PROFESSIONAL SERVICES AGREEMENT

STATE OF TEXAS §
 §
 COUNTY OF WILLIAMSON §

This Professional Services Agreement (the "**Agreement**") is made and entered into this day by and between Williamson County, Texas, a political subdivision of the State of Texas, (the "**County**") and Surveying And Mapping, Inc. (the "**Surveyor**").

WHEREAS, **County** proposes to construct a series of county/state infrastructure projects (sometimes referred to herein as "**Project(s)**");

WHEREAS, **County** desires to obtain professional services for "As-Needed" professional surveying, and SUE (the "**Services**");

WHEREAS, **Surveyor** has the professional ability and expertise to fulfill the requirements of this Agreement;

NOW, THEREFORE, **County** and **Surveyor** agree to the performance of the **Services** by **Surveyor** and the payment for these **Services** by **County** as set forth herein.

Section I Employment of the Surveyor

County agrees to employ **Surveyor** and **Surveyor** agrees to perform the **Services** as stated in the sections to follow. As a condition to contracting with **Surveyor**, it is specifically agreed that any disputes arising hereunder shall be submitted to the County Judge or his designee and/or agent, as designated in writing (**individually or collectively the "County Judge"**). The **County Judge** shall have complete authority for the purpose of resolving technical matters. In all other cases, the decision of the Williamson County Commissioners Court shall be final and binding, subject to any civil remedies otherwise deemed appropriate by the parties hereto.

Section II Basic Services of the Surveyor

- A. In consideration of the compensation herein provided, **Surveyor** shall perform the **Services**, which are acceptable to the **County**, based on standard surveying practices and the scope of work described in this Agreement. **Surveyor** shall also serve as **County's** professional surveyor in those phases of a **Project** to which this Agreement applies and will consult with and give advice to **County** during the performance of **Surveyor's Services**.
- B. **Surveyor** shall not commence work until **Surveyor** has been thoroughly briefed on the scope of the **Project** and has been notified in writing by the **County Judge** to proceed, as

evidenced by a Work Authorization substantially in the form of Attachment A to Exhibit I.

- C. **County** shall provide **Surveyor** with all existing plans, maps, studies, reports, field notes, statistics, computations, and other data in its possession relative to existing facilities and to the particular **Project** at no cost to **Surveyor**; however, any and all such information shall remain the property of **County** and shall be returned, if the **County Judge** so instructs **Surveyor**. **Surveyor** may retain copies of such information.
- D. **Surveyor** shall perform the following Basic Scope of Services:
1. The Basic Scope of Services shall generally consist of all elements of work, materials and equipment required for the development of the **Project(s)**, including any Public Hearings, satisfactory to the **County Judge** and the County's Commissioners Court, in accordance with the requirements, policies, and general practices of Williamson County.
 2. The following documents shall be used in the development of the **Project(s)**:
 - a. Williamson County Design Criteria & Project Development Manual, latest edition
 3. As part of the Basic Scope of Services, **Surveyor** shall submit its Work Products to **County** for review at regular intervals, as set out herein.
 4. A description of the Basic Scope of Services is set forth herein as Appendix A to this Agreement, and is expressly incorporated and made a part hereof. A specific description of the Services to be Provided by Surveyor on a particular **Project** shall be prepared and set out in each Work Authorization issued as a part of this Agreement.

Section III

Fee schedule

- A. For and in consideration of the performance by **Surveyor** of the **Services**, **County** shall pay and **Surveyor** shall receive the fee set forth in Exhibit I. The actual fees paid shall be based upon the hourly rates set forth in Exhibit II. Exhibits I and II are attached hereto and made a part hereof. Invoices shall be submitted by **Surveyor** on a monthly basis and are due upon presentation of all items required hereunder, and shall be considered past due if not paid within thirty (30) calendar days of the due date.
- B. For the performance of services not specifically described in Appendix A, the Basic Scope of Services, **Surveyor** shall receive the additional services compensation described in Exhibit III, which is attached hereto and made a part hereof. In the event of any dispute over the classification of **Surveyor's** services as basic or additional services under this Agreement, the decision of the **County Judge** shall be final and binding on **Surveyor**.

