EXPERIENCE:

Managing Partner/ Owner – *studio/16:19; Round Rock, TX:*

Aug 2012 to present

- Currently serving as managing partner/ principal design director with more than fifteen years of experience in high profile private and public development projects. He has a unique combination of technical prowess and design flare, and he is constantly pushing the envelope to find creative solutions for projects which include the likes of land-use and site planning, amenity and recreation facilities, environmental graphics/ project branding, way finding signage, landscape development, transportation aesthetics, and physical design of site facilities including the Public Art component.

With his knowledge in urban design, planning, landscape architecture and context sensitive solutions, Mr. Baker has developed an in-depth understanding of and sensitivity to the environment and use of the land for public benefit. He has incorporated this knowledge in the design of a multitude of major public and private projects. Because of his diverse background on multidisciplinary teams, he has had the opportunity to work on the design and construction of large-scale residential subdivisions, mixed-use retail/ commercial, corporate campuses, urban streetscapes, medical resorts, church campus master plans, municipal facilities, and context sensitive solutions for transportation projects, he has the ability to relate to every project no matter the size or complexity.

Senior Urban Design Landscape Architect – *HNTB; Austin, TX:*

Nov 2007 to July 2012

- Served as a senior UDP landscape architect and studio leader for private development and public projects within Texas and the South, and was responsible for being the client champion, marketing/ business development, and administering projects to insure that they are "4for4 – Quality work, On time, On budget, and To the client's satisfaction on every project". Strengths lie in site planning, urban design, landscape design, transportation aesthetics, and the Design-Build project delivery method.

Senior Associate/ SPM – *BWM GROUP; Round Rock, TX:*

April 2005 to Oct 2007

- Served as a senior project manager, landscape architect and studio leader for private development based projects, and were responsible for being the client champion, administering the project document production schedule, client communication,

landscape/ hardscape design input, consultant coordination, marketing, and business development.

Senior Associate – *Land Design Studio; Austin, TX;*

Jan. 2001 to Mar 2005

- Served as a project manager and landscape architect for a variety of projects in the Studio, and was responsible for day-to-day project management, client communication, landscape and hardscape design, document production, cost estimation, consultant coordination, marketing, and business development.

Landscape Designer - *TBG Partners; Austin, TX;*

May 1998 to Dec. 2001

- Responsible for design development, construction documentation, cost estimating, task management, and client communication for private, public, and civic projects within Texas.

Landscape Design Intern - *Texas Transportation Institute; College Station, TX*

Summer '97

- As part of the Environmental Management Program - Responsible for design development, construction documentation cost estimating, & product research for highway landscape development projects with the criteria of safety, maintenance, and aesthetics.

Field Data Tech - *City of College Station, TX; Planning & Engineering Dept.*

Full/ PT '96 - '97

- Responsible for collecting, organizing, and entering into digital format the field data related to the city's storm water and drainage system for the College Station Storm Water Master Plan.

Crew Foreman - *Contemporary Landscape Services; Bryan, TX*

Summer '95

- Responsible for managerial duties and crew productivity.

Co-owner - *B&B Lawnboys, a lawn maintenance service; Paris, TX*

*Full & part-time
1988 - '94*

- Responsible for PR work and managerial duties of the business
