Such inmates shall be assigned duties in the food service operation that may include sanitation, food preparation and production, and storeroom functions.

The County acknowledges that Aramark has invested considerable amounts of time and money in training its management and supervisory employees in systems, procedures, methods, forms, reports, formulas, computer programs, recipes, menus, plans, techniques and other valuable information which is proprietary and unique to Aramark's manner of conducting its business and that such information is available, on a confidential basis, to Aramark's management and supervisory employees. Therefore, the County agrees that management and supervisory employees of Aramark shall neither be hired by the County for the term of this Agreement and twelve (12) months thereafter, nor shall the County permit management and supervisory employees of Aramark to be employed on the County's premises for a period of twelve (12) months subsequent to the termination of this Agreement (unless such employees were formerly employees of the County). For the purpose of this prohibition, "management and supervisory employees" shall be defined as those persons who have directly or indirectly performed management or professional services on the County's premises at any time during the twelve (12) month period immediately preceding termination of this Agreement.

In addition, the County agrees that if it violates the conditions set forth in the immediately preceding paragraph, then the County shall pay to Aramark, and Aramark shall accept as liquidated damages and not as a penalty for such breach, an amount equal to two times the annual salary of each Aramark management or supervisory employee hired by the County or allowed to work on the County's premises in violation of the terms of this Agreement.

The County retains the right to thoroughly investigate any current or prospective employees assigned to the Facility, subject to applicable Federal, state and local laws and regulations, including but not limited to, the Federal Polygraph Protection Act, as amended. If Aramark incurs any costs, including legal fees, retroactive wages and damages, as a result of any personnel action taken by the County or by Aramark at the direction of the County, which Aramark would not have taken but for the County's direction, the County shall reimburse Aramark for such costs.

I. Equal Employment Opportunity: Aramark and the County mutually agree that they shall not discriminate against any employee or applicant for employment or on any matter directly or indirectly related to employment, because of race, color, religion, sex, sexual

preference, national origin, physical or mental handicap where not relevant to the job, height, weight, age, marital status, or other criteria made illegal by state or federal law or the County policy. In addition, Aramark agrees to take affirmative steps to ensure that applicants are employed, and that employees are treated, during employment, without regard to the criteria listed above.

J. Insurance: Aramark shall provide and maintain the following insurance coverage:

Worker's Compensation insurance as required by law.

Comprehensive General (Public) Liability to include (but not be limited to) the following: Premises/operation; independent contractors; bodily injury; products/completed operation; contractual liability with a combined single limit for bodily injury and property damage of $1,000,000.00 per occurrence. Aramark may satisfy these requirements through a combination of primary and excess coverage.

The County and Aramark waive any and all right of recovery from each other for property damage or loss of use thereof, howsoever occurring. This waiver shall include, but not be limited to, losses covered by policies of fire, extended coverage, boiler explosion and sprinkler leakage. This waiver shall not apply to claims for personal injury or death.

Any insurance coverage (additional insured or otherwise) that Aramark provides for the County, its officers, employees, agents and servants shall only cover liability assumed by Aramark in this Agreement; such insurance coverage shall not cover liability in connection with or arising out of the wrongful or negligent acts or omissions of the County or its officers, employees, agents and servants.

K. Hazardous Substances; Pre-Existing Conditions. Aramark has no duty to investigate, detect, prevent, handle, encapsulate, remove, or dispose of, and will have no responsibility to the County or others for any exposure of persons or property to, asbestos, lead, fuel storage tanks or contents, indoor air pollutants or contaminants, poor air quality, or hazardous, toxic, or regulated waste substances, mold, fungi, mildew, pollutants, or contaminants (collectively, the "Hazardous Substances") at the Facility or the surrounding premises. The County will comply with all applicable federal, state, and local laws and regulations, which have been or will be enacted during the term of this Agreement, regarding such Hazardous Substances on the County's premises. The County will inform Aramark of the presence of such Hazardous Substances and acknowledges that Aramark employees will not be required to work in any location where they could be exposed to such Hazardous Substances. Aramark has advised the County that it does not provide or assume any responsibility to monitor or remediate mold, fungi, mildew, indoor air quality or any similar conditions, and that all determinations and corrective actions regarding mold, fungi, mildew, indoor air quality and any similar conditions shall be made by the County or a third party retained by the County. In no case will any Aramark

employee act in the capacity of a "Designated Person" (within the meaning of the Asbestos Hazard Emergency Response Act, "AHERA"), which duties remain solely with the County.

Aramark will not be responsible for any conditions that existed in, on, or upon the Facility before the commencement date of this Agreement ("Pre-Existing Conditions"), including, without limitation, environmental impairments, and other conditions. The County shall indemnify and hold harmless Aramark, its subsidiaries and affiliated companies, and their respective directors, officers and employees, against any liability related to, or arising out of, any defective condition or the presence of Hazardous Substances or Pre-Existing Conditions on or at the Facility or the surrounding premises, or the claimed or actual release or threatened release or disposal of Hazardous Substances from or at the Facility, to the extent not caused by the willful misconduct or grossly negligent acts or omissions of Aramark, its employees or subcontractors, including, without limitation, fines, penalties, clean-up costs, or costs of other environmental remediation measures.

L. **Damages:** In no event will either party be liable to the other party for any loss of business, business interruption, consequential, special, indirect or punitive damages.

M. **Compliance With Laws:** Each party hereto shall comply with all statutes, lawful ordinances, regulations and requirements, federal, state, and local applicable to their activities hereunder. The County shall provide reasonable and adequate physical security at all times for Aramark employees, suppliers, management and other authorized visitors.

N. **License, Fees, Permits, And Taxes:** Aramark shall secure and pay for all federal, state and local licenses, permits and fees required for the food service operation. The County represents and warrants that it is a tax-exempt entity and, further, agrees to provide evidence of its tax-exempt status to Aramark upon request. The County further agrees to notify Aramark promptly in the event of a change in its tax-exempt status. In the event that a determination is made by a government authority that any sales, purchases, payments or use of property made to or by Aramark under this Agreement, either in whole or in part, is subject to any sales, use, gross receipts, property or any similar tax which tax was not contemplated by the parties at the commencement of operations hereunder, the full amount of any such tax liability, together with any interest paid by Aramark, shall be invoiced by Aramark and shall be reimbursed by the County, notwithstanding the fact that this Agreement may have expired or been terminated for any reason by either party prior to the date of such determination.

3. FINANCIAL AND ACCOUNTING ARRANGEMENTS:

A. **Meal Service and Prices:** Aramark shall provide meals to the County's inmates, staff and visitors at the per meal prices set forth in Attachment A. Aramark will provide, at no additional cost, a lacto-ovo vegetarian and/or vegan diet for all religious requests from the administrative or religious authority. Other religious meals requested by the administration or religious authority, such as prepackaged meals, shall be provided at a price to be mutually agreed in

advance. The County shall notify Aramark of the actual number of meals ordered each day at a mutually agreed upon time prior to meal service, and the County shall make additions or deletions to such order within a mutually agreed upon time prior to meal service. When the initial notice of meals ordered is not given timely, Aramark shall prepare and will be paid for the same number of meals as prepared for the previous day.

B. Price Adjustments: The per meal prices stated in this Agreement are firm for the period beginning on the Effective Date and ending on June 30, 2020. Per meal prices for each subsequent 12-month period shall be increased on each anniversary of the Effective Date by an amount to be mutually agreed upon and set forth in an amendment to this Agreement in the form attached hereto as Attachment B; provided, however, that in the event no agreement is reached with respect to such increase, per meal prices shall be increased as further set forth below by the greater of the (a) yearly percentage change in the Consumer Price Index, All Urban Consumers, U.S. City Average, Food Away From Home Index ("CPI-FAH"), published by the U.S. Department of Labor and (b) the yearly percentage change in the Market Basket of Products (as defined below) which approximate the products served at the facilities covered by this Agreement (the "Client Menu"). The period for determining CPI-FAH and Market Basket of Products increases shall be April of the immediately preceding year to April of the then-current year (the "Base Period").

As set forth on the sample client statement attached as Attachment C, a copy of which shall be provided prior to implementing any price adjustments pursuant to this section, the "Market Basket of Products" represents categories or types of products that are generally used in the Client Menu. Such products are classified into the following six categories of food items (each, a "Menu Category"): beverage (composed of juice and non-alcoholic drinks other than milk); baked goods; produce (composed of fruits and vegetables); dairy; meat; and grocery items (composed of the food items in the menu that are not otherwise included in one of the preceding categories). Each Menu Category will be ascribed a percentage (the "Category Weighting") representing the proportion of the Client Menu that such Menu Category approximately represents based on purchasing levels during the Base Period. Each Category Weighting will then be multiplied by the percentage change in the corresponding Bureau of Labor Statistics ("BLS") category compiled by the U.S. Department of Labor and published at www.bls.gov for the Base Period, and the results of each such calculation will be added together to arrive at the overall percentage change which will represent the Market Basket of Products. For the avoidance of doubt, the BLS categories to be multiplied by the Category Weightings are (1) Beverage, All Urban Consumers, U.S. City Average; (2) Baked Goods, All Urban Consumers, U.S. City Average; (3) Produce, All Urban Consumers, U.S. City Average; (4) Dairy, All Urban Consumers, U.S. City Average; (5) Meat, All Urban Consumers, U.S. City Average; and (6) Food, All Urban Consumers, U.S. City Average. In the event that there are any changes in the method in which the BLS reports its annual statistics, including any changes or modifications to any of the applicable BLS categories, the parties agree to negotiate a mutually agreeable modification to the appropriate Market Basket of Products category or categories or the methodology described above. If the parties do not agree on such a modification, Aramark shall

have the right to terminate the Agreement upon 90 days' prior written notice. The Market Basket of Products is designed to approximate price adjustments with product cost increases at the facility or facilities covered by this Agreement. The Market Basket of Products is an estimate of food costs only and actual costs may vary. While the Menu Categories attempt to approximate the products served at the facility or facilities covered by this Agreement, they may not precisely parallel actual usage or the BLS categories listed above.

Please refer to Attachment C for an example of the Market Basket of Products calculation.

C. Additional Services: Food, beverage and other services required or desired by the Facility outside the scope of this Agreement (including Fresh Favorites) shall be provided by Aramark upon written authorization by the County and/or Sheriff at mutually agreed upon prices for such services.

D. Billing: Aramark shall submit to the County on the first day of every week, for the preceding week an invoice for inmate/staff meals ordered or served, whichever is greater, and other goods or services provided by Aramark, if any. The invoice shall reflect the preceding week's food services detailing the greater of the number of meals served or ordered on a daily basis as follows:

1. Adult inmate meals
2. Staff/visitor meals
3. Any additional food, beverage or other services, as required

Aramark shall provide the County with a comprehensive monthly summary of meals, services and credits. This summary shall be forwarded to the County Administrator or his designee each month.

E. Manner Of Payment: The County's payment for goods and services shall be governed by the Texas Government Code, Chapter 2251. Payment shall be made by check payable to Aramark Correctional Services, LLC. Such payment shall be sent to the address listed in the invoice. Payments only shall be sent to this address, all other correspondence shall be sent to the address set forth in Section 8 hereof. An invoice shall be deemed overdue the thirty-first (31st) day after the later of the following:

A. The date the County receives the goods under the Contract;
B. The date the performance of the service under the Contract is completed; or
C. The date the Williamson County Auditor receives an invoice for the goods or services.

Interest charges for any overdue payments shall be paid by the County in accordance with Texas Government Code, Section 2251.025. More specifically, the rate of interest that shall accrue on a late payment is the rate in effect on September 1 of the County's fiscal year in which the payment becomes due. The said rate in effect on September 1 shall be equal to the sum of one (1) percent and the prime rate published in the Wall Street Journal on the first (1st) day of July of the preceding fiscal year that does not fall on a Saturday or Sunday.

