MEMORANDUM

Date: October 13, 2025

Re: PL-25-31, Ordinance 2299 1039 2nd Ave Rezone Staff Report

Background

Q Construction, LLC, has submitted a rezone application for the following location:

Address: 1039 2nd Ave East, Sheridan, WY 82801
Legal: Tract 28, Brundage Place
PIN: 55840211100225

The applicant is requesting a rezone from R-1 Residence District to B-1 Business District to allow for multi-family residential use on the property.

Discussion

Location & Zoning

The subject property is currently 1 acre in size zoned R-1 Residence district. It is located on 2nd Avenue East in the area south of Brundage Lane between Coffeen Avenue and Interstate 90.

If approved, a rezone to B-1 would allow the following uses on the property (see Municipal Code, Appendix A, Section 7):

1. Any use permitted in the R-3 Residence District and the R-4 Residence District;
2. Any retail business;
3. Public garage or filling station;
4. Tourist court;
5. Offices, theater, bank, or restaurant;
6. Shoe shop, tailor shop, barbershop, or beauty parlor;
7. Business or commercial school or studio;
8. Bakery not employing more than five (5) persons in preparing and baking its products;
9. Laundry or dry-cleaning establishment employing not more than five (5) persons engaged in laundry or dry-cleaning work;
10. Accessory buildings and uses customarily incidental to any of the above uses.

11. Adult-oriented businesses that conform to the criteria of Appendix A, Section 10, Subsection 21.

Adjacent properties are zoned M-1 Industrial to the north, R-1 Residence to the east, B-2 Business to the south, and B-1 Business to the west. Nearby land uses include single-family residential, multi-family residential, auto sales, restaurants, and a hotel.

Future Land Use

The Future Land Use Map from 2017 indicates that this area is appropriate for residential use. The proposed rezone to B-1 Business district is intended to allow for multi-family development on the property, which is consistent with the future vision for this area.

Although not the intent of this rezone, it is worth noting that a rezone to B-1 would also allow commercial use on the property. While commercial uses are not contemplated for this particular property as part of the Future Land Use Map, it is adjacent to properties to the north and west that are designated as commercial areas. If this property ever were to include commercial uses in the future, it would be a reasonable location for commercial uses given its location.

Staff Review Comments

Staff comments during the internal review of this rezone application were related to a minor error on the rezone petition. At this time, all staff comments have been adequately addressed.

Public Notice

Staff sent notices to 22 surrounding property owners and published a legal ad in the Sheridan Press with information about the project and the public hearing schedule. A sign was also posted on the property. To date, staff have received no comments, questions, or concerns from the public.

Findings of Fact

Neither state statute nor municipal code contains required findings that must be made in changing a property's zoning designation. State statute does provide some requirements for zoning regulations in general, which Planning Commission and City Council should be aware of:

W.S. 15-1-601(d) states that all regulations shall be made:

- i. In accordance with a comprehensive plan and designed to:
 - a. Lessen congestion in the streets;
 - b. Secure safety from fire, panic, or other dangers;
 - c. Promote health and general welfare;
 - d. Provide adequate light and air;
 - e. Prevent the overcrowding of land;
 - f. Avoid undue concentration of population; and
 - g. Facilitate adequate provisions for transportation, water, sewage, schools, parks, and other public requirements.
- ii. With reasonable consideration, among other things, of the character of the district and its peculiar suitability for particular uses;
- iii. With a view to conserving the value of buildings and encouraging the most appropriate use of land throughout the city or town; and

- iv. With consideration given to the historic integrity of certain neighborhoods of districts and a view to preserving, rehabilitating and maintaining historic properties and encouraging compatible uses within the neighborhoods or districts, but no regulation made to carry out the purposes of this paragraph is valid to the extent it constitutes an unconstitutional taking without compensation.

The preamble of the City's Zoning Ordinance (Appendix A) states that the purpose of the zoning ordinance is to, "[promote] the health, safety, morals and general welfare of the inhabitants of the City of Sheridan by lessening the congestion in the streets; securing safety from fire, panic, and other dangers; providing adequate light and air; preventing the overcrowding of land; avoiding the undue concentration of population; facilitating the adequate provision of transportation, water, sewage, schools, parks, and other public requirements; and by other means in accordance with a comprehensive plan".

Planning Commission Public Hearing and Recommendation

Planning Commission held a public hearing on this application on Monday, October 13th at 7:00pm. No comments were made by members of the public. Planning Commission also had no questions or discussion on the proposal.

Planning Commission voted unanimously to recommend approval of PL-25-31, Ordinance 2299 1039 2nd Ave East Rezone to the Governing Body.

MEMORANDUM

RE: Public Hearing for the Ownership Transfer for Restaurant Liquor License #12 from Cowboy Café 2, LLC, to KMR Enterprises, LLC - City Clerk Ashlee Foster

From: Ashlee Foster, City Clerk

To: City Council

CC: City Administrator Stuart McRae

Date: 10/20/2025

Background:

The Cowboy Café Restaurant Liquor License is seeking an Ownership Transfer for the business located at 138 N. Main ST. The transfer will take place from Cowboy Café 2, LLC to KMR Enterprises, LLC. Cowboy Café will still be required to participate in the annual liquor license renewal process, separate from this transfer process and Cowboy Café has already submitted that renewal application.

Discussion:

The new owners of Cowboy Café have expressed they do not intend to change any business operations. For additional details, please see the attached documents, which include:

- Cowboy Café State Transfer Application
- Transfer Documentation [Assignment Request Letter, Letter of Good Standing, Lease(s), Temporary Food Permit]
- City of Sheridan Operation & Business Plan

Staff Recommendation:

City staff recommend the approval of the Liquor License Transfer Application for Cowboy Cafe. All documents have been received, reviewed and approved by the State of Wyoming Liquor Division. The transfer application is complete and ready for Council consideration and approval.

DISCLAIMER: If the application for license transfer is approved, but the business purchase does not go through for any reason before December 31, 2025, the license will revert to the previous owner and expire at the end of the year. In that case, the current owner—whether the previous owner or otherwise—would need to apply for a new restaurant license for 2026 outside of the standard renewal process.

