Yes! By all means let's get Bob and I raised up to the limit we have requested for Ed....

Thanks
Randy

Randy,

Before I enter the agenda item I just wanted to clarify one more thing. Should this increase be only for Ed's approval authority or also for yours and Bob Daigh's since Bob and you are backup purchasers for your department? If so, would you please revise the email below to reflect this so I can attach it as backup to the agenda item?

Greatly appreciated.

Thank you.

Good Afternoon Kerstin,

We are trying to get Ed's limit raised to purchase the larger equipment tires. The price of those tires easily exceeds his current limit. I think he has detailed out the costs below justifying the increase.

I concur with his request to increase his limit for Object 3522 from \$5,000 to \$11,000. Any assistance you can provide to get this accomplished would be greatly appreciated!

Thank You for your time,

Randy Rodgers

Randy,
Please consider having my limit increased to 11000.00 on tires (003522). Just had a purchase order requisition for two grader tires (1674.11 ea) and then two more for the same unit. This total of 6696.44 is above my 5000.00 limit on tires. Had we needed all six on this unit, the total would have been 10044.66. Raising this limit will eliminate wait time for po's on orders such as this.

Thanks,
Ed
