Agenda Item #8

Mayoral Candidate Questions

Council Meeting October 7, 2025

Staff solicited questions from remaining Council members, City employees, and community members.

Staff then compiled questions based on shared themes. Half of the questions are listed below and made available to the interested candidates and the other half will be confidential until the Council interview.

1. What should the top goals of the mayor be, and how will progress be measured?
2. What leadership experiences, policies, or achievements best demonstrate how you would serve as mayor?
3. How can Tigard balance traffic flow and safety when making infrastructure decisions?
4. What strategies would you pursue to strengthen the local economy and support small and large employers alike?
5. How will you promote inclusion, equity, and community safety?
