Agenda Title: National Gun Violence Awareness Day Proclamation

EXPLANATION OF ISSUE

On January 21, 2013, Hadiya Pendleton marched in President Obama's second inaugural parade. Just one week later, she was tragically shot and killed on a playground in Chicago. To honor her life, Hadiya's friends wore orange—the color hunters wear to protect themselves and others—sparking the Wear Orange movement. First observed on June 2, 2015, what would have been her 18th birthday, Wear Orange has since grown into a national call to end gun violence.

National Gun Violence Awareness Day now takes place on the first Friday in June, marking the start of Wear Orange Weekend. This year, we observe the 11th annual event on June 6, 2025.
We also recognize the role of prevention through responsible gun ownership. The Be SMART campaign promotes secure firearm storage—guns unloaded, locked, and separate from ammunition—as a critical step in protecting children and saving lives. Every adult has a role to play in keeping our communities safe.

ACTION REQUESTED

Community Engagement Program Coordinator, Maddie Bauer, requested a proclamation for National Gun Violence Awareness Day, on behalf of the organization Be Smart for Kids.

BACKGROUND INFORMATION

Dates of Previous and Potential Future Considerations

This is the first time the city has issued this proclamation.

Public Involvement

Recognizing National Gun Safety Awareness Day encourages all members of our community to take part in the Be SMART campaign by promoting secure firearm storage—keeping guns unloaded, locked, and separate from ammunition—to prevent unauthorized access and protect our children and neighborhoods.

III. Communications and the Role of Councilors

1. Responses to the Public

- All public statements, information, or press releases relating to the official positions, policies, or decisions of the City should be handled by the Mayor, City Manager, or designee.
- Councilors may respond to community requests for information or share their personal opinions as Councilors.
- When sharing information, it is important to be clear whether the Councilor is stating personal opinions or sharing the majority position of the Council.
- Only the City Council as a body can make promises or commitments on behalf of the City.

2. **Social Media**

- All content on social media accounts used for City business is considered public record.
- Any social media account on which the Mayor/Councilor posts information about City business, or information that might be construed by the public as being about City business, must be archived by the City and treated in accordance with Oregon Public Records Law.
- All posts on social media regarding a decision potentially before Council should include a disclaimer that the views expressed represent the views of the author and not the views of the Tigard City Council.
- When commenting on another Mayor/Councilor's social media post regarding a decision potentially before Council, Mayor/Councilors should be mindful of Public Meetings Law.

3. **Communications with the Organization**

- The City Council respects the separation between policymaking (Council function) and administration (City Manager function) and strives to work with City teammates in the spirit of partnership, mutual respect, and support.
- The City Council respects the professional duties of the City Manager and City teammates.
- The City Council relies on the City Manager to direct the administrative functions of the organization and will refrain from interfering with the team's ability to implement policy decisions, including directing the work of teammates.

4. **Representing the City 24/7**

- If a member of the City Council appears before another governmental agency and is representing the City, the member must support and advocate for the official City position on the issue rather than a personal viewpoint. If the member is not representing the City, the member must state at the beginning of their testimony they are representing their personal opinion and are not sharing the position of the City or Council.

5. **Boards and Committees**

- The Mayor interviews and selects members of public boards and committees; the Council votes to ratify the proposed appointments. The Mayor will provide applications, interview notes, and a recommendation statement summarizing why the person is recommended for a particular board with Council at least two weeks prior to Council's vote.
- The Mayor may invite one additional member of Council to sit in on an interview. Being mindful of time constraints, the Councilor will not actively participate in the interview.
- The Mayor will provide proposed appointments to the Council at least two weeks before Council consideration in order for the respective Council liaisons to arrange

a meeting with the individuals recommended for appointment, at the liaisons' discretion.

- The Mayor makes recommendations for Council liaison assignments and alternates to boards and committees based on input provided by the Council members; the Council votes to ratify the proposed assignments. Internal working groups are not considered boards and committees for purposes of these Ground Rules.
- For City of Tigard boards and committees, unless otherwise required, Council liaisons are not members/participants of their assigned boards or committees; their role is limited to sharing information between boards/committees and the Council, and serving as a point of reference for the Council regarding board and committee matters. For external boards and committees, such as the Metropolitan Area Communications Commission, Council members are full participants with voting authority. Council members serving on internal subcommittees or special committees may also be expected to be voting members.
- The term for liaisons is 1 year for internal boards and committees and 2 years for external board (for example, Lake Oswego-Tigard Joint Water Partnership Oversight Committee or Willamette Intake Facility).
- Council liaisons may be appointed to consecutive terms, at the discretion of the Mayor and Council.

