Subject: RE: CR 200 at SH 29 Driveway question

Kris,

As the office responsible for access management on this facility and analyzing the parcel in question, access ^{will} ~~should~~ be allowed from SH 29 but will be limited to a right in driveway due to the limited spacing from the railroad crossing and CR 200.

This email can be considered preliminary approval for access, but any specific location will be determined through the access management process and review and approval of a driveway permit.
