Subject: Halloween Street closure request

Hi Mary;

Thanks again for taking the time to speak to me.

I am writing to request permission to close our street to vehicles on the evening of Halloween, Friday, October 31, 2008 from 6pm to 10pm.

The request is for a residential street in Milwood: Pine Bluffs Trail, from Buccaneer to Greybull.

Pine Bluffs Trail is only one block long, and over 1 dozen babies, toddlers and preschoolers live on the street. Only one side the street has a sidewalk and that sidewalk does not extend for the entire block. A street closure would allow street residents and our neighbors in the surrounding area to trick or street safely and would make it easier for parents with strollers to enjoy the evening. There will not be any formal festivities, just a safe street with no cars.

I have discussed this with my neighbors and we are in agreement that this would benefit the neighborhood and that 6pm - 10pm would cause minimal inconvenience to residents. As we are only one block long, we are the logical street to host this. We are all happy to purchase additional candy and other treats to accommodate the increased foot traffic.

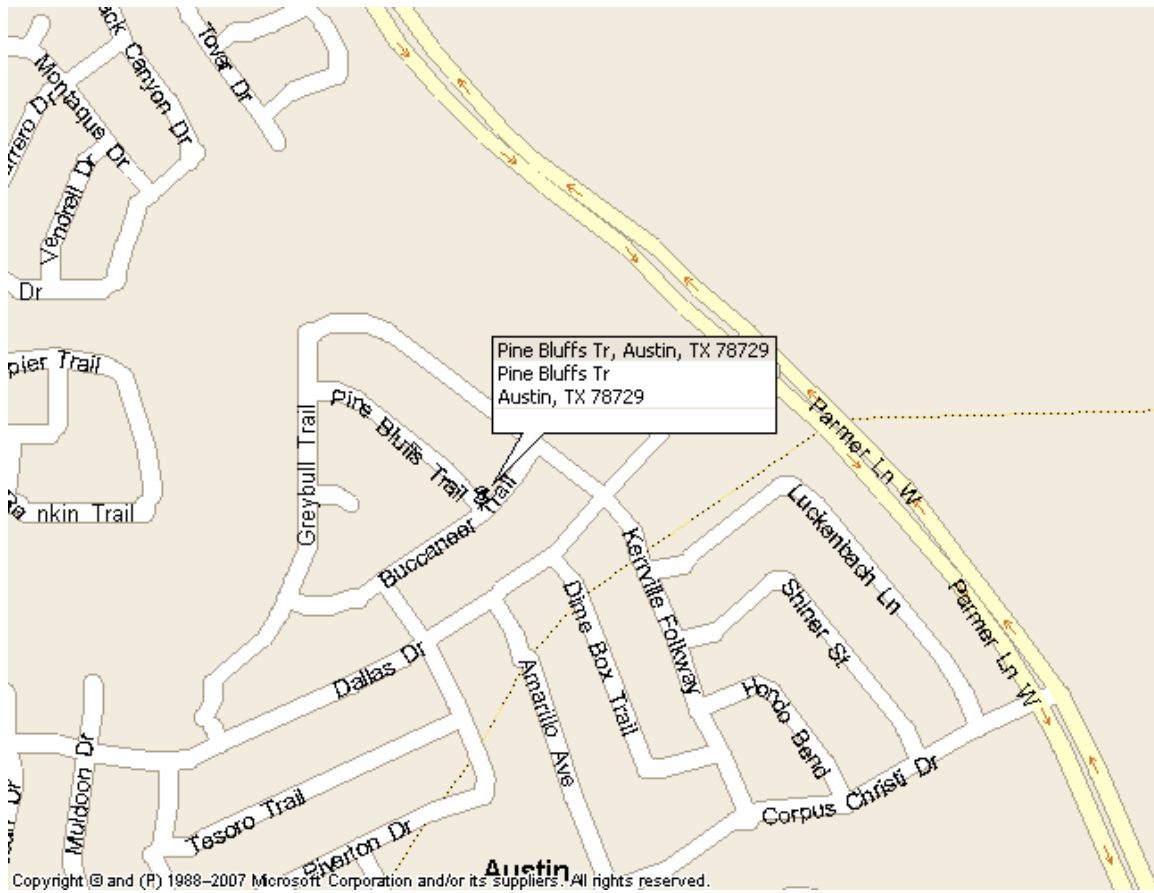

We were granted permission for a street closure last year by unanimous vote, and everyone had a wonderful time. We are looking forward to another fun Halloween with the kids this year.

Please let me know if I can provide you with any more information.

For your entertainment, I attached two photos of my daughter and her neighbor friend helping set up the street blockade last year. They were two, but they worked hard.

Thank you very much.
