MEMORANDUM

RE: Discussion of Bid Award to Fremont Chevrolet GMC for the Purchase of One (1) Service Truck with Crane in the Amount of $115,595.00 - Fleet Manager Heather Czaplinski

From:

To: City Council

CC:

Date: 09/10/2024

Recommendation:

Staff recommends that the Mayor and City Council approve the purchase of one (1) Service Truck with Crane from Fremont Chevrolet GMC in the amount of $115,595.00 for the Utility Maintenance Division.

Background:

The fleet replacement plan within the Utilities Department identifies the schedule and projected cost for replacing each fleet asset on a prescribed basis. Some of the main criteria which establish an asset's schedule for replacement are utilization, (mechanical hours of use) mileage, age, and maintenance cost. The plan's main goal is to provide City operations with a dependable fleet at the lowest "cost to own" for the City.

The purchase of a service truck was approved in the FY25 budget for the Utility Maintenance Division. Following the Replacement Plan, this new service truck will replace a 2013 Ford F-450 service truck (UM325) with 8,523 miles. The service body on this truck is approximately 22+ years old, also causing the need for replacement. UM325 will be surplused.

A Request for Bids was advertised on October 10, 14, and 18, with a bid opening on October 23. The City of Sheridan received 3 bids:

- **Fremont Chevrolet GMC-Riverton** **$115,595.00**
- Fremont Motors-Sheridan (Ford) $116,736.00
- Fremont Motors-Casper (Ram) $119,224.00

Discussion:

Before going out for Request for Bids, the Fleet Manager reviewed the specifications with the division Superintendent and Supervisor to edit, update, and confirm the specifications needed for operations.
The fleet manager reviewed the bids to confirm they met minimum specifications. The staff follows the same process each time there is a bid opening. The bids were evaluated based on whether the equipment met the minimum bid specifications and on price. In this case, the lowest bid met minimum specifications.

Funding:

The Water Distribution Capital Outlay-Equipment/Machinery/Vehicles Budget for FY25 of $131,000.00, account 50812-7600-0196D will cover the entirety of the purchase of $115,595.00.

MEMORANDUM

RE: Discussion of PL-24-34, Resolution 41-24 Campco Federal Credit Union Electronic Message Center Sign - City Planner Kelly Schroeder

From: Kelly Schroeder, Planning Director

To: City Council

CC:

Date: 10/29/2024

Recommendation:

Staff awaiting a recommendation from the Planning Commission regarding PL-24-34, Resolution 41-24. The applicant, Sign Products, Inc. for Campco Federal Credit Union, requests approval for an Electronic Message Center sign within 300 feet of a single-family residence. Located at 2511 Coffeen Ave. Zoned B-1 Business District.

Background:

Sign Products, Inc. on behalf of Campco Federal Credit Union has submitted an application for an Electronic Message Center sign located at 2511 Coffeen Avenue (PIN 55840211400125). The subject property is zoned B1-Business District and is within 300 feet of a single-family residence. The proposed sign will be located in the northwest corner of the subject property along Coffeen and 3rd Avenue. From this point, two single-family homes are located to the north across 3rd Avenue at approximately 125 feet and 250 feet away. Other signs are proposed for the property, but are not EMCs, and have gone through the standard sign permitting process for approval.

Discussion:

Municipal Code Chapter 3, Article 3-II, Section 3-11.A governing Electronic Message Centers (EMC) stipulates that regardless of the zone district, electronic message centers may not be erected within 300 feet of a single-family residence unless reviewed by Planning Commission and approved by City Council. Subsection (a)(2)(D) of said code states that approval of an EMC sign permit may only be made upon finding that the proposed EMC meets the following criteria. City staff comments regarding the proposed EMC in relation to these requirements are in italics.

i. An EMC, or sign incorporating an EMC, installed on a building or structure shall have framing and decorative elements that are complementary to the facade of the building on which it is installed. An EMC, or sign incorporating an EMC, installed as a freestanding sign shall have a decorative base of masonry or stone.
Per the submitted schematic drawings, the proposed EMC is a freestanding sign and will have a decorative base made of stone.

ii. Any information displayed on the EMC shall be static, and messages displayed shall not change more frequently than once per hour.
To satisfy this requirement, the applicant submitted a signed statement stating that they have read and understand the requirements of EMCs within 300' of a single family residence. Further documentation was provided from the sign manufacturer stating that the sign software is equipped with message controls that allow users to set hold times for messages in order to be in compliance with City Code.

