs, Public Works staff recommended awarding the construction contract to Gutierrez Canales Engineering for \$61,424.58.

MOTION: Council Member Luis Esteban C. Rosales/Vice Mayor Javier Vargas to award the contract to Gutierrez Canales Engineering, PC for the construction of the Public Works yard entrance - parking lot paving, in the amount of \$61,424.58, as presented. The motion passed unanimously.

7. E. Discussion and possible action on any and all matters regarding the purchase of a new ambulance. (Angel Ramirez, Fire Chief)

Mr. Angel Ramirez, Fire Chief, stated that the Fire Department was requesting approval to purchase a new ambulance. He noted that their newest ambulance is a 2022 unit with 98,000 miles, and the department currently has seven (7) ambulances in total. The purchase of the new ambulance is included in their capital improvement projects (CIPs). He explained that, according to the vendor, there is a 16 to 24 month delivery time from the date of purchase, which is why staff is requesting approval at this time. There will be no fiscal impact in this year's budget or next year's budget until Fiscal Year 2028. The purchase will be made through the HGACBuy Cooperative Purchasing Program.

MOTION: Council Member Luis E. Cabrera/Council Member Lizeth Servin to approve the purchase of a new ambulance from Republic EVS utilizing the Cooperative HGACBuy Contract, as presented. The motion passed unanimously.

The vote was as follows:

Council Member Luis E. Cabrera	Aye
Council Member Maria Cecilia Cruz	Aye
Council Member Tadeo Azael De La Hoya	Aye
Council Member Esteban C. Rosales	Aye
Council Member Lizeth Servin	Aye
Vice Mayor Javier Vargas	Aye
Mayor Nieves Riedel	Aye

7. F. Discussion and possible action on any and all matters regarding the acceptance and approval of the Tentative Budget for Fiscal Year 2026-2027. (Roula Encinas, Director of Finance)

Ms. Roula Encina, Director of Finance, explained that, as previously indicated by Ms. Jenny Torres, City Manager, the tentative budget cannot be increased; however, expenses may be reallocated between accounts. The tentative budget reflects the priorities discussed during the budget workshop, budget retreat, and work session held earlier in the year. She presented a PowerPoint on the budget for Fiscal Year 2027.

Council Member Tadeo Azael De La Hoya raised some questions regarding the salary classification. Ms. Encinas responded to his inquiries and provided the necessary clarifications on the classification process and budget alignment.

Mayor Nieves Riedel thanked Ms. Encinas and said she was doing what the City Council expected of her. The Mayor clarified that there is misinformation or a perception that Ms. Encinas or Administration make decisions about how the monies are spent, and that is not the case. For the record, the Mayor emphasized that the City Council decides and directs staff on how to proceed.

Council Member Lizeth Servin asked what the budget was approved for Fiscal Year 2025-2026.

Ms. Encinas replied that it was \$143,178,500.00.

Council Member Lizeth Servin stated that, for the record, although the city is facing hardship and must balance expenses and revenues, the City Council is still approving a higher budget this year. She noted that she wanted the community to be aware that the City Council is approving a higher budget, and that, even though there are some negatives, they are working hard to make them positive, as the goal every year is to approve higher budgets.

Mayor Nieves Riedel asked Ms. Encinas to explain what a budget is.

Ms. Encinas responded that a budget is the city's appropriation of funds. She explained that the city receives revenue primarily from taxes and from enterprise operations such as water, sewer, and wastewater services. Staff appropriates expenditures, the City Council approves expenses, and staff follows the City Council's direction in spending the money as approved.

Council Member Tadeo Azael De La Hoya remarked that he understands the significant time and effort staff dedicate to the budget, including preparation, research, and presentation at the budget retreat. He noted that it is different to view the process from the staff perspective than to have a voice on the City Council. He stated that he has voted nay on the budget since 2023, emphasizing that his vote is not personal, and thanked Ms. Encinas for her work.

Council Member Luis E. Cabrera asked Mr. Joe Estes, Interim City Attorney, to clarify that last year the City Council did not approve funding for Parks & Recreation events; when the City Council later sought to hold certain events, the matter became politicized. To avoid a similar situation, he asked whether Administration may direct Parks & Recreation to proceed with events not exceeding \$20,000.00 and obtain funding from the contingency account without returning the item to the City Council.

Mr. Joe Estes replied that, as a general rule, if an expenditure is not included in the adopted budget, it should be brought to the City Council for approval. He emphasized that the City Council controls and sets the budget and that items of this nature should be included in it. If a need arises mid-year, there is a budget process to address it; however, if the City Council has not included the item in the budget, his recommendation is that, regardless of the City Manager's spending authority, any such expenditure be presented to the City Council for approval.

Mayor Nieves Riedel stated that this is the appropriate process, noting that the item is before the City Council for approval and that similar matters can be brought to the City Council as needed. She further stated that she has never supported charging \$1.00 for the Fourth of July festivities, acknowledged residents' concerns about the fee, and suggested that the City Council consider the matter.

Mr. Estes added that, after conferring with Ms. Jenny Torres, City Manager, the City Manager's spending authority is \$10,000.00, but it is subject to the adopted budget. He clarified that the City Manager may not authorize expenditures outside the approved budget simply by virtue of that authority. He further suggested that, in the future, the City Council could consider establishing a discretionary fund for the City Manager to address special events or other needs that may arise during the year. Under such a structure, qualifying expenditures would not need to come back before the City Council, which could reduce delays and potential political issues; however, he noted that this cannot be implemented within the current budget.

Mayor Nieves Riedel asked whether this could be added to the agenda for the next Council meeting.

Ms. Encinas stated that if the City Council decides to fund any special services proposed by Parks & Recreation, staff can reallocate expenses, such as transferring funds from the city contingency account to Parks & Recreation, before the budget is adopted. She emphasized that staff cannot increase total expenditures but may reallocate funds among accounts.

Council Member Tadeo Azael De La Hoya noted that he voted Nay on last year's budget for community events. He stated that several Council Members asked for his reasons and that he explained that the majority of the City Council voted to eliminate community events and use reserves, an approach he does not support, which is why he voted Nay, as he anticipated the issue would later become politicized.

Council Member Lizeth Servin noted that, regarding special events, last year the City Council did not approve the Tree Lighting Ceremony, which had been budgeted at \$12,000.00 but was completed for \$3,000.00. She stated that she can identify four (4) events that could be held with no budget through collaboration and partnership within the community. She added that Parks & Recreation needs to be more creative and engage more with the community to make these partnerships and collaborations possible.

Ms. Angelica Roldan, Director of Parks & Recreation, confirmed the comments, noting that while some events were not possible last year, others were adapted, for example, the Spooktakular, where different agencies collaborated and the Trunk A Treat event took place without city funds. She added that several holiday events were organized despite limited time and that Parks & Recreation continually seeks creative approaches and partnerships to secure donated funds. She further noted that they already have a list of sponsors for the Fourth of July Celebration.

MOTION: Council Member Esteban C. Rosales/Council Member Maria Cecilia Cruz to approve the tentative budget for the Fiscal Year 2026-2027, as presented. The motion passed with six (6) Ayes and one (1) Nay by Council Member Tadeo Azael De La Hoya.

A roll-call vote was requested by Mayor Nieves Riedel; the Mayor and City Council voted.

The vote was as follows:

7. G. Discussion and possible action on any and all matters regarding Resolution No. 2401. A Resolution of the Mayor and City Council of the City of San Luis, Arizona, declaring the following technical code documents public records, including the various tables, appendices and amendments thereto: The 2024 International Building Code; the 2024 International Residential Code; the 2018 International Mechanical Code; the 2018 International Plumbing Code; the 2024 International Property Maintenance Code; the 2020 National Electrical Code; and the 2018 International Fuel Gas Code; which publications shall remain on file with the City Clerk. (Joaquin Campa, Building Official)

Mr. Joaquin Campa, Building Official, indicated that these codes are used to regulate the safety, quality, and performance of all buildings within the city. Staff is proposing the adoption of the following codes: the 2024 International Residential Code; the 2024 International Building Code; the 2024 International Property Maintenance Code; the 2018 International Plumbing Code; the 2018 International Mechanical Code; the 2018 International Fuel Gas Code; and the 2020 National Electrical Code. He noted that the city currently operates under the 2018 International Residential Code, International Building Code, and International Property Maintenance Code; the 2012 editions of the Plumbing and Mechanical Codes; and the 2014 edition of the National Electrical Code.

He further stated that the International Fuel Gas Code has not previously been adopted by the City of San Luis, but adoption is now warranted due to the recent expansion of natural gas infrastructure, including new residential subdivisions receiving direct piped natural gas service to homes.

He added that, in addition to adopting these codes, local amendments have been prepared for each to better address regional conditions. These amendments consider local climate, regional geological characteristics, seismic considerations, wind exposures, and common construction practices to ensure that the adopted codes are practical, effective, and well-suited to conditions experienced within the City of San Luis. As part of this adoption, the Building Safety Department held an informational meeting with local contractors, designers, and community members. During the meeting, staff presented the proposed code updates and local amendments, and participants had the opportunity to ask questions, provide feedback, and discuss how the changes may affect their future projects.

Furthermore, he stated that while a few questions and discussions arose during the presentation, the overall response was positive, and attendees expressed support for the proposed code updates and local amendments. He also noted that building codes are updated every three (3) years by the International Code Council to incorporate new construction methods, materials and improvements in structural and fire safety, including lessons learned from significant events. Adoption of these codes will allow the City of San Luis to remain consistent with neighboring cities that have already adopted these editions.

MOTION: Council Member Esteban C. Rosales/Council Member Tadeo Azael De La Hoya to approve and adopt Resolution No. 2401. The motion passed with six (6) Ayes and one (1) Abstention by Mayor Nieves Riedel.

Mr. Joe Estes, Interim City Attorney, stated that Mayor Nieves Riedel did not have to abstain from this item because the Resolution is merely adopting the codes as public records. He clarified that the next item, the Ordinance, adopts the codes as the actual code.

Mayor Nieves Riedel said she understood but noted that she is protecting every angle for her company.

(Joaquin Campa, Building Official)

Mr. Joaquin Campa, Building Official, stated that these changes ensure the chapters remain properly organized while incorporating the newly adopted code provisions and amendments. The purpose is to maintain a clear, logical structure within the City Code as the new codes and amendments are incorporated.

Mr. Joseph Estes, Interim City Attorney, clarified that this Ordinance adopts the new amendments to the various professional codes and then reorganizes and renumbers the existing sections of the City Code to ensure consistency with the addition of the new professional codes.

8. SUMMARY OF CURRENT EVENTS

Council Member Maria Cecilia Cruz stated that she had received an email from Mr. Jorge Flores commending the Parks & Recreation Department for their great work.

