**Re: Proposal for Professional Services
Asbestos Abatement Consulting
916 Houston Street
Laredo, Texas 78040
OES Proposal No. OES-E24008-21**

Dear Mr. Bratton:

Pursuant to your request, ***O'Connor Engineering & Science, Inc. (OES)*** is pleased to present our proposal for professional services as referenced above. The following paragraphs discuss our proposed scope of work.

PROPOSED SCOPE OF WORK

Specifications - An **OES** TDSHS Licensed Individual Asbestos Consultant (IAC) will develop a written Scope of Work Plan to include computer aided drafting and design (CADD) drawings and outlining proper handling procedures for the ACBM at the building. The said specifications shall be used during the demolition in-place operations.

On-Site Air Monitoring - **OES** will provide a TDSHS licensed Asbestos Air Monitoring Technician on the project site to collect air samples as needed during the course of the work.

Documentation of Project Progress - A TDSHS licensed AIC or TDSHS licensed Project Manager with the written authority of the IAC will observe and monitor the progress of the contractor and maintain a daily log of the activities at the project site. The AIC will provide technical guidance, specification interpretation, and amendments as required.

Clearance Report - Upon completion of the project, **OES** will submit a clearance report outlining the project activities including supporting documentation and a statement regarding the adequacy of the work conducted.

PROFESSIONAL FEE AND TERMS

Our proposed scope of work will be completed for a **total fee in the amount of \$3,800.00.** This fee encompasses the costs associated with completing the scope of work described herein.

If the scope of work and project fees are acceptable, please provide us with notice to proceed by returning a signed copy of this letter proposal to our office.

We appreciate the opportunity to provide you with our proposal. If you have any questions or if you require our assistance in another capacity, please call us in Laredo at 956.728.1123.

Sincerely,

O'CONNOR ENGINEERING & SCIENCE, INC.
