TERRY EBERHARDT BIO

I was born and raised in Los Altos, California. After high school, I attended Foothill College for two years before enlisting in the United States Air Force in 1966. I served in the Air Force for four years, 1966-1970, and was honorably discharged. I then attended San Jose State University and majored in Recreation.

I graduated from San Jose State University with a major in Recreation and Leisure Studies in 1972. I completed my Recreation Internship at the City of Redwood City, CA. In 2000, I was selected as San Jose State University Alumni of the year for Recreation and Leisure Studies.

I spent thirty years with the City of San Jose Parks and Recreation Department retiring as Deputy Director in 2001. I was responsible for the Recreation and Human Services Division of the department, which provided an extensive program of services and activities for all ages to the nearly 1 million San Jose residents. While in city service, I served eight years on the Santa Clara County Social Services Commission, chairing two years and served as the first chairman of the Valley Transit Agency Committee on Transit Accessibility in 1996.

After retirement in 2001, my wife Cindie and I relocated to the California Central Coast to live in Avila Beach (near Pismo Beach). Once there, I began to volunteer in the community.

I served as President and Vice President on the Board of Directors of the Avila Beach Civic Association and chaired the building committee for ABCA. The ABCA is a local non-profit agency that provides services and advocacy for the Avila Beach area. The ABCA completed a major renovation of its Avila Beach Community Center in 2007. I led the fund raising process which raised the needed \$1,400,000 for the project and acted as construction Project Manager. I served as volunteer Executive Director for two years and led the program development phase for the Board. In cooperation with a new program coordinator, we implemented a new and expanded recreation program. I served as President of our Home Owners Association for two years.

I also served as a Parks and Recreation Commissioner for San Luis Obispo County for four years. During my tenure on the San Luis Obispo County Parks and Recreation Commission, the commission worked on the adoption of a county wide Parks Master plan which was adopted by the County Board of Supervisors. I also chaired the Avila Beach Parking Task Force (at the direction of the County Supervisor) for two years that worked on parking issues in Avila Beach. In addition, I served on the Avila Valley Advisory Council which advises the County Board of Supervisors on issues affecting the greater Avila area.

My wife Cindie and I relocated to Lake of the Pines, in Northern California in May of 2012. I enjoy playing golf, tennis, traveling and have a deep interest in all things related to wine. I served on the LOP Environmental Control Committee (chair in 2015) and served as chair of the LOP Recreation Committee until January, 2015. I also chaired the Pickleball Facility Development Ad Hoc Committee in 2015. I was a member of the LOP SIRS and LOP Men's Golf Club. I served on the LOP Board of Directors for three years and as President for one year, and chaired the Long Range Strategic Plan Ad Hoc Committee. I also served on the Board of Directors of the Bear River Recreation and Parks District.

We relocated to Wickenburg at Wickenburg Ranch in July 2024.

How long have you lived in the Town of Wickenburg? 3.5 years

Are you a registered voter in Wickenburg? ☒ YES ☐ NO

Please respond to all questions, attach a separate sheet of paper if necessary.

1) I am interested in serving and/or am qualified to serve on the Committee because:

As a former independent business owner I have a deep interest in the business growth within our community. In addition, I spent nearly 60 years of my life in the Travel and Tourism Industry having worked for an airline, regional manager for a large vacation focused travel agency (oversight of 75+ travel agencies across three state regions, large payroll and advertising budget control etc.) and before retirement owned and operated one of the largest cruise only travel agencies in the Rocky Mtn. region located in Denver, Co.

2) What motivated you to apply for this specific committee?

Business and tourism aspect of the committee.

3) What do you see as the vision for the committee?

Wickenburg is a somewhat hidden gem for day and weekend trips away from larger population areas. We need to expand the reach of promotion about what this community has to offer beyond what is being done by Chamber or local business efforts. Our winter months are full of tourism opportunity from ongoing daily and weekly western rodeo type events to 4 wheeling into desert and a large variety of available sports activities. End result is a pro business effort. Both areas are a focus of this committee.

4) What brought you to Wickenburg? What other organizations in Wickenburg do you volunteer at?

We had been living in North Central Phoenix and wanted to slow our lives down a bit and Wickenburg and specifically Wickenburg Ranch checked all the quality of live boxes on our list of wants and desires.

5) Is there any additional information that you think would be helpful for the Council to know when making a selection for members?

Provide exceptional OJT and Management experience. I have been President of a local club(Denver location) of an International tourism organization. President on the board of a regional travel consortium based in Phoenix. President on boards of two different Homeowner Associations - one in Phoenix and one in Kansas City, Missouri. Now retired with time to assist.

Please attach a resume with related previous experience (if available).

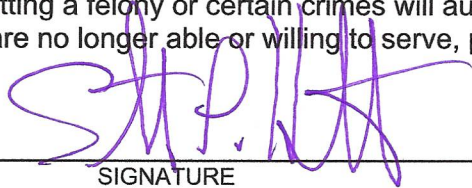

Please initial the questions below with your acknowledgement and understanding.

1) I am interested in serving and/or am qualified to serve on the Committee because:

I am writing to express my interest in serving as a member of the Economic Development and Transportation Committee. As a seasoned telecommunications engineer with 40 years of professional experience, I bring a unique perspective that bridges technology, infrastructure, and community development.

2) What motivated you to apply for this specific committee?

Having recently retired, I am looking to take on new challenges and find a renewed sense of purpose by contributing to the community. This opportunity aligns with my interest in supporting initiatives that promote smart economic growth and improve transportation systems. I am prepared to draw on my experience and skills to make a meaningful contribution to these efforts and support the development of a stronger, more efficient community.

3) What do you see as the vision for the committee?

My vision for the Economic Development and Transportation Committee is to preserve the charm, character, and rich western culture of our small-town community while planning for smart economic growth. It is crucial to maintain the unique aspects that make our town special, such as its close-knit atmosphere, rural character, and deep connection to western traditions, while also ensuring that we are strategically prepared for future challenges and opportunities.

It offered the right environment for us to build a life that better matches our goals and values.