Mayor Nieves Riedel commented and reminded the Public Works Department that, due to the heat, employees working outdoors should be kept safe.

Mr. Eulogio Vera, Director of Public Works, commented that the schedule for those employees has been adjusted to work from 5:00 am to 1:30 p.m. In some circumstances, they adjust their schedule slightly, but it is not permanent.

Council Member Luis E. Cabrera noted that the City Council approved the tentative budget tonight and that it will be presented to the public. The staff worked hard during the budget retreat on a Friday evening and a Saturday at the Cultural Center. The retreat was open to the public, so people could come and hear what is being proposed and what the City Council is working on. That is a perfect opportunity for the City Council to voice their concerns and support staff in finding solutions, rather than excusing themselves and refusing to work with staff to adopt a budget that reflects the quality of life everyone deserves. The budget will be posted in the newspaper, where everyone can see how the money will be allocated for the next fiscal year. As Ms. Roula Encinas, Director of Finance, explained during her presentation, funds can be moved between accounts if needed, but cannot exceed the \$152 million approved by the City Council.

9. ADJOURNMENT

Mayor Nieves Riedel adjourned the Regular Council meeting at approximately 7:13 p.m.

Discussion and possible action on any and all matters regarding authorization to purchase a drone as a First Responder (DFR) and analytics using Arizona Department of Public Safety Local Border Support Grant Funds. **(Emmanuel Botello, Lieutenant)**

SUMMARY:

Purchase of Drones & Analytics

The City of San Luis Police Department is seeking approval to purchase a drone for use in the First Responder (DFR) and analytics program. The funds for the purchase will be made using Arizona Department of Public Safety Local Border Support Grant funds. The DFR Program will include two (2) drones and operating software, deploying from two separate locations. The DFR provides public safety agencies, both police and fire, with real-time aerial intelligence before responders arrive, enabling earlier assessment, better coordination, and safe outcomes by decreasing response times, increasing situational awareness, and helping save lives. The purchase will be made through Paladin, which has provided a sole-source letter and a bid of \$85,000.00.

Funds for Purchase

The San Luis Police Department has received \$83,756.00 in grant funds for this purchase. The remaining \$1,244.00 will be taken from the general funds to complete the purchase.

San Luis City Code-Purchasing

The purchase comes under the San Luis City Code, Purchasing, Section 3.05.010 Exclusive Services.

San Luis Procurement Department, AZ:

This letter serves the purpose to attest, to the best of our knowledge and due diligence, Paladin Drones Inc. is currently a Sole Source provider of a product and service that is unavailable in the Drone Industry and/or the United States at the timestamped date of this letter. This Sole Source also specifically states that our product and service shares no likeness or comparable specific characteristics.

SPECIFIC DESCRIPTION OF SOLE SOURCE PRODUCT OR SERVICE:

The Paladin EXT LTE Module provides the market an adaptable, drone agnostic, cellular-based module that is able to connect drones to a cellular network. No other company has such a device that is accessible to the United States. The uniqueness of this product allows clients to operate drones on LTE Cellular networks rather than the native controller which operates on a radio frequency (RF). Furthermore this device allows users to operate the drone autonomously and remotely via the Paladin Watchtower software system. Please see the below which highlights additional key features of the Paladin EXT LTE Module:

- o LTE Cellular Remote Operational Controls
- o Streaming over LTE Cellular
- o Dock Integration
- o SMS Notifications
- o Autonomous Flight

Beyond the EXT Module which is the flagship product that is core to our Sole Source, there are two additional highlights of our offering that makes Paladin unique:

1). **ADS-B Receiver:** Paladin is the only company in the United States that built a separate ADS-B Receiver box to detect manned aircraft within a 20 miles radius of airspace, as part of our integrated solution. This unit is not attached to a drone and does not affect drone performance. This unit is installed on a rooftop and picks up manned aircrafts in real time. This is in part one of the main reasons that the FAA issued Paladin one of the first ADS-B BVLOS waivers in the County. No other DFR companies have their own ADS-B Receiver box, but rather attempt to integrate a third party or use software. With the ADS-B receiver being separate from the drone, this ensures top quality of flight and no added weight to the drone itself, resulting in a potential impact of the flights.

2). **All-in-One Solution:** We are the only DFR company to offer an all inclusive package, manufactured operating system by Paladin, which includes: obtaining a Part 91 COA & FAA waivers, unlimited training, unlimited users, unlimited data storage, and annual battery replacements. Other DFR companies will either help obtain a Part 107 individual pilots license or charge for data / video recording storage fees, pilots.

While there are other drone distributors and providers, Paladin offers a unique offering that differentiates it from having a competitive edge over its competitors, but rather as a Sole Source provider. Paladin also does not consider any claims from vendors which propose "roadmap" items as valid claims to discredit Sole Source agreements.

If there are any additional questions or materials that can be provided, please do not hesitate to let us know.

Sincerely,

Divyaditya Shrivastava, CEO

Re: Sole Source Letter for Axon Enterprise, Inc.'s TASER Conducted Energy Weapons, Axon brand products, and Axon Evidence (Evidence.com) Data Management Solutions

A sole source justification exists because the following goods and services required to satisfy the agency's needs are only manufactured and available for purchase from Axon Enterprise. Axon is also the sole distributor and retailer of all TASER brand products for the agency identified in this letter.

AGENDA ITEM REVIEW FORM

Regular City Council Meeting

7. C.

Meeting Date: 07/08/2026

Department Head: Fernando Corona, Information Technology Manager, Administration, Information Technology

Submitted By: Fernando Corona, Information Technology Manager, Administration, Information Technology

Action Requested: Motion

ITEM:

Discussion and possible action on any and all matters regarding the authorization to purchase the Honeywell Phoenix G2 Fire Station Alerting System through the NPPgov purchasing agreement. **(Fernando Corona, Information Technology Manager)**

SUMMARY:

The Information Technology Division is seeking approval to procure the Phoenix G2 Fire Station Alerting System through the NPPgov purchasing agreement, contract #PS20350, with a total cost of \$477,387.29, including hardware, installation, and a 1-year warranty and support, with the option to renew the warranty and support for subsequent years. This purchase is allowed under procurement code 3.05.090 Cooperative Purchasing.

The overall objective is to replace the legacy Zetron Fire Alerting system, now end-of-life, with the new Phoenix G2 alerting system to improve system reliability, as the current end-of-life parts are no longer supported. Replacement parts are not available for purchase in the event of a critical system failure; it would be difficult or impossible to bring the system back into operation.

Pricing Includes:

Primary Dispatch System \$59,924.90 (Price includes hardware, software, 1 year support with option to renew and applicable taxes)
Station 1 Alerting System \$173,440.54 (Price includes hardware, software, 1 year support with option to renew and applicable taxes)
Station 2 Alerting System \$132,909.43 (Price includes hardware, software, 1 year support with option to renew and applicable taxes)
Station 3 Alerting System \$106,379.15 (Price includes hardware, software, 1 year support with option to renew and applicable taxes)
G2 FSA System Training \$4,733.27 + applicable taxes

Staff recommends approving the Phoenix G2 Fire Alerting System to help our Firefighters and Emergency Medical Services first responders meet required response times and ensure service uptime.

RECOMMENDATION / SUGGESTED MOTION:

I MOVE TO APPROVE THE PURCHASE OF PHOENIX G2 FIRE ALERTING SYSTEM, IN ACCORDANCE WITH THE PRICING AND TERMS PRESENTED IN THE AGENDA MATERIALS.

1.10 “Participating Agencies” shall mean members of National Purchasing Partners for which Vendor has agreed to extend the terms of this Master Price Agreement pursuant to Article 2.6 and Attachment C herein. For purposes of cooperative procurement, “Participating Agency” shall be considered “Purchaser” under the terms of this Agreement.

1.11 “Party” and “Parties” shall mean the Purchaser and Vendor individually and collectively as applicable.

ARTICLE 2 – AGREEMENT TO SELL

2.1 Vendor hereby agrees to sell to Purchaser such Products and Services as Purchaser may order from time to time by Purchase Order, all in accordance with and subject to the terms, covenants and conditions of this Agreement. Purchaser agrees to purchase those Products and Services ordered by Purchaser by Purchase Order in accordance with and subject to the terms, covenants and conditions of this Agreement.

2.2 Vendor may add additional products and services to the contract provided that any additions reasonably fall within the intent of the original RFP specifications. Pricing on additions shall be equivalent to the percentage discount for other similar products. Vendor may provide a web-link with current product listings, which may be updated periodically, as allowed by the terms of the resulting Master Price Agreement. Vendor may replace or add product lines to an existing contract if the line is replacing or supplementing products on contract, is equal or superior to the original products offered, is discounted in a similar or to a greater degree, and if the products meet the requirements of the solicitation. No products may be added to avoid competitive procurement requirements. LOC may reject any additions without cause.

2.3 All Purchase Orders issued by Purchaser to Vendor for Products during the term (as hereinafter defined) of this Agreement are subject to the provisions of this Agreement as though fully set forth in such Purchase Order. The Vendor retains authority to negotiate above and beyond the terms of this Agreement to meet the Purchaser or Vendor contract requirements.

2.4 Notwithstanding any other provision of this Agreement to the contrary, the Lead Contracting Agency shall have no obligation to order or purchase any Products and Services hereunder and the placement of any Purchase Order shall be in the sole discretion of the Participating Agencies. This Agreement is not exclusive. Vendor expressly acknowledges and agrees that Purchaser may purchase at its sole discretion, Products and Services that are identical or similar to the Products and Services described in this Agreement from any third party.

2.5 In case of any conflict or inconsistency between any of the Contract Documents, the documents shall prevail and apply in the following order of priority:

- (i) This Agreement;
- (ii) The RFP;
- (iii) Vendor's Proposal;

2.6 Extension of contract terms to Participating Agencies:

2.6.1 Vendor agrees to extend the same terms, covenants and conditions available to Purchaser under this Agreement to Participating Agencies, that have executed an Intergovernmental Cooperative Purchasing Agreement ("IGA") as may be required by each Participating Agency's local laws and regulations, in accordance with Attachment C. Each Participating Agency will be exclusively responsible for and deal directly with Vendor on matters relating to ordering, delivery, inspection, acceptance, invoicing, and payment for Products and Services in accordance with the terms and conditions of this Agreement as if it were "Purchaser" hereunder. Any disputes between a Participating Agency and Vendor will be resolved directly between them under and in accordance with the laws of the State in which the Participating Agency exists. Pursuant to the IGA, the Lead Contracting Agency shall not incur any liability as a result of the access and utilization of this Agreement by other Participating Agencies.