Section IV Period of Service

- A. This Agreement shall become effective upon the date approved by **County** and will remain in full force and effect for the period required for the design, construction contract award and construction of the **Project**, including warranty periods and any extensions of time, unless terminated earlier as provided for herein.
- B. **Surveyor** shall complete the **Services** in accordance with the Work Schedule set forth in each Work Authorization issued as a part of this Agreement.
- C. Neither **Surveyor** nor **County** shall be responsible for delays caused by "Acts of God", non-county governmental processes, national emergency, or any other causes beyond **Surveyor's** or **County's** reasonable control. Upon the discovery of such an event, **Surveyor** shall notify **County**, and attend a special meeting with the **County** to propose a program for a solution to the problem, and, if necessary, to establish an estimated period of time of suspension or extension of the **Services**. A written request for an extension of time, when properly documented and justified by the circumstances, will be granted by the **County**.
- D. **County** may suspend the **Services** at any time for any reason without terminating this Agreement by giving written Notice of Suspension and the **Services** may be reinstated and this Agreement resumed in full force and effect within sixty (60) days of receipt by **Surveyor** of written Notice of Reinstatement from **County**. **Surveyor**, upon receipt of a Notice of Suspension shall follow the procedures described in the attached Exhibit V, which is attached hereto and made a part hereof. In the event such suspension of a **Project** or the **Surveyor's Services** hereunder extends for a period of ninety (90) days or more, consecutive or in the aggregate, **Surveyor** may terminate this Agreement in writing and such termination shall be treated as a Notice of Termination as provided in Exhibit V.
- E. Either party may terminate this Agreement for the substantial failure of the other party to perform in accordance with the terms of this Agreement, through no material fault of the terminating party. **County** may unilaterally terminate this Agreement for reasons other than substantial failure by **Surveyor** to perform by delivering a written Notice of Termination which shall take effect on the tenth (10th) day following **Surveyor's** receipt of same. If mutually agreed upon, the obligation to provide **Services** under this Agreement may be terminated without cause upon thirty (30) days written notice. **Surveyor** shall follow the procedures specified in Exhibit V upon issuance or receipt of such notice. In the event of termination of this Agreement because of the substantial failure of **Surveyor** to perform, **County** may prosecute the **Services** to completion by contract or otherwise and, in such a case, **Surveyor** shall be liable for any additional costs, relative to the necessary completion of the **Services**, incurred by **County**.
- F. **Surveyor** specifically acknowledges that **County** will sustain damages for each day beyond the required dates of completion as defined in the Work Schedule of an applicable Work Authorization. Because of the impracticality and extreme difficulty of fixing and ascertaining

County's actual damages, **Surveyor** agrees that one-hundred and No/100 Dollars (\$100.00) per day shall be retained by **County** from any amounts due **Surveyor** for every day that **Surveyor** does not complete **Services** in accordance with the Work Schedule set out in an applicable Work Authorization.

- G. Periods of time (i) during which a Notice of Suspension is in effect, or (ii) during which a submitted and complete surveying Work Product is in technical review, as described in Section VI, or (iii) during which a delay directly related to matters described in section IV(C) above, or (iv) periods during any mutually agreed upon time extensions, shall not be taken into account in computing the amount of liquidated damages. In the event that a survey Work Product received by **County** is found to be incomplete, defined as "Completion" in Section VI, Paragraph B, the period of time from the original submittal of the survey Work Product to the receipt of subsequent submittal necessary to produce a completed submittal, excepting any time required for **County** to notify **Surveyor** of completeness as described in Section VI (B), will be taken into account in computing the number of days and the amount of liquidated damages
- H. All references to time in this Agreement shall be measured in calendar days unless otherwise specified.