In the event that an error appears in an invoice submitted by the Successful Respondent, the County shall notify the Successful Respondent of the error not later than the twenty-first (21st) day after the date the County receives the invoice. If the error is resolved in favor of the Successful Respondent, the Successful Respondent shall be entitled to receive interest on the unpaid balance of the invoice submitted by the Successful Respondent beginning on the date that the payment for the invoice became overdue. If the error is resolved in favor of the County, the Successful Respondent shall submit a corrected invoice that must be paid in accordance within the time set forth above. The unpaid balance accrues interest as provided by the Texas Government Code, Chapter 2251, if the corrected invoice is not paid by the appropriate date.

As a minimum, invoices shall include:

A. Name, address, and telephone number of the Successful Respondent and similar information in the event the payment is to be made to a different address.
B. The County Contract, Purchase Order.
C. Identification of items or service as outlined in the Contract.
D. Quantity or quantities, applicable unit prices, total prices and total amount.
E. Any additional payment information which may be called for by the Contract.
Payment inquiries should be directed to the following address:
Williamson County Auditor's Office, Accounts Payable Department
Email: accountspayable@wilco.org
Phone: 512-943-1500

4. **MATERIAL ADVERSE CHANGE:** The financial arrangements in this Agreement are based on conditions existing as of the Effective Date including any representations regarding existing and future conditions made by County in connection with the negotiation and execution of this Agreement. If such conditions change due to causes beyond Aramark's control, including, but not limited to, a change in the scope of Aramark's services; menu changes; a decrease in the Facility's inmate population or the availability of inmate labor; efforts to organize labor; increases in food, fuel, equipment, utilities, supply, and labor costs; Federal, State and local sales, and other taxes and other operation costs; a change in Federal, State and local standards, requirements recommendations, and regulations including any applicable Child Nutrition Programs; or other unforeseen external market conditions outside Aramark's control, then Aramark shall give County written notice of such increase or change, and within thirty (30) calendar days after such notice, Aramark and County shall mutually agree upon modification(s) to offset the impact of the increase or change, which modifications may include any or a

combination of the following: an adjustment to Aramark's price per meal, modifications to the menu, or modifications to Aramark's scope of services.

5. **ACCESS AND RECORDS:** Aramark will maintain accurate books and records in connection with the food service operation and shall retain such records for thirty-six (36) months after the close of the federal fiscal year (October 1, through September 30).

6. **TERM OF AGREEMENT:** The initial term of this Agreement shall commence on July 1, 2019, and shall continue through June 30, 2020. By mutual agreement, this Agreement may be renewed for four (4) additional one year periods. Thereafter, the County and Aramark may extend this Agreement for additional periods of twelve (12) months each, provided that the services to be provided, and the prices thereof, for the extension period, have been mutually agreed upon by the County and Aramark.

7. **TERMINATION:**

A. **Termination For Convenience:** Either party may terminate this Agreement for convenience, at any time during the term or any renewal or extension, upon ninety (90) days notice to the other party.

B. **Termination For Default:** Either party may terminate this Agreement upon a breach or default of this Agreement by the other party, which is not cured within thirty (30) days after receipt by the defaulting party of a notice from the non-defaulting party, specifying the nature of such breach or default.

C. **Consequences Of Termination:** If this Agreement is terminated under any circumstances, the County shall pay Aramark for all inmate and staff meals, and other services, provided by Aramark to and including the date of termination, at the prices and within the payment periods set forth in this Agreement. The County's obligation to pay for meals and services provided shall survive the termination or expiration of this Agreement.

Upon the expiration or any termination of this Agreement, the County agrees, if requested by Aramark, to purchase Aramark's usable inventory of food and supplies. The purchase price for such inventory shall be Aramark's invoice cost.

8. **NOTICE:** All notices or other communication hereunder shall be deemed to be duly given when made in writing and delivered in person or deposited in the United States mail, postage prepaid, certified mail, return receipt requested and addressed to the party at its respective address first set forth above, or such other address as it may designate, by notice given as aforesaid.

9. **CONFLICTS OF INTEREST:** Aramark covenants that it presently has no interest and shall not acquire any interest, direct or indirect, which would conflict in any manner or degree

Upon the expiration or any termination of this Agreement, all materials containing any Aramark Proprietary Information shall be returned to Aramark.

11. **ASSIGNMENT**: Aramark may not assign this Agreement without the County's prior written consent (not to be unreasonably withheld, conditioned or delayed), except that Aramark may assign this Agreement, in its sole discretion, to any of its affiliates without any consent being required. Information

Agenda Item

Discuss, consider and take appropriate action on an updated State Plan of Operation (SPO) agreement between the State of Texas and the Williamson County Sheriff's Office setting forth the terms and conditions which will be binding on the parties with respect to excess Department of Defense (DOD) personal property transferred under 10 U.S.C. 2576a.

STATE PLAN OF

OPERATION BETWEEN THE

STATE OF TEXAS

AND THE Williamson County Sheriff's Office

I. PURPOSE

This State Plan of Operation (SPO) is entered into between the State of Texas and the Williamson County Sheriff's Office, to set forth the terms and conditions which will be binding on the parties with respect to excess Department of Defense (DoD) personal property transferred under 10 U.S.C. § 2576a in order to promote the efficient and expeditious transfer of property and to ensure accountability of the same.

II. AUTHORITY

The Secretary of Defense is authorized by 10 U.S.C. § 2576a to transfer to Federal and State/Territory Law Enforcement Agencies (LEAs), personal property that is excess to the needs of the DoD, including small arms and ammunition, that the Secretary determines is suitable to be used by such agencies in law enforcement activities, with preferences for counter-drug/counter-terrorism or border security activities, under such terms prescribed by the Secretary. The Secretary of Defense has delegated authority for management of this Program to the Defense Logistics Agency (DLA). DLA defines law enforcement activities as activities performed by governmental agencies whose primary function is the enforcement of applicable Federal, State/Territory, and local laws and whose compensated law enforcement officers have powers of arrest and apprehension. This program is known as the Law Enforcement Support Program and commonly referred to as the "LESO Program" or "1033 Program" and is administered by DLA Disposition Services, Law Enforcement Support Office (LESO).

III. GENERAL TERMS AND CONDITIONS

A. Operational Authority

The Governor of the State of Texas has designated in writing with an effective date of August 31, 2018 to implement this program statewide as well as conduct management and oversight of this program. Funding / Budgeting to administer this program is provided by the Department of Public Safety of the State of Texas.

The provided funding is used to support assistance to the LEAs with customer service to include computer / telephone assistance and physical visits to the LEAs to assist with acquiring access to the LESO Program. The staffing to provide the support to the LEAs within the State of Texas is as follows:

State Coordinator (SC): Mike Lesko

State Point of Contact (SPOC): Rolando Ayala

State Point of Contact (SPOC): Laurie Patterson

State Point of Contact (SPOC): John Riddick

The following is the facility / physical location and business hours to provide customer service to those LEAs currently enrolled, as well as interested participants of the LESO Program:

Agency Address / Location: 5805 N. Lamar Blvd, Austin, Texas 78752

E-Mail / Contact Phone Numbers: txlesoprogram@dps.texas.gov (512) 424-7590

Hours of Operation: 7:00 am – 5:00 pm

B. All property is transferred and the recipient (*LEA name*) Williamson County Sheriff's Office agrees to accept property on an as-is, where-is basis. The DLA has final authority to determine the type, quantity, and allocation of excess DoD personal property suitable for law enforcement activities.

C. This agreement creates no entitlement to the State or Territory to receive excess DoD personal property. DLA retains the right to recall any property during the period that it is conditionally transferred.

D. The (*LEA name*) Williamson County Sheriff's Office understands that property made available under this agreement is for the use of authorized program participants only. Authorized participants who receive property from the LESO Program will not loan, donate, or otherwise provide property to other groups or entities that are not otherwise authorized to participate in the Program. Authorized participating agencies may, with prior approval from the State/Territory on a temporary basis, conditionally loan property to another participating agency as their mission requires, utilizing an Equipment Custody Receipt (ECR). Property temporarily loaned will be returned to the LEA responsible for the accountability. All requests for property will be based on bona fide law enforcement requirements.

E. Controlled property (equipment) includes any property that has a Demilitarization (DEMIL) Code of B, C, D, E, F, G, and Q3.

To receive such property, on an annual basis the LEA will certify (Ref: 10 U.S. Code § 2576a):

1) That it has obtained the authorization of the relevant Civilian Governing Body Official (city council, mayor etc.) to participate in the program.

2) That it has adopted publicly available protocols for the appropriate use of controlled property, the supervision of such use, and the evaluation of the effectiveness of such use, including auditing and accountability policies.

3) That it provides annual training to relevant personnel on the maintenance, sustainment, and appropriate use of controlled property.

F. The (*LEA name*) Williamson County Sheriff's Office will maintain and enforce regulations designed to impose adequate security and accountability measures for controlled property to mitigate the risk of loss

or theft.

G. Upon approval of written requests, cannibalization may be performed on approved aircraft, armored vehicles, and High Mobility Multipurpose Wheeled Vehicles (HMMWVs). Requests will be submitted in writing to the State and approved by the LESO for approval. The cannibalized end item must be returned to DLA Disposition Services within the allotted timeframes determined by the LESO.

H. The LESO conditionally transfers all excess DoD property to States/Territories/LEAs enrolled in the LESO Program. Title or ownership of controlled property will remain with the DoD in perpetuity and will not be relinquished to the States/Territories/LEAs. When the States/Territories/LEAs no longer have a legitimate law enforcement use for controlled property, the States/Territories/LEAs will notify the LESO and the controlled property must either be transferred to another enrolled LEA (via standard transfer process) or returned to DLA Disposition Services for disposal. The LESO reserves the right to recall controlled and non-controlled property issued through the DLA at any time.

I. Property with a DEMIL Code of "A" and "Q" with an Integrity Code of "6" (Q6) is also conditionally transferred to the State/LEA, yet controlled for one year from the ship date. However, after one year from the ship date, the DLA will relinquish ownership and title to the State/Territory/LEA. Prior to this date, the State/Territory/LEA remains responsible for the accountability and physical control of the item(s) and the Program retains the right to recall the property.

    1) Property with DEMIL Codes of "A" and "Q6" will be placed in a closed status on the LEA's LESO inventory upon meeting the one year mark.

    2) Once closed, the property is no longer subject to the annual inventory requirements and will not be inventoried during a LESO Program Compliance Review (PCR).

    3) Ownership and title of DEMIL "A" and "Q6" items that have been closed will pass from the DoD to the LEA one year from the ship date, without issuance of any further documentation.

    4) LEAs receive title and ownership of DEMIL "A" and "Q6" items as governmental entities. Title and ownership of DEMIL "A" and "Q6" property does not pass from DoD to any private individual or LEA official in their private capacity. Accordingly, such property should be maintained and ultimately disposed of in accordance with provisions in State/Territory and local laws that govern public property. Sales or gifting of DEMIL"A" and "Q6" property after one year from the ship date in a manner inconsistent with State/Territory or local law may constitute grounds to deny future participation in the LESO Program.

    5) An SF 97 form will be provided upon physical transfer for vehicles. Recipients are authorized to make upgrades to vehicles during the one year conditional period. Full title to DEMIL "A" and "Q6" property, including vehicles, will vest in the recipient after one year if all other requirements of this agreement have been met. After the one year period DEMIL "A" and "Q6" items may be transferred, cannibalized for usable parts, sold, donated or scrapped.

J. LEAs are not authorized to transfer any property on their inventory without State and LESO notification and approval. Property will not physically move until the LESO approval process is

complete.

