

of the foregoing, the additional services contained herein will not be construed as an amendment to or waiver of any other provision of the Existing Agreement or of any other transaction document. This Additional Services Agreement will become effective on the date signed.

Add-Service Scope

The scope for additional services includes the design of a two(2) new parking lots. One parking lot at the existing Rotunda and another north of Community Action Agency building. There will be a total of 29 parking spaces. 16 parking spots at the Rotunda location and 13 spots North of building. Also, as part of the project there will be a new accessible walkway from the existing building to the Existing Basketball court. The walkway will need to include a culvert in order to keep the drainage ways that exist in the site. Included will be a survey for the additional site components.