Funding

There are no financial implications for Council to consider in relation to this transfer request.

MEMORANDUM

RE: Smith Alley West Use Agreement
From: Thomas Morneau, City Engineer
To: City Council
CC:
Date: 09/10/2025

Recommendation:

Staff recommends the City Council approve the request for the Alley Use Agreement for Smith Alley with Bee Tree Partners, LLC, and authorize the Mayor to sign said agreement.

Background:

The adjacent property of Smith Alley West currently makes use of a portion of the alley to create outdoor seating. The Smith Street Alley is closed to vehicular traffic and serves as a primary path for pedestrians connecting to Main Street from the west. The proposed request allows for the adjacent business to continue utilizing the alley for outdoor seating, but the new agreement will supersede the previous agreement from May 2018, which required that the Lessee pay rent of \$1/sqft per month between May 1st and December 1st of each year.

The attached agreement spells out the allowances and restrictions of the alley use. The initial term of the agreement is for five years. The Lessee will be responsible for the cost of any improvements and physical streetscape items, which will require approval from the Public Works Director. Additionally, the Lessee will provide cleaning and maintenance of the space and maintain clear and direct ADA-compliant access through the alley at all times. Alcohol will be permitted on the premises that are enclosed in the alley. The Lessee is responsible for liability insurance with the City listed as an additional insured party. The City reserves the right to terminate the lease agreement for health and safety reasons at any time and to terminate it with 90 days' notice if the public interest is no longer served.

ALLEY USE AGREEMENT

THIS AGREEMENT is entered into and effective the ____ day of _____, 2025, by and between the City of Sheridan, Wyoming, a municipal corporation, whose address is 55 E. Grinnell Plaza, Sheridan, WY 82810, (the "City") and Bee Tree Partners, LLC, a Wyoming limited liability company, whose address is 1508 S. Willson Ave., Bozeman, MT 59715, ("Lessee"). Lessee owns or has an interest in the property located at 150 N. Main Street, Sheridan, Wyoming (the "Property"). The Property is adjacent to the alley or public right-of-way described below, and Lessee wishes to use all or a portion thereof for its business services offered to the public. The City wishes to accommodate Lessee's desired use and finds Lessee's desired use to be in the public's interest.

THEREFORE, in consideration of the promises exchanged below, the Lessee and City agree as follows:

1. **Termination.** The parties hereby terminate and revoke the Sidewalk/Alley License Agreement, dated May 21, 2018, in its entirety.

2. **Premises.** The City leases to Lessee the following described portion of alley adjacent to Lessee's Property, described as follows:

As shown on the site plan detailing the layout and use of the alley attached hereto as Exhibit A (the "Premises").

3. **Term.** The term of this Agreement shall be **five (5) years**, beginning on the effective date hereof and terminating five (5) years thereafter. The City may terminate this Agreement upon ninety (90) days' notice to Lessee should it deem the Agreement no longer serves the public interest; provided however, this Agreement may be terminated immediately by the City if it has any public health or safety concern arising from Lessee's use of the Premises or if the Lessee or the Property has any violation of the City's Municipal Code.

4. **Purpose.** The purpose for this Agreement and Lessee's use of the Premises is as follows:

Allow the Lessee the ability to establish a place for the serving and sale of retail goods from the Premises. The City Governing Body finds these uses are beneficial to the economic and cultural vitality of the Sheridan historic downtown.

5. **Maintenance/Repair.** Lessee shall at all times keep the Premises clean, maintained, and in good repair in at least as good of condition as upon the effective date of this Agreement. Maintenance includes the removal of snow and ice. The City shall not be responsible for cleaning, maintaining, repairing, or inspecting the Premises during the term of this Agreement. Provided, should the Premise

include any trees, the Lessee shall not prune or alter any tree in any manner. Should any tree require any maintenance, Lessee shall notify the City immediately.

6. **Pedestrian Access.** Lessee shall at all times maintain a clear and direct American with Disabilities Act (ADA) compliant access through the Premises.

7. **Improvements and Alterations.** Lessee must obtain written consent from the City's Public Works Director before making any alterations, improvements, modifications, or additions to the Premises. Any and all alterations, improvements, modifications, or additions to the Premises shall: (a) be in compliance with all applicable building codes; (b) be in compliance with the City's Municipal Code; (c) have emergency egress considerations; and (d) meet the City's design checklist. Unless otherwise agreed by the parties, Lessee shall remove all alterations, improvements, modifications, or additions to the Premises and restore the Premises to its original condition upon this Agreement terminating and not being renewed.

8. **Liability Insurance by Lessee.** During the term of this Agreement, Lessee or its tenant renting the Property shall provide insurance coverage for persons and property on the Premises for injury, death, or damage in an amount not less than One Million Dollars (\$1,000,000.00) Per Occurrence. The City shall be added as an "Additional Insured" with a waiver of subrogation in favor of the City. The Lessee shall provide a Certificate of Liability Insurance with the location of the Premises at the time of the signing of this Agreement and **every year** thereafter on renewal of the Liability Coverage Policy.

9. **Indemnity/Governmental Immunity.** Lessee shall assume the risk of any liability arising from this Agreement and any and all use of the Premises, and Lessee shall hold harmless, defend, and indemnify the City for any liability associated with the use of the Premises and the improvements thereon. The City does not waive governmental immunity by entering into this Agreement and specifically retains all immunities and defenses available to it pursuant to Wyo. Stat. § 1-39-101 *et seq.* and all other applicable law.

10. **Third-Party Beneficiaries and Transferability.** Other than Lessee's current tenant on the Property, Big Horn Public House, LLC, a Wyoming limited liability company, the parties do not intend to create in any other party the status of third-party beneficiary, and this Agreement shall not be construed so as to create such status.

This Agreement is not transferable without the written consent of the City. Further, if the Lessee has an alcohol license, the parties agree that this Agreement is not part of the alcohol licensee's transferable premise even though the use has been approved as part of the licensee's operational plan. Any alcohol license transferee shall be required to enter into a new alley use agreement with the City after the approval of the license transfer.