K. Certain controlled equipment will have a documented chain of custody (e.g., Equipment Custody Receipt [ECR] or equivalent), including a signature of the recipient. Controlled equipment requiring a chain of custody are: small arms, aircraft, high profile vehicles, optics, robots, and small arm's parts/accessories. It is encouraged to utilize ECRs for all controlled equipment. Regarding ECRs during a LESO PCR, see section VI, A, 4.

L. Sale or transfer of DEMIL Codes "A" or "Q6" property after the one year conditional holding and utilization period to non-LEA participants will be executed in compliance with U.S. Export Control Regulations.

1) Excess personal property may be export-controlled, regardless of the assigned DEMIL Code and regardless of the Department or Agency that donates the property.

2) DEMIL Codes are not a substitute for export controls. They do not provide information on the export control requirements for an item.

3) The Transferee is responsible for complying with U.S. Export Control Laws and Regulations, including the Export Administration Regulations (EAR) (15 C.F.R. Pts. 730-774) and the International Traffic in Arms Regulations (ITAR) (22 C.F.R. Pts. 120-130).

a) This responsibility exists independent of, and is not established or limited by, the information provided in this statement of compliance.

b) The responsibility includes, but is not limited to, determining the subsequent transferee's eligibility to receive such items in accordance with U.S. Export Control Laws and Regulations.

c) Information on the EAR and ITAR are at: https://www.bis.doc.gov/index.php and https://www.pmddtc.state.gov/index.html.

d) Tips:

i. If Transferee has doubts about which regulation governs control of the item, they may submit a commodity jurisdiction request to the Department of State, Directorate of Defense Trade Controls to determine whether it is subject to the ITAR or EAR. Information on commodity jurisdiction requests can be found at: http://www.pmddtc.state.gov/commodity_jurisdiction/index.html.

ii. If Transferee is sure the item is subject to the EAR, but needs help determining the correct Export Control Classification Number (ECCN), they may submit a commodity classification request to the Department of Commerce, Bureau of Industry and Security (BIS). Information on classification requests can be found at: https://www.bis.doc.gov/index.php/licensing/commerce-control-list-classification/classification-request-guidelines

iii. For items subject to the EAR: Transferee is cautioned that prior to sale or transfer of items they should be familiar with their customer and intended end use of the items. Transferees must check prospective Transferees/buyers to ensure they are not on the Department of Commerce List of Parties of Concern (https://www.bis.doc.gov/index.php/policy-guidance/lists-of-parties-of-concern) and the transfer/sale complies with the EAR, including 15 C.F.R. Prt. 736. BIS Export Compliance Guidelines are at: https://www.bis.doc.gov/index.php/forms-documents/pdfs/1641-ecp/file

4) The Transferee must notify all subsequent buyers or Transferees in writing, of their responsibility to comply with U.S. Export Control Laws and Regulations.

5) *Definition.* "Export-controlled items," as used in this statement of compliance, means items subject to the Export Administration Regulations (EAR) (15 C.F.R. Pts. 730-774) or the International Traffic in Arms Regulations (ITAR) (22 C.F.R. Pts. 120-130). The term includes:

a) "Items," defined in the EAR 15 C.F.R. Pt.772.1. as "commodities", "software", and "technology."

b) "Defense Articles, Defense Services, and related Technical Data defined in the ITAR, 22 C.F.R. Pt. 120.

IV. ENROLLMENT

A. An LEA will have at least one full-time law enforcement officer in order to enroll and/or receive property via the LESO Program. Only full-time and part-time law enforcement officers are authorized to receive property. Non-compensated reserve officers are not authorized to receive property. State law enforcement training facilities/academies may be authorized to participate in the program given the primary function is the training of bona fide State/Territory and Local law enforcement officers. Law enforcement training facilities/academies will be reviewed and approved for participation on a case-by-case basis via concurrence of DLA Disposition Services, DLA General Counsel, and DLA J349.

1) The LEA will submit an updated Application Packet to the State Coordinator's office no later than September 1 each year and/or any time there is a change in personnel or LEA contact information. Failure to do so may result in suspension and/or termination from the program.
2) Once approved for participation in the program, at least one of the LEA's authorized screeners must attend a mandatory training class prior to any requests for property being approved. The class will be conducted free of charge to the LEA and will be held at a location determined by the State Coordinator's office. Screeners who may have been previously employed by and screeners for other LEAs, might still be required to attend training as this training qualifies the agency, not the individual.
3) LEA transfer of responsibility – program property assigned to the LEA. A change in the Chief Law Enforcement Official (CLEO), due to any reason, will not relinquish responsibility from the LEA for properly maintaining existing program property in the LEA's possession. If the new CLEO does not wish to be responsible for existing property, they will notify the State Coordinator's office in writing that they wish to return the

property to their assigned Disposition Site and/or transfer it to a qualifying LEA. The new CLEO remains responsible for existing property until the property is officially transferred or returned.

B. Unauthorized Participants. Nongovernmental law enforcement entities such as private railroad police, private security, private academies, correctional departments and prisons, or security police at private schools or colleges. Fire departments, by definition, are ineligible for the Law Enforcement Support Program.

C. The State will:

1) Establish and implement the LESO Program eligibility criteria in accordance with 10 U.S.C. § 2576a, DLA Instructions and Manuals regarding the LESO Program, and this SPO.

2) Receive and process applications for participation from eligible LEAs within their state.

3) Collect originating agency identifier code for all new, reactivation (whether voluntary separation or termination), and otherwise suspicious applications. Originating agency identifier will be coordinated with DLA Office of the Inspector General (OIG) for validation against the Federal Bureau of Investigation's National Crime Information Center database.

4) Ensure only authorized LEA applications for participation are submitted to the Program for approval. Applications are required by the LESO Standard Operating Procedures (SOP) to be submitted within 30 days of both the CLEO's and the State's/Territory's approved signature and date.

5) Validate the authenticity of the LEAs within their State/Territory that are applying for participation. If the State/Territory forwards an unauthorized participant application, this may result in a formal suspension of the State/Territory.

6) Determine the qualifications of a full-time law enforcement officer.

7) Have sole discretion to disapprove LEA applications on behalf of the Governor of their State/Territory. The LESO should be notified of any applications disapproved at the State/Territory level. The State/Territory will only forward and recommend/certify LEAs to the LESO that are government agencies whose primary function is the enforcement of applicable Federal, State/Territory, and local laws and whose compensated officers have the powers of arrest and apprehension. The LESO retains final approval/disapproval authority for all LEA applications forwarded by the States/Territories.

8) Ensure LEAs enrolled in the Program update the LEA's account information annually, or as needed. This may require the LEA to submit an updated application. Updated applications are required to be submitted for, but are not limited to, the following reasons: a change in CLEO, the addition or removal of a screener, and/or a change in the LEA's address or contact information.

9) Provide a comprehensive overview of the Program to all LEAs once they are approved for enrollment. This comprehensive overview will be done within 30 days of an LEA

receiving the LESO's approval to participate.

10) Ensure that screeners of property are employees of the LEA. A screener may only screen property for two Law Enforcement Agencies. Contractors may not conduct screening on behalf of the LEA.

11) Ensure at least one person per LEA maintains access to the Federal Excess Property Management Information System (FEPMIS), or current property accounting system. Account holders will be employees of the LEA.

V. ANNUAL INVENTORY REQUIREMENTS

A. Per the DLA Instructions and Manuals regarding the LESO Program and this SPO, each State/Territory is required to conduct an annual physical inventory certification of all property on the inventory. Annual inventories start on October 1 of each year and end November 30 of each year.

1) DEMIL "A" and "Q6" property records will not be closed during the annual inventory.

B. The State will:

1) Receive and validate incoming certified inventories and reconcile inventories from the LEAs.

2) Ensure LEAs validate and provide serial numbers and photos identified during the annual inventory process for inclusion in the LESO property accounting system for all aircraft, armored vehicles, small arms and other unique items, as required.

3) Suspend a LEA as a result of the LEA's failure to properly submit certified inventories, according to the aforementioned requirements.

C. The LEA will:

1) Complete and certify the annual physical inventory as required for continued participation in the program.

2) Adhere to additional annual certification requirements as identified by the LESO. All inventories and certification statements will be maintained on file indefinitely.

a) The State requires each LEA to submit certified inventories for their agency by November 30 of each year. The Fiscal Year (FY) is defined as October 1 through September 30 of each year. This gives the LEA two (2) months to physically inventory DLA LESO Program property in their possession and submit their certified inventories to their State Coordinator.

b) In addition to the certified inventories, the LESO requires photographs for all High-profile commodities identified as aircraft, armored vehicles, small arms, and other unique items as required, received through the Program.

i. The LESO requires a side and data plate photo for aircraft and vehicles that are serial number controlled, received through the Program.

ii. The LESO requires serial number photos for each small arm received through the Program.

c) LEAs that fail to submit the certified annual inventory by November 30 may be suspended from operations within the Program. When a LEA is suspended, a Corrective Action Plan (CAP) will need to be submitted to the State and LESO identifying all actions taken to correct the deficiencies. Further failure to submit the certified annual inventory may result in a LEA's termination.

3) Be aware that High-profile commodities (aircraft, armored vehicles and small arms) and other property may be subject to additional controls.

4) Ensure that an approved current SPO is uploaded in FEPMIS.

VI. PROGRAM COMPLIANCE REVIEWS

A. The LESO conducts a PCR for each State/Territory that is enrolled in the LESO Program every two (2) years. The Program reserves the right to conduct no notice PCRs, or require an annual review, or similar inspection, on a more frequent basis for any State/Territory. LESO PCRs are performed in order to ensure that State Coordinators, SPOCs, and all LEAs within a State/Territory are compliant with the terms and conditions of the LESO Program as required by 10 USC § 2576a, DLA Instruction and Manuals regarding the LESO Program, and this SPO.

1) If a State/Territory and/or LEA fails a PCR, the LESO will immediately suspend their operations and will subsequently issue corrective actions (with suspense dates) to the State Coordinator, which will identify what is needed to rectify the identified deficiencies within his/her State/Territory.

2) If a State/Territory and/or LEA fails to correct identified deficiencies by the given suspense dates, the LESO will move to terminate the Program operations within the State/Territory and/or LEA.

3) States/Territories and/or LEAs which fail a program compliance review will be suspended for a minimum of 60 days and will not be reinstated until DLA conducts a re-inspection on the State/Territory and the State/Territory and/or LEA successfully passes the inspection.

4) During a LESO PCR, it is the Program's intent to physically inventory 100% of property selected for review at each LEA. The use of ECRs in lieu of physical inspection is discouraged during PCRs.

B. The State/Territory will:

1) Support the LESO PCR process by:

a) Coordinating and forwarding completed PCR daily events schedule to the selected LEAs to be reviewed.

b) Contacting LEAs selected for review via phone and email to ensure they are aware of the PCR schedule and prepared for review.

c) Receiving inventory selections from the LESO and forwarding them to the selected LEAs.

d) Ensuring the LEA Points of Contact (POCs) gather the selected items in a central location to ensure the LESO can efficiently inventory the items.

e) Providing additional assistance to the LESO as required, prior to, during, and upon completion of the PCR.

2) Conduct internal PCRs of LEAs participating in the Program in order to ensure accountability, program compliance, program eligibility and validate annual inventory submissions are accurate. The State/Territory will ensure an internal PCR of at least 5% of LEAs that have a property book from the LESO Program within his/her State/Territory is completed annually. Results of internal PCRs will be kept on file at the State Coordinator's Office.

a) The internal PCR will include, at minimum:

i. A review of the SPO signed by both parties, ensuring that the SPO is uploaded into the Station Management Utility within FEPMIS.

ii. A review of the LEA's application/screener letter.

iii. A physical inventory of DLA LESO Program property selected for review at each LEA.

iv. A specific review of each selected LEA's files for the following: DD Form 1348-1A for each item currently on inventory, small arms documentation, transfer documents, turn-in documents, inventory adjustment documents, exception to policy letters (if any), approved cannibalization requests (if any), or other pertinent documentation as required.

v. Review and confirm authenticity and eligibility of the LEA.

b) For uniformity purposes, the State/Territory will utilize a PCR checklist provided by the LESO, or equivalent.

c) In cases that require a repossession or turn-in of property, the State/Territory and/or LEA will bear all expenses related to the repossession and/or turn-in/transfer of DLA LESO Program property to the appropriate DLA Disposition Services site.

