Using Network Providers offers cost-savings advantages because a Covered Person pays only a percentage of the scheduled fee for services provided.

To determine if a provider qualifies as an eligible Network Provider under this Plan, please consult Aetna's website at www.aetna.com to access links for directories of Network Providers.

The Benefit Percentages for Medical Benefits may vary depending on the type of service and provider rendering the service or treatment. Non-Network Provider means a provider who is not a Network Provider. 3. A Network Provider is not reasonably available within 50 miles (using Googlemaps.com) who can provide the service needed. To obtain this exception, the Covered Person must request the exception in writing indicating the name and address of the patient, the Participant's name, identification number and group number, type of treatment, service or supply for which exception is needed. Requests for exceptions can be sent to Aetna. If this exception is granted by the Plan, charges made by the Non-Network Provider will be paid at the Network benefit level. This exception will not be granted until written approval is received from the Plan.
4. A Network Provider refers the patient to a Non-Network Provider. Medical documentation from the Network Provider stating the reason for referring the patient to a Non-Network Provider must be submitted to the Plan for review. To obtain this exception, the Network Provider must request the exception in writing indicating the name and address of the patient, the Participant's name, identification number and group number, type of treatment, service or supply for which exception is needed including medical documentation stating the reasons for referring the patient to a Non-Network Provider. If the Respondent fails to notify Williamson County prior to the date and time fixed for submission of Proposals of an error or ambiguity in the RFP known to Respondent, or an error or ambiguity that reasonably should have been known to Respondent, then Respondent shall be deemed to have waived the error or ambiguity or its later resolution.

Such exhibits shall be clearly marked with the applicable reference number of the question in the RFP. Proposals must address the technical requirements as specified in the RFP. All questions posed by the RFP must be answered concisely and clearly. Proposals that do not address each criterion may be, at the sole discretion of Williamson County, rejected and not considered.

2.7 Proposal Obligation

The contents of the RFP, Proposal and any clarification thereof submitted by the Successful Respondent shall become part of the contractual obligation and incorporated by reference into the Contract and any ensuing agreement.

2.9 Evaluation

Williamson County reserves the right to use all pertinent information (also learned from sources other than disclosed in the RFP process) that might affect Williamson County's judgment as to the appropriateness of an award to the best evaluated Respondent. This information may be appended to the Proposal evaluation process results. Information on a Respondent from reliable sources, and not within the Respondent's Proposal, may also be noted and made part of the evaluation file. Williamson County shall have sole discretion for determining the reliability of the source. Williamson County reserves the right to conduct written and/or oral discussions/interviews after the Proposal opening. The purpose of such discussions/interviews is to provide clarification and/or additional information to make an award that is in the best interest of Williamson County.

2.10 Withdrawal of Proposal

The Respondent may withdraw its Proposal by submitting a written request over the signature of an authorized individual, as described herein above, to the Williamson County Purchasing Department any time prior to the submission deadline. The Respondent may thereafter submit a new Proposal prior to the deadline. Withdrawal of a Proposal after the deadline will be subject to written approval of the Williamson County Purchasing Agent.

3.2 Terms and Conditions

3.2.1 Venue and Governing Law

Respondent hereby agrees and acknowledges that venue and jurisdiction of any suit, right, or cause of action arising out of or in connection with this RFP, the Contract and any ensuing Agreement shall lie exclusively in either Williamson County, Texas or in the Austin Division of the Western Federal District of Texas, and the parties hereto expressly consent and submit to such jurisdiction. Furthermore, except to the extent that this RFP, the Contract and any ensuing Agreement is governed by the laws of the United States, this RFP, the Contract and any ensuing Agreement shall be governed by and construed in accordance with the laws of the State of Texas, excluding, however, its choice of law rules.

3.2.2 Incorporation by Reference and Precedence

The Contract shall be derived from (1) the RFP and its Addenda; and (2) the Respondent's Proposal. In the event of a dispute under the Contract, applicable documents will be referred to for the purpose of clarification or for additional detail in the following order of precedence: (1) the RFP and its Addenda; and (2) the Respondent's Proposal.

In the event Williamson County requires that an ensuing Agreement be executed following award and a

Clarification or for additional detail in the following order of precedence: (1) terms and conditions of the ensuing Agreement and its Addenda, (2) the RFP and its Addenda; and (3) the Respondent's Proposal.

3.2.3 Ownership of Proposal

Each Proposal shall become the property of Williamson County upon submittal and will not be returned to Respondents unless received after the submittal deadline.

3.2.4 Disqualification of Respondent

Upon signing and submittal of the Proposal, a Respondent offering to sell supplies, materials, services, or equipment to Williamson County certifies that the Respondent has not violated the antitrust laws of this state codified in Section 15.01, et seq, Business & Commerce Code, or the Federal Antitrust Laws, and has not communicated directly or indirectly the offer made to any competitor or any other person engaged in such line of business. Any or all Proposals may be rejected if Williamson County believes that collusion exists among the Respondents.

3.2.5 Funding

County intends to budget and make sufficient funds available and authorize funds for expenditure to finance the costs of the Contract. Respondents understand and agree that the County's payment of amounts under the Contract shall be contingent on the County receiving appropriations or other expenditure authority sufficient to allow the County, in the exercise of reasonable administrative discretion, to make payments under the Contract.

3.2.6 Assignment, Successors and Assigns

The Successful Respondent may not assign, sell, or otherwise transfer the Contract or any other rights or interests obtained under the Contract without written permission of the Williamson County Commissioners Court. The Contract and any ensuing Agreement shall be binding upon and inure to the benefit of the contracting parties and their respective successors and permitted assigns.

3.2.7 Implied Requirements

Products and services not specifically described or required in the RFP, but which are necessary to provide the functional capabilities described by the Respondent, shall be deemed to be implied and included in the Proposal.

3.2.8 Termination

3.2.8.1 Termination for Cause: Williamson County reserves the right to terminate the Contract and/or any ensuing Agreement for default if the Successful Respondent breaches any of the RFP Specifications, Terms and Conditions, including warranties of Respondent, if any, or if the Successful Respondent becomes insolvent or commits acts of bankruptcy. Such right of termination is in addition to and not in lieu of any other remedies Williamson County may have at law or in equity or as may otherwise be provided herein. Default may be construed as, but not limited to, failure to deliver the proper goods and/or services within the proper amount of time, and/or to properly perform any and all other requirements to Williamson County's satisfaction, and/or to meet all other obligations and requirements.

3.2.8.2 Termination for Convenience: Williamson County may terminate the Contract and/or any ensuing Agreement for convenience and without cause or further liability, upon ninety (90) calendar days written notice to Successful Respondent. In the event Williamson County exercises its right to terminate without cause, it is understood and agreed that only the amounts due to the Successful Respondent for goods, commodities and/or services provided and expenses incurred to and including the date of termination, will be due and payable. No penalty will be assessed for Williamson County's termination for convenience.

3.2.9 Non-Performance

It is the objective of Williamson County to obtain complete and satisfactory performance of the requirements set forth herein. In addition to any other remedies available at law, in equity or that may be set out herein, failure to perform may result in a deduction of payment equal to the amount of the goods

and/or services that were not provided and/or performed to the County's satisfaction. In the event of such non-performance, the County shall have the right, but shall not be obligated, to complete the services itself or by

others and/or purchase the goods from other sources. If the County elects to acquire the goods or perform the services itself or by others, pursuant to the foregoing, the Successful Respondent shall reimburse the County, within ten (10) calendar days of demand, for all costs incurred by the County (including, without limitation, applicable, general, and administrative expenses, and field overhead, and the cost of necessary equipment, materials, and field labor) in correcting the nonperformance which the Successful Respondent fails to meet pursuant to the requirements set out herein. In the event the Successful Respondent refuses to reimburse the County as set out in this provision, County shall have the right to deduct such reimbursement amounts from any amounts that may be then owing or that may become owing in the future to the Successful Respondent.

3.2.10 Proprietary Information and Texas Public Information Act

All material submitted to the County shall become public property and subject to the Texas Public Information Act upon receipt. If a Respondent does not desire proprietary information in the Proposal to be disclosed, each page must be clearly identified and marked proprietary at time of submittal or, more preferably, all proprietary information may be placed in a folder or appendix and be clearly identified and marked as being proprietary. The County will, to the extent allowed by law, endeavor to protect from public disclosure the information that has been identified and marked as proprietary. The final decision as to what information must be disclosed, however, lies with the Texas Attorney General. Failure to clearly identify and mark information as being proprietary as set forth under this provision will result in all unmarked information being deemed non-proprietary and available to the public. For all information that has not been clearly identified and marked as proprietary by the Respondent, the County may choose to place such information on the County's website and/or a similar public database without obtaining any type of prior consent from the Respondent.

To the extent, if any, that any provision in this RFP or in the Respondent's Proposal is in conflict with Tex. Gov't Code 552.001 et seq., as amended (the "Public Information Act"), the same shall be of no force or effect. Furthermore, it is expressly understood and agreed that Williamson County, its officers and employees may request advice, decisions and opinions of the Attorney General of the State of Texas in regard to the application of the Public Information Act to any items or data furnished to Williamson County as to whether or not the same are available to the public. It is further understood that Williamson County's officers and employees shall have the right to rely on the advice, decisions and opinions of the Attorney General, and that Williamson County, its officers and employees shall have no liability or obligation to any party hereto for the disclosure to the public, or to any person or persons, of any items or data furnished to Williamson County by a party hereto, in reliance of any advice, decision or opinion of the Attorney General of the State of Texas.

3.2.11 Right to Audit

Successful Respondent agrees that Williamson County or its duly authorized representatives shall, until the expiration of three (3) years after termination or expiration of the Contract and/or the ensuing Agreement, have access to and the right to examine and photocopy any and all books, documents, papers and records of Successful Respondent, which are directly pertinent to the services to be performed or goods to be delivered for the purposes of making audits, examinations, excerpts and transcriptions. Successful Respondent agrees that Williamson County shall have access during normal working hours to all necessary facilities and shall be provided adequate and appropriate work space in order to conduct audits in compliance with the provisions of this section. Williamson County shall give Successful Respondent reasonable advance notice of intended audits.

3.2.12 Inspections and Testing

Williamson County reserves the right to inspect and test equipment, supplies, material(s) and goods for quality and compliance with this RFP, and ability to meet the needs of the user. Demonstration units must be available for review. Should the goods or services fail to meet requirements and/or be unavailable for evaluation, Williamson County can deem the Respondent to be in breach and terminate the Contract and/or any ensuing Agreement(s).

3.2.13 Proposal Preparation Cost

Cost of developing Proposals is entirely the responsibility of Respondents and shall not be charged to Williamson County. There is no expressed or implied obligation for Williamson County to reimburse Respondents for any expense incurred in preparing a Proposal in response to this RFP and Williamson County will not reimburse Respondents for such expenses.

3.2.14 Indemnification

SUCCESSFUL RESPONDENT SHALL INDEMNIFY, DEFEND AND SAVE HARMLESS WILLIAMSON COUNTY, ITS OFFICIALS, EMPLOYEES, AGENTS AND AGENTS' EMPLOYEES FROM AND AGAINST ALL CLAIMS, LIABILITY, AND EXPENSES, INCLUDING REASONABLE ATTORNEYS' FEES, ARISING FROM ACTIVITIES OF RESPONDENT, ITS AGENTS, SERVANTS OR

EMPLOYEES, PERFORMED HEREUNDER THAT RESULT FROM THE NEGLIGENT ACT, ERROR, OR OMISSION OF RESPONDENT OR ANY OF RESPONDENT'S AGENTS, SERVANTS OR EMPLOYEES, AS WELL AS ALL CLAIMS OF LOSS OR DAMAGE TO THE RESPONDENT'S AND WILLIAMSON COUNTY'S PROPERTY, EQUIPMENT, AND/OR SUPPLIES.

FURTHERMORE, WILLIAMSON COUNTY, ITS OFFICIALS, EMPLOYEES, AGENTS AND AGENTS' EMPLOYEES SHALL NOT BE LIABLE FOR DAMAGES TO THE SUCCESSFUL RESPONDENT ARISING FROM ANY ACT OF ANY THIRD PARTY, INCLUDING, BUT NOT BEING LIMITED TO THEFT. SUCCESSFUL RESPONDENT FURTHER AGREES TO INDEMNIFY, DEFEND AND SAVE HARMLESS WILLIAMSON COUNTY FROM, ITS OFFICIALS, EMPLOYEES, AGENTS AND AGENTS' EMPLOYEES AGAINST ALL CLAIMS OF WHATEVER NATURE ARISING FROM ANY ACCIDENT, INJURY, OR DAMAGE WHATSOEVER CAUSED TO ANY PERSON OR TO THE PROPERTY OF ANY PERSON OCCURRING IN RELATION TO SUCCESSFUL RESPONDENT'S PERFORMANCE OF ANY SERVICES REQUESTED HEREUNDER DURING THE TERM OF THE CONTRACT AND/OR ANY ENSUING AGREEMENT.

SUCCESSFUL RESPONDENT SHALL TIMELY REPORT ALL CLAIMS, DEMANDS, SUITS, ACTIONS, PROCEEDINGS, LIENS OR JUDGMENTS TO WILLIAMSON COUNTY AND SHALL, UPON THE RECEIPT OF ANY CLAIM, DEMAND, SUIT, ACTION, PROCEEDING, LIEN OR JUDGMENT, NOT LATER THAN THE FIFTEENTH (15th) DAY OF EACH MONTH; PROVIDE WILLIAMSON COUNTY WITH A WRITTEN REPORT ON EACH SUCH MATTER, SETTING FORTH THE STATUS OF EACH MATTER, THE SCHEDULE OR PLANNED PROCEEDINGS WITH RESPECT TO EACH MATTER AND THE COOPERATION OR ASSISTANCE, IF ANY, OF WILLIAMSON COUNTY REQUIRED BY SUCCESSFUL RESPONDENT IN THE DEFENSE OF EACH MATTER. SUCCESSFUL RESPONDENT'S DUTY TO DEFEND, INDEMNIFY AND HOLD WILLIAMSON COUNTY HARMLESS SHALL BE ABSOLUTE. IT SHALL NOT ABATE OR END BY REASON OF THE EXPIRATION OR TERMINATION OF THE CONTRACT AND/OR ANY ENSUING AGREEMENT UNLESS OTHERWISE AGREED BY WILLIAMSON COUNTY IN WRITING. THE PROVISIONS OF THIS SECTION SHALL SURVIVE THE TERMINATION OF THE CONTRACT AND SHALL REMAIN IN FULL FORCE AND EFFECT WITH RESPECT TO ALL SUCH MATTERS NO MATTER WHEN THEY ARISE.

IN THE EVENT OF ANY DISPUTE BETWEEN THE PARTIES AS TO WHETHER A CLAIM, DEMAND, SUIT, ACTION, PROCEEDING, LIEN OR JUDGMENT APPEARS TO HAVE BEEN CAUSED BY OR APPEARS TO HAVE ARISEN OUT OF OR IN CONNECTION WITH ACTS OR OMISSIONS OF WILLIAMSON COUNTY, RESPONDENT SHALL NEVER-THE-LESS FULLY DEFEND SUCH CLAIM, DEMAND, SUIT, ACTION, PROCEEDING, LIEN OR JUDGMENT UNTIL AND UNLESS THERE IS A DETERMINATION BY A COURT OF COMPETENT JURISDICTION THAT THE ACTS AND OMISSIONS OF RESPONDENT ARE NOT AT ISSUE IN THE MATTER.

Successful Respondent's indemnification shall cover, and Successful Respondent agrees to indemnify Williamson County, in the event Williamson County is found to have been negligent for having selected Successful Respondent to perform the work described in this request. The provision by Successful Respondent of insurance shall not limit the liability of Successful Respondent under the Contract and/or any ensuing Agreement.

3.2.15 Waiver of Subrogation

Successful Respondent and Successful Respondent's insurance carrier waive any and all rights whatsoever with regard to subrogation against Williamson County as an indirect party to any suit arising out of personal or property damages resulting from the Respondent's performance under this Contract and any ensuing Agreement.

3.2.16 Relationship of the Parties

The Successful Respondent shall be an independent contractor and shall assume all of the rights, obligations, liabilities, applicable to it as such independent contractor hereunder and any provisions herein which may appear to give County the right to direct the Successful Respondent as to details of doing work herein covered or to exercise a measure of control over the work shall be deemed to mean that the Successful Respondent shall follow the desires of County in the results of the work only. County shall not retain or have the right to control the Successful Respondent's means, methods or details pertaining to the Successful Respondent's performance of the work. County and the Successful Respondent hereby agree and declare that the Successful Respondent is an independent contractor and as such meets the qualifications of an "Independent Contractor" under Texas Workers Compensation Act, Texas Labor Code, Section 406.141, that the Successful Respondent is not an employee of County, and that the Successful Respondent and its employees, agents and sub- contractors shall not be entitled to workers compensation coverage or any other type of insurance coverage held by County.

3.2.17 Sole Provider

The Successful Respondent agrees and acknowledges that it shall not be considered a sole provider of the goods and/or services described herein and that Williamson County may contract with other providers of such goods and/or services if Williamson County deems, at its sole discretion, that multiple providers of the same goods and/or services will serve the best interest of Williamson County.

3.2.18 Force Majeure

If the party obligated to perform is prevented from performance by an act of war, order of legal authority, act of God, or other unavoidable cause not attributable to the fault or negligence of said party, the other party shall grant such party relief from the performance. The burden of proof for the need of such relief shall rest upon the party obligated to perform. To obtain release based on force majeure, the party obligated to perform shall file a written request with the other party.

3.2.19 Severability

If any provision of this RFP, the Contract or any ensuing Agreement shall be held invalid or unenforceable by any court of competent jurisdiction, such holding shall not invalidate or render unenforceable any other provision thereof, but rather the entire RFP, Contract or any ensuing Agreement will be construed as if not containing the particular invalid or unenforceable provision or provisions, and the rights and obligation of the parties shall be construed and enforced in accordance therewith. The parties acknowledge that if any provision of this RFP, the Contract or any ensuing Agreement is determined to be invalid or unenforceable, it is the desire and intention of each that such provision be reformed and construed in such a manner that it will, to the maximum extent practicable, give effect to the intent of this RFP, the Contract or any ensuing Agreement and be deemed to be validated and enforceable.

3.2.20 Equal Opportunity

Neither party shall discriminate against any employee or applicant for employment because of race, color, religion, sex, or national origin.

3.2.21 Notice

3.2.24 Incorporation of Exhibits, Appendices and Attachments

All of the Exhibits, Appendices and Attachments referred to herein are incorporated by reference as if set forth verbatim herein.

3.2.25 No Waiver of Immunities

Nothing herein shall be deemed to waive, modify or amend any legal defense available at law or in equity to Williamson County, its past or present officers, employees, or agents, nor to create any legal rights or claim on behalf of any third party. Williamson County does not waive, modify, or alter to any extent whatsoever the availability of the defense of governmental immunity under the laws of the State of Texas and of the United States.

3.2.26 No Waiver

The failure or delay of any party to enforce at any time or any period of time any of the provisions of this RFP, the Contract or any ensuing Agreement shall not constitute a present or future waiver of such provisions nor the right of either party to enforce each and every provision. Furthermore, no term or provision shall be deemed waived and no breach excused unless such waiver or consent shall be in writing and signed by the party claimed to have waived or consented. Any consent by any party to, or waiver of, a breach by the other, whether expressed or implied, shall not constitute a consent to, waiver of or excuse for any other, different or subsequent breach.

3.2.27 Current Revenues

The obligations of the parties under the Contract and any ensuing Agreement do not constitute a general obligation or indebtedness for which County is obligated to levy, pledge, or collect any of taxation. It is understood and agreed that Williamson County shall have the right to terminate the Contract and any ensuing Agreement at the end of any Williamson County fiscal year if the governing of Williamson County does not appropriate sufficient funds as determined by Williamson County's budget for the fiscal year in question. Williamson County may affect such termination by giving written notice of termination to the Successful Respondent at the end of its then-current fiscal year.

3.2.28 Binding Effect

This Contract and any ensuing Agreement shall be binding upon and inure to the benefit of the parties and their respective permitted assigns and successors.

3.2.29 Assignment

The Successful Respondent's interest and duties hereunder may not be assigned or delegated to a third party without the express written consent of Williamson County.

3.2.30 General Obligations and Reliance

3.2.31 Contractual Development

The Williamson County Commissioners Court may award the Contract on the basis of the initial Proposals received, without any further or additional discussions. Therefore, each initial Proposal should contain the Respondent's best terms and offer. The contents of the RFP and the selected Proposal will become an integral part of the Contract, but may be modified, at Williamson County's sole discretion, by provisions of an ensuing Agreement. Therefore, the Respondent must agree to inclusion in an ensuing Agreement of the Proposal Specifications, Terms and Conditions of this RFP. Williamson County may, at its discretion, opt to conduct further discussions with responsible offerors and request the highest ranked firm's Best and Final Offer.

3.2.32 Entire Agreement

The Contract and any ensuing Agreement shall supersede all prior Agreements, written or oral between the Successful Respondent and County and shall constitute the entire Agreement and understanding between the parties with respect to the services and/or goods to be provided. Each of the provisions herein shall be binding upon the parties and may not be waived, modified amended or altered except by writing signed by the Successful Respondent and County.

3.2.33 Survivability

All applicable agreements that were entered into between Respondent and Williamson County under the terms and conditions of the Contract and/or any ensuing Agreement shall survive the expiration or termination

thereof for ninety (90) days unless a new contract has been awarded.

3.2.34 Payment

County's payment for goods and services shall be governed by Chapter 2251 of the Texas Government Code. An invoice shall be deemed overdue the 31st day after the later of (1) the date County receives the goods under the Contract; (2) the date the performance of the service under the Contract is completed; or (3) the date the Williamson County Auditor receives an invoice for the goods or services. Interest charges for any overdue payments shall be paid by County in accordance with Texas Government Code Section 2251.025. The said rate in effect on September 1 shall be equal to the sum of one percent (1%); and (2) the prime rate published in the Wall Street Journal on the first day of July of the preceding fiscal year that does not fall on a Saturday or Sunday.

If the error is resolved in favor of Successful Respondent, Successful Respondent shall be entitled to receive interest on the unpaid balance of the invoice submitted by Successful Respondent beginning on the date that the payment for the invoice became overdue. If the error is resolved in favor of the County, Successful Respondent shall submit a corrected invoice that must be paid in accordance within the time set forth above. 3.2.35 Contractual Formation and Ensuing Agreement

The Successful Respondent may be required by Williamson County to sign an additional Agreement containing terms necessary to ensure compliance with the RFP and Respondent's Proposal.

THE RESPONDENT'S PROPOSAL SHOULD INCLUDE A SAMPLE CONTRACT, ANY OR ALL ADDITIONAL AGREEMENTS OR TERMS AND CONDITIONS AT THE TIME THE RESPONDENT'S PROPOSAL IS SUBMITTED USING SEPARATE ATTACHED DOCUMENTS FOR THE COUNTY'S REVIEW AND CONSIDERATION.

3.2.36 Legal Liability Information

The Successful Bidder shall disclose all legal liability information by listing any pending litigation or anticipated litigation that your firm is involved in, including but not limited to, potential or actual legal matters with private parties and any local, State, Federal or international governmental entities. Williamson County reserves the right to consider legal liability information in the recommendation of any proposed contract to the Williamson County Commissioners Court.

Preface

The medical benefits plan described in this *Booklet* is a benefit plan of the Employer. These benefits are not insured with **Aetna** or any of its affiliates, but will be paid from the Employer's funds. **Aetna** and its HMO affiliates will provide certain administrative services under the **Aetna** medical benefits plan.

Aetna agrees with the Employer to provide administrative services in accordance with the conditions, rights, and privileges as set forth in this *Booklet*. The Employer selects the products and benefit levels under the **Aetna** medical benefits plan.

The *Booklet* describes your rights and obligations, what the **Aetna** medical benefits plan covers, and how benefits are paid for that coverage. It is your responsibility to understand the terms and conditions in this *Booklet*. Your *Booklet* includes the *Schedule of Benefits* and any amendments.

This *Booklet* replaces and supercedes all **Aetna Booklets** describing coverage for the medical benefits plan described in this *Booklet* that you may previously have received.

Coverage for You and Your Dependents

Health Expense Coverage

Benefits are payable for covered health care expenses that are incurred by you or your covered dependents while coverage is in effect. An expense is "incurred" on the day you receive a health care service or supply.

Coverage under this plan is non-occupational. Only **non-occupational injuries** and **non-occupational illnesses** are covered.

Refer to the *What the Plan Covers* section of the *Booklet* for more information about your coverage.

Treatment Outcomes of Covered Services

Aetna is not a provider of health care services and therefore is not responsible for and does not guarantee any results or outcomes of the covered health care services and supplies you receive. Except for Aetna RX Home Delivery LLC, providers of health care services, including hospitals, institutions, facilities or agencies, are independent contractors and are neither agents nor employees of **Aetna** or its affiliates.

When Your Coverage Begins

Who Is Eligible

How and When to Enroll

When Your Coverage Begins

Throughout this section you will find information on who can be covered under the plan, how to enroll and what to do when there is a change in your life that affects coverage. In this section, “you” means the employee.

Who Is Eligible

Employees

To be covered by this plan, the following requirements must be met:

- You will need to be in an “eligible class,” as defined below; and
- You will need to meet the “eligibility date criteria” described below.

Determining if You Are in an Eligible Class

You are in an eligible class if:

- You are a retired employee of an employer participating in this plan, and you:
 - Retired before the effective date of this plan and were covered under the prior plan for health care coverage on the day before you retired; or
 - Were covered under this plan or another plan sponsored by your employer on the day before you retired; and
 - Retire under your employer’s IRS-qualified retirement plan.

Determining if You Are in an Eligible Class

You are in an eligible class if:

- You are a regular full-time employee, as defined by your employer, who is scheduled to work at least 30 hours per week on a regular basis.

Probationary Period

Once you enter an eligible class, you will need to complete the probationary period before your coverage under this plan begins.

Determining When You Become Eligible

You become eligible for the plan on your eligibility date, which is determined as follows.

On the Effective Date of the Plan

If you are in an eligible class on the effective date of this plan, your coverage eligibility date is the effective date of the plan.

After the Effective Date of the Plan

If you are hired or enter an eligible class after the effective date of this plan, your coverage eligibility date is the first day of the month coinciding with or next following the date you complete 60 days from the date of hire of continuous service with your employer. This is defined as the probationary period. If you had already satisfied the probationary period before you entered the eligible class, your coverage eligibility date is the date you enter the eligible class.

Obtaining Coverage for Dependents

Your dependents can be covered under this Plan. You may enroll the following dependents:

- Your spouse.
- Your dependent children.

Aetna will rely upon your employer to determine whether or not a person meets the definition of a dependent for coverage under this Plan. This determination will be conclusive and binding upon all persons for the purposes of this Plan.

Coverage for Dependent Children

To be eligible for coverage, a dependent child must be under 26 years of age.

An eligible dependent child includes:

- Your biological children;
- Your stepchildren;
- Your legally adopted children;
- Your foster children, including any children placed with you for adoption;
- Any children for whom you are responsible under court order;
- Your grandchildren in your court-ordered custody; and
- Any other child with whom you have a parent-child relationship.

Coverage for a handicapped child may be continued past the age limits shown above. See *Handicapped Dependent Children* for more information.

Important Reminder

Keep in mind that you cannot receive coverage under this Plan as:

- Both an employee and a dependent; or
- A dependent of more than one employee.

How and When to Enroll

Initial Enrollment in the Plan

You will be provided with plan benefit and enrollment information when you first become eligible to enroll. You will need to enroll in a manner determined by **Aetna** and your employer. To complete the enrollment process, you will need to provide all requested information for yourself and your eligible dependents. You will also need to agree to make required contributions for any contributory coverage. Your employer will determine the amount of your plan contributions, which you will need to agree to before you can enroll. Your employer will advise you of the required amount of your contributions and will deduct your contributions from your pay. Remember plan contributions are subject to change.

You will need to enroll within 31 days of your eligibility date. Otherwise, you may be considered a Late Enrollee. If you miss the enrollment period, you will not be able to participate in the plan until the next annual enrollment period, unless you qualify under a Special Enrollment Period, as described below.

If you do not enroll for coverage when you first become eligible, but wish to do so later, your employer will provide you with information on when and how you can enroll.

Newborns are automatically covered for 31 days after birth. To continue coverage after 31 days, you will need to complete a change form and return it to your employer within the 31-day enrollment period.

