Thank you for the purchase of a *JACKSON CREEK* animal transportation unit. If properly take care of, you will receive years of service from your *JACKSON CREEK* unit. We would like to take this opportunity to make you aware of some of the features of your *JACKSON CREEK* unit.

**MAINTENANCE:**

**Cleaning:** You should always use mild detergents when cleaning your *DIAMOND DELUXE* unit. Never use harsh chemicals or cleaner with abrasives as they can scratch and/or discolor the finish on your unit. If you want to maintain the shine as much as possible we recommend that when you first purchase your unit to put a couple coats of a high quality automotive wax on your box. Always use a wax that is made for "clear coat finished". Some of the other waxes have fine abrasives that will leave scratches on the finish when polished. Should you ever decide to polish your box using the wax will make polishing much easier. For polishing we recommend using an aluminum polish made for aluminum wheels. If your unit is a *JACKSON CREEK* stainless steel model, simply wash with detergent to clean. Should your stainless steel model get a stain it can normally be removed using a stainless steel appliance cleaner readily available at any department or hardware store.

**Adjustments:** If your *DIAMOND DELUXE* unit has top storage, the U-Bolts on the lid are adjustable. If your lid gets out of adjustment and does not shut tightly, simply loosen the nuts on the U-Bolt and move the U-Bolt up (towards the lid) slightly. Make minor adjustments, retighten the nuts and try shutting the lid. If the lid still does not shut tightly repeat the procedure until you achieve the desired tightness. We also recommend that you occasionally apply a small amount of grease to the U-Bolt where it strikes the latch. This will help keep the lid latching smoothly. If your doors have T-handles they are also adjustable. On the inside of the door is a Cam that is positioned on the back of the T-handle. This cam rotates inside of the door jamb to hold the door closed. If the door is either loose when latched or if it is hard to close the cam can be adjusted simply by loosening the allen screw on the back side of the cam. To tighten the door, move the cam towards the inside of the door. To loosen the door, move the cam away from the inside of the door. Again, make minor adjustments, retighten the allen screw and try the operation of the latch.

**WARRANTY:**

All *DIAMOND DELUXE* portable animal transportation units have a one (1) year warranty from the date of purchase. All *JACKSON CREEK* trailers and animal control truck units have a two (2) year warranty from the date of purchase. All *JACKSON CREEK* stainless steel animal control truck units have a three (3) year, 36,000 miles warranty from the date of purchase. Jackson Creek Mfg., Inc. will replace or repair any fault in workmanship or faulty component installed on a unit. Repair or replacement must be done at our facility in Denton, NC and it is your responsibility to transport the unit to our facility. Under some circumstances we will have repair work performed at an off site location but this must be pre-approved by our customer service department and at the sole discretion of Jackson Creek Mfg, Inc. Under no circumstances will we repair, replace or warranty any damage due to abuse, abnormal use or any use of a *JACKSON CREEK* product other than what it was designed for. Any of the above will make null and void any warranty made by Jackson Creek Mfg., Inc, verbal, written, implied or otherwise.

**DISCLAIMER:**

Jackson Creek Mfg., Inc. does everything possible to make our product a safe and a pleasant experience for your animal transporting. We do ask you to inspect your unit before using. We do our best to inspect every unit during the building process and again before shipping and we ask you to do the same also. If you have any questions or comments, please let us know. One of the best ways to improve our products is by listening to the suggestions of our customers. Direct questions or comments to the address above.

*Thank You for Your business and God Bless*
