eCivis Grants Network®

For the past 11 years, eCivis has been helping organizations across the country improve their grants performance by providing quality information, easily accessible training, and powerful funding management tools. Additionally, eCivis now oversees the management of over $2 billion in Tracking & Reporting by eCivis' clients. Grants Network offers the following key benefits:

- A one-stop shop for organizations to access grants they may be eligible for (from researching, finding, and grant writing, to learning, and tracking and reporting)
- An average 2-3 times increase of grant awards in the first year of becoming an eCivis client
- Dedicated live customer support throughout the life of each Service Agreement with eCivis
- On-demand training
- Ability to become Grants Management Certified and receive a Case Study and Press Release
- Easy accessibility to grants for Community Based Organizations (CBO's)

eCivis Products

Grants Network: Research SM

Grants Network: Research offers the following key benefits:

- Database of more than 12,000 grants and $400 billion in funding opportunities updated daily
- More than 40,000 hours per year dedicated to finding grants relevant to your organization so you don't have to
- Up to 80% of your time researching grants is saved
- Information about previous applicants to ensure the grant is applicable to your organization
- Information about the number of awards being awarded, which helps determine the competitiveness of the grant
- A Google-like search with the ability for keyword, match, and geographic filtering
- Financial, application, and eligibility information verified with Grant Program Officers
- Grant modules that contain all the information you need to make decisions in minutes about which funding opportunities to pursue
- Search Agents that run your saved search criteria and alert you to new or updated grants as they become available
- Email updates when there is new information available on your saved grant(s) or when the grant begins accepting applications for a new fiscal year
- Previously Funded Application (PFA) Library: Our collection of more than 700 winning grant applications that you can reference when preparing your grant application
- Referral Network: Free listing of grant writers and other grant professionals, including writing samples and verified references

Grants Network: Tracking & Reporting SM

Grants Network: Tracking & Reporting offers the following key benefits:

- Leading grants management software system for over 10 years
- One click reporting: spending, metrics, activity, awarded, closed, etc.
- Up to 80% of your time tracking grants is saved
- Cuts single Audit preparation time and the Audit itself by at least 50%
- Custom reporting and exporting
- Uploading and management of all grant/project related documents
- Task management to ensure accountability
- Implementation of an organization's processes/procedures to ensure proper steps are followed by the organization's employees

- Reminders
- Indirect cost allocation
- Robust Grant Management and Project Management Tool
- Complete data capture for Recovery Act reporting, including one-click report generation
- Organization compliance at every level with complete visibility for management
- Easy-to-understand dashboards to let you track the progress and compliance of all grants and projects in minutes
- Ability to minimize the effects of turnover or varying skill levels of your employees
- Easy management of tasks, reminders, and reporting with a minimal amount of effort from supervisors and employees
- Unlimited documentation uploading keeps all documents in one place, including applications, award contracts, report templates, and financial reports, as well as supporting documentation such as approval forms, receipts, purchase orders, and reimbursement requests
- Reduced audit fees and improved audit outcomes
- Additional managing: Grants Network: Tracking & Reporting can also be used to manage other funding sources such as bonds, loans, and general funds