Late Enrollment

If you do not enroll during the Initial Enrollment Period, or a subsequent annual enrollment period, you and your eligible dependents may be considered **Late Enrollees** and coverage may be deferred until the next annual enrollment period. If, at the time of your initial enrollment, you elect coverage for yourself only and later request coverage for your eligible dependents, they may be considered **Late Enrollees**.

You must return your completed enrollment form before the end of the next annual enrollment period as described below.

However, you and your eligible dependents may not be considered **Late Enrollees** if you qualify for one of the circumstances described in the “Special Enrollment Periods” section below.

Annual Enrollment

During the annual enrollment period, you will have the opportunity to review your coverage needs for the upcoming year. During this period, you have the option to change your coverage. The choices you make during this annual enrollment period will become effective the following year.

If you do not enroll yourself or a dependent for coverage when you first become eligible, but wish to do so later, you will need to do so during the next annual enrollment period, unless you qualify under one of the Special Enrollment Periods, as described below.

Special Enrollment Periods

You will not be considered a **Late Enrollee** if you qualify under a Special Enrollment Period as defined below. If one of these situations applies, you may enroll before the next annual enrollment period.

Loss of Other Health Care Coverage

You or your dependents may qualify for a Special Enrollment Period if:

- You did not enroll yourself or your dependent when you first became eligible or during any subsequent annual enrollments because, at that time:
 - You or your dependents were covered under other **creditable coverage**; and
 - You refused coverage and stated, in writing, at the time you refused coverage that the reason was that you or your dependents had other **creditable coverage**; and
- You or your dependents are no longer eligible for other **creditable coverage** because of one of the following:
 - The end of your employment;
 - A reduction in your hours of employment (for example, moving from a full-time to part-time position);
 - The ending of the other plan’s coverage;
 - Death;
 - Divorce or legal separation;
 - Employer contributions toward that coverage have ended;
 - COBRA coverage ends;
 - The employer’s decision to stop offering the group health plan to the eligible class to which you belong;
 - Cessation of a dependent’s status as an eligible dependent as such is defined under this Plan;
 - With respect to coverage under Medicaid or an S-CHIP Plan, you or your dependents no longer qualify for such coverage; or
 - You or your dependents have reached the lifetime maximum of another Plan for all benefits under that Plan.
- You or your dependents become eligible for premium assistance, with respect to coverage under the group health plan, under Medicaid or an S-CHIP Plan.

You will need to enroll yourself or a dependent for coverage within:

- 31 days of when other **creditable coverage** ends;
- within 60 days of when coverage under Medicaid or an S-CHIP Plan ends; or
- within 60 days of the date you or your dependents become eligible for Medicaid or S-CHIP premium assistance.

Evidence of termination of **creditable coverage** must be provided to your employer or the party it designates. If you do not enroll during this time, you will need to wait until the next annual enrollment period.

New Dependents

You and your dependents may qualify for a Special Enrollment Period if:

- You did not enroll when you were first eligible for coverage; and
- You later acquire a dependent, as defined under the plan, through marriage, birth, adoption, or placement for adoption; and
- You elect coverage for yourself and your dependent within 31 days of acquiring the dependent.

Your spouse or child who meets the definition of a dependent under the plan may qualify for a Special Enrollment Period if:

- You did not enroll them when they were first eligible; and
- You later elect coverage for them within 31 days of a court order requiring you to provide coverage.

You will need to report any new dependents by completing a change form, which is available from your employer. The form must be completed and returned to your employer within 31 days of the change. If you do not return the form within 31 days of the change, you will need to make the changes during the next annual enrollment period.

If You Adopt a Child

Your plan will cover a child who is placed for adoption. This means you have taken on the legal obligation for total or partial support of a child whom you plan to adopt.

Your plan will provide coverage for a child who is placed with you for adoption if:

- The child meets the plan's definition of an eligible dependent on the date he or she is placed for adoption; and
- You request coverage for the child in writing within 31 days of the placement;
- Proof of placement will need to be presented to your employer prior to the dependent enrollment;
- Any coverage limitations for a preexisting condition will not apply to a child placed with you for adoption provided that the placement occurs on or after the effective date of your coverage.

When You Receive a Qualified Child Support Order

A Qualified Medical Child Support Order (QMCSO) is a court order requiring a parent to provide health care coverage to one or more children. Your plan will provide coverage for a child who is covered under a QMCSO, if:

- The child meets the plan's definition of an eligible dependent; and
- You request coverage for the child in writing within 31 days of the court order.

Coverage for the dependent will become effective on the date of the court order. Any coverage limitations for a preexisting condition will not apply, as long as you submit a written request for coverage within the 31-day period.

If you do not request coverage for the child within the 31-day period, you will need to wait until the next annual enrollment period.

Under a QMCSO, if you are the non-custodial parent, the custodial parent may file claims for benefits. Benefits for such claims will be paid to the custodial parent.

When Your Coverage Begins

Your Effective Date of Coverage

If you have met all the eligibility requirements, your coverage takes effect on the later of:

- The date you are eligible for coverage; and
- The date you return your completed enrollment information; and
- Your application is received and approved in writing by **Aetna**; and
- The date your required contribution is received by **Aetna**.

If you do not return your completed enrollment information within 31 days of your eligibility date, the rules under the *Special or Late Enrollment Periods* section will apply.

Important Notice:

You must pay the required contribution in full or coverage will not be effective.

Your Dependent's Effective Date of Coverage

Your dependent's coverage takes effect on the same day that your coverage becomes effective, if you have enrolled them in the plan.

Note: New dependents need to be reported to your employer within 31 days because they may affect your contributions. If you do not report a new dependent within 31 days of his or her eligibility date, the rules under the *Special or Late Enrollment Periods* section will apply.

Retired Employees

In lieu of corresponding rules which apply to employees:

- If any health expense benefits are payable based on a "period of disability", the rule which applies to determine when a dependent's period of disability ends will also apply to you.
- The rule which applies to a dependent to determine if total disability exists when health expense insurance ends will also apply to you.

How Your Medical Plan Works

Common Terms

Accessing Providers

Precertification

It is important that you have the information and useful resources to help you get the most out of your **Aetna** medical plan. This Booklet explains:

- Definitions you need to know;
- How to access care, including procedures you need to follow;
- What expenses for services and supplies are covered and what limits may apply;
- What expenses for services and supplies are not covered by the plan;
- How you share the cost of your covered services and supplies; and
- Other important information such as eligibility, complaints and appeals, termination, continuation of coverage, and general administration of the plan.

Important Notes

- Unless otherwise indicated, “you” refers to you and your covered dependents.
- Your health plan pays benefits only for services and supplies described in this Booklet as **covered expenses** that are **medically necessary**.
- This Booklet applies to coverage only and does not restrict your ability to receive health care services that are not or might not be covered benefits under this health plan.
- Store this Booklet in a safe place for future reference.

Common Terms

Many terms throughout this Booklet are defined in the *Glossary* section at the back of this document. Defined terms appear in bolded print. Understanding these terms will also help you understand how your plan works and provide you with useful information regarding your coverage.

About Your Aetna Choice POS II Medical Plan

This Aetna Choice POS II medical plan provides coverage for a wide range of medical expenses for the treatment of **illness** or **injury**. It does not provide benefits for all medical care. The plan also provides coverage for certain preventive and wellness benefits. With your Aetna Choice POS II plan, you can directly access any **network** or **out-of-network physician, hospital** or other health care provider for covered services and supplies under the plan. The plan pays benefits differently when services and supplies are obtained through **network providers** or **out-of-network providers** under this plan.

Important Note

Network providers have contracted with **Aetna**, an affiliate or third party vendor to provide health care services and supplies to **Aetna** plan members. **Network providers** are generally identified in the printed **directory** and the on-line version of the **directory** via DocFind at www.aetna.com unless otherwise noted in this section. **Out-of-network providers** are not listed in the **Aetna directory**.

The plan will pay for **covered expenses** up to the maximum benefits shown in this Booklet.

Coverage is subject to all the terms, policies and procedures outlined in this Booklet. Not all medical expenses are covered under the plan. Exclusions and limitations apply to certain medical services, supplies and expenses. Refer to the *What the Plan Covers*, *Exclusions*, *Limitations* sections and *Schedule of Benefits* to determine if medical services are covered, excluded or limited.

This Aetna Choice POS II plan provides access to covered benefits through a broad network of health care providers and facilities. This Aetna Choice POS II plan is designed to lower your out-of-pocket costs when you use **network providers** for **covered expenses**. Your **deductibles**, **copayments**, and **payment percentage** will generally be lower when you use **network providers** and facilities.

You also have the choice to access licensed **providers**, **hospitals** and facilities outside the network for covered services and supplies. Your out-of-pocket costs will generally be higher when you use **out-of-network** providers because the **deductibles**, **copayments**, and **payment percentage** that you are required to pay are usually higher when you utilize **out-of-network providers**. **Out-of-network providers** have not agreed to accept the **negotiated charge** and may balance bill you for charges over the amount **Aetna** pays under the plan.

Some services and supplies may only be covered through **network providers**. Refer to the *Covered Benefit* sections and your *Schedule of Benefits* to determine if any services are limited to network coverage only.

Your out-of-pocket costs may vary between network and out-of-network benefits. Read your *Schedule of Benefits* carefully to understand the cost sharing charges applicable to you.

Availability of Providers

Aetna cannot guarantee the availability or continued participation of a particular provider. Either **Aetna** or any **network provider** may terminate the **provider** contract or limit the number of patients accepted in a practice. If the **physician** initially selected cannot accept additional patients, you will be notified and given an opportunity to make another selection.

Ongoing Reviews

Aetna conducts ongoing reviews of those services and supplies which are recommended or provided by health professionals to determine whether such services and supplies are **covered expenses** under this Booklet. If **Aetna** determines that the recommended services or supplies are not **covered expenses**, you will be notified. You may appeal such determinations by contacting **Aetna** to seek a review of the determination. Please refer to the *Reporting of Claims* and the *Claims and Appeals* sections of this Booklet.

To better understand the choices that you have with your Aetna Choice POS II plan, please carefully review the following information.

How Your Aetna Choice POS II Medical Plan Works

The Primary Care Physician:

To access network benefits, you are encouraged to select a **Primary Care Physician (PCP)** from **Aetna's** network of providers at the time of enrollment. Each covered family member may select his or her own **PCP**. If your covered dependent is a minor, or otherwise incapable of selecting a **PCP**, you should select a **PCP** on their behalf.

You may search online for the most current list of participating providers in your area by using DocFind, **Aetna's** online provider directory at www.aetna.com. You can choose a **PCP** based on geographic location, group practice, medical specialty, language spoken, or **hospital** affiliation. DocFind is updated several times a week. You may also request a printed copy of the provider directory through your employer or by contacting Member Services through e-mail or by calling the toll free number on your ID card.

A **PCP** may be a general practitioner, family **physician**, internist, or pediatrician. Your **PCP** provides routine preventive care and will treat you for **illness** or **injury**.

A **PCP** coordinates your medical care, as appropriate either by providing treatment or may direct you to other **network providers** for other covered services and supplies. The **PCP** can also order lab tests and x-rays, prescribe medicines or therapies, and arrange **hospitalization**.

Changing Your PCP

You may change your **PCP** at any time on **Aetna's** website, www.aetna.com, or by calling the Member Services toll-free number on your identification card. The change will become effective upon **Aetna's** receipt and approval of the request.

Specialists and Other Network Providers

You may directly access **specialists** and other health care professionals in the network for covered services and supplies under this Booklet. Refer to the **Aetna provider directory** to locate network **specialists, providers** and **hospitals** in your area. Refer to the *Schedule of Benefits* section for benefit limitations and out-of-pocket costs applicable to your plan.

Important Note

ID Card: You will receive an ID card. It identifies you as a member when you receive services from health care **providers**. If you have not received your ID card or if your card is lost or stolen, notify **Aetna** immediately and a new card will be issued.

Accessing Network Providers and Benefits

- You may select a **PCP** or other direct access **network provider** from the **network provider directory** or by logging on to **Aetna's** website at www.aetna.com. You can search **Aetna's** online **directory**, DocFind, for names and locations of **physicians, hospitals** and **other health care** providers and facilities. You can change your **PCP** at anytime.
- If a service or supply you need is covered under this Plan but not available from a **network provider** in your area, your **PCP** may refer you to an **out-of-network provider**. As long as your **PCP** has provided you with a **referral** that has been approved by **Aetna**, you will receive the network benefit level as shown in your *Schedule of Benefits*.
- If a service or supply you need is covered under this Plan but not available from a **network provider in your area**, please contact Member Services by email or at the toll-free number on your ID card for assistance.
- Certain health care services such as **hospitalization, outpatient surgery** and certain other outpatient services, require **precertification** with **Aetna** to verify coverage for these services. You do not need to **precertify** services provided by a **network provider**. **Network providers** will be responsible for obtaining necessary **precertification** for you. Since **precertification** is the provider's responsibility, there are no additional out-of-pocket costs to you as a result of a **network provider's** failure to **precertify** services. Refer to the *Understanding Precertification* section for more information on the **precertification** process and what to do if your request for **precertification** is denied.
- Except for your **prescription drug** expenses, you will not have to submit medical claims for treatment received from network health care professionals and facilities. Your **network provider** will take care of claim submission. **Aetna** will directly pay the **network provider** or facility less any cost sharing required by you. You will be responsible for **deductibles, payment percentage** and **copayments**, if any.
- You may be required to pay some **network providers** at the time of service. When you pay a **network provider** directly, you will be responsible for completing a claim form to receive reimbursement of **covered expenses** from **Aetna**. You must submit a completed claim form and proof of payment to **Aetna**. Refer to the *General Provisions* section of this Booklet for a complete description of how to file a claim under this Plan.
- You will receive notification of what the plan has paid toward your **covered expenses**. It will indicate any amounts you owe towards your **deductible, copayments, or payment percentage** or other non-covered expenses you have incurred. You may elect to receive this notification by e-mail, or through the mail. Call or e-mail Member Services if you have questions regarding your statement.

Cost Sharing For Network Benefits

You share in the cost of your benefits. Cost Sharing amounts and provisions are described in the *Schedule of Benefits*.

- **Network providers** have agreed to accept the **negotiated charge**. Aetna will reimburse you for a **covered expense**, incurred from a **network provider**, up to the **negotiated charge** and the maximum benefits under this Plan, less any cost sharing required by you such as **deductibles**, **copayments** and **payment percentage**. Your **payment percentage** is based on the **negotiated charge**. You will not have to pay any balance bills above the **negotiated charge** for that covered service or supply.
- You must satisfy any applicable **deductibles** before the plan will begin to pay benefits.
- **Deductibles** and **payment percentage** are usually lower when you use **network providers** than when you use **out-of-network providers**.
- For certain types of services and supplies, you will be responsible for any **copayments** shown in your *Schedule of Benefits*. The **copayments** will vary depending upon the type of service and whether you obtain covered health care services from a provider who is a **specialist** or non-**specialist**. You will be subject to the **PCP copayments** shown on the *Schedule of Benefits* when you obtain covered health care services from any **PCP** who is a **network provider**. If the provider is a **network specialist**, then the **specialist copayment** will apply.
- After you satisfy any applicable **deductible**, you will be responsible for any applicable **payment percentage** for **covered expenses** that you incur. You will be responsible for your **payment percentage** up to the **maximum out-of-pocket limit** applicable to your plan.
- Once you satisfy any applicable **maximum out-of-pocket limit**, the plan will pay 100% of the **covered expenses** that apply toward the limits for the rest of the Plan Year. Certain designated out-of-pocket expenses may not apply to the **maximum out-of-pocket limits**. Refer to your *Schedule of Benefits* for information on what **covered expenses** do not apply to the **maximum out-of-pocket limits** and for the specific **maximum out-of-pocket limit** amounts that apply to your plan.
- The plan will pay for **covered expenses**, up to the benefit maximums shown in the *What the Plan Covers* section or the *Schedule of Benefits*. You are responsible for any expenses incurred over the maximum limits outlined in the *What the Plan Covers* section or the *Schedule of Benefits*.
- You may be billed for any **deductible**, **copayment**, or **payment percentage** amounts, or any non-covered expenses that you incur.

Accessing Out-of-Network Providers and Benefits

- Certain health care services such as hospitalization, outpatient surgery and certain other outpatient services, require **precertification** with Aetna to verify coverage for these services. When you receive services from an **out-of-network provider**, you are responsible for obtaining the necessary **precertification** from Aetna. Your provider may **precertify** the services for you. However, you should verify with Aetna prior to the service, that the provider has obtained **precertification** from Aetna. If the service is not **precertified**, the benefit payable may be significantly reduced or may not be covered. This means you will be responsible for the unpaid balance of any bills. You must call the **precertification** toll-free number on your ID card to **precertify** services. Refer to the *Understanding Precertification* section for more information on the **precertification** process and what to do if your request for **precertification** is denied.
- When you use **out-of-network providers**, you may have to pay for services at the time they are rendered. You may be required to pay the full charges and submit a claim form to Aetna for reimbursement. You are responsible for completing and submitting claim forms for reimbursement of **covered expenses** that you paid directly to an **out-of-network provider**.

- When you pay an **out-of-network provider** directly, you will be responsible for completing a claim form to receive reimbursement of **covered expenses** from **Aetna**. You must submit a completed claim form and proof of payment to **Aetna**. Refer to the *General Provisions* section of this Booklet for a complete description of how to file a claim under this plan.
- You will receive notification of what the plan has paid toward your **covered expenses**. It will indicate any amounts you owe towards any **deductible**, or **payment percentage** amounts or other non-covered expenses you have incurred. You may elect to receive this notification by e-mail, or through the mail. Call or e-mail Member Services if you have questions regarding your statement.

Important Note

Failure to **precertify** services and supplies will result in a reduction of benefits or no coverage for the services or supplies under this Booklet. Please refer to the *Understanding Precertification* section for information on how to request **precertification**.

Cost Sharing for Out-of-Network Benefits

You share in the cost of your benefits. Cost Sharing amounts and provisions are described in the *Schedule of Benefits*.

- **Out-of-network providers** have not agreed to accept the **negotiated charge**. **Aetna** will reimburse you for a **covered expense**, incurred from an **out-of network provider**, up to the **recognized charge** and the maximum benefits under this Plan, less any cost-sharing required by you such as **deductibles** and **payment percentage**. The **recognized charge** is the maximum amount **Aetna** will pay for a **covered expense** from an **out-of-network provider**. Your **payment percentage** is based on the **recognized charge**. If your **out-of-network provider** charges more than the **recognized charge**, you will be responsible for any expenses incurred above the **recognized charge**. Except for emergency services, **Aetna** will only pay up to the **recognized charge**.
- You must satisfy any applicable **deductibles** before the plan begins to pay benefits.
- **Deductibles** and **payment percentage** are usually higher when you use **out-of network providers** than when you use **network providers**.
- After you satisfy any applicable **deductible**, you will be responsible for any applicable **payment percentage** for **covered expenses** that you incur. You will be responsible for your **payment percentage** up to the **maximum out-of-pocket limits** that apply to your plan.
- Once you satisfy any applicable **maximum out-of-pocket limit**, the plan will pay 100% of the **covered expenses** that apply toward the limits for the rest of the Plan Year. Certain designated out-of-pocket expenses may not apply to the **maximum out-of-pocket limit**. Refer to your *Schedule of Benefits* for information on what **covered expenses** do not apply to the **maximum out-of-pocket limits** and for the specific **maximum out-of-pocket limit** amounts that apply to your plan.
- The plan will pay for **covered expenses**, up to the benefit maximums shown in the *What the Plan Covers* section or the *Schedule of Benefits*. You are responsible for any expenses incurred over the maximum limits outlined in the *What the Plan Covers* section or the *Schedule of Benefits*.

Understanding Precertification

Precertification

Certain services, such as inpatient **stays**, certain tests, procedures and **outpatient surgery** require **precertification** by **Aetna**. **Precertification** is a process that helps you and your **physician** determine whether the services being recommended are **covered expenses** under the plan. It also allows **Aetna** to help your provider coordinate your transition from an inpatient setting to an outpatient setting (called discharge planning), and to register you for specialized programs or case management when appropriate.

You do not need to **precertify** services provided by a **network provider**. **Network providers** will be responsible for obtaining necessary **precertification** for you. Since **precertification** is the provider's responsibility, there is no additional out-of-pocket cost to you as a result of a **network provider's** failure to **precertify** services.

When you go to an **out-of-network provider**, it is your responsibility to obtain **precertification** from **Aetna** for any services or supplies on the **precertification** list below. If you do not **precertify**, your benefits may be reduced, or the plan may not pay any benefits. The list of services requiring **precertification** follows on the next page.

Important Note

Please read the following sections in their entirety for important information on the **precertification** process, and any impact it may have on your coverage.

The Precertification Process

Prior to being **hospitalized** or receiving certain other medical services or supplies there are certain **precertification** procedures that must be followed.

You or a member of your family, a **hospital** staff member, or the attending **physician**, must notify **Aetna** to **precertify** the admission or medical services and expenses prior to receiving any of the services or supplies that require **precertification** pursuant to this Booklet in accordance with the following timelines:

Precertification should be secured within the timeframes specified below. To obtain **precertification**, call **Aetna** at the telephone number listed on your ID card. This call must be made:

For non-emergency admissions:	You, your physician or the facility will need to call and request precertification at least 14 days before the date you are scheduled to be admitted.
For an emergency outpatient medical condition :	You or your physician should call prior to the outpatient care, treatment or procedure if possible; or as soon as reasonably possible.
For an emergency admission :	You, your physician or the facility must call within 48 hours or as soon as reasonably possible after you have been admitted.
For an urgent admission :	You, your physician or the facility will need to call before you are scheduled to be admitted. An urgent admission is a hospital admission by a physician due to the onset of or change in an illness ; the diagnosis of an illness ; or an injury .
For outpatient non-emergency medical services requiring precertification :	You or your physician must call at least 14 days before the outpatient care is provided, or the treatment or procedure is scheduled.

Aetna will provide a written notification to you and your **physician** of the **precertification** decision. If your **precertified** expenses are approved the approval is good for 60 days as long as you remain enrolled in the plan.

When you have an inpatient admission to a facility, **Aetna** will notify you, your **physician** and the facility about your **precertified** length of **stay**. If your **physician** recommends that your **stay** be extended, additional days will need to be certified. You, your **physician**, or the facility will need to call **Aetna** at the number on your ID card as soon as reasonably possible, but no later than the final authorized day. **Aetna** will review and process the request for an extended **stay**. You and your **physician** will receive a notification of an approval or denial.

If **precertification** determines that the **stay** or services and supplies are not **covered expenses**, the notification will explain why and how **Aetna's** decision can be appealed. You or your provider may request a review of the **precertification** decision pursuant to the Claims and Appeals section included with this Booklet.

Services and Supplies Which Require Precertification

Precertification is required for the following types of medical expenses:

Inpatient and Outpatient Care

- Stays in a hospital;
- Stays in a skilled nursing facility;
- Stays in a rehabilitation facility;
- Stays in a hospice facility;
- Outpatient hospice care;
- Stays in a **Residential Treatment Facility** for treatment of mental disorders and substance abuse;
- **Partial Hospitalization Programs** for mental disorders and substance abuse;
- **Home health care**;
- Private duty nursing care;
- Intensive Outpatient Programs for mental disorders and substance abuse;
- Amytal interview;
- Applied Behavioral Analysis;
- Biofeedback;
- Electroconvulsive therapy;
- Neuropsychological testing;
- Outpatient detoxification;
- Psychiatric home care services;
- Psychological testing.

How Failure to Precertify Affects Your Benefits

A **precertification** benefit reduction will be applied to the benefits paid if you fail to obtain a required **precertification** prior to incurring medical expenses. This means **Aetna** will reduce the amount paid towards your coverage, or your expenses may not be covered. You will be responsible for the unpaid balance of the bills.

You are responsible for obtaining the necessary **precertification** from **Aetna** prior to receiving services from an **out-of-network provider**. Your provider may **precertify** your treatment for you; however you should verify with **Aetna** prior to the procedure, that the provider has obtained **precertification** from **Aetna**. If your treatment is not **precertified** by you or your provider, the benefit payable may be significantly reduced or your expenses may not be covered.

How Your Benefits are Affected

The chart below illustrates the effect on your benefits if necessary **precertification** is not obtained.

If precertification is:	then the expenses are:
▪ requested and approved by Aetna .	▪ covered.
▪ requested and denied.	▪ not covered, may be appealed.
▪ not requested, but would have been covered if requested.	▪ covered after a precertification benefit reduction is applied.*
▪ not requested, would not have been covered if requested.	▪ not covered, may be appealed.

It is important to remember that any additional out-of-pocket expenses incurred because your **precertification** requirement was not met will not count toward your **deductible** or **payment limit** or **maximum out-of-pocket limit**.

*Refer to the *Schedule of Benefits* section for the amount of **precertification** benefit reduction that applies to your plan.

Emergency and Urgent Care

You have coverage 24 hours a day, 7 days a week, anywhere inside or outside the plan's service area, for:

- An **emergency medical condition**; or
- An **urgent condition**.

In Case of a Medical Emergency

When **emergency care** is necessary, please follow the guidelines below:

- Seek the nearest emergency room, or dial 911 or your local emergency response service for medical and ambulatory assistance. If possible, call your **physician** provided a delay would not be detrimental to your health.
- After assessing and stabilizing your condition, the emergency room should contact your **physician** to obtain your medical history to assist the emergency **physician** in your treatment.
- If you are admitted to an inpatient facility, notify your **physician** as soon as reasonably possible.
- If you seek care in an emergency room for a non-emergency condition, the plan will not cover the expenses you incur. Please refer to the *Schedule of Benefits* for specific details about the plan. No other plan benefits will pay for non-emergency care in the emergency room unless otherwise specified under the plan.

Coverage for Emergency Medical Conditions

Refer to **Coverage for Emergency Medical Conditions** in the *What the Plan Covers* section.

Important Reminder

If you visit a **hospital** emergency room for a non-emergency condition, the plan will not cover your expenses, as shown in the *Schedule of Benefits*. No other plan benefits will pay for non-emergency care in the emergency room unless otherwise specified under the Plan.

In Case of an Urgent Condition

Call your **PCP** if you think you need urgent care. **Network providers** are required to provide urgent care coverage 24 hours a day, including weekends and holidays. You may contact any **physician** or **urgent care provider**, in- or out-of-network, for an **urgent care condition** if you cannot reach your **physician**.

If it is not feasible to contact your **physician**, please do so as soon as possible after urgent care is provided. If you need help finding an **urgent care provider** you may call Member Services at the toll-free number on your I.D. card, or you may access Aetna's online provider directory at www.aetna.com.

Coverage for an Urgent Condition

Refer to **Coverage for Urgent Medical Conditions** in the *What the Plan Covers* section.

Non-Urgent Care

If you seek care from an **urgent care provider** for a non-**urgent condition**, (one that does not meet the criteria above), the plan will not cover the expenses you incur unless otherwise specified under the Plan. Please refer to the *Schedule of Benefits* for specific plan details.

Important Reminder

If you visit an **urgent care provider** for a non-**urgent condition**, the plan will not cover your expenses, as shown in the *Schedule of Benefits*. No other plan benefits will pay for non-urgent care received at a hospital or an urgent care provider unless otherwise specified.

Follow-Up Care After Treatment of an Emergency or Urgent Medical Condition

Follow-up care is not considered an emergency or **urgent condition** and is not covered as part of any emergency or urgent care visit. Once you have been treated and discharged, you should contact your **physician** for any necessary follow-up care.

For coverage purposes, follow-up care is treated as any other expense for **illness or injury**. If you access a **hospital** emergency room for follow-up care, your expenses will not be covered and you will be responsible for the entire cost of your treatment. Refer to your *Schedule of Benefits* for cost sharing information applicable to your plan.

To keep your out-of-pocket costs lower, your follow-up care should be provided by a **physician**.

You may use an **out-of-network provider** for your follow-up care. You will be subject to the **deductible and payment percentage** that apply to out-of-network expenses, which may result in higher out-of-pocket costs to you.

Important Notice

Follow up care, which includes (but is not limited to) suture removal, cast removal and radiological tests such as x-rays, should **not** be provided by an emergency room facility.

