Re: Guaranteed Maximum Price Submittal

Judge Gattis:

We are pleased to submit for your review and approval our Guaranteed Maximum Price Submittal for the aforementioned project. This proposal submittal is in accordance with the required format. Three (3) originals are included.

Attached hereto, please find confirmation of the project team followed by the Table of Contents for the remainder of this proposal.

Please feel free to contact me if you have any questions or concerns.

Very Truly Yours,  
VAUGHN CONSTRUCTION

## **GUARANTEED MAXIMUM PRICE PROPOSAL**

J.T. Vaughn Construction, LLC (the "Construction Manager") hereby submits to Williamson County, Texas (the "Owner") for the use and benefit of Owner pursuant to the provisions of the Agreement Between Owner and Construction Manager-at-Risk dated December 12, 2017 (the "Agreement"), a Guaranteed Maximum Price (GMP) proposal for the construction of the Williamson County Regional Animal Shelter, (the "Project", as defined in the Agreement), based on the Contract Documents (as defined by the Agreement) developed for the Project, as follows:

1. A not-to-exceed amount for the Cost of the Work pursuant to the Agreement:

\$8,636,933

2. A not-to-exceed amount for the Construction Contingency pursuant to the Agreement:

\$228,082

3. A not-to-exceed amount for the Owner's Contingency pursuant to the Agreement (This is an amount from which changes are to be paid in accordance with the Uniform General Conditions for Williamson County ("General Conditions"), the Supplementary or other Conditions. Any unused amount will be deducted from the Guaranteed Maximum Price by Change Order.):

\$300,000

4. A lump sum amount for the Construction Manager's Fee pursuant to the Agreement:

\$270,163

5. A lump sum amount for Temporary Dog Housing, pursuant to the Agreement:

\$64,117

6. TOTAL OF ITEMS 1 THROUGH 5:

The total sum of the above Items 1-4, which is set forth below, is the Guaranteed Maximum Price (GMP) which the Construction Manager hereby guarantees to the Owner for constructing the Project complete in place and operational in accordance with the Contract Documents. All attached breakdowns shall total this GMP amount.

GMP: \$9,499,295

Construction Manager hereby guarantees to the Owner not to exceed the GMP amount, subject to additions or deductions as provided in the Contract Documents. Except for additions or deductions as provided in the Contract Documents, costs which would cause the GMP to be exceeded shall be paid by the Construction Manager without reimbursement by the Owner.

**Contract Time**

The date for achieving Substantial Completion of the Project shall be:

407 calendar days from Notice to Proceed with Construction.

This GMP Proposal may not be withdrawn for a period of ninety (90) days from the date of receipt of this offer by the Owner.

The Construction Manager further agrees to pay, as Liquidated Damages, to Owner the sum of One Thousand dollars (\$1,000.00) per calendar day for failure to complete the work within the contracted time in accordance with the Agreement.

All terms and conditions of the Agreement are hereby adopted and incorporated into this GMP Proposal. Any exceptions to or modifications of the terms and conditions of the Agreement shall not be effective unless they are expressly stated and conspicuously identified in this GMP Proposal and are specifically accepted and approved by the Owner. Otherwise, proposed revisions or modifications to the language, terms or conditions of the Agreement will not be accepted.

BY SIGNING BELOW, Construction Manager and Owner have executed and bound themselves to this Guaranteed Maximum Price (GMP) Proposal.

ACCEPTED AND EXECUTED this \_\_\_\_\_ day of \_\_\_\_\_, 20\_\_\_\_.

**Williamson County  
Regional Animal Shelter  
Georgetown, Texas**

**Project No. 16042  
Vaughn Project No. 2491-01**

**Guaranteed Maximum Price Submittal**

**Executive Summary**

**Project Description:**

The Williamson County Regional Animal Shelter is located at 1855 SE Inner Loop, Georgetown, TX 78626.

Williamson County Regional Animal Shelter project will include:

- A new two-story main building of approximately 16,970 sq. ft with public lobby, administration offices, 80 dog kennels, 84 cat cages, and related site work including new parking and dog exercise yards.
- Portions of two existing building with a total of 15,223 sq. ft. will be renovated including 56 dog kennels, dishwasher and laundry area and a new cat iso area. The renovation will also include new surgery and surgey prep rooms. Both buildings will receive new air handers for the renovated areas.