2.6.2 *This Solicitation meets the public contracting requirements of the Lead Contracting Agency and may not be appropriate under or meet Participating Agencies' procurement laws. Participating Agencies are urged to seek independent review by their legal counsel to ensure compliance with all local, tribal, and state solicitation requirements.*

2.6.3 Vendor acknowledges execution of the Vendor Administration Fee Agreement, Contract Number VA26480, with NPPGov, pursuant to the terms of the RFP.

2.7 Oregon Public Agencies are prohibited from use of Products and Services offered under this Agreement that are already provided by qualified nonprofit agencies for disabled individuals as listed on the Department of Administrative Service's Procurement List ("Procurement List") pursuant to ORS 279.835-.855. See <https://ofp.dasapp.oregon.gov/> for more information. Vendor shall not sell products and services identified on the Procurement List (e.g., reconditioned toner cartridges) to Purchaser or Participating Agencies within the state of Oregon.

ARTICLE 3 – TERM AND TERMINATION

3.1 The initial contract term shall be for four (4) calendar years from the Effective Date of this Agreement ("Initial Term"). Upon termination of the original four (4) year term, this Agreement shall automatically extend for a one (1) year period; ("Renewal Term"); provided, however, that the Lead Contracting Agency and/or the Vendor may opt to decline extension of the MPA by providing notification in writing at least thirty (30) calendar days prior to the annual automatic extension anniversary of the Initial Term.

3.2 Either Vendor or the Lead Contracting Agency may terminate this Agreement by written notice to the other party if the other Party breaches any of its obligations hereunder and fails to remedy the breach within thirty (30) days after receiving written notice of such breach from the non-breaching party.

ARTICLE 4 – PRICING, INVOICES, PAYMENT AND DELIVERY

4.1 Purchaser shall pay Vendor for all Products and Services ordered and delivered in compliance with the terms and conditions of this Agreement at the pricing specified for each such Product and Service on Attachment A, including shipping. Unless Attachment A expressly provides otherwise, the pricing schedule set forth on Attachment A hereto shall remain fixed for the Initial Term of this Agreement; provided that manufacturer pricing is not guaranteed and may be adjusted based on the next manufacturer price increase. Pricing contained in Attachment A shall be extended to all NPPGov, Public Safety GPO, First Responder GPO and Law Enforcement GPO members upon execution of the IGA.

4.2 Vendor shall submit original invoices to Purchaser in form and substance and format reasonably acceptable to Purchaser. All invoices must reference the Purchaser's Purchase Order number, contain an itemization of amounts for Products and Services purchased during the applicable invoice period and any other information reasonably requested by Purchaser, and must otherwise comply with the provisions of this Agreement. Invoices shall be addressed as directed by Purchaser.

4.3 Unless otherwise specified, Purchaser is responsible for any and all applicable sales taxes. Attachment A or Vendor's Proposal (Attachment E) shall specify any and all other taxes and duties of any kind which Purchaser is required to pay with respect to the sale of Products and Services covered by this Agreement and all charges for packing, packaging and loading.

4.4 Except as specifically set forth on Attachments A and G, Purchaser shall not be responsible for any additional costs or expenses of any nature incurred by Vendor in connection with the Products and Services, including without limitation travel expenses, clerical or administrative personnel, long distance telephone charges, etc. ("Incidental Expenses").

4.5 Price reductions or discount increases may be offered at any time during the contract term and shall become effective upon notice of acceptance from Purchaser.

4.6 Notwithstanding any other agreement of the Parties as to the payment of shipping/delivery costs, and subject to Attachments A, E, and G herein, Vendor shall offer delivery and/or shipping costs prepaid FOB Destination. If there are handling fees, these also shall be included in the pricing.

4.7 Unless otherwise directed by Purchaser for expedited orders, Vendor shall utilize such common carrier for the delivery of Products and Services as Vendor may select; provided, however, that for expedited orders Vendor shall obtain delivery services hereunder at rates and terms not less favorable than those paid by Vendor for its own account or for the account of any other similarly situated customer of Vendor.

4.8 Vendor shall have the risk of loss of or damage to any Products until delivery to Purchaser. Purchaser shall have the risk of loss of or damage to the Products after delivery to Purchaser. Title to Products shall not transfer until the Products have been delivered to and accepted by Purchaser at Purchaser's Destination.

ARTICLE 5 – INSURANCE

5.1 During the term of this Agreement, Vendor shall maintain at its own cost and expense (and shall cause any subcontractor to maintain) insurance policies providing insurance of the kind and in the amounts

generally carried by reasonably prudent manufacturers in the industry, with one or more reputable insurance companies licensed to do business in Oregon and any other state or jurisdiction where Products and Services are sold hereunder. Such certificates of insurance shall be made available to the Lead Contracting Agency upon 48 hours' notice. BY SIGNING THE AGREEMENT PAGE THE VENDOR AGREES TO THIS REQUIREMENT AND FAILURE TO MEET THIS REQUIREMENT WILL RESULT IN CANCELLATION OF THIS MASTER PRICE AGREEMENT.

5.2 All insurance required herein shall be maintained in full force and effect until all work or service required to be performed under the terms of this Agreement is satisfactorily completed and formally accepted. Any failure to comply with the claim reporting provisions of the insurance policies or any breach of an insurance policy warranty shall not affect coverage afforded under the insurance policies to protect the Lead Contracting Agency. The insurance policies may provide coverage that contains deductibles or self-insured retentions. Such deductible and/or self-insured retentions shall not be applicable with respect to the coverage provided to the Lead Contracting Agency under such policies. Vendor shall be solely responsible for the deductible and/or self-insured retention and the Lead Contracting Agency, at its option, may require Vendor to secure payment of such deductibles or self-insured retentions by a surety bond or an irrevocable and unconditional letter of credit.

5.3 Vendor shall carry Workers' Compensation insurance to cover obligations imposed by federal and state statutes having jurisdiction over Vendor's employees engaged in the performance of the work or services, as well as Employer's Liability insurance. Vendor waives all rights against the Lead Contracting Agency and its agents, officers, directors and employees for recovery of damages to the extent these damages are covered by the Workers' Compensation and Employer's Liability or commercial umbrella liability insurance obtained by Vendor pursuant to this Agreement.

5.4 Insurance required herein shall not be permitted to expire, be canceled, or materially changed without thirty days (30 days) prior written notice to the Lead Contracting Agency.

5.5 Vendor waives and must require (by endorsement or otherwise) all its insurers to waive subrogation rights against Purchaser and other additional insureds for losses paid under the insurance policies required by this Agreement. The waiver must apply to all deductibles and/or self-insured retentions applicable to the necessary insurance that the Vendor maintains.

ARTICLE 6 – INDEMNIFICATION AND HOLD HARMLESS

6.1 Vendor agrees that it shall indemnify, defend and hold harmless Lead Contracting Agency, its respective officials, directors, employees, members and agents (collectively, the "Indemnitees"), from and against any and all damages, claims, losses, expenses, costs, obligations and liabilities (including, without limitation, reasonable attorney's fees), suffered directly or indirectly by any of the Indemnitees to the extent of, or arising out of, (i) any breach of any covenant, representation or warranty made by Vendor in this Agreement, (ii) any failure by Vendor to perform or fulfill any of its obligations, covenants or agreements set forth in this Agreement, (iii) the negligence or intentional misconduct of Vendor, any subcontractor of Vendor, or any of their respective employees or agents, (iv) any failure of Vendor, its subcontractors, or their respective employees to comply with any Applicable Law, (v) any litigation, proceeding or claim by any third party relating in any way to the obligations of Vendor under this Agreement or Vendor's performance under this Agreement, (vi) any Employee Taxes or Unemployment Insurance, or (vii) any claim alleging that the Products and Services or any part thereof infringe any third party's U.S. patent, copyright, trademark, trade secret or other intellectual property interest. Such obligation to indemnify shall not apply where the damage, claim, loss, expense, cost, obligation or liability is due to the breach of this Agreement by, or negligence or willful misconduct of, Lead Contracting Agency or its officials, directors, employees, agents or contractors. The amount and type of insurance coverage requirements set forth herein will in no way be construed as

limiting the scope of the indemnity in this paragraph. The indemnity obligations of Vendor under this Article shall survive the expiration or termination of this Agreement for two years.

6.2 LIMITATION OF LIABILITY: IN NO EVENT SHALL EITHER PARTY BE LIABLE FOR ANY SPECIAL, INDIRECT, INCIDENTAL, CONSEQUENTIAL OR EXEMPLARY DAMAGES IN CONNECTION WITH OR ARISING OUT OF THIS AGREEMENT, INCLUDING, BUT NOT LIMITED TO, DAMAGES FOR INJURIES TO PERSONS OR TO PROPERTY OR LOSS OF PROFITS OR LOSS OF FUTURE BUSINESS OR REPUTATION, WHETHER BASED ON TORT OR BREACH OF CONTRACT OR OTHER BASIS, EVEN IF IT HAS BEEN ADVISED OF THE POSSIBILITY OF SUCH DAMAGES.

6.3 The same terms, conditions and pricing of this Agreement may be extended to government members of National Purchasing Partners, LLC. In the event the terms of this Agreement are extended to other government members, each government member (procuring party) shall be solely responsible for the ordering of Products and Services under this Agreement. A non-procuring party shall not be liable in any fashion for any violation by a procuring party, and the procuring party shall hold non-procuring parties or unrelated purchasing parties harmless from any liability that may arise from action or inaction of the procuring party.

ARTICLE 7 – WARRANTIES

Purchaser shall refer to Vendor's Proposal for all Vendor and manufacturer express warranties, as well as those warranties provided under Attachment B herein.

ARTICLE 8 - INSPECTION AND REJECTION

8.1 Purchaser shall have the right to inspect and test Products at any time prior to shipment, and within a reasonable time after delivery to the Purchaser's Destination. Products not inspected within a reasonable time after delivery shall be deemed accepted by Purchaser. The payment for Products shall in no way impair the right of Purchaser to reject nonconforming Products, or to avail itself of any other remedies to which it may be entitled.

8.2 If any of the Products are found at any time to be defective in material or workmanship, damaged, or otherwise not in conformity with the requirements of this Agreement or any applicable Purchase Order, as its exclusive remedy, Purchaser may at its option and at Vendor's sole cost and expense, elect either to (i) return any damaged, non-conforming or defective Products to Vendor for correction or replacement, or (ii) require Vendor to inspect the Products and remove or replace damaged, non-conforming or defective Products with conforming Products. If Purchaser elects option (ii) in the preceding sentence and Vendor fails promptly to make the necessary inspection, removal and replacement, Purchaser, at its option, may inspect the Products and Vendor shall bear the cost thereof. Payment by Purchaser of any invoice shall not constitute acceptance of the Products covered by such invoice, and acceptance by Purchaser shall not relieve Vendor of its warranties or other obligations under this Agreement.

