**RE: Transmittal Letter
RFQ 2025-015
On Call Geotechnical Engineering Services
for County Projects**

Dear Mr. Guerrero:

CASTLE ENGINEERING & TESTING, LLC (CET) is extremely interested and excited about participating in the **RFQ 2025-015 On Call Geotechnical Engineering Services for County Projects**.

CET's personnel are available and ready to devote the time and resources necessary to successfully provide the requested engineering services for any Webb County upcoming projects. Our team will meet or exceed the level of quality recognized as industry standards by other professionals in the industry. CET's team will be led by myself and will include personnel who have worked on past Webb County projects as well as many other relevant projects.

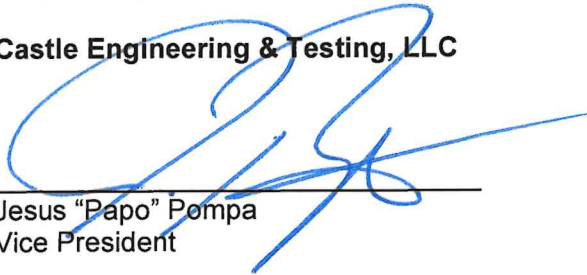

Commitment – Our commitment is to provide immediate superior professional and personal service to The County of Webb.

We appreciate the opportunity to submit this SOQ and look forward to working collaboratively with the County of Webb on a rotation basis. **This SOQ is valid for ninety (90) days from the deadline of submission.** I will be the contact person and can be reached via telephone at 956.727.3530, by fax at 956.727.3384, or by email at jpompa@castleet.com. Additional contacts for CET are Mr. Jesse P. Rodriguez, P.E. and Mr. Eloy Robles, Jr. Their emails are jrodriguez@castleet.com and erobles@castleet.com

Please feel free to call us if you have any questions regarding this letter RFQ or if we may be of further service.

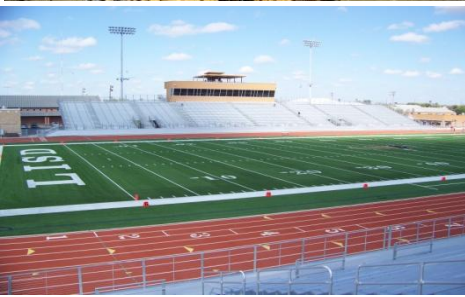

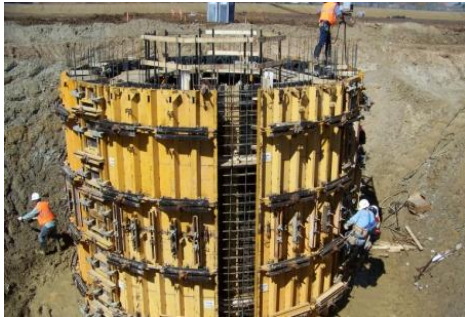

Respectfully submitted,

Castle Engineering & Testing, LLC

Jesus "Papo" Pompa
Vice President

STATEMENT OF QUALIFICATIONS

LAREDO, TEXAS 78046
TBPE REGISTRATION No. F-10341**

RFQ 2025-015

Executive Summary

This document presents a general overview of the qualification and experience of **CASTLE ENGINEERING & TESTING, LLC (CET)**.

CET offers a comprehensive range of services through the disciplines of: Geotechnical, Environmental, and Construction Materials Engineering services. Our staff includes two professional engineers, a laboratory manager, a radiation safety officer, field/lab technicians, and administrative personnel with extensive and varied experience.

If we could be of any service in your project plans, please contact any of the individuals listed below.

Jesse P. Rodriguez, P.E. – President
Jesus “Papo” Pompa – Vice President
David Quintanilla, P.E. – Secretary/Treasurer
Eloy Robles, Jr. – Radiation Safety Officer
Rosie Perez – Project Secretary

Any of these individuals can be reached as follows:

1. Firm Introduction

CASTLE ENGINEERING & TESTING, LLC (CET) was established in 2007, the company started operations with highly qualified and experienced professionals along with locally recognized and experienced support staff team members. CET is a moderately sized firm, yet our experienced staff of professionals allows us to service both small and large projects. We provide personal attention to every project, a distinct and significant advantage in having a firm of our size to serve you.

