Williamson County Road Bond Program

**Pond Springs Road
Williamson County Project No. 09WC710**

Change Order No.11

Reason for Change

Due to locations of existing City of Austin (COA) utilities (24" water line & 8" wastewater line w/manhole) and other utilities (Atmos gas line & Southwestern Bell duct bank), the proposed 5x2 box culvert had to be relocated under the pavement of the southbound lane of Pond Springs. To preserve a safety zone for construction operations, lane closures will be needed. The lane closures will reduce production rate for the installation of the box culvert due to time restrictions of road work limiting closures of the traffic lanes to between 9:00am and 4:00pm daily. As a condition of COA approval of the relocation of the 5x2 box, they required a concrete trench cap be placed over the two (2) crossings of the existing 24" water line.

Additionally, five (5) months of traffic handling costs will be added associated with the delays (redesign and COA approval) of this revision as well as additional time necessary to complete this work.

Following is the new item necessary for the completion of this work.

ITEM	DESCRIPTION	QTY	UNIT
9999-117	INSTALLATION OF REDESIGNED 5X2 BOX CULVERT	1	LS

This Change Order results in a net increase of \$68,992.95 to the Contract amount, for an adjusted total Contract amount of \$3,715,754.97. The original Contract amount was \$3,167,595.05. As a result of this and all Change Orders to date, \$548,229.92 has been added to the Contract, resulting in a 17.3% net increase in the Contract Cost. In order to account for delays associated with this revision as well as additional time necessary to complete the work associated with this Change Order, 130 days will be added to the Contract schedule.

Construction of the State Highway 195 roadway improvements and related utility adjustments (Project).

That in consideration of the payment of NINE THOUSAND ONE HUNDRED TWENTY-SEVEN AND 00/100 Dollars (\$9,127.00), which amount represents 90% of the estimated compensation for the acquisition of the right of way Property to be acquired and any damages to or cost to cure the remaining property, GRANTOR has GRANTED and CONVEYED and by these presents does GRANT and CONVEY unto the GRANTEE, its employees, agents and assigns an irrevocable right-of-entry, possession, and construction easement, with the right of exclusive possession over, upon, and across those tracts of land described in Exhibit "A".

GRANTOR warrants and represents by, through, and under the GRANTOR, but not otherwise, that the title to the Property is free and clear of all liens and encumbrances on the title to the Property, or that any necessary and proper releases will be executed for the Property prior to or simultaneously with the first payment of funds being disbursed under this agreement. The GRANTOR further agrees to indemnify the GRANTEE from all unreleased or undisclosed liens, claims or encumbrances that are known to GRANTEE and that affect the Property.

It is expressly agreed, acknowledged, and understood that the consideration paid hereunder shall be credited against, applied towards, and offset from any consideration to be paid in satisfaction of an agreed purchase price under a contract and conveyance or in satisfaction of the award of the Special Commissioners or subsequent judgment in any condemnation proceeding for the acquisition of the property interests described herein and shown in Exhibit "A".

It is expressly agreed, acknowledged, and understood that the easements, rights, and privileges herein granted are assignable and shall be used by the GRANTEE, its employees, agents, and assigns, for the purposes of entering upon the above-described property, before the closing of the contemplated real estate transaction or the acquisition of title through condemnation, and proceeding with surveying, site review and analysis, utility relocation, actual construction on the Project, and all manner of preparation and work attendant thereto on the Property described in Exhibits "A".

The GRANTEE, its employees, agents, and assigns shall have the full and exclusive right to control and use the above-described tracts, including the right to erect and maintain fencing and traffic and pedestrian control and devices and signs, the right to clear trees and vegetation, and the right to excavate, trench, fill, and grade the real property itself.

At no time during the possession of the property by GRANTEE for the purposes described herein shall GRANTOR be denied reasonable access and/or ingress to or egress from the remaining property for its current uses.

The easement, rights, and privileges herein granted shall automatically terminate upon the contemplated closing of the above-described real estate transaction or the rendition of a final judgment in condemnation proceedings. However, this grant shall survive the termination of any purchase contract agreement and shall also survive any institution of condemnation proceedings.