VII. REPORTING REQUIREMENTS FOR LOST, STOLEN, OR DESTROYED DLA LESO PROGRAM PROPERTY

A. All property Lost, Stolen or Destroyed (LSD), carried on a LEAs current inventory, must be reported to the LESO.

1) LSD controlled property must be reported to the LESO within 24 hours. The LEA may be required to provide the following:

a) A comprehensive police report

b) A National Crime Information Center (NCIC) report/entry

2) The State/Territory will provide the contact information for the Civilian Governing Body over the LEA involved, to include: Title, Name, Email and mailing address.

3) LSD property with a DEMIL Code of "A" and "Q6" must be reported to the LESO within seven days.

4) All LEAs participating in the program will agree to cooperate with investigations into LSD by the DLA OIG.

5) A DD 200 Form, Financial Liability Investigation for Property Loss (FLIPL) will be required to be submitted to the LESO for all unaccounted for property.

B. LESO may grant extensions to the reporting requirements listed above on a case-by-case basis.

VIII. AIRCRAFT AND SMALL ARMS

A. All aircraft are considered controlled property, regardless of DEMIL Code. The SPO will ensure that all LEAs and all subsequent users are aware of, and agree to provide, all required controls and documentation in accordance with applicable laws and regulations for these items.

B. LEAs no longer requiring small arms issued through the LESO Program will request authorization to transfer or turn-in small arms. Transfers and turn-ins will be forwarded and endorsed by the State/Territory, and approved by the LESO. Small arms will not physically move until the LESO provides official notification that the approval process is complete.

When returning small arms to Anniston Army Depot, LEAs are required to:

1) Provide the 1348-1A turn in document that has been approved through the LESO.

2) Provide an appointment letter signed by the CLEO, or their designee, appointing the certifier and verifier to that position (found on the LESO website).

3) Provide the inert certificate that has been signed by a qualified certifier and verifier.

4) Insert a flag safety or chamber flag into the chamber for visual verification that the small arm is clear of ammunition.

5) The aforementioned documentation will be placed in a packing slip affixed to the outside of the shipping container. A duplicate set of documents will be placed inside the shipping container.

C. Small arms that are issued must have a documented chain of custody, with the chain of custody including a signature of the receiving officer indicating that he/she has received the appropriate small arm(s) with the correct, specified serial number(s). Small arms that are issued to an officer will be issued utilizing an Equipment Custody Receipt; this Custody Receipt obtains the signature of the officer/deputy responsible for the small arm.

D. Modifications to small arms are authorized. All parts are to be retained and accounted for in a secured location under the original serial number for the small arm until final disposal. If the modified small arm is transferred to another LEA, all parts must accompany the small arm to the receiving LEA.

E. Weapon Accountability. Law enforcement agencies that have multiple instances of a missing, lost, or stolen LESO Program small arm within a five year window will be assessed by DLA Disposition Services to determine if a systemic problem exists.

1) First Instance of Loss/theft: Will result in a 60 day minimum suspension.

2) Second Instance of Loss/theft: Will result in a 180 day minimum suspension.

3) Third Instance of Loss/theft: Will result in a 240 day minimum suspension. DLA Disposition Services will submit a formal assessment presenting all the facts of the instances of loss, relevant data, and evidence as to whether a systemic problem exists to DLA J34 for review and coordination. DLA Disposition Services will recommend potential disciplinary actions which could include recalling the agency's loaned small arms or termination from the Program.

F. Aircraft and small arms will not be obtained by any authorized participant for the purpose of sale, lease, loan, personal use, rent, exchange, barter, transfer, or to secure a loan and will be returned to the LESO at the end of their useful life.

IX. RECORDS MANAGEMENT

A. The LESO, State Coordinator, and LEAs enrolled in the LESO Program must maintain all records in accordance with the DLA Records Schedule. Records for property acquired through the LESO Program have retention controls based on the DEMIL Codes. All documents concerning property record will be retained.

1) Property records for items with DEMIL Codes of "A" and "Q6" will be retained for two calendar years from the date the property is removed from the LEA's property book before being destroyed.

2) Property records for controlled property will be retained for five calendar years from the date the property is removed from the LEA's property book before being destroyed.

3) Environmental Property records will be retained for 50 years, regardless of DEMIL Code (Chemicals, Batteries, Hazardous Material/Hazardous Waste).

4) LESO Program files will be segregated from all other records.

5) All property records will be filed, retained, and destroyed in accordance with DLA Records Schedule. These records include, but are not limited to, the following: DD Form 1348-1A for approved requests for transfers, turn-ins, requisitions, and any other pertinent documentation and/or records associated with the LESO Program (e.g., approved Bureau of Alcohol, Tobacco, Firearms and Explosives (BATFE) Forms 10 and 5, Certificate of Aircraft Registration (AC Form 8050-3), Aircraft Registration Application (AC 8050-1).

X. LESO PROGRAM ANNUAL TRAINING

A. 10 U.S.C. § 280 provides that the Secretary of Defense, in cooperation with the U.S. Attorney General, will conduct an annual briefing of law enforcement personnel of each State/Territory (including law enforcement personnel of the political subdivisions of each State/Territory). The briefing will include information on training, technical support, equipment, and facilities that are available to civilian law enforcement personnel from the Department of Defense.

B. The State will organize and conduct training pertaining to information, equipment, technical support and training available to LEAs via the LESO Program.

C. The State/Territory will ensure at least one representative (such as the State Coordinator or SPOC) attend the annual training that LESO conducts.

XI. PROPERTY ALLOCATION

A. The State Will:

1) Upon receipt of a valid LEA request for property through the DLA Disposition Services RTD Website, give a preference to those requisitions indicating that the transferred property will be used in the counter-drug/counter-terrorism or border security activities of the recipient agency. Additionally, to the greatest extent possible, the State will ensure fair and equitable distribution of property based on current LEA inventory and LEA justifications for property.

2) The State and the LESO reserves the right to determine and/or adjust allocation limits. Generally, no more than one of any item per officer will be allocated. Quantity exceptions may be granted on a case-by-case basis by the LESO based on the justification provided by the LEA. Currently, the following allocation limits apply:

a) Small Arms: one of each type for every qualified officer, full-time/part-time;

b) HMMWVs/Up-Armored HMMWVs: one vehicle for every three officers;

c) MRAPs/Armored Vehicles: two vehicles per LEA;

d) Robots: one of each type for every 25 officers

3) Additional justification may be required for small arms and armored vehicles. The LESO reserves final authority on determining the approval and/or disapproval for requests of specific types and quantities of excess DoD property.

4) Access the DLA Disposition Services RTD Website at a minimum of once daily (Monday - Friday) to review/process LEAs' requests for excess DoD property.

B. The LEA will:

1) Ensure an appropriate justification is submitted when requesting excess DoD property via the DLA Disposition Services RTD Website.

2) Access the Texas LESO website for timely and accurate guidance, information, and links concerning the LESO Program and ensure that all relevant information is reviewed.

3) When requesting property for counter-drug/counter-terrorism or border security activities, provide a justification that specifies that the property will be used for such activities.

4) Maintain access to FEPMIS to ensure the LEA is properly maintaining their property books, to include, but not limited to, transfers, turn-ins, and disposal requests.

a) FEPMIS account holders must be employees of the LEA.

XII. PROGRAM SUSPENSION & TERMINATION

A. The State/Territory/LEA is required to abide by the terms and conditions of the DLA MOA and SPO in order to maintain active status.

B. If a State Coordinator or LEA fails to comply with any terms of the DLA MOA, Federal statute or regulation, SPO, or a State MOA, the State and/or LEA may be placed on restricted status, suspended, and/or terminated from the Program. All suspension or termination notifications will be in writing and will identify remedial measures required for reinstatement, if applicable.

1) Suspension: A specified period of time in which an entire State/Territory or identified LEA(s) is prohibited from requesting and receiving additional property through the Program. Additional requirements for remedial action may also be placed on suspended activities, to include return of all or specifically identified controlled property. Suspensions will be for a minimum of 60 days.

2) Termination: Removal of a LEA or State from participating in the Program. The State Coordinator and/or identified LEAs will transfer or turn-in all controlled property previously received through the Law Enforcement Support Program at the expense of

the State and/or the LEAs.

3) Restricted Status: A specified period of time in which a State/Territory or LEA is restricted from receiving an item or commodity due to isolated issues with the identified commodity. Restricted status may also include restricting an agency from all controlled property. Restricted status is commonly used for agencies that have active consent decrees from the Department of Justice.

C. The State will:

1) Suspend LEAs for a minimum of 60 days in all situations relating to the suspected or actual abuse of DLA LESO Program property or requirements and/or repeated failure to meet the terms and conditions of this SPO. Suspension may lead to termination.

2) Coordinate with the LESO, who will have final discretion on reinstatement requests. Reinstatement to full participation from a suspension and/or termination is not automatic.

3) Issue corrective action guidance in coordination with LESO and the LEA with suspense dates to rectify issues and/or discrepancies that caused suspension and/or termination.

4) Require the LEA to submit results regarding all completed police investigations and/or reports regarding LSD DLA LESO Program property to include the LEA's CAP.

5) Suspend or terminate a LEA from the LESO Program if a LEA fails to comply with any terms of the SPO, the DLA Instruction and Manuals regarding the LESO Program, any Federal statute or regulation, or this State Plan of Operation.

6) In the event of a LEA termination, make every attempt to transfer the DLA LESO Program property of the terminated LEA to an authorized State/Territory or LEA, as applicable, prior to requesting a turn-in of the property to the appropriate DLA Disposition Services location.

   a) In cases relating to an LEA termination, the LEA will have 90 days to complete the transfer or turn-in of all DLA LESO Program property in their possession.

7) Notify the LESO and initiate an investigation into any questionable activity or action involving DLA LESO Program property issued to an LEA that comes to the attention of the State/Territory, and is otherwise within the authority of the Governor/State/Territory to investigate. Upon conclusion of any such investigation, take appropriate action and/or make appropriate recommendations on suspension or termination of the LEA to the LESO. States/Territories, acting on behalf of their Governor, may revoke or terminate their concurrence for LEA participation in the LESO Program at any time and for any reason.

8) Request that the LESO suspend or terminate a LEA from the LESO Program if a LEA fails to comply with any term of this SPO, the DLA Instructions and Manuals regarding the LESO Program, any Federal statute or regulation, or the SPO.

9) Implement State level LEA suspensions and notify the LESO if a LEA fails to comply with any term of this SPO, the DLA Instructions and Manuals regarding the LESO Program, any Federal statute or regulation, or the SPO.

10) Initiate corrective action to rectify suspensions and/or terminations placed upon the State for failure to meet the terms and conditions of the LESO Program.

11) Make contact (until resolved) with suspended LEA(s) within his/her State to ensure corrective actions are rectified by the timeframe provided by the LESO.

12) Require the LEAs to complete and submit results regarding all completed police investigations and/or reports regarding LEA DLA LESO Program property. The State/Territory must submit all documentation to the LESO upon receipt.

13) Provide documentation to the LESO when actionable items are rectified for the State and/or LEA(s).

14) Provide a written request to the LESO for reinstatement of an LEA via the State Coordinator or SPOC(s) for full participation status at the conclusion of a suspension period.

15) Provide a written request to the LESO for reinstatement of the State via the Governor for full participation status at the conclusion of a suspension period.