11. **Alcohol.** If Lessee's use of the Property includes the selling and dispensing of alcohol under a duly issued and proper liquor license, then the City consents to the service of alcoholic beverages within an immediately adjacent fenced or enclosed area of the Premises as provided in Wyo. Stat. § 12-5-201(a), or as otherwise required by the State of Wyoming Liquor Commission. Provided that such service has been approved as part of the Lessee's Operational Plan. Lessee must obtain the written consent from

the City's Public Works Director before adding or constructing a fenced or enclosed area on the Premises as provided in Paragraph 5 herein.

If the Premises is any sidewalk located along or within the area between Burkitt St. and Dow St. and between Brooks St. and Gould St., the Lessee shall be required to provide food service if alcohol is going to be consumed on the Premises. Food service requires that the food is prepared on the Property and is not prepackage. The food service plan must be included in the Lessee's Operation Plan and approved by the City.

12. **Entire Agreement.** This Agreement represents the entire agreement between the parties hereto with respect to the subject matter hereof and all prior agreements, understandings, or negotiations shall be deemed merged herein.

13. **Modifications.** This Agreement shall not be modified, revised, or amended unless mutually agreed upon in writing by the parties.

14. **No Waiver.** The failure of either party to insist on a strict performance of any of the terms and conditions hereof shall not be deemed a waiver of the rights or remedies that party may have regarding that specific term or condition nor deemed a waiver of any prior or subsequent breach.

15. **Governing Law, Jurisdiction, & Venue.** The laws of the State of Wyoming shall govern the validity, interpretation, performance, and enforcement of this Agreement. A court of appropriate jurisdiction in Sheridan County, Wyoming shall have the sole and exclusive jurisdiction for the purposes of determining all claims arising under this agreement, and Owner and Tenant hereby consent to such jurisdiction and venue.

16. **Severability.** Any provision of this Agreement that is prohibited or unenforceable shall be ineffective to the extent of such prohibition or unenforceability without invalidating the remaining provisions of this Agreement. Any such prohibition or unenforceability shall not invalidate or render unenforceable any other provisions of this Agreement.

17. **Notices.** All Notices required herein shall be delivered to the addresses stated at the beginning of this Agreement and be deemed delivered upon being placed in first class, prepaid mail. Notices to the City shall be directed to the Attention of the City Clerk.

OLD BUSINESS

10. Consideration of Second Reading of PL-25-24, Ordinance 2298, Rezone 31.82 Acres from R-1 to B-1 in the 900 Block of E. 5th St. City Planner Kelly Schroeder updated the Council.

Councilmember Patceg moved, seconded by Councilmember Luhman to approve Ordinance 2298 on Second Reading.

COUNCIL COMMENTS & QUESTIONS RE: ITEM 10

- A. Mayor Bridger** - The Mayor inquired whether the necessary corrections would be completed prior to the third and final reading. City Planner Kelly Schroeder confirmed that the corrections would be completed; however, she noted they would not affect the substance of what is being approved, as they are data corrections related to GIS, legal descriptions, and similar items.
- B. Councilmember Patceg** - Councilmember Patceg inquired about the total number of apartments planned for the identified property and the implications of the Entryway Corridor designation. City Planner Kelly Schroeder outlined the developer’s intended phases and discussed the Entryway Corridor requirements being incorporated into the developer’s planning process.
- C. Councilmember Wood** - Councilmember Wood inquired about the potential road placement on the property and the possibility of commercial development on the back portion of the land. City Planner Kelly Schroeder noted that a looped road is planned for the property and stated she would have additional information to share regarding final platting and related items when the matter comes before Council in the near future.

Roll Call Vote. Ordinance 2298 passes on Second Reading and will move forward for Third and Final Reading on October 20, 2025.

Councilmember Leichtnam moved, seconded by Councilmember Brantz to approve PL-25-21, Ordinance 2295, Sheridan Heights Ranch, LLC Deannexation of 3.64 Acres.

COUNCIL COMMENTS & QUESTIONS RE: ITEM 11

- A. Councilmember Patceg** - Councilmember Patceg asked whether approving a deannexation would set a precedent, noting that such actions are not common practice. City Planner Kelly Schroeder stated that a deannexation request had not been brought before Council since 2007, and that the previous request was not successful. She further noted that, should another deannexation request be presented in the future, the County would provide input regarding its impact on County services, and it would ultimately be Council’s decision to approve or deny the request.

Roll Call Vote. Ordinance 2295 passes on Third and Final Reading.

COUNCIL COMMENTS & QUESTIONS RE: ITEM 12

A. Councilmember Patceg - Councilmember Patceg asked whether the County had been supportive of the process to date. City Planner Kelly Schroeder stated that the County has been cooperative and supportive, noting that the adjustment is an administrative correction to boundary lines and parcels and does not impact County services. She further reported that no concerns have been expressed by the County Planning staff or Commissioners.

Hamburger Louie is also temporarily down for repairs and will be reinstalled once those are completed.
- F.** DSA – Updates provided by Councilmember Luhman

Councilmember Brantz requested that vehicle parking also be included in the presentation.
- I.** Steve Gage, Acting CA obo Stuart McRae -
 - a. BWXT Proposal in Gillette
 - i. The company, BWXT, plans to build a nuclear fuel fabrication facility east of Gillette to produce fuel for advanced nuclear reactors. They would take enriched uranium to be turned into TRISO fuel before it’s shipped to nuclear reactors elsewhere in the United States. BWXT runs a facility of this kind in Lynchburg, Virginia
 - ii. They say the process would not generate any nuclear waste apart from PPE that comes into contact with uranium
 - iii. The targeted start date is 2030; the facility would create over 200 jobs, including technical, operator, and security positions. Many positions can be filled locally, supported by Gillette College training programs.
 - iv. Local electeds and about 300 residents of Campbell County attended an information session held by BWXT last week and the overall reaction was positive.
 - b. There are a couple of community drives currently underway:
 - i. **Shoes for Good** – Miss Wyoming is midway through her shoe drive and has reached about half of the goal of 100 bags of shoes. Donations of any type or size

can be dropped off at Once Upon a Story Boutique on Main Street. All shoes will be cleaned before reaching their intended recipients.

