Have you made the changes on the method of random testing?

As for the document, it reads fine. Green light.

Morning Mr. Trevino:

I have been trying to reach Mr. Ray Rodriguez regarding El Aguila Title Vi renewal every three years. In the past Mr. Rodrigues goes over our plan and we just need to update the year every three years, nothing seems to change in the plan.

We are sending the plan over to TxDOT for their review first and then we will go for approval once you give it the "go ahead"

Please review the attached Title VI plan this plan was approved in 2023, so hopefully it will be approved again by TX DOT and yourself.

Let me know if you have any questions.

Thank you

Afternoon Ray:

Any update on the title VI plan

Robert

Ray:

Here is the Title VI plan with the new cover sheet showing May 2026 and 2026 on top right corner

Everything else is the same.
