

EViD[®] ★ Edge

The EViD Edge is easy for an election worker to use. Simply open the case, power up the tablet, and begin processing voters - in under 30 seconds. Its exceptional durability and value deliver a successful election, every time.

All-in-One Case, Easy for Pollworkers

The EViD Edge electronic pollbook solution comes packaged in an all-in-one case, making for an easy and error-proof set-up for pollworkers. The system arrives fully configured and ready-to-go right out of the box. With the EViD Edge your polling station will be up and running in minutes.

Supports Early Voting and Vote Centers

The EViD solution integrates seamlessly with Florida's voter registration system and supports vote centers during early voting and on Election Day. With streamlined voter verification and check-in, including absentee status and mail ballot tracking, EViD helps jurisdictions expand the opportunities for voters to securely cast their ballots.

"The EViD electronic pollbook has been **a great asset**. Pollworkers find it **easy to use** and checking in voters is **quicker and more efficient** than ever."

KARYN DOUGLAS, MONTGOMERY COUNTY, INDIANA
CLERK OF THE CIRCUIT COURT

Efficient and Accessible

EViD is a mobile solution: unsnap the tablet from its stand and use the convenient handheld strap, and the printer unit can be clipped to a belt or crossbody strap. Batteries in the EViD tablet and the printer power the system for a minimum of six hours and can be replaced with a fresh battery, allowing the EViD to function all day without connecting to an external power source. The ability to seamlessly print tickets anywhere helps to manage check-in lines, reduce wait times and crowd size, and offer ADA voters a convenient, accessible option.