CET provides services to a diverse group of clients that include lending institutions, developers, engineers, architects, utility companies, government agencies, insurance companies, law firms, manufacturing industries, military, petro-chemical companies, property owners, contractors, retail-franchise companies, learning institutions, school districts, religious orders, and health care companies.

CET offers a comprehensive range of services through the disciplines of: Geotechnical, Environmental, and Construction Materials Engineering services. Each division operates under the proven leadership of experienced engineers.

Our professionals are registered and involved in the following professional affiliations:

- American Society of Civil Engineers
- National Society of Professional Engineers
- Texas Society of Professional Engineers
- Travis Chapter Society of Professional Engineers
- American Concrete Institute
- American Society for Non-Destructive Testing
- American Welding Society
- Prestressed Concrete Institute
- National Roofing Association

Castle Engineering & Testing, LLC, located at 3302 Cuatro Vientos Dr., Suite 12, Laredo, Texas, 78046, 956.727.3530, is managed by Mr. Jesse P. Rodriguez, P.E., Mr. David Quintanilla, P.E. and Mr. Jesus "Papo" Pompa. Technical support provided is by Mr. Eloy Robles, Jr.

2. Areas of Specialization

CASTLE ENGINEERING & TESTING, LLC (CET) offers a comprehensive range of services through the divisions of:

- **GEOTECHNICAL ENGINEERING**
- **CONSTRUCTION MATERIALS ENGINEERING & TESTING**
- **ENVIRONMENTAL ENGINEERING**
- **FORENSIC ENGINEERING**

Each discipline operates under the leadership of experienced professional engineers and staff engineers.

CET utilizes state-of-the-art methodologies and equipment in providing effective support for all projects. For any given project, CET's goals are to effectively and efficiently alleviate the problems identified during site assessment, while minimizing both costs and liabilities incurred by responsible parties.

Castle Engineering & Testing, LLC

Fax: 956.727.3384

2.1 Geotechnical Engineering

The Geotechnical Engineering division conducts subsurface investigations to aid in the design of engineered structures such as landfills, lagoons, dams, commercial and residential buildings, roads, bridges, and industrial facilities.

Services include site-specific collection and testing of earth materials to determine suitability for proposed uses, development of optimum foundation designs, recommendations regarding slope stability, suitability of earth materials for fill and settlement analysis.

The Geotechnical Engineering Division has performed subsurface exploration/suitability studies and designs for schools, high-rise office complexes, hotels, shopping centers, airports, highways, bridges, water and wastewater plants; and dams. Our solutions and recommendations are based on knowledge of the area geology and subsurface conditions along with engineering judgment to meet the client and project needs. Regardless of the size and type of project or working conditions, CET delivers prompt and comprehensive results. After soil and rock samples are obtained, CET can perform a varied array of soil tests in our laboratory.

Our work is complemented by providing drilling services and a complete materials testing laboratory in-house. We perform our tests in accordance with appropriate ASTM, AASHTO or TxDOT procedures as dictated by the project specifications.

Specific geotechnical engineering services provided by CET include the following:

- Building/Structure Foundation Evaluation
- Groundwater Analysis
- Earth Structure Design and Analysis
- Geologic Hazard Analysis
- Geologic Resource Evaluation – Drilling – Coring
- Soil Resistivity Surveys
- Mining Process Design
- Environmental Design

Castle Engineering & Testing, LLC
3302 Cuatro Vientos Dr., Suite 12
Laredo, Texas 78046
Phone: 956.727.3530
Fax: 956.727.3384

2.2 Construction Materials Engineering & Testing

The Construction Materials Engineering and Testing division provides engineers and experienced staff with a full range of quality assurance and quality control services. Our capabilities include construction inspection, steel inspection, roof testing, concrete, soils and asphalt testing, materials testing and specialty batch plant inspections. This branch also provides concrete and asphalt mix designs and recommendations related to soil improvement techniques. A detailed description of our construction materials engineering services includes the following: Construction Materials Engineering (CME), Construction Materials Testing (CMT) and Construction Observation and Testing.