Requirements For Coverage

To be covered by the plan, services and supplies and **prescription drugs** must meet all of the following requirements:

1. The service or supply or **prescription drug** must be covered by the plan. For a service or supply or **prescription drug** to be covered, it must:
 - Be included as a covered expense in this Booklet;
 - Not be an excluded expense under this Booklet. Refer to the *Exclusions* sections of this Booklet for a list of services and supplies that are excluded;
 - Not exceed the maximums and limitations outlined in this Booklet. Refer to the *What the Plan Covers* section and the *Schedule of Benefits* for information about certain expense limits; and

2. The service or supply or **prescription drug** must be provided while coverage is in effect. See the *Who Can Be Covered*, *How and When to Enroll*, *When Your Coverage Begins*, *When Coverage Ends* and *Continuation of Coverage* sections for details on when coverage begins and ends.
3. The service or supply or **prescription drug** must be **medically necessary**. To meet this requirement, the medical services, supply or **prescription drug** must be provided by a **physician**, or other health care provider, exercising prudent clinical judgment, to a patient for the purpose of preventing, evaluating, diagnosing or treating an **illness, injury**, disease or its symptoms. The provision of the service or supply must be:
 - (a) In accordance with generally accepted standards of medical practice;
 - (b) Clinically appropriate, in terms of type, frequency, extent, site and duration, and considered effective for the patient's **illness, injury** or disease; and
 - (c) Not primarily for the convenience of the patient, **physician** or other health care provider;
 - (d) And not more costly than an alternative service or sequence of services at least as likely to produce equivalent therapeutic or diagnostic results as to the diagnosis or treatment of that patient's **illness, injury**, or disease.

For these purposes "generally accepted standards of medical practice" means standards that are based on credible scientific evidence published in peer-reviewed medical literature generally recognized by the relevant medical community, or otherwise consistent with **physician** specialty society recommendations and the views of **physicians** practicing in relevant clinical areas and any other relevant factors.

Important Note

Not every service, supply or **prescription drug** that fits the definition for **medical necessity** is covered by the plan. Exclusions and limitations apply to certain medical services, supplies and expenses. For example some benefits are limited to a certain number of days, visits or a dollar maximum. Refer to the *What the Plan Covers* section and the *Schedule of Benefits* for the plan limits and maximums.

- Transitioning from a **hospital** or other inpatient facility, and the services are in lieu of a continued inpatient **stay**; or
- **Homebound**

Covered expenses include only the following:

- **Skilled nursing services** that require medical training of, and are provided by, a licensed nursing professional within the scope of his or her license. These services need to be provided during intermittent visits of 4 hours or less, with a daily maximum of 3 visits. Intermittent visits are considered periodic and recurring visits that skilled nurses make to ensure your proper care, which means they are not on site for more than four hours at a time. If you are discharged from a **hospital** or **skilled nursing facility** after an inpatient **stay**, the intermittent requirement may be waived to allow coverage for up to 12 hours (3 visits) of continuous **skilled nursing services**. However, these services must be provided for within 10 days of discharge.

Benefits for home health care visits are payable up to the Home Health Care Maximum. Each visit by a nurse, **behavioral health provider** or therapist is 1 visit.

In figuring the Plan Year Maximum Visits, each visit of a:

- Nurse or Therapist, up to 4 hours is 1 visit and
- **behavioral health provider**, of up to 1 hour, is 1 visit.

This maximum will not apply to care given by an **R.N.** or **L.P.N.** when:

- Care is provided within 10 days of discharge from a **hospital** or **skilled nursing facility** as a full-time inpatient; and
- Care is needed to transition from the **hospital** or **skilled nursing facility** to home care.

When the above criteria are met, **covered expenses** include up to 12 hours of continuous care by an **R.N.** or **L.P.N.** per day.

Coverage for Home Health Care services is not determined by the availability of caregivers to perform them. The absence of a person to perform a non-skilled or **custodial care** service does not cause the service to become covered. If the covered person is a minor or an adult who is dependent upon others for non-skilled care (e.g. bathing, eating, toileting), coverage for home health services will only be provided during times when there is a family member or caregiver present in the home to meet the person's non-skilled needs.

Home health care needs to be **precertified** by **Aetna**. Refer to the *How the Plan Works* section for details about **precertification**.

Refer to the *Schedule of Benefits* for details about any applicable home health care visit maximums.

The four phases of one transplant occurrence and a summary of covered transplant expenses during each phase are:

4. Follow-up care: Includes all covered transplant expenses; home health care services; home infusion services; and transplant-related outpatient services rendered within 180 days from the date of the transplant event.

If you are a participant in the **IOE** program, the program will coordinate all solid organ and bone marrow transplants and other specialized care you need. Any **covered expenses** you incur from an **IOE** facility will be considered network care expenses.

Your Pharmacy Benefit

How the Pharmacy Plan Works

It is important that you have the information and useful resources to help you get the most out of your **prescription drug** plan. This Booklet explains:

- Definitions you need to know;
- How to access **network pharmacies** and procedures you need to follow;
- What **prescription drug** expenses are covered and what limits may apply;
- What **prescription drug** expenses are not covered by the plan;
- How you share the cost of your covered **prescription drug** expenses; and
- Other important information such as eligibility, complaints and appeals, termination, and general administration of the plan.

A few important notes to consider before moving forward:

- Unless otherwise indicated, “you” refers to you and your covered dependents.
- Your **prescription drug** plan pays benefits only for **prescription drug** expenses described in this Booklet as **covered expenses** that are **medically necessary**.
- This Booklet applies to coverage only and does not restrict your ability to receive **prescription drugs** that are not or might not be covered benefits under this **prescription drug** plan.
- Store this Booklet in a safe place for future reference.

Notice

The plan does not cover all **prescription drugs**, medications and supplies. Refer to the Limitations section of this coverage and *Exclusions* section of your Booklet.

- **Covered expenses** are subject to cost sharing requirements as described in the Cost Sharing sections of this coverage and in your Schedule of Benefits.
- **Injectable prescription drug** refills will only be covered when obtained through **Aetna’s specialty pharmacy network**.

Getting Started: Common Terms

You will find the terms below used throughout this Booklet. They are described within the sections that follow, and you can also refer to the *Glossary* at the back of this document for helpful definitions. Words in bold print throughout the document are defined in the *Glossary*.

Brand-Named Prescription Drug is a **prescription drug** with a proprietary name assigned to it by the manufacturer and so indicated by Medispan or any other similar publication designated by **Aetna**.

Generic Prescription Drug is a **prescription drug**, whether identified by its chemical, proprietary, or non-proprietary name, that is accepted by the U.S. Food and Drug Administration as therapeutically equivalent and interchangeable with drugs having an identical amount of the same active ingredient and so indicated by Medispan or any other publication designated by **Aetna**.

Network pharmacy is a description of a retail, **mail order or specialty pharmacy** that has entered into a contractual agreement with **Aetna**, an affiliate, or a third party vendor, for the provision of **covered services** to you and your covered dependents. The appropriate **pharmacy** type may also be substituted for the word **pharmacy**. (E.g. **network retail pharmacy, network mail order pharmacy or specialty pharmacy network**).

Non-Preferred Drug (Non-Formulary) is a **brand-named prescription drug** or **generic prescription drug** that does not appear on the **preferred drug guide**.

Out-of-network pharmacy is a description of a **pharmacy** that has not contracted with **Aetna**, an affiliate, or a third party vendor and does not participate in the pharmacy network.

Preferred Drug (Formulary) is a **brand-named prescription drug** or **generic prescription drug** that appears on the **preferred drug guide**.

Preferred Drug Guide is a listing of **prescription drugs** established by **Aetna** or an affiliate, which includes both **brand-named prescription drugs** and **generic prescription drugs**. This list is subject to periodic review and modification by **Aetna**. A copy of the **preferred drug guide** will be available upon your request or may be accessed on the **Aetna** website at www.aetna.com/formulary.

Prescription Drug is a drug, biological, or compounded **prescription** which, by State or Federal Law, may be dispensed only by **prescription** and which is required by Federal Law to be labeled "Caution: Federal Law prohibits dispensing without prescription." This includes an injectable drug prescribed to be self-administered or administered by any other person except one who is acting within his or her capacity as a paid healthcare professional. Covered injectable drugs include insulin.

Provider is any recognized health care professional, pharmacy or facility providing services with the scope of their license.

Self-injectable Drug(s). Prescription drugs that are intended to be self-administered by injection to a specific part of the body to treat certain chronic medical conditions.

Accessing Pharmacies and Benefits

This plan provides access to **covered benefits** through a network of pharmacies, vendors or suppliers. **Aetna** has contracted for these **network pharmacies** to provide **prescription drugs** and other supplies to you.

Obtaining your benefits through **network pharmacies** has many advantages. Your out-of-pocket costs may vary between **network** and **out-of-network benefits**. Benefits and cost sharing may also vary by the type of **network pharmacy** where you obtain your **prescription drug** and whether or not you purchase a brand-name or generic drug. **Network pharmacies** include retail, mail order and specialty pharmacies.

Accessing Network Pharmacies and Benefits

You may select a **network pharmacy** from Aetna's on-line provider directory which can be found at www.aetna.com. You can search Aetna's online directory, DocFind, for names and locations of **network pharmacies**. If you cannot locate a **network pharmacy** in your area, call Member Services at the number on your ID card.

You must present your ID card to the **network pharmacy** every time you get a **prescription** filled to be eligible for **network pharmacy benefits**. The **network pharmacy** will calculate your claim online. You will pay any **deductible**, **copayment** or **coinsurance** directly to the **network pharmacy**. You do not have to complete or submit claim forms. The **network pharmacy** will take care of claim submission.

Emergency Prescriptions

When you need a **prescription** filled in an emergency or urgent care situation, or when you are traveling, you can obtain **network pharmacy** benefits by filling your **prescription** at any **network pharmacy**. The **network pharmacy** will fill your **prescription** and only charge you your plan's cost sharing amount.

If you access an **out-of-network pharmacy** you will pay the full cost of the **prescription** and will need to file a claim for reimbursement. You will be reimbursed for your **covered expenses** up to the cost of the **prescription** less your plan's cost sharing for **network pharmacy** benefits.

Availability of Providers

Aetna cannot guarantee the availability or continued network participation of a particular **pharmacy**. Either **Aetna** or any **network pharmacy** may terminate the provider contract.

Cost Sharing for Network Benefits

You share in the cost of your benefits. Cost Sharing amounts and provisions are described in the Schedule of Benefits.

- You will need to satisfy any applicable **deductibles** before the plan will begin to pay benefits.
- You will be responsible for the **copayment** for each **prescription** or refill as specified in the *Schedule of Benefits*. The **copayment** is payable directly to the **network pharmacy** at the time the **prescription** is dispensed.
- After you satisfy any applicable **deductible** and pay the applicable **copayment**, you will be responsible for any applicable payment percentage for **covered expenses** that you incur. Your **payment percentage** is determined by applying the applicable **payment** percentage to the **negotiated charge** if the **prescription** is filled at a **network pharmacy**. When you obtain your **prescription drugs** through a **network pharmacy**, you will not be subject to balance billing.

When You Use an Out-of-Network Pharmacy

You can directly access an out-of-network **pharmacy** to obtain covered outpatient **prescription drugs**. You will pay the **pharmacy** for your **prescription drugs** at the time of purchase and submit a claim form to receive reimbursement from the plan. You are responsible for completing and submitting claim forms for reimbursement of **covered expenses** you paid directly to an out-of-network **pharmacy**. The Plan will reimburse you for a **covered expense** up to the **recognized charge**, less any cost sharing required by you.

Cost Sharing for Out-of-Network Benefits

You share in the cost of your benefits. Cost Sharing amounts and provisions are described in the Schedule of Benefits.

- You will need to satisfy any applicable plan year **deductibles** before the plan will begin to pay benefits.
- After you satisfy any applicable year **deductible(s)**, you will be responsible for any applicable payment percentage for **covered expenses** that you incur. Your payment percentage share is based on the **recognized charge**. If the **out-of-network pharmacy** charges more than the **recognized charge**, you will be responsible for any expenses above the **recognized charge**.

Pharmacy Benefit

What the Plan Covers

The plan covers charges for **medically necessary** outpatient **prescription drugs** for the treatment of an **illness** or injury, subject to the *Prescription Drug Limitations* section below and the *Exclusions* section of the *Booklet*. **Prescriptions** must be written by a **prescriber** licensed to prescribe federal legend **prescription drugs**.

Your prescription drug benefit coverage is based on **Aetna's preferred drug guide**. Your out-of-pocket expenses may be higher if your **physician** prescribes a covered **prescription drug** not appearing on the **preferred drug guide**.

Preferred generic prescription drugs may be substituted by your pharmacist for **brand-name prescription drugs**. You may minimize your out-of-pocket expenses by selecting a **generic prescription drug** when available.

Coverage of **prescription drugs** may, in **Aetna's** sole discretion, be subject to **precertification** or other **Aetna** requirements or limitations. **Prescription drugs** covered by this plan are subject to drug and narcotic utilization review by **Aetna**, your **provider** and/or your **network pharmacy**. This may include limiting access of **prescription drugs prescribed** by a specific **provider**. Such limitation may be enforced in the event that **Aetna** identifies an unusual pattern of claims for **covered expenses**.

Coverage for **prescription drugs** and supplies is limited to the supply limits as described below.

Retail Pharmacy Benefits

Outpatient **prescription drugs** are covered when dispensed by a **network retail pharmacy**. Each **prescription** is limited to a maximum 30 day supply when filled at a **network retail pharmacy**. **Prescriptions** for more than a 30 day supply are not eligible for coverage when dispensed by a **network retail pharmacy**.

Mail Order Pharmacy Benefits

Outpatient **prescription drugs** are covered when dispensed by a **network mail order pharmacy**. Each **prescription** is limited to a maximum 90 day supply. **Prescriptions** for less than a 30 day supply or more than a 90 day supply are not eligible for coverage when dispensed by a **network mail order pharmacy**.

Network Benefits for Specialty Care Drugs

Specialty care drugs are covered at the network level of benefits only when dispensed through a **network retail pharmacy** or **Aetna's specialty pharmacy network pharmacy**. **Specialty care drugs** often include typically high-cost drugs that require special handling, special storage or monitoring and include but are not limited to oral, topical, inhaled and injected routes of administration. Refer to **Aetna's** website, www.aetna.com to review the list of **specialty care drugs** required to be dispensed through a **network pharmacy** or **specialty pharmacy network pharmacy**. The list may be updated from time to time.

The initial prescription for **specialty care drugs** must be filled at a **network retail pharmacy** or at **Aetna's specialty pharmacy network**.

You are required to obtain **specialty care drugs** at **Aetna's specialty pharmacy network** for all prescription drug refills after the initial fill.

The following **prescription drugs**, medications and supplies are also **covered expenses** under this Coverage.

Or, the safety and effectiveness of use for this indication has been adequately demonstrated by at least one study published in a nationally recognized peer review journal. Coverage of off label use of these drugs may, in **Aetna's** sole discretion, be subject to **precertification**, or other **Aetna** requirements or limitations.

Contraceptives can be paid either under your medical plan or pharmacy plan depending on the type of expense and how and where the expense is incurred. Benefits are paid under your medical plan for female contraceptive prescription drugs and devices (including any related services and supplies) when they are provided, administered, or removed, by a physician during an office visit.

Refer to the *Copay and Deductible Waiver* section of your *Schedule of Benefits* for cost-sharing information.

Important Note:

For details on the guidelines and the current list of covered preventive care drugs and supplements, contact your **physician** or Member Services by logging onto the Aetna website www.aetna.com and Aetna Navigator, or calling the number on the back of your ID card.

Tobacco Cessation Prescription and Over-the-Counter Drugs

Covered expenses include FDA-approved **prescription drugs** and over-the-counter (OTC) drugs to help stop the use of tobacco products, when prescribed by a prescriber and the **prescription** is submitted to the pharmacist for processing.

Refer to the *Schedule of Benefits* for the cost-sharing and supply limits that apply to these benefits.

Precertification

Precertification is required for certain outpatient **prescription drugs**. **Prescribers** must contact **Aetna** to request and obtain coverage for such **prescription drugs**. The list of drugs requiring **precertification** is subject to periodic review and change by **Aetna**. For the most up to date information, call the toll-free number on your member ID card or log on to your Aetna Navigator secure member website at www.aetna.com.

Benefits will be reduced or denied if **Aetna** does not **precertify** your **prescription drug**. So ask your **prescriber** or pharmacist if your **prescription drug** needs to be **precertified**.

How to Obtain Precertification

If an outpatient **prescription drug** requires **precertification** and you use a **network pharmacy** the **prescriber** is required to obtain **precertification** for you.

When you use an **out-of-network pharmacy**, you can begin the **precertification** process by having the **prescriber** call **Aetna** at the number on your ID card.

Aetna will let your **prescriber** know if the **prescription drug** is **precertified**.

If **precertification** is denied **Aetna** will notify you how the decision can be appealed.

Medical Exceptions:

Your **prescriber** may seek a medical exception to obtain coverage for drugs for which coverage is denied through **Precertification**. You or your **prescriber** must submit such exception requests to **Aetna**. Coverage granted as a result of a medical exception shall be based on an individual, case by case **medical necessity** determination and coverage will not apply or extend to other covered persons.

Pharmacy Benefit Limitations

A **network pharmacy** may refuse to fill a prescription order or refill when in the professional judgment of the pharmacist the prescription should not be filled.

The plan will not cover expenses for any **prescription drug** for which the actual charge to you is less than the required **copayment** or **deductible**, or for any **prescription drug** for which no charge is made to you.

You will be charged the **out-of-network prescription drug cost sharing** for **prescription drugs** recently approved by the FDA, but which have not yet been reviewed by the **Aetna Health Pharmacy Management Department** and **Therapeutics Committee**.

Aetna retains the right to review all requests for reimbursement and in its sole discretion make reimbursement determinations subject to the Complaint and Appeals section(s) of the Booklet.

Aetna reserves the right to include only one manufacturer's product on the **preferred drug list** when the same or similar drug (that, a drug with the same active ingredient), supply or equipment is made by two or more different manufacturers.

Aetna reserves the right to include only one dosage or form of a drug on the **preferred drug list** when the same drug (that is, a drug with the same active ingredient) is available in different dosages or forms from the same or different manufacturers. The product in the dosage or form that is listed on our **preferred drug list** will be covered at the applicable **copayment** or **coinsurance**.

The number of **copayments/deductibles** you are responsible for per vial of Depo-Provera, an injectable contraceptive, or similar type contraceptive dispensed for more than a 30 day supply, will be based on the 90 day supply level. Coverage is limited to a maximum of 5 vials per plan year.

The plan will not pay charges for any **prescription drug** dispensed by a **mail order pharmacy** for the treatment of erectile dysfunction, impotence or sexual dysfunction or inadequacy.

Some **prescription drugs** are subject to quantity limits. These quantity limits help your **prescriber** and pharmacist check that your **prescription drug** is used correctly and safely. **Aetna** relies on medical guidelines, FDA-approved recommendations from drug makers and other criteria developed by **Aetna** to set these quantity limits. The quantity limit may restrict either the amount dispensed per **prescription** order or refill.

Depending on the form and packing of the product, some **prescription drugs** are limited to a single commercially prepackaged item excluding insulin, diabetic supplies, test strips dispensed per **prescription** order or refill.

Depending on the form and packing of the product, some **prescription drugs** are limited to 100 units excluding insulin dispensed per **prescription** order or refill.

Any **prescription drug** that has duration of action extending beyond one (1) month shall require the number of **copayments** per prescribing unit that is equal to the anticipated duration of the medication. For example, a single injection of a drug that is effective for three (3) months would require three (3) **copayments**.

Specialty care prescription drugs may have limited access or distribution and are subject to supply limits.

Plan approved blood glucose meters, asthma holding chambers and peak flow meters are **eligible health services**, but are limited to one (1) **prescription** order per **contract year**.

Prescription drugs that are **non-preferred drugs**, unless **non-preferred drugs** are specifically covered as described in your schedule of benefits. However, a **non-preferred drug** will be covered if in the judgment of the **prescriber** there is no equivalent **prescription drug** on the **preferred drug guide** or the product on the **preferred drug guide** is ineffective in treating your disease or condition or has caused or is likely to cause an adverse reaction or harm you.

Prescription drugs that are being used or abused in a manner that is determined to be furthering an addiction to a habit-forming substance, the use of or intended use of which would be illegal, unethical, imprudent, abusive, not **medically necessary**, or otherwise improper; and drugs obtained for use by anyone other than the member identified on the ID card.

Prescription orders filled prior to the effective date or after the termination date of coverage under this Booklet.

Progesterone for the treatment of premenstrual syndrome (PMS) and compounded natural hormone therapy replacement.

Prophylactic drugs for travel.

Refills over the amount specified by the **prescription** order. Before recognizing charges, **Aetna** may require a new **prescription** or proof as to need, if a **prescription** or refill appears excessive under accepted medical practice standards.

Refills dispensed more than one year from the date the latest **prescription** order was written, or as otherwise allowed by applicable law of the jurisdiction in which the drug is dispensed.

Replacement of lost or stolen **prescriptions**.

Drugs, services and supplies given in connection with treatment of an **occupational injury or occupational illness**.

Supplies, devices or equipment of any type, except as specifically provided in the *What the Plan Covers* section.

Test agents except diabetic test agents.

When Coverage Ends

Coverage under your plan can end for a variety of reasons. In this section, you will find details on how and why coverage ends, and how you may still be able to continue coverage.

When Coverage Ends for Employees

Your **Aetna** health benefits coverage will end if:

- The **Aetna** health benefits plan is discontinued;
- You voluntarily stop your coverage;
- You are no longer eligible for coverage;
- You do not make any required contributions;
- You become covered under another plan offered by your employer;
- You have exhausted your overall maximum lifetime benefit under your health plan, if your plan contains such a maximum benefit; or
- Your employer notifies **Aetna** that your employment is ended.

It is your employer's responsibility to let **Aetna** know when your employment ends.

Your Proof of Prior Medical Coverage

Under the Health Insurance Portability and Accountability Act of 1996, your employer is required to give you a certificate of **creditable coverage** when your employment ends. This certificate proves that you were covered under this plan when you were employed. Ask your employer about the certificate of **creditable coverage**.

When Coverage Ends for Dependents

Coverage for your dependents will end if:

- You are no longer eligible for dependents' coverage;
- You do not make your contribution for the cost of dependents' coverage;
- Your own coverage ends for any of the reasons listed under *When Coverage Ends* for Employees. (This does not apply if you use up your overall lifetime maximum, if included);
- Your dependent is no longer eligible for coverage. Coverage ends at the end of the pay period when your dependent does not meet the plan's definition of a dependent; or
- As permitted under applicable federal and state law, your dependent becomes eligible for like benefits under this or any other group plan offered by your employer.

Coverage for dependents may continue for a period after your death. Coverage for handicapped dependents may continue after they reach any limiting age. See *Continuation of Coverage* for more information.

Continuation of Coverage

Continuing Health Care Benefits

Handicapped Dependent Children

Health Expense Coverage for your fully handicapped dependent child may be continued past the maximum age for a dependent child. However, such coverage may not be continued if the child has been issued an individual medical conversion policy.

Your child is fully handicapped if:

- he or she is not able to earn his or her own living because of mental retardation or a physical handicap which started prior to the date he or she reaches the maximum age for dependent children under your plan; and
- he or she depends chiefly on you for support and maintenance.

Proof that your child is fully handicapped must be submitted to **Aetna** no later than 31 days after the date your child reaches the maximum age under your plan.

Coverage will cease on the first to occur of:

- Cessation of the handicap.
- Failure to give proof that the handicap continues.
- Failure to have any required exam.
- Termination of Dependent Coverage as to your child for any reason other than reaching the maximum age under your plan.

Aetna will have the right to require proof of the continuation of the handicap. **Aetna** also has the right to examine your child as often as needed while the handicap continues at its own expense. An exam will not be required more often than once each year after 2 years from the date your child reached the maximum age under your plan.

Coordination of Benefits - What Happens When There is More Than One Health Plan

Other Plans Not Including Medicare

Other Plans Not Including Medicare

Some persons have health coverage in addition to coverage under this Plan. Under these circumstances, it is not intended that a plan provide duplicate benefits. For this reason, many plans, including this Plan, have a "coordination of benefits" provision.

Under the coordination of benefits provision of this Plan, the amount normally reimbursed under this Plan is reduced to take into account payments made by "other plans".

When this and another health expenses coverage plan applies, the order in which the various plans will pay benefits must be figured. This will be done as follows using the first rule that applies:

1. A plan with no rules for coordination with other benefits will be deemed to pay its benefits before a plan which contains such rules.
2. A plan which covers a person other than as a dependent will be deemed to pay its benefits before a plan which covers the person as a dependent; except that if the person is also a Medicare beneficiary and as a result of the Social Security Act of 1965, as amended, Medicare is:
 - secondary to the plan covering the person as a dependent; and
 - primary to the plan covering the person as other than a dependent;

The benefits of a plan which covers the person as a dependent will be determined before the benefits of a plan which:

- covers the person as other than a dependent; and
 - is secondary to Medicare.
3. Except in the case of a dependent child whose parents are divorced or separated; the plan which covers the person as a dependent of a person whose birthday comes first in a calendar year will be primary to the plan which covers the person as a dependent of a person whose birthday comes later in that calendar year. If both parents have the same birthday, the benefits of a plan which covered one parent longer are determined before those of a plan which covered the other parent for a shorter period of time.

If the other plan does not have the rule described in this provision (3) but instead has a rule based on the gender of the parent and if, as a result, the plans do not agree on the order of benefits, the rule in the other plan will determine the order of benefits.

4. In the case of a dependent child whose parents are divorced or separated:
 - a. If there is a court decree which states that the parents shall share joint custody of a dependent child, without stating that one of the parents is responsible for the health care expenses of the child, the order of benefit determination rules specified in (3) above will apply.
 - b. If there is a court decree which makes one parent financially responsible for the medical, dental or other health care expenses of such child, the benefits of a plan which covers the child as a dependent of such parent will be determined before the benefits of any other plan which covers the child as a dependent child.

c. If there is not such a court decree:

- If the parent with custody of the child has not remarried, the benefits of a plan which covers the child as a dependent of the parent with custody of the child will be determined before the benefits of a plan which covers the child as a dependent of the parent without custody.
- If the parent with custody of the child has remarried, the benefits of a plan which covers the child as a dependent of the parent with custody shall be determined before the benefits of a plan which covers that child as a dependent of the stepparent. The benefits of a plan which covers that child as a dependent of the stepparent will be determined before the benefits of a plan which covers that child as a dependent of the parent without custody.

5. If 1, 2, 3 and 4 above do not establish an order of payment, the plan under which the person has been covered for the longest will be deemed to pay its benefits first; except that:

The benefits of a plan which covers the person on whose expenses claim is based as a:

- laid-off or retired employee; or
- the dependent of such person.

Shall be determined after the benefits of any other plan which covers such person as:

- an employee who is not laid-off or retired; or
- dependent of such person.

If the other plan does not have a provision:

- regarding laid-off or retired employees; and
- as a result, each plan determines its benefits after the other;

then the above paragraph will not apply.

The benefits of a plan which covers the person on whose expenses claim is based under a right of continuation pursuant to federal or state law shall be determined after the benefits of any other plan which covers the person other than under such right of continuation.

If the other plan does not have a provision:

- regarding right of continuation pursuant to federal or state law; and
- as a result, each plan determines its benefits after the other;

then the above paragraph will not apply.

The general rule is that the benefits otherwise payable under this Plan for all expenses processed during a single "processed claim transaction" will be reduced by the total benefits payable under all "other plans" for the same expenses. An exception to this rule is that when the coordination of benefits rules of this Plan and any "other plan" both agree that this Plan is primary, the benefits of the other plan will be ignored in applying this rule. As used in this paragraph, a "processed claim transaction" is a group of actual or prospective charges submitted to Aetna for consideration, that have been grouped together for administrative purposes as a "claim transaction" in accordance with Aetna's then current rules. If the contract includes both medical and dental coverage, those coverages will be considered separate plans. The Medical/Pharmacy coverage will be coordinated with other Medical/Pharmacy plans. In turn, the dental coverage will be coordinated with other dental plans.

In order to administer this provision, Aetna can release or obtain data. Aetna can also make or recover payments.

Other Plan

This means any other plan of health expense coverage under:

- Group insurance.
- Any other type of coverage for persons in a group. This includes plans that are insured and those that are not.
- No-fault auto insurance required by law and provided on other than a group basis. Only the level of benefits required by the law will be counted.

