For services purchased through Network on Demand, the "Monthly Recurring Charge" used for the purposes of computing any applicable termination liability (early termination charges) under the relevant service publication or the customer's master agreement is determined as follows: (i) the total Monthly Recurring Charges payable for the terminated service for the three months prior to the date of termination (or such shorter period as the terminated service had been installed if terminated less than three months after installation), divided by (ii) the number of days in such period, times (iii) 30 days. The Minimum Payment Period for CIR, CoS, or CIR and CoS Packages are coterminous with the Minimum Payment Period of the associated Customer Port Connection; however, early termination charges are not incurred as a result of changes to CIR, CoS, or CIR and CoS Packages while the associated Customer Port Connection is still in service.
