Texas Commission on Environmental Quality (TCEQ) Audits

- Air Quality Compliance Evaluation Investigation, August 4, 2015- Awaiting TCEQ clarification regarding regular Sunday flare inspections

Site Improvements

- Installed 13 additional gas collection wells

Planned Improvements

FY 2015 - 2016

- Construct next disposal cell
- Construct new internal road
- Add gas collection wells, as needed
- Upgrade drainage system
- Purchase a larger cardboard compactor at the Recycle Center

Pollinator Garden

Continue to maintain the partnership between

- Waste Management
- Williamson County Native Plant Society
- The Good Water Chapter Master Naturalists.

Educational Opportunities

School Tours

- Christian Homeschoolers at Play (CHAP)
- Anderson Mill Elementary
- Cottonwood Creek Elementary
- Reagan High School
- Patsy Sommer Elementary

Hutto Elementary Science Day

Community Involvement

Maintain participation with local civic and charitable organizations

Reminder – Mulch Available for Citizens

- Residents are encouraged to drop off Christmas trees after the holidays for recycling.
- Brush and wood are recycled by chipping it into mulch.
- Mulch created from brush is offered to County residents free of charge.