**Document Release Packages:**

Vaughn Construction will release all the bid packages at once for this project. After proposals are received the bid packages will be divided into different evaluation books that will be presented to Williamson County for approval. Evaluation books will be submitted in order of importance to maintain the schedule. This will allow the project to execute the laborious effort of the project sitework and constructing the foundation of the buildings as early as possible. The site will be captured with construction fencing and the necessary storm water protection measures.

**Schedule:**

A full copy of the current project schedule is available for review under Tab 5 of this proposal book. The following is a brief summary of information documented within.

The schedule reflects receiving Construction Documents issued by Jackson & Ryan Architects on September 27, 2017. Receiving subcontractor proposals on November 9, 2017 and starting Construction on January 2, 2018.

The critical path for the project currently runs through the start of the new Adoption Building and site work as well as the coordination of working in the partially occupied buildings to be renovated.

Key Dates:

NTP w/ Construction Services – January 2, 2018

Start New Adoption Building – January 2, 2018

Start Main Building Renovation – April 2, 2018

Start Kennel Building Renovation – June 13, 2018

New Adoption Building Substantial Completion – February 15, 2019

Main Building Renovation Substantial Completion – June 6, 2018

Main Kennel Renovation Substantial Completion – February 15, 2019

**Alternates:**

Current alternates are identified as:

None

Tab #3

**Williamson County  
Regional Animal Shelter  
Georgetown, Texas**

**Project No. 16042  
Vaughn Project No. 2491-01**

**Guaranteed Maximum Price Submittal**

**Staffing Plan – Project Team**

**Project Executive, Director of Operations – Michael Vaughn**

Overall executive oversight of project execution.

**Construction Director – Danny Thompson**

Corporate oversight of all project operations, GMP oversight for the trade contractor award and procurement process. Provides document control, schedule, QA/QC, commissioning and safety oversight, and progress of construction.

**General Superintendent – Bernie Edwards**

Corporate oversight of all field operations, progress of construction, and allocation of field forces and trade manpower.

**Corporate Safety Director – Rad Manning**

Corporate oversight of implementation and execution of Vaughn's safety programs.

**Project Superintendent – Jay McGilton**

Daily onsite responsibility for field operations, coordination of trades, schedule compliance, deliveries, QA/QC, and safety. The Project Superintendent coordinates with Project Manager and Project Scheduler/Expeditior.

**Director of Quality – Ken Cotie**

Corporate oversight of Vaughn QA/QC, commissioning program, and associated manpower. Coordinates with the Project Managers, Superintendents, and QA/QC Inspectors

**QA/QC – Paul Smith**

Responsibilities include assisting the Owners representative in the verification of materials and installation of work during construction of the project.

**Project Manager – Doug Boram**

Daily onsite responsibility for project and GMP oversight for the trade contractor award and procurement process. Provides document control, schedule, QA/QC, commissioning and safety oversight. Coordinates with the Project Superintendent and the Project Engineer.

**Assistant Project Manager – Thomas Morrill**

Daily onsite responsibility for project documentation control including submittals, procurement, RFI's, changes, inspections, and commissioning documentation. Coordinates with the Project Manager

**Project Engineer – TBD**

Daily onsite responsibility for project documentation control including submittals, procurement, RFI's, changes, inspections, and commissioning documentation. Coordinates with the Project Manager

**Assistant Superintendent – TBD**

Assists in daily onsite responsibility for field operations, coordination of trades, schedule compliance, deliveries, QA/QC, and safety. The Assistant Superintendent coordinates with Project Superintendent.