- ii. **Give Your Heart to a Child** – The YMCA’s annual fundraising campaign provides scholarships to help community members access Y programs and memberships.

He noted that the Wyoming Recreation and Parks Association recently held its conference in Sheridan, where the department was recognized as the Citation Organization for its outstanding contributions to the Parks and Recreation field. The Mayor held up the award as he shared the news.

MEMORANDUM

Date: October 20, 2025

Re: 3rd Reading - PL-25-24, Ordinance 2298 Elmwood Rezone Staff Report

Background

AVI, P.C., on behalf of the property owner, Khanstruction, LLC, has submitted a rezone application for the following location:

Address: 900 Block of W. 5th Street, Sheridan, WY 82801
Legal: Unplatted – Portions of Sections 23 and 26, T56N, R84W
PIN: 56842330000633

The applicant is requesting a rezone from R-1 Residence District to B-1 Business District to allow for multi-family residential use and potential future commercial use on the property. A subdivision application has also been submitted for the property, the Preliminary Plat of which was approved by Planning Commission on July 28, 2025. The applicant recently submitted a Final Plat of the subdivision which is currently under review. Staff anticipates that the Final Plat will be scheduled for Planning Commission and City Council consideration in the coming weeks.

Discussion

Location & Zoning

The subject property is currently 31.85 acres of unplatted land zoned R-1 Residence district. It lies just west of Interstate 90 on W. 5th Street. It is also part of the Entryway Corridor, which includes specific site design, architectural, and landscaping standards for development in the area. If approved, a rezone to B-1 would allow the following uses on the property (see Municipal Code, Appendix A, Section 7):

1. Any use permitted in the R-3 Residence District and the R-4 Residence District;
2. Any retail business;
3. Public garage or filling station;
4. Tourist court;
5. Offices, theater, bank, or restaurant;
6. Shoe shop, tailor shop, barbershop, or beauty parlor;

7. Business or commercial school or studio;
8. Bakery not employing more than five (5) persons in preparing and baking its products;
9. Laundry or dry-cleaning establishment employing not more than five (5) persons engaged in laundry or dry-cleaning work;
10. Accessory buildings and uses customarily incidental to any of the above uses.
11. Adult-oriented businesses that conform to the criteria of Appendix A, Section 10, Subsection 21.

Adjacent properties are zoned B-2 Business to the north, B-1 Business to the east and west, and R-1 Residence to the south. Nearby land uses include an RV park, hotels, and restaurants.

Future Land Use

The Future Land Use Map from 2017 indicates that this area is appropriate for residential use. The proposed rezone to B-1 Business district is intended to allow for multi-family development on the property, which is consistent with the future vision for this area.

A rezone to B-1 would also allow commercial use on the property. Although not necessarily aligned with the Future Land Use Plan, the location along major transportation routes (Interstate 90 and E. 5th Street) is ideal for commercial development. With an initial development plan to build multi-family residential, the B-1 zoning designation would allow future commercial development to support residential use, such as restaurants or grocery stores.

Staff Review Comments

Staff comments during the internal review of this rezone application were related to minor errors on the rezone exhibit. The applicant agreed to revise and resubmit the rezone exhibit prior to the 3rd reading, which they have since done. The revised rezone exhibit is signed and stamped by a licensed surveyor as required.

Public Notice

Staff sent notices to 19 surrounding property owners and published a legal ad in the Sheridan Press with information about the project and the public hearing schedule. A sign was also posted on the property. To date, staff have received one inquiry from a nearby resident looking for more information on the proposed project.

Findings of Fact

Neither state statute nor municipal code contains required findings that must be made in changing a property's zoning designation. State statute does provide some requirements for zoning regulations in general, which Planning Commission and City Council should be aware of:

W.S. 15-1-601(d) states that all regulations shall be made:

- i. In accordance with a comprehensive plan and designed to:
 - a. Lessen congestion in the streets;
 - b. Secure safety from fire, panic, or other dangers;
 - c. Promote health and general welfare;
 - d. Provide adequate light and air;
 - e. Prevent the overcrowding of land;

- f. Avoid undue concentration of population; and
 - g. Facilitate adequate provisions for transportation, water, sewage, schools, parks, and other public requirements.
- ii. With reasonable consideration, among other things, of the character of the district and its peculiar suitability for particular uses;
- iii. With a view to conserving the value of buildings and encouraging the most appropriate use of land throughout the city or town; and
- iv. With consideration given to the historic integrity of certain neighborhoods of districts and a view to preserving, rehabilitating and maintaining historic properties and encouraging compatible uses within the neighborhoods or districts, but no regulation made to carry out the purposes of this paragraph is valid to the extent it constitutes an unconstitutional taking without compensation.

The preamble of the City's Zoning Ordinance (Appendix A) states that the purpose of the zoning ordinance is to, "[promote] the health, safety, morals and general welfare of the inhabitants of the City of Sheridan by lessening the congestion in the streets; securing safety from fire, panic, and other dangers; providing adequate light and air; preventing the overcrowding of land; avoiding the undue concentration of population; facilitating the adequate provision of transportation, water, sewage, schools, parks, and other public requirements; and by other means in accordance with a comprehensive plan".

Planning Commission Public Hearing and Recommendation

Planning Commission held a public hearing on the application on Monday, September 8th at 7:00pm. No comments were made by members of the public. Commissioners discussed compatibility with the Future Land Use Map and agreed that this was a good location for B-1 zoning.

Planning Commission voted unanimously to recommend approval of PL-25-24, Ordinance 2298 Elmwood Rezone to the Governing Body with the condition that the applicant revise and resubmit the legal description and exhibit with the stamp of a licensed surveyor prior to final approval.

On October 10, 2025 the applicant submitted a signed and stamped rezone exhibit with an updated legal description that satisfies staff's comments and the condition set by Planning Commission.

Staff Recommendation

Staff recommends that the Governing Body approve PL-25-24, Ordinance 2298 Elmwood Rezone from R-1 Residential to B-1 Business.