D. The LEA will:

1) In the event of the LEA termination, make every attempt to transfer the DLA LESO Program property to an authorized participating LEA, as applicable, prior to requesting a turn-in of the property to the approved DLA Disposition Services location.

a) In cases of a State termination, the State will have 120 days to complete the transfer or turn-in of all DLA LESO Program property in their State.

b) In cases relating to an LEA termination, the LEA will have 90 days to complete the transfer or turn-in of all DLA LESO Program property in their possession.

XIII. AMMUNTION

A. DLA in support of the United States Army will aid in allocating ammunition to LEAs.

1) U.S. Army will issue approved transfers directly to the LEA. LEAs are responsible for funding all costs associated with the packing and shipping of ammunition and will make reimbursements directly to the U.S. Army.

2) All ammunition obtained via the Law Enforcement Support Program will be for training purposes only. At the time of request, LEAs will certify in writing that the ammunition will

be used for training purposes only. Ammunition will not be obtained for the purpose of sale, lease, loan, personal use, rent, exchange, barter, transfer, or to secure a loan. Ammunition obtained through the Program will not be sold.

3) Ammunition will be treated as a consumable item and not tracked in any DLA inventory system or inspected during compliance reviews.

4) DLA Disposition Services will track and preserve necessary records of ammunition transferred to a LEA and will post all agency requests, approvals, and denials on the public web-page.

XIV. COSTS & FEES

All costs associated with the transportation, turn-in, transfer, repair, maintenance, insurance, disposal, repossession or other expenses related to property obtained through the LESO Program are the sole responsibility of the LEA. In the event a LEA is dissolved or disbanded and no civilian governing body exists, the State Coordinator's office will, on a case-by-case basis, coordinate the transfer or turn-in of all assigned property.

XV. NOTICES

Any notices, communications, or correspondence related to this agreement will be provided by E-mail, the United States Postal Service, express service, or facsimile to the appropriate DLA office. The LESO may, from time to time, make unilateral modifications or amendments to the provisions of this SPO. Notice of these changes will be provided to State Coordinators in writing. Unless State Coordinators take immediate action to terminate this SPO in accordance with Section XVIII, such modifications or amendments will become binding. In such cases, reasonable opportunity will, insofar as practicable, be afforded the State Coordinator to conform changes affecting their operations.

XVI. ANTI-DISCRIMINATION

A. By signing this SPO, or accepting excess DOD personal property under this SPO, the State pledges that it and each LEA agrees to comply with applicable provisions of the following national policies prohibiting discrimination:

1) On the basis of race, color, or national origin, in Title VI of the Civil Rights Act of 1964 (42 U.S.C. 2000d et seq.) as implemented by DOD regulations 32 C.F.R. Pt. 195.

2) On the basis of age, in the Age Discrimination Act of 1975 (42 USC 6101, et seq) as implemented by Department of Health and Human Services regulations in 45 C.F.R. Pt. 90.

3) On the basis of handicap, in Section 504 of the Rehabilitation Act of 1973, P.L. 93-112, as amended by the Rehabilitation Act Amendments of 1974, P.L. 93-516 (29 U.S.C. 794), as implemented by Department of Justice regulations in 28 C.F.R. Pt. 41 and DOD regulations at 32 C.F.R. Pt. 56.

B. These elements are considered the minimum essential ingredients for establishment of a satisfactory

business agreement between the State and the DOD.

XVII. INDEMNIFICATION CLAUSE

A. The State/LEA is required to maintain adequate liability insurance to cover damages or injuries to persons or property relating to the use of property issued under the LESO Program. Self-insurance by the State/LEA is considered acceptable. The U.S. Government assumes no liability for damages or injuries to any person(s) or property arising from the use of property issued under the LESO Program. It is recognized that State and local law generally limit or preclude State Coordinators/LEAs from agreeing to open ended indemnity provisions. However, to the extent permitted by State and local laws, the State/LEA will indemnify and hold the U.S. Government harmless from any and all actions, claims, debts, demands, judgments, liabilities, cost, and attorney's fees arising out of, claimed on account of, or in any manner predicated upon loss of, or damage to property and injuries, illness or disabilities to, or death of any and all persons whatsoever, including members of the general public, or to the property of any legal or political entity including states, local and interstate bodies, in any manner caused by or contributed to by the State/LEA, its agents, servants, employees, or any person subject to its control while the property is in the possession of, used by, or subject to the control of the State/LEA, its agents, servants, or employees after the property has been removed from U.S. Government control.

B. LEAs are not required to maintain insurance on controlled property, aircraft or other items with special handling requirements that remain titled to DoD. However, LEAs must be advised that if they elect to carry insurance and the insured property is on the LESO inventory at the time of loss or damage, the recipient must submit a check made payable to DLA for any insurance proceeds received in excess of their actual costs of acquiring and rehabilitating the property prior to its loss, damage, or destruction.

XVIII. TERMINATION

A. This SPO may be terminated by either party, provided the other party receives 30 days' notice, in writing, or as otherwise stipulated by Public Law.

B. The undersigned State Coordinator, CLEO and Civilian Governing Body official hereby agree to comply with all provisions set forth herein and acknowledge that any violation of the terms and conditions of this SPO may be grounds for immediate termination and possible legal consequences, to include pursuit of criminal prosecution if so warranted.

Administrative Review: Each item on the form will be reviewed for a complete response. In addition, the operator's legal name must be verified with Texas Secretary of State as valid and active (if applicable). The address(s) on the form must be verified with the US Postal service as receiving regular mail delivery. Do not give an overnight/express mailing address.

Notice of Deficiency: If an item is incomplete or not verifiable as indicated above, a notice of deficiency (NOD) will be mailed to the operator. The operator will have 30 days to respond to the NOD. The response will be reviewed for completeness.

Technical Review of SWMP: The NOI and SWMP will be reviewed to verify compliance with the requirements in the general permit. More information may be requested by phone or technical NOD letter mailed to the SWMP contact. When a determination is made that the SWMP meets the requirements of the

general permit, the Executive Director's preliminary determination will be prepared and filed with the TCEQ Office of Chief Clerk (OCC).

The comment period begins on the first date the notice is published and ends 30 days later, unless a public meeting is held. If a public meeting is held, the comment period will end at the closing of the public meeting.

The applicant must submit a copy of the newspaper clipping and an affidavit signed by the newspaper staff to the OCC within 60 days of receiving the written instructions from the OCC.

If significant public interest exists, the executive director will direct the applicant to publish notice of the meeting and to hold the public meeting. The applicant must publish the notice of public meeting at least 30 days prior to the public meeting and hold the meeting in the county where the MS4 is located.

Acknowledgment of Coverage: An Acknowledgment Certificate will be mailed to the operator. This certificate acknowledges coverage under the general permit.

or

Denial of Coverage: Coverage may be denied if the operator fails to respond to the NOD, the response is inadequate, or the NOI and SWMP do not meet the requirements of the general permit. If coverage is denied, the operator will be notified.

General Permit

Coverage under the general permit begins upon approval of the NOI, Core Data Form, and SWMP by TCEQ and after the public notice process has been completed. You should have a copy of your general permit when submitting your application. You may view and print your permit for which you are seeking coverage, at the following website http://www.tceq.texas.gov. Search using keyword TXR040000.

Briefly describe the boundaries of the regulated portion of the small MS4.

Section 5. General Characteristics

a) Indian Country Lands
If your site is located on Indian Country Lands, the TCEQ does not have authority to process your application. Do not submit this application form to TCEQ. You must obtain authorization through EPA, Region 6, in Dallas.

b) TCEQ "Designated" Small MS4
A small MS4 that is outside of an urbanized area that is formally "designated" by TCEQ is eligible for coverage under this general permit. The small MS4 Operator must obtain authorization under this general permit or apply for coverage under an individual TPDES stormwater permit within 180 days of notification of their designation. If the small MS4 was already designated, please attach a copy of the documentation sent to the MS4 by TCEQ.

c) MS4 Level
The general permit defines MS4s by four different levels, based on the population served within the 2010 U.S. Census urbanized area (UA). "Population served" means the residential population within the regulated portion of the small MS4 based on the 2010 U.S. Census, except for non-traditional small MS4s that are classified as Level 2.

A reference map identifying the 2010 U.S. Census UAs can be found at www.epa.gov/npdes/urbanized-area-maps-npdes-ms4-phase-ii-stormwater-permits.

Districts that did not have a population during the 2010 U.S. Census, are required to apply when their population exceeds the population threshold for permit coverage.

d) Estimated Population
List the current estimated population served by the MS4. This number will not be used to determine the Levels.

e) Coalitions of MS4 entities

The annual report must address the previous reporting year. The selected

reporting year cannot be changed during the permit term.

- If the MS4 selects the calendar year, then the reporting year is from January 1 through December 31 of each year.
- If the MS4 selects the Phase II MS4 General Permit year, the reporting year is from the effective date of the general permit plus 365 days of each year.
- If the MS4 selects the fiscal year, the reporting year is from the first day of the MS4's fiscal year through the last day of the MS4's fiscal year. Provide the month and last day of the MS4's fiscal year.

1. Certify, by selecting Yes, that the SWMP has been developed in accordance with the general permit requirements and is attached to this NOI.
2. Certify, by selecting Yes, that the SWMP Cover Sheet has been completed and is attached to the front of the SWMP.
3. If the MS4 was previously authorized under the general permit, the program elements in the previous SWMP must be re-assessed and modified. Additionally, new program elements must be developed. Do not submit the exact same SWMP that was previously submitted. Indicate that you have revised the previous SWMP, or that this is a newly regulated MS4.
4. Indicate if the MS4 is seeking coverage under this general permit for the optional MCM 7 for municipal construction activities where the MS4 meets the definition of "construction site operator".
   If Yes, the SWMP must include the geographic area or boundary where MCM 7 will be implemented. If this area extends beyond the geographic area or boundary of the urbanized area, then all MCMs 1-7 must be implemented in the urbanized and non-urbanized areas. The MS4 operator can utilize MCM 7 only in areas that are in compliance with the SWMP's MCMs 1-7. If you do **NOT** incorporate the entire SWMP (MCMs 1-7) in the urbanized and the non-urbanized areas, then the MS4 cannot utilize only MCM 7 outside of the urbanized area.

i) Discharge Information

1. Provide the name of all waterbodies that receive discharges from the MS4. The discharge eventually reaches a receiving waterbody such as a local stream or lake, possibly via a drainage ditch or even through another MS4 prior to reaching the waterbody. Please note that this general permit does not grant permission to use another MS4 as a conveyance of stormwater and certain non-storm water discharges along the discharge route.
2. Identify the classified segment number(s) that will eventually receive the discharge. You can find classified segment numbers in the Atlas of Texas Surface Waters at: www.tceq.texas.gov/publications/gi/gi-316 or the Surface Water Quality (Segments) Viewer at: https://www.tceq.texas.gov/gis/segments-viewer
   Indicate if the discharge is directly into the classified segment or if it reaches the classified segment after being discharged into another waterbody or MS4.
3. Indicate if any waterbodies receiving discharges are identified as impaired

waters (Category 4 or 5) in the *Texas Integrated Report of Surface Water Quality*, which is available at: http://www.tceq.texas.gov/waterquality/assessment/305_303.html.

If Yes, provide the name(s) of the impaired waterbodies and the pollutants of concern for those waterbodies. The pollutants of concern are the parameters for which the waterbody is impaired.

4. Indicate if the impaired waterbody has a TMDL and list the pollutants with a TMDL (Category 4 waterbody).
5. Indicate if the discharge is into any other MS4 entity's jurisdiction prior to reaching water in the state.

   If Yes, provide the name of the MS4 operator that receives the discharge.

6. **Edwards Aquifer Rule**

   Indicate if the discharge or potential discharge is within the Recharge Zone, Contributing Zone, or Contributing Zone within the Transition Zone of the Edwards Aquifer. See maps on the TCEQ website to determine if the site is located within the Recharge Zone, Contributing Zone, or Contributing Zone within the Transition Zone of the Edwards Aquifer at https://www.tceq.texas.gov/permitting/eapp/viewer.html.