iii. Messages displayed must be monochromatic (a single color, value, and hue) and the background of the EMC must likewise be of a single color, value, or hue.
To satisfy this requirement, the applicant submitted a signed statement stating that they have read and understand the requirements of EMCs within 300' of a single family residence. Further documentation was provided from the sign manufacturer stating that the sign software is equipped with message controls that allow users to set monochromatic color schemes for messages in order to be in compliance with City Code.

iv. The maximum pixel spacing (pixel pitch) shall not exceed 10 mm for a EMC-RBG or 20 mm EMC-Mono.
Per the submitted technical specifications, the pixel pitch of the proposed EMC is 10 mm LED RBG.

v. The minimum legal lot or parcel size for which an EMC, or sign incorporating an EMC, can be installed in a R-0 Rural Residence, R-1 Residence, R-2 Residence, R-3 Residence, R-4 Residence district, or residential use area of a planned unit development, is one acre.
As the subject property is zoned B-1 Business District, this requirement does not apply.

vi. The EMC will conform in all other ways with the provisions of this section and applicable city code.
The proposed EMC meets all other requirements governing signage in commercial districts, including size and location:

- *The allowable height for a free standing sign in a B-1 Business District is 20 feet. The proposed sign is 9 feet, 10.5 inches.*
- *The allowable area for freestanding signs in this district is 50 square feet, however, an additional fifteen percent may be granted if the sign has a masonry pole cover enclosing all supports and brackets, which increases the maximum allowable area to 57.5 square feet. The proposed sign has a masonry base enclosing all supports and is shown to be 55.07 square feet.*
- *The sign is located outside of the visibility triangle, lies completely within the property lines, and is the only sign for the business located along Coffeen Avenue.*

Staff finds that the proposed EMC sign located at 2511 Coffeen Avenue meets all of the requirements for signs located in a B-1 Business district as well as the requirements for EMC signs located within 300 feet of a single-family dwelling. Staff sent notification to 23 nearby property owners regarding the proposed EMC sign and public hearings. No comments have been received to date.

Watchfire Brightness and Message Control Settings:

Watchfire W-Series full-color led signs are designed for a maximum daytime brightness of 7,500 NITs and a maximum nighttime brightness of 750 NITs (10% of daytime brightness). Watchfire signs offers zoning-friendly software to comply with local Wyoming city ordinances. Upon request, the signs controller may be preset to match the brightness, hold time, and transition settings mandated by those codes.

Brightness Controls:

- A physical light-sensing device known as a **photocell** is used to accurately control sign brightness. When present and functioning properly, the physical photocell takes priority over the software photocell and responds to ambient light conditions by brightening or dimming the LEDs to maintain healthy visibility.
- Watchfire LED displays use a software photocell as a backup method of controlling brightness. The software photocell relies on zip code location of the sign to determine a precise geographical location. The sign is appropriately dimmed or brightened based on seasonally adjusted sunrise and sunset times for the set location. The Watchfire display brightness can be customized to adhere to proper foot candle requirements set by the City of Sheridan. *(EMCs may not exceed 0.3 foot candles above ambient light.)*

Message Controls:

- Watchfire electronic signage and software allows users to limit messages displayed to the following standards per the City of Sheridan Ordinances: monochromatic text and one-color background, static messaging/content may not change more than once per hour, static messaging without the use of optical illusions, scintillating images or movement. Watchfire software allows for control of light intensity and transitioning of such slides to be instantaneous and without distracting effects.

Ignite OPx is Zoning Friendly

Watchfire's Ignite OPx is the best cloud-based solution for complying with municipal codes across multiple signs. Our outdoor displays feature built-in settings that can restrict features to meet zoning requirements, such as requiring long hold times, limiting animations, or requiring signs to be turned off at night. If a user has multiple signs in different communities, OPx allows these settings to be configured on each sign individually.

BRIGHTNESS

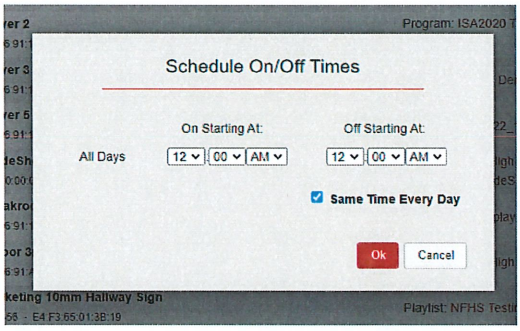

Watchfire's LED signs can place an upper brightness limit for day and night municipal restriction codes. This guarantees brightness codes will be followed, ensuring compliant operation for the life of the sign. For example, if a community has a daytime brightness limit of 7500 NITS, the Watchfire Service department can limit the sign controller so the brightness cannot exceed that limit. Further adjustments by the sign owner to increase the brightness above that limit, whether accidental or intended, are then restricted.