When You Have Medicare Coverage

Effect of Medicare

Effect of Medicare

Health Expense Coverage under this Plan will be changed for any person while eligible for Medicare.

A person is "eligible for Medicare" if he or she:

- Is covered under it;
- Is not covered under it because of:
 - Having refused it;
 - Having dropped it;
 - Having failed to make proper request for it.

These are the changes:

- The total amount of "regular benefits" under all Health Expense Benefits will be figured. (This will be the amount that would be payable if there were no Medicare benefits.) If this is more than the amount Medicare provides for the expenses involved, this Plan will pay the difference. Otherwise, this Plan will pay no benefits. This will be done for each claim.
- Charges used to satisfy a person's Part B deductible under Medicare will be applied under this Plan in the order received by **Aetna**. Two or more charges received at the same time will be applied starting with the largest first.
- Medicare benefits will be taken into account for any person while he or she is eligible for Medicare. This will be done whether or not he or she is entitled to Medicare benefits.
- Any rule for coordinating "other plan" benefits with those under this Plan will be applied after this Plan's benefits have been figured under the above rules. Any benefits under Medicare will not be deemed to be an "Allowable Expense."

Coverage will not be changed at any time when your Employer's compliance with federal law requires this Plan's benefits for a person to be figured before benefits are figured under Medicare.

General Provisions

Type of Coverage

Coverage under the plan is **non-occupational**. Only **non-occupational** accidental **injuries** and **non-occupational illnesses** are covered. The plan covers charges made for services and supplies only while the person is covered under the plan.

Physical Examinations

Aetna will have the right and opportunity to examine and evaluate any person who is the basis of any claim at all reasonable times while a claim is pending or under review. This will be done at no cost to you.

Legal Action

No legal action can be brought to recover payment under any benefit after 3 years from the deadline for filing claims.

Additional Provisions

The following additional provisions apply to your coverage:

- This Booklet applies to coverage only, and does not restrict your ability to receive health care services that are not, or might not be, covered.
- You cannot receive multiple coverage under the plan because you are connected with more than one employer.
- In the event of a misstatement of any fact affecting your coverage under the plan, the true facts will be used to determine the coverage in force.
- This document describes the main features of the plan. If you have any questions about the terms of the plan or about the proper payment of benefits, contact your employer or **Aetna**.
- The plan may be changed or discontinued with respect to your coverage.

Assignments

Coverage and your rights under this plan may not be assigned. A direction to pay a provider is not an assignment of any right under this plan or of any legal or equitable right to institute any court proceeding.

Misstatements

Aetna's failure to implement or insist upon compliance with any provision of this plan at any given time or times, shall not constitute a waiver of **Aetna's** right to implement or insist upon compliance with that provision at any other time or times.

Fraudulent misstatements in connection with any claim or application for coverage may result in termination of all coverage under this plan.

Rescission of Coverage

Aetna may rescind your coverage if you, or the person seeking coverage on your behalf:

- Performs an act, practice or omission that constitutes fraud; or

- Makes an intentional misrepresentation of material fact.

You will be given 30 days advance written notice of any rescission of coverage.

As to medical and prescription drug coverage only, you have the right to an internal Appeal with **Aetna** and/or the right to a third party review conducted by an independent External Review Organization if your coverage under this Booklet is rescinded retroactive to its Effective Date.

Subrogation and Right of Recovery Provision

The provisions of this section apply to all current or former plan participants and also to the parents, guardian, or other representative of a dependent child who incurs claims and is or has been covered by the plan. The plan's right to recover (whether by subrogation or reimbursement) shall apply to the personal representative of your estate, your decedents, minors, and incompetent or disabled persons. "You" or "your" includes anyone on whose behalf the plan pays benefits. No adult covered person hereunder may assign any rights that it may have to recover medical expenses from any tortfeasor or other person or entity to any minor child or children of said adult covered person without the prior express written consent of the plan.

The plan's right of subrogation or reimbursement, as set forth below, extend to all insurance coverage available to you due to an **injury, illness** or condition for which the plan has paid medical claims (including, but not limited to, liability coverage, uninsured motorist coverage, underinsured motorist coverage, personal umbrella coverage, medical payments coverage, workers' compensation coverage, no-fault automobile coverage or any first party insurance coverage).

Your health plan is always secondary to automobile no-fault coverage, personal injury protection coverage, or medical payments coverage.

Subrogation

The right of subrogation means the plan is entitled to pursue any claims that you may have in order to recover the benefits paid by the plan. Immediately upon paying or providing any benefit under the plan, the plan shall be subrogated to (stand in the place of) all rights of recovery with respect to any claim or potential claim against any party, due to an **injury, illness** or condition to the full extent of benefits provided or to be provided by the plan. The plan may assert a claim or file suit in your name and take appropriate action to assert its subrogation claim, with or without your consent. The plan is not required to pay you part of any recovery it may obtain, even if it files suit in your name.

Reimbursement

If you receive any payment as a result of an **injury, illness** or condition, you agree to reimburse the plan first from such payment for all amounts the plan has paid and will pay as a result of that **injury, illness** or condition, up to and including the full amount of your recovery.

Constructive Trust

By accepting benefits (whether the payment of such benefits is made to you or made on your behalf to any provider) you agree that if you receive any payment as a result of an **injury, illness** or condition, you will serve as a constructive trustee over those funds. Failure to hold such funds in trust will be deemed a breach of your fiduciary duty to the plan.

Lien Rights

Further, the plan will automatically have a lien to the extent of benefits paid by the plan for the treatment of the **illness, injury** or condition upon any recovery whether by settlement, judgment, or otherwise, related to treatment for any **illness, injury** or condition for which the plan paid benefits. The lien may be enforced against any party who possesses funds or proceeds representing the amount of benefits paid by the plan including, but not limited to, you, your representative or agent, and/or any other source possessing funds representing the amount of benefits paid by the plan.

Assignment

In order to secure the plan's recovery rights, you agree to assign to the plan any benefits or claims or rights of recovery you have under any automobile policy or other coverage, to the full extent of the plan's subrogation and reimbursement claims. This assignment allows the plan to pursue any claim you may have, whether or not you choose to pursue the claim.

First-Priority Claim

By accepting benefits from the plan, you acknowledge that the plan's recovery rights are a first priority claim and are to be repaid to the plan before you receive any recovery for your damages. The plan shall be entitled to full reimbursement on a first-dollar basis from any payments, even if such payment to the plan will result in a recovery which is insufficient to make you whole or to compensate you in part or in whole for the damages sustained. The plan is not required to participate in or pay your court costs or attorney fees to any attorney you hire to pursue your damage claim.

Applicability to All Settlements and Judgments

The terms of this entire subrogation and right of recovery provision shall apply and the plan is entitled to full recovery regardless of whether any liability for payment is admitted and regardless of whether the settlement or judgment identifies the medical benefits the plan provided or purports to allocate any portion of such settlement or judgment to payment of expenses other than medical expenses. The plan is entitled to recover from *any and all* settlements or judgments, even those designated as pain and suffering, non-economic damages, and/or general damages only. The plan's claim will not be reduced due to your own negligence.

Cooperation

You agree to cooperate fully with the plan's efforts to recover benefits paid. It is your duty to notify the plan within 30 days of the date when any notice is given to any party, including an insurance company or attorney, of your intention to pursue or investigate a claim to recover damages or obtain compensation due to your **injury, illness** or condition. You and your agents shall provide all information requested by the plan, the Claims Administrator or its representative including, but not limited to, completing and submitting any applications or other forms or statements as the plan may reasonably request and all documents related to or filed in person injury litigation. Failure to provide this information, failure to assist the plan in pursuit of its subrogation rights, or failure to reimburse the plan from any settlement or recovery you receive may result in the termination of your health benefits or the institution of court proceedings against you.

You shall do nothing to prejudice the plan's subrogation or recovery interest or to prejudice the plan's ability to enforce the terms of this plan provision. This includes, but is not limited to, refraining from making any settlement or recovery that attempts to reduce or exclude the full cost of all benefits provided by the plan. If you fail to cooperate with the plan in its efforts to recover such amounts or do anything to hinder or prevent such a recovery, you will cease to be entitled to any further plan benefits. The plan will also have the right to withhold or offset future benefit payments up to the amount of any settlement, judgment, or recovery you obtain, regardless of whether the settlement, judgment or recovery is designated to cover future medical benefits or expenses.

You acknowledge that the plan has the right to conduct an investigation regarding the **injury, illness** or condition to identify potential sources of recovery. The plan reserves the right to notify all parties and his/ her agents of its lien. Agents include, but are not limited to, insurance companies and attorneys.

You acknowledge that the plan has notified you that it has the right pursuant to the Health Insurance Portability & Accountability Act ("HIPAA"), 42 U.S.C. Section 1301 *et seq*, to share your personal health information in exercising its subrogation and reimbursement rights.

Interpretation

In the event that any claim is made that any part of this subrogation and right of recovery provision is ambiguous or questions arise concerning the meaning or intent of any of its terms, the Claims Administrator for the plan shall have the sole authority and discretion to resolve all disputes regarding the interpretation of this provision.

Jurisdiction

By accepting benefits from the plan, you agree that any court proceeding with respect to this provision may be brought in any court of competent jurisdiction as the plan may elect. By accepting such benefits, you hereby submit to each such jurisdiction, waiving whatever rights may correspond by reason of your present or future domicile. By accepting such benefits, you also agree to pay all attorneys' fees the plan incurs in successful attempts to recover amounts the plan is entitled to under this section.

Workers' Compensation

If benefits are paid under the **Aetna** medical benefits plan and **Aetna** determines you received Workers' Compensation benefits for the same incident, **Aetna** has the right to recover as described under the *Subrogation and Right of Reimbursement* provision. **Aetna**, on behalf of the Plan, will exercise its right to recover against you.

The Recovery Rights will be applied even though:

- The Workers' Compensation benefits are in dispute or are made by means of settlement or compromise;
- No final determination is made that bodily **injury** or **illness** was sustained in the course of or resulted from your employment;
- The amount of Workers' Compensation due to medical or health care is not agreed upon or defined by you or the Workers' Compensation carrier; or
- The medical or health care benefits are specifically excluded from the Workers' Compensation settlement or compromise.

You hereby agree that, in consideration for the coverage provided by this **Aetna** medical benefits plan, you will notify **Aetna** of any Workers' Compensation claim you make, and that you agree to reimburse **Aetna**, on behalf of the Plan, as described above.

If benefits are paid under this **Aetna** medical benefits plan, and you or your covered dependent recover from a responsible party by settlement, judgment or otherwise, **Aetna**, on behalf of the Plan, has a right to recover from you or your covered dependent an amount equal to the amount the Plan paid.

Recovery of Overpayments

Health Coverage

If a benefit payment is made by the Plan, to or on your behalf, which exceeds the benefit amount that you are entitled to receive, the Plan has the right:

- To require the return of the overpayment; or
- To reduce by the amount of the overpayment, any future benefit payment made to or on behalf of that person or another person in his or her family.

Such right does not affect any other right of recovery the Plan may have with respect to such overpayment.

Reporting of Claims

A claim must be submitted to **Aetna** in writing. It must give proof of the nature and extent of the loss. Your employer has claim forms.

All claims should be reported promptly. The deadline for filing a claim is 90 days after the date of the loss.

If, through no fault of your own, you are not able to meet the deadline for filing claim, your claim will still be accepted if you file as soon as possible. Unless you are legally incapacitated, late claims for health benefits will not be covered if they are filed more than 2 years after the deadline.

Payment of Benefits

Benefits will be paid as soon as the necessary proof to support the claim is received. Written proof must be provided for all benefits.

All covered health benefits are payable to you. However, **Aetna** has the right to pay any health benefits to the service provider. This will be done unless you have told **Aetna** otherwise by the time you file the claim.

The Plan may pay up to \$1,000 of any other benefit to any of your relatives whom it believes fairly entitled to it. This can be done if the benefit is payable to you and you are a minor or not able to give a valid release.

When a **PCP** provides care for you or a covered dependent, or care is provided by a **network provider (network services or supplies)**, the **network provider** will take care of filing claims. However, when you seek care on your own (**out-of-network services and supplies**), you are responsible for filing your own claims.

Records of Expenses

Keep complete records of the expenses of each person. They will be required when a claim is made.

Very important are:

- Names of **physicians, dentists** and others who furnish services.
- Dates expenses are incurred.
- Copies of all bills and receipts.

Contacting Aetna

If you have questions, comments or concerns about your benefits or coverage, or if you are required to submit information to **Aetna**, you may contact **Aetna's** Home Office at:

Aetna Life Insurance Company
151 Farmington Avenue
Hartford, CT 06156

You may also use **Aetna's** toll free Member Services phone number on your ID card or visit **Aetna's** web site at www.aetna.com.

Effect of Benefits Under Other Plans

Effect of A Health Maintenance Organization Plan (HMO Plan) On Coverage

If you are in an eligible class and have chosen coverage under an HMO Plan offered by your employer, you will be excluded from medical expense coverage (except Vision Care, if any,) on the date of your coverage under such HMO Plan.

If you are in an eligible class and are covered under an HMO Plan, you can choose to change to coverage for yourself and your covered dependents under this plan. If you:

- Live in an HMO Plan enrollment area and choose to change coverage during an open enrollment period, coverage will take effect on the group contract anniversary date after the open enrollment period. There will be no rules for waiting periods or preexisting conditions.
- Live in an HMO Plan enrollment area and choose to change coverage when there is not an open enrollment period, coverage will take effect only if and when **Aetna** gives its written consent.
- Move from an HMO Plan enrollment area or if the HMO discontinues and you choose to change coverage within 31 days of the move or the discontinuance, coverage will take effect on the date you elect such coverage. There will be no restrictions for waiting periods or preexisting conditions. If you choose to change coverage after 31 days, coverage will take effect only if and when **Aetna** gives its written consent.

No benefits will be paid for any charges for services rendered or supplies furnished under an HMO Plan.

Discount Programs

Discount Arrangements

From time to time, we may offer, provide, or arrange for discount arrangements or special rates from certain service providers such as pharmacies, optometrists, **dentists**, alternative medicine, wellness and healthy living providers to you under this plan. Some of these arrangements may be made available through third parties who may make payments to **Aetna** in exchange for making these services available.

The third party service providers are independent contractors and are solely responsible to you for the provision of any such goods and/or services. We reserve the right to modify or discontinue such arrangements at any time. These discount arrangements are not insurance. There are no benefits payable to you nor do we compensate providers for services they may render through discount arrangements.

Incentives

In order to encourage you to access certain medical services when deemed appropriate by you in consultation with your **physician** or other service providers, we may, from time to time, offer to waive or reduce a member's **copayment**, **payment percentage**, and/or a **deductible** otherwise required under the plan or offer coupons or other financial incentives. We have the right to determine the amount and duration of any waiver, reduction, coupon, or financial incentive and to limit the covered persons to whom these arrangements are available.

Claims, Appeals and External Review

Filing Health Claims under the Plan

Under the Plan, you may file claims for Plan benefits and appeal adverse claim determinations. Any reference to "you" in this Claims, Appeals and External Review section includes you and your Authorized Representative. An "Authorized Representative" is a person you authorize, in writing, to act on your behalf. The Plan will also recognize a court order giving a person authority to submit claims on your behalf. In the case of an urgent care claim, a health care professional with knowledge of your condition may always act as your Authorized Representative.

If your claim is denied in whole or in part, you will receive a written notice of the denial from Aetna Life Insurance Company (Aetna). The notice will explain the reason for the denial and the appeal procedures available under the Plan.

Urgent Care Claims

An "Urgent Care Claim" is any claim for medical care or treatment for which the application of the time periods for making non-urgent care determinations could seriously jeopardize your life or health or your ability to regain maximum function, or, in the opinion of a physician with knowledge of your medical condition, would subject you to severe pain that cannot be adequately managed without the care or treatment that is the subject of the claim.

If the Plan requires advance approval of a service, supply or procedure before a benefit will be payable, and if Aetna or your physician determines that it is an Urgent Care Claim, you will be notified of the decision, whether adverse or not, as soon as possible but not later than 72 hours after the claim is received.

If there is not sufficient information to decide the claim, you will be notified of the information necessary to complete the claim as soon as possible, but not later than 24 hours after receipt of the claim. You will be given a reasonable additional amount of time, but not less than 48 hours, to provide the information, and you will be notified of the decision not later than 48 hours after the end of that additional time period (or after receipt of the information, if earlier).

Other Claims (Pre-Service and Post-Service)

If the Plan requires you to obtain advance approval of a non-urgent service, supply or procedure before a benefit will be payable, a request for advance approval is considered a pre-service claim. You will be notified of the decision not later than 15 days after receipt of the pre-service claim.

For other claims (post-service claims), you will be notified of the decision not later than 30 days after receipt of the claim.

For either a pre-service or a post-service claim, these time periods may be extended up to an additional 15 days due to circumstances outside Aetna's control. In that case, you will be notified of the extension before the end of the initial 15 or 30-day period. For example, they may be extended because you have not submitted sufficient information, in which case you will be notified of the specific information necessary and given an additional period of at least 45 days after receiving the notice to furnish that information. You will be notified of Aetna's claim decision no later than 15 days after the end of that additional period (or after receipt of the information, if earlier).

For pre-service claims which name a specific claimant, medical condition, and service or supply for which approval is requested, and which are submitted to an Aetna representative responsible for handling benefit matters, but which otherwise fail to follow the Plan's procedures for filing pre-service claims, you will be notified of the failure within 5 days (within 24 hours in the case of an urgent care claim) and of the proper procedures to be followed. The notice may be oral unless you request written notification.

Ongoing Course of Treatment

If you have received pre-authorization for an ongoing course of treatment, you will be notified in advance if the previously authorized course of treatment is intended to be terminated or reduced so that you will have an opportunity to appeal any decision to Aetna and receive a decision on that appeal before the termination or reduction takes effect. If the course of treatment involves urgent care, and you request an extension of the course of treatment at least 24 hours before its expiration, you will be notified of the decision within 24 hours after receipt of the request.

Health Claims – Standard Appeals

As an individual enrolled in the Plan, you have the right to file an appeal from an Adverse Benefit Determination relating to service(s) you have received or could have received from your health care provider under the Plan.

An “Adverse Benefit Determination” is defined as a denial, reduction, termination of, or failure to, provide or make payment (in whole or in part) for a service, supply or benefit. Such Adverse Benefit Determination may be based on:

- Your eligibility for coverage, including a retrospective termination of coverage (whether or not there is an adverse effect on any particular benefit);
- Coverage determinations, including plan limitations or exclusions;
- The results of any Utilization Review activities;
- A decision that the service or supply is **experimental or investigational**; or
- A decision that the service or supply is not **medically necessary**.

A “Final Internal Adverse Benefit Determination” is defined as an Adverse Benefit Determination that has been upheld by the appropriate named fiduciary (Aetna) at the completion of the internal appeals process, or an Adverse Benefit Determination for which the internal appeals process has been exhausted.

Exhaustion of Internal Appeals Process

Generally, you are required to complete all appeal processes of the Plan before being able to obtain External Review or bring an action in litigation. However, if Aetna, or the Plan or its designee, does not strictly adhere to all claim determination and appeal requirements under applicable federal law, you are considered to have exhausted the Plan’s appeal requirements (“Deemed Exhaustion”) and may proceed with External Review or may pursue any available remedies under §502(a) of ERISA or under state law, as applicable.

There is an exception to the Deemed Exhaustion rule. Your claim or internal appeal may not go straight to External Review if:

A rule violation was minor and is not likely to influence a decision or harm you; and

It was for a good cause or was beyond Aetna’s or the Plan’s or its designee’s control; and

It was part of an ongoing good faith exchange between you and Aetna or the Plan.

This exception is not available if the rule violation is part of a pattern or practice of violations by Aetna or the Plan.

You may request a written explanation of the violation from the Plan or Aetna, and the Plan or Aetna must provide such explanation within 10 days, including a specific description of its bases, if any, for asserting that the violation should not cause the internal claims and appeals process to be deemed exhausted. If an External Reviewer or a court rejects your request for immediate review on the basis that the plan met the standards for the exception, you have the right to resubmit and pursue the internal appeal of the claim. In such a case, within a reasonable time after the External Reviewer or court rejects the claim for immediate review (not to exceed 10 days), you will receive notice of the opportunity to resubmit and pursue the internal appeal of the claim. Time periods for re-filing the claim shall begin to run upon your receipt of such notice.

Full and Fair Review of Claim Determinations and Appeals

Aetna will provide you, free of charge, with any new or additional evidence considered, relied upon, or generated by Aetna (or at the direction of Aetna), or any new or additional rationale as soon as possible and sufficiently in advance of the date on which the notice of Final Internal Adverse Benefit Determination is provided, to give you a reasonable opportunity to respond prior to that date.

You may file an appeal in writing to Aetna at the address provided in this booklet, or, if your appeal is of an urgent nature, you may call Aetna’s Member Services Unit at the toll-free phone number on your ID card. Your request should include the group name (that is, your employer), your name, member ID, or other identifying information shown on the front of the Explanation of Benefits form, and any other comments, documents, records and other information you would like to have considered, whether or not submitted in connection with the initial claim.

An Aetna representative may call you or your health care provider to obtain medical records and/or other pertinent information in order to respond to your appeal.

You will have 180 days following receipt of an Adverse Benefit Determination to appeal the determination to Aetna. You will be notified of the decision not later than 15 days (for pre-service claims) or 30 days (for post-service claims) after the appeal is received. You may submit written comments, documents, records and other information relating to

your claim, whether or not the comments, documents, records or other information were submitted in connection with the initial claim. A copy of the specific rule, guideline or protocol relied upon in the Adverse Benefit Determination will be provided free of charge upon request by you or your Authorized Representative. You may also request that Aetna provide you, free of charge, copies of all documents, records and other information relevant to the claim.

If your claim involves urgent care, an expedited appeal may be initiated by a telephone call to the phone number included in your denial, or to Aetna's Member Services. Aetna's Member Services telephone number is on your Identification Card. You or your Authorized Representative may appeal urgent care claim denials either orally or in writing. All necessary information, including the appeal decision, will be communicated between you or your Authorized Representative and Aetna by telephone, facsimile, or other similar method. You will be notified of the decision not later than 36 hours after the appeal is received.

If you are dissatisfied with the appeal decision on an urgent care claim, you may file a second level appeal with Aetna. You will be notified of the decision not later than 36 hours after the appeal is received.

If you are dissatisfied with a pre-service or post-service appeal decision, you may file a second level appeal with Aetna within 60 days of receipt of the level one appeal decision. Aetna will notify you of the decision not later than 15 days (for pre-service claims) or 30 days (for post-service claims) after the appeal is received.

If you do not agree with the Final Internal Adverse Benefit Determination on review, you have the right to bring a civil action under Section 502(a) of ERISA, if applicable.

Health Claims – Voluntary Appeals

External Review

“External Review” is a review of an eligible Adverse Benefit Determination or a Final Internal Adverse Benefit Determination by an Independent Review Organization/External Review Organization (ERO) or by the State Insurance Commissioner, if applicable.

A “Final External Review Decision” is a determination by an ERO at the conclusion of an External Review.

You must complete all of the levels of standard appeal described above before you can request External Review, other than in a case of Deemed Exhaustion. Subject to verification procedures that the Plan may establish, your Authorized Representative may act on your behalf in filing and pursuing this voluntary appeal.

You may file a voluntary appeal for External Review of any Adverse Benefit Determination or any Final Internal Adverse Benefit Determination that qualifies as set forth below.

The notice of Adverse Benefit Determination or Final Internal Adverse Benefit Determination that you receive from Aetna will describe the process to follow if you wish to pursue an External Review, and will include a copy of the *Request for External Review Form*.

You must submit the *Request for External Review Form* to Aetna within 123 calendar days of the date you received the Adverse Benefit Determination or Final Internal Adverse Benefit Determination notice. If the last filing date would fall on a Saturday, Sunday or Federal holiday, the last filing date is extended to the next day that is not a Saturday, Sunday or Federal holiday. You also must include a copy of the notice and all other pertinent information that supports your request.

If you file a voluntary appeal, any applicable statute of limitations will be tolled while the appeal is pending. The filing of a claim will have no effect on your rights to any other benefits under the Plan. However, the appeal is voluntary and you are not required to undertake it before pursuing legal action.

If you choose not to file for voluntary review, the Plan will not assert that you have failed to exhaust your administrative remedies because of that choice.

Request for External Review

The External Review process under this Plan gives you the opportunity to receive review of an Adverse Benefit Determination (including a Final Internal Adverse Benefit Determination) conducted pursuant to applicable law. Your request will be eligible for External Review if the claim decision involves medical judgment and the following are satisfied:

- Aetna, or the Plan or its designee, does not strictly adhere to all claim determination and appeal requirements under federal law (except for minor violations); or
- the standard levels of appeal have been exhausted; or
- the appeal relates to a rescission, defined as a cancellation or discontinuance of coverage which has retroactive effect.

An Adverse Benefit Determination based upon your eligibility is not eligible for External Review.

If upon the final standard level of appeal, the coverage denial is upheld and it is determined that you are eligible for External Review, you will be informed in writing of the steps necessary to request an External Review.

An independent review organization refers the case for review by a neutral, independent clinical reviewer with appropriate expertise in the area in question. The decision of the independent external expert reviewer is binding on you, Aetna and the Plan unless otherwise allowed by law.

Preliminary Review

Within 5 business days following the date of receipt of the request, Aetna must provide a preliminary review determining: you were covered under the Plan at the time the service was requested or provided, the determination does not relate to eligibility, you have exhausted the internal appeals process (unless Deemed Exhaustion applies), and you have provided all paperwork necessary to complete the External Review and you are eligible for external review.

Within one business day after completion of the preliminary review, Aetna must issue to you a notification in writing. If the request is complete but not eligible for External Review, such notification will include the reasons for its ineligibility and contact information for the Employee Benefits Security Administration (toll-free number 866-444-EBSA (3272)). If the request is not complete, such notification will describe the information or materials needed to make the request complete and Aetna must allow you to perfect the request for External Review within the 123 calendar days filing period or within the 48 hour period following the receipt of the notification, whichever is later.

Referral to ERO

Aetna will assign an ERO accredited as required under federal law, to conduct the External Review. The assigned ERO will timely notify you in writing of the request's eligibility and acceptance for External Review, and will provide an opportunity for you to submit in writing within 10 business days following the date of receipt, additional information that the ERO must consider when conducting the External Review. Within one (1) business day after making the decision, the ERO must notify you, Aetna and the Plan.

The ERO will review all of the information and documents timely received. In reaching a decision, the assigned ERO will review the claim and not be bound by any decisions or conclusions reached during the Plan's internal claims and appeals process. In addition to the documents and information provided, the assigned ERO, to the extent the information or documents are available and the ERO considers them appropriate, will consider the following in reaching a decision:

- (i) Your medical records;
- (ii) The attending health care professional's recommendation;
- (iii) Reports from appropriate health care professionals and other documents submitted by the Plan or issuer, you, or your treating provider;
- (iv) The terms of your Plan to ensure that the ERO's decision is not contrary to the terms of the Plan, unless the terms are inconsistent with applicable law;
- (v) Appropriate practice guidelines, which must include applicable evidence-based standards and may include any other practice guidelines developed by the Federal government, national or professional medical societies, boards,

and associations;

- (vi) Any applicable clinical review criteria developed and used by Aetna, unless the criteria are inconsistent with the terms of the Plan or with applicable law; and
- (vii) The opinion of the ERO's clinical reviewer or reviewers after considering the information described in this notice to the extent the information or documents are available and the clinical reviewer or reviewers consider appropriate.

The assigned ERO must provide written notice of the Final External Review Decision within 45 days after the ERO receives the request for the External Review. The ERO must deliver the notice of Final External Review Decision to you, Aetna and the Plan.

After a Final External Review Decision, the ERO must maintain records of all claims and notices associated with the External Review process for six years. An ERO must make such records available for examination by the claimant, Plan, or State or Federal oversight agency upon request, except where such disclosure would violate State or Federal privacy laws.

Upon receipt of a notice of a Final External Review Decision reversing the Adverse Benefit Determination or Final Internal Adverse Benefit Determination, the Plan immediately must provide coverage or payment (including immediately authorizing or immediately paying benefits) for the claim.

