Petition

Coalition to Advance Community and Commerical Welfare

We, the undersigned residents, workers, businesses and friends of the city of West Covina support the adoption and approval of a Beer & Wine Conditional Use Permit for the convenience store location on 246 N. Citrus Ave., West Covina.

We believe that benefits to our neighborhood far outweigh the harm that such an ordinance would cause to our community. These facilities provide for safer contexts than traditional beer & wines sales venues, modern ID scanners to prevent sales to minors and provide law enforcement with easier, well lit areas and sufficient security camera in which to patrol.