To assist in reducing the potential for problems that may arise during construction, CET materials engineers can work with owners, design professionals, and contractors to provide technical expertise during preparation of project specifications and for analysis of the engineering and physical properties of construction materials and manufactured products.

CET construction materials engineers can also assist in failure investigations or damaged structural elements, materials or products. Our materials engineers can employ both destructive and non-destructive testing programs during their studies or investigations.

Field quality control operations are supported by several technicians and equipment including nuclear gauges, and concrete and asphalt testing apparatus.

Specific material and construction quality control services provided by CET include the following:

- Asphaltic Materials Testing & Mix Designs
- Concrete Materials Testing & Mix Designs
- Concrete Cylinder Compression Tests and Flex Beams
- Statistical Analysis of Concrete Testing Data
- Field Soil/Rock Fill Compaction Testing
- Field Concrete Testing
- Concrete Core Sampling
- Field Masonry Testing
- Field Asphaltic Testing
- Construction Observation & Documentation

Castle Engineering & Testing, LLC

Laredo, Texas 78046
Phone: 956.727.3530
Fax: 956.727.3384

2.3 Environmental Engineering

CET can enhance and supplement its capabilities through its association with other firms that we have regularly worked with on different projects. Depending on the client's needs, the scope of work required, and the project schedule, CET can serve as the lead professional or as a subconsultant.

Soil and water specimens requiring analysis for toxicity and hazardous substances are subcontracted to analytical laboratories that are fully certified in accordance with SW-846. Our staff of experienced engineers manage and supervise all subcontracted services

All environmental projects are managed by experienced engineers knowledgeable in current environmental legislation as it applies to site assessments and property transactions. One of the primary objectives of CETs approach to project management is to facilitate the multi-party negotiations required for successful property transactions while protecting the interests of the client and preserving the client/consultant bond. All of our reports and findings are confidential property of the client and are only released to outside parties with the client's knowledge and approval.

Specific environmental services provided by CET include the following:

- Phase 1 Environmental Site Assessments (Pre-Acquisition)
- Phase 2 Environmental Site Assessments
- Phase 3 Environmental Site Assessments
- Spill Prevention, Control and Countermeasure (SPCC) Plans
- Wetlands Identification and Permitting
- Water Rights Acquisition
- Monitor Well Installations
- Environmental Management
- Remedial Action Plans
- Asbestos Abatement/Monitoring Services
- Asbestos Survey
- Indoor Mold Assessments
- Indoor Air Quality Assessment
- Lead Based Paint Consulting

Fax: 956.727.3384

2.4 Forensic Engineering

CET provides investigations and expert witness services for Construction Defects and Disputes; Structural, Civil, & Mechanical Failures, Roofing and Waterproofing and Waterfront Structures.

Mr. David Quintanilla, P.E. and Mr. Jesse P. Rodriguez, P.E. have over sixty years combined experience performing and managing forensic investigation projects.

Specific forensic services provided by CET include the following:

- Forensic Investigations
- Failure Analysis
- Expert Witness Testimony
- Construction Defect Investigations
- Ground Movement & Failures
- Wind & Hail Damage
- Envelope/Water Intrusion
- Foundation/Structural Damage
- Structure/Vehicular Impact
- Flooding
- Lightning Strike
- Roofing Failure
- Residential/Commercial MEP Failures

5. Project List

Project Name: ICU Expansion Doctors Hospital

Description: CET monitored construction materials engineering and testing services for this project. Our services included testing and observations in the following categories as scheduled: Earthwork/Soils Testing, Concrete Testing, and Project Management (Progress Meeting and Special Inspections). Services were performed in a manner consistent with the level of care and skill requested by members of the Universal Health Services, Inc.