HOLD TIMES & ANIMATIONS

Signs using Ignite OPx can also have a set threshold for minimum hold times and restrict the use of transitions or animations. If a municipal ordinance calls for longer hold times, for example, 1-minute hold times per message with no animations, Watchfire can configure the sign controller to comply. Hold times and animation restrictions can be applied per sign, preventing the accidental use of content that might violate municipal codes.

ON & OFF TIMES

Ignite OPx enables signs to be configured according to municipal ordinances that require LED signs to be turned off at night. Located in the Network tab, any sign can be set to have a start on and off time. OPx users can create and edit an on/ off schedule.

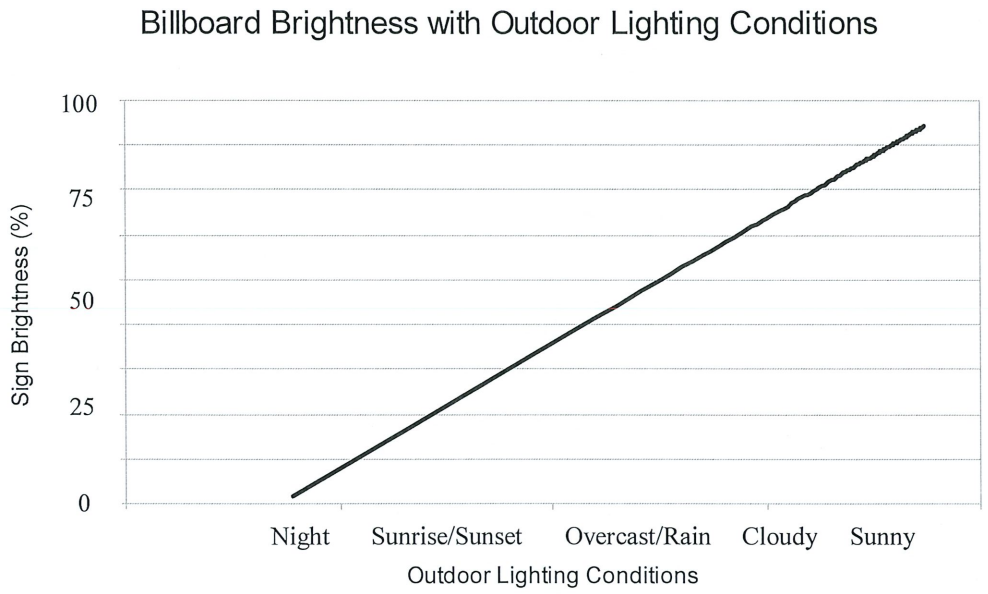

The Watchfire service department can set brightness, hold times, and animation restrictions. For more information on how these features can be used to ensure compliance with local zoning ordinances, please call our service team at 866-637-2645.

watchfire®

PHOTOCELL FACT SHEET

Hardware photocell enables a Watchfire® sign to adjust sign brightness for the periodic change of outdoor ambient light: as the amount of outdoor light changes, the brightness of the sign changes. The relationship between ambient light and sign brightness is directly proportional. During periods of low ambient light, sign brightness will be low. Throughout phases of high ambient light, sign brightness will be high. Below is a chart showing the relationship between outdoor lighting conditions and sign brightness.

Looking at the graph above, 100% sign brightness translates to 7000-7500 NITs for Watchfire® Digital Outdoor signs. 100% sign brightness equates to 9000-10000 NITs for On Premise signs.

Watchfire® has designed its software to react gradually with the photocell; changes in sign brightness are based upon an average of photocell readings, not instantaneous values. This is extremely useful during periods of brief cloud cover. The sign will not dim as soon as a cloud passes overhead. Instead, the sign software will take an average of the overall lighting conditions outside and adjust the sign brightness against that average. In addition, there are 100 brightness levels in the photocell. This provides excellent reaction to the variation in outdoor ambient light.

CITY OF SHERIDAN
RESOLUTION 41-24

A RESOLUTION approving PL-24-34, an Electronic Message Center (EMC) for Campco Federal Credit Union. The property is zoned B-1 Business and located at 2511 Coffeen Avenue. (PIN 55840211400125).

WHEREAS, the application for the Campco FCU Electronic Message Center (EMC) has been reviewed for consistency with Chapter 3 (Advertising) and other applicable City code; and

WHEREAS, all applicable requirements for an Electronic Message Center (EMC) located within 300 Feet of a single-family residence have been met with documentation showing compliance with Chapter 3, Article 3-II, Section 3-11A (Electronic Message Centers).