8.3 The provisions of this Article shall survive the expiration or termination of this Agreement.

ARTICLE 9 – SUBSTITUTIONS

Except as otherwise permitted hereunder, Vendor may not make any substitutions of Products, or any portion thereof, of any kind without the prior written consent of Purchaser.

ARTICLE 10 - COMPLIANCE WITH LAWS

10.1 Vendor agrees to comply with all Applicable Laws and at Vendor's expense, secure and maintain in full force during the term of this Agreement, all licenses, permits, approvals, authorizations, registrations and certificates, if any, required by Applicable Laws in connection with the performance of its obligations hereunder. At Purchaser's request, Vendor shall provide to Purchaser copies of any or all such licenses, permits, approvals, authorizations, registrations and certificates.

10.2 Purchaser has taken all required governmental action to authorize its execution of this Agreement and there is no governmental or legal impediment against Purchaser's execution of this Agreement or performance of its obligations hereunder.

10.3 When a Participating Agency procures Products and Services under this Agreement using United States federal funds, including but not limited to federal grants or FEMA funding, the procurement shall be subject to the terms and conditions set forth in Attachment D – Requirements for Procurements Utilizing Federal Funds and Grants, which is incorporated herein by reference. The Vendor shall comply with all applicable federal laws, regulations, and requirements outlined in Attachment D, including but not limited to those specified in 2 C.F.R. § 200, as amended, and any additional stipulations based on the source of funding. All references to "federal" in this section and Attachment D pertain exclusively to the United States federal government.

10.4 When a Participating Agency accesses Vendor's Products and Services with United States federal funds, Vendor shall comply with the provisions set forth in Attachment D – Provisions for Non-United States Federal Entity Procurements Under United States Federal Awards or Other Awards, which is incorporated herein by reference.

ARTICLE 11 – PUBLICITY / CONFIDENTIALITY

11.1 No news releases, public announcements, advertising materials, or confirmation of same, concerning any part of this Agreement or any Purchase Order issued hereunder shall be issued or made without the prior written approval of the Parties. Neither Party shall in any advertising, sales materials or in any other way use any of the names or logos of the other Party without the prior written approval of the other Party.

11.2 Any knowledge or information which Vendor or any of its affiliates shall have disclosed or may hereafter disclose to Purchaser, and which in any way relates to the Products and Services covered by this Agreement shall not, unless otherwise designated by Vendor, be deemed to be confidential or proprietary information, and shall be acquired by Purchaser, free from any restrictions, as part of the consideration for this Agreement.

ARTICLE 12 - RIGHT TO AUDIT

Subject to Vendor's reasonable security and confidentiality procedures, Purchaser, or any third party retained by Purchaser, may at any time upon prior reasonable notice to Vendor, during normal business hours, audit the books, records and accounts of Vendor to the extent that such books, records and accounts pertain to sale of any Products and Services hereunder or otherwise relate to the performance of this Agreement by Vendor. Vendor shall maintain all such books, records and accounts for a period of at least three (3) years after the date of expiration or termination of this Agreement. The Purchaser's right to audit under this Article 12 and Purchaser's rights hereunder shall survive the expiration or termination of this Agreement for a period of three (3) years after the date of such expiration or termination.

ARTICLE 13 - REMEDIES

Except as otherwise provided herein, any right or remedy of Vendor or Purchaser set forth in this Agreement shall not be exclusive, and, in addition thereto, Vendor and Purchaser shall have all rights and remedies under Applicable Law, including without limitation, equitable relief. The provisions of this Article shall survive the expiration or termination of this Agreement.

ARTICLE 14 - RELATIONSHIP OF PARTIES

Vendor is an independent contractor and is not an agent, servant, employee, legal representative, partner or joint venture of Purchaser. Nothing herein shall be deemed or construed as creating a joint venture or partnership between Vendor and Purchaser. Neither Party has the power or authority to bind or commit the other.

ARTICLE 16 - FORCE MAJEURE

Except for Purchaser's obligation to pay for Products and Services delivered, delay in performance or non-performance of any obligation contained herein shall be excused to the extent such failure or non-performance is caused by force majeure. For purposes of this Agreement, "force majeure" shall mean any cause or agency preventing performance of an obligation which is beyond the reasonable control of either Party hereto, including without limitation, fire, flood, sabotage, shipwreck, embargo, strike, explosion, labor trouble, accident, riot, acts of governmental authority (including, without limitation, acts based on laws or regulations now in existence as well as those enacted in the future), acts of nature, and delays or failure in obtaining raw materials, supplies or transportation. A Party affected by force majeure shall promptly provide notice to the other, explaining the nature and expected duration thereof, and shall act diligently to remedy the interruption or delay if it is reasonably capable of being remedied. In the event of a force majeure situation,

deliveries or acceptance of deliveries that have been suspended shall not be required to be made upon the resumption of performance.

ARTICLE 17 - WAIVER

No delay or failure by either Party to exercise any right, remedy or power herein shall impair such Party's right to exercise such right, remedy or power or be construed to be a waiver of any default or an acquiescence therein; and any single or partial exercise of any such right, remedy or power shall not preclude any other or further exercise thereof or the exercise of any other right, remedy or power. No waiver hereunder shall be valid unless set forth in writing executed by the waiving Party and then only to the extent expressly set forth in such writing.

ARTICLE 18 - PARTIES BOUND; ASSIGNMENT

This Agreement shall inure to the benefit of and shall be binding upon the respective successors and assigns of the Parties hereto, but it may not be assigned in whole or in part by Vendor without prior written notice to Purchaser which shall not be unreasonably withheld or delayed.

ARTICLE 19 - SURVIVABILITY/PARTICIPATING AGENCY DISCRETIONARY EXTENSION

Provided the laws of the jurisdiction of the Participating Agency permit survivability of the contract term through a mutually agreed upon extension of the agreement between the Participating Agency and the Vendor beyond the term of the publicly awarded Agreement, to be determined and confirmed by the Participating Agency at its sole discretion, all applicable agreements and warranties that were entered into between Vendor and the Participating Agency under the terms and conditions of the Agreement shall survive the expiration or termination of the Agreement if mutually agreed upon between the Vendor and the Participating Agency. All purchase orders issued and accepted by Vendor shall survive expiration or termination of the Agreement for the term of the purchase order or subscription, unless the Participating Agency terminates the purchase order sooner. However, regardless of the term of the purchase order or subscription, no purchase order shall survive the expiration or termination of the Agreement unless the Participating Agency makes an express finding and justification for the longer term as mutually agreed upon by the Participating Agency and Vendor. The finding and justification must either be included in the purchase order or referenced in the purchase order and maintained in the Participating Agency's procurement record. Contract maintenance and adjustments contemplated after the maturity date of the Lead Public Agency cooperative procurement contract, and prior to the expiration date of the Purchase Order or subscription, shall be individually negotiated directly between the awarded Vendor and the Participating Agency identified in that Purchase Order or subscription. Rights and obligations under this Agreement which by their nature should survive, including, but not limited to, the administrative fee provided in the Vendor Administrative Agreement and any and all payment obligations invoiced prior to the termination or expiration hereof, obligations of confidentiality, and indemnification will remain in effect after termination or expiration hereof.

ARTICLE 20 - SEVERABILITY

To the extent possible, each provision of this Agreement shall be interpreted in such a manner as to be effective and valid under Applicable Law. If any provision of this Agreement is declared invalid or unenforceable, by judicial determination or otherwise, such provision shall not invalidate or render unenforceable the entire Agreement, but rather the entire Agreement shall be construed as if not containing the particular invalid or unenforceable provision or provisions and the rights and obligations of the Parties shall be construed and enforced accordingly.

ARTICLE 21 - INCORPORATION; ENTIRE AGREEMENT

21.1 All the provisions of the Attachments hereto are hereby incorporated herein and made a part of this Agreement. In the event of any apparent conflict between any provision set forth in the main body of this Agreement and any provision set forth in the Attachments, including the RFP and/or Vendor's Proposal, the provisions shall be interpreted, to the extent possible, as if they do not conflict. If such an interpretation is not possible, the provisions set forth in the main body of this Agreement shall control.

21.2 This Agreement (including Attachments and Contract Documents hereto) constitutes the entire Agreement of the Parties relating to the subject matter hereof and supersedes any and all prior written and oral agreements or understandings relating to such subject matter.

ARTICLE 22 - HEADINGS

Headings used in this Agreement are for convenience of reference only and shall in no way be used to construe or limit the provisions set forth in this Agreement.

ARTICLE 23 - MODIFICATIONS

This Agreement may be modified or amended only in writing executed by Vendor and the Lead Contracting Agency. The Lead Contracting Agency and each Participating Agency contracting hereunder acknowledge and agree that any agreement entered into in connection with any Purchase Order hereunder shall constitute a modification of this Agreement as between the Vendor and the Participating Agency. Any modification of this Agreement as between Vendor and any Participating Agency shall not be deemed a modification of this Agreement for the benefit of the Lead Contracting Agency or any other Participating Agency.

ARTICLE 24 - GOVERNING LAW

This Agreement shall be governed by and interpreted in accordance with the laws of the State of Oregon or in the case of a Participating Agency's use of this Agreement, the laws of the State in which the Participating Agency exists, without regard to its choice of law provisions.

All products are shipped via Ground unless otherwise specified by the Customer. USDD's Schedule of Shipping Rates is attached below. The attached schedule is subject to change at any time for any increase in shipping charges, fuel surcharges or surcharges for LTL. The Customer is responsible for payment of all shipping costs and all quotes for products will include shipping charges.

All products are shipped FOB DOCK, Freight Pre-Paid unless otherwise specified by the Customer. Title and risk of loss of products passes to the Customer upon shipment of the products from USDD'S warehouse. Notwithstanding, USDD provides shipping insurance for loss or damage during shipping. In the event that the Customer finds evidence of damage incurred during transit, Customer shall notify USDD for resolution. USDD may, at its option and at no additional cost to the Customer either substitute a fully equivalent product or repair the product so that it is no longer damaged.

Installation of dispatch-level components is performed exclusively by USDD personnel. Associated installation costs are outlined in the pricing sheet and vary based on whether installation is completed on-site or remotely. Installation of station-level components must be conducted by installation contractors who have completed USDD's installation training program and have been certified by USDD to provide system installation services. USDD does not perform this installation directly; however, for turnkey projects, USDD may subcontract the work to G2-certified installers. Because third-party contractors provide these services, USDD is unable to offer discounts on installation costs.