Project Value: \$37,000.00

Project Name: Laredo College – Health Science Center

Description: CET monitored construction materials engineering and testing services for this project. Our services included testing and observations in the following categories as scheduled: Earthwork/Soils Testing, Concrete Testing, Asphaltic Concrete Testing and Project Management (Progress Meeting and Special Inspections). Services were performed in a manner consistent with the level of care and skill requested by board members of the Laredo College

Project Value: \$90,000.00

Project Name: Clear Choice – Freestanding Emergency Room

Description: CET monitored construction materials engineering and testing services for this project. Our services included testing and observations in the following categories as scheduled: Earthwork/Soils Testing, Concrete Testing, Asphaltic Concrete Testing and Project Management (Progress Meeting and Special Inspections). Services were performed in a manner consistent with the level of care and skill requested by members of Civil Engineering Consultant, Inc.

Project Value: \$24,000.00

Project Name: J.W. Nixon High School – JROTC Building (LISD)

Description: CET monitored construction materials engineering and testing services for this project. Our services included testing and observations in the following categories as scheduled: Earthwork/Soils Testing, Reinforcing Steel Verification (Rebar), Concrete Testing, Structural Steel Observation, Masonry Testing, Asphaltic Concrete Testing and Project Management (Progress Meeting and Special Inspections). Services were performed in a manner consistent with the level of care and skill requested by board members of the Laredo Independent School District.

Project Value: \$26,000.00

CONFLICT OF INTEREST QUESTIONNAIRE

For vendor doing business with local governmental entity

FORM CIQ

This questionnaire reflects changes made to the law by H.B. 23, 84th Leg., Regular Session.

This questionnaire is being filed in accordance with Chapter 176, Local Government Code, by a vendor who has a business relationship as defined by Section 176.001(1-a) with a local governmental entity and the vendor meets requirements under Section 176.006(a).

By law this questionnaire must be filed with the records administrator of the local governmental entity not later than the 7th business day after the date the vendor becomes aware of facts that require the statement to be filed. See Section 176.006(a-1), Local Government Code.

A vendor commits an offense if the vendor knowingly violates Section 176.006, Local Government Code. An offense under this section is a misdemeanor.

OFFICE USE ONLY

Date Received

1 Name of vendor who has a business relationship with local governmental entity.

Castle Engineering & Testing, LLC

2 ☐ Check this box if you are filing an update to a previously filed questionnaire. (The law requires that you file an updated completed questionnaire with the appropriate filing authority not later than the 7th business day after the date on which you became aware that the originally filed questionnaire was incomplete or inaccurate.)

3 Name of local government officer about whom the information is being disclosed.

Name of Officer

4 Describe each employment or other business relationship with the local government officer, or a family member of the officer, as described by Section 176.003(a)(2)(A). Also describe any family relationship with the local government officer. Complete subparts A and B for each employment or business relationship described. Attach additional pages to this Form CIQ as necessary.

A. Is the local government officer or a family member of the officer receiving or likely to receive taxable income, other than investment income, from the vendor?

☐ Yes

☒ No

B. Is the vendor receiving or likely to receive taxable income, other than investment income, from or at the direction of the local government officer or a family member of the officer AND the taxable income is not received from the local governmental entity?

☐ Yes

☒ No

5 Describe each employment or business relationship that the vendor named in Section 1 maintains with a corporation or other business entity with respect to which the local government officer serves as an officer or director, or holds an ownership interest of one percent or more.

6 ☐ Check this box if the vendor has given the local government officer or a family member of the officer one or more gifts as described in Section 176.003(a)(2)(B), excluding gifts described in Section 176.003(a-1).

CONFLICT OF INTEREST QUESTIONNAIRE

For vendor doing business with local governmental entity

A complete copy of Chapter 176 of the Local Government Code may be found at <http://www.statutes.legis.state.tx.us/Docs/LG/htm/LG.176.htm>. For easy reference, below are some of the sections cited on this form.

Local Government Code § 176.001(1-a): "Business relationship" means a connection between two or more parties based on commercial activity of one of the parties. The term does not include a connection based on:

- (A) a transaction that is subject to rate or fee regulation by a federal, state, or local governmental entity or an agency of a federal, state, or local governmental entity;
- (B) a transaction conducted at a price and subject to terms available to the public; or
- (C) a purchase or lease of goods or services from a person that is chartered by a state or federal agency and that is subject to regular examination by, and reporting to, that agency.