## QUALIFICATIONS & ASSUMPTIONS

**Phase: 100% CD GMP**

**Document Date: 12.5.2017**

### General Qualifications

1. Excludes a line item GMP estimate; line items are only shown for convenience of review. CD Budget is based on Drawings dated: September 27, 2017 and Specifications dated: October 18, 2017.
2. Assumes that every specification, either referenced by manufacturer or performance, is designed so that more than one manufacturer for each specification will be able to meet the design intent of the project, and that details shown in the contract documents will not preclude any manufacturer specified from participating in the proposal process. Excludes proprietary specifications.
3. Excludes 3rd party commissioning agent. Includes assistance for the commissioning agent to accomplish their work.
4. Assumes we can use permanent HVAC equipment for temporary air conditioning and climate control. Start-up for these activities will be considered a temporary start-up and not a commissioning activity. Includes changing of filters throughout construction activities as well as new filters at final start-up.
5. Excludes provisions for unusual, undocumented, or unanticipated subsurface conditions. We will make reasonable efforts to locate and protect any existing underground utilities and facilities, but cannot accept responsibility for damage, or the impacts from damage, to unknown, unforeseen, non-located, or incorrectly located underground utilities or facilities.
6. Excludes the excavation or transportation of hazardous materials discovered in a foreseen or unforeseen condition. Excludes the excavation, removal or transportation of unclassified excavation that may be uncovered, including but not limited to concrete foundations, underground fuel or water storage tanks, masonry underground walls, hidden sampling wells.
7. Excludes testing laboratory services, envelope testing, geotechnical services, material testing, environmental testing, site surveys, or sub-surface investigations.
8. Excludes 3rd party environmental (i.e. asbestos, lead, mold, etc.) monitoring.

9. Assumes work during normal work hours Monday through Friday, 7:00AM to 3:30PM, and intermittent weekend work as required.
10. Excludes building code changes, life safety code changes, or other regulatory changes that may occur beyond what is currently designed.
11. Excludes all municipal utility impact fees, water impact fees, or sewage impact fees.
12. Assumes the use of existing facility's water for temporary water.
13. Excludes leasing of public right of ways, sidewalk or lane closures.
14. Assumes that the building transformer will be provided and installed by the utility company. We will provide service into the building.
15. Assumes that the gas utility company will bring the gas service to the gas meter provided by the utility company. We will provide service into the building from the gas meter.
16. Assumes equipment provided by Owner or others, but connected by our subcontractors, will be delivered and set in place at the required time to meet schedule.
17. Assumes the use of site, including parking areas, per the attached Site Logistics Plan.
18. Excludes wetlands mitigation and site changes required by flood control.
19. Assumes we have access to contingency funds for the use of acceleration of the project schedule at any time for any critical activity.
20. Assumes the right for Vaughn to purchase and manage a project specific Contractor Controlled Insurance Program within the cost parameters of the estimate.
21. Excludes provisions for, or any impacts from, any errors or omissions in the contract documents prepared and/or issued by the Owner, Owner's vendors/separate contracts, Architect, Engineer, Consultant, or similar party.
22. Excludes the design of building envelope weather-tight details not included in the project plans or specifications unless it has been specifically indicated to be Contractor's responsibility for "delegated design".
23. Excludes ASTM E1105 field testing over 67% of manufacturer's design rating.
24. Excludes the design of life safety components, equipment, or system details or layout not included in the project plans or specifications unless it has been specifically indicated to be Contractor's responsibility for "delegated design".

25. Excludes ACI-certified flatwork technician and finisher requirements. Resumes of concrete finishing supervisor will be provided documenting experience with projects of like scope.
26. Excludes any provisions for 3<sup>rd</sup> party auditor approval/review prior to payments.
27. Excluded scopes:
  - a. Active IT Equipment
  - b. Audio Visual Equipment
  - c. Fixtures, Furnishings, and Furniture
28. Owner's Contingency does not include fee markups. Items funded by Owner's Contingency will have fee added to them.

**01.07 - Allowances**

*Spec Section 01 21 00*

1. Includes a \$50,000 allowance for technology (Data, AV, Security, Gate Key Pad/Controller).
2. Includes an allowance of \$96,422 for the kennel wash down system from SMT Technologies, this is a cost of work price and does not include our general conditions and fee mark ups.

**01.84 – Mock Up**

*Spec Section 01 43 39*

1. Assumes a 100 SF footprint that displays the foundation, steel framework, masonry conditions, the screen mesh, acoustical plaster, glass, waterproofing, insulation, and fiber cement board siding.
2. Excludes doors, drywall, equipment, and flooring finishes.

**02.01 - Removals**

*Spec Section 02 41 19*

1. Assumes existing slab at H Building was poured monolithically. Includes additional labor required for slab removals at beams accordingly.
2. Assumes furniture and equipment removal and relocation at existing building to be by Owner.
3. Assumes all walls scheduled to be removed are non-load bearing. Excludes provisions for temporary shoring of existing structures.