   If Yes, additional requirements may exist under the Edwards Aquifer Protection Program (30 TAC Chapter 213). For activities regulated under 30 TAC Chapter 213, any required plans must be included in the SWMP. Compliance with any Edwards Aquifer requirements is in addition to the requirements of this general permit.

j) Public Participation

1. Provide the name and contact information of the person responsible for publishing the public notice in the newspaper.
2. Provide the name and location of a public place where copies of the NOI, SWMP, General Permit, and permit fact sheet will be available to the public for viewing. Examples of public places include public libraries, city hall, municipal buildings, etc.
3. Provide the address for the website where the MS4's SWMP and annual report will be posted. Indicate if the MS4 does not have a website.

Section 6. Certifications

Failure to indicate "Yes" to ALL of the certification items may result in denial of coverage under the general permit. The certification must bear an original signature of a person meeting the signatory requirements specified under 30 Texas Administrative Code §305.44.

IF YOU ARE A CORPORATION:

The regulation that controls who may sign an application form is 30 Texas Administrative Code §305.44(a), which is provided below. According to this code provision, any corporate representative may sign an NOI or similar form so long as the authority to sign such a document has been delegated to that person in accordance with corporate procedures. By signing the NOI or similar form, you are certifying that such authority has been delegated to you. The TCEQ may request documentation evidencing such authority.

IF YOU ARE A MUNICIPALITY OR OTHER GOVERNMENT ENTITY:

The regulation that controls who may sign an NOI or similar form is 30 Texas Administrative Code §305.44(a), which is provided below. According to this code provision, only a ranking elected official or principal executive officer may sign an NOI or similar form. Persons such as the City Mayor or County Commissioner will be considered ranking elected officials. In order to identify the principal executive officer of your government entity, it may be beneficial to consult your city charter, county or city ordinances, or the Texas statutes under which your government entity was formed. An NOI or similar document that is signed by a government official who is not a ranking elected official or principal executive officer does not conform to §305.44(a) (3). The signatory requirement may not be delegated to a government representative other than those identified in the regulation. By signing the NOI or similar form, you are certifying that you are either a ranking elected official or principal executive officer as required by the administrative code. Documentation demonstrating your position as a ranking elected official or principal executive officer may be requested by the TCEQ.

If you have any questions or need additional information concerning the signatory requirements discussed above, please contact the Texas Commission on Environmental Quality's Environmental Law Division at 512-239-0600.

30 TEXAS ADMINISTRATIVE CODE §305.44. SIGNATORIES TO APPLICATIONS

(a) All applications shall be signed as follows.

(1) For a corporation, the application shall be signed by a responsible corporate officer. For purposes of this paragraph, a responsible corporate officer means a president, secretary, treasurer, or vice-president of the corporation in charge of a principal business function, or any other person who performs similar policy or decision-making functions for the corporation; or the manager of one or more manufacturing, production, or operating facilities employing more than 250 persons or having gross annual sales or expenditures exceeding $25 million (in second-quarter 1980 dollars), if authority to sign documents has been assigned or delegated to the manager in accordance with corporate procedures. Corporate procedures governing authority to sign permit or post-closure order applications may provide for assignment or delegation to applicable corporate positions rather than to specific individuals.

(2) For a partnership or sole proprietorship, the application shall be signed by a general partner or the proprietor, respectively.

(3) For a municipality, state, federal, or other public agency, the application shall be signed by either a principal executive officer or a ranking elected official. For purposes of this paragraph, a principal executive officer of a federal agency includes the chief executive officer of the agency, or a senior executive officer having responsibility for the overall operations of a principal geographic unit of the agency (e.g., regional administrator of the EPA).

SWMP Cover Sheet

The SWMP cover sheet must be completed and placed on the front of the SWMP. Both the SWMP cover sheet and the SWMP must be submitted with the complete NOI.

Provide the name of the MS4 operator.

For each MCM, complete the table by entering the page number (or page number range) where each required program element can be found in the SWMP.

Note: Some program elements are only required for certain MS4 levels. The tables clearly identify these MS4 level specific requirements. If one of these program element does not apply to the MS4 level for this facility, enter NA. Additionally, MCM 7 is optional. If you selected "No" on the NOI Section 5.e.4 question, enter NA on Table 7.

Williamson County Road Bond Program

Inner Loop Improvements
Williamson County Project No. 1706-168

Change Order No. 5

Reason for Change

This Change Order provides the final balancing for the overrun/underrun of Contract quantities on the project as a result of addressing field conditions not accounted for in the original plans, adds time for work added in Change Order #2 and corrects an error in a previously reported quantity.

The cost of Item 999-WC02 Fiber Relocation was unknown prior to the bid. An estimated cost of $250,000.00 was included in the contract for this item. The Contractor submitted a cost of $71,529.14 for the work which resulted in a savings of $178,470.86 to the contract.

Change Order #2 compensated the Contractor for having to stockpile material excavated from the ponds and then re-handling the material for construction of the roadway. The TCEQ permit obtained after the contract was awarded, required the detention ponds at Wilco Way to be functional prior to beginning construction of the roadway. This Change Order adds eight (8) days to the contract for this work.

A new bid item was added to correct an error in Change Order #3, where Item 467-6363 had the incorrect bid price.

Following is the description of the added item.

ITEM	DESCRIPTION	QTY	UNIT
467-6363*	SET (TY II)(18IN)(RCP)(6:1)(P)(CORRECTION)	(2.00)	EA

This Change Order results in a decrease of $343,688.29 to the Contract amount, for an adjusted Contract total of $5,256,692.67. The original Contract amount was $5,352,696.00. As a result of this final Change Order, $96,003.33 has been deducted from the Contract, resulting in a 1.79% net decrease in the Contract cost. Eight (8) days will be added to the Contract as a result of this Change Order.

STATE OF TEXAS §

COUNTY OF TRAVIS §

ADVANCE FUNDING AGREEMENT
AMENDMENT #1

THIS AMENDMENT is made by and between the State of Texas, acting through the Texas Department of Transportation, called the State, and County of Williamson, acting by and through its duly authorized officials, called the Local Government.

W I T N E S S E T H

WHEREAS, the State and the Local Government executed a contract on 12/21/2017 to effectuate their agreement to improve the intersection of RM 2243 at Southwest Bypass; and,

WHEREAS, it has become necessary to amend that contract;

NOW THEREFORE, in consideration of the premises and of the mutual covenants and agreements of the parties, the State and the Local Government do agree as follows:

A G R E E M E N T

1. Description of Amended Items

A. CSJ#0015-09-199 has been added to the header.

B. Article 3. Scope of work, is deleted in its entirety and replaced with the following
Scope of Work

The Local Government shall design and construct an eastbound right turn lane and mill and overlay of the existing RM 2243 to improve crown at crossover of the intersection of RM 2243 at SouthWest Bypass. The Local Government shall also design and install new striping at the intersection of SouthWest Bypass and Inner loop, identified as CSJ#0015-09-199, as shown in Attachment B-1.

The Local Government shall also design a traffic signal in accordance with department standards. If the traffic signal is warranted, based on actual traffic volumes and before construction is complete for the right turn lane and overlay work, the Local Government will fully construct the signal at its expense. The State will inspect the project before acceptance.

If the traffic signal is not warranted before construction is complete, the Local Government will install the traffic signal poles, including illumination. At such time when

the traffic signal is warranted, the Local Government shall then provide the mast arms to the State. After which, the State will construct the traffic signal.

C. Article 4. **Project Sources and Uses of Funds** is deleted in its entirety and replaced with the following

4. Project Sources and Uses of Funds

The total estimated cost of the Project is shown in Attachment C-1, Project Budget, which is attached to and made a part of this Agreement

A. If the Local Government will perform any work under this Agreement for which reimbursement will be provided by or through the State, the Local Government must complete training. Training is complete when at least one individual who is working actively and directly on the Project successfully completes and receives a certificate for the course entitled "Local Government Project Procedures and Qualification for the Texas Department of Transportation" and retains qualification in accordance with applicable TxDOT procedures. Upon request, the Local Government shall provide the certificate of qualification to the State. The individual who receives the training certificate may be an employee of the Local Government or an employee of a firm that has been contracted by the Local Government to perform oversight of the Project. The State in its discretion may deny reimbursement if the Local Government has not continuously designated in writing a qualified individual to work actively on or to directly oversee the Project.

B. The expected cash contributions from the State, the Local Government, or other parties are shown in Attachment C. The State will pay for only those Project costs that have been approved by the Texas Transportation Commission.

C. Attachment C shows, by major cost categories, the cost estimates and the party responsible for performing the work for each category. These categories may include but are not limited to: (1) costs of real property; (2) costs of utility work; (3) costs of environmental assessment and remediation; (4) cost of preliminary engineering and design; (5) cost of construction and construction management; and (6) any other local project costs.

D. The State will be responsible for securing the State share of the funding required for the development and construction of the local Project. If the Local Government is due funds for expenses incurred, these funds will be reimbursed to the Local Government on a cost basis.

E. The Local Government will be responsible for all non-State participation costs associated with the Project, unless otherwise provided for in this Agreement or approved otherwise in an amendment to this Agreement. Where Special Approval has been granted by the State under 43 TAC §15.52, the Local Government shall only in that instance be responsible for overruns in excess of the amount specified in Attachment C to be paid by the Local Government.

F. If the Project has been approved for a specified percentage or a periodic payment non-standard funding or payment arrangement under 43 TAC §15.52, the budget in Attachment C will clearly state the specified percentage or the periodic payment schedule.

G. When Special Approval has been granted by the State so that the Local Government bears the responsibility for paying cost overruns, the Local Government shall make payment to the State within thirty (30) days from the receipt of the State's written notification of those amounts.

H. Prior to the performance of any engineering review work by the State, the Local Government will pay to the State the amount specified in Attachment C. At a minimum, this amount shall equal the Local Government's funding share for the estimated cost of preliminary engineering performed or reviewed by the State for the Project. At least sixty (60) days prior to the date set for receipt of the construction bids, the Local Government shall remit its remaining financial share for the State's estimated construction oversight and construction cost.
I. The State will not execute the contract for the construction of the Project until the required funding has been made available by the Local Government in accordance with this Agreement.
J. Whenever funds are paid by the Local Government to the State under this Agreement, the Local Government shall remit a check or warrant made payable to the "Texas Department of Transportation" or may use the State's Automated Clearing House (ACH) system for electronic transfer of funds in accordance with instructions provided by TxDOT's Finance Division. The funds shall be deposited and managed by the State and may only be applied by the State to the Project.
K. The State will not pay interest on any funds provided by the Local Government.
L. If a waiver for the collection of indirect costs for a service project has been granted under 43 TAC §15.56, the State will not charge the Local Government for the indirect costs the State incurs on the local Project, unless this Agreement is terminated at the request of the Local Government prior to completion of the Project.
M. If the Local government is an Economically Disadvantaged County (EDC) and if the State has approved adjustments to the standard financing arrangement, this Agreement reflects those adjustments.
N. Where the Local Government is authorized to perform services under this Agreement and be reimbursed by the State, the Local Government is authorized to submit requests for reimbursement by submitting the original of an itemized invoice in a form and containing all items required by the State no more frequently than monthly, and no later than ninety (90) days after costs are incurred. If the Local Government submits invoices more than ninety (90) days after the costs are incurred the State may refuse to reimburse the Local Government for those costs.
O. Upon completion of the Project, where Special Approval has been granted by the State under 43 TAC 15.52, the State will perform a final accounting of the Project costs. Any funds due by the Local Government or the State will be promptly paid by the owing party.
P. The state auditor may conduct an audit or investigation of any entity receiving funds from the State directly under this Agreement or indirectly through a subcontract under this Agreement. Acceptance of funds directly under this Agreement or indirectly through a subcontract under this Agreement acts as acceptance of the authority of the state auditor, under the direction of the legislative audit committee, to conduct an audit or investigation in connection with those funds. An entity that is the subject of an audit or investigation must provide the state auditor with access to any information the state auditor considers relevant to the investigation or audit.
Q. Payment under this Agreement beyond the end of the current fiscal biennium is subject to availability of appropriated funds. If funds are not appropriated, this Agreement shall be terminated immediately with no liability to either party.