Be it resolved by the City of Sheridan Governing Body:

That the Electronic Message Center (EMC) for Campco Federal Credit Union is located on property zoned B-1 at 2511 Coffeen Avenue.

In approving the Electronic Message Center (EMC) for Campco Federal Credit Union, the City of Sheridan Governing Body finds the following as required by Sheridan City Code Chapter 3, Article 3-II, Section 3-11A, Subsection (a)(2)(D):

i. An EMC, or sign incorporating and EMC, installed on a building or structure shall have framing and decorative elements that are complementary to the façade of the building on which it is installed. An EMC, or sign incorporating an EMC, installed as a freestanding sign shall have a decorative base of stone or masonry.

ii. Any information displayed on the EMC shall be static, and messages displayed shall not change more frequently than once per hour.

iii. Messages displayed must be monochromatic (a single color, value, and hue) and the background of the EMC must likewise be of a single color, value, or hue.

iv. The maximum pixel spacing (pixel pitch) shall not exceed 10 mm for a EMC-RBG or 20 mm EMC-Mono.

v. The minimum legal lot or parcel size for which an EMC, or sign incorporating an EMC, can be installed in a R-0 Rural Residence, R-1 Residence, R-2 Residence, R-3 Residence, R-4 Residence district, or residential use area of a planned unit development, is one acre.

vi. The EMC will conform in all other ways with the provisions of this section and applicable city code.

Utilities

MEMORANDUM

RE: Discussion of an Amendment to the Burns & McDonnell WWTP Improvements Design Contract in the Amount of $432,010 - Utilities Director Dan Roberts

From: Dan Roberts, Utilities Director

To: City Council

CC: City Administrator Stuart McRae

Date: 11/06/2024

Recommendation:

Staff recommends that the Mayor and City Council approve a design contract amendment, in the amount of $432,010, with Burns & McDonnel authorizing them to proceed to a 60% design level for the Wastewater Treatment Plant (WWTP) Improvements Project.

Background:

In May 2024, the Mayor and City Council approved and authorized a design contract, in the amount of $298,079, to have Burns & McDonnell go to a 30% design level for the City's WWTP Improvements Project. The intent behind only going to a 30% design level , was to proceed with a "Design Build" alternative delivery method for this project. This delivery method allows project design and true construction costs to be determined concurrently, allowing the design to be optimized to achieve the least cost solution. A Design Build project delivery approach locks-in a project construction cost at a prescribed point in the design process. This construction cost lock-in usually happens at the 60% design level and happens by Agreement with the Design Build Firm, in this case Burns & McDonnell, in the form of a Guaranteed Maximum Price (GMP) offer. By giving the City a GMP offer, Burns & McDonnell would guarantee to construct our project for us at that GMP price or less.

The Design Build alternative project delivery method has proven itself to be a great way to reduce the costs of a project over the traditional design, bid and build project delivery method.

Burns & McDonnell is complete with the 30% design of this project. They are confident with the scope of the project design and the projected construction costs at this juncture, but not quite ready to propose a formal GMP offer to the City for construction. As such, staff is recommending we proceed to the 60% design level and, upon conclusion, we obtain a GMP offer from Burns & McDonnell for final design and construction of the project. This GMP offer will be brought to the City Council for consideration at that time.

Discussion:

Provided, for the City Council's consideration, is an amendment to Burns & McDonnell's design contract authorizing them to proceed to the 60% design level for the WWTP Improvements Project.

Funding:

This project is being funded through a $7,800,000, 30-yr, 0% interest Clean Water State Revolving Fund (CWSRF) loan acquired by the City's Sewer Enterprise Fund.

Design Contract Amendment

AMENDMENT TO CONTRACT FOR PROFESSIONAL SERVICES
SHERIDAN WWTP REHABILITATION PROJECTS

AMENDMENT No. 001 **Date: October 21, 2024**

THIS AMENDMENT modifies the Contract dated May 24, 2024 made by and between the **City of Sheridan, Wyoming** (hereinafter called Owner) and **Burns & McDonnell Engineering Company, Inc.,** (hereinafter called Consultant) for the following Project: Sheridan WWTP Rehabilitation Projects. For good and valuable consideration, the sufficiency of which is acknowledged, the parties agree to make the following changes to the subject Contract.

1. The parties agree that the Consultant's Scope of Services is amended as follows:

   See Exhibit A – Scope of Services.