Section V **Coordination with the County**

- A. The **County Judge** will act on behalf of **County** with respect to the **Services** to be performed under this Agreement. The **County Judge** shall have complete authority to interpret and define **County's** policies and decisions with respect to **Surveyor's** services. The **County Judge** may designate representatives to transmit instructions and receive information.
- B. **Surveyor** shall not commence any **Services** until a thorough briefing on the scope of the **Project** is received and a written Work Authorization is issued by the **County Judge** in substantially the form of Attachment A to Exhibit I.
- C. **Surveyor** shall furnish all available data and reasonable assistance necessary for the development of applications or supporting documentation for any permits, grants, or planning advances as applicable to the **Services** to be rendered pursuant to this Agreement, provided that **Surveyor** shall not be obligated to develop additional data, appear at hearings, or prepare extensive reports, unless compensated for such work under other provisions of this Agreement.
- D. INTENTIONALLY DELETED
- E. **Surveyor** shall cooperate and coordinate with **County's** staff, and other engineers and contractors as reasonable and necessary and as required by the **County**.

Section VI Review of Work Product

- A. **Surveyor's** Work Product will be reviewed by **County** under its applicable technical requirements and procedures.
- B. Reports, plans, surveys, field notes, original drawings, computer tapes, graphic files, tracings, calculations, analyses, reports, specifications, supporting documents and data prepared by **Surveyor** (collectively referred to herein above and hereinafter as the "Work Product(s)"), shall be submitted by **Surveyor** on or before the dates specified in the Work Schedule of an applicable Work Authorization. Upon receipt of the Work Products, the submission shall be checked for completion.

"Completion" shall be defined as: all of the required items (as defined by the Services to be Provided by Surveyor under the applicable Work Authorization) have been included in the submittal of Work Products. The completeness of any Work Product submitted to **County** shall be determined by **County** within thirty (30) days of such submittal and **County** shall notify **Surveyor** in writing within such 30-day period if such Work Product has been found to be incomplete.

- C. When the submission is complete, **County** shall notify **Surveyor** and **County's** technical review process will begin.
- D. If the submission is incomplete, **County** shall notify **Surveyor**, as described in (B) above, who shall then perform such professional services as are required to complete the **Services** and resubmit it to **County**. This process shall be repeated until a submission is complete.
- E. **County** shall review the completed work for compliance with the Services to be Provided by Surveyor, as set out in the applicable Work Authorization, and its applicable technical requirements and procedures ("Technical Review"). If necessary, the completed work shall be returned to **Surveyor**, who shall perform any required work and resubmit it to **County**. This process shall be repeated until the **Services** are accepted. "Acceptance" shall mean, in the **County's** opinion, that compliance with the requirements of this Agreement, the Services to be Provided by Surveyor of the applicable Work Authorization and its applicable technical requirements and procedures have been achieved.
- G. After "Acceptance" of final Work Products, **Surveyor** shall without additional compensation perform any work required as a result of **Surveyor's** development of the Work Products which is found to be in error or omission due to **Surveyor's** negligence. However, any work required or occasioned for the convenience of **County** after "Acceptance" of a final Work Product shall be paid for as Additional Services.
- H. In the event of any dispute over the classification of **Surveyor's** Work Products as "Complete" or "Accepted" under this Agreement, the decision of the **County Judge** shall be

final and binding on **Surveyor**, subject to any civil remedy or determination otherwise available to the parties and deemed appropriate by the parties.

