RE: *Financial Accountability*

Dear Judge Gattis:

You will find enclosed copies of the receipt and expenditure transactions surrounding the \$24,000 received from Williamson County. This money went towards the purchase of a breathing air compressor and cascade system – a tool that Williamson County Emergency Services District #3 (WCESD #3) has never had. In the past our firefighters were expected to travel to neighboring fire departments to refill their self-contained breathing apparatus which became a time consuming and inefficient use of our resources. Now the firefighters can quickly return their units back into service without having to leave the area. We are very appreciative of the funds that Williamson County provided WCESD #3 that aided with the purchase of this tool. Please contact me if you have any questions.

Respectfully,

Glenn Trubee  
President
