Professional Affiliations

- International Association of Firefighters;
- Austin Association of Professional Firefighters;
- Airborne Law Enforcement Association;
- Aircraft Owners and Pilots Association;
- Experimental Aircraft Association

Summary

In addition to my duties with the Austin Fire Dept, I currently operate Custom Air Care, a small business servicing and repairing aircraft at the Georgetown Airport. I served the Georgetown Fire Department as a Professional Firefighter when it was a combination Paid/Volunteer Department, so I am keenly aware of the challenges faced in this type of service delivery model. The residents of rural Williamson County deserve the absolute best Fire Protection that can be provided with the limited funding available. I believe I can help provide the direction and leadership needed to protect the lives and property of those residents.