Section VII

Revision to Work Product

Surveyor shall make, without expense to **County**, such revisions to the Work Product as may be required to correct negligent errors or omissions so the Work Product meets "Acceptance" by the **County**, but after the "Acceptance" of the Work Product any revisions, additions, or other modifications made at **County's** request which involve extra services and expenses to **Surveyor** shall entitle **Surveyor** to additional compensation for such extra services and expenses

Section VIII

Surveyor's Responsibility and Liability

- A. **Surveyor** covenants to undertake no task in which a professional license or certificate is required unless **Surveyor** or someone under its direction is appropriately licensed. In the event such licensed individual's license expires, is revoked, or is canceled, **Surveyor** shall inform **County** of such event within five (5) working days.
- B. **Surveyor** shall be responsible for conformance with applicable federal and state laws, county permitting requirements, and city ordinances currently in effect, except as otherwise directed by the **County** regarding county permitting or similar requirements properly waivable by the **County**.
- C. Acceptance and approval of the final surveying Work Products by **County** shall not release **Surveyor** of any responsibility or liability for the accuracy and competency of his surveying Work Products, or other documents or work performed under this Agreement. Neither acceptance nor approval by **County** shall be an assumption of responsibility or liability by **County** for any defect, error, or omission in the designs, working drawings, specifications, or other documents prepared by **Surveyor**.
- D. **SURVEYOR SHALL INDEMNIFY, DEFEND, AND HOLD HARMLESS COUNTY, ITS OFFICIALS AND EMPLOYEES AND ITS AGENTS AND AGENTS' EMPLOYEES FROM AND AGAINST ALL CLAIMS, SUITS, ACTIONS, LIABILITY, LOSS, DAMAGE, REASONABLE ATTORNEY'S FEES, COSTS, AND EXPENSES (INCLUDING, BUT NOT LIMITED TO EXPENSES RELATED TO EXPERT WITNESSES) OF ANY KIND WHATSOEVER, TO THE EXTENT ARISING FROM ANY NEGLIGENT ACT, ERROR OR OMISSION OF SURVEYOR OR ANY OF ITS SUBCONTRACTORS IN CONNECTION WITH THE PERFORMANCE OF SERVICES UNDER THIS AGREEMENT; PROVIDED, HOWEVER, SURVEYOR SHALL NOT BE RESPONSIBLE FOR THE NEGLIGENCE OF ANY OTHER PARTY, OTHER THAN ITS SUBCONTRACTORS.**

- E. **Surveyor** shall perform all services and responsibilities required of **Surveyor** under this Agreement using at least that standard of care which a reasonably prudent surveyor in Texas, who is licensed by the State Board of Registered Professional Surveyors, would use in similar circumstances.

- K. **Surveyor** shall not assign or subcontract this Agreement nor any rights or obligations herein without the prior written consent of **County**, which consent shall not be unreasonably withheld or delayed. In the event this Agreement is assigned or a portion of the **Services** subcontracted by **Surveyor**, **Surveyor** shall remain responsible to **County** for the proper performance of **Surveyor's** obligations under this Agreement. The terms and conditions of **Surveyor's** lower-tier subcontracts or assignments under this Agreement shall, at a minimum, require the subcontractor or assignee to fully comply with this Agreement unless otherwise authorized in writing by **County**.

With respect to the **Services**, which shall be governed by the terms and conditions of this Agreement, **Surveyor's** lower-tier subcontractors shall agree to be bound to **County** in the same manner and to the same extent as **Surveyor** is bound to **County** under this Agreement. When different or additional terms exist between this Agreement and any subcontract, the provision which imposes the more stringent requirement on the subcontractor shall control.

Section IX Ownership of Documents

- A. Any and all documents, including the original drawings, estimates, computer tapes, graphic files, tracings, calculations, analyses, reports, specifications, field notes, and data prepared by **Surveyor** are the property of **County** and upon completion of the **Services** or termination of this Agreement or as otherwise instructed by **County** and/or **County Judge**, shall be delivered to **County** in an organized fashion with **Surveyor** retaining a copy.
- B. Any reuse by **Surveyor** of any such documents described in Subsection A above, without the specific written consent of **County** shall be at **Surveyor's** sole risk and without liability or legal exposure to **County**. Should **Surveyor** be terminated, **Surveyor** shall not be liable for **County's** use of partially completed surveying Work Products created pursuant to this Agreement, except to the extent such documents were deemed complete or otherwise "Accepted" or "Approved" as provided herein or represent completed work sealed by **Surveyor**, as specified by professional standards.