Expedited External Review

The Plan must allow you to request an expedited External Review at the time you receive:

- (a) An Adverse Benefit Determination if the Adverse Benefit Determination involves a medical condition for which the timeframe for completion of an expedited internal appeal would seriously jeopardize your life or health or would jeopardize your ability to regain maximum function and you have filed a request for an expedited internal appeal; or
- (b) A Final Internal Adverse Benefit Determination, if you have a medical condition where the timeframe for completion of a standard External Review would seriously jeopardize your life or health or would jeopardize your ability to regain maximum function, or if the Final Internal Adverse Benefit Determination concerns an admission, availability of care, continued stay, or health care item or service for which you received emergency services, but have not been discharged from a facility.

Immediately upon receipt of the request for expedited External Review, Aetna will determine whether the request meets the reviewability requirements set forth above for standard External Review. Aetna must immediately send you a notice of its eligibility determination.

Referral of Expedited Review to ERO

Upon a determination that a request is eligible for External Review following preliminary review, Aetna will assign an ERO. The ERO shall render a decision as expeditiously as your medical condition or circumstances require, but in no event more than 72 hours after the ERO receives the request for an expedited External Review. If the notice is not in writing, within 48 hours after the date of providing that notice, the assigned ERO must provide written confirmation of the decision to you, Aetna and the Plan.

Recognized Charge

The **covered expense** is only that part of a charge which is the **recognized charge**.

As to medical, vision and hearing expenses, the **recognized charge** for each service or supply is the lesser of:

- What the provider bills or submits for that service or supply; and
- For professional services and other services or supplies not mentioned below:
 - the 80th percentile of the Prevailing Charge Rate; for the Geographic Area where the service is furnished.

As to **prescription drug** expenses, the **recognized charge** for each service or supply is the lesser of:

- What the provider bills or submits for that service or supply; and
- 110% of the **Average Wholesale Price (AWP)** or other similar resource. **Average Wholesale Price (AWP)** is the current average wholesale price of a **prescription drug** listed in the Medi-Span weekly price updates (or any other similar publication chosen by **Aetna**).

If **Aetna** has an agreement with a provider (directly, or indirectly through a third party) which sets the rate that **Aetna** will pay for a service or supply, then the **recognized charge** is the rate established in such agreement.

Aetna may also reduce the **recognized charge** by applying **Aetna** Reimbursement Policies. **Aetna** Reimbursement Policies address the appropriate billing of services, taking into account factors that are relevant to the cost of the service such as:

- the duration and complexity of a service;
- whether multiple procedures are billed at the same time, but no additional overhead is required;
- whether an assistant surgeon is involved and necessary for the service;
- if follow up care is included;
- whether there are any other characteristics that may modify or make a particular service unique; and
- when a charge includes more than one claim line, whether any services described by a claim line are part of or incidental to the primary service provided.

Aetna Reimbursement Policies are based on **Aetna's** review of: the policies developed for Medicare; the generally accepted standards of medical and dental practice, which are based on credible scientific evidence published in peer-reviewed literature generally recognized by the relevant medical or dental community or which is otherwise consistent with **physician** or dental specialty society recommendations; and the views of **physicians** and dentists practicing in the relevant clinical areas. **Aetna** uses a commercial software package to administer some of these policies.

As used above, Geographic Area and Prevailing Charge Rates are defined as follows:

- **Geographic Area:** This means an expense area grouping defined by the first three digits of the U.S. Postal Service zip codes. If the volume of charges in a single three digit zip code is sufficient to produce a statistically valid sample, an expense area is made up of a single three digit zip code. If the volume of charges is not sufficient to produce a statistically valid sample, two or more three digit zip codes are grouped to produce a statistically valid sample. When it is necessary to group three digit zip codes, the grouping never crosses state lines.
- **Prevailing Charge Rates:** These are rates reported by FAIR Health, a nonprofit company, in their database. FAIR Health reviews and, if necessary, changes these rates periodically. **Aetna** updates its systems with these changes within 180 days after receiving them from FAIR Health.

Important Note

Aetna periodically updates its systems with changes made to the Prevailing Charge Rates.

What this means to you is that the **recognized charge** is based on the version of the rates that is in use by **Aetna** on the date that the service or supply was provided.

Additional Information

Aetna's website aetna.com may contain additional information which may help you determine the cost of a service or supply. Within this feature, view our "Cost of Care" and "Member Payment Estimator" tools, or contact our Customer Service Department for assistance.

IMPORTANT HEALTH CARE REFORM NOTICES

CHOICE OF PROVIDER

If your Aetna plan generally requires or allows the designation of a primary care provider, you have the right to designate any primary care provider who participates in our network and who is available to accept you or your family members. If the plan or health insurance coverage designates a primary care provider automatically, then until you make this designation, Aetna designates one for you. For information on how to select a primary care provider, and for a list of the participating primary care providers, contact your Employer or, if you are a current member, your Aetna contact number on the back of your ID card.

If your Aetna plan allows for the designation of a primary care provider for a child, you may designate a pediatrician as the primary care provider.

If your Aetna plan provides coverage for obstetric or gynecological care and requires the designation of a primary care provider then you do not need prior authorization from Aetna or from any other person (including a primary care provider) in order to obtain access to obstetrical or gynecological care from a health care professional in our network who specializes in obstetrics or gynecology. The health care professional, however, may be required to comply with certain procedures, including obtaining prior authorization for certain services, following a pre-approved treatment plan, or procedures for making referrals. For a list of participating health care professionals who specialize in obstetrics or gynecology, contact your Employer or, if you are a current member, your Aetna contact number on the back of your ID card.

Statement of Rights under the Newborns' and Mothers' Health Protection Act

Under federal law, group health plans and health insurance issuers offering group health insurance coverage generally may not restrict benefits for any hospital length of stay in connection with childbirth for the mother or newborn child to less than 48 hours following a vaginal delivery, or less than 96 hours following a delivery by cesarean section. However, the plan or issuer may pay for a shorter stay if the attending provider (e.g., your physician, nurse midwife, or physician assistant), after consultation with the mother, discharges the mother or newborn earlier.

Also, under federal law, plans and issuers may not set the level of benefits or out-of-pocket costs so that any later portion of the 48-hour (or 96-hour) stay is treated in a manner less favorable to the mother or newborn than any earlier portion of the stay.

In addition, a plan or issuer may not, under federal law, require that you, your physician, or other health care provider obtain authorization for prescribing a length of stay of up to 48 hours (or 96 hours). However, you may be required to obtain precertification for any days of confinement that exceed 48 hours (or 96 hours). For information on precertification, contact your plan administrator.

Notice Regarding Women's Health and Cancer Rights Act

Under this health plan, as required by the Women's Health and Cancer Rights Act of 1998, coverage will be provided to a person who is receiving benefits in connection with a mastectomy and who elects breast reconstruction in connection with the mastectomy for:

- (1) all stages of reconstruction of the breast on which a mastectomy has been performed;
- (2) surgery and reconstruction of the other breast to produce a symmetrical appearance;
- (3) prostheses; and
- (4) treatment of physical complications of all stages of mastectomy, including lymphedemas.

This coverage will be provided in consultation with the attending physician and the patient, and will be provided in accordance with the plan design, limitations, copays, deductibles, and referral requirements, if any, as outlined in your plan documents.

If you have any questions about our coverage of mastectomies and reconstructive surgery, please contact the Member Services number on your ID card.

For more information, you can visit this U.S. Department of Health and Human Services website, <http://www.cms.gov/home/regsguidance.asp>, and this U.S. Department of Labor website, http://www.dol.gov/ebsa/consumer_info_health.html.

Continuation of Coverage During an Approved Leave of Absence Granted to Comply With Federal Law

This continuation of coverage section applies only for the period of any approved family or medical leave (approved FMLA leave) required by Family and Medical Leave Act of 1993 (FMLA). If your Employer grants you an approved FMLA leave for a period in excess of the period required by FMLA, any continuation of coverage during that excess period will be determined by your Employer.

If your Employer grants you an approved FMLA leave in accordance with FMLA, you may, during the continuance of such approved FMLA leave, continue Health Expense Benefits for you and your eligible dependents.

At the time you request the leave, you must agree to make any contributions required by your Employer to continue coverage.

If any coverage your Employer allows you to continue has reduction rules applicable by reason of age or retirement, the coverage will be subject to such rules while you are on FMLA leave.

Coverage will not be continued beyond the first to occur of:

- The date you are required to make any contribution and you fail to do so.
- The date your Employer determines your approved FMLA leave is terminated.
- The date the coverage involved discontinues as to your eligible class. However, coverage for health expenses may be available to you under another plan sponsored by your Employer.

Any coverage being continued for a dependent will not be continued beyond the date it would otherwise terminate.

If Health Expense Benefits terminate because your approved FMLA leave is deemed terminated by your Employer, you may, on the date of such termination, be eligible for Continuation Under Federal Law on the same terms as though your employment terminated, other than for gross misconduct, on such date. If this Plan provides any other continuation of coverage (for example, upon termination of employment, death, divorce or ceasing to be a defined dependent), you (or your eligible dependents) may be eligible for such continuation on the date your Employer determines your approved FMLA leave is terminated or the date of the event for which the continuation is available.

If you acquire a new dependent while your coverage is continued during an approved FMLA leave, the dependent will be eligible for the continued coverage on the same terms as would be applicable if you were actively at work, not on an approved FMLA leave.

If you return to work for your Employer following the date your Employer determines the approved FMLA leave is terminated, your coverage under this Plan will be in force as though you had continued in active employment rather than going on an approved FMLA leave provided you make request for such coverage within 31 days of the date your Employer determines the approved FMLA leave to be terminated. If you do not make such request within 31 days, coverage will again be effective under this Plan only if and when this Plan gives its written consent.

If any coverage being continued terminates because your Employer determines the approved FMLA leave is terminated, any Conversion Privilege will be available on the same terms as though your employment had terminated on the date your Employer determines the approved FMLA leave is terminated.

Preface

The medical benefits plan described in this *Booklet* is a benefit plan of the Employer. These benefits are not insured with **Aetna** or any of its affiliates, but will be paid from the Employer's funds. **Aetna** and its HMO affiliates will provide certain administrative services under the **Aetna** medical benefits plan.

Aetna agrees with the Employer to provide administrative services in accordance with the conditions, rights, and privileges as set forth in this *Booklet*. The Employer selects the products and benefit levels under the **Aetna** medical benefits plan.

The *Booklet* describes your rights and obligations, what the **Aetna** medical benefits plan covers, and how benefits are paid for that coverage. It is your responsibility to understand the terms and conditions in this *Booklet*. Your *Booklet* includes the *Schedule of Benefits* and any amendments.

This *Booklet* replaces and supercedes all **Aetna Booklets** describing coverage for the medical benefits plan described in this *Booklet* that you may previously have received.

Coverage for You and Your Dependents

Health Expense Coverage

Benefits are payable for covered health care expenses that are incurred by you or your covered dependents while coverage is in effect. An expense is "incurred" on the day you receive a health care service or supply.

Coverage under this plan is non-occupational. Only **non-occupational injuries** and **non-occupational illnesses** are covered.

Refer to the *What the Plan Covers* section of the *Booklet* for more information about your coverage.

Treatment Outcomes of Covered Services

Aetna is not a provider of health care services and therefore is not responsible for and does not guarantee any results or outcomes of the covered health care services and supplies you receive. Except for Aetna RX Home Delivery LLC, providers of health care services, including hospitals, institutions, facilities or agencies, are independent contractors and are neither agents nor employees of **Aetna** or its affiliates.

When Your Coverage Begins

Who Is Eligible

How and When to Enroll

When Your Coverage Begins

Throughout this section you will find information on who can be covered under the plan, how to enroll and what to do when there is a change in your life that affects coverage. In this section, “you” means the employee.

Who Is Eligible

Employees

To be covered by this plan, the following requirements must be met:

- You will need to be in an “eligible class,” as defined below; and
- You will need to meet the “eligibility date criteria” described below.

Determining if You Are in an Eligible Class

You are in an eligible class if:

- You are a retired employee of an employer participating in this plan, and you:
 - Retired before the effective date of this plan and were covered under the prior plan for health care coverage on the day before you retired; or
 - Were covered under this plan or another plan sponsored by your employer on the day before you retired; and
 - Retire under your employer’s IRS-qualified retirement plan.

Determining if You Are in an Eligible Class

You are in an eligible class if:

- You are a regular full-time employee, as defined by your employer, who is scheduled to work at least 30 hours per week on a regular basis.

Probationary Period

Once you enter an eligible class, you will need to complete the probationary period before your coverage under this plan begins.

Determining When You Become Eligible

You become eligible for the plan on your eligibility date, which is determined as follows.

On the Effective Date of the Plan

If you are in an eligible class on the effective date of this plan, and you had previously satisfied the plan's probationary period, your coverage eligibility date is the effective date of this plan. If you are in an eligible class on the effective date of this plan, but you have not yet satisfied the plan's probationary period, your coverage eligibility date is the first day of the month coinciding with or next following the date you complete 60 days from the date of hire of continuous service with your employer. This is defined as the probationary period. If you had already satisfied the probationary period before you entered the eligible class, your coverage eligibility date is the date you enter the eligible class.

After the Effective Date of the Plan

If you are hired or enter an eligible class after the effective date of this plan, your coverage eligibility date is the first day of the month coinciding with or next following the date you complete 60 days from the date of hire of continuous service with your employer. This is defined as the probationary period. If you have already satisfied the probationary period before you entered the eligible class, your coverage eligibility date is the date you enter the eligible class.

Obtaining Coverage for Dependents

Your dependents can be covered under this Plan. You may enroll the following dependents:

- Your spouse.
- Your dependent children.

Aetna will rely upon your employer to determine whether or not a person meets the definition of a dependent for coverage under this Plan. This determination will be conclusive and binding upon all persons for the purposes of this Plan.

Coverage for Dependent Children

To be eligible for coverage, a dependent child must be under 26 years of age.

An eligible dependent child includes:

- Your biological children;
- Your stepchildren;
- Your legally adopted children;
- Your foster children, including any children placed with you for adoption;
- Any children for whom you are responsible under court order;
- Your grandchildren in your court-ordered custody; and
- Any other child with whom you have a parent-child relationship.

Coverage for a handicapped child may be continued past the age limits shown above. See *Handicapped Dependent Children* for more information.

Important Reminder

Keep in mind that you cannot receive coverage under this Plan as:

- Both an employee and a dependent; or
- A dependent of more than one employee.

How and When to Enroll**Initial Enrollment in the Plan**

You will be provided with plan benefit and enrollment information when you first become eligible to enroll. You will need to enroll in a manner determined by **Aetna** and your employer. To complete the enrollment process, you will need to provide all requested information for yourself and your eligible dependents. You will also need to agree to make required contributions for any contributory coverage. Your employer will determine the amount of your plan contributions, which you will need to agree to before you can enroll. Your employer will advise you of the required amount of your contributions and will deduct your contributions from your pay. Remember plan contributions are subject to change.

You will need to enroll within 31 days of your eligibility date. Otherwise, you may be considered a Late Enrollee. If you miss the enrollment period, you will not be able to participate in the plan until the next annual enrollment period, unless you qualify under a Special Enrollment Period, as described below.

If you do not enroll for coverage when you first become eligible, but wish to do so later, your employer will provide you with information on when and how you can enroll.

Newborns are automatically covered for 31 days after birth. To continue coverage after 31 days, you will need to complete a change form and return it to your employer within the 31-day enrollment period.

Late Enrollment

If you do not enroll during the Initial Enrollment Period, or a subsequent annual enrollment period, you and your eligible dependents may be considered **Late Enrollees** and coverage may be deferred until the next annual enrollment period. If, at the time of your initial enrollment, you elect coverage for yourself only and later request coverage for your eligible dependents, they may be considered **Late Enrollees**.

You must return your completed enrollment form before the end of the next annual enrollment period as described below.

However, you and your eligible dependents may not be considered **Late Enrollees** if you qualify for one of the circumstances described in the “Special Enrollment Periods” section below.

Annual Enrollment

During the annual enrollment period, you will have the opportunity to review your coverage needs for the upcoming year. During this period, you have the option to change your coverage. The choices you make during this annual enrollment period will become effective the following year.

If you do not enroll yourself or a dependent for coverage when you first become eligible, but wish to do so later, you will need to do so during the next annual enrollment period, unless you qualify under one of the Special Enrollment Periods, as described below.

Special Enrollment Periods

You will not be considered a **Late Enrollee** if you qualify under a Special Enrollment Period as defined below. If one of these situations applies, you may enroll before the next annual enrollment period.

Loss of Other Health Care Coverage

You or your dependents may qualify for a Special Enrollment Period if:

- You did not enroll yourself or your dependent when you first became eligible or during any subsequent annual enrollments because, at that time:
 - You or your dependents were covered under other **creditable coverage**; and
 - You refused coverage and stated, in writing, at the time you refused coverage that the reason was that you or your dependents had other **creditable coverage**; and
- You or your dependents are no longer eligible for other **creditable coverage** because of one of the following:
 - The end of your employment;
 - A reduction in your hours of employment (for example, moving from a full-time to part-time position);
 - The ending of the other plan’s coverage;
 - Death;
 - Divorce or legal separation;
 - Employer contributions toward that coverage have ended;
 - COBRA coverage ends;
 - The employer’s decision to stop offering the group health plan to the eligible class to which you belong;

- Cessation of a dependent's status as an eligible dependent as such is defined under this Plan;
- With respect to coverage under Medicaid or an S-CHIP Plan, you or your dependents no longer qualify for such coverage; or
- You or your dependents have reached the lifetime maximum of another Plan for all benefits under that Plan.
- You or your dependents become eligible for premium assistance, with respect to coverage under the group health plan, under Medicaid or an S-CHIP Plan.

You will need to enroll yourself or a dependent for coverage within:

- 31 days of when other **creditable coverage** ends;
- within 60 days of when coverage under Medicaid or an S-CHIP Plan ends; or
- within 60 days of the date you or your dependents become eligible for Medicaid or S-CHIP premium assistance.

Evidence of termination of **creditable coverage** must be provided to your employer or the party it designates. If you do not enroll during this time, you will need to wait until the next annual enrollment period.

New Dependents

You and your dependents may qualify for a Special Enrollment Period if:

- You did not enroll when you were first eligible for coverage; and
- You later acquire a dependent, as defined under the plan, through marriage, birth, adoption, or placement for adoption; and
- You elect coverage for yourself and your dependent within 31 days of acquiring the dependent.

Your spouse or child who meets the definition of a dependent under the plan may qualify for a Special Enrollment Period if:

- You did not enroll them when they were first eligible; and
- You later elect coverage for them within 31 days of a court order requiring you to provide coverage.

You will need to report any new dependents by completing a change form, which is available from your employer. The form must be completed and returned to your employer within 31 days of the change. If you do not return the form within 31 days of the change, you will need to make the changes during the next annual enrollment period.

If You Adopt a Child

Your plan will cover a child who is placed for adoption. This means you have taken on the legal obligation for total or partial support of a child whom you plan to adopt.

Your plan will provide coverage for a child who is placed with you for adoption if:

- The child meets the plan's definition of an eligible dependent on the date he or she is placed for adoption; and
- You request coverage for the child in writing within 31 days of the placement;
- Proof of placement will need to be presented to your employer prior to the dependent enrollment;
- Any coverage limitations for a preexisting condition will not apply to a child placed with you for adoption provided that the placement occurs on or after the effective date of your coverage.

When You Receive a Qualified Child Support Order

A Qualified Medical Child Support Order (QMCSO) is a court order requiring a parent to provide health care coverage to one or more children. Your plan will provide coverage for a child who is covered under a QMCSO, if:

- The child meets the plan's definition of an eligible dependent; and
- You request coverage for the child in writing within 31 days of the court order.

Coverage for the dependent will become effective on the date of the court order. Any coverage limitations for a preexisting condition will not apply, as long as you submit a written request for coverage within the 31-day period.

If you do not request coverage for the child within the 31-day period, you will need to wait until the next annual enrollment period.

Under a QMCSO, if you are the non-custodial parent, the custodial parent may file claims for benefits. Benefits for such claims will be paid to the custodial parent.

When Your Coverage Begins

Your Effective Date of Coverage

If you have met all the eligibility requirements, your coverage takes effect on the later of:

- The date you are eligible for coverage; and
- The date you return your completed enrollment information; and
- Your application is received and approved in writing by **Aetna**; and
- The date your required contribution is received by **Aetna**.

If you do not return your completed enrollment information within 31 days of your eligibility date, the rules under the *Special or Late Enrollment Periods* section will apply.

Important Notice:

You must pay the required contribution in full or coverage will not be effective.

Your Dependent's Effective Date of Coverage

Your dependent's coverage takes effect on the same day that your coverage becomes effective, if you have enrolled them in the plan.

Note: New dependents need to be reported to your employer within 31 days because they may affect your contributions. If you do not report a new dependent within 31 days of his or her eligibility date, the rules under the *Special or Late Enrollment Periods* section will apply.

Retired Employees

In lieu of corresponding rules which apply to employees:

- If any health expense benefits are payable based on a "period of disability", the rule which applies to determine when a dependent's period of disability ends will also apply to you.
- The rule which applies to a dependent to determine if total disability exists when health expense insurance ends will also apply to you.

How Your Medical Plan Works

Common Terms

Accessing Designated Network Providers

It is important that you have the information and useful resources to help you get the most out of your **Aetna** medical plan. This Booklet explains:

- Definitions you need to know;
- How to access care, including procedures you need to follow;
- What expenses for services and supplies are covered and what limits may apply;
- What expenses for services and supplies are not covered by the plan;
- How you share the cost of your covered services and supplies; and
- Other important information such as eligibility, complaints and appeals, termination, continuation of coverage, and general administration of the plan.

Important Notes

- Unless otherwise indicated, “you” refers to you and your covered dependents.
- Your health plan pays benefits only for services and supplies described in this Booklet as **covered expenses** that are **medically necessary**.
- This Booklet applies to coverage only and does not restrict your ability to receive health care services that are not or might not be covered benefits under this health plan.
- Store this Booklet in a safe place for future reference.

Common Terms

Many terms throughout this Booklet are defined in the *Glossary* section at the back of this document. Defined terms appear in bolded print. Understanding these terms will also help you understand how your plan works and provide you with useful information regarding your coverage.

About Your Aetna Whole HealthSM – Aetna Select Medical Plan

This Aetna Whole HealthSM Aetna Select plan provides coverage of medical expenses for the treatment of **illness** or **injury** and other preventive care and routine medical expenses.

With your Aetna Select plan, you can directly access any **network physician**, **hospital** or other health care provider for covered services and supplies under the plan.

The plan will pay for **covered expenses** up to the maximum benefits shown in this Booklet.

Coverage is subject to all the terms, policies, and procedures outlined in this Booklet. Not all medical expenses are covered under the plan. Exclusions and limitations apply to certain medical services, supplies and expenses. Refer to the *What the Plan Covers* and *Exclusions, Limitations* sections and the *Schedule of Benefits* sections to determine if medical services are covered, excluded or limited.

This Aetna Whole HealthSM Aetna Select plan provides access to covered benefits through a network of health care providers and facilities. These **designated network providers** have contracted with **Aetna** or an affiliate to provide health care services and supplies to **Aetna** plan members at a reduced fee called the **negotiated charge**.

Except for emergency and urgent care services, benefits will only be paid when you utilize **designated network providers**.

Designated and Non-Designated Network Providers

This Aetna Whole HealthSM Aetna Select plan provides preferred benefit coverage and access to certain covered services and supplies through a designated network of health care providers and facilities that are unique to your plan. This plan is designed to lower your out-of-pocket costs when you use **designated network providers** for **covered expenses**. Your cost sharing will be lower when you use these **designated network providers**. These **designated network providers** are identified in the printed **directory** and the on-line version of the **directory** via DocFind at www.aetna.com. Please be sure to look at the appropriate **directory** that applies to your plan, since different Aetna plans use different networks of providers. This plan includes different benefit levels based upon the type of **network provider** that you use (designated or non-designated) or if you choose to see an **out-of-network** provider. For this plan only, **non-designated network providers** are *not* listed in the Aetna directory.

Important Note

If you live in an area with a designated network, in order to be covered at the network level of benefits and for maximum savings, you must select a **designated network provider**. If you select a **non-designated network provider** for your care, such expenses will not be covered under this Plan. Carefully read the details on cost-sharing provided later in this *Schedule of Benefits*.

Availability of Providers

Aetna cannot guarantee the availability or continued participation of a particular provider. Either Aetna or any **designated network provider** may terminate the provider contract or limit the number of patients accepted in a practice. If the **physician** initially selected cannot accept additional patients, you will be notified and given an opportunity to make another selection. If the agreement between Aetna and your selected **PCP** is terminated, Aetna will notify you of the termination and request you to select another **PCP**.

Ongoing Reviews:

Aetna conducts ongoing reviews of those services and supplies which are recommended or provided by health professionals to determine whether such services and supplies are covered benefits under this Booklet. If Aetna determines that the recommended services or supplies are not covered benefits, you will be notified. You may appeal such determinations by contacting Aetna to seek a review of the determination. Please refer to the *Claims, Appeals and External Review* section of this Booklet.

To better understand the choices that you have with your Aetna Whole HealthSM Aetna Select plan, please carefully review the following information.

How Your Your Aetna Whole HealthSM – Aetna Select Medical Plan Works

The Primary Care Physician:

To access network benefits at the time of enrollment, you are encouraged to select a **Primary Care Physician (PCP)** from Aetna's designated network of providers. Each covered family member may select his or her own **PCP**. If your covered dependent is a minor, or otherwise incapable of selecting a **PCP**, you should select a **PCP** on their behalf.

You may search online for the most current list of **designated network providers** in your area by using DocFind, Aetna's online provider directory at www.aetna.com. You can choose a **PCP** based on geographic location, group practice, medical specialty, language spoken, or **hospital** affiliation. DocFind is updated several times a week. You may also request a printed copy of the provider directory through your employer or by contacting Member Services through e-mail or by calling the toll free number on your ID card.

A **PCP** may be a general practitioner, family **physician**, internist, or pediatrician. Your **PCP** provides routine preventive care and will treat you for **illness** or **injury**.

A **PCP** coordinates your medical care, as appropriate either by providing treatment or by issuing **referrals** to direct you to other **designated network providers** for other covered services and supplies. The **PCP** can also order lab tests and x-rays, prescribe medicines or therapies, and arrange **hospitalization**. When your **PCP** refers you to other **designated network providers**, your **PCP** will give you a written **referral**, or send an electronic **referral** to a **designated network provider**. See the section on *The Referral Process* for more information.

Except in a medical emergency or for certain direct access services described in this Booklet, only those services which are provided by or **referred** by a your **PCP** will be covered at the network level of benefits.

Changing Your PCP

You may change your **PCP** at any time on **Aetna's** website, www.aetna.com, or by calling the Member Services toll-free number on your identification card. The change will become effective upon **Aetna's** receipt and approval of the request.

Important Note

ID Card: You will receive an ID card. It identifies you as a member when you receive services from health care providers. If you have not received your ID card or if your card is lost or stolen, notify **Aetna** immediately and a new card will be issued.

Accessing Designated Network Providers and Benefits

- You may select a **PCP** or other direct access **designated network provider** from the **Aetna directory** or by logging on to **Aetna's** website at www.aetna.com. You can search **Aetna's** online **directory**, DocFind, for names and locations of **physicians, hospitals** and **other health care** providers and facilities. You can change your **PCP** at any time.
- If a service or supply you need is covered under this Plan but not available from a **designated network provider** in your area, please contact Member Services by email or at the toll-free number on your ID card for assistance.
- Except for your **prescription drug** expenses, you will not have to submit medical claims for treatment received from **designated network providers**. Your **designated network provider** will take care of claim submission. **Aetna** will directly pay the **designated network provider** or facility less any cost sharing required by you. You will be responsible for **deductibles, payment percentage** and **copayments**, if any.
- You will receive notification of what the plan has paid toward your **covered expenses**. It will indicate any amounts you owe towards any **deductible, copayments, or payment percentage** amounts or other non-**covered expenses** you have incurred. You may elect to receive this notification by e-mail, or through the mail. Call or e-mail Member Services if you have questions regarding your statement.

Cost Sharing for the Network Benefit Level

You share in the cost of your benefits. Cost Sharing amounts and provisions are described in the *Schedule of Benefits*.