Installation costs vary depending on the project's size and complexity, as well as any architectural considerations at the installation site. Typically, USDD provides the customer with a station design indicating the proposed placement of station-level components. After the customer approves these designs, USDD obtains installation quotes based on the approved layouts.

Alternatively, many customers choose to self-install or use a preferred low-voltage contractor to complete the station installation. As the system manufacturer, USDD provides the necessary training to customer personnel or third-party contractors to ensure proper installation of the system. G2 certification familiarizes installers with the unique features of the system. USDD will provide training and supervision for customer or contractor personnel in the installation and configuration of station equipment, which may include classroom instruction, sample installations by USDD personnel, supervised initial installations, and telephone follow-up support. The costs for installation training are included in the pricing sheet.

REQUIREMENTS FOR PROCUREMENTS UTILIZING FEDERAL FUNDS AND GRANTS

Summary of Key Provisions for Participating Agencies Utilizing U.S. Federal Funds

Participating Agencies acquiring goods or services through this contract using United States federal grants or FEMA funding are subject to specific requirements, including those outlined in 2 C.F.R. § 200. Additional stipulations may apply based on the source of funding. For reference, “federal” pertains exclusively to the United States federal government.

The following provisions are applicable solely when a Participating Agency procures Vendor equipment, products, or services with United States federal funds:

A. Equal Employment Opportunity

Contracts classified as “federally assisted construction contracts” under 41 C.F.R. § 60-1.3 must incorporate the Equal Opportunity clause pursuant to 41 C.F.R. § 60-1.4(b), ensuring compliance with Executive Order 11246 (as amended) and relevant Department of Labor regulations. This provision is included by reference.

B. Davis-Bacon Act, as Amended (40 U.S.C. § 3141-3148)

Prime construction contracts exceeding \$2,000 require adherence to the Davis-Bacon Act and related Department of Labor regulations (29 C.F.R. § 5). Contractors must pay at least the prevailing wage determined by the Secretary of Labor, with weekly payments mandated. Each solicitation must feature the current wage determination, and any violations must be reported to the awarding agency. Compliance with the Copeland “Anti-Kickback” Act (40 U.S.C. § 3145; 29 C.F.R. § 3) is also required.

C. Contract Work Hours and Safety Standards Act (40 U.S.C. § 3701-3708)

Contracts exceeding \$100,000 involving mechanics or laborers must comply with 40 U.S.C. §§ 3702 and 3704, and 29 C.F.R. § 5. Wages must reflect a standard 40-hour work week, with overtime compensated at no less than one and a half times the basic rate. Workers must not be subjected to hazardous or unsafe conditions. These rules exclude supply purchases and transportation contracts. The Vendor confirms compliance throughout the contract duration.

D. Rights to Inventions Made Under a Contract or Agreement

If the federal award qualifies as a “funding agreement” per 37 C.F.R. § 401.2(a), recipients contracting with small businesses or nonprofit organizations for research must observe 37 C.F.R. § 401 and associated regulations.

E. Clean Air Act and Federal Water Pollution Control Act

For contracts and subgrants exceeding \$150,000, full compliance with the Clean Air Act (42 U.S.C. § 7401–7671Q) and Federal Water Pollution Control Act (33 U.S.C. § 1251–1387) is mandatory. Any violations should be reported to both the awarding agency and the EPA. Vendors certify their compliance.

F. Debarment and Suspension (Executive Orders 12549 and 12689)

No contract shall be awarded to entities listed in the System for Award Management (SAM) exclusions under 2 C.F.R. § 180 and Executive Orders 12549 and 12689. Vendors confirm they are neither debarred nor excluded by any federal agency.

G. Byrd Anti-Lobbying Amendment (31 U.S.C. § 1352)

Vendors must submit requisite certifications and refrain from utilizing federal funds to influence government officials in relation to contracts, grants, or awards. All lobbying with non-federal funds must be disclosed and communicated across all tiers. Vendors agree to adhere strictly to the Byrd Anti-Lobbying Amendment.

H. Record Retention Requirements

Vendors shall retain records in accordance with 2 C.F.R. § 200.333 for three years beyond final report submission and until all matters have been resolved.

I. Energy Policy and Conservation Act Compliance

Where relevant, Vendors must comply with mandatory energy efficiency standards detailed in the state energy conservation plan under the Energy Policy and Conservation Act.

J. Buy American Provisions Compliance

When applicable, Vendors must comply with the Buy American Act and ensure purchases adhere to procurement rules that require free and open competition.

K. Access to Records (2 C.F.R. § 200.336)

Vendors grant authorized representatives of federal agencies access to pertinent books, documents, papers, and records for audits, examinations, excerpts, and transcriptions, as well as personnel interviews relating to such records.

L. Procurement of Recovered Materials (2 C.F.R. § 200.322)

Non-federal entities that are state agencies or political subdivisions and their contractors must comply with Section 6002 of the Solid Waste Disposal Act, as amended by the Resource Conservation and Recovery Act. This includes procuring items designated in EPA guidelines (40 C.F.R. § 247) containing the highest practical percentage of recovered materials, maximizing energy and resource recovery for solid waste management, and establishing affirmative procurement programs for recovered materials as specified by EPA.

Entities utilizing United States federal grant or FEMA funds for procurement may be subject to further requirements, including those under 2 C.F.R. § 200, with all references to "federal" denoting the United States federal government.

Entities using U.S. federal grant or FEMA funds for procurement may be subject to additional requirements under 2 C.F.R. § 200. All references to "federal" are specific to the United States federal government.

TERMS AND CONDITIONS OF HONEYWELL PRODUCT SALES

These terms and conditions of sale ("Terms and Conditions") are adopted effective January 1, 2023 (the "Terms and Conditions Effective Date"), and supersede all prior versions covering the sale of products and related services (collectively, "Products", as defined more specifically below) by Honeywell International Inc., through its US Digital Designs group ("Honeywell"). References to "Customer", "you", or "your" all pertain to the purchaser of Products. These Terms and Conditions, together with any separate agreement you may have with Honeywell that specifically references these Terms and Conditions (collectively, the "Agreement") set forth the entire agreement between the parties relating to your purchase of Honeywell Products. The Agreement may only be modified by an authorized representative of each party in a signed writing.

1. **ORDERS.** Orders (including any revised and follow-on orders) (each, an "Order") for Honeywell Products are non-cancelable, except as expressly set forth herein, and will be governed by the terms of the Agreement. All Orders are subject to acceptance by Honeywell and shall include the following information: purchase order number; customer's legal name and billing address; Customer's shipping address; and a list of the Products and quantities for each different type of Product Customer wishes to order. Honeywell's acknowledgment of its receipt of an Order shall not constitute acceptance of such Order.
 - 1.1 **No Returns.** Because of the nature of System and its Products, Honeywell cannot accept returns of Product for refund, credit, exchange or any other purpose. Notwithstanding, defective Products may be returned as provided for under Section 9.4 – Return Material Authorization Process. Customer must thoroughly assess its requirements and specifications prior to ordering.
2. **REMITTANCES.** All invoices shall be due and payable upon receipt in United States currency, free of exchange or any other charges, or as otherwise agreed in writing by Honeywell.
3. **QUOTE PRICING.** This proposal expires 90 days after its date. Prices are subject to correction for error. Prices, terms, conditions, and Product or Service specifications are subject to change without notice. Pricing is subject to immediate change upon announcement of Product discontinuance.
4. **PAYMENT.**
 - 4.1 **Invoicing & Payment.** Honeywell reserves the right to invoice Customer monthly for all materials delivered. Invoices are due thirty (30) days from the date of the invoice, unless prepayment is required in the quote. If the Customer becomes overdue in any progress payment, Honeywell shall be entitled to suspend further shipments, shall be entitled to interest at the annual rate of 18%, or the maximum amount allowed by law, and shall also be entitled to avail itself of any other legal or equitable remedies. Customer agrees that it will pay and/or reimburse Honeywell for any and all reasonable attorneys' fees and costs which are incurred by Honeywell in the collection of amounts due and payable hereunder.
 - 4.2 **Payment Disputes.** Any disputes must be provided to Honeywell as soon as possible and must be accompanied by detailed supporting information. Disputes as to invoices are deemed waived fifteen (15) days following the invoice date. In the event that any portion of an invoice is undisputed, such undisputed amount must be paid by no later than the invoice due date.
 - 4.3 **No Set Off.** Neither Customer nor any related entities (or representatives or agents thereof) shall attempt to set off or recoup any invoiced amounts or any portion thereof against other amounts that are due or may become due from Honeywell, its parent, affiliates, subsidiaries or other legal entities, business divisions, or units.
 - 4.4 **Credit Card Payments.** All Honeywell quotes are developed for the Customer with the understanding that any purchase of the Products listed thereon will be facilitated using Honeywell's standard Purchase Order and Invoice process. If Customer would rather seek to use a Credit Card for purchase, then said order would be subject to a 4% credit card surcharge.
5. **SURCHARGES.**
 - 5.1 For avoidance of doubt, Orders placed prior to the Terms and Conditions Effective Date which have not been delivered, including those on backlog or which requested delivery more than twelve (12) months from the date of Order, are subject to Surcharges.
 - 5.2 Honeywell will invoice Customer, and Buyer agrees to pay for any Surcharges pursuant to the standard payment terms in these Terms and Conditions. If a dispute arises with respect to Surcharges and that dispute remains open for more than fifteen (15) days, Honeywell may, in its sole discretion, withhold performance or future shipments, or combine any other rights and remedies under this Agreement or permitted by law, until the dispute is resolved. The terms of this Section shall prevail in the event of inconsistency with any other terms in these Terms and Conditions. Any Surcharges, as well as the timing, effectiveness, and method of determination thereof, will be separate from and in addition to any changes to pricing that are affected by any other provisions in these Terms and Conditions.
6. **CANCELLATION AND SUSPENSION.** Any Order resulting from this proposal is subject to cancellation or instructions to suspend work by the Customer only upon agreement to pay Honeywell for all work in progress, all inventoried or ordered project parts and materials, and all other costs incurred by Honeywell related to the Order.
7. **TAXES.** Honeywell's pricing excludes all taxes (including but not limited to sales, use, excise, value-added, and other similar taxes), tariffs and duties (including, but not limited to, amounts imposed upon the Product(s) or bill of material thereof under any Trade Act, including, but not limited to, the Trade Expansion Act, section 232 and the Trade Act of 1974, section 301) and charges (collectively "Taxes"). All Taxes of any kind levied by any federal, state, municipal or other governmental authority, which tax Honeywell is required to collect or pay with respect to the production, sale, or delivery of products sold to Customer, shall be the responsibility of and be invoiced to Customer, unless, at the time of Order placement, Customer furnishes Honeywell with a valid exemption certificate or other documentation sufficient to verify exemption from Taxes, including, but not limited to, a direct pay permit. Customer agrees to pay all such Taxes and further agrees to reimburse Honeywell for any such payments made by Honeywell.
8. **SHIPPING/DELIVERY/RISK OF LOSS.**

8.1. Delivery Liability. Delivery and shipment dates for Products are estimates only. Deliveries may be made in partial shipments. Honeywell and its affiliated entities are not liable, either directly or indirectly, for delays of carriers or delays in connection with any Force Majeure Event (as defined in Section 17 below), and the estimated delivery date shall be extended accordingly.