6. City Council Agenda Item Request Procedures

- All voices should have a clear and respectful avenue to be heard during Council meetings. Should a member of Council wish to bring forward an item for Council consideration, the Councilor will submit the request to the Mayor and City Manager. Such requests should be submitted reasonably in advance, so as to allow five days to respond. Where extenuating circumstances make a five-day response unreasonable, the request will be submitted with as much time as possible to allow for the Mayor and City Manager to prepare and respond.

- OR -

- All voices should have a clear and respectful avenue to be heard during Council meetings.
- Should a member of Council wish to bring forward an item for Council consideration, the Councilor will submit the request to the Mayor and City Manager in writing, preferably email, by Monday at noon.
- The City Manager may send notification out to the entire City Council asking if there is interest in having the item on a future City Council agenda. If 3 Councilors express interest, an item will be added to a future agenda.
- For other items, the Mayor and/or City Manager will respond in writing within 5 business days to the request with recommended next steps which may include staff research and/or a future memo, placement on a future agenda, or placement on immediate agenda, etc.
- The non-agenda item on the City Council regular agenda is intended for housekeeping items to take care of city business and is not a place to bring up new

agenda items that have not gone through the official request process above. If an item is brought up, it will be referred to the above process and not discussed.

IV. Administering the Council Ground Rules

- All members of the City Council will review the Ground Rules and sign that they agree to comply.
- If the Mayor or a Councilor believes one of the rules has been violated, they should use the "first-person rule" and address the concern with the individual first. If the issue persists, or where the Council Member does not feel comfortable addressing with the individual, that Council Member may go directly to the City Manager, Mayor, or Human Resources Director.
- The Mayor, City Manager, and appropriate City staff (i.e. HR Director, City Attorney) should collaboratively determine next steps, including whether a recommended course of action should be brought before the Council. If the alleged violation is against the Mayor, the Council President should participate in the recommendation.
- The recommendation may be placed on a Council agenda, consistent with the City's Charter.

Agenda Title: Briefing on 72nd Avenue Pre-Design Project

Authored By: Courtney Furman

Public Hearing

Publication Date:

Information

EXPLANATION OF ISSUE

This will be a briefing regarding the 72nd Avenue Pre-Design project (CIP 95072) that is nearing completion of the preliminary design efforts. The 72nd Avenue Pre-Design project developed a 10% engineered design building off of the preferred alignment from the 72nd Avenue Transportation Corridor Study for SW 72nd Avenue between Pacific Highway and Highway 217. The Project further developed the north section of SW 72nd Avenue between Pacific Highway and Dartmouth Street to a 30% engineered design. The future Red Rock Creek Trail crossing was included in the design. The design promotes the complete street design concept and will create safe and continuous bicycle and pedestrian routes with sidewalks, cycle tracks (protected bike lanes), on-street parking and bus stops.

ACTION REQUESTED

This is an update regarding the 72nd Avenue Pre-Design project. No action is needed by Council.

BACKGROUND INFORMATION

Dates of Previous and Potential Future Considerations

The 72nd Avenue Pre-Design project (CIP 95072) began in March, 2024. Council approved the consultant contract in February, 2024.

Public Involvement

The project included a robust public involvement process, which helped to further refine the preferred design that was identified through the corridor study. The public involvement effort included focus groups, targeted outreach with residents and businesses, a neighborhood meeting, several advisory committee meetings, a project visualization video, and an online story map.

Impacts (Community, Budget, Policies and Plans/Strategic Connection)

This project was identified in Tigard's Transportation System Plan (TSP), aligns with Tigard's Complete Streets Policy, and has been recently identified as a safety priority through Tigard's Safe Streets Action Plan (currently underway).

This project supports Tigard's Strategic Plan to "create a well-connected, attractive, and accessible pedestrian network"(Strategic Priority 2) with improvements that will create a safe, accessible, and continuous pedestrian network on SW 72nd Avenue in the Tigard Triangle. This project also supports Tigard's Strategic Plan to "ensure development and growth support the vision" (Strategic Priority 3) through the complete streets design and equity lens of the project.