The parties acknowledge that if any provision of this Agreement is determined to be invalid or unenforceable, it is the desire and intention of each that such provision be reformed and construed in such a manner that it will, to the maximum extent practicable, give effect to the intent of this Agreement and be deemed to be validated and enforceable.

ACTUAL COST OF SERVICES METHOD

SECTION 1 - BASIS FOR COMPENSATION

- 1.1 The not-to-be-exceeded fee for the performance of Basic Scope of Services described in the Agreement shall be the sum of \$300,000.00.
- 1.2 The basis of compensation for the services of principals and employees engaged in the performance of the **Services** shall be the hourly rates set forth in attached Exhibit II.
- 1.3 **Surveyor** shall be reimbursed for actual non-labor and subcontract expenses incurred in the performance of the services under this Agreement at the **Surveyor's** invoice cost.

SECTION 2 - NOT-TO-BE-EXCEEDED FEE

- 2.1 **Surveyor** and **County** acknowledge the fact that the not-to-be-exceeded fee is the total estimated costs of **Services** to be rendered under this Agreement. This not-to-be-exceeded fee is based upon the labor and non-labor costs set forth in Exhibit II to this Agreement and described above, estimated to be required in the performance of the various phases of work provided for under this Agreement. Should the actual costs of the **Services** rendered under this Agreement and the actual non-labor and subcontract expenses incurred be less than such estimated cost, then **Surveyor** shall receive compensation for only those **Services** actually rendered and actual non-labor and subcontract expenses incurred.

SECTION 3 – WORK AUTHORIZATIONS

- 3.1 **County** will prepare and issue Work Authorizations, in the form identified and attached hereto as Attachment A, to authorize the **Surveyor** to perform one or more tasks. Each Work Authorization will include a description of the **Services** to be Provided by Surveyor, a description of the tasks and milestones, a Work Schedule for the tasks, and a fee amount agreed upon by the **County** and **Surveyor**. The amount payable for a Work Authorization shall be supported by the estimated cost of each work task as described in the Work Authorization. The Work Authorization will not waive the **Surveyor's** responsibilities and obligations established in this Agreement. The executed Work Authorizations shall become part of this Agreement.
- 3.2 Work included in a Work Authorization shall not begin until **County** and **Surveyor** have signed the Work Authorization. All work must be completed on or before the completion date specified in the Work Authorization. The **Surveyor** shall promptly notify the **County** of any event which will affect completion of the Work Authorization, although such

notification shall not relieve the **Surveyor** from costs or liabilities resulting from delays in completion of the Work Authorization. Any changes in the Work Authorization shall be enacted by a written Supplemental Work Authorization before additional work may be performed or additional costs incurred. Any Supplemental Work Authorization must be executed by both parties within the period specified in the Work Authorization. The **Surveyor** shall not perform any proposed work or incur any additional costs prior to the execution, by both parties, of a Supplemental Work Authorization.

SECTION 4 - ADDITIONAL SERVICES

- 4.1 For additional services, compensation shall be negotiated in accordance with Exhibit III.
- 4.2 **Surveyor** shall be compensated for extra services not included in the Basic Scope of Services described in the Agreement on the basis specified in Exhibit III; however, **Surveyor** shall not be compensated for work made necessary by **Surveyor's** negligent errors or omissions.
- 4.3 The maximum amount payable under this Agreement without modification (the "**Compensation Cap**") is \$300,000.00, provided that any amounts paid or payable shall be solely pursuant to a validly issued Work Authorization or any Supplemental Work Authorization related thereto. In no event may the aggregate amount of compensation authorized under Work Authorizations and Supplemental Work Authorizations exceed the **Compensation Cap**.

SECTION 5 – REQUIRED SUPPORTING DOCUMENTATION

- 5.1 Upon submittal of the initial invoice for service, **Surveyor** shall provide **County** with an Internal Revenue Form W-9, Request for Taxpayer Identification Number and Certification that is complete in compliance with the Internal Revenue Code, its rules and regulations.

