Example: (500) gallon fuel delivery to generator site with (1) hour travel included

Fuel for Williamson County Fleet
Bid # 1510-018
Awarded Vendor: Texas Enterprises Inc.

I have determined that Texas Enterprises Inc is the low bidder for delivery of fuel to our fueling sites. However Mansfield Oil Con is the low bidder for the emergency generator fuel delivery portion of the bid.

Since this bid is awarded as a complete package, and in light of the fact that generator refueling is a small portion of the total contract, it is my determination that the bid should be awarded to Texas Enterprises Inc.

Thank you for your time,

Randy Rodgers
Director of Fleet Services
Williamson County