- Designated network providers** have agreed to accept the **negotiated charge**. **Aetna** will reimburse you for a **covered expense**, incurred from a **designated network provider**, up to the **negotiated charge** and the maximum benefits under this Plan, less any cost sharing required by you such as **copayments** and **payment percentage**. Your **payment percentage** is based on the **negotiated charge**. You will *not* have to pay any balance bills above the **negotiated charge** for that covered service or supply.
- For certain types of services and supplies, you will be responsible for any **copayments** shown in your *Schedule of Benefits*. The **copayments** will vary depending upon the type of service and whether you obtain covered health care services from a provider who is a **specialist** or non-specialist. You will be subject to the **PCP copayments** shown on the *Schedule of Benefits* when you obtain covered health care services from any **PCP** who is a **designated network provider**.
 - After you satisfy any applicable **deductible**, you will be responsible for any applicable **payment percentage** for **covered expenses** that you incur. You will be responsible for your **payment percentage** up to the **maximum out-of-pocket limit** applicable to your plan.

- Once you satisfy any applicable **maximum out-of-pocket limit**, the plan will pay 100% of the **covered expenses** that apply toward the limits for the rest of the Plan Year. Certain designated out-of-pocket expenses may not apply to the **maximum out-of-pocket limits**. Refer to your *Schedule of Benefits* for information on what **covered expenses** do not apply to the **maximum out-of-pocket limits** and for the specific **maximum out-of-pocket limit** amounts that apply to your plan.
- The plan will pay for **covered expenses**, up to the benefit maximums shown in the *What the Plan Covers* section or the *Schedule of Benefits*. You are responsible for any expenses incurred over the maximum limits outlined in the *What the Plan Covers* section or the *Schedule of Benefits*.
- You may be billed for any **deductible, copayment, or payment percentage** amounts, or any non-covered expenses that you incur.

Emergency and Urgent Care

You have coverage 24 hours a day, 7 days a week, anywhere inside or outside the plan's service area, for:

- An **emergency medical condition**; or
- An **urgent condition**.

In Case of a Medical Emergency

When **emergency care** is necessary, please follow the guidelines below:

- Seek the nearest emergency room, or dial 911 or your local emergency response service for medical and ambulatory assistance. If possible, call your **primary care physician** provided a delay would not be detrimental to your health.
- After assessing and stabilizing your condition, the emergency room should contact your **PCP** to obtain your medical history to assist the emergency **physician** in your treatment.
- If you are admitted to an inpatient facility, notify your **PCP** as soon as reasonably possible.
- If you seek care in an emergency room for a non-emergency condition, the plan will not cover the expenses you incur. Please refer to the *Schedule of Benefits* for specific details about the plan. No other plan benefits will pay for non-emergency care in the emergency room unless otherwise specified under the plan.

Coverage for Emergency Medical Conditions

Refer to **Coverage for Emergency Medical Conditions** in the *What the Plan Covers* section.

Important Reminder

If you visit a **hospital** emergency room for a non-emergency condition, the plan will not cover your expenses, as shown in the *Schedule of Benefits*. No other plan benefits will pay for non-emergency care in the emergency room unless otherwise specified under the Plan.

In Case of an Urgent Condition

Call your **PCP** if you think you need urgent care. **Network providers** are required to provide urgent care coverage 24 hours a day, including weekends and holidays. You may contact any **physician** or **urgent care provider**, in- or out-of-network, for an **urgent care condition** if you cannot reach your **physician**.

If it is not feasible to contact your **PCP**, please do so as soon as possible after urgent care is provided. If you need help finding a **network urgent care provider** you may call Member Services at the toll-free number on your I.D. card, or you may access Aetna's online provider directory at www.aetna.com.

Coverage for an Urgent Condition

Refer to **Coverage for Urgent Medical Conditions** in the *What the Plan Covers* section.

Non-Urgent Care

If you seek care from an **urgent care provider** for a non-**urgent condition**, (one that does not meet the criteria above), the plan will not cover the expenses you incur unless otherwise specified under the Plan. Please refer to the *Schedule of Benefits* for specific plan details.

Important Reminder

If you visit an **urgent care provider** for a non-**urgent condition**, the plan will not cover your expenses, as shown in the *Schedule of Benefits*. No other plan benefits will pay for non-urgent care received at a hospital or an urgent care provider unless otherwise specified.

Follow-Up Care After Treatment of an Emergency or Urgent Medical Condition

Follow-up care is not considered an emergency or **urgent condition** and is not covered as part of any emergency or urgent care visit. Once you have been treated and discharged, you should contact your **physician** for any necessary follow-up care.

For coverage purposes, follow-up care is treated as any other expense for **illness** or **injury**. If you access a **hospital** emergency room for follow-up care, your expenses will not be covered and you will be responsible for the entire cost of your treatment. Refer to your *Schedule of Benefits* for cost sharing information applicable to your plan.

To keep your out-of-pocket costs lower, your follow-up care should be accessed through your **PCP**.

Important Notice

Follow up care, which includes (but is not limited to) suture removal, cast removal and radiological tests such as x-rays, should **not** be provided by an emergency room facility.

Requirements For Coverage

To be covered by the plan, services and supplies and **prescription drugs** must meet all of the following requirements:

1. The service or supply or **prescription drug** must be covered by the plan. For a service or supply or **prescription drug** to be covered, it must:
 - Be included as a covered expense in this Booklet;
 - Not be an excluded expense under this Booklet. Refer to the *Exclusions* sections of this Booklet for a list of services and supplies that are excluded;
 - Not exceed the maximums and limitations outlined in this Booklet. Refer to the *What the Plan Covers* section and the *Schedule of Benefits* for information about certain expense limits; and
 - Be obtained in accordance with all the terms, policies and procedures outlined in this Booklet.
2. The service or supply or **prescription drug** must be provided while coverage is in effect. See the *Who Can Be Covered, How and When to Enroll, When Your Coverage Begins, When Coverage Ends* and *Continuation of Coverage* sections for details on when coverage begins and ends.
3. The service or supply or **prescription drug** must be **medically necessary**. To meet this requirement, the medical services, supply or **prescription drug** must be provided by a **physician**, or other health care provider, exercising prudent clinical judgment, to a patient for the purpose of preventing, evaluating, diagnosing or treating an **illness, injury**, disease or its symptoms. The provision of the service or supply must be:
 - (a) In accordance with generally accepted standards of medical practice;
 - (b) Clinically appropriate, in terms of type, frequency, extent, site and duration, and considered effective for the patient's **illness, injury** or disease; and
 - (c) Not primarily for the convenience of the patient, **physician** or other health care provider;
 - (d) And not more costly than an alternative service or sequence of services at least as likely to produce equivalent therapeutic or diagnostic results as to the diagnosis or treatment of that patient's **illness, injury**, or disease.

For these purposes "generally accepted standards of medical practice" means standards that are based on credible scientific evidence published in peer-reviewed medical literature generally recognized by the relevant medical community, or otherwise consistent with **physician** specialty society recommendations and the views of **physicians** practicing in relevant clinical areas and any other relevant factors.

Important Note

Not every service, supply or **prescription drug** that fits the definition for **medical necessity** is covered by the plan. Exclusions and limitations apply to certain medical services, supplies and expenses. For example some benefits are limited to a certain number of days, visits or a dollar maximum. Refer to the *What the Plan Covers* section and the *Schedule of Benefits* for the plan limits and maximums.

Covered expenses include charges for home health care services when ordered by a **physician** as part of a home health plan and provided you are:

- Transitioning from a **hospital** or other inpatient facility, and the services are in lieu of a continued inpatient **stay**; or
- **Homebound**

Covered expenses include only the following:

- **Skilled nursing services** that require medical training of, and are provided by, a licensed nursing professional within the scope of his or her license. These services need to be provided during intermittent visits of 4 hours or less, with a daily maximum of 3 visits. Intermittent visits are considered periodic and recurring visits that skilled nurses make to ensure your proper care, which means they are not on site for more than four hours at a time. If you are discharged from a **hospital** or **skilled nursing facility** after an inpatient **stay**, the intermittent requirement may be waived to allow coverage for up to 12 hours (3 visits) of continuous **skilled nursing services**. However, these services must be provided for within 10 days of discharge.

 - The services provided are not primarily for comfort, convenience or custodial in nature.
 - The services are intermittent or hourly in nature.

Benefits for home health care visits are payable up to the Home Health Care Maximum. Each visit by a nurse, **behavioral health provider** or therapist is 1 visit.

In figuring the Plan Year Maximum Visits, each visit of a:

- Nurse or Therapist, up to 4 hours is 1 visit and
- **behavioral health provider**, of up to 1 hour, is 1 visit.

This maximum will not apply to care given by an **R.N.** or **L.P.N.** when:

- Care is provided within 10 days of discharge from a **hospital** or **skilled nursing facility** as a full-time inpatient; and

When the above criteria are met, **covered expenses** include up to 12 hours of continuous care by an **R.N.** or **L.P.N.** per day.

Coverage for Home Health Care services is not determined by the availability of caregivers to perform them. The absence of a person to perform a non-skilled or **custodial care** service does not cause the service to become covered. If the covered person is a minor or an adult who is dependent upon others for non-skilled care (e.g. bathing, eating, toileting), coverage for home health services will only be provided during times when there is a family member or caregiver present in the home to meet the person's non-skilled needs.

Refer to the *Schedule of Benefits* for details about any applicable home health care visit maximums.

Getting Started: Common Terms

You will find the terms below used throughout this Booklet. They are described within the sections that follow, and you can also refer to the *Glossary* at the back of this document for helpful definitions. Words in bold print throughout the document are defined in the *Glossary*.

Brand-Named Prescription Drug is a **prescription drug** with a proprietary name assigned to it by the manufacturer and so indicated by Medispan or any other similar publication designated by **Aetna**.

Generic Prescription Drug is a **prescription drug**, whether identified by its chemical, proprietary, or non-proprietary name, that is accepted by the U.S. Food and Drug Administration as therapeutically equivalent and interchangeable with drugs having an identical amount of the same active ingredient and so indicated by Medispan or any other publication designated by **Aetna**.

Network pharmacy is a description of a retail, **mail order or specialty pharmacy** that has entered into a contractual agreement with **Aetna**, an affiliate, or a third party vendor, for the provision of **covered services** to you and your covered dependents. The appropriate **pharmacy** type may also be substituted for the word **pharmacy**. (E.g. **network retail pharmacy, network mail order pharmacy or specialty pharmacy network**).

Non-Preferred Drug (Non-Formulary) is a **brand-named prescription drug** or **generic prescription drug** that does not appear on the **preferred drug guide**.

Out-of-network pharmacy is a description of a **pharmacy** that has not contracted with **Aetna**, an affiliate, or a third party vendor and does not participate in the pharmacy network.

Preferred Drug (Formulary) is a **brand-named prescription drug** or **generic prescription drug** that appears on the **preferred drug guide**.

Preferred Drug Guide is a listing of **prescription drugs** established by **Aetna** or an affiliate, which includes both **brand-named prescription drugs** and **generic prescription drugs**. This list is subject to periodic review and modification by **Aetna**. A copy of the **preferred drug guide** will be available upon your request or may be accessed on the **Aetna** website at www.aetna.com/formulary.

Prescription Drug is a drug, biological, or compounded **prescription** which, by State or Federal Law, may be dispensed only by **prescription** and which is required by Federal Law to be labeled "Caution: Federal Law prohibits dispensing without prescription." This includes an injectable drug prescribed to be self-administered or administered by any other person except one who is acting within his or her capacity as a paid healthcare professional. Covered injectable drugs include insulin.

Provider is any recognized health care professional, pharmacy or facility providing services with the scope of their license.

Self-injectable Drug(s). Prescription drugs that are intended to be self-administered by injection to a specific part of the body to treat certain chronic medical conditions.

Accessing Pharmacies and Benefits

This plan provides access to **covered benefits** through a network of pharmacies, vendors or suppliers. **Aetna** has contracted for these **network pharmacies** to provide **prescription drugs** and other supplies to you.

Obtaining your benefits through **network pharmacies** has many advantages. Your out-of-pocket costs may vary between **network** and **out-of-network benefits**. Benefits and cost sharing may also vary by the type of **network pharmacy** where you obtain your **prescription drug** and whether or not you purchase a brand-name or generic drug. **Network pharmacies** include retail, mail order and specialty pharmacies.

Accessing Network Pharmacies and Benefits

You may select a **network pharmacy** from Aetna's on-line provider directory which can be found at www.aetna.com. You can search Aetna's online directory, DocFind, for names and locations of **network pharmacies**. If you cannot locate a **network pharmacy** in your area, call Member Services at the number on your ID card.

You must present your ID card to the **network pharmacy** every time you get a **prescription** filled to be eligible for **network pharmacy benefits**. The **network pharmacy** will calculate your claim online. You will pay any **deductible**, **copayment** or **coinsurance** directly to the **network pharmacy**. You do not have to complete or submit claim forms. The **network pharmacy** will take care of claim submission.

Emergency Prescriptions

When you need a **prescription** filled in an emergency or urgent care situation, or when you are traveling, you can obtain **network pharmacy** benefits by filling your **prescription** at any **network pharmacy**. The **network pharmacy** will fill your **prescription** and only charge you your plan's cost sharing amount.

If you access an **out-of-network pharmacy** you will pay the full cost of the **prescription** and will need to file a claim for reimbursement. You will be reimbursed for your **covered expenses** up to the cost of the **prescription** less your plan's cost sharing for **network pharmacy** benefits.

Availability of Providers

Aetna cannot guarantee the availability or continued network participation of a particular **pharmacy**. Either **Aetna** or any **network pharmacy** may terminate the provider contract.

Cost Sharing for Network Benefits

You share in the cost of your benefits. Cost Sharing amounts and provisions are described in the Schedule of Benefits.

- You will need to satisfy any applicable **deductibles** before the plan will begin to pay benefits.
- You will be responsible for the **copayment** for each **prescription** or refill as specified in the *Schedule of Benefits*. The **copayment** is payable directly to the **network pharmacy** at the time the **prescription** is dispensed.
- After you satisfy any applicable **deductible** and pay the applicable **copayment**, you will be responsible for any applicable payment percentage for **covered expenses** that you incur. Your **payment percentage** is determined by applying the applicable **payment** percentage to the **negotiated charge** if the **prescription** is filled at a **network pharmacy**. When you obtain your **prescription drugs** through a **network pharmacy**, you will not be subject to balance billing.

When You Use an Out-of-Network Pharmacy

You can directly access an out-of-network **pharmacy** to obtain covered outpatient **prescription drugs**. You will pay the **pharmacy** for your **prescription drugs** at the time of purchase and submit a claim form to receive reimbursement from the plan. You are responsible for completing and submitting claim forms for reimbursement of **covered expenses** you paid directly to an out-of-network **pharmacy**. The Plan will reimburse you for a **covered expense** up to the **recognized charge**, less any cost sharing required by you.

Cost Sharing for Out-of-Network Benefits

You share in the cost of your benefits. Cost Sharing amounts and provisions are described in the Schedule of Benefits.

- You will need to satisfy any applicable plan year **deductibles** before the plan will begin to pay benefits.
- After you satisfy any applicable year **deductible(s)**, you will be responsible for any applicable payment percentage for **covered expenses** that you incur. Your payment percentage share is based on the **recognized charge**. If the **out-of-network pharmacy** charges more than the **recognized charge**, you will be responsible for any expenses above the **recognized charge**.

What the Plan Covers

The plan covers charges for **medically necessary** outpatient **prescription drugs** for the treatment of an **illness** or injury, subject to the *Prescription Drug Limitations* section below and the *Exclusions* section of the *Booklet*. **Prescriptions** must be written by a **prescriber** licensed to prescribe federal legend **prescription drugs**.

Your prescription drug benefit coverage is based on **Aetna's preferred drug guide**. Your out-of-pocket expenses may be higher if your **physician** prescribes a covered **prescription drug** not appearing on the **preferred drug guide**.

Preferred generic prescription drugs may be substituted by your pharmacist for **brand-name prescription drugs**. You may minimize your out-of-pocket expenses by selecting a **generic prescription drug** when available.

Coverage of **prescription drugs** may, in **Aetna's** sole discretion, be subject to **precertification** or other **Aetna** requirements or limitations. **Prescription drugs** covered by this plan are subject to drug and narcotic utilization review by **Aetna**, your **provider** and/or your **network pharmacy**. This may include limiting access of **prescription drugs prescribed** by a specific **provider**. Such limitation may be enforced in the event that **Aetna** identifies an unusual pattern of claims for **covered expenses**.

Coverage for **prescription drugs** and supplies is limited to the supply limits as described below.

Retail Pharmacy Benefits

Outpatient **prescription drugs** are covered when dispensed by a **network retail pharmacy**. Each **prescription** is limited to a maximum 30 day supply when filled at a **network retail pharmacy**. **Prescriptions** for more than a 30 day supply are not eligible for coverage when dispensed by a **network retail pharmacy**.

Mail Order Pharmacy Benefits

Outpatient **prescription drugs** are covered when dispensed by a **network mail order pharmacy**. Each **prescription** is limited to a maximum 90 day supply. **Prescriptions** for less than a 30 day supply or more than a 90 day supply are not eligible for coverage when dispensed by a **network mail order pharmacy**.

Network Benefits for Specialty Care Drugs

Specialty care drugs are covered at the network level of benefits only when dispensed through a **network retail pharmacy** or **Aetna's specialty pharmacy network pharmacy**. **Specialty care drugs** often include typically high-cost drugs that require special handling, special storage or monitoring and include but are not limited to oral, topical, inhaled and injected routes of administration. Refer to **Aetna's** website, www.aetna.com to review the list of **specialty care drugs** required to be dispensed through a **network pharmacy** or **specialty pharmacy network pharmacy**. The list may be updated from time to time.

The initial prescription for **specialty care drugs** must be filled at a **network retail pharmacy** or at **Aetna's specialty pharmacy network**.

Or, the safety and effectiveness of use for this indication has been adequately demonstrated by at least one study published in a nationally recognized peer review journal. - Sildenafil Citrate, phentolamine, apomorphine and alprostadil in oral, injectable and topical (including but not limited to gels, creams, ointments and patches) forms or any other form used internally or externally. Expenses include any prescription drug in oral or topical form that is similar or identical class, has a similar or identical mode of action or exhibits similar or identical outcomes.
- Coverage is limited to 6 pills or other form, determined cumulatively among all forms, for unit amounts as determined by **Aetna** to be similar in cost to oral forms, per 30 day supply. Mail order and 60 to 90 day supplies are not covered.

Preventive Care Drugs and Supplements

Covered expenses include preventive care drugs and supplements (including over-the-counter drugs and supplements) obtained at a **network pharmacy**. They are covered when they are:

- prescribed by a **physician**;
- obtained at a **pharmacy**; and
- submitted to a pharmacist for processing.

The preventive care drugs and supplements covered under this Plan include, but may not be limited to:

- Aspirin: Benefits are available to adults.
- Oral Fluoride Supplements: Benefits are available to children whose primary water source is deficient in fluoride.
- Folic Acid Supplements: Benefits are available to adult females planning to become pregnant or capable of pregnancy.
- Iron Supplements: Benefits are available to children without symptoms of iron deficiency. Coverage is limited to children who are at increased risk for iron deficiency anemia.
- Vitamin D Supplements: Benefits are available to adults to promote calcium absorption and bone growth in their bodies.
- Risk-Reducing Breast Cancer **Prescription Drugs**: Covered medical expenses include charges incurred for generic **prescription drugs** prescribed by a **physician** for a woman who is at increased risk for breast cancer and is at low risk for adverse medication side effects.

Coverage of preventive care drugs and supplements will be subject to any sex, age, medical condition, family history, and frequency guidelines in the recommendations of the United States Preventive Services Task Force.

Important Note:

For details on the guidelines and the current list of covered preventive care drugs and supplements, contact your **physician** or Member Services by logging onto the Aetna website www.aetna.com and Aetna Navigator, or calling the number on the back of your ID card.

Tobacco Cessation Prescription and Over-the-Counter Drugs

Covered expenses include FDA-approved **prescription drugs** and over-the-counter (OTC) drugs to help stop the use of tobacco products, when prescribed by a prescriber and the **prescription** is submitted to the pharmacist for processing.

Refer to the *Schedule of Benefits* for the cost-sharing and supply limits that apply to these benefits.

Precertification

Precertification is required for certain outpatient **prescription drugs**. **Prescribers** must contact **Aetna** to request and obtain coverage for such **prescription drugs**. The list of drugs requiring **precertification** is subject to periodic review and change by **Aetna**. For the most up to date information, call the toll-free number on your member ID card or log on to your Aetna Navigator secure member website at www.aetna.com.

Benefits will be reduced or denied if **Aetna** does not **precertify** your **prescription drug**. So ask your **prescriber** or pharmacist if your **prescription drug** needs to be **precertified**.

How to Obtain Precertification

If an outpatient **prescription drug** requires **precertification** and you use a **network pharmacy** the **prescriber** is required to obtain **precertification** for you.

When you use an **out-of-network pharmacy**, you can begin the **precertification** process by having the **prescriber** call **Aetna** at the number on your ID card.

Aetna will let your **prescriber** know if the **prescription drug** is **precertified**.

If **precertification** is denied **Aetna** will notify you how the decision can be appealed.

Medical Exceptions:

Your **prescriber** may seek a medical exception to obtain coverage for drugs for which coverage is denied through **Precertification**. You or your **prescriber** must submit such exception requests to **Aetna**. Coverage granted as a result of a medical exception shall be based on an individual, case by case **medical necessity** determination and coverage will not apply or extend to other covered persons.

Pharmacy Benefit Limitations

A **network pharmacy** may refuse to fill a prescription order or refill when in the professional judgment of the pharmacist the prescription should not be filled.

The plan will not cover expenses for any **prescription drug** for which the actual charge to you is less than the required **copayment** or **deductible**, or for any **prescription drug** for which no charge is made to you.

You will be charged the **out-of-network prescription drug cost sharing** for **prescription drugs** recently approved by the FDA, but which have not yet been reviewed by the **Aetna Health Pharmacy Management Department** and **Therapeutics Committee**.

Aetna retains the right to review all requests for reimbursement and in its sole discretion make reimbursement determinations subject to the Complaint and Appeals section(s) of the Booklet.

Aetna reserves the right to include only one manufacturer's product on the **preferred drug list** when the same or similar drug (that, a drug with the same active ingredient), supply or equipment is made by two or more different manufacturers.

Aetna reserves the right to include only one dosage or form of a drug on the **preferred drug list** when the same drug (that is, a drug with the same active ingredient) is available in different dosages or forms from the same or different manufacturers. The product in the dosage or form that is listed on our **preferred drug list** will be covered at the applicable **copayment** or **coinsurance**.

The number of **copayments/deductibles** you are responsible for per vial of Depo-Provera, an injectable contraceptive, or similar type contraceptive dispensed for more than a 30 day supply, will be based on the 90 day supply level. Coverage is limited to a maximum of 5 vials per plan year.

The plan will not pay charges for any **prescription drug** dispensed by a **mail order pharmacy** for the treatment of erectile dysfunction, impotence or sexual dysfunction or inadequacy.

Some **prescription drugs** are subject to quantity limits. These quantity limits help your **prescriber** and pharmacist check that your **prescription drug** is used correctly and safely. **Aetna** relies on medical guidelines, FDA-approved recommendations from drug makers and other criteria developed by **Aetna** to set these quantity limits. The quantity limit may restrict either the amount dispensed per **prescription** order or refill.

Depending on the form and packing of the product, some **prescription drugs** are limited to a single commercially prepackaged item excluding insulin, diabetic supplies, test strips dispensed per **prescription** order or refill.

Depending on the form and packing of the product, some **prescription drugs** are limited to 100 units excluding insulin dispensed per **prescription** order or refill.

Any **prescription drug** that has duration of action extending beyond one (1) month shall require the number of **copayments** per prescribing unit that is equal to the anticipated duration of the medication. For example, a single injection of a drug that is effective for three (3) months would require three (3) **copayments**.

Specialty care prescription drugs may have limited access or distribution and are subject to supply limits.

Plan approved blood glucose meters, asthma holding chambers and peak flow meters are **eligible health services**, but are limited to one (1) **prescription** order per **contract year**.

When Coverage Ends

Coverage under your plan can end for a variety of reasons. In this section, you will find details on how and why coverage ends, and how you may still be able to continue coverage.

When Coverage Ends for Employees

Your **Aetna** health benefits coverage will end if:

- The **Aetna** health benefits plan is discontinued;
- You voluntarily stop your coverage;
- You are no longer eligible for coverage;
- You do not make any required contributions;
- You become covered under another plan offered by your employer;
- You have exhausted your overall maximum lifetime benefit under your health plan, if your plan contains such a maximum benefit; or
- Your employer notifies **Aetna** that your employment is ended.

It is your employer's responsibility to let **Aetna** know when your employment ends.

Your Proof of Prior Medical Coverage

Under the Health Insurance Portability and Accountability Act of 1996, your employer is required to give you a certificate of **creditable coverage** when your employment ends. This certificate proves that you were covered under this plan when you were employed. Ask your employer about the certificate of **creditable coverage**.

When Coverage Ends for Dependents

Coverage for your dependents will end if:

- You are no longer eligible for dependents' coverage;
- You do not make your contribution for the cost of dependents' coverage;
- Your own coverage ends for any of the reasons listed under *When Coverage Ends* for Employees. (This does not apply if you use up your overall lifetime maximum, if included);
- Your dependent is no longer eligible for coverage. Coverage ends at the end of the pay period when your dependent does not meet the plan's definition of a dependent; or
- As permitted under applicable federal and state law, your dependent becomes eligible for like benefits under this or any other group plan offered by your employer.

Coverage for dependents may continue for a period after your death. Coverage for handicapped dependents may continue after they reach any limiting age. See *Continuation of Coverage* for more information.

Continuation of Coverage

Continuing Health Care Benefits

Handicapped Dependent Children

Health Expense Coverage for your fully handicapped dependent child may be continued past the maximum age for a dependent child. However, such coverage may not be continued if the child has been issued an individual medical conversion policy.

Your child is fully handicapped if:

- he or she is not able to earn his or her own living because of mental retardation or a physical handicap which started prior to the date he or she reaches the maximum age for dependent children under your plan; and
- he or she depends chiefly on you for support and maintenance.

Proof that your child is fully handicapped must be submitted to **Aetna** no later than 31 days after the date your child reaches the maximum age under your plan.

Coverage will cease on the first to occur of:

- Cessation of the handicap.
- Failure to give proof that the handicap continues.
- Failure to have any required exam.
- Termination of Dependent Coverage as to your child for any reason other than reaching the maximum age under your plan.

Aetna will have the right to require proof of the continuation of the handicap. **Aetna** also has the right to examine your child as often as needed while the handicap continues at its own expense. An exam will not be required more often than once each year after 2 years from the date your child reached the maximum age under your plan.

Coordination of Benefits - What Happens When There is More Than One Health Plan

Other Plans Not Including Medicare

Other Plans Not Including Medicare

Some persons have health coverage in addition to coverage under this Plan. Under these circumstances, it is not intended that a plan provide duplicate benefits. For this reason, many plans, including this Plan, have a "coordination of benefits" provision.

Under the coordination of benefits provision of this Plan, the amount normally reimbursed under this Plan is reduced to take into account payments made by "other plans".

When this and another health expenses coverage plan applies, the order in which the various plans will pay benefits must be figured. This will be done as follows using the first rule that applies:

1. A plan with no rules for coordination with other benefits will be deemed to pay its benefits before a plan which contains such rules.
2. A plan which covers a person other than as a dependent will be deemed to pay its benefits before a plan which covers the person as a dependent; except that if the person is also a Medicare beneficiary and as a result of the Social Security Act of 1965, as amended, Medicare is:
 - secondary to the plan covering the person as a dependent; and
 - primary to the plan covering the person as other than a dependent;

The benefits of a plan which covers the person as a dependent will be determined before the benefits of a plan which:

- covers the person as other than a dependent; and
 - is secondary to Medicare.
3. Except in the case of a dependent child whose parents are divorced or separated; the plan which covers the person as a dependent of a person whose birthday comes first in a calendar year will be primary to the plan which covers the person as a dependent of a person whose birthday comes later in that calendar year. If both parents have the same birthday, the benefits of a plan which covered one parent longer are determined before those of a plan which covered the other parent for a shorter period of time.

If the other plan does not have the rule described in this provision (3) but instead has a rule based on the gender of the parent and if, as a result, the plans do not agree on the order of benefits, the rule in the other plan will determine the order of benefits.

4. In the case of a dependent child whose parents are divorced or separated:
 - a. If there is a court decree which states that the parents shall share joint custody of a dependent child, without stating that one of the parents is responsible for the health care expenses of the child, the order of benefit determination rules specified in (3) above will apply.
 - b. If there is a court decree which makes one parent financially responsible for the medical, dental or other health care expenses of such child, the benefits of a plan which covers the child as a dependent of such parent will be determined before the benefits of any other plan which covers the child as a dependent child.