The parties further agree as follows:

1. That by virtue of the granting of permission to the GRANTEE to take temporary possession of the Property in accordance with this Agreement, GRANTOR does not waive any legal rights or defenses under the Constitution of the United States, the Constitution and Statutes of the State of Texas or any other provisions of the law that GRANTOR may have in connection with the acquisition of any rights to the Property by the GRANTEE.
2. That this Right of Entry, Possession, and Construction Easement is irrevocable by GRANTOR but only valid until sixty (60) business days after the filing of a Special Commissioners' award in the Cause. Thereafter, continued possession, if at all, will be pursuant to a deposit of a Special Commissioners' award according to Texas law governing possession in a statutory eminent domain case.
3. The date of valuation for purposes of determining the value of the just compensation for the Property to be acquired shall be the date of a deposit of a Special Commissioners Award in any applicable condemnation suit for this acquisition.

4. This Agreement shall be binding upon the heirs, devisees, executors, administrators, legal representatives, successors and assigns of the parties. Specifically, Grantor's heirs, devisees, executors, administrators, legal representatives, successors or assigns are bound by terms of this agreement which state that the consideration paid hereunder to Grantor shall be credited against, applied towards, and offset from any consideration to be paid in satisfaction of an agreed purchase price under a contract and conveyance or in satisfaction of the award of the Special Commissioners or subsequent judgment in any condemnation proceeding for the acquisition of the property described herein, whether said Grantor is or is not the owner of said property, now or in the future.
5. The easement, right, and privileges granted herein are exclusive, and GRANTOR covenants that it will not convey any other easement or conflicting rights within the area covered by this grant. This grant shall be binding upon legal representatives, successors, and assigns of GRANTOR for the term of this grant.
6. GRANTEE agrees that once the GRANTOR, in writing, asks for a special commissioner's hearing to be scheduled, a Petition in Condemnation will be filed to acquire the specified parcel(s) within thirty (30) days after said written request is received. Furthermore, both parties will undertake all reasonable efforts to hold a special commissioners' hearing within ninety (90) days after the GRANTOR asks for a special commissioners' hearing to be scheduled. Any award that exceeds \$8,214.00 will be deposited in the registry of the court within twenty (20) days following the award made by the special commissioners. If the compensation issue for any of the required property interests is settled through negotiations, a fixed date for receipt of the additional funds, if any, will be agreed upon as part of the negotiation process.

TO HAVE AND TO HOLD the possession of the above-described tracts of land for the purposes and subject to the limitations described above, and GRANTOR warrants that he knows of no persons or business entity which owns a present possessory interest in the fee title to the above-described premises other than GRANTOR, and that there are no parties in possession of any portion of the referenced real property as lessees other than identified herein.

Counterfeit Inspection Program

Commissioners Court - Regular Session

Agenda Category: Regular Agenda Items

Information

Agenda Item

Consider and take appropriate action on Local Initiative Project (LIP) grant from Texas Commission on Environmental Quality (TCEQ) for a pilot program to implement and enforce a counterfeit inspection sticker program.

Background

Texas Transportation Code §548.603 allows for a vehicle owner to be cited and the vehicle impounded if a fictitious or counterfeit motor vehicle inspection sticker is being displayed. The specific citation is a Class B misdemeanor and provides for a \$169 fine. TCEQ, the Department of Public Safety (DPS) and Texas Department of Transportation (TxDOT) is encouraging this program in enhanced emission testing areas. The grant match for this program is 25% as compared to 50% for other, eligible LIP grants.

Under this grant program Williamson County will have access at no charge other than for training to the North Central Texas Council of Governments (NCTCOG) Emissions Database(NED). The NCTCOG has had this program in place for several years and has been imputing Travis and Williamson County data since 2006 when the database went "live."

Under the grant proposal a counterfeit inspection program will begin in Precinct 2 and expand to Precinct 1 after approximately six months. These two precincts comprise the majority of commuting volume between Williamson and Travis Counties. The initial focus is on individual vehicle violations with a larger and longer term goal of identifying inspection stations performing and issuing counterfeit inspection stickers.

Revenue from enforcement activities is projected to offset the county match for the grant.