2. The following adjustments are made to the Consultant's compensation:

   Consultant's total compensation for the Scope of Services described herein shall be increased by **Four Hundred Thirty-Two Thousand and Ten Dollars ($432,010.00).** This amount is an estimate based on the required engineering design support and the "Schedule of Hourly Professional Service Billing Rates" included in the Agreement. It is not a guaranteed maximum; however, this amount shall not be exceeded without prior written consent of Client.

3. The time for completion of Consultant's Services is adjusted as follows:

   Consultant is prepared to commence activities immediately upon reciept of written authorization. Consultant proposes to complete the proposed activities by February 6, 2025.

4. Other changes to the Agreement, if any, are stated below:

   None.

5. The terms of this AMENDMENT supersede any contrary terms of the Agreement. This AMENDMENT will be deemed a part of, and be subject to, all other terms and conditions of the Agreement. Except as modified above, the Agreement will remain in full force and effect.

IN WITNESS WHEREOF, the parties have executed this AMENDMENT the day and year first written above.

Exhibit A – AMENDMENT 1 SCOPE OF SERVICES:
Sheridan WWTP Rehabilitation Projects

The Scope of Services to be provided by Consultant during the execution of Amendment 1 is as described herein. This scope of services is in addition to the original scope of services.

The design fee estimate is based on the following scope items, should any of the scope items change this will be considered supplemental services and require an amendment:

- Replacement of Existing Site Transformer, Switchgear, and Electrical Feeds to 8 Buildings
- Expansion of the Existing Headworks Building to incorporate a new rotary screen
- Rehabilitation of the existing influent lift station including four (4) new submersible pumps, lifting mechanism, and a new Motor Control Center
- Replacement of an Existing Belt Filter Press and associated piping
- Replacement and/or upgrade of Ten Building Areas HVAC Systems (Headworks, Grease Receiving, Grit Removal, Raw Sewage Pump Station, Chlorine Building, Overflow Clarifier and Recycle Pump System/Admin, Secondary Sludge Pump Station, Dewatering Building, and Two Electrical Rooms).

Task Series 100 – Project Management

Task 102 – Progress Meetings/Conference Calls (Continued task from original contract):

Engineer will conduct monthly design progress meetings. These meetings will be held either at the Owner's offices or by Microsoft Teams. This task assumes a total of three (3) meetings for this task.

Task 103 – Project Management (Continued task from original contract):

The project manager will review project status, review project schedule, review project deliverables and align resources including sub-consultants. The task also includes an internal weekly progress meeting.

The project manager will utilize the monthly invoicing format provided by the Owner and supplement its monthly status report, as necessary, to include the following items:

- Budget Tracking
- Scope of work completed the prior month
- Activities projected for next month
- Potential concerns
- Schedule update

Task 104– Quality Control/Quality Assurance (Continued task from original contract):

The project team will follow Engineer's QA/QC program. This task includes internal review of the project by qualified staff.

Task 105 – Project Schedule (Continued task from original contract):

Engineer will develop a master project schedule in critical path format that includes all major design activities. The schedule will be updated monthly.

Task 106 – Geotechnical Investigation Assistance:

Engineer will work with an Owner contracted licensed geotechnical firm to conduct soil borings and laboratory tests at key locations as needed to determine subsurface conditions for the foundation

expansion at the headworks building. The geotechnical firm will provide a geotechnical report with recommendations for the foundation and design of new building(s), basins, site paving, etc.

Task Series 200 – 60% Design

Task 201 – 60% Design Documents:

Drawings and specifications will be provided by Engineer at the 60% design level. The 60% Documents will include the following:

- Technical Specifications
- Drawings included in the 30% design package brought to 60% completion
- Additional detail drawings needed for final design

The Owner will be given at least one week to review the drawings and specifications prior to holding the 60% Design Review Meeting. PDF documents will be provided to the Owner for review.

Task 202 – 60% Engineer's Opinion of Probable Construction Cost:

Based on the 60% design documents, Engineer will prepare the engineer's a Class 2 AACE Cost Estimate (+/-15%) for the project. This cost estimate will be submitted along with the design documents for review and comment by the Owner. The cost estimate will be based on recent bid tabulation information, historical cost data, and discussions with local suppliers and contractors.

Estimates, schedules, forecasts, and projections prepared by Engineer relating to loads, interest rates and other financial analysis parameters, construction costs and schedules, operation and maintenance costs, equipment characteristics and performance, and operating results are opinions based on Engineer's experience, qualifications, and judgment as a professional. Since Engineer has no control over weather, cost and availability of labor, cost and availability of material and equipment, cost of fuel or other utilities, labor productivity, construction contractor's procedures and methods, unavoidable delays, construction contractor's methods of determining prices, economic conditions, government regulations and laws (including the interpretation thereof), competitive bidding or market conditions, and other factors affecting such estimates or projections, Engineer does not guarantee that actual rates, costs, quantities, performance, schedules, etc., will not vary significantly from estimates and projections prepared by Engineer.