Local Government Code § 176.003(a)(2)(A) and (B):

- (a) A local government officer shall file a conflicts disclosure statement with respect to a vendor if:

- (2) the vendor:

(A) has an employment or other business relationship with the local government officer or a family member of the officer that results in the officer or family member receiving taxable income, other than investment income, that exceeds \$2,500 during the 12-month period preceding the date that the officer becomes aware that

(i) a contract between the local governmental entity and vendor has been executed; or

(ii) the local governmental entity is considering entering into a contract with the vendor;

(B) has given to the local government officer or a family member of the officer one or more gifts that have an aggregate value of more than \$100 in the 12-month period preceding the date the officer becomes aware that:

(i) a contract between the local governmental entity and vendor has been executed; or

(ii) the local governmental entity is considering entering into a contract with the vendor.

Local Government Code § 176.006(a) and (a-1)

- (a) A vendor shall file a completed conflict of interest questionnaire if the vendor has a business relationship with a local governmental entity and:

(1) has an employment or other business relationship with a local government officer of that local governmental entity, or a family member of the officer, described by Section 176.003(a)(2)(A);

(2) has given a local government officer of that local governmental entity, or a family member of the officer, one or more gifts with the aggregate value specified by Section 176.003(a)(2)(B), excluding any gift described by Section 176.003(a-1); or

(3) has a family relationship with a local government officer of that local governmental entity.

- (a-1) The completed conflict of interest questionnaire must be filed with the appropriate records administrator not later than the seventh business day after the later of:

- (1) the date that the vendor:

(A) begins discussions or negotiations to enter into a contract with the local governmental entity; or

(B) submits to the local governmental entity an application, response to a request for proposals or bids, correspondence, or another writing related to a potential contract with the local governmental entity; or

- (2) the date the vendor becomes aware:

(A) of an employment or other business relationship with a local government officer, or a family member of the officer, described by Subsection (a);

(B) that the vendor has given one or more gifts described by Subsection (a); or

(C) of a family relationship with a local government officer.

CERTIFICATION
REGARDING DEBARMENT, SUSPENSION, INELIGIBILITY AND VOLUNTARY
EXCLUSION FOR COVERED CONTRACTS

PART A.

Federal Executive Orders 12549 and 12689 require the Texas Department of Agriculture (TDA) to screen each covered potential contractor to determine whether each has a right to obtain a contract in accordance with federal regulations on debarment, suspension, ineligibility, and voluntary exclusion. Each covered contractor must also screen each of its covered subcontractors.

In this certification "contractor" refers to both contractor and subcontractor; "contract" refers to both contract and subcontract.

By signing and submitting this certification the potential contractor accepts the following terms:

1. The certification herein below is a material representation of fact upon which reliance was placed when this contract was entered into. If it is later determined that the potential contractor knowingly rendered an erroneous certification, in addition to other remedies available to the federal government, the Department of Health and Human Services, United States Department of Agriculture or other federal department or agency, or the TDA may pursue available remedies, including suspension and/or debarment.
2. The potential contractor will provide immediate written notice to the person to which this certification is submitted if at any time the potential contractor learns that the certification was erroneous when submitted or has become erroneous by reason of changed circumstances.
3. The words "covered contract", "debarred", "suspended", "ineligible", "participant", "person", "principal", "proposal", and "voluntarily excluded", as used in this certification have meanings based upon materials in the Definitions and Coverage sections of federal rules implementing Executive Order 12549. Usage is as defined in the attachment.
4. The potential contractor agrees by submitting this certification that, should the proposed covered contract be entered into, it will not knowingly enter into any subcontract with a person who is debarred, suspended, declared ineligible, or voluntarily excluded from participation in this covered transaction, unless authorized by the Department of Health and Human Services, United States Department of Agriculture or other federal department or agency, and/or the TDA, as applicable.

Do you have or do you anticipate having subcontractors under this proposed contract?