INSTRUCTIONS

This document provides the forms for use by the Counties in submitting local initiative projects for funding to the Texas Commission on Environmental Quality (TCEQ). These forms must be used by the County to submit projects to the TCEQ for review and acceptance.

Project Summary Form and Certification Form

The forms should be used by the County to provide the TCEQ information on each project approved for funding by its governing body. The *Project Summary Form* outlines the format for the County to provide the TCEQ with the necessary information concerning each project selected. The *Project Summary Form* will serve as the project proposal, as required by Section IV: Project Approval of the contract with the TCEQ.

A *Certification Form* serves as written certification by the County that the projects were reviewed for eligibility and found to meet the minimum criteria. It must be submitted with the project summary forms. The County may submit a resolution from its governing body indicating the support for the projects selected, but a certification form must still be submitted with the project summary forms.

The project summaries and certification form should be provided to the TCEQ for all projects. If, at a later date, additional projects are proposed for funding, additional project summary forms and certification forms must be submitted. Changes to existing projects must also be documented on a revised project summary form and submitted to the TCEQ.

The TCEQ will review the project summaries and will notify the County in writing of any projects that the TCEQ determines may not meet project eligibility criteria under the terms of the grant agreement, or for which there may be a question about the project. The County is requested to respond to any request from the TCEQ for additional information concerning a project. The County may not proceed with funding a project until notified that it may do so by the TCEQ.

Project Description:

Summary: Law enforcement officers will check the North Central Texas Council of Governments Emissions Database for counterfeit, fictitious, improperly issued or expired state inspection certificates. If a certificate is identified as being counterfeit, fictitious, improperly issued or expired, the certificate will be scraped from the windshield of the vehicle and a citation will be issued **or an arrest made**. Information about the Drive a Clean Machine Program may be given to the driver of the vehicle.

How: When (if) a vehicle is pulled over for a moving violation, (or if the vehicle is identified by a parking lot check) an officer will run the license plate number through North Central Texas Council of Governments Emissions Database (NED) to verify the validity of the emissions certificate and registration. If the emissions certificate is a fake, expired, or counterfeit certificate, a citation will be issued **or an arrest made**.

Training: Training is paramount to the success of the program. All officers participating in this program will attend training on Motor Vehicle Inspections and how to use NED. Training on Motor Vehicle Inspections will be conducted by the Texas Department of Safety. The purpose of the training is to familiarize the officers with the proper procedures of safety inspections (what to look for as officers), and how the emission portions of the inspection affect the total program overview. The North Central Texas Council of Governments (NCTCOG) will train law enforcement officers on how to use NED.

NED: NED was developed in order to effectively and quickly determine if a vehicle is displaying current and legitimately issued Vehicle State Inspection Certificate. NED contains information about vehicle inspection reports from the following counties since 2001 Brazoria,

Collin, Dallas, Denton, Ellis, Ft. Bend, Galveston, Harris, Johnson, Kaufman, Montgomery, Parker, Rockwall and Tarrant. Information for Travis and Williamson started in 2006 when emission testing began. This database also contains information about reported smoking vehicles for counties in North Central Texas. Smoking vehicle information can be entered if an offense is observed and reported. NED is updated weekly, internet based, password protected, and available to Law Enforcement officers 24/7.

Counterfeit Inspection Stickers – FAQ Sheet

How many vehicles are inspected annually in Williamson County? In 2009 a total of 210,647 vehicles were inspected in Williamson County. Initial inspection failure rate for the 2009 calendar year was 8.8%, with 5.9% being emission test failure. This equates to 18,537 vehicles and 12,428 respectively. Of those initially failing, 1275 vehicles never retested. Additional vehicles in the county have never registered and never inspected.

Why should Williamson County be concerned about counterfeit inspection certificates? Counterfeit inspection certificates are an environmental and safety problem. Vehicles that are not properly inspected for safety could be at a higher risk for accidents due to tire condition, brake problems, steering/suspension issues, etc.

On road mobile sources (i.e. vehicles) are the largest contributing factor to locally generated ozone precursor compound levels in Central Texas. High ozone levels are negative indicators of ambient air quality measures and are imputed to impact public health. Noncompliance on EPA mandated ground level ozone can impact transportation and development projects in the area.

What is NED? North Central Texas Council of governments Emissions Database (NED). A database developed by NCTCOG in conjunction with the High Emitting Vehicle Program to provide assistance to law enforcement agencies. It is a password protected internet database, accessible 24 hours per day, except when temporarily unavailable for maintenance. Inspection records are updated on a weekly basis with data received from the Texas Commission on Environmental Quality (TCEQ).

Will this program cut into an Officer's time? No. This program can be done during a normal traffic patrol or traffic stops. It takes less than 2 minutes to enter the license number in NED and receive results. No additional personnel are needed. To initiate the program Precinct 2 will be assigning overtime duties to two constables.

What happens if a vehicle has a valid sticker but the inspection number for some reason was not recorded in NED? If a query does not return a record result, the user is notified that no records were found. This does not always mean that the certificate is bad; it means only no record was found. DPS should be contacted via phone for verification, as there are a few legitimate reasons why an inspection record may not show up, but this is a very rare occurrence. The most common reason is that the stations analyzer did not transmit the record to the State for some reason. DPS will investigate these situations if reported to them. Should they impound a vehicle by mistake or remove a valid certificate by mistake the officer is responsible to correct the situation just as is the case for any other reason they are currently impounding vehicles.

What is the authority for this program? Texas Transportation Code §548.603(f) allows for a vehicle to be impounded if a fictitious or counterfeit motor vehicle inspection certificate is being displayed.

Williamson County

Strategic Financial Plan

Overview: The Williamson County Commissioners' Court sustains financial stability within the County government by adopting aggressive, responsible policies that allow the County to respond to growth and infrastructure needs while maintaining a high standard of County-provided services. This Strategic Financial Plan (SFP) is intended as a resource available to the members of Commissioners' Court to aid in evaluating the impact of policies and funding decisions on future County services.

This SFP reflects the Court's commitment to sound financial management principles and the Court's willingness to make difficult decisions to ensure the County's long-term operational and financial success. The goal is to uphold fiscal integrity, make decisions based on long-term impacts, and maintain sound and prudent financial operations while remaining focused on a commitment to honesty, reliability and accountability for all actions taken.

Strategies:

1. Sustain ample cash balance reserve in order to maintain a favorable County bond rating, lower debt issuance costs and promote a solid fiscal position that can respond well to economic instability.
2. Continue proactive bond market strategies in order to issue voter-approved debt at the lowest possible cost.
3. Maintain tax revenues which will help the County continue to provide high quality services while minimizing the financial impact on citizens and preventing higher costs to taxpayers in future years.
4. Manage County growth requirements responsibly which will help to maintain citizen satisfaction and support of County government activities.
5. Continue a proactive approach to addressing infrastructure expansion and maintenance by taking advantage of opportunities during periods of growth.
6. Invest in technology to allow for necessary tools for reporting purposes and to maximize investment yields, increase efficiencies and decrease personnel costs.
7. Assess risk adequately and respond effectively to changing economic conditions.
8. Assure financial transparency and accountability through internal audits and annual, independent audits.
9. Continue to support GFOA standards and achieve excellence in the Comprehensive Annual Financial Report and the Popular Annual Financial Report.

Summary: In the past, the County has been consistent in its planning and execution of such strategies and is poised to handle all economic events. The County has and will continue to follow fundamental values and limit exposure to unnecessary risk. The Williamson County Commissioners' Court recognizes the need for transparency in managing short and long-term financial matters and will continue to act with speed in identifying early opportunities to reprioritize projects and investments, reset strategies where necessary and interact with the Commissioners and other County officials to assure priorities meet taxpayer expectations (bond committees). To be successful, the Williamson County Commissioners' Court recognizes:

- Cash flow is key to strategic flexibility
- Early action is necessary to preserve capital
- A periodic examination and possible restructure of operations will maximize resources
- A focus on core activities (structure based upon a government-wide approach) responsibly manages risk
- Regular monitoring of financial and operational key performance measurements enhances efficiency and effectiveness