- c. If there is not such a court decree:
- If the parent with custody of the child has not remarried, the benefits of a plan which covers the child as a dependent of the parent with custody of the child will be determined before the benefits of a plan which covers the child as a dependent of the parent without custody.
 - If the parent with custody of the child has remarried, the benefits of a plan which covers the child as a dependent of the parent with custody shall be determined before the benefits of a plan which covers that child as a dependent of the stepparent. The benefits of a plan which covers that child as a dependent of the stepparent will be determined before the benefits of a plan which covers that child as a dependent of the parent without custody.
5. If 1, 2, 3 and 4 above do not establish an order of payment, the plan under which the person has been covered for the longest will be deemed to pay its benefits first; except that:

The benefits of a plan which covers the person on whose expenses claim is based as a:

- laid-off or retired employee; or
- the dependent of such person.

Shall be determined after the benefits of any other plan which covers such person as:

- an employee who is not laid-off or retired; or
- dependent of such person.

If the other plan does not have a provision:

- regarding laid-off or retired employees; and
- as a result, each plan determines its benefits after the other;

then the above paragraph will not apply.

The benefits of a plan which covers the person on whose expenses claim is based under a right of continuation pursuant to federal or state law shall be determined after the benefits of any other plan which covers the person other than under such right of continuation.

If the other plan does not have a provision:

- regarding right of continuation pursuant to federal or state law; and
- as a result, each plan determines its benefits after the other;

then the above paragraph will not apply.

The general rule is that the benefits otherwise payable under this Plan for all expenses processed during a single "processed claim transaction" will be reduced by the total benefits payable under all "other plans" for the same expenses. An exception to this rule is that when the coordination of benefits rules of this Plan and any "other plan" both agree that this Plan is primary, the benefits of the other plan will be ignored in applying this rule. As used in this paragraph, a "processed claim transaction" is a group of actual or prospective charges submitted to Aetna for consideration, that have been grouped together for administrative purposes as a "claim transaction" in accordance with Aetna's then current rules. If the contract includes both medical and dental coverage, those coverages will be considered separate plans. The Medical/Pharmacy coverage will be coordinated with other Medical/Pharmacy plans. In turn, the dental coverage will be coordinated with other dental plans.

In order to administer this provision, Aetna can release or obtain data. Aetna can also make or recover payments.

Other Plan

This means any other plan of health expense coverage under:

- Group insurance.
- Any other type of coverage for persons in a group. This includes plans that are insured and those that are not.
- No-fault auto insurance required by law and provided on other than a group basis. Only the level of benefits required by the law will be counted.

When You Have Medicare Coverage

Effect of Medicare

Effect of Medicare

Health Expense Coverage under this Plan will be changed for any person while eligible for Medicare.

A person is "eligible for Medicare" if he or she:

- Is covered under it;
- Is not covered under it because of:
 - Having refused it;
 - Having dropped it;
 - Having failed to make proper request for it.

These are the changes:

- The total amount of "regular benefits" under all Health Expense Benefits will be figured. (This will be the amount that would be payable if there were no Medicare benefits.) If this is more than the amount Medicare provides for the expenses involved, this Plan will pay the difference. Otherwise, this Plan will pay no benefits. This will be done for each claim.
- Charges used to satisfy a person's Part B deductible under Medicare will be applied under this Plan in the order received by **Aetna**. Two or more charges received at the same time will be applied starting with the largest first.
- Medicare benefits will be taken into account for any person while he or she is eligible for Medicare. This will be done whether or not he or she is entitled to Medicare benefits.
- Any rule for coordinating "other plan" benefits with those under this Plan will be applied after this Plan's benefits have been figured under the above rules. Any benefits under Medicare will not be deemed to be an "Allowable Expense."

Coverage will not be changed at any time when your Employer's compliance with federal law requires this Plan's benefits for a person to be figured before benefits are figured under Medicare.

General Provisions

Type of Coverage

Coverage under the plan is **non-occupational**. Only **non-occupational** accidental **injuries** and **non-occupational illnesses** are covered. The plan covers charges made for services and supplies only while the person is covered under the plan.

Physical Examinations

Aetna will have the right and opportunity to examine and evaluate any person who is the basis of any claim at all reasonable times while a claim is pending or under review. This will be done at no cost to you.

Legal Action

No legal action can be brought to recover payment under any benefit after 3 years from the deadline for filing claims.

Additional Provisions

The following additional provisions apply to your coverage:

- This Booklet applies to coverage only, and does not restrict your ability to receive health care services that are not, or might not be, covered.
- You cannot receive multiple coverage under the plan because you are connected with more than one employer.
- In the event of a misstatement of any fact affecting your coverage under the plan, the true facts will be used to determine the coverage in force.
- This document describes the main features of the plan. If you have any questions about the terms of the plan or about the proper payment of benefits, contact your employer or **Aetna**.
- The plan may be changed or discontinued with respect to your coverage.

Assignments

Coverage and your rights under this plan may not be assigned. A direction to pay a provider is not an assignment of any right under this plan or of any legal or equitable right to institute any court proceeding.

Misstatements

Aetna's failure to implement or insist upon compliance with any provision of this plan at any given time or times, shall not constitute a waiver of **Aetna's** right to implement or insist upon compliance with that provision at any other time or times.

Fraudulent misstatements in connection with any claim or application for coverage may result in termination of all coverage under this plan.

Rescission of Coverage

Aetna may rescind your coverage if you, or the person seeking coverage on your behalf:

- Performs an act, practice or omission that constitutes fraud; or

- Makes an intentional misrepresentation of material fact.

You will be given 30 days advance written notice of any rescission of coverage.

As to medical and prescription drug coverage only, you have the right to an internal Appeal with **Aetna** and/or the right to a third party review conducted by an independent External Review Organization if your coverage under this Booklet is rescinded retroactive to its Effective Date.

Subrogation and Right of Recovery Provision

The provisions of this section apply to all current or former plan participants and also to the parents, guardian, or other representative of a dependent child who incurs claims and is or has been covered by the plan. The plan's right to recover (whether by subrogation or reimbursement) shall apply to the personal representative of your estate, your decedents, minors, and incompetent or disabled persons. "You" or "your" includes anyone on whose behalf the plan pays benefits. No adult covered person hereunder may assign any rights that it may have to recover medical expenses from any tortfeasor or other person or entity to any minor child or children of said adult covered person without the prior express written consent of the plan.

The plan's right of subrogation or reimbursement, as set forth below, extend to all insurance coverage available to you due to an **injury, illness** or condition for which the plan has paid medical claims (including, but not limited to, liability coverage, uninsured motorist coverage, underinsured motorist coverage, personal umbrella coverage, medical payments coverage, workers' compensation coverage, no-fault automobile coverage or any first party insurance coverage).

Your health plan is always secondary to automobile no-fault coverage, personal injury protection coverage, or medical payments coverage.

Subrogation

The right of subrogation means the plan is entitled to pursue any claims that you may have in order to recover the benefits paid by the plan. Immediately upon paying or providing any benefit under the plan, the plan shall be subrogated to (stand in the place of) all rights of recovery with respect to any claim or potential claim against any party, due to an **injury, illness** or condition to the full extent of benefits provided or to be provided by the plan. The plan may assert a claim or file suit in your name and take appropriate action to assert its subrogation claim, with or without your consent. The plan is not required to pay you part of any recovery it may obtain, even if it files suit in your name.

Reimbursement

If you receive any payment as a result of an **injury, illness** or condition, you agree to reimburse the plan first from such payment for all amounts the plan has paid and will pay as a result of that **injury, illness** or condition, up to and including the full amount of your recovery.

Constructive Trust

By accepting benefits (whether the payment of such benefits is made to you or made on your behalf to any provider) you agree that if you receive any payment as a result of an **injury, illness** or condition, you will serve as a constructive trustee over those funds. Failure to hold such funds in trust will be deemed a breach of your fiduciary duty to the plan.

Lien Rights

Further, the plan will automatically have a lien to the extent of benefits paid by the plan for the treatment of the **illness, injury** or condition upon any recovery whether by settlement, judgment, or otherwise, related to treatment for any **illness, injury** or condition for which the plan paid benefits. The lien may be enforced against any party who possesses funds or proceeds representing the amount of benefits paid by the plan including, but not limited to, you, your representative or agent, and/or any other source possessing funds representing the amount of benefits paid by the plan.

Assignment

In order to secure the plan's recovery rights, you agree to assign to the plan any benefits or claims or rights of recovery you have under any automobile policy or other coverage, to the full extent of the plan's subrogation and reimbursement claims. This assignment allows the plan to pursue any claim you may have, whether or not you choose to pursue the claim.

First-Priority Claim

By accepting benefits from the plan, you acknowledge that the plan's recovery rights are a first priority claim and are to be repaid to the plan before you receive any recovery for your damages. The plan shall be entitled to full reimbursement on a first-dollar basis from any payments, even if such payment to the plan will result in a recovery which is insufficient to make you whole or to compensate you in part or in whole for the damages sustained. The plan is not required to participate in or pay your court costs or attorney fees to any attorney you hire to pursue your damage claim.

Applicability to All Settlements and Judgments

The terms of this entire subrogation and right of recovery provision shall apply and the plan is entitled to full recovery regardless of whether any liability for payment is admitted and regardless of whether the settlement or judgment identifies the medical benefits the plan provided or purports to allocate any portion of such settlement or judgment to payment of expenses other than medical expenses. The plan is entitled to recover from *any and all* settlements or judgments, even those designated as pain and suffering, non-economic damages, and/or general damages only. The plan's claim will not be reduced due to your own negligence.

Cooperation

You agree to cooperate fully with the plan's efforts to recover benefits paid. It is your duty to notify the plan within 30 days of the date when any notice is given to any party, including an insurance company or attorney, of your intention to pursue or investigate a claim to recover damages or obtain compensation due to your **injury, illness** or condition. You and your agents shall provide all information requested by the plan, the Claims Administrator or its representative including, but not limited to, completing and submitting any applications or other forms or statements as the plan may reasonably request and all documents related to or filed in person injury litigation. Failure to provide this information, failure to assist the plan in pursuit of its subrogation rights, or failure to reimburse the plan from any settlement or recovery you receive may result in the termination of your health benefits or the institution of court proceedings against you.

You shall do nothing to prejudice the plan's subrogation or recovery interest or to prejudice the plan's ability to enforce the terms of this plan provision. This includes, but is not limited to, refraining from making any settlement or recovery that attempts to reduce or exclude the full cost of all benefits provided by the plan. If you fail to cooperate with the plan in its efforts to recover such amounts or do anything to hinder or prevent such a recovery, you will cease to be entitled to any further plan benefits. The plan will also have the right to withhold or offset future benefit payments up to the amount of any settlement, judgment, or recovery you obtain, regardless of whether the settlement, judgment or recovery is designated to cover future medical benefits or expenses.

You acknowledge that the plan has the right to conduct an investigation regarding the **injury, illness** or condition to identify potential sources of recovery. The plan reserves the right to notify all parties and his/ her agents of its lien. Agents include, but are not limited to, insurance companies and attorneys.

You acknowledge that the plan has notified you that it has the right pursuant to the Health Insurance Portability & Accountability Act ("HIPAA"), 42 U.S.C. Section 1301 *et seq*, to share your personal health information in exercising its subrogation and reimbursement rights.

Interpretation

In the event that any claim is made that any part of this subrogation and right of recovery provision is ambiguous or questions arise concerning the meaning or intent of any of its terms, the Claims Administrator for the plan shall have the sole authority and discretion to resolve all disputes regarding the interpretation of this provision.

Jurisdiction

By accepting benefits from the plan, you agree that any court proceeding with respect to this provision may be brought in any court of competent jurisdiction as the plan may elect. By accepting such benefits, you hereby submit to each such jurisdiction, waiving whatever rights may correspond by reason of your present or future domicile. By accepting such benefits, you also agree to pay all attorneys' fees the plan incurs in successful attempts to recover amounts the plan is entitled to under this section.

Workers' Compensation

If benefits are paid under the **Aetna** medical benefits plan and **Aetna** determines you received Workers' Compensation benefits for the same incident, **Aetna** has the right to recover as described under the *Subrogation and Right of Reimbursement* provision. **Aetna**, on behalf of the Plan, will exercise its right to recover against you.

The Recovery Rights will be applied even though:

- The Workers' Compensation benefits are in dispute or are made by means of settlement or compromise;
- No final determination is made that bodily **injury** or **illness** was sustained in the course of or resulted from your employment;
- The amount of Workers' Compensation due to medical or health care is not agreed upon or defined by you or the Workers' Compensation carrier; or
- The medical or health care benefits are specifically excluded from the Workers' Compensation settlement or compromise.

You hereby agree that, in consideration for the coverage provided by this **Aetna** medical benefits plan, you will notify **Aetna** of any Workers' Compensation claim you make, and that you agree to reimburse **Aetna**, on behalf of the Plan, as described above.

If benefits are paid under this **Aetna** medical benefits plan, and you or your covered dependent recover from a responsible party by settlement, judgment or otherwise, **Aetna**, on behalf of the Plan, has a right to recover from you or your covered dependent an amount equal to the amount the Plan paid.

Recovery of Overpayments

Health Coverage

If a benefit payment is made by the Plan, to or on your behalf, which exceeds the benefit amount that you are entitled to receive, the Plan has the right:

- To require the return of the overpayment; or
- To reduce by the amount of the overpayment, any future benefit payment made to or on behalf of that person or another person in his or her family.

Such right does not affect any other right of recovery the Plan may have with respect to such overpayment.

Reporting of Claims

A claim must be submitted to **Aetna** in writing. It must give proof of the nature and extent of the loss. Your employer has claim forms.

All claims should be reported promptly. The deadline for filing a claim is 90 days after the date of the loss.

If, through no fault of your own, you are not able to meet the deadline for filing claim, your claim will still be accepted if you file as soon as possible. Unless you are legally incapacitated, late claims for health benefits will not be covered if they are filed more than 2 years after the deadline.

Payment of Benefits

Benefits will be paid as soon as the necessary proof to support the claim is received. Written proof must be provided for all benefits.

All covered health benefits are payable to you. However, **Aetna** has the right to pay any health benefits to the service provider. This will be done unless you have told **Aetna** otherwise by the time you file the claim.

The Plan may pay up to \$1,000 of any other benefit to any of your relatives whom it believes fairly entitled to it. This can be done if the benefit is payable to you and you are a minor or not able to give a valid release.

When a **PCP** provides care for you or a covered dependent, or care is provided by a **network provider (network services or supplies)**, the **network provider** will take care of filing claims.

Records of Expenses

Keep complete records of the expenses of each person. They will be required when a claim is made.

Very important are:

- Names of **physicians, dentists** and others who furnish services.
- Dates expenses are incurred.
- Copies of all bills and receipts.

Contacting Aetna

If you have questions, comments or concerns about your benefits or coverage, or if you are required to submit information to **Aetna**, you may contact **Aetna's** Home Office at:

Aetna Life Insurance Company
151 Farmington Avenue
Hartford, CT 06156

You may also use **Aetna's** toll free Member Services phone number on your ID card or visit **Aetna's** web site at www.aetna.com.

Effect of Benefits Under Other Plans

Effect of A Health Maintenance Organization Plan (HMO Plan) On Coverage

If you are in an eligible class and have chosen coverage under an HMO Plan offered by your employer, you will be excluded from medical expense coverage (except Vision Care, if any,) on the date of your coverage under such HMO Plan.

If you are in an eligible class and are covered under an HMO Plan, you can choose to change to coverage for yourself and your covered dependents under this plan. If you:

- Live in an HMO Plan enrollment area and choose to change coverage during an open enrollment period, coverage will take effect on the group contract anniversary date after the open enrollment period. There will be no rules for waiting periods or preexisting conditions.
- Live in an HMO Plan enrollment area and choose to change coverage when there is not an open enrollment period, coverage will take effect only if and when **Aetna** gives its written consent.
- Move from an HMO Plan enrollment area or if the HMO discontinues and you choose to change coverage within 31 days of the move or the discontinuance, coverage will take effect on the date you elect such coverage. There will be no restrictions for waiting periods or preexisting conditions. If you choose to change coverage after 31 days, coverage will take effect only if and when **Aetna** gives its written consent.

No benefits will be paid for any charges for services rendered or supplies furnished under an HMO Plan.

Discount Programs

Discount Arrangements

From time to time, we may offer, provide, or arrange for discount arrangements or special rates from certain service providers such as pharmacies, optometrists, **dentists**, alternative medicine, wellness and healthy living providers to you under this plan. Some of these arrangements may be made available through third parties who may make payments to **Aetna** in exchange for making these services available.

The third party service providers are independent contractors and are solely responsible to you for the provision of any such goods and/or services. We reserve the right to modify or discontinue such arrangements at any time. These discount arrangements are not insurance. There are no benefits payable to you nor do we compensate providers for services they may render through discount arrangements.

Incentives

In order to encourage you to access certain medical services when deemed appropriate by you in consultation with your **physician** or other service providers, we may, from time to time, offer to waive or reduce a member's **copayment**, **payment percentage**, and/or a **deductible** otherwise required under the plan or offer coupons or other financial incentives. We have the right to determine the amount and duration of any waiver, reduction, coupon, or financial incentive and to limit the covered persons to whom these arrangements are available.

Claims, Appeals and External Review

Filing Health Claims under the Plan

Under the Plan, you may file claims for Plan benefits and appeal adverse claim determinations. Any reference to "you" in this Claims, Appeals and External Review section includes you and your Authorized Representative. An "Authorized Representative" is a person you authorize, in writing, to act on your behalf. The Plan will also recognize a court order giving a person authority to submit claims on your behalf. In the case of an urgent care claim, a health care professional with knowledge of your condition may always act as your Authorized Representative.

If your claim is denied in whole or in part, you will receive a written notice of the denial from Aetna Life Insurance Company (Aetna). The notice will explain the reason for the denial and the appeal procedures available under the Plan.

Urgent Care Claims

An "Urgent Care Claim" is any claim for medical care or treatment for which the application of the time periods for making non-urgent care determinations could seriously jeopardize your life or health or your ability to regain maximum function, or, in the opinion of a physician with knowledge of your medical condition, would subject you to severe pain that cannot be adequately managed without the care or treatment that is the subject of the claim.

If the Plan requires advance approval of a service, supply or procedure before a benefit will be payable, and if Aetna or your physician determines that it is an Urgent Care Claim, you will be notified of the decision, whether adverse or not, as soon as possible but not later than 72 hours after the claim is received.

If there is not sufficient information to decide the claim, you will be notified of the information necessary to complete the claim as soon as possible, but not later than 24 hours after receipt of the claim. You will be given a reasonable additional amount of time, but not less than 48 hours, to provide the information, and you will be notified of the decision not later than 48 hours after the end of that additional time period (or after receipt of the information, if earlier).

Other Claims (Pre-Service and Post-Service)

If the Plan requires you to obtain advance approval of a non-urgent service, supply or procedure before a benefit will be payable, a request for advance approval is considered a pre-service claim. You will be notified of the decision not later than 15 days after receipt of the pre-service claim.

For other claims (post-service claims), you will be notified of the decision not later than 30 days after receipt of the claim.

For either a pre-service or a post-service claim, these time periods may be extended up to an additional 15 days due to circumstances outside Aetna's control. In that case, you will be notified of the extension before the end of the initial 15 or 30-day period. For example, they may be extended because you have not submitted sufficient information, in which case you will be notified of the specific information necessary and given an additional period of at least 45 days after receiving the notice to furnish that information. You will be notified of Aetna's claim decision no later than 15 days after the end of that additional period (or after receipt of the information, if earlier).

For pre-service claims which name a specific claimant, medical condition, and service or supply for which approval is requested, and which are submitted to an Aetna representative responsible for handling benefit matters, but which otherwise fail to follow the Plan's procedures for filing pre-service claims, you will be notified of the failure within 5 days (within 24 hours in the case of an urgent care claim) and of the proper procedures to be followed. The notice may be oral unless you request written notification.

Ongoing Course of Treatment

If you have received pre-authorization for an ongoing course of treatment, you will be notified in advance if the previously authorized course of treatment is intended to be terminated or reduced so that you will have an opportunity to appeal any decision to Aetna and receive a decision on that appeal before the termination or reduction takes effect. If the course of treatment involves urgent care, and you request an extension of the course of treatment at least 24 hours before its expiration, you will be notified of the decision within 24 hours after receipt of the request.

Health Claims – Standard Appeals

As an individual enrolled in the Plan, you have the right to file an appeal from an Adverse Benefit Determination relating to service(s) you have received or could have received from your health care provider under the Plan.

An “Adverse Benefit Determination” is defined as a denial, reduction, termination of, or failure to, provide or make payment (in whole or in part) for a service, supply or benefit. Such Adverse Benefit Determination may be based on:

- Your eligibility for coverage, including a retrospective termination of coverage (whether or not there is an adverse effect on any particular benefit);
- Coverage determinations, including plan limitations or exclusions;
- The results of any Utilization Review activities;
- A decision that the service or supply is **experimental or investigational**; or
- A decision that the service or supply is not **medically necessary**.

A “Final Internal Adverse Benefit Determination” is defined as an Adverse Benefit Determination that has been upheld by the appropriate named fiduciary (Aetna) at the completion of the internal appeals process, or an Adverse Benefit Determination for which the internal appeals process has been exhausted.

Exhaustion of Internal Appeals Process

Generally, you are required to complete all appeal processes of the Plan before being able to obtain External Review or bring an action in litigation. However, if Aetna, or the Plan or its designee, does not strictly adhere to all claim determination and appeal requirements under applicable federal law, you are considered to have exhausted the Plan’s appeal requirements (“Deemed Exhaustion”) and may proceed with External Review or may pursue any available remedies under §502(a) of ERISA or under state law, as applicable.

There is an exception to the Deemed Exhaustion rule. Your claim or internal appeal may not go straight to External Review if:

- A rule violation was minor and is not likely to influence a decision or harm you; and
- It was for a good cause or was beyond Aetna’s or the Plan’s or its designee’s control; and
- It was part of an ongoing good faith exchange between you and Aetna or the Plan.

This exception is not available if the rule violation is part of a pattern or practice of violations by Aetna or the Plan.

You may request a written explanation of the violation from the Plan or Aetna, and the Plan or Aetna must provide such explanation within 10 days, including a specific description of its bases, if any, for asserting that the violation should not cause the internal claims and appeals process to be deemed exhausted. If an External Reviewer or a court rejects your request for immediate review on the basis that the plan met the standards for the exception, you have the right to resubmit and pursue the internal appeal of the claim. In such a case, within a reasonable time after the External Reviewer or court rejects the claim for immediate review (not to exceed 10 days), you will receive notice of the opportunity to resubmit and pursue the internal appeal of the claim. Time periods for re-filing the claim shall begin to run upon your receipt of such notice.

Full and Fair Review of Claim Determinations and Appeals

Aetna will provide you, free of charge, with any new or additional evidence considered, relied upon, or generated by Aetna (or at the direction of Aetna), or any new or additional rationale as soon as possible and sufficiently in advance of the date on which the notice of Final Internal Adverse Benefit Determination is provided, to give you a reasonable opportunity to respond prior to that date.

You may file an appeal in writing to Aetna at the address provided in this booklet, or, if your appeal is of an urgent nature, you may call Aetna’s Member Services Unit at the toll-free phone number on your ID card. Your request should include the group name (that is, your employer), your name, member ID, or other identifying information shown on the front of the Explanation of Benefits form, and any other comments, documents, records and other information you would like to have considered, whether or not submitted in connection with the initial claim.

An Aetna representative may call you or your health care provider to obtain medical records and/or other pertinent information in order to respond to your appeal.

You will have 180 days following receipt of an Adverse Benefit Determination to appeal the determination to Aetna. You will be notified of the decision not later than 15 days (for pre-service claims) or 30 days (for post-service claims) after the appeal is received. You may submit written comments, documents, records and other information relating to

your claim, whether or not the comments, documents, records or other information were submitted in connection with the initial claim. A copy of the specific rule, guideline or protocol relied upon in the Adverse Benefit Determination will be provided free of charge upon request by you or your Authorized Representative. You may also request that Aetna provide you, free of charge, copies of all documents, records and other information relevant to the claim.

If your claim involves urgent care, an expedited appeal may be initiated by a telephone call to the phone number included in your denial, or to Aetna's Member Services. Aetna's Member Services telephone number is on your Identification Card. You or your Authorized Representative may appeal urgent care claim denials either orally or in writing. All necessary information, including the appeal decision, will be communicated between you or your Authorized Representative and Aetna by telephone, facsimile, or other similar method. You will be notified of the decision not later than 36 hours after the appeal is received.

If you are dissatisfied with the appeal decision on an urgent care claim, you may file a second level appeal with Aetna. You will be notified of the decision not later than 36 hours after the appeal is received.

If you are dissatisfied with a pre-service or post-service appeal decision, you may file a second level appeal with Aetna within 60 days of receipt of the level one appeal decision. Aetna will notify you of the decision not later than 15 days (for pre-service claims) or 30 days (for post-service claims) after the appeal is received.

If you do not agree with the Final Internal Adverse Benefit Determination on review, you have the right to bring a civil action under Section 502(a) of ERISA, if applicable.

Health Claims – Voluntary Appeals

External Review

“External Review” is a review of an eligible Adverse Benefit Determination or a Final Internal Adverse Benefit Determination by an Independent Review Organization/External Review Organization (ERO) or by the State Insurance Commissioner, if applicable.

A “Final External Review Decision” is a determination by an ERO at the conclusion of an External Review.

You must complete all of the levels of standard appeal described above before you can request External Review, other than in a case of Deemed Exhaustion. Subject to verification procedures that the Plan may establish, your Authorized Representative may act on your behalf in filing and pursuing this voluntary appeal.

You may file a voluntary appeal for External Review of any Adverse Benefit Determination or any Final Internal Adverse Benefit Determination that qualifies as set forth below.

The notice of Adverse Benefit Determination or Final Internal Adverse Benefit Determination that you receive from Aetna will describe the process to follow if you wish to pursue an External Review, and will include a copy of the *Request for External Review Form*.

You must submit the *Request for External Review Form* to Aetna within 123 calendar days of the date you received the Adverse Benefit Determination or Final Internal Adverse Benefit Determination notice. If the last filing date would fall on a Saturday, Sunday or Federal holiday, the last filing date is extended to the next day that is not a Saturday, Sunday or Federal holiday. You also must include a copy of the notice and all other pertinent information that supports your request.

If you file a voluntary appeal, any applicable statute of limitations will be tolled while the appeal is pending. The filing of a claim will have no effect on your rights to any other benefits under the Plan. However, the appeal is voluntary and you are not required to undertake it before pursuing legal action.

If you choose not to file for voluntary review, the Plan will not assert that you have failed to exhaust your administrative remedies because of that choice.

Request for External Review

The External Review process under this Plan gives you the opportunity to receive review of an Adverse Benefit Determination (including a Final Internal Adverse Benefit Determination) conducted pursuant to applicable law. Your request will be eligible for External Review if the claim decision involves medical judgment and the following are satisfied:

- Aetna, or the Plan or its designee, does not strictly adhere to all claim determination and appeal requirements under federal law (except for minor violations); or
- the standard levels of appeal have been exhausted; or
- the appeal relates to a rescission, defined as a cancellation or discontinuance of coverage which has retroactive effect.

An Adverse Benefit Determination based upon your eligibility is not eligible for External Review.

If upon the final standard level of appeal, the coverage denial is upheld and it is determined that you are eligible for External Review, you will be informed in writing of the steps necessary to request an External Review.

An independent review organization refers the case for review by a neutral, independent clinical reviewer with appropriate expertise in the area in question. The decision of the independent external expert reviewer is binding on you, Aetna and the Plan unless otherwise allowed by law.

Preliminary Review

Within 5 business days following the date of receipt of the request, Aetna must provide a preliminary review determining: you were covered under the Plan at the time the service was requested or provided, the determination does not relate to eligibility, you have exhausted the internal appeals process (unless Deemed Exhaustion applies), and you have provided all paperwork necessary to complete the External Review and you are eligible for external review.

Within one business day after completion of the preliminary review, Aetna must issue to you a notification in writing. If the request is complete but not eligible for External Review, such notification will include the reasons for its ineligibility and contact information for the Employee Benefits Security Administration (toll-free number 866-444-EBSA (3272)). If the request is not complete, such notification will describe the information or materials needed to make the request complete and Aetna must allow you to perfect the request for External Review within the 123 calendar days filing period or within the 48 hour period following the receipt of the notification, whichever is later.