☐ Yes

☒ No

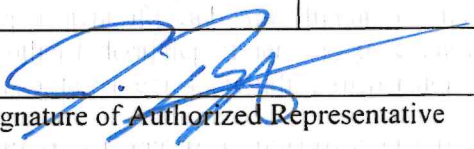

5. The potential contractor further agrees by submitting this certification that it will include this certification titled "Certification Regarding Debarment, Suspension, Ineligibility, and Voluntary Exclusion for Covered Contracts" without modification, in all covered subcontracts and in solicitations for all covered subcontracts.
6. A contractor may rely upon a certification of a potential subcontractor that it is not debarred, suspended, ineligible, or voluntarily excluded from the covered contract, unless it knows that the certification is erroneous. A contractor must, at a minimum, obtain certifications from its covered subcontractors upon each subcontract's initiation and upon each renewal.
7. Nothing contained in all the foregoing will be construed to require establishment of a system of records in order to render in good faith the certification required by this certification document. The knowledge and information of a contractor is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings.
8. Except for contracts authorized under paragraph 4 of these terms, if a contractor in a covered contract knowingly enters into a covered subcontract with a person who is suspended, debarred, ineligible, or voluntarily excluded from participation in this transaction, in addition to other remedies available to the federal government, Department of Health and Human Services, United States Department of Agriculture, or other federal department or agency, as applicable, and/or the TDA may pursue available remedies, including suspension and/or debarment.

**PART B. CERTIFICATION REGARDING DEBARMENT, SUSPENSION,
INELIGIBILITY AND VOLUNTARY EXCLUSION FOR COVERED CONTRACTS**

Indicate in the appropriate box which statement applies to the covered potential contractor:

- ☒ The potential contractor certifies, by submission of this certification, that neither it nor its principals is presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from participation in this contract by any federal department or agency or by the State of Texas.
- ☐ The potential contractor is unable to certify to one or more of the terms in this certification. In this instance, the potential contractor must attach an explanation for each of the above terms to which he is unable to make certification. Attach the explanation(s) to this certification.

CERTIFICATION REGARDING FEDERAL LOBBYING
(Certification for Contracts, Grants, Loans, and Cooperative Agreements)

PART A. PREAMBLE

Federal legislation, Section 319 of Public Law 101-121 generally prohibits entities from using federally appropriated funds to lobby the executive or legislative branches of the federal government. Section 319 specifically requires disclosure of certain lobbying activities. A federal government-wide rule, "New Restrictions on Lobbying", published in the Federal Register, February 26, 1990, requires certification and disclosure in specific instances.

PART B. CERTIFICATION

This certification applies only to the instant federal action for which the certification is being obtained and is a material representation of fact upon which reliance was placed when this transaction was made or entered into. Submission of this certification is a prerequisite for making or entering into this transaction imposed by section 1352, title 31, U.S. Code. Any person who fails to file the required certification shall be subject to a civil penalty of not less than \$100,000 for each such failure.

The undersigned certifies, to the best of his or her knowledge and belief, that:

1. No federally appropriated funds have been paid or will be paid, by or on behalf of the undersigned, to any person for influencing or attempting to influence an officer or employee of any agency, a member of Congress, an officer or employee of Congress, or an employee of a member of Congress in connection with the awarding of any federal contract, the making of any federal grant, the making of any federal loan, the entering into of any cooperative agreement, or the extension, continuation, renewal, amendment, or modification of any federal contract, grant, loan, or cooperative agreement.
2. If any funds other than federally appropriated funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any agency, a member of Congress, an officer or employee of Congress, or an employee of a member of Congress in connection with these federally funded contract, subcontract, subgrant, or cooperative agreement, the undersigned shall complete and submit Standard Form-LLL, "Disclosure Form to Report Lobbying", in accordance with its instructions. (If needed, contact the Texas Department of Agriculture to obtain a copy of Standard Form-LLL.)

3. The undersigned shall require that the language of this certification be included in the award documents for all covered subawards at all tiers (including subcontracts, subgrants, and contracts under grants, loans, and cooperative agreements) and that all covered subrecipients will certify and disclose accordingly.

Do you have or do you anticipate having covered subawards under this transaction?

☐ Yes
☒ No