Task 203 – 60% Design Review Meeting:

After the Owner has had an opportunity to review the 60% design documents, Engineer will conduct a 60% design review meeting. The purpose of this meeting is to provide the Owner and Engineer an opportunity to clarify Owner comments on the documents.

Task Series 300 – Permitting

Task 301 – WDEQ Permitting:

Engineer will work with the Wyoming Department of Environmental Quality (WDEQ) to prepare a Chapter 3 Permit to Construct Application consisting of an Engineering Report, Plans, Specifications, Design Data and pertinent information covering the project. Engineer will prepare an engineering design report according to WDEQ-WQD Chapter 11. Permit applications and necessary documents will be prepared and provided to the Owner for signature and submittal as required. All permitting fees will be paid directly by Owner to permitting agencies.

Assumptions & Clarifications

- Owner will provide BMcD the necessary water quality and flow data required to complete this phase of the project.
- BMcD assumes adequate sampling has been completed to define the flows/loads and no additional sampling will be required. If additional WW sampling is required, Owner will contract directly with a composite sampling and laboratory company.
- Costs associated with wastewater sampling/testing and/or flow monitoring, and/or pilot/bench scale testing is not included and will be arranged and paid directly by Owner if required.
- Documents provided upon completion of the 60% design effort will be preliminary in nature and will not be at the final design level of completion nor are intended for construction use.
- Site survey and a geotechnical investigation is not included and will be provided directly by the Owner, if required.
- Owner will provide BMcD the latest geotechnical investigation for projects at this site to use as a basis for foundations design for this phase of the project.
- Scope of work does not include performing any load studies on any existing electrical equipment.
- Scope of work does not include modifications required by permitting review or schedule delays for permit review cycles.
- Scope of work assumes that there will be no permitting required at this phase for City of Sheridan Building Permits.
- Additional design will be required to be performed following delivery of the 60% design documents to finalize the documents for procurement, permitting, and construction use.
- Costs associated with permitting fees are not included within this scope of work.

MEMORANDUM

RE: Discussion of Resolution 42-24; Kendrick Golf Course Fees - Parks Director Steve Gage
From: Steve Gage, Parks Director
To: City Council
CC: City Administrator Stuart McRae
Date:

Recommendation:

Staff recommends that Council approve resolution 42-24 setting the Kendrick Municipal Golf Course Fees for 2025.

Background:

Kendrick Golf Course is located on land that was donated to the City of Sheridan in 1931 by Governor John B. Kendrick. The course was built in 1934 and spans over six thousand (6,000) yards of play. It includes eighteen (18) holes, practice facilities, and a clubhouse with food & beverage options.

Discussion:

Staff has done extensive research within the surrounding region to compare our golf course fees to similar municipal courses. Staff recommends that Kendrick Municipal Golf Course fees should be increased to offset rising operating costs.

Application for Renewal for Club License – Foundry club

Dear Candace:

Enclosed is the application and accompanying materials required for the renewal of the Foundry's social club liquor license, which include the following:

1. Application signed by 2 directors from the Board of Directors.
2. Annual license/publication fee -- $590.
3. Sheet confirming the names/information for the Directors on the Board.
4. A true and correct copy of the Lease Agreement extension confirming the right to dispense alcohol on premises through December 31, 2025.
5. Alcohol Server Log. The Foundry allows only members in the clubroom with a self-service policy for all beverages. If there is an event, the Foundry engages a TIPS-certified bar tender for the event. Those used by the Foundry on the attached list are the servers used to date.
6. Summary of activities for year.

Please give me a call if you require any additional information to process this Application for renewal.

Sincerely,

Greg Von Krosigk

PLAN OF OPERATION FOR 2024/25
RENEWAL OF CLUB LICENSE

Name as it appears on license: The Foundry, a Wyoming non-profit corporation

Common Name (doing business as): Foundry

Street Address: 342 Whitney Lane, Sheridan, WY 82801

Phone #: (307) 751-5448

Type of License (circle): ~~Retail~~ Limited Retail-Club ~~Restaurant Bar & Grill~~

Pursuant to City Code Section 4-10, the Applicant's submitted Plan of Operation includes the following information:

1) **An operational statement describing the location and layout of the licensed building, licensed premises and/or dispensing area:** The Foundry is a business/social club for local Sheridan families. In addition to the local charitable work and business development for the Sheridan community, the members also have exclusive access to the 2nd floor of 342 Whitney Lane in that dispensing room described in the attached application, the exterior deck and the private courtyard as their private clubroom (note: the first floor is being developed as a separately owned/operated restaurant). The clubroom is not open to the public. Access to the clubroom is restricted by a coded entry lock known only to members. Non-members are permitted in the clubroom only when in the presence of a member. Inside the clubroom, a small bar (7 seats only) is stocked with malt beverages, wine and alcoholic and non-alcoholic beverages, which are available for self-service by only adult members. If the Foundry holds a special event, a TIPS-trained bar-tender is hired to serve members and their guests at the event. Pre-packaged food obtained from other restaurants are kept in the clubroom for self-serve meal service by members.