8.1.1. Inspection upon Receipt. The Customer must inspect all shipments upon receipt. Any claims for damage, loss, or shortages must be submitted within 10 calendar days of receipt. Honeywell will not be responsible for claims made after this 10-day period.

8.2. Future Delivery and Repricing. Honeywell will schedule delivery in accordance with its standard lead times unless the Order states a later delivery date or the parties otherwise agree in writing. Honeywell will accept Orders with a future ship date of up to eighteen (18) months from the date of the entry of the Order. Customer agrees that in the event an Order is scheduled to be delivered more than six (6) months from the date of the entry of the Order, Honeywell may, in its sole determination and at each six (6) month anniversary of the date of the entry of the Order, adjust the pricing of the Order to conform to the then-current prices of the Honeywell Products included in the Order. Honeywell will include any repricing in its final invoice related to the Order.

8.3. Storage Fees. If delivery takes place more than six (6) months from the date of the entry of the Order, Customer agrees to pay Honeywell a storage fee (the "Storage Fee"), as set forth in the quote, for each month after six (6) months from the date of the entry of the Order. Customer has not taken delivery of the Products in the Order. Honeywell will separately invoice any storage fees owed under this Section at the end of each month for which the storage fees are owed.

8.4. Title & Risk of Loss. Unless otherwise specifically detailed in this quote, delivery terms for Products (excluding software and services) are (i) EX Works (EXW Incoterms 2020) Honeywell's point of shipment ("Honeywell Dock") for all shipments (except that Honeywell is responsible for obtaining any export license), and (ii) F.O.B. Honeywell Dock for all domestic shipments. For shipments from a Honeywell Dock to a Buyer location within the same country, the import/export provisions of the INCOTERMS do not apply. Honeywell shall be responsible for obtaining insurance on each shipment to Customer for the full value of the shipment. Shipment shall be to a single point of delivery.

9. LIMITED WARRANTY. CUSTOMER'S EXCLUSIVE REMEDIES AND HONEYWELL'S SOLE LIABILITY AS TO ANY WARRANTY CLAIM ON ANY PRODUCT SOLD IN CONNECTION WITH THIS QUOTE IS AS SET FORTH IN THIS SECTION. SUCH REMEDIES ARE IN LIEU OF ANY OTHER LIABILITY OR OBLIGATION OF HONEYWELL, INCLUDING WITHOUT LIMITATION ANY LIABILITY OR OBLIGATION FOR DAMAGE, LOSS, OR INJURY (WHETHER DIRECT, INDIRECT, EXEMPLARY, SPECIAL, CONSEQUENTIAL, PUNITIVE OR INCIDENTAL) ARISING OUT OF OR IN CONNECTION WITH THE DELIVERY, USE, OR PERFORMANCE OF THE PRODUCTS. CREDIT, REPAIR OR REPLACEMENT (AT HONEYWELL'S OPTION) IS THE SOLE REMEDY PROVIDED HEREUNDER. NO EXTENSION OF THIS WARRANTY WILL BE BINDING UPON HONEYWELL UNLESS SET FORTH IN WRITING AND SIGNED BY A HONEYWELL AUTHORIZED REPRESENTATIVE.

9.1 Product Warranty Terms

9.1.1. If Customer is purchasing a new System, i.e., the initial System for Customer, or for a new Dispatch System or Station System, subject to the terms, conditions and limitations contained herein, and unless Honeywell has otherwise provided an alternative written warranty (in which case the terms of such warranty will control), Honeywell warrants and guarantees its products will be free from defects in workmanship and materials (collectively, "Defects") for 12 months from Customer's "Commissioning Date" ("Warranty Period"). This limited warranty does not cover defects caused by normal wear and tear or maintenance. For purposes of subparagraph, "Commissioning Date" shall mean the date on which an authorized Honeywell technician has inspected and approved installations, confirmed that all connections and start-up configurations are properly working, and confirming the System can send and receive alerts through the configured communication pathways.

9.1.2. If Customer is purchasing Products or services to add to or as replacement Products for an existing System, subject to the terms, conditions and limitations contained herein, and unless Honeywell has otherwise provided an alternative written warranty (in which case the terms of such warranty will control), Honeywell warrants and guarantees its products for 12 months from the day of shipment to Customer ("Warranty Period"). This limited warranty does not cover defects caused by normal wear and tear or maintenance.

9.2. Product Defects. If a Defect with a Product arises and a valid claim is made within the Warranty Period, Customer shall initiate the RMA process as described below. Upon approval, Honeywell at its option, will either (1) repair the Product defect at no charge, using new parts or parts equivalent to new in performance and reliability or (2) exchange the Product with a Product that is new or equivalent to new in performance and reliability and is at least functionally equivalent to the original Product. Any replacement Product or part, including a user-installable part that has been installed in accordance with instructions provided by Honeywell, shall remain under warranty during the Warranty Period or for ninety (90) days from the date of repair, whichever is longer. When a Product or part is exchanged, any replacement item becomes the Customer's property and the replaced item becomes the property of Honeywell. Parts provided by Honeywell in fulfillment of its warranty obligation must be used in the same Honeywell Fire Station Alerting System for which the warranty claim is made.

9.3. Procedure for Warranty Claims.

9.3.1. Prior to making a Warranty claim, Customer is encouraged to review Honeywell's online help resources. Thereafter, to make a valid claim hereunder, Customer must contact Honeywell technical support and describe the problem or defect with specificity. The first such contact must occur during the Warranty Period. Honeywell's technical support contact information can be found on Honeywell's web site at <https://buildings.honeywell.com/us/en/brands/our-brands/usdd>. Customer must use its best efforts to assist in diagnosing defects, follow Honeywell's technical instructions, and fully cooperate in the diagnostic process. Failure to do so shall relieve Honeywell of any further obligation hereunder.

9.3.2. If a defect with the Hardware arises and Customer makes a valid Support Service Request within the Warranty Period, Customer shall initiate the RMA process as described below. Upon approval, Honeywell will cause shipment of a replacement Hardware component to Customer prior to the defective Hardware component being returned to Honeywell for repair. The replacement Hardware will be new or equivalent to new in performance and reliability and at least functionally equivalent to the original Hardware. When Hardware is exchanged, any replacement item becomes the Customer's property and the replaced item becomes the property of Honeywell. Replaced Hardware provided by Honeywell in fulfillment of the Support Services must be used in the System to which this Agreement applies.

9.4. Return Material Authorization Process. If a Customer makes a claim for an advanced replacement of a Hardware component during the Warranty Period, Customer must initiate an RMA request. As part of this RMA process, the Customer shall provide Honeywell with the Hardware, model, serial number, and a description of the Hardware's failure to initiate the RMA process. Upon Honeywell's issuance of the RMA, Honeywell will send the replacement Hardware, shipped postage paid, ground shipping, to the address provided by Customer. RMA requests approved between 12:00 a.m. and 2:00 p.m. Mountain Standard Time are shipped on the same business day. After 2:00 p.m. Mountain Standard Time, the replacement Hardware will be shipped on the next business day. All RMA requests are processed on the business day on which the request was received, excluding holidays. Included with the shipped package will be return shipment instructions and a pre-paid return shipping label for the Hardware that the Customer is returning. The original Hardware must be returned in the shipping box provided by Honeywell. No goods will be accepted for exchange or return without a pre-approved RMA number, nor will goods which have not been properly packaged in Honeywell's shipping box, as proper packaging ensures that goods are not damaged during the shipping process. The original Hardware must be shipped back within 10 days of receiving the replacement Hardware. Failure to return the original Hardware or failure to return the original Hardware in an appropriate manner will cause Customer to incur a replacement charge equal to full market value of the replacement Hardware.

9.5. No Fault Found. Customer understands that this fee is intended to discourage return of Products prior to proper troubleshooting or return because the product is "old." Product returns will not be allowed if, upon examination of the returned Product, it is determined that the Product was subjected to accident, misuse, neglect, alteration, improper installation, unauthorized repair, improper testing, or poor packaging upon return. In such event, Honeywell shall invoice Customer for the full market value of the replacement Product.

9.6. WARRANTY EXCLUSIONS & DISCLAIMERS.

9.6.1. Honeywell does not warrant that the operation of its Products or any related peripherals will be uninterrupted or error-free. Honeywell further does not warrant nor support any system configuration that deviates from this specific quote's documented station system design file number.

9.6.2. Honeywell does not warrant or support any system not installed by G2 Trained & Certified Installation technician (installer). If Customer intends to tie this system into any 3rd-party system or devices, Honeywell will be unable to warrant or support the Products unless Honeywell has had a chance to review documented engineering assumptions and approve system integrity, performance, and reliability expectations

9.6.3. Honeywell is not responsible for damage arising from Customer's failure to follow instructions relating to the use of the Products. This Warranty does not apply to any Products, including the hardware or software, not used for its intended purpose.

9.6.4. Honeywell cannot warrant nor support any system not using Honeywell-approved Uninterruptable Power Supply Battery Backup. This Warranty does not apply to monitors or televisions manufactured by third parties. Repair or replacement of such components shall be subject exclusively to the manufacturer's warranty, if any. Recovery and reinstallation of hardware and user data (including passwords) are not covered under this Warranty.

9.6.5. This Warranty does not apply: (a) to consumable parts, such as batteries, unless damage has occurred due to a defect in materials or workmanship; (b) to cosmetic damage, including but not limited to scratches, dents and broken plastic on ports; (c) to damage caused by use with non-Honeywell products; (d) to damage caused by accident, abuse, misuse, flood, lightning, fire, earthquake or other external causes; (e) to damage caused by operating the Product outside the permitted or intended uses described by Honeywell; (f) to damage or failure caused by installation or service (including upgrades and expansions) performed by anyone who is not a representative of Honeywell or a Honeywell authorized installer or service provider; (g) to a Product or part that has been modified to alter functionality or capability without the written permission of Honeywell; (h) to Software (as defined below); (i) to any other damage caused by an event or action outside of Honeywell's control, including, without limitation, Customer's failure to apply required or recommended updates or patches to any Software or Product; or (h) if any serial number has been removed or defaced.