**03.00 – Concrete Turnkey**

*Spec Section 03 30 00; C2; C4; C5; C6; C7; 31 63 29*

*Drilled Piers*

1. Excludes casing.

*Mechanical Pads*

1. Includes Mechanical Rooms & Outdoor AHU Pads.
2. Assumes Mechanical pad thickness noted as 6" will be 5-1/2" so standard lumber can be used as form work.

*Site Walls*

1. Includes exposed finish of retaining wall to be sand rubbed.

*Exposed Concrete Flooring*

1. Assumes exposed concrete floors will have surface cracking and shrinkage cracks.

#### **04.01 – Masonry**

*Spec Section 04 22 00*

1. Excludes UL rated CMU blocks. Includes a fully grouted wall at the elevator shaft to achieve the one-hour fire rating.
2. Excludes mitered corners at masonry veneer jambs and returns.
3. Assumes all interior CMU walls to stop at 10'-8" above finish floor.
4. Assumes all unpainted and exposed grey CMU will have a range of color and texture from the manufacturer.
5. Excludes installation of foam or plastic fillers in joints.
6. Includes rebar reinforcing for glazed structural tile to be one #3 rebar at corners and intersections and each side of openings.
7. Excludes rigid strap anchors.
8. Includes field mixed mortars and grouts.
9. Excludes cleaning of existing masonry.
10. Excludes tooth-ins of infills at the Kennel and Main Buildings.

#### **05.01/5.02 – Steel Fabrication/Erection**

*Spec Section 05 12 00; 05 21 00; 05 31 00; 05 50 00; 05 51 13; 05 52 13*

1. Excludes any requirement for AISC certified fabricator or erector.

#### **06.02 – Architectural Millwork**

*Spec Section 06 10 53; 06 41 16; 06 64 00; 12 36 16; 12 36 61.19*

1. Excludes solid surface window sills, assumes sill condition to be transitioned from gyp board or CMU to the aluminum window frame.

#### **07.01 – Waterproof/Dampproof/Joint Sealants**

*Spec Section 07 11 13; 07 17 00; 07 27 26; 07 62 00; 07 65 00; 07 92 00*

1. Excludes water repellents at all exterior masonry construction.
2. Assumes cementitious damproofing system with drainage board below grade at retaining walls.

#### **07.02 – Insulation**

*Spec Section 07 21 00*

1. Includes a \$6.00 / SF allotment for thermal insulation at soffits as none was shown or specified.

#### **07.03 – Roofing**

*Spec Section 07 54 23; 07 72 00*

1. Excludes FM Global insurance requirements.
2. Excludes roofing at the existing buildings with exception to install new gutters where indicated.

3. Assumes parapet walls will be high enough to facilitate personnel access to roof.
4. Excludes custom metal colors.

#### **08.00 – Doors, Frames, & Finish Hardware**

*Spec Section 08 11 13; 08 14 16; 08 16 00; 08 71 00*

1. Excludes replacing or adjusting doors and frames noted to be existing to remain.
2. Excludes grouting frames within gyp. board assemblies.
3. Includes a hardware set per the Door Schedule for openings 109B, 315D, and 321D.

#### **08.28 – Glass & Glazing**

*Spec Section 08 41 13; 08 80 00*

1. Excludes fire-rated, ballistic-rated art or acoustical glass.
2. Excludes a Kynar painted finish.
3. Includes a Clear Anodic finish.

#### **09.01 – Plaster**

*Spec Section 09 24 43*

1. Assumes the acoustical plaster detail is intended to be applied along the long walls (parallel to the dog kennel center walls), facing each other, in each of the New Adoptions kennel housing rooms along eight (8) wall faces - From 6' AFF, to ceiling height - 10' AFF.
2. Excludes plaster in the small dogs room.
3. Includes acoustical plaster for both New Adoptions kennel housing rooms along the long walls (parallel to the dog kennel center walls) in a four (4) foot wide band from 6'-0" above finished floor to the ceiling height of 10'-0" above finished floor.

#### **09.03 – Tile**

*Spec Section 09 30 13*

1. Excludes matching existing flooring tile for patching at Main Building Lobby.

#### **09.07 – Flooring**

*Spec Section 09 65 13; 09 65 16*

1. Assumes using membrane concrete curing compound and that the specified flooring materials and adhesives are compatible with the curing compound.

