

To the Audit Committee and Commissioners' Court of Williamson County, Texas

We have audited the financial statements of the governmental activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information of the Williamson County, Texas for the year ended September 30, 2009, and have issued our report thereon dated March 12, 2010. Professional standards require that we provide you with the following information related to our audit.

# Our Responsibility Under U. S. Generally Accepted Auditing Standards, OMB Circular A-133 and the State of Texas Uniform Grant Management Standards

As stated in our engagement letter dated June 23, 2009, our responsibility, as described by professional standards, is to express opinions about whether the financial statements prepared by management with your oversight are fairly presented, in all material respects, in conformity with U. S. generally accepted accounting principles. Our audit of the financial statements does not relieve you or management of your responsibilities.

In planning and performing our audit, we considered Williamson County, Texas' internal control over financial reporting in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide assurance on the internal control over financial reporting. We also considered internal control over compliance with requirements that could have a direct and material effect on a major federal or state program in order to determine our auditing procedures for the purpose of expressing our opinion on compliance and to test and report on internal control over compliance in accordance with OMB Circular A-133 and the State of Texas Uniform Grant Management Standards.

As part of obtaining reasonable assurance about whether Williamson County, Texas' financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grants, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit. Also, in accordance with OMB Circular A-133 and the State of Texas Uniform Grant Management Standards, we examined, on a test basis, evidence about Williamson County, Texas' compliance with the types of compliance requirements described in the U. S. Office of Management and Budget (OMB) Circular A-133 Compliance Supplement applicable to each of its major federal and state programs for the purpose of expressing an opinion on Williamson County, Texas' compliance with those requirements. While our audit provides a reasonable basis for our opinion, it does not provide a legal determination on Williamson County, Texas' compliance with those requirements.

#### **Other Information in Documents Containing Audited Financial Statements**

Our responsibility for other information in documents containing the entity's financial statements and report does not extend beyond the financial information identified in the report. We do not have an obligation to perform any procedures to corroborate other information contained in these documents; however, we have read the Comprehensive Annual Financial Report and nothing came to our attention that causes us to believe that such information, or its manner of presentation, is materially inconsistent with the information or manner of its presentation, appearing in the financial statements.

#### **Significant Audit Findings**

## Qualitative Aspects of Accounting Practices

Management is responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by the Williamson County, Texas are described in Note 1 to the financial statements. No new accounting policies were adopted and the application of existing policies was not changed during the year ended September 30, 2009. We noted no transactions entered into by the governmental unit during the year for which there is a lack of authoritative guidance or consensus. There are no significant transactions that have been recognized in the financial statements in a different period than when the transaction occurred.

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected. The most sensitive estimates affecting the financial statements were:

Management's estimate of the useful lives of capital assets is based on the expected lifespan of the asset in accordance with standard guidelines. We evaluated the key factors and assumptions used to develop the estimate of useful lives in determining that it is reasonable in relation to the financial statements taken as a whole.

## Difficulties Encountered in Performing the Audit

We encountered no significant difficulties in dealing with management in performing and completing our audit.

#### Corrected and Uncorrected Misstatements

Professional standards require us to accumulate all known and likely misstatements identified during the audit, other than those that are trivial, and communicate them to the appropriate level of management. Management has corrected all such misstatements. In addition, none of the misstatements detected as a result of audit procedures and corrected by management were material, either individually or in the aggregate, to the financial statements taken as a whole.

#### Disagreements with Management

For purposes of this letter, professional standards define a disagreement with management as a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditors' report. We are pleased to report that no such disagreements arose during the course of our audit.

### Management Representations

We have requested certain representations from management that are included in the management representation letter dated March 12, 2010.

#### Management Consultations with Other Independent Accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a "second opinion" on certain situations. If a consultation involves application of an accounting principle to the governmental unit's financial statements or a determination of the type of auditors' opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

#### Other Audit Findings or Issues

Patillo, Brown & Hill, L.L.P.

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to retention as the County's auditors. However, these discussions occurred in the normal course of our professional relationship and our responses were not a condition to our retention.

This information is intended solely for the use of the audit committee Commissioners' Court and management of Williamson County, Texas and is not intended to be and should not be used by anyone other than these specified parties.