10. LIMITATIONS OF LIABILITY. TO THE EXTENT PERMITTED BY LAW, THE LIMITED WARRANTY IN SECTION 9 OF THESE TERMS AND CONDITIONS AND ANY OTHER REMEDIES SET FORTH ABOVE ARE EXCLUSIVE AND IN LIEU OF ALL OTHER WARRANTIES, REMEDIES AND CONDITIONS, WHETHER ORAL OR WRITTEN, STATUTORY, EXPRESS OR IMPLIED. AS PERMITTED BY APPLICABLE LAW, HONEYWELL SPECIFICALLY DISCLAIMS ANY AND ALL STATUTORY OR IMPLIED WARRANTIES, INCLUDING, WITHOUT LIMITATION, WARRANTIES OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE AND WARRANTIES AGAINST HIDDEN OR LATENT DEFECTS. If Honeywell cannot lawfully disclaim statutory or implied warranties, then to the extent permitted by law, all such warranties shall be limited in duration to the duration of this express Warranty and to repair or replacement service as determined by Honeywell in its sole discretion. No reseller, agent, or employee is authorized to make any modification, extension, or addition to this Warranty. If any term is held to be illegal or unenforceable, the legality or enforceability of the remaining terms shall not be affected or impaired.

EXCEPT AS PROVIDED IN THE LIMITED WARRANTY IN SECTION 9 OF THESE TERMS AND CONDITIONS, AND TO THE EXTENT PERMITTED BY LAW, HONEYWELL IS NOT RESPONSIBLE FOR INDIRECT, SPECIAL, INCIDENTAL, PUNITIVE, OR CONSEQUENTIAL DAMAGES RESULTING FROM ANY BREACH OF WARRANTY OR CONDITION, OR UNDER ANY OTHER LEGAL THEORY, INCLUDING BUT NOT LIMITED TO LOSS OF USE; LOSS OF REVENUE; LOSS OF THE USE OF MONEY; LOSS OF ANTICIPATED SAVINGS; LOSS OF GOODWILL; LOSS OF REPUTATION; AND LOSS OF, DAMAGE TO OR CORRUPTION OF DATA. HONEYWELL IS NOT RESPONSIBLE FOR ANY INDIRECT LOSS OR DAMAGE HOWSOEVER CAUSED, INCLUDING THE REPLACEMENT OF EQUIPMENT AND PROPERTY, ANY COSTS OF RECOVERING PROGRAMMING OR REPRODUCING ANY PROGRAM OR DATA STORED OR USED WITH HONEYWELL PRODUCTS, AND ANY FAILURE TO MAINTAIN THE CONFIDENTIALITY OF DATA STORED ON THE PRODUCT.

ALL PRODUCT CLAIMS ARE LIMITED TO THOSE EXCLUSIVE REMEDIES SET FORTH IN THE LIMITED WARRANTY IN SECTION 9 OF THESE TERMS AND CONDITIONS. HONEYWELL'S AGGREGATE LIABILITY IN CONNECTION WITH THEREWITH SHALL NOT EXCEED THE PURCHASE PRICE OF THE PRODUCTS PAID BY CUSTOMER TO HONEYWELL FOR THE PRODUCTS GIVING RISE TO THE CLAIM. Honeywell disclaims any representation that it will be able to repair any Hardware under this Warranty or make a product exchange without risk to or loss of the programs or data stored thereon.

11. **SERVICE AGREEMENT.** The Product being purchased hereunder is not subject to any post-Warranty service agreement or maintenance program unless specifically contracted for between Honeywell and Customer. Honeywell offers a comprehensive post-Warranty Service Agreement at additional cost. Customer should contact Honeywell regarding its Service Agreement and costs associated therewith.
12. **SOFTWARE PRODUCTS.** All software Products delivered by Honeywell to Customer or for which Honeywell provides access, including, without limitation, Honeywell's mobile application software and Products with embedded software or firmware (collectively, "Software") are not sold and are licensed. At all times that Customer is in compliance with the terms of these Terms and Conditions and any other agreement between the parties, Customer shall have a non-exclusive, non-transferable, fully paid license to use the Software, but only in conjunction with the Products provided by Honeywell and Customer's fire station alerting system (the "License"). The terms of such Software License may be set forth in a separate software license agreement or end user license agreement provided by Honeywell with such Software. In no event shall Customer have any right to (or authorize or allow any third party to) distribute, sell, lend, rent, transfer, or convey the Software; grant any sublicense, lease, or other rights in the Software; decompile, disassemble, reverse engineer, or otherwise attempt to reconstruct, identify, or discover any source code, underlying user interface architecture or techniques, or algorithms of the Software by any means; or take any action that would cause the Software or any portion of it to be placed in the public domain. In the event of a conflict between the terms of any Software license terms provided upon download or purchase a purchase and these Terms and Conditions, the relevant Software license terms shall control solely with respect to such Software.
13. **INTELLECTUAL PROPERTY:** Customer hereby agrees and acknowledges that Honeywell owns all rights, title, and interest in and to the Intellectual Property (as defined below). Customer agrees to not remove, obscure, or alter Honeywell's or any third party's copyright notice, trademarks, or other proprietary rights notices affixed to or contained within or accessed in conjunction with or through Honeywell's Product (as defined below). Nothing herein shall be deemed to give, transfer, or convey to Customer any rights in the Intellectual Property other than the License, as set forth above. For purposes of this Section, "Intellectual Property" means any and all rights of Honeywell related to Honeywell's Products existing from time to time under patent law, copyright law, trade secret law, trademark law, unfair competition law, and any and all other proprietary rights, and any and all derivative works, work product, applications, renewals, extensions and restorations thereof, now or hereafter in force and effective worldwide.
14. **FIRST ARRIVING MOBILE APP.** If Customer wishes to use its First Arriving Mobile App ("First Arriving") with the System being acquired from Honeywell, Customer agrees to the following:
 - 14.1 Customer acknowledges that it bears full responsibility for complying with applicable law and regulations, including all privacy requirements, and for providing any required notices and obtaining all required consents in order for Honeywell to transmit alert to First Arriving. Customer also acknowledges that Honeywell bears no responsibility for any service failure by First Arriving, nor is Honeywell responsible for supporting First Arriving's services or platform. Honeywell is offering to transmit alerts that are transmitted through its Honeywell service to First Arriving merely as a courtesy to Customer.
 - 14.2 IN NO EVENT SHALL HONEYWELL BE LIABLE TO CUSTOMER FOR ANY CLAIMS, WHETHER ARISING FROM ANY INDEMNIFICATION OBLIGATION HONEYWELL MAY HAVE OR THAT ARISE FROM A BREACH OF CONTRACT, WARRANTY, TORT (INCLUDING NEGLIGENCE), OPERATION OF LAW, OR OTHERWISE, AND EVEN IF THE PARTY HAS BEEN ADVISED OF THE POSSIBILITY OF THE LIABILITY OR THE LIABILITY IS OTHERWISE FORESEEABLE, FOR ANY LOST PROFITS OR REVENUE, SPECIAL, INCIDENTAL, INDEIRECT, CONSEQUENTIAL, EXEMPLARY, OR PUNITIVE DAMAGES OF ANY KIND (INCLUDING ALL DAMAGES DUE TO BUSINESS INTERRUPTION, LOSS OR CORRUPTION OF DATA, OR LOST USE OF ANY PROPERTY OR CAPITAL) THAT RELATE TO OR ARISE OUT OF HONEYWELL'S TRANSMISSION OF ALERTS TO FIRST ARRIVING. FURTHER HONEYWELL'S AGGREGATE LIABILITY IN CONNECTION WITH ITS TRANSMISSION OF ALERTS TO FIRST ARRIVING WILL BE LIMITED TO THE GREATER OF THE AMOUNT PAID BY CUSTOMER TO HONEYWELL IN ORDER FOR HONEYWELL TO TRANSMIT ALERTS TO FIRST ARRIVING OR \$100.
15. **REMOTE ACCESS TO THE SYSTEM.**
 - 15.1 **Remote Access.** Honeywell requires remote network access to the Customer's Products through Secure Shell (SSH) to perform implementation and support tasks under this Agreement. To enable remote network access, the Customer will provide Honeywell support personnel VPN or similar remote network access to the Products for Honeywell support personnel ("Customer Support") to effectively troubleshoot critical or complex problems and to expedite resolution of such issues. Remote network access is also used to install core software upgrades and customized software. Honeywell will only access Customer's Products with the knowledge and consent of Customer. Honeywell will not access any other systems or data.
 - 15.2. **Alternative to Network Access.** If the Customer elects not to provide remote network access to the Products, then Honeywell may not be able to perform some support functions. Customers that elect not to routinely provide network access may temporarily reinstate this access to allow Honeywell to perform the above services. The following services will not be performed without this access: Product software upgrades; Product software customization; Network troubleshooting assistance including packet capture and network monitoring on Honeywell devices; Detailed log analysis; Bulk updates to certain Product database tables; Troubleshooting that requires low-level system access or large file transfer.
 - 15.3. **Timely Access.** Customers must ensure that remote access is available prior to notifying Honeywell of a support request. In the event that the Customer is unable to provide remote access, Honeywell will not be required to provide support outside those tasks that do not require remote access, and any corresponding resolution response times will not apply.
 - 15.4. **Physical Security Tokens.** Honeywell has multiple software engineers that provide after-hours support and these engineers do not typically take security tokens from the Honeywell office. If the customer requires the use of physical security tokens, this may delay after hours service.
16. **GOVERNING LAW.** This proposal and any contract or agreement resulting therefrom will be governed by and construed according to the laws of the State of Arizona without regard to its conflicts of law principles.

17. **DISPUTE RESOLUTION/ARBITRATION.** Before either Honeywell or Customer initiate any dispute resolution process related to the Agreement, they must schedule an executive resolution conference to be held within thirty (30) days of receipt of the other party's written request. The conference must be attended by at least one executive from each party. At the conference, each party will present its view of the dispute in detail and the executives will enter into good faith negotiations in an attempt to resolve the dispute. If the dispute is not resolved within fifteen (15) days of the end of the conference or if one party refuses to attend the executive resolution conference, then Honeywell and Customer further agree that any remaining dispute between them arising out of or relating to this Agreement will be settled by litigation with jurisdiction being Maricopa County, Arizona.