#### **09.10 – Epoxy Flooring**

*Spec Section 09 67 23*

1. Excludes epoxy flooring at T Building.
2. Includes moisture limiter at new concrete slabs.

### **09.12 – Painting**

*Spec Section 09 91 13; 09 91 23; 09 96 00;*

1. Includes painting the existing outdoor kennel.
2. Excludes level 5 finishes.
3. Excludes painting or sealing of existing wood exterior.

### **09.16 – Concrete Sealer / Polished Concrete**

*Spec Section 09 61 56; 09 97 24*

1. Includes concrete sealer applied to interior stair treads.
2. Includes a Class A grind.

### **10.05 – Wall Protection**

*Spec Section 10 26 00*

1. Assumes corner guards at Kennel Building and New Building.
2. Excludes any plastic paneling wall protection and crash rails.

### **10.11 – Aluminum Covers & Awnings**

*Spec Section 10 73 00*

1. Excludes custom colors.

### **10.08 – Signage**

*Spec Section 10 14 16; 10 14 19; 10 14 23*

1. Assumes standard 9"x9" acrylic room signage.
2. Assumes signage at new rooms only, all existing signage to remain.
3. Assumes 12" aluminum letters at exterior sign on screen wall.

### **11.08 – Residential Appliances**

*Spec Section 11 31 00*

1. Excludes provisions to provide and install refrigerators, microwaves, and ice makers, washers, and dryers.

### **11.14 – Animal Equipment**

*Spec Section 11 94 00; 13 19 13*

1. Excludes animal watering systems.

### **14.01 – Elevators**

*Spec Section 14 24 00*

1. Includes resilient flooring per specification section 09 65 16.

### **21.01 – Fire Protection**

*Spec Section 21 05 53; 21 11 00; 21 13 00; 21 13 13*

1. Excludes provisions for a fire pump.

### **22.01 – Plumbing**

*Spec Division 22; W1*

1. Excludes domestic water booster pump.
2. Assumes all storm and waste piping under slab or structure to be PVC.
3. Excludes solar hot water heating.
4. Excludes heat tracing for under slab piping.
5. Assumes fiberglass insulation.
6. Excludes insulation on domestic cold-water piping.
7. Excludes any modifications to the existing water well system.
8. Excludes the purchase and installation of the dishwasher with integral booster heater; to be purchased by Owner.

### **23.01 – HVAC**

*Spec Division 23*

1. Assumes proposed exhaust fan EF-2-1 at the H Building will be of similar or smaller dimensions as to not require any structural or roof modifications.
2. Excludes stainless steel or fully welded ductwork.

### **26.01 – Electrical**

*Spec Division 26*

1. Assumes primary duct bank, feeders, transformer and metering by others.
2. Excludes UPS system.
3. Excludes modifications or extensions of the lightning protection at the Main and Kennel Buildings.

### **26.03 – Fire Alarm**

*Spec Section 26 31 00*

1. Excludes programming and modules for the existing fire alarm system in Kennel and Main Buildings.

### **31.01 – Earthwork**

*Spec Section G2; G3; G4; G5; G9; SD2; SD3; SD4*

1. Assumes excavated material will be stored on site.
2. Excludes haul off of excavated materials.
3. Excludes rock sawing or excavation.

**32.07 – Fences & Gates**

*Spec Section 32 31 13, 32 31 19*

1. Excludes any modifications to the existing operable gate at the north entry.

**32.08 – Landscaping & Irrigation**

*Spec Section 32 14 16; 32 84 00; 32 93 00; G7*

1. Includes hydro mulching with no irrigation at areas outside of parking and drives not designated to receive the landscaping/irrigation allowance above.
2. Excludes landscaping outside of the limits of construction.
3. Excludes drilled seed installation method for planting wild flowers as noted in 329300 3.4.B.8.
4. Includes a \$22,000 allowance for a 10,000-gallon aboveground fiberglass storage tank and booster pump, pending if required for the irrigation system.

**33.01 – Site Utilities**

*Site and Infrastructure Subgroup SD6; W2; W3; W4; WW1; WW2; WW3; C8; C9*

*Storm Sewer*

1. Excludes concrete cap at sewer lines per City of Georgetown civil details SD39.

*Water Utilities*

1. Excludes a water meter.
2. Excludes concrete encasing of water lines per City of Georgetown Civil details W16.
3. Includes approximately 435 linear feet of 3 inch schedule 40 PVC piping for the relocation of the water line to remove it from the new building foundation footprint.