MEMORANDUM

RE: Consideration of Adopting the Revised Public Records Policy - City Clerk Ashlee Foster

From: Ashlee Foster, City Clerk

To: City Council

CC: City Administrator Stuart McRae

Date: 10/20/2025

Background:

The City's current Public Records Policy was last adopted in April 2018. In May 2019, the City adopted the Wyoming Retention Policy through Resolution 25-19, which also named the City Clerk as the official custodian of City documents. At the time, it was recommended that this information be formally added to the City's Public Records Policy, but those updates have not yet been incorporated into the policy itself.

Discussion:

While much of the Public Records Policy is guided by State Statute and leaves limited room for flexibility, updates were made to improve the document's clarity and usability. These revisions are intended to make the policy easier for both the public and staff to understand, ensure consistency in how requests are handled, and provide greater transparency in the City's process. Key updates include:

- **Incorporates the Wyoming Retention Policy (Adopted 2019):** Protects the City if requested documents were lawfully destroyed in accordance with the state's retention schedule.
- **Organizational Restructure:** Adds a table of contents, clearer formatting, and plain language in place of legal/statutory wording — making the policy easier for both staff and the public to navigate.
- **Fees Moved to the Master Fee Schedule (MFS):** Ensures alignment across all City documents by consolidating fees into the MFS. The current fees remain unchanged. Any fee changes will be addressed during MFS updates.
- **Procedures and Processes Outlined:** Improves transparency by clarifying how requests are handled, the steps involved, and applicable timelines. Notes that Fire Department requests follow the general process, while the Police Department maintains a separate process.
- **Responsibilities Clarified:** Addresses common misconceptions by confirming that staff are not required to create new documents, compile information, reformat data in ways that cause undue hardship, or fulfill overly broad or unclear requests without clarification from the requester.
- **Exceptions Simplified:** Provides a clear list of relevant exemptions while adopting all statutory exemptions by reference. Unrelated examples have been removed, and exceptions are now categorized (e.g., General Records, Security-Sensitive Records, Personnel Related, etc.) for easier use by staff and the public.

Staff Recommendation:

Staff recommends that City Council approve and adopt the revised Public Records Policy as presented. Additionally, staff recommends that Council authorize the City Clerk to make future revisions to the policy as necessary to maintain compliance with changes to State Statute. Any proposed changes not related to statutory updates shall continue to be presented to Council for review and formal approval.

Funding

There are no financial impacts with the adoption of this policy. Any future modifications to the fee schedule for Public Records Requests will be addressed during any/all Master Fee Schedule discussions.

CURRENT Public Records Request Policy

PROPOSED Public Records Request Policy

**City of Sheridan
Policies & Procedures**

Policy No. 100

Public Records Processing Policy

I. PURPOSE

A systematic process for the receipt, tracking, processing and delivery of requested public records to individuals, groups and other entities. The release of records is regulated by federal law, state statutes, court orders and by this policy. Personnel shall treat all information they learn in the performance of their job in a confidential manner and shall not disperse such information to anyone not duly authorized to receive the information. The records maintained by the City and the ability to access them are means to provide trust between the public and the City.

1. **SCOPE:** This policy applies to all public records requests external to the City of Sheridan municipal government.
2. **REFERENCES:** The Wyoming Public Records Act (Wyoming Statute § 16-4-201 to 16-4-205) establishes the rules of access to public records by persons in interest (the persons whom the records are about) and the public.
3. **DEFINITIONS:** Public records, when not otherwise specified, includes any information in a physical form created, accepted, or obtained by the state or any agency, institution or political subdivision of the state in furtherance of its official function and transaction of public business which is not privileged or confidential by law. Without limiting the foregoing, the term "public records" includes any written communication or other information, whether in paper, electronic, or other physical form, received by the state or any agency, institution or political subdivision of the state in furtherance of the transaction of public business of the state or agency, institution or political subdivision of the state, whether at a meeting or outside a meeting.
4. **RESPONSIBILITIES:** The City Administrator shall have the responsibility of implementation, through the coordination with executive staff, and shall enforce the administration of the policy.
5. **POLICY:** The custodian of any public records shall allow any person the right of inspection of the records or any portion thereof except for those records listed in **Attachment A, Attachment C, and Attachment D.**
6. When there is a right of access to public records, the person requesting the records may request that copies, printouts, or photographs of the records be provided, and the custodian of those records should provide the copies for a reasonable fee set by this policy. A Department Head or the City Administrator may order a deviation from the fee schedule listed in **Attachment B** provided such deviation is in the best interest of the public or public safety. If the custodian does not have the equipment or facilities for copying the records, the person who requests them is entitled to access for the purpose

of copying. This must be done while the records are still in the custody and possession of the custodian of the records and at his or her direction.

7. A person seeking public records does not have to give a reason or show a need for the information being sought.
8. Fees or charges assessed by a custodian of a public record shall first be in accordance with **Attachment B** of this policy. A Department Head or the City Administrator may order a deviation from the fee schedule listed in **Attachment B** provided such deviation is in the best interest of the public or public safety. The fee schedule is subject to change from time to time through Resolutions approved by City Council.
9. The Public Records Act grants jurisdiction over disputed questions of access to the District Court. Should a member of the public seek access to denied records, he or she may apply to the court for an order to the custodian of the record to show cause as to why the custodian is not allowing access. The custodian of the records may also apply to the court for an order prohibiting access when the custodian of the records believes that "disclosure of the contents of the records would do substantial injury to the public interest," even if access to the records is otherwise allowed under the act.
10. Public Record Requests for the City of Sheridan Police Department and the City of Sheridan Fire Department shall be subject to the procedure defined in **Attachment C and D** respectively.

II. Public Records Disclosure

A. The Wyoming Supreme Court has identified a constitutional right of access to public records. The Wyoming Public Records Act should be interpreted liberally in favor of disclosure. Department records shall be available to the public unless a legal prohibition to disclosure can be shown.

B. The department has discretion to prohibit access to certain records on the grounds that disclosure would be contrary to the public interest or constitute an unwarranted invasion of privacy.

