Dear Mr. Cuellar,

The above referenced project was completed on 03/25/2026 and has been accepted by GDJ Engineering, LLC.

On behalf of Webb County, I hereby certify that the referenced project has been constructed in substantial compliance with the final as-built plans and specifications. I further certify that the results of the tests on acceptance samples indicate that the materials incorporated in the construction work, and the construction operations controlled by sampling and testing, were in conformity with the approved plans and specifications; and such results compare favorably with the results of the independent assurance sampling and testing.

Exceptions to the plans and specifications have been detailed on the attached form.

There are no exceptions to the plans and specifications on this project.
