Subject: Block party Sun Nov. 2

Hi Mary,

I spoke with you a few months ago about our block party we had in May. We wanted to do it again (in cooler weather this time!). We have some new neighbors we would like to welcome them to the neighborhood and this is probably the only opportunity we'll get for a few months. We actually originally wanted to time it with National Night out, but peoples schedules didn't work.

We would like to do the same thing as last time with the street (block a section of Manx for 2 houses) on Sunday Nov. 2 from about 2-8. I remembered you said requests should be in by the preceding Thurs., so I'm sending this email. If I should do anything else, let me know.

Thank you again!
