Notes:

1. The above options include new equipment for the Webb County Fair Grounds, Webb County Golf Course, Fred and Anita Community Center and Webb County Tax Assessor.
2. New KIP wide format equipment to be installed at Webb County Sheriff's Office and County Clerk; current equipment within the Sheriff's Office and Clerk can be relocated to other departments (example Engineering, Planning, Road/Bridge, Building Facilities or any department that would need to print/scan large format prints, such as *building plans, architectural drawing, engineering plans, arial drawings*)
3. Option 1, the County shall have unlimited black prints and 360,000 color print allowance per quarter in quarterly lease payment.
4. Toshiba equipment has Department code functionality, which allows the County Department Heads to authorize, limit and/or restrict users for color copies/prints via individual user codes. Reports can also be generated to review color usage.
5. Cost saving chart above is based on current Toshiba agreements, additional expenses from Kyocera and Ricoh are not considered in the above chart. Elimination of these agreements shall increase the County's overall savings.

TOSHIBA

Business solutions for here, there, everywhere.

We provide everything you need to create a holistic work environment that evolves with you, no matter where the job takes you.

Toshiba America Business Solutions, Inc. (TABS)

TABS is an independent operating company of Toshiba Tec Corporation, one of the largest integrated electronics and electrical equipment companies in the world with more than 140,000 employees globally and annual sales surpassing \$37 billion. TABS is a leading managed print and content solutions provider with experts that help organizations print smarter, improve workflow and communicate better.

Our current and future commitment is to continue to improve and enhance the functionality and capabilities of our digital imaging products and content solutions. Toshiba invests more than 6% of its annual revenue to Research & Development, and deploys a network of R&D centers around the world. In an average year, we're awarded more than 5,000 patents, many of which find their way either directly or indirectly into our multifunction office solutions products.

Our Vision

Empowering people, innovation and information.

Our Mission

We empower personalized print and digital services and solutions to help clients seamlessly create and integrate information in order to optimize productivity and communication.

Toshiba toner is manufactured and available in USA.

Amid recent toner shortages affecting users nationwide, rest assured that our toner is readily available and produced right here in Mitchell, SD

The largest of Toshiba's two global manufacturing plants, it produces more than 1,200 tons of toner annually – that's nearly a million cartridges of black, cyan, yellow, and magenta that make your prints stand out.

The plant in Mitchell focuses on premium quality, environmental sustainability, and occupational health and safety standards within its 25-acre facility. It holds several ISO certifications and recently celebrated its 35th anniversary.

Dedicated To Keeping Your Business Running

Our US toner manufacturing plant means you're never far from product availability. And, with Toshiba manufactured toner, you're guaranteed the best product for your device.

Our Toner:

- Follows strict ISO manufacturing guidelines
- Meets rigorous testing
- Delivers high-quality product for consistent results

From the vibrant colors to the beautiful imagery, it takes quality toner to make an impact. And that's what we deliver.