2) **Schedule of all days and hours of operation:** The private clubroom is open to only members, seven days per week. Regular business hours are 6 a.m. to Midnight. The clubroom is never opened to the public.

3) **Description of the character and use of the facility (i.e. bar, restaurant, brewery, etc.):** small bar; lounge area; separate dining room comprise the Foundry's clubroom, which is used for a private bar and eating area.
4) **Description of specific alcohol inventory management practices that are relevant to the license at issue:** Inventory is controlled by the operation manager of the clubroom and stocked in the dispensing area for private consumption by the members and accompanied guests. Members pay a membership fee to the Foundry and has the option to consume inventory at a lower-than-retain cost. Inventory is tracked through a point of sale system kept by the operation manager.
5) **Description of specific crowd control and security practices that are relevant to the license at issue**: Because the clubroom is a private, member-only venue not open to the public, crowd control is not an issue like other establishments. The entry door is always locked with access only to members knowing the code. The clubroom rarely has more than six to eight members present at any given time. In the unlikely event any problem should arise at an event, the TIPS-trained bar tender is instructed to call Sheridan PD.
6) Description of other information that is relevant and pertinent to the operation of the Licensee's licensed premises and dispensing area that is reasonably available to the Licensee and that is specifically requested by the City Council at the time or renewal, transfer or issuance of the license. See below.

Hours of Operation

Our planned hours of operation are: The private clubroom is open to members and accompanied-guests only from the hours of 6:00 a.m. to Midnight.

Last call will be, to the extent applicable during tended events, 30 minutes before closing and last service will be 15 minutes before closing.

DETAIL STATEMENT OF ACTIVITIES OF
THE FOUNDRY, A WYOMING NON-PROFIT CORPORATION
2023/24

As confirmed in the prior renewals of its liquor license, "The Foundry" is a local club operated as a non-profit Wyoming corporation with local Sheridan members. The membership consists of not less than 100 nor more than 150 local businessmen/women who have collectively committed to the club's goals of promoting and improving our Sheridan community. The purpose of The Foundry is to provide a greater positive impact for the good of the local community as a group than any of the members might do alone.

The Foundry's clubroom is open for only the members' use from approximately 7:00 A.M. to 11:00 P.M. The clubroom is kept locked to maintain security of the clubroom (as well as its liquor inventory); however, it is open for business every day of the year and is always accessible with the member's entry code. Should you ever wish to gain access, you can contact us and we will get you in as desired.

Our records confirm that members accessed and used the clubroom nearly every day of the 365 days during the last year. The clubroom was used this year repeatedly and consistently by its members for business/client meetings in a private setting, and business-to-business meetings for the promotion of local commerce and industry and our community. Members meet with each other to conduct business and members have meetings with clients/customers in the private setting of the clubroom. The Foundry actively supports new businesses people/companies coming to town over the last year, with donations of its facilities and membership contacts as an effort to streamline acclimation to our local business community.

The Board of Directors manages the general operational plan of the club and has board meetings quarterly as the governing body. Further, the Board directs policy that is implemented by the operational manager who ensures the clubroom is functioning as desired on a daily basis. The operational manager of The Foundry was present and actively conducting business at The Foundry not less than four days of every week during the last year.

The Foundry has committed funds to its charitable activities for local Sheridan causes. Donations to several local Sheridan causes were made. Donations to scholarships funds local Sheridan efforts were made.

The Foundry, through its membership, helped by providing financial support necessary to bring the high-quality restaurant "Birch" to downtown Sheridan for the community, and continues to provide direct support of Birch.

The Foundry engages only TIPS-certified bartenders for larger member events held in the clubroom to manage the dispensing of any alcohol. The Foundry purchased/sold alcoholic beverages during 2023, with typical sales in the range of $2,500/month average, and all liquor taxes are paid. These sales were limited to only members and invited guests of the members.