D. Article 23. **Inspection of Books and Records** is deleted in its entirety and replaced with the following:

23. Inspection of Books and Records
The parties to this Agreement shall maintain all books, documents, papers, accounting records, and other documentation relating to costs incurred under this Agreement and shall make such materials available to the State and the Local Government, or their duly authorized representatives for review and inspection at its office during the Agreement period and for seven (7) years from the date of completion of work defined under this Agreement or until any impending litigation, or claims are resolved. Additionally, the State and the Local Government and their duly authorized representatives shall have access to all the governmental records that are directly applicable to this Agreement for the purpose of making audits, examinations, excerpts, and transcriptions.

E. Attachment B Project Map is deleted in its entirety and replaced by Attachment B-1 Project Map which is attached to and made part of this Amendment

F. Attachment C Project Budget is deleted in its entirety and replaced by Attachment C-1, Project Budget, which is attached to and made part of this Amendment.

The contract budget is increased by $77,998 from $438,048 to $516,046 because additional scope is added with CSJ 0015-09-199

All other provisions of the original contract are unchanged and remain in full force and effect.

2. Signatory Warranty
Each signatory warrants that the signatory has necessary authority to execute this agreement on behalf of the entity represented.

Each party is signing this amendment on the date stated under that party's signature.

Agenda Item

Discuss and take appropriate action on the 2019-2023 Community Development Block Grant (CDBG) Consolidated Plan, 2019 Action Plan and updated Citizen Participation Plan.

Background

Williamson County has been awarded a Community Development Block Grant (CDBG) FY19 funding allocation of $1,467,836 to successfully support community development and affordable housing efforts for low and moderate-income areas throughout the County. This is a request for the approval of the 2019 Annual Action Plan which lists specific projects to be funded in 2019 and a request for the approval of the Consolidated Plan which describes goals, objectives and the types of activities to be potentially funded over the next five years. The priorities listed in the 5 year Consolidated Plan were approved by the Court on April 23, 2019.

A statement was added to the current Citizen Participation Plan (approved by Court on November 14, 2017) that would allow the County to fund emergency projects in a timelier manner. The statement that was added is:

In the Event of a Disaster

In the event of a federally declared disaster where program funds covered by this Plan may be expended to carry out eligible activities to address the County's disaster response, the County's requirements under this Plan will be streamlined in accordance with any/all applicable HUD waivers, to include:

a) A 7-day public display and comment period to amend the Con Plan
b) A minimum of one public hearing shall be held to receive comments on the proposed amendment

Executive Summary

ES-05 Executive Summary - 24 CFR 91.200(c), 91.220(b)

Introduction

The Williamson County, TX Five-Year Consolidated Plan (Con Plan) is mandated by federal law and regulations promulgated by the U.S. Department of Housing and Urban Development (HUD) for the County to receive federal funding for affordable housing and community development initiatives benefitting primarily low- and moderate-income persons. This Con Plan consolidates into a single document the planning and application requirements for the Community Development Block Grant (CDBG) program.

Con Plans must be prepared and submitted to HUD every three to five years. Williamson County uses a five-year Con Plan cycle; this plan covers fiscal years 2019 – 2023. The purpose of the Williamson County Con Plan is to:

- assess the County's affordable housing and community development needs;
- analyze the County's housing markets;
- articulate the County's priorities, goals, and strategies to address identified needs; and
- describe the actions the County will take to implement strategies for affordable housing and community development.

Williamson County's Con Plan for FY 2020 – FY 2023 provides data on trends and conditions related to Williamson County's current and future affordable housing and community development needs. The analysis of this data has been used to establish priorities, strategies, and actions that the County will undertake to address these needs over the next five years. Annually, the County will develop its Action Plan in which it will describe the planned investment of federal resources to implement specific activities.

Williamson County anticipates receiving $1,467,836 in FY 2019. Assuming the same allocation for each of the four remaining years in the Con Plan, the County will receive $5,871,344 in additional funding for the remainder of the Con Plan.

Summary of the objectives and outcomes identified in the Plan Needs Assessment Overview

Housing needs among residents of Williamson County were determined by analyzing housing problems by income level, tenure, and households with special needs. For the Con Plan, sources included the Comprehensive Housing Affordability Strategy (CHAS) dataset, which is based on the

DRAFT

2011-2015 American Community Survey Five-Year Estimates. This source analyzes households with one or more housing problems (overcrowding, lacking adequate kitchen or plumbing facilities), and households experiencing cost burden and severe cost burden.

The most significant housing issue identified was cost burden, defined as spending between 30-50% of household income on housing costs, such as mortgage and rent payments. According to CHAS data, 16.1% of households in the County are cost burdened, particularly households with incomes from 30-80% AMI. Similarly, severe cost burden is defined as spending over 50% of household income on housing. In Williamson County, 10.24% of households are severely cost burdened, particularly households with incomes from 0-50% AMI. Substandard housing (i.e. lack of complete kitchen and/or plumbing) and overcrowding are the most prevalent housing problems after cost burden and severe cost burden, particularly among the lowest-income renter households.

To address the identified housing needs, the County has established the following goals and outcomes to be achieved through the investment of its CDBG resources in the first year:

Goal	Goal Outcome Indicators
Housing rehabilitation	Homeowner Housing Rehabilitated: 25 households

Summary of public comments

Major needs highlighted during the public participation process include:

Affordable Housing:

- There is a continued demand for affordable housing for low- and moderate-income households.
- The cost of land acquisition is high which makes developing affordable units difficult to impossible.
- There is a significant number of elderly residents on Social Security Income who cannot find affordable homes; elderly housing is needed.

Workforce Development:

- There is a need for skills training for low-income residents as there are jobs that pay living wage, especially in construction, but a major training gap prevents low-income residents from taking advantage.

Infrastructure and Public Facilities:

- Road and sewer infrastructure is a major need for growing cities; the need to build infrastructure slows residential development that is needed to accommodate growth.
- The streets in many towns, especially older towns, are in bad condition.
- The most prominent issues in older towns are related to water and sewer lines. It's too expensive to be proactive about replacing aging infrastructure, so these towns have to be reactive and replace infrastructure where it fails.
- There are significant transportation needs among low-income and elderly persons.

Homelessness:

- There is a need for housing and services for homeless youth, especially those who age out of the foster system and have nowhere to go.
- There is a need for a day shelter to provide a place for persons experiencing homelessness to go during the day.

Health and Social Services:

- There is a need for additional resources for mental health services, including supported housing as many persons in mental health crisis are couch surfing or on the verge of homelessness.
- There is a need for more affordable childcare.

PR-10 Consultation - 91.100, 91.200(b), 91.215(l)

Introduction

Williamson County developed an outreach effort to maximize input from a large cross-section of stakeholders. The outreach effort included public meetings, stakeholder meetings, published meeting notices, and a web survey conducted in both English and Spanish.

Several housing, social service agencies, and other organizations serving Williamson County were consulted during the development of this Consolidated Plan. The County held stakeholder meetings from March 6-8, 2019. Participants included affordable housing providers, neighborhood organizations, homeless and social service providers, and county staff members.

Provide a concise summary of the jurisdiction's activities to enhance coordination between public and assisted housing providers and private and governmental health, mental health and service agencies (91.215(l)).

Williamson County encourages public communication and agency consultation to demonstrate its commitment to identifying priority needs and engaging the participation of citizens, public agencies, and nonprofit organizations in a positive and collaborative manner. A list of stakeholders and affordable housing providers was developed and included public agencies and private nonprofit organizations whose missions include the provision of affordable housing and human services to low- and moderate-income households and persons. These stakeholders were invited to participate in group interviews held for the purpose of developing the Con Plan. The list of stakeholders is included in the Citizen Participation Comments section.

Based on the public meetings and stakeholder interviews, a set of priorities was established by the Williamson County for the next five years.

Describe coordination with the Continuum of Care and efforts to address the needs of homeless persons (particularly chronically homeless individuals and families, families with children, veterans, and unaccompanied youth) and persons at risk of homelessness

Williamson County participates in the Balance of State Continuum of Care (BoS CoC). Stakeholders working with persons experiencing homelessness or who are at risk of experiencing homelessness participated in the process. The County has allocated $50,000 to a service provider to provide services for persons who are unstably housed. Williamson County expects that similar initiatives will be funded in future years of the Con Plan.

Describe consultation with the Continuum(s) of Care that serves the jurisdiction's area in determining how to allocate ESG funds, develop performance standards and evaluate outcomes, and develop funding, policies and procedures for the administration of HMIS

Service providers that work with persons experiencing homelessness participated in stakeholder meetings as described above. The City does not receive ESG funds.

Needs Assessment

NA-05 Overview

Needs Assessment Overview

The needs assessment is based on an analysis of housing problems across Williamson County by income level among renters, owners, and households with special needs. Needs were identified through a comprehensive public outreach process that included stakeholder consultation, public hearings, and a review process designed to engage citizens.

Data in this section was drawn primarily from HUD's Comprehensive Housing Affordability Strategy (CHAS) data set, which is a special tabulation of 2011-2015 American Community Survey (ACS) data from the Census Bureau. The CHAS data describes housing problems, such as overcrowding or incomplete kitchen and/or plumbing facilities, as well as cost burden/severe cost burden. Supplemental data were drawn from the 2013-2017 ACS 5-Year estimates, 2011-2015 CHAS and other sources to provide additional context when needed.

DRAFT

NA-10 Housing Needs Assessment - 24 CFR 91.205 (a,b,c)

High housing costs reduce economic opportunities and access to prosperity, especially among lower-income households in Williamson County. There is an increased need for affordable housing options. Between 2000 and 2013, the median income for County residents *declined* by 22% after adjusting for inflation; median rent *declined* by 9.32% and median home values *increased* by 5.84%. Between 2013 and 2017, the median income for County residents *increased* by 4.50% after adjusting for inflation, while median rent *increased* by 10.38% and median home values *increased* by 20.38% indicating that the housing market has gotten significantly more costly since the recession of 2008 ended. The result is that housing costs consume a relatively larger share of household income among residents. Even with an increase in real wages, growth in wages is not keeping pace with housing costs, which translates to diminished buying power for households. Given a lack of decent, affordable housing options, the area's lower-income households often face a choice between deficient housing and cost burden.

Describe the number and type of single person households in need of housing assistance.

According to 2010-2014 CHAS data, 36.42% and 42.40% of owners and renters, respectively, are cost burdened. In the aggregate, 28.41% of households are cost-burdened; single-person households are cost-burdened at higher rates.

Estimate the number and type of families in need of housing assistance who are disabled or victims of domestic violence, dating violence, sexual assault and stalking.

Hope Alliance provides shelter to victims of domestic violence and their children. According to their website, there are approximately 3,000 clients served annually, 6,854 nights of shelter were provided and 7,500 volunteer hours to run the program. Hope Alliance reports that there is an increasing need for emergency shelter, though specific numbers are not available.

What are the most common housing problems?

As shown in the tables above, the most significant housing issues identified are cost burden and severe cost burden. Cost burden is defined as spending over 30% of household income on housing costs, such as mortgage and rent payments. According to 2010-2014 CHAS data, 27.73% of County households are cost burdened. Severe cost burden is defined as spending over 50% of household income on housing; 10.63% of households are severely cost burdened.