C. When withholding information from public disclosure, custodians must use their discretion on a selective basis, rather than through withdrawal of entire categories of records.

D. If records are withheld, the records custodian has the burden to show:

1. That the harm caused by disclosure is based in fact and not merely conjecture or speculation; and
2. Public-interest protection outweighs the public policy which emphasizes disclosure.

III. Public Records Requests

A. The City Clerk is the official custodian of all records which are centrally maintained by the City. Department Heads are the official custodians of all records maintained within their departments. However, with the exception of Police Department and Fire Department records,

all public records requests must be directed to the City Clerk or Customer Service Area. Requests for records from the Police Department shall be made directly to the Police Chief or his designee. Requests for records from the Fire Department shall be made directly to the Fire Chief or his designee.

B. Public records requests will be accommodated during regular business hours between 8:00 a.m. and 5:00 p.m. on regular business days. Public records requests will not be accepted on weekends or holidays.

C. Public records requests shall be made using a form approved by the City Administrator which may be modified by staff from time to time to improve the administrative efficiency of this intended policy and procedures. The City of Sheridan may also offer online application process in an attempt to improve the services provided to the public. The City of Sheridan Police Department and Fire Department may create their own application or online process to improve the services provided to the public.

IV. Inspection (WS § 16-4-202)

A. All public records maintained by the City shall be promptly prepared and made available for inspection to any person during regular business hours. Prompt inspection and copies of records within a reasonable amount of time which shall include the opportunity for legal review. The time for compliance with a request for public records shall depend upon the availability of records and the volume of records requested. Wyoming Statute §16-4-202 provides, in part: "If a public record is readily available, it shall be released immediately to the applicant so long as the release does not impair or impede the agency's ability to discharge its other duties."

B. A public records request may be made in writing or verbally. The City Clerk shall ask the requester to put a verbal request in writing (utilizing the City Public **Records Request** or the online public records request submittal portal),

C. Public records can be accessed by one of the following methods: 1) a request to view public records in person at the Customer Service Area if reasonably accessible; 2) a request for copies of public records which the requester will personally pick up from the Customer Service Area; or 3) a request for copies of public records which the requester wants to have mailed or otherwise delivered to the requester.

D. **Transmitting copies of public records.** A requester may request that copies of public records be transmitted to him or her by U.S. Mail or by any other means of transmission that is available and is conducive to transmitting the public records (Fed Ex, UPS, fax, email). The cost of transmitting must be paid by the requester before the public records will be transmitted. While the City is under no obligation to provide records in electronic format, it is the policy of the City to provide information to the public in the most convenient way that is practical considering all of the circumstances. Therefore, if the City receives a request for information to be made available in an electronic format, such request will be forwarded to the City Clerk for a determination as to whether such information will be generated and released in an electronic format.

V. Fee Schedule (WS §16-4-204)

A. The City may charge reasonable fees for copies, printouts or photographs of public records.

B. The fee schedule is not applicable for brochures, handouts, newsletters, or other items designed for mass distribution, which will be made available free of charge.

C. The City may charge for staff time spent per **Attachment B**.

D. The City shall provide an estimation of cost to the requesting party prior to generating the requested information and shall request that the estimated cost be paid prior to producing the requested documentation.

VI. Denial of a Public Records Request

A. Under certain circumstances, records are not defined as public records under Wyoming Statute §16-4-203. In these situations, the public record request will be denied on that basis. A denial that is responding to a written public records request will also be given in writing. Written reasons for denial will not be required for non-written public records requests. Any denial of public records requested must include an explanation, including legal authority. If portions of a record are public and portions are exempt, the exempt portions are to be redacted and the rest released. If there are redactions, each redaction must be accompanied by a supporting explanation, including legal authority, unless federal or state law authorized or requires the redaction.

B. **Redaction.** This is the process of obscuring or deleting any information that is exempt from the duty to permit public inspection or copying from an item that otherwise meets the definition of a record. Examples of redaction are blacking out or whiting out or cutting out portions of a document. When a public record contains information that is not within the definition of a public record as defined by law, the City Clerk, Police Chief, Fire Chief or Public Records Custodian will make available that portion of the public record that does meet the definition of a public record. The City Clerk, Police Chief, Fire Chief or Public Records Custodian shall make a copy of the Public record, perform the redaction, make a copy of the redacted sheet, and then make the second copy available to the requester. The requester will not be charged for the first copy made. The first copy will be retained by the City Clerk, Police Chief, Fire Chief or Public Records Custodian.

C. **Requests that are ambiguous, overly broad, or difficult to identify.** At times, a requester may make a public records request which may not be identifiable to the City Clerk, Chief of Police, Fire Chief or Public Records Custodian. In such circumstances, the City Clerk, the Chief of Police, Fire Chief or Public Record Custodian shall inform the requester that the public records request is denied but will give the requester an opportunity to more accurately describe the public records sought. If the requester is seeking public records organized in a certain way, but the public records are not organized in that way, the Public Records Custodian will inform the requester of the manner that the public records of the office under discussion are

maintained and accessed. The requester may then submit a public records request that more accurately reflects the organization of the public records and the actual public records sought by the requester.

D. Wyoming Statute §16-4-202(d)(ii)(iii) states "An agency shall provide an electronic record in alternative formats unless doing so is impractical or impossible"; "An agency shall not be required to compile data, extract data or create a new document to comply with an electronic record request if doing so would impair the agency's ability to discharge its duties."

VII. Compliance

A. With any public records request, the City Clerk, Police Chief, Fire Chief or Public Records Custodian reserves the right to consult with legal counsel prior to the release of such public records. This is to allow the City to comply with laws prohibiting the release of certain records.

VIII. Procedures

A. **Requests:** Requests for information, regardless of the method of submittal, shall be entered into a tracking system to identify:

1. The nature of each request. Each request shall be a single record or set of records.
2. Contact information of the person requesting the information if the request cannot be fulfilled at the point of receipt of the request.
3. The date and time the request was received.
4. The identity of the city staff that received the request.
5. Other relevant information as required.