Alcohol Management

To comply with Sheridan Municipal Code regarding alcoholic and malt beverages, including the use of eighteen (18) to twenty (20) year old servers in restaurants if applicable, our establishment will: Always have someone who is twenty-one (21) in the restaurant. All servers and managers, eighteen (18) and above, will complete a state approved alcohol certification course within 30-days. In addition, management and server employees are trained and sign our company alcohol serving standards policy during the hiring process. Certificate copies will be stored for inspection by licensing agents in the store.

I acknowledge that the Sheridan Police Department is an agent of the licensing authority and shall have the ability to inspect the licensed premises. Violations of City Code are subject to Section 4-13, resulting in action from Administrative Fees up to license revocation.

Pizza Hut Business Plan – Sheridan Wyoming

Business Overview

Pizza Hut in Sheridan, WY, is a franchisee-owned location operating under the established Pizza Hut brand, known for its delicious and diverse menu offerings. The restaurant serves high-quality pizzas, pastas, wings, salads, and beverages to the local community, providing dine-in, carryout, and delivery services. With a focus on customer satisfaction and consistency, the location caters to families, individuals, and local businesses, offering value-driven meal deals and promotions that meet the demands of the Sheridan market.

Products and Services

The menu includes Pizza Hut's signature hand-tossed, stuffed crust, and Pan pizzas, customizable with a variety of fresh toppings. Paired offerings include pasta dishes, breadsticks, wings, salads, and desserts. Beverage options include many Pepsi Co. family flavors. This location offers convenient online ordering, in-store pickup, and delivery services, targeting a wide demographic from families to working professionals. Catering for events and large orders is also available, with tailored packages for local gatherings, schools, and businesses.

Marketing Strategy

The marketing strategy focuses on community engagement and digital outreach to drive brand awareness and customer loyalty. Locally, the franchise sponsors sports teams and community events, positioning itself as a key supporter of Sheridan's culture. Digital marketing includes targeted social media ads, email newsletters, and promotions through Pizza Hut's online platform to attract new customers and incentivize repeat business. Special promotions such as family/group bundles alongside individual meal occasion options are inclusive to Sheridan locals, while exclusive discounts for schools and businesses solidify relationships with the community.

Business Plan

Star Liquor

In our small community, the day to day operations of our package store and wine bar business will include a focus on providing the best possible prices as well as top notch customer services to the members of our community.

We understand under the current state of the economy that we need to try and provide the best prices we can. We aim to do this while also providing the best selection in the area.

Growth with an economy that we are experiencing currently is difficult but we aim to provide this by following new trends, educating staff on certain niches as well as constantly bringing in new products.

Customer service is always the backbone of any retail business and we aim to have employees working as a good team. Senior staff is always helping newer staff with products, information about said product and aiding with things like carding, denying a sale to an intoxicated person while being able to diffuse any possible conflict.

We feel that being responsible while serving, having good prices and educated employees will help us grow in this difficult world we have currently. And as always we will always strive to bring in the newest product and innovate where needed.

Supplement to Plan of Operation

No Name Bar

901 N Main St, Sheridan WY 82801

A. Location of the licensed building is 901 N Main St, Sheridan, WY 82801. The building is laid out with a room on the North end approximately 30 feet by 23 feet with the parking lot accessible out the north exit. The bar is accessible in this room, and runs through a partition wall into a smaller room approximately 20 feet by 15 feet on the south end with the back bar in this area. Pool table and a pellet stove are in the North end. A small storage area and walk in cooler are on the southeast side of the building and restrooms are on the northeast. Large glass bay doors on the west side open onto the enclosed patio.

B. Licensee will vary scheduled hours and days of operation but will generally fall between the outlined hours of 6 am – 2 am.

C. This facility is a bar.

D. This business has a computerized POS system with inventory control reports built in.

E. Experience of management allows them to anticipate when a crowd will be heavy due to special events in the community or at the NN. On nights when a crowd may become too large for the bartender(s) to monitor extra staff will be employed to prevent underage drinking, overages on capacity and to ensure nothing gets out of hand.

F. This business participates in the Safe Ride Program.

G. Finally, the Requirements for Liquor License Renewal Applications at the fourth box from the top seems to require a statement indicating the financial stability and condition of renewal applicants and new applicants. The Ordinance at 4-14(a) provides that the Clerk shall provide forms which requires information required to be provided by Wyoming statute section 12-4-102. Wyoming statute 12-4-102(a)(vi) requires "a statement indication that financial condition and financial stability of a new applicant.", therefore, Wyoming law does not require the production of statements concerning financial stability or condition from existing licensees. Unless an indication from the City to the contrary, a letter from our Bank would not seem either appropriate or required insofar as WJK LLC is concerned.
