VIDEO-AS-A-SERVICE OVERVIEW

Video-as-a-Service (VaaS) is a subscription-based solution that provides agencies with Motorola's industry-leading evidence collection and management tools. VaaS includes access to high definition camera systems and the VideoManager EL Cloud evidence management platform.

VideoManager EL Cloud automates data maintenance and facilitates administration of your department's devices in a Government cloud-based storage solution. Agencies can capture, record, store, and efficiently manage all evidentiary data with VideoManager.

In addition, the VaaS solution can be expanded with CommandCentral Evidence to provide a single, streamlined workflow in the industry's only end-to-end digital evidence management ecosystem.

When combined into a single solution, these tools enable officers in the field to easily capture, record, and upload evidence, as well as efficiently manage and share that evidentiary data. Because Video-as-a-Service requires no up-front purchase of equipment or software, it provides a simple way to quickly deploy and begin using a complete camera and evidence management solution for a per device charge, billed quarterly.

Any sales transaction following Motorola's quote is based on and subject to the terms and conditions of the valid and executed written contract between Customer and Motorola (the "Underlying Agreement") that authorizes Customer to purchase equipment and/or services or license software (collectively "Products"). If no Underlying Agreement exists between Motorola and Customer, then Motorola's Standard Terms of Use and Motorola's Standard Terms and Conditions of Sales and Supply shall govern the purchase of the Products.