B. **Notification:** All requests shall be submitted to the custodian of the records and notification of the request shall be submitted to the immediate supervisor and/or the Department Head, at a minimum. If additional supervisory levels exist within the department holding the requested record, additional notification may be made to the staff as directed by the Department Head.

C. **Time and Cost Estimate of request:** The custodian of the records requested shall, within a maximum of three (3) business days, notify the required party of the ability, time and cost required to: produce the files for viewing or to provide hard copies or electronic copies. The custodian shall request that the estimated cost be paid for prior to producing the requested documents.

D. Status of the request - communication to request: Within two (2) business days of receiving the time and cost estimate to produce the records; the staff responsible for the receipt of the request, i.e. the Clerk's Office or Customer Service Area shall communicate the time required, the estimated delivery date of the records, and any associated costs to the requester of the records. The staff shall request that the estimated cost be paid for prior to producing the requested documents.

E. Authorization to proceed: Upon confirmation the requestor is affirming the time and cost estimate to produce the record, the receiving staff shall provide authorization to proceed in collecting and delivering the records. Delivery of the records: The city shall endeavor to produce the records, if they are in possession, of any and all documents not otherwise restricted by law within a reasonable time frame considering the operational workload of the department. All efforts will be made to produce the records within seven (7) working days from the date of the authorization to proceed.

F. Reporting: The staff responsible for the receipt of the request, i.e. the Clerk's Office or Customer Service Area shall report the status of all current requests to the department where the records exist and to the City Administrator on a regular basis as directed by the City Administrator. Additional reporting or online review shall be provided to internal and external individuals or organizations as requested.

Maintaining and providing access to public records is a vital part of building and maintaining trust between the City and the community.

A. SCOPE: This policy applies to all public records requests external to the City of Sheridan Wyoming municipal government.

B. REFERENCES: Any reference to “Wyoming Statute,” “State Statute” and/or “statute” throughout this policy refers to the Wyoming Public Records Act (Wyoming Statute § 16-4-201 through 16-4-205).

C. DEFINITIONS:

- a. PUBLIC RECORDS:** includes any information - written, electronic, or in another **physical** form - that is created, received, or used by the City of Sheridan WY in its official function and transactions of public business which is not privileged or confidential by law.
- b. REDACTION:** the process of editing, modifying, or obscuring sensitive or confidential information before making the document available to the public.
- c. MASTER FEE SCHEDULE:** a comprehensive document, adopted via resolution by the City Council that consolidates and establishes all fees assessed by the City of Sheridan, WY and provides formal authority for fee collection.
- d. PERSON IN INTEREST:** The person who is the subject of a record or any representative designated by the person, except if the subject of the record is under legal disability or is the dependent high school student of his/her parents, “person in interest” means the parent or duly appointed legal representative.

D. CUSTODIAN OF RECORDS & RESPONSIBILITIES:

- a.** Department Heads are responsible for records within their department(s).
- b.** Sheridan Police Department records are managed and maintained independently of City records, except where City contracts or similar agreements apply.

- c. The City Clerk is the official custodian of all centrally maintained City records and is responsible for managing public records requests, as designated by City of Sheridan Resolution 25-19.
- d. In addition to overseeing the implementation of this policy, the City Clerk is authorized to amend this policy as necessary to maintain compliance with Wyoming statutes.
- e. All requests, with the exception of Police Department records, must be submitted through the General Public Records Request Process, outlined in Section 6 of this policy, and will be handled by the City Clerk's Department.
 - a. All Police Department requests must be submitted through the Police Department's Public Records Request Process, outlined in Section 7 of this policy, and will be handled by the Police Department Records Technicians.
- E. **COMPLIANCE:** To ensure compliance with all applicable laws governing the release of information, the City reserves the right to consult with legal counsel before releasing records, even if doing so may extend the time needed to fulfill a request.
- F. **RETENTION POLICY:** Resolution 25-19, adopted by the City of Sheridan, establishes that City records will be maintained in accordance with the current, and all future, versions of the Wyoming State Archives Retention Schedule.
- G. **EXCEPTIONS:** Public records will be made available for inspection upon request, with the exception of those specified in statute, Section 4 of this policy, or detailed in Attachment A of this policy.

SECTION 2: RIGHTS, RULES & REGULATIONS

- A. **RIGHT OF ACCESS:** The Wyoming Supreme Court recognizes the public's constitutional right to access public records. Per statute, anyone may request public records without providing a reason. Access is to be interpreted broadly in favor of disclosure, and records should be released unless prevented by a specific legal restriction.
- B. **PROCESSING:** Public records requests will be accepted and processed on regular business days from 8am to 4pm. Requests will not be processed on weekends or City-observed holidays.
- C. **SUBMISSION OF REQUEST:** Whenever possible, a public records request must be submitted through the City's Online Public Records Request Portal. If the requester is unable to use the online system due to lack of online access or another identified hardship, City staff will receive the request in writing and assist in entering the request into the system on their behalf. Verbal requests will not be considered.
- D. **METHODS OF ACCESS** - Public records may be accessed through one of the following methods:

- a. Receiving the documents electronically via the Online Public Records Request Portal, when available (See Section 3);
- b. Requesting copies of the records to be picked up in person at Customer Service, subject to the printing fees outlined in the City's Master Fee Schedule;
- c. Viewing the records in person, by prior arrangement, if reasonably accessible;
- d. Requesting copies of the records to be physically mailed. *The printing fees and cost of mailing the requested records must be paid by the requester prior to shipping.*

E. TIMELINESS OF INSPECTION:

- a. **READILY AVAILABLE:** When records are readily available, including through the City's Online Public Records Portal, requesters will be directed to access them at no cost.
- b. **30 DAYS OR GOOD CAUSE:** The City will provide timely access to public records in accordance with applicable law. All public record requests must be released no later than thirty (30) calendar days from the date of acknowledged receipt of the request unless good cause exists preventing release as authorized. If good cause exists, the records may be released on a specified date mutually agreed to by the requester and the City. If a release date cannot be agreed upon, the applicant may file a complaint with the State Ombudsman or use the compliant form available on the Governor's website.
- c. **VARIATIONS:** The timeframe for fulfilling a request may vary based on timeliness of payment, the nature, volume, and availability of the records, as well as any necessary legal review, while avoiding unnecessary interference with the City's regular duties.