Referral to ERO

Aetna will assign an ERO accredited as required under federal law, to conduct the External Review. The assigned ERO will timely notify you in writing of the request's eligibility and acceptance for External Review, and will provide an opportunity for you to submit in writing within 10 business days following the date of receipt, additional information that the ERO must consider when conducting the External Review. Within one (1) business day after making the decision, the ERO must notify you, Aetna and the Plan.

The ERO will review all of the information and documents timely received. In reaching a decision, the assigned ERO will review the claim and not be bound by any decisions or conclusions reached during the Plan's internal claims and appeals process. In addition to the documents and information provided, the assigned ERO, to the extent the information or documents are available and the ERO considers them appropriate, will consider the following in reaching a decision:

- (i) Your medical records;
- (ii) The attending health care professional's recommendation;
- (iii) Reports from appropriate health care professionals and other documents submitted by the Plan or issuer, you, or your treating provider;
- (iv) The terms of your Plan to ensure that the ERO's decision is not contrary to the terms of the Plan, unless the terms are inconsistent with applicable law;
- (v) Appropriate practice guidelines, which must include applicable evidence-based standards and may include any other practice guidelines developed by the Federal government, national or professional medical societies, boards,

and associations;

- (vi) Any applicable clinical review criteria developed and used by Aetna, unless the criteria are inconsistent with the terms of the Plan or with applicable law; and
- (vii) The opinion of the ERO's clinical reviewer or reviewers after considering the information described in this notice to the extent the information or documents are available and the clinical reviewer or reviewers consider appropriate.

The assigned ERO must provide written notice of the Final External Review Decision within 45 days after the ERO receives the request for the External Review. The ERO must deliver the notice of Final External Review Decision to you, Aetna and the Plan.

After a Final External Review Decision, the ERO must maintain records of all claims and notices associated with the External Review process for six years. An ERO must make such records available for examination by the claimant, Plan, or State or Federal oversight agency upon request, except where such disclosure would violate State or Federal privacy laws.

Upon receipt of a notice of a Final External Review Decision reversing the Adverse Benefit Determination or Final Internal Adverse Benefit Determination, the Plan immediately must provide coverage or payment (including immediately authorizing or immediately paying benefits) for the claim.

Expedited External Review

The Plan must allow you to request an expedited External Review at the time you receive:

- (a) An Adverse Benefit Determination if the Adverse Benefit Determination involves a medical condition for which the timeframe for completion of an expedited internal appeal would seriously jeopardize your life or health or would jeopardize your ability to regain maximum function and you have filed a request for an expedited internal appeal; or
- (b) A Final Internal Adverse Benefit Determination, if you have a medical condition where the timeframe for completion of a standard External Review would seriously jeopardize your life or health or would jeopardize your ability to regain maximum function, or if the Final Internal Adverse Benefit Determination concerns an admission, availability of care, continued stay, or health care item or service for which you received emergency services, but have not been discharged from a facility.

Immediately upon receipt of the request for expedited External Review, Aetna will determine whether the request meets the reviewability requirements set forth above for standard External Review. Aetna must immediately send you a notice of its eligibility determination.

Referral of Expedited Review to ERO

Upon a determination that a request is eligible for External Review following preliminary review, Aetna will assign an ERO. The ERO shall render a decision as expeditiously as your medical condition or circumstances require, but in no event more than 72 hours after the ERO receives the request for an expedited External Review. If the notice is not in writing, within 48 hours after the date of providing that notice, the assigned ERO must provide written confirmation of the decision to you, Aetna and the Plan.

R

Recognized Charge

The **covered expense** is only that part of a charge which is the **recognized charge**.

As to medical, vision and hearing expenses, the **recognized charge** for each service or supply is the lesser of:

- What the provider bills or submits for that service or supply; and
- For professional services and other services or supplies not mentioned below:
 - the 80th percentile of the Prevailing Charge Rate; for the Geographic Area where the service is furnished.

As to **prescription drug** expenses, the **recognized charge** for each service or supply is the lesser of:

- What the provider bills or submits for that service or supply; and
- 110% of the **Average Wholesale Price (AWP)** or other similar resource. **Average Wholesale Price (AWP)** is the current average wholesale price of a **prescription drug** listed in the Medi-Span weekly price updates (or any other similar publication chosen by **Aetna**).

If **Aetna** has an agreement with a provider (directly, or indirectly through a third party) which sets the rate that **Aetna** will pay for a service or supply, then the **recognized charge** is the rate established in such agreement.

Aetna may also reduce the **recognized charge** by applying **Aetna** Reimbursement Policies. **Aetna** Reimbursement Policies address the appropriate billing of services, taking into account factors that are relevant to the cost of the service such as:

- the duration and complexity of a service;
- whether multiple procedures are billed at the same time, but no additional overhead is required;
- whether an assistant surgeon is involved and necessary for the service;
- if follow up care is included;
- whether there are any other characteristics that may modify or make a particular service unique; and
- when a charge includes more than one claim line, whether any services described by a claim line are part of or incidental to the primary service provided.

Aetna Reimbursement Policies are based on **Aetna's** review of: the policies developed for Medicare; the generally accepted standards of medical and dental practice, which are based on credible scientific evidence published in peer-reviewed literature generally recognized by the relevant medical or dental community or which is otherwise consistent with **physician** or dental specialty society recommendations; and the views of **physicians** and dentists practicing in the relevant clinical areas. **Aetna** uses a commercial software package to administer some of these policies.

As used above, Geographic Area and Prevailing Charge Rates are defined as follows:

- **Geographic Area:** This means an expense area grouping defined by the first three digits of the U.S. Postal Service zip codes. If the volume of charges in a single three digit zip code is sufficient to produce a statistically valid sample, an expense area is made up of a single three digit zip code. If the volume of charges is not sufficient to produce a statistically valid sample, two or more three digit zip codes are grouped to produce a statistically valid sample. When it is necessary to group three digit zip codes, the grouping never crosses state lines.
- **Prevailing Charge Rates:** These are rates reported by FAIR Health, a nonprofit company, in their database. FAIR Health reviews and, if necessary, changes these rates periodically. **Aetna** updates its systems with these changes within 180 days after receiving them from FAIR Health.

Important Note

Aetna periodically updates its systems with changes made to the Prevailing Charge Rates.

What this means to you is that the **recognized charge** is based on the version of the rates that is in use by **Aetna** on the date that the service or supply was provided.

Additional Information

Aetna's website aetna.com may contain additional information which may help you determine the cost of a service or supply. Within this feature, view our "Cost of Care" and "Member Payment Estimator" tools, or contact our Customer Service Department for assistance.

IMPORTANT HEALTH CARE REFORM NOTICES

CHOICE OF PROVIDER

If your Aetna plan generally requires or allows the designation of a primary care provider, you have the right to designate any primary care provider who participates in our network and who is available to accept you or your family members. If the plan or health insurance coverage designates a primary care provider automatically, then until you make this designation, Aetna designates one for you. For information on how to select a primary care provider, and for a list of the participating primary care providers, contact your Employer or, if you are a current member, your Aetna contact number on the back of your ID card.

If your Aetna plan allows for the designation of a primary care provider for a child, you may designate a pediatrician as the primary care provider.

If your Aetna plan provides coverage for obstetric or gynecological care and requires the designation of a primary care provider then you do not need prior authorization from Aetna or from any other person (including a primary care provider) in order to obtain access to obstetrical or gynecological care from a health care professional in our network who specializes in obstetrics or gynecology. The health care professional, however, may be required to comply with certain procedures, including obtaining prior authorization for certain services, following a pre-approved treatment plan, or procedures for making referrals. For a list of participating health care professionals who specialize in obstetrics or gynecology, contact your Employer or, if you are a current member, your Aetna contact number on the back of your ID card.

Statement of Rights under the Newborns' and Mothers' Health Protection Act

Under federal law, group health plans and health insurance issuers offering group health insurance coverage generally may not restrict benefits for any hospital length of stay in connection with childbirth for the mother or newborn child to less than 48 hours following a vaginal delivery, or less than 96 hours following a delivery by cesarean section. However, the plan or issuer may pay for a shorter stay if the attending provider (e.g., your physician, nurse midwife, or physician assistant), after consultation with the mother, discharges the mother or newborn earlier.

Also, under federal law, plans and issuers may not set the level of benefits or out-of-pocket costs so that any later portion of the 48-hour (or 96-hour) stay is treated in a manner less favorable to the mother or newborn than any earlier portion of the stay.

In addition, a plan or issuer may not, under federal law, require that you, your physician, or other health care provider obtain authorization for prescribing a length of stay of up to 48 hours (or 96 hours). However, you may be required to obtain precertification for any days of confinement that exceed 48 hours (or 96 hours). For information on precertification, contact your plan administrator.

Notice Regarding Women's Health and Cancer Rights Act

Under this health plan, as required by the Women's Health and Cancer Rights Act of 1998, coverage will be provided to a person who is receiving benefits in connection with a mastectomy and who elects breast reconstruction in connection with the mastectomy for:

- (1) all stages of reconstruction of the breast on which a mastectomy has been performed;
- (2) surgery and reconstruction of the other breast to produce a symmetrical appearance;
- (3) prostheses; and
- (4) treatment of physical complications of all stages of mastectomy, including lymphedemas.

This coverage will be provided in consultation with the attending physician and the patient, and will be provided in accordance with the plan design, limitations, copays, deductibles, and referral requirements, if any, as outlined in your plan documents.

If you have any questions about our coverage of mastectomies and reconstructive surgery, please contact the Member Services number on your ID card.

For more information, you can visit this U.S. Department of Health and Human Services website, <http://www.cms.gov/home/regsguidance.asp>, and this U.S. Department of Labor website, http://www.dol.gov/ebsa/consumer_info_health.html.

Continuation of Coverage During an Approved Leave of Absence Granted to Comply With Federal Law

This continuation of coverage section applies only for the period of any approved family or medical leave (approved FMLA leave) required by Family and Medical Leave Act of 1993 (FMLA). If your Employer grants you an approved FMLA leave for a period in excess of the period required by FMLA, any continuation of coverage during that excess period will be determined by your Employer.

If your Employer grants you an approved FMLA leave in accordance with FMLA, you may, during the continuance of such approved FMLA leave, continue Health Expense Benefits for you and your eligible dependents.

At the time you request the leave, you must agree to make any contributions required by your Employer to continue coverage.

If any coverage your Employer allows you to continue has reduction rules applicable by reason of age or retirement, the coverage will be subject to such rules while you are on FMLA leave.

Coverage will not be continued beyond the first to occur of:

- The date you are required to make any contribution and you fail to do so.
- The date your Employer determines your approved FMLA leave is terminated.
- The date the coverage involved discontinues as to your eligible class. However, coverage for health expenses may be available to you under another plan sponsored by your Employer.

Any coverage being continued for a dependent will not be continued beyond the date it would otherwise terminate.

If Health Expense Benefits terminate because your approved FMLA leave is deemed terminated by your Employer, you may, on the date of such termination, be eligible for Continuation Under Federal Law on the same terms as though your employment terminated, other than for gross misconduct, on such date. If this Plan provides any other continuation of coverage (for example, upon termination of employment, death, divorce or ceasing to be a defined dependent), you (or your eligible dependents) may be eligible for such continuation on the date your Employer determines your approved FMLA leave is terminated or the date of the event for which the continuation is available.

If you acquire a new dependent while your coverage is continued during an approved FMLA leave, the dependent will be eligible for the continued coverage on the same terms as would be applicable if you were actively at work, not on an approved FMLA leave.

If you return to work for your Employer following the date your Employer determines the approved FMLA leave is terminated, your coverage under this Plan will be in force as though you had continued in active employment rather than going on an approved FMLA leave provided you make request for such coverage within 31 days of the date your Employer determines the approved FMLA leave to be terminated. If you do not make such request within 31 days, coverage will again be effective under this Plan only if and when this Plan gives its written consent.

If any coverage being continued terminates because your Employer determines the approved FMLA leave is terminated, any Conversion Privilege will be available on the same terms as though your employment had terminated on the date your Employer determines the approved FMLA leave is terminated.

In no event will Stop Loss payments for all Eligible Claim Expenses with respect to a Participant during his or her lifetime exceed the Individual Lifetime Stop Loss Payment Amount shown in the Schedule of Insurance.

Section 4. Definitions

As used in this Policy:

1. "Aggregate Stop Loss Amount" is the total dollar amount of Eligible Claim Expenses which must be paid by the Insured for all Participants during the Policy Year before Aggregate Stop Loss benefits are payable. It is determined at the end of the Policy Year and is the greater of: (1) the sum of each month's number of eligible employees reported to Aetna multiplied by the Stop Loss Factor or (2) the Minimum Aggregate Stop Loss Amount. The Aggregate Stop Loss Amount does not include claim payments made during a Policy Year on behalf of a Participant in excess of the Individual Stop Loss Amount set forth in the **Schedule of Insurance** or any amounts reimbursable to the Insured as Individual Stop Loss payments.
2. "Aggregate Stop Loss Factor" is expected claims times the Aggregate Stop Loss Percentage, divided by the expected number of employees at the beginning of the Policy Year, divided by the number of months in the Policy Year.
3. "Aggregate Stop Loss Percentage" means the percentage amount (e.g., 20%) above expected paid claims (e.g., 120%).
4. "Contract" means Master Services Agreement No. MSA-866349, an Agreement between the Insured and Aetna.
5. "Contract Basis" establishes the time period during which Eligible Claim Expenses must be incurred by a Participant through the Plan and the time period during which those expenses must be paid by Aetna or a prior claim administrator in order for those Eligible Claim Expenses to be included in the calculation of benefits under this Policy.
6. "Covered Benefits" are the benefits provided for Participants by the Plan as indicated on the Schedule of Insurance.
7. "Eligible Claim Expenses" are expenses for Covered Benefits that are paid by the Insured pursuant to the Plan and are not excluded under the terms of this Policy. Payment for Eligible Claim Expenses is considered to be paid as of the date the payment instrument is issued by Aetna. Eligible Claim Expenses will include payments made in New York on behalf of the Insured to fund indigent care and graduate medical education when paid directly into the New York state pool.
8. "Employee" means a U.S. based employee of the Insured who is regularly working at least 20 hours per week and for whom the Insured is deducting any required U.S. FICA taxes.
9. "Experimental and Investigational" means a drug, device, procedure, or treatment that Aetna determines is not accepted as standard medical treatment of a condition or illness. Examples of Aetna's experimental and investigational determinations are found at Aetna.com under Clinical Policy Bulletins.

10. "Individual Lifetime Stop Loss Payment Amount" means the maximum amount of Eligible Claim Expenses funded by Individual Stop Loss under this Policy on any one Participant during his/her lifetime. In the event the Eligible Claim Expenses funded by Individual Stop Loss reach the Individual Lifetime Stop Loss Payment Amount, all subsequent Eligible Claim Expenses for that individual will be funded by the Insured.
11. "Individual Stop Loss Amount" is the dollar amount of Eligible Claim Expenses per Participant that must be paid by the Insured prior to any Individual Stop Loss Benefit becoming payable under this policy.
12. "Insured" is the plan sponsor identified in the Declarations section of the Policy.
13. "Maximum Annual Aggregate Stop Loss Payment Amount" is the limit on the aggregate benefit amount, which will be paid by Aetna for the Policy Year.
14. "Medically Necessary" means a service or supply that is furnished by a provider that Aetna determines is appropriate for the diagnosis, the care or the treatment of a disease or the injury. Examples of Aetna's medically necessary determinations are found at Aetna.com under Clinical Policy Bulletins.
15. "Minimum Aggregate Stop Loss Amount" is the minimum amount of claim liability that must be paid by the Insured before Aggregate Stop Loss benefits may be payable. For any Policy Year, the Aggregate Stop Loss Amount is subject to the Minimum Aggregate Stop Loss Amount. In no event will the Minimum Aggregate Stop Loss Amount be less than 100% of the sum of the products of: (i) the number of employees on the first day of the first Policy Month, times (ii) the Stop Loss Factor times (iii) the number of months in the Policy Year determined by mutual agreement between the Insured and Aetna at the beginning of the Policy Year.
16. "Participant" means an Employee or an under age 65 retired employee of the Insured, or a dependent of an Employee or under age 65 retired employee, on whose behalf Eligible Claim Expenses are payable under the Plan. "Participant" also means an employee or dependent who is entitled to extended benefits under the Plan or who elects COBRA coverage, following termination of eligibility. Employees who qualify for extended benefits under the Plan will include employees who are laid off, on leave of absence, Temporary Disability or Long Term Disability.

Section 5. Exclusions

The following are not included as Eligible Claim Expenses:

1. Expenses paid on the direction of the Insured that Aetna determines are not payable under the Contract in accordance with Aetna's then current standard claim practices established for insured group accident and health insurance plan administered by Aetna. This includes expenses for services or supplies which are not Medically Necessary or expenses for drugs, treatment, services or supplies which are considered Experimental or Investigational.
2. If the Insured has valid and collectible insurance, reinsurance or indemnity or any reimbursement agreements covering a loss also covered by this Policy, the insurance afforded by this Policy shall be in excess of and shall not contribute with such other insurance, reinsurance or indemnity.

3. Expenses incurred by an individual who is not a Participant under the Plan when the expense is incurred.
4. Expenses paid with respect to an employee and his/her dependents who did not enroll in accordance with the terms of the Plan, until such time as they are enrolled in accordance with the terms of the Plan.
5. Expenses that are incurred prior to the Effective Date of this Policy unless otherwise specified in the Schedule of Insurance.
6. Expenses paid with respect to a Participant following termination of coverage under the Contract with respect to a class of employees and their dependents that includes the Participant.

8. Expenses paid for Covered Benefits not listed on the Schedule of Insurance.
9. Expenses for taxes, fees and surcharges that may be imposed on the Plan by any government body. This exclusion does not apply to New York Health Care Reform Act surcharges unless they are excess or punitive payments made on behalf of an Insured to fund indigent care and graduate medical education solely as a result of that Insured's decision not to pay directly into the New York state pool.
10. Benefits paid with respect to Retired employees age 65 and older and their dependents.
11. Incentive payments, care coordination payments, risk share payments and other non-fee for service payments paid or received in connection with an agreement with an accountable care or similar provider organization.
12. Expenses for any other benefits which the Insured and Aetna mutually agree will not be subject to the Stop Loss insurance.

Section 6. Conditions

Premiums

The first Policy Year's monthly premium rate is shown in Section 2. Schedule of Insurance.

Premium Calculation: An estimated premium will be calculated which will be payable on a monthly basis or any other basis mutually agreed upon by the Insured and Aetna. The estimated premium will be based on the Premium Rate shown in the Schedule of Insurance and the estimated number of employees.

Premium Payments: Aetna will issue a Stop Loss premium invoice for the payment of estimated premium. Within 120 days following the end of each Policy Year, Aetna will prepare and submit to the Insured a financial accounting as to the total actual premium for that Policy Year. The total actual premium will be the sum of the products, for each month of that Policy Year, of:

- (a) the Premium Rate, times
- (b) the number of employees.

Grace Period: The Insured will pay all estimated premium payments as directed on the invoice, but no later than 31 days after the due date shown on the invoice (the grace period).

Right to Recalculate: Aetna reserves the right to make adjustments in the premium rate or the estimated premium on the first day of any Policy Month, as of the date any of the following events occur:

- (a) any change of 15% +/- in the number of employees;
- (b) any change in the coverage or types or amounts of benefits offered under the Plan which will change expected cost of coverage;
- (c) any change in this Policy;
- (d) any addition or deletion of a unit, division, subsidiary, affiliated or associated company from this Policy; and
- (e) any other change in factors bearing on the risk assumed (including but not limited to: age, sex, geographic changes, occupations etc.) which Aetna determines change the nature of the risk by more than 15%.
- (f) participation in the Seton Health Alliance Accountable Care Organization (SHA ACO) terminates or employee enrollment in the SHA ACO falls below 65%

Failure to adjust the Premium Rate or the estimated Premium during a Policy Year will not preclude making an adjustment during any subsequent Policy Year.

If the total actual Premium (determined at the financial accounting) is less than the amount of estimated premiums paid, the difference will be paid to the Insured at the time the accounting is submitted. If the total actual Premium exceeds the amount paid, the difference will be paid to Aetna within 31 days of the date the accounting is furnished to the Insured.

Aggregate Stop Loss Factor

Aetna reserves the right to make adjustments in the Stop Loss Factor as of the date of any change in the Plan or as of the date of any other change in factors bearing on the risk assumed, including but not limited to:

- (a) a 15%+/- change in the census estimate used to calculate the Stop Loss Factor;
- (b) any change in the coverage or types or amounts of benefits offered under the Plan which will change expected cost for coverage.
- (c) any change in this Policy;
- (d) any addition or deletion of a unit, division, subsidiary, affiliated or associated company from this Policy; and
- (e) any other change in factors bearing on the risk assumed (i.e., age, sex, geographic changes, occupations etc.) which are expected to change the nature of the risk by more than 15%.

Failure to adjust the factor during a Policy Year will not preclude making an adjustment during any subsequent Policy Year.

Modification of Policy

Changes in this Policy may be made by written mutual agreement between Aetna and the Insured.

Optional Policy Renewal

The Policy will renew on the Policy anniversary date, upon the Insured's acceptance of the renewal terms, unless it has otherwise terminated or is subject to termination in accordance with the Termination provisions. Changes to Section 2, Schedule of Insurance, for each Policy Year after the first shall be indicated in a written notice sent to the Insured and shall be effective on the date stated in such notice.

Stop Loss Payments

Aetna will make payment, not later than 120 days after the end of each Policy Year to or on behalf of the Insured of the Stop Loss payment due under the terms of this Policy. The amount of any premiums due but unpaid may be deducted from the Stop Loss payment otherwise payable to the Insured. This right will not prevent the termination, of this Policy, for non-payment of premium under the Termination provisions of this Policy.

Subrogation/Right of Recovery

The Plan is required to include a comprehensive provision for subrogation/reimbursement in its Summary Plan Description and the Plan must pursue enforcement of this provision. Should the Plan fail to pursue any claims or action against a responsible party, then Plan Sponsor agrees that Aetna shall be subrogated to or assigned Plan Sponsor's reimbursement rights and shall assume the Plan's rights to pursue any claims against any and all parties and the Plan will be responsible for any reasonable expenses incurred in the pursuit of such claims, including the fees and costs charged by any contracted subrogation vendor or attorney and any additional legal costs. Aetna has the right to pursue any and all claims covered under this Policy and paid by the Plan and to pursue recovery, in the name of the Plan, of the entire claim, including both the portion of the Plan benefits for which the Plan has been paid under this Policy and the portion of the claim consisting of benefits paid by the Plan but not payable under this Policy.

The Plan must notify Aetna within 30 days of receiving any information that may give rise to the Aetna's subrogation rights. Further, the Plan shall cooperate fully with Aetna and do all things necessary and required for Aetna to pursue any action to recover against a responsible party. The Plan may not take any action, or neglect to take any action, that will prejudice or impair the rights of Aetna to pursue recovery from any other responsible party. The Plan may not, without consent of Aetna, settle or give release for any claim to any other party if doing so would impair or prevent Aetna from exercising its rights of recovery.

Aetna is entitled to recover first, in full, any amount paid by Aetna under this Policy as well as any expenses of collection incurred by Aetna, before the Plan shares in any amount so recovered. Aetna will reduce its recovery amount by a pro rata share to reflect the Net Recovery obtained by the Plan. Net Recovery is the gross amount recovered by the Plan, less such factors as costs incurred by the Plan in obtaining the recovery, comparative fault issues involving the Plan member or factors involving the Plan member's inability to fully recover for their injuries. In the event Aetna recovers an amount greater than its reimbursement, the excess, reduced by the costs to obtain the recovery, will be returned to the Plan. If the Plan recovers any such payment from a responsible party, the recovered amount cannot be used to satisfy any retention requirement, Individual or Aggregate Stop Loss Specifications noted in Section 2. Schedule of Insurance, until Aetna's recovery rights are satisfied.

If the Plan receives a recovery prior to Aetna reimbursing any covered expenses under the Policy, the Plan must deduct the amount of such recovery from any reimbursement request. If the Plan receives a recovery after Aetna has made payment to the Plan for some or all of a particular claim, then the Plan must reimburse Aetna to the full extent of the payment by the Aetna, less a pro rata reduction to reflect the Net Recovery obtained by the Plan. Net Recovery is the gross amount recovered by the Plan, less such factors as costs incurred by the Plan in obtaining the recovery, comparative fault issues involving the Plan member or factors involving the Plan member's inability to fully recover for their injuries. The obligation of the Plan to reimburse Aetna remains, regardless of whether this Policy is still in force on the date of recovery, and such reimbursement to Aetna must occur within 30 days of any recovery by the Plan or Plan Sponsor. The Plan shall account to Aetna for all amounts recovered. These rights and obligations imposed on the Plan and Aetna under this section shall survive termination of the Policy.

Stop Loss Overpayments

If Aetna determines that the Insured has been overpaid due to a claim credit which may be the result of a Coordination of Benefit change, a Subrogation Recovery, Audit and /or billing/payment error, the Insured will promptly refund such overpayment to Aetna. If this Policy terminates, any reimbursements made for claims paid by the Insured after the date of termination will immediately be refunded to Aetna. If the Insured fails to refund any overpayments to Aetna in a timely manner, Aetna reserves the right to obtain such overpayments from future payments due under this Policy.

Termination of Policy

Aetna may terminate this policy on any policy anniversary date by providing at least 30 days prior written notice to the Insured. The Insured may terminate this policy on any premium due date by providing at least 30 days prior written notice to Aetna. The policy may also be terminated on any date mutually agreed to by Aetna and the Insured.

If the Insured does not comply with any terms and conditions of the policy, including but not limited to providing required reports or other information reasonably requested by Aetna, Aetna reserves the right to terminate the Policy effective on the date of any such failure.

This Policy shall also terminate automatically upon the occurrence of any of the following:

- a. If the Insured fails to pay any premium in full within the Grace Period, this Policy will terminate as of the due date shown on the invoice.
- b. If the Contract terminates, this Policy will terminate on the same date and at the same time that the Contract terminates.
- c. If the Insured fails to meet the underwriting requirements established by Aetna, including but not limited to the minimum number of 51 Employees, the policy will terminate as of the first day of the first month following the date the underwriting requirement was not met.
- d. If the Insured fails to pay claims under the Plan or make available funds to pay claims as required by the Plan, the policy will terminate on the first day that the Insured failed to fund benefits.

Reports

The Insured shall furnish Aetna with all information Aetna determines to be necessary to carry out the provisions of the Policy.

Inspection and Audit

Aetna shall be permitted to inspect the Insured's records pertaining to the Contract at any reasonable time during the effectiveness of this Policy and within three years after termination of this Policy, to the extent that they relate to the premium basis or Eligible Claim Expenses under this Policy.

Fraud

This entire Policy will be void if, whether before or after a claim or loss, the Insured has concealed or misrepresented any material fact or circumstance concerning this Policy or the subject of this Policy, including any claim under this Policy, or in any case of fraud by the Insured relating to this Policy.

Incontestability

The validity of this Policy shall not be contested, except for non-payment of premium, after it has been in force for two years from the Policy Effective Date.

Liability and Indemnification

Aetna has neither the right nor the obligation under this Policy to directly pay any Participant or provider of covered services for any benefit the Insured has agreed to provide through the terms of the Plan(s). Aetna's sole liability under this Policy is to the Insured, subject to the terms, conditions, and limitations of this Policy.

Assignment

Assignment of interest under this Policy shall not bind Aetna without its written consent.

Notice of Actions

The Insured agrees to give Aetna prompt notice of any event or development which might result in an action at law or equity related to this Policy and to forward promptly to Aetna copies of any pleadings and reports of investigation that Aetna requests. A copy of any document filed by or against the Insured in any court in connection with such litigation under the Plan must immediately be furnished to Aetna.

The Insured shall pay all attorneys' fees, expenses of experts and investigations, and any damages (including exemplary or punitive damages) payable by Aetna in connection with any litigation in which Aetna shall, without Aetna's fault, become involved through or on account of this Policy or the Plan.

If any time limitation in this Policy is less than that permitted by the law of the state in which the Application was taken, the limitation is hereby extended to agree with the minimum period permitted by the law.
