REMARKS

Federal Terms and Conditions for SAMHSA Grant Awards

This document outlines the federal terms and conditions applicable to your Substance Abuse and Mental Health Services Administration (SAMHSA) grant award. Please review these requirements carefully to ensure compliance throughout the life of the award.

Prohibited Uses of Grant Funds in Harm Reduction Activities

SAMHSA recipients are strictly prohibited from using Federal funds, directly or indirectly, including through cost-sharing, matching funds, or subsequent reimbursement, to support so-called "harm reduction" or "safe consumption" efforts that facilitate illegal drug use.

Specifically, grant funds must not be used to purchase, distribute, or otherwise support the provision of drug paraphernalia as defined by applicable law. This includes, but is not limited to, syringes, needles, pipes, or other supplies used for the injection, inhalation, or ingestion of illicit drugs. Funds are also prohibited from being used for sterile water, saline, or ascorbic acid when intended to facilitate drug use. While these prohibitions are in effect, this does not preclude the use of grant funds for legally permissible supplies and activities that align with evidence-based practices, such as the provision of naloxone or nalmefene, fentanyl or other drug test strips, or the facilitation of referrals to treatment.

Failure to comply with any of these terms and conditions, as well as the HHS Federal grant regulations, may result in one or more enforcement actions. These actions can include the suspension or termination of the award, the withholding of future payments, and the recoupment of any misused funds. For more information on this new policy, please review the recent notice from Principal Deputy Assistant Secretary, Art Kleinschmidt, Ph.D., found on our website at [Dear Colleague Letter: Executive Order on Ending Crime and Disorder on America's Streets](#).

Antidiscrimination Compliance Requirement

By applying for or accepting federal funds from HHS, recipients certify compliance with all federal antidiscrimination laws and these requirements and that complying with those laws is a material condition of receiving federal funding streams. Recipients are responsible for ensuring subrecipients, contractors, and partners also comply.

Title IX Compliance Requirement

By accepting this award, including the obligation, expenditure, or drawdown of award funds, recipient certifies as follows:

-
- Recipient is compliant with Title IX of the Education Amendments of 1972, as amended, 20 USC 1681 et seq., including the requirements set forth in Presidential Executive Order 14168 titled Defending Women From Gender Ideology Extremism and Restoring Biological Truth to the Federal Government, and Title VI of the Civil Rights Act of 1964, 42 USC 2000d et seq., and Recipient will remain compliant for the duration of the Agreement.
 - The above requirements are conditions of payment that go to the essence of the Agreement and are therefore material terms of the Agreement.
 - Payments under the Agreement are predicated on compliance with the above requirements, and therefore Recipient is not eligible for funding under the Agreement or to retain any funding under the Agreement absent compliance with the above requirements.
 - Recipient acknowledges that this certification reflects a change in the government's position regarding the materiality of the foregoing requirements and therefore any prior payment of similar claims does not reflect the materiality of the foregoing requirements to this Agreement.
 - Recipient acknowledges that a knowing false statement relating to Recipient's compliance with the above requirements and/or eligibility for the Agreement may subject Recipient to liability under the False Claims Act, 31 USC 3729, and/or criminal liability, including under 18 USC 287 and 1001.