F. OUTSIDE CITY CUSTODY: If the public records requested are not in the custody or control of the City of Sheridan, the custodian of records must notify the applicant within seven (7) business days and provide the name and contact information of the appropriate agency, if known.

G. UNAVAILABLE RECORDS: If the records requested are in active use or are in storage and therefore unavailable at the time of request, the custodian of records must notify the applicant of the situation within seven (7) business days from the date of the request. Arrangements will be made when possible, if doing so will not interfere with the regular discharge of duties.

SECTION 3: ELECTRONIC FULFILLMENT PROVISIONS:

A. The City strives to accommodate specific formatting requests for public records whenever possible. However, the City is not required to compile data, extract information, or create new documents in order to fulfill a request. This includes reformatting, reorganizing, or manipulating information beyond its original or retained

format if doing so would impair the City's ability to discharge its duties. If information is readily available in an alternative file format (e.g., Excel instead of PDF), it will be provided in the requested format. Otherwise, records will be furnished in the format in which they are routinely maintained by the City. If the requested format is not available, the requester will be advised and will be asked to either revise or withdraw their request.

- B.** The City will accommodate requests for electronic copies of public records whenever possible. However, if the records do not exist in an electronic format or if compiling them electronically would place an undue burden on staff resources, the City may instead provide them in an alternative available format. In such cases, the requester may choose to decline the records prior to fulfillment without incurring any charges.
 - a.** If the custodian lacks the necessary equipment, facilities, or staff to produce copies, the requester may access the records for the purpose of copying them personally, provided this occurs while the records remain in the custodian's possession and under their supervision.
- C.** The City is not obligated to allow inspection or copying of a record in its electronic format if doing so would jeopardize or compromise the security or integrity of the original record or of any proprietary software in which it is maintained.

SECTION 4: EXCEPTIONS & DENIAL CONSIDERATIONS

- A. AMBIGUOUS OR BROAD REQUESTS:** If a public record request is unclear, overly broad, or difficult to identify, the records custodian will notify the requester that the request cannot be fulfilled due to insufficient specificity. The requester will, however, be given an opportunity to clarify or more accurately describe the nature of their request.
- B. EXCEPTIONS & REDACTION:** If a record contains both public and exempt information, the exempt portions will be redacted and the remaining public portions will be released. The designated records custodian will ensure only the information subject to disclosure under the law is provided to the requester.
- C. REQUIRED DENIAL OF REQUEST:** The record custodian shall deny a record request as provided in Attachment A or as required by statute, unless otherwise provided by law.
- D. DISCRETION TO WITHHOLD RECORDS:** Departments may withhold access to certain records if disclosure would be contrary to the public interest.
- E. COURT REVIEW OF DENIALS:** If a public records request is denied in full (for example, if the records are unavailable even with redaction), the requester may petition the District Court to review the denial. The court may order the records custodian to justify the decision. Likewise, if the custodian believes releasing records—even those normally accessible—would cause substantial harm to the public interest, they may seek a court order to withhold those records.

- F. BURDEN OF PROOF** - When withholding or redacting records or denying a records request, the custodian must provide the reason and authority to do so.

SECTION 5: FEE AUTHORIZATION

- A. FEE SCHEDULE:** Wyoming Statute authorizes the city to charge reasonable fees for costs and services associated with fulfilling public records requests, including staff time. The detailed fee schedule for both general requests and police department records can be found in the City's most recently approved Master Fee Schedule.
- a. When applicable, if a document is available via the Online Public Records Portal - or if it is appropriate and feasible to add the document to the portal - City staff will direct the requester to access the document online at no cost.
 - b. Fees do not apply to brochures, handouts, newsletters, or other items designed for mass distribution, which will be made available free of charge.
- B. DEVIATIONS:** The City Administrator or a Department Head may approve deviations from the fee schedule if doing so serves the public interest or enhances public safety.
- C. REVISIONS:** Public Record Request fees may be subject to revisions via statute or through the City's Master Fee Schedule, which is approved via Resolution by the City Council.
-

If known, the custodian will provide the name and contact information of the appropriate agency. If the records do not exist—either because they were never created or were lawfully destroyed under the City's records retention policy—the requester will be notified and the request will be closed.
 - b. INVALID OR UNCLEAR REQUEST:** A request may be considered invalid or unclear if it is not submitted in writing, does not seek an existing record, asks for explanations or opinions, or is overly broad. In such cases, the requester will be notified and given an opportunity to clarify. If no clarification is provided, or if the clarification remains insufficient, the request will be closed.
 - c. VALID REQUEST:** If a request is determined to be valid and the parameters are clear, it will move forward for invoice processing.

The custodian of public records will allow anyone to inspect records unless doing so would violate state law, federal law, a court order, or is determined to be against the public interest as allowed by law.

Note: This policy does not list every exception. For the full list, see Wyoming Statute § 16-4-203. All state law exceptions apply to the City of Sheridan, even if not mentioned here.

A. General Records Not Available for Public Inspection:

- a. **Examination Materials:** Test questions, scoring keys, and other exam materials used for licensing, hiring, or academic testing are not open to public review. However, written promotional exams and the resulting scores may be inspected—but not copied—by the person who took the exam, after the tests have been completed and graded.
- b. **Real Estate Appraisals for Public Use:** Unless otherwise allowed by Wyoming law or accessed by the property owner, the contents of real estate appraisals made for the state or a local government in connection with acquiring property for public use are not open for public inspection until the property has officially transferred to the state or local agency. The property owner may view the appraisal at any time.
- c. **Internal Government Communications:** Internal memos or letters shared within or between government agencies that wouldn't be available to a private party in a lawsuit against the agency are not subject to inspection.
- d. **Consensus Revenue Estimating Group (CREG) -** Any records revealing considerations, discussions or tentative decisions made by the CREG.

B. Security-Sensitive Records Not Available for Public Inspection:
