REJECTION OR ACCEPTANCE: No more than one bid will be awarded for any item, single department or area. Bids may be rejected for some items, departments or areas, even though awards are made for others. The convenience of having a single source for similar items will be taken into consideration together with price in determining the lowest and best bid.

It is understood that the Commissioners Court of Williamson County, Texas, reserves the right to accept or reject any and/or all bids for any or all materials and/or services covered in this bid request, and to waive informalities or defects in the bid or to accept such bid it shall deem to be in the best interest of Williamson County. In determining the overall best bid, the County may exercise the following option granted to local government's under the Texas Local Government Code.

TLGC § 271.907. This option allows the County to evaluate bids and give preference to goods and/or services of a vendor that demonstrates that the vendor meets or exceeds any and all state or federal environmental standards, including voluntary standards, relating to air quality. If the bid being submitted will have an effect on air quality for Williamson County (as it relates to any state, federal, or voluntary air quality standard), then the bidder should provide information in narrative form indicating the anticipated air quality impact. Bidders are expected to meet all mandated state and federal air quality standards.

CONTRACT: This Bid, when properly accepted by Williamson County, shall constitute a contract equally binding between the successful bidder and Williamson County.

The successful bidder may be required to sign an additional agreement containing terms necessary to ensure compliance with the bid.

CONTRACT ADMINISTRATION: Under this contract, Robyn Murray, Business Manager, Williamson County Juvenile Services, shall be the contract administrator with designated responsibility to ensure compliance with contract requirements, such as but not limited to, acceptance, inspection and delivery. The contract administrator will serve as liaison between Williamson County Commissioner's Court and the successful bidder.

CONTRACT PERIOD(S): The Initial Contract Period is October 1, 2011 through September 30, 2012. Possible extensions include:

October 1, 2012 through September 30, 2013
October 1, 2013 through September 30, 2014

CONTRACT EXTENSIONS: At the end of the current fiscal year, the Commissioners Court reserves the right to extend this contract, by mutual agreement of both parties, as it deems to be in the best interest of the county. This extension will be in twelve (12) month increments for up to an additional twenty-four (24) months, with the terms and conditions remaining the same; and with a price escalation at renewal time each year of no more than the consumer price index, All urban consumers (CPI-U), US City Average, all items, as published by the United States Department of Labor, Bureau of Labor Statistics. The yearly increase in the CPI shall be the latest index published and available one-hundred-and eighty (180) days prior to the end of the contract year. The total period of this contract, including all extensions will not exceed a maximum combined period of thirty-six (36) months. The extension of this contract is contingent on the appropriation of necessary funds by Commissioner's Court for the fiscal year in question. Upon the failure of Commissioner's Court to so appropriate in any year, the Vendor may elect to terminate this agreement, with no additional liability to the County. The County and the Vendor agree that termination shall be the Vendor's sole remedy under this circumstance.

At Williamson County's sole discretion, the Bidder may be given reasonable time to cure its breach or default prior to Williamson County's termination under this provision. Williamson County's option to offer time to

cure a default or breach shall, however, in no way be construed as negating the basis for termination for non-performance.

SILENCE OF SPECIFICATIONS: The apparent silence of these specifications as to any detail or to the apparent omission from it of a detailed description concerning any point, shall be regarded as meaning that only the best practices are to prevail. All interpretations of these specifications shall be made on the basis of this statement.