18. **FORCE MAJEURE.** Except for Customer's duty to pay sums due hereunder, neither party will be liable to the other for any failure to meet its obligations due to any Force Majeure Event. As used herein, a "Force Majeure Event" is one that is beyond the reasonable control of the non-performing party and may include, but is not limited to: (a) delays or refusals to grant an export license or the suspension or revocation thereof, (b) embargoes, blockages, seizure or freeze of assets, or any other acts of any government that would limit a party's ability to perform the Contract, (c) fires, earthquakes, floods, tropical storms, hurricanes, tornadoes, severe weather conditions, or any other acts of God, (d) quarantines, pandemics, or regional medical crises, (e) labor strikes, lockouts, or pandemic worker shortages, (f) riots, strife, insurrection, civil disobedience, landowner disturbances, armed conflict, terrorism or war, declared or not (or impending threat of any of the foregoing, if such threat might reasonably be expected to cause injury to people or property), and (g) shortages or inability to obtain materials or components. The party unable to fulfill its obligations due to Force Majeure will promptly (i) Notify the other in writing of the reasons for its failure to fulfill its obligations and the effect of such failure; and (ii) Use all reasonable efforts to avoid or remove the cause and perform its obligations.

If a Force Majeure Event results in a delay, then the date of performance will be extended by the period of time that the non-performing party is actually delayed or for any other period as the parties may agree in writing. In the event that a Force Majeure Event is ongoing for a period of time which is sixty (60) days or longer, Honeywell may provide notice to Customer that it is cancelling its Order.

19. **ACCEPTANCE OF TERMS.** This proposal shall become a binding contract between the Customer and Honeywell when accepted in writing by the Customer. Without limiting the foregoing, issuance by Customer of a purchase order to Honeywell for any of the goods or services herein described shall constitute acceptance.

19.1 **CUSTOMER CAUSED DELAYS.** If the Products and/or Services purchased by Customer hereunder are part of a new system or station implementation project (the "Project"), Honeywell and Customer shall mutually develop a project schedule or timetable ("Project Schedule"). Each party shall use commercially reasonable efforts to perform its obligations in accordance with the Project Schedule, subject to adjustments for reasonable changes or unforeseen events.

Honeywell shall not be liable for any delay, increased cost, or failure to perform to the extent caused by: (i) delays in obtaining parts, materials, equipment, services, or software from any Customer designated supplier; (ii) Customer's failure to timely provide required information, approvals, access, or resources; or (iii) any other act, omission, or circumstance caused by or within the reasonable control of Customer (each, a "Customer Caused Delay").

If a Customer Caused Delay occurs, Honeywell shall be entitled to equitable adjustments to the price, delivery dates, milestones, and any other affected terms to account for increased costs, delays, or other adverse impacts incurred by Honeywell. Such adjustments may include, without limitation: (a) increases in material or component costs required to complete the Project; (b) costs associated with buy out or long lead items, including additional costs due to currency exchange rate fluctuations; (c) increases in labor, mobilization, or installation costs; and (d) costs associated with pre building, warehousing, storage, handling, insurance, or preservation of equipment, at Honeywell's discretion.

If performance of the Project is delayed for a cumulative period exceeding six (6) months beyond the scheduled Project completion date due to Customer Caused Delays, Honeywell may, upon written notice to Customer, (i) suspend performance of the affected Products and/or Services until such delays are remedied, (ii) invoice Customer for reasonable costs incurred as a result of the suspension, and/or (iii) require renegotiation of pricing, schedule, and other affected terms as a condition to resuming performance.

Further, if either (a) the Project is not completed within six (6) months of the scheduled Project completion date due to Customer Caused Delays, or (b) Honeywell and Customer have not mutually agreed upon the required adjustments to price, delivery dates, and other affected terms within sixty (60) days following the expiration or continuation of such delays, Honeywell may, upon written notice, terminate or cancel any affected outstanding Customer Orders, in whole or in part, without liability. Such termination shall be without prejudice to Honeywell's right to recover amounts due for Products delivered, Services performed, and any reasonable costs incurred as a result of the Customer Caused Delay, including demobilization, storage, and restart costs.

20. **SEVERABILITY.** In the event any provision or portion of a provision herein is determined to be illegal, invalid, or unenforceable, the validity and enforceability of the remaining provisions shall not be affected and, in lieu of such provision, a provision as similar in terms as may be legal, valid, and enforceable shall be added hereto

21. **WAIVER.** The failure of either party to insist upon strict performance of any provision of these Terms and Conditions, or to exercise any right provided for herein, shall not be deemed to be a waiver for the future of such provision or right, and no waiver of any provision or right shall affect the right of the waiving party to enforce any provision or right herein.

AGENDA ITEM REVIEW FORM

Regular City Council Meeting

7. E.

Meeting Date: 07/08/2026

Department Head: Eulogio Vera, Director of Public Works, Public Works Department

Submitted By: Jorge Perez, Assistant Director of Public Works, Public Works Department

Action Requested: Motion

ITEM:

Discussion and possible action on any and all matters regarding the ratification of budget transfer within the Wastewater Division to fund the East Wastewater Treatment Plant CMU Wall Construction Project. **(Jorge Perez, Assistant Director of Public Works)**

SUMMARY:

Earlier this year, the Department of Public Works requested and received authorization from the City Administration to substitute the High School Lift Station Generator Project with the East Wastewater Treatment Plant CMU Wall Construction Project. This change was necessary because, although the generator project had been fully designed, electrical equipment suppliers advised the City that the generator had an extended lead time and could not be delivered before the end of Fiscal Year 2026. Since both projects had comparable budget estimates, Public Works requested authorization to proceed with the CMU wall project, with the understanding that the project would require a formal budget transfer and subsequent City Council approval.

The original construction budget for the CMU wall project was estimated at \$80,000. Public Works advertised the project for competitive bids with the goal of completing the work within the available budget. During the first solicitation, three bids were received, with the lowest responsive bid totaling \$118,800.00, significantly exceeding the available funding. As a result, all bids were rejected, and the project was rebid. The second solicitation resulted in a single bid of \$118,800.00 from the same contractor that had submitted the lowest bid during the initial solicitation.

Given the lack of competitive pricing and the bids exceeding the project budget, Public Works evaluated alternative procurement options and determined that substantial savings could be achieved by separately procuring construction materials and labor. The Department subsequently obtained competitive quotations from multiple suppliers for the materials, including concrete masonry units (CMU), reinforcing steel, grout, and cement, as well as separate quotations from qualified contractors to perform the labor. This procurement approach complied with the City's purchasing requirements while significantly reducing the overall project cost.

To avoid further delays and maintain the project schedule, Public Works processed an initial budget transfer of \$49,000.00 under the Department's administrative authority to procure the required construction materials. Once labor quotations were received, the total project cost exceeded the Department's budget transfer authority, requiring City Council approval to ratify the full budget transfer.

Although the Department expedited both bidding processes, a typical procurement cycle can take between two and ten weeks. Conducting two separate bid solicitations, followed by the decision to separately procure materials and labor, significantly impacted the project schedule and left insufficient

time to obtain City Council approval before the close of Fiscal Year 2026. To avoid delaying the project, Public Works coordinated with the Finance Department to process the necessary requisitions and obtained authorization from the City Administration to proceed with the purchases, subject to subsequent City Council ratification.

By utilizing separate procurements for materials and labor, the Department reduced the total project cost to approximately \$65,000, representing a savings of more than \$53,000.00 when compared to the lowest bid received through the formal bidding process.

For these reasons, the Department of Public Works respectfully requests that the City Council ratify the budget transfer in the amount of \$65,000.00, as outlined in the Fiscal Impact section of this agenda item.

ITEM:

Discussion and possible action on any and all matters regarding the approval of Contract Change Order No. 2-A on the Well Site #3 Water Storage Tank Rehabilitation Project. **(Jorge Perez, Assistant Director of Public Works)**

SUMMARY:

The City of San Luis contracted with Pittsburg Tank and Tower in May 2026 to rehabilitate the water storage tank and associated appurtenances at Well Site #3. During the design and project scoping phase, the City's design engineer, Kimley-Horn, anticipated replacing approximately one-third of the roof rafters based on the findings of the previously completed condition assessment. However, once demolition began, Pittsburg Tank and Tower determined that the majority of the roof rafters had deteriorated beyond expectations. The contractor also identified significant deterioration of the rim angle that supports the roof rafters, as well as the upper six to eight inches of the tank shell where the new rim angle is attached.

In June 2026, staff approved Change Order No. 1 to address the replacement of the additional roof rafters and rim angle. The change order, in the amount of \$18,042.05, was funded using the project's approved contingency, leaving a remaining contingency balance of \$40,143.95.

As demolition progressed, Pittsburg Tank and Tower determined that the deteriorated upper section of the tank shell must also be removed and replaced to provide adequate structural support for the new rim angle. Because the existing roof plates must be removed to complete this work, the contractor has recommended replacing the roof plates in their entirety as the most practical and cost-effective solution. The revised scope of work includes replacing the upper six to eight inches of the tank shell, installing the new rim angle and roof rafters, and constructing a new roof using new roof plates. In addition, staff is taking this opportunity to incorporate the City's logo on one side of the water storage tank, consistent with other city-owned water storage facilities.

The total cost of Change Order No. 2-A is \$116,250.00. After applying the remaining project contingency of \$40,143.95, the additional amount requiring Council approval is \$76,106.05, bringing the total project cost to \$716,152.05.

Staff recommends approval of Change Order No. 2-A in the amount of \$116,250.00 for the reasons presented.

ITEM:

Discussion and possible action on any and all matters regarding Resolution No. 2408. A Resolution of the Mayor and City Council of the City of San Luis, Arizona, approving an Intergovernmental Agreement (IGA) between the City of San Luis, Arizona, and Yuma County for the purpose of providing mandatory weekend and holiday court services for the San Luis Municipal Court. **(Amanda Mahon Watlington, Magistrate)**

SUMMARY:

The City of San Luis and Yuma County maintain an Intergovernmental Agreement (IGA) ensuring weekend and holiday coverage for the San Luis Municipal Court. Pursuant to Rule 4.1 of the Arizona Rules of Criminal Procedure, an arrested individual must appear before a magistrate within 24 hours of arrest. To ensure continuous compliance with this constitutional requirement, Yuma County provides the judicial officers, personnel, and resources necessary to conduct these weekend and holiday hearings for all participating local jurisdictions.

The City of San Luis has participated in this IGA for several years, reimbursing Yuma County based upon the caseload percentage calculated each fiscal year. To avoid any lapse in critical judicial coverage and to meet Yuma County's requested timeline, the Court respectfully requests that the City Council formally ratify the attached resolution approving the renewed IGA for the 2026–2027 fiscal year.

It shall automatically be renewed and extended for up to four (4) successive one (1) year terms, beginning on July 1, 2026, as indicated in the attached IGA.