Invoices should detail hours worked by staff person, with a description of the **Services** performed by individuals. Invoices should also contain a representation of the percentage of completion relative to that segment of the Services to be Provided by Surveyor under an applicable Work Authorization.
- 5.3 For additional services performed pursuant to Section III. B. of this Agreement, a separate invoice or itemization of this work will be presented with the same requirements for supporting documentation as in Section 5.2 of this Exhibit.
- 5.4 Invoices requesting reimbursement for expenditures related to the project (reimbursables) must be accompanied by copies of the provider's invoice which was previously paid by **Surveyor**.
- 5.5 Payments for Direct and Reimbursable Expenses will be made in compliance with the

approved 2011-2012 Budget Order, as amended. The Budget Order can be viewed on the Williamson County web site at www.wilco.org.

 - a) Utility section of State agencies or other public agencies;
 - b) One-call notification center;
 - c) Public Service Commission or similar organization;
 - d) County Clerk’s Office;

- e) Landowner;
- f) Internet and database research;
- g) Utility Owners; and
- h) Visual Site Inspection.

B) Quality Level “C” – Visible Surface Feature Survey.

- 1) Perform all tasks identified in Section A) above, in addition to the following:
 - a) Field-identify surface features on the topographic plan and ground surface that are above-ground appurtenances of existing subsurface utilities such as power poles, pull boxes, transformer pads, water and gas meters, valve boxes, fire hydrants, and manholes.
 - b) Survey all features and tie to project monumentation.
 - c) Check previous surveys for accuracy and completeness as applied to the planned project.
 - d) Compare applicable utility records with the surveyed features.

C) Quality Level “B” – Electronic Designating.

- 1) Perform all tasks identified in A) and B) above (combined for Project efficiency). In addition, designate utilities by satisfactorily accomplishing the following:
 - a) Select the appropriate geophysical methods to prospect for utilities within the project limits.
 - b) Interpret the results.
 - c) Mark the approximate horizontal positions of utilities on the ground for subsequent survey.
 - d) Survey all markings that indicate utility presence to the accuracy specified for the project.

 - f) Depict all designated utilities onto plan sheets, GIS, or other appropriate documents.
 - g) Recommend additional measures to resolve uncertainties, which might include alternative surface geophysical methods, exploratory excavation, or an upgrade to Quality Level A data.
- 2) The choices of geophysical sensing technologies depend on utility density, soil conditions, and other factors. Therefore, the Consultant will utilize SUE technologies that include magnetic, sonic and acoustic devices, ground penetrating radar, and radio frequency detection equipment. Data

will be analyzed, mapped, and delivered to the City in the formats required by the City.

D) Quality Level “A” – Locating (Test Hole)

- 1) When exact vertical and horizontal utility locations are required by the City, the Consultant will use minimally intrusive Vertical Data Retrieval Vehicles (“VDRV”) for “safe dig” operations to locate utilities to the precision required by the project. Quality Level A is the highest level of confidence and includes tasks described for Levels D, C, and B. To achieve this level of certainty, the Consultant will:
 - a) Excavate test holes exposing the utility to be measured so as not to harm the utility.
 - b) Determine the horizontal and vertical location of the utility; the elevation of the existing grade over the utility test hole; the outside diameters; the utility structure material composition; paving thickness and types; general soil types, and other pertinent information from each test hole site.
 - c) Comply with applicable utility damage prevention laws, permits, coordinate with inspectors, and consult with utility owners as needed.
 - d) Resolve differences between depicted Quality Level A data and other quality levels. This may include additional surface searches and re-depicting level B, C, and D data to coincide with the more accurate Level A information.
- 2) When excavation is required, the Consultant will utilize nondestructive, high-volume vacuum machines and will refill the test hole with the excavated material and re-compact with a minimum of disturbance.
