

WORK AUTHORIZATION NO. 3

**PROJECT: Engineering Design Services for Drainage Improvements on CR 150, CR 460
and CR 463**

This Work Authorization is made pursuant to the terms and conditions of the Williamson County Contract for Engineering Services, being dated March 6, 2018 and entered into by and between Williamson County, Texas, a political subdivision of the State of Texas, (the "County") and Alliance Transportation Group (the "Engineer").

Part 1. The Engineer will provide the following Engineering Services set forth in Attachment "B" of this Work Authorization.

Part 2. The maximum amount payable for services under this Work Authorization without modification is \$60,000.00.

Part 3. Payment to the Engineer for the services established under this Work Authorization shall be made in accordance with the Contract.

Part 4. This Work Authorization shall become effective on the date of final acceptance and full execution of the parties hereto and shall terminate on March 31, 2019. The Engineering Services set forth in Attachment "B" of this Work Authorization shall be fully completed on or before said date unless extended by a Supplemental Work Authorization.

Part 5. This Work Authorization does not waive the parties' responsibilities and obligations provided under the Contract.

Part 6. County believes it has sufficient funds currently available and authorized for expenditure to finance the costs of this Work Authorization. Engineer understands and agrees that County's payment of amounts under this Work Authorization is contingent on the County receiving appropriations or other expenditure authority sufficient to allow the County, in the exercise of reasonable administrative discretion, to continue to make payments under this Contract. It is further understood and agreed by Engineer that County shall have the right to terminate this Contract at the end of any County fiscal year if the governing body of County does not appropriate sufficient funds as determined by County's budget for the fiscal year in question. County may effect such termination by giving written notice of termination to Engineer.

Part 7. This Work Authorization is hereby accepted and acknowledged below.

EXECUTED this ____ day of _____, 20__.

LIST OF ATTACHMENTS

Attachment A - Services to be Provided by County

Attachment B - Services to be Provided by Engineer

Attachment C - Work Schedule

Attachment D - Fee Schedule

Attachment A

Services to be Provided by County

Williamson County Road & Bridge Division personnel will provide

- Project direction, review and oversight.
- Easement document preparation and acquisition for temporary construction and drainage easements.
- Construction oversight, administration and management.

Attachment B

Services to be Provided by the Engineer

Project Locations

1. CR 150 - From CR 148 to FM 972
2. CR 460 - From CR 462 to CR 463
3. CR 463 - From CR 462 to CR 460

Task 1: Project Management

Attend Progress Review Meetings with County Road & Bridge department at 50%, 90% and Final. Prepare monthly progress reports and invoices. Maintain project schedule and perform QA/QC.

Task 2: Topographic and R.O.W. Surveys

N/A

Task 3: Preliminary Engineering

Delineate drainage areas and perform runoff calculations for 5-yr, 10-yr, 25-yr storm events for parallel driveway pipes and non-bridge class cross culverts within the project limits, including Data Collection and Field Reconnaissance. Provide a scroll plot (1"=100') showing drainage area boundaries, time of concentration path, drainage area I.D., drainage areas (acres), with 2' LIDAR contours and aerial background provided by County. Provide table showing runoff calculation results.

Task 4: Geotechnical Investigation

N/A

Task 5: Environmental Studies

N/A

Task 6: Utility Coordination

N/A

Task 7: FEMA Coordination

N/A

Task 8: Final Engineering

Calculate capacity of existing parallel driveway pipes and non-bridge class cross culverts. Determine parallel driveway pipes and non-bridge class culverts in need of replacement due to condition, inadequate capacity, or safety treatment. Provide 11x17 Plan & Plan Layout sheets (1"=50') for proposed improvements to parallel driveway pipes and non-bridge class cross culverts showing roadway centerline, stationing, approximate ROW, 2' LIDAR contours provided by County and aerial background. Provide Quantity Summary table for proposed drainage facility improvements. Provide exhibits (8.5"x11" Plan View) for Temporary Construction and/or Drainage Easements to

facility construction of proposed drainage improvements. Exhibits shall show roadway centerline, approximate ROW line, boundary and dimensions of proposed easement for the use in preparing easement documents by others.

Task 9: Bidding Phase Services

N/A

Task 10: Construction Phase Services

N/A

Deliverables:

50% Submittal:

- 2 copies of Scroll Plots of Drainage Areas and runoff calculations
- Quantity Summary
- Engineer's internal QA/QC marked up set

90% Submittal:

- 2 paper copies of 11" x 17" Plan Sheets
- 2 paper copies Temporary Construction and Drainage Easement Exhibits on 8.5" x 11"
- Quantity Summary
- Engineer's internal QA/QC marked up set

Final Submittal:

- 2 paper copies of 11" x 17" Plan Sheets
- 2 paper copies of Temporary Construction and Drainage Easement Exhibits on 8.5" x 11"
- Quantity Summary
- Engineer's internal QA/QC marked up set
- Electronic copy of submittal documents in PDF format on CD
