Capital Area Metropolitan Organization
Mr. Ashby Johnson, Executive Director
3300 N. Interstate 35, Suite 630
Austin, Texas 78705

CAMPO Transportation Policy Board and Executive Director Mr. Ashby Johnson:

On behalf of Williamson County, I am writing to express our strong support for the City of Round Rock's project application for Kenney Fort Boulevard (Segments 2 & 3) from Forest Creek Drive to SH 45.

The Kenney Fort Boulevard (Segments 2 & 3) project is planned as a six-lane divided facility and is in the County's Long-Range Transportation Plan and the city's 2017 Transportation Master Plan as well as the latest CAMPO plan. The project will serve the rapidly growing areas of Round Rock and Williamson County and support the economic development plans of both the city and the County. Continued growth in the Northwest corridor of the city has resulted in too many cars on the street network. Constructing Kenney Fort Boulevard from Forest Creek Drive to SH 45 will provide improved access to neighborhoods and improved facilities for police, fire and emergency services in the area, improving the quality of life for our residents, employees and visitors.

Williamson County strongly supports Round Rock's project applications for Kenney Fort Boulevard (Segments 2 & 3) and urges the CAMPO Transportation Policy Board to select this project for the requested project funding awards.

Sincerely,

Dan A. Gattis
Williamson County Judge

CAMPO Transportation Policy Board and Executive Director Mr. Ashby Johnson:

On behalf of Williamson County, I am writing to express our strong support for the City of Round Rock's project application for University Boulevard Expansion from A.W. Grimes (FM 1460) to CR 110.

The University Boulevard Expansion project has been a critical element of both Williamson County and the City of Round Rock's long-range transportation plans. The project will serve the rapidly growing areas of Round Rock and Williamson County and support the economic development plans of both the city and the County. Expanding University Boulevard to a four-lane divided section from A.W. Grimes (FM 1460) to CR 110 will provide improved mobility and improved facilities for police, fire and emergency services in the area, improving the quality of life for our residents, employees and visitors.

Williamson County strongly supports Round Rock's project applications for University Boulevard Expansion and urges the CAMPO Transportation Policy Board to select this project for the requested project funding awards.

Sincerely,

Dan A. Gattis
Williamson County Judge

CAMPO Transportation Policy Board and Executive Director Mr. Ashby Johnson:

On behalf of Williamson County, I am writing to express our strong support for the City of Round Rock's project application for Gattis School Road Segment 6 from Via Sonoma to east of Red Bud Lane.

The Gattis School Road Segment 6 project has been a critical element of both Williamson County and the City of Round Rock's long-range transportation plans. The project will serve the rapidly growing areas of Round Rock and Williamson County and support the economic development plans of both the city and the County. Continued growth in the Northwest corridor of the city has resulted in too many cars on the street network. Constructing Gattis School Road Segment 6 from Via Sonoma to east of Red Bud Lane will provide improved access to neighborhoods and improved facilities for police, fire and emergency services in the area, improving the quality of life for our residents, employees and visitors.

Williamson County strongly supports Round Rock's project applications for Gattis School Road Segment 6 and urges the CAMPO Transportation Policy Board to select this project for the requested project funding awards.

Sincerely,

Dan A. Gattis
Williamson County Judge
