

Paul Barron graduated from Concordia University of Texas in 1994 with a B.A. in Environmental Science. He continued his education and received a B.S. in Civil Engineering from the University of Texas at Austin in 2005 and is a licensed Professional Engineer in the state of Texas.

Professionally, Paul Barron worked eleven years as an Environmental Consultant with En-tellect Environmental Services in north Austin from 1995 through 2006. He provided regulatory consulting related to air, water and waste for several clients in the portland cement industry, asphalt facilities, concrete batch plants, concrete block plants, rock quarries, cement and fly ash distribution terminals, circuit board fabrication and semiconductor fabrication. In August 2006, Paul joined the compliance section at Headwaters, Inc. as a Regional Environmental Manager. Headwaters, Inc. owns well over 100 light construction products manufacturing plants and heavy construction materials facilities. Paul provides environmental regulatory compliance and training for those facilities located west of the Mississippi River.

Paul is a fifth generation Williamson County resident. He has served as a Republican Party precinct chair since 2010; has served on the Cedar Park Charter Committee; and has been an election judge in Williamson County for several years. Paul moved to Cedar Park in 1997 where he currently resides with his wife Maria Acosta Barron.
