

**PURVIS FSAS Change Order Request**

**Device Changes for Prioritized Unit Master Alerting (PUMA) System  
in Williamson County Testing & Training Environment**

**PO 166187**

**December 12, 2017**

**Change Item:**

The County of Williamson is implementing PURVIS Fire Station Alerting System (PURVIS FSAS) components in its Testing and Training environment. The required hardware, software and services associated with this implementation were defined in County Purchase Order # 166187. The County has requested that PURVIS remove the PURVIS FSAS Central Server and the Central Server Database License from the Purchase Order because the County will purchase and supply those items separate from PURVIS. The County has also requested that PURVIS change some of the hardware types identified in the Purchase Order in order to accommodate a portable alerting solution that is representative of a system that may be installed in a fire station.

**Scope of Change:**

Items Removed

1. (Qty 1 ) Central Server – Part # 315-010100-131
2. (Qty 1) Central Server Database Software License – Part # 315-990001-120