With regard to other housing problems, overcrowding and lack of complete plumbing and kitchen facilities are the next most common problems though this is a far less prevalent issue when compared with cost burden and severe cost burden.

Are any populations/household types more affected than others by these problems?

Cost burden is slightly more common among elderly family and elderly non-family households; 31.27% are cost burdened. Among these households, 64% are owner-occupied. Owner-occupied households are more likely to be cost burdened for all household types except Other and Elderly non-family.

Among renters, the lowest-income households are most affected by housing problems such as cost burden, severe cost burden and substandard housing. Among renters with incomes 0-30% AMI, over half reside in substandard housing.

Among homeowners, the lowest-income households are most likely to have housing problems though there is also a large percentage of households with incomes 50-80% AMI that have housing problems; 26.51% have substandard housing, 42.19% are severely overcrowded, 50.00% are overcrowded and 27.21% are cost burdened. These trends among homeowners suggest that households are buying smaller homes that are still difficult to afford, leading to cost burden and overcrowding.

DRAFT

Describe the characteristics and needs of Low-income individuals and families with children (especially extremely low-income) who are currently housed but are at imminent risk of either residing in shelters or becoming unsheltered 91.205(c)/91.305(c)). Also discuss the needs of formerly homeless families and individuals who are receiving rapid re-housing assistance and are nearing the termination of that assistance

Individuals and families with children who are currently housed but are at risk of becoming unsheltered typically have a combination of financial factors present in their lives including unemployment/loss of employment, high or unexpected medical costs, and high child care costs. Contributing to these factors could be a lack of reliable transportation in the form of a personal vehicle or public transit. Additionally, some individuals and families may have other needs related to mental health, substance abuse, domestic violence, and/or prior experiences of being homeless, among other compounding issues.

Stakeholders identified the following needs for individuals and families with children who are at risk of experiencing homelessness:

- More vouchers to access decent, affordable housing;
- Affordable child care;
- Access to public transit;
- Education of school professionals regarding existing services to assist students who are at risk of or who are known to be living in cars or couch surfing; and
- Credit counseling opportunities as low and bad credit is a contributing factor to being unstably housed.

If a jurisdiction provides estimates of the at-risk population(s), it should also include a description of the operational definition of the at-risk group and the methodology used to generate the estimates:

There is no available estimate of the size of the at-risk population.

DRAFT

Specify particular housing characteristics that have been linked with instability and an increased risk of homelessness

The following characteristics – identified by stakeholders - are linked to housing instability and an increased risk of homelessness:

- People move to Williamson County looking for affordable housing but are unable to find employment;
- Housing costs are rising;
- Rising costs in Austin are pushing people who are not stably housed out of the city and into Williamson County in search of affordable housing;
- Households that face an emergency or incur unexpected expenses and, because they have no safety net, become homeless; and
- Low credit scores impact access to housing.

Discussion:

The following section, Narrowing the Digital Divide, is now required by HUD to be included in the Consolidated Plan. This rule amends HUD's Consolidated Plan regulations to require that jurisdictions, including Williamson County, consider two additional concepts in their planning efforts: narrowing the digital divide and natural hazard risk. Note: the Natural Hazard Risk section is in MA-20: Housing Market Analysis Condition of Housing.

Narrowing the Digital Divide (91.210(a)(4)

According to FCC data on residential wired broadband access, there are few areas in the County in which broadband is not available as shown on the following map generated by PolicyMap. All areas with inadequate broadband access are located in the northernmost part of the County (highlighted in yellow on the map below).

NA-15 Disproportionately Greater Need: Housing Problems – 91.205 (b)(2)

Assess the need of any racial or ethnic group that has disproportionately greater need in comparison to the needs of that category of need as a whole.

Introduction

HUD defines a disproportionately greater housing need when a racial or ethnic group experiences housing problems at a rate over 10 percentage points more than that of the corresponding income level as a whole. The data table below summarizes the percentage of each racial/ethnic group experiencing housing problems by HUD Adjusted Median Family Income (HAMFI) levels. Where the HUD tables below report AMI, they refer to HAMFI. Housing problems include:

- Housing units lacking complete kitchen facilities and/or complete plumbing facilities
- Overcrowding (more than one person per room)
- Housing costs greater than 30% of income (i.e. cost burden)

According to the 2013-2017 ACS, the total populations of Native Hawaiian and American Indian/Alaska Native in Williamson County are 0.1% and 0.3%, respectively. Given the low share of these populations, the estimates from the ACS and CHAS datasets may have relatively large margins of error and are therefore unreliable.

In general, the percentage of households with a housing problem is high for the lowest income brackets (0-30% AMI) and decreases as income increases. According to the above definitions:

- Asian households earning 50-80% AMI have disproportionately greater housing problems.

While there are few differences by racial/ethnic group with regard to disproportionate housing need, the data point to significant cost burden. Among households 0-30% AMI, 87.4% are cost burdened. The rate of cost burden declines slightly for households at 30-50% AMI (72.2%). This indicates that this is a problem for all low- and moderate-income households independent of racial/ethnic group.

NA-20 Disproportionately Greater Need: Severe Housing Problems – 91.205 (b)(2)

Assess the need of any racial or ethnic group that has disproportionately greater need in comparison to the needs of that category of need as a whole.

Introduction

HUD defines a disproportionately greater housing need with severe housing problems when a racial/ethnic group experiences housing problems at a rate over 10 percentage points more than that of the corresponding income level as a whole. The data table below summarizes the percentage of each racial/ethnic group experiencing housing problems by various income levels. Severe housing problems include:

- Housing units lacking complete kitchen facilities and/or complete plumbing facilities
- Severe overcrowding (more than 1.5 person per room)
- Housing costs greater than 50% of income (i.e. severe cost burden)

According to the 2013-2017 ACS, the total populations of Native Hawaiian and American Indian/Alaska Native in Williamson County are 0.1% and 0.3%, respectively. Given the low share of these populations, the estimates from the ACS and CHAS datasets may have relatively large margins of error and are therefore unreliable.

In general, the percentage of households with a severe housing problem is high for the lowest income brackets (0-50% AMI) and decreases as income increases. According to the above definitions, the following group in Williamson experiences one or more severe housing problems at a disproportionate level:

- American Indians earning 0-30% of AMI.

However, due to the very small American Indian population in the County, this is not considered a reliable indicator. The most significant finding in the following table is that more than three of every four households at 0-30% AMI are paying more 50% of their income on monthly housing costs.

NA-25 Disproportionately Greater Need: Housing Cost Burdens – 91.205 (b)(2)

Assess the need of any racial or ethnic group that has disproportionately greater need in comparison to the needs of that category of need as a whole.

Introduction

HUD defines a disproportionately greater housing need when a racial or ethnic group experiences housing problems at a rate over 10 percentage points more than that of the corresponding income level as a whole. Cost-burdened is defined as paying more than 30% of income on housing expenses, and severely cost burdened is defined as paying greater than 50% of income ono housing. The data table below summarizes the percentage of each racial/ethnic group experiencing cost burden at various income levels. Based on these definitions, no racial/ethnic group in Williamson County experiences cost burden or severe cost burden at a disproportionate level.

While there are few differences by racial/ethnic group, a significant proportion of the population faces cost burden or severe cost burden. Within the jurisdiction as a whole, 15.5% of households are cost burdened and 9.8% are severely cost burdened.

NA-30 Disproportionately Greater Need: Discussion – 91.205(b)(2)

Are there any Income categories in which a racial or ethnic group has disproportionately greater need than the needs of that income category as a whole?

The impact of housing problems in Williamson County varies primarily by income level. However, the following groups within an income tier and race/ethnicity category experienced problems at a rate at least 10 percentage points higher than the County as a whole:

Housing Problems

- Asian households earning 50-80% AMI

Severe Housing Problems

- American Indians earning 0-30% of AMI

Cost Burden

- None

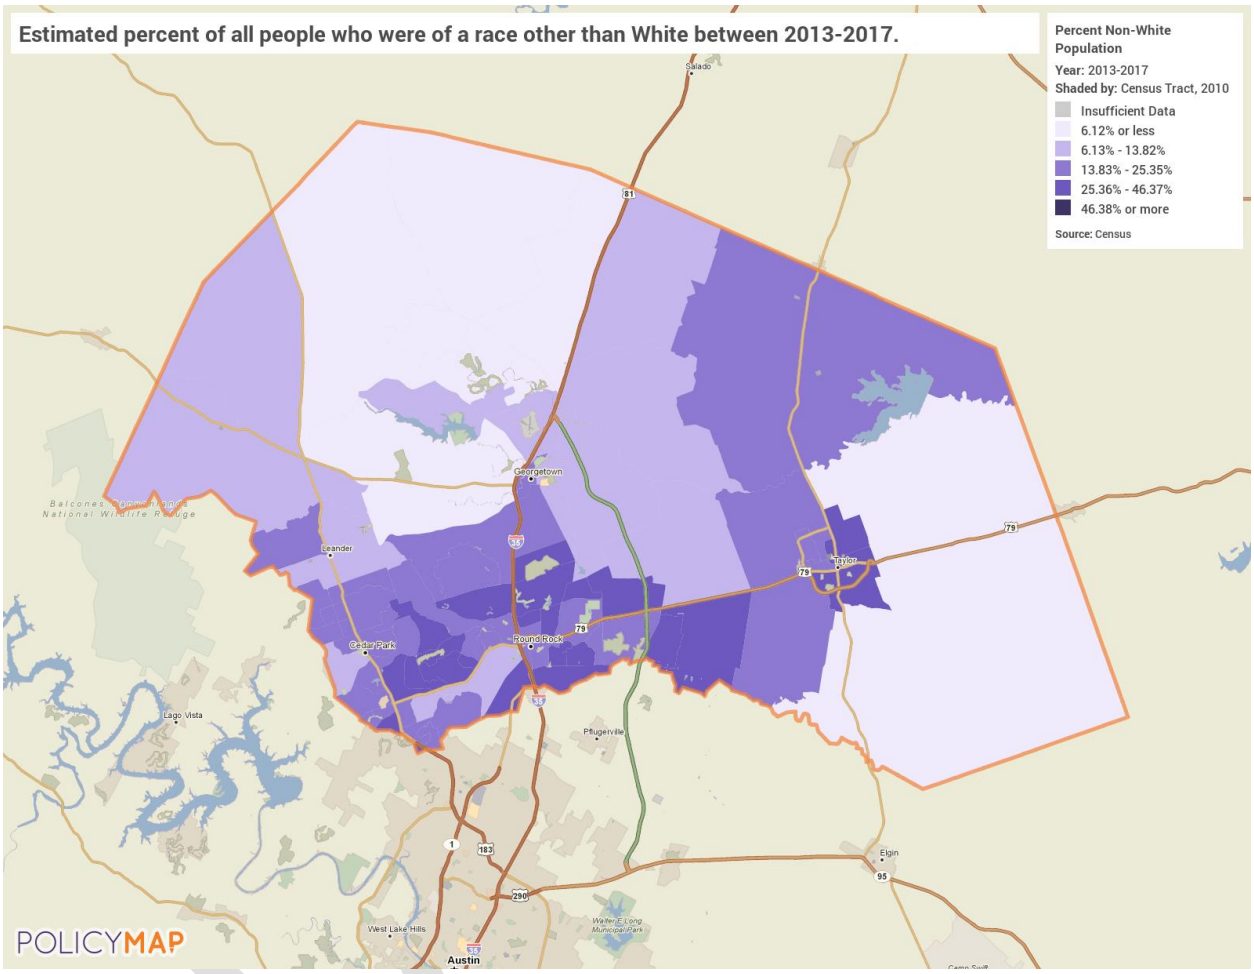

If they have needs not identified above, what are those needs?

The needs among races/ethnicities are indicated above. Income categories have more general needs, as described in NA-10 and the Housing Market Analysis.

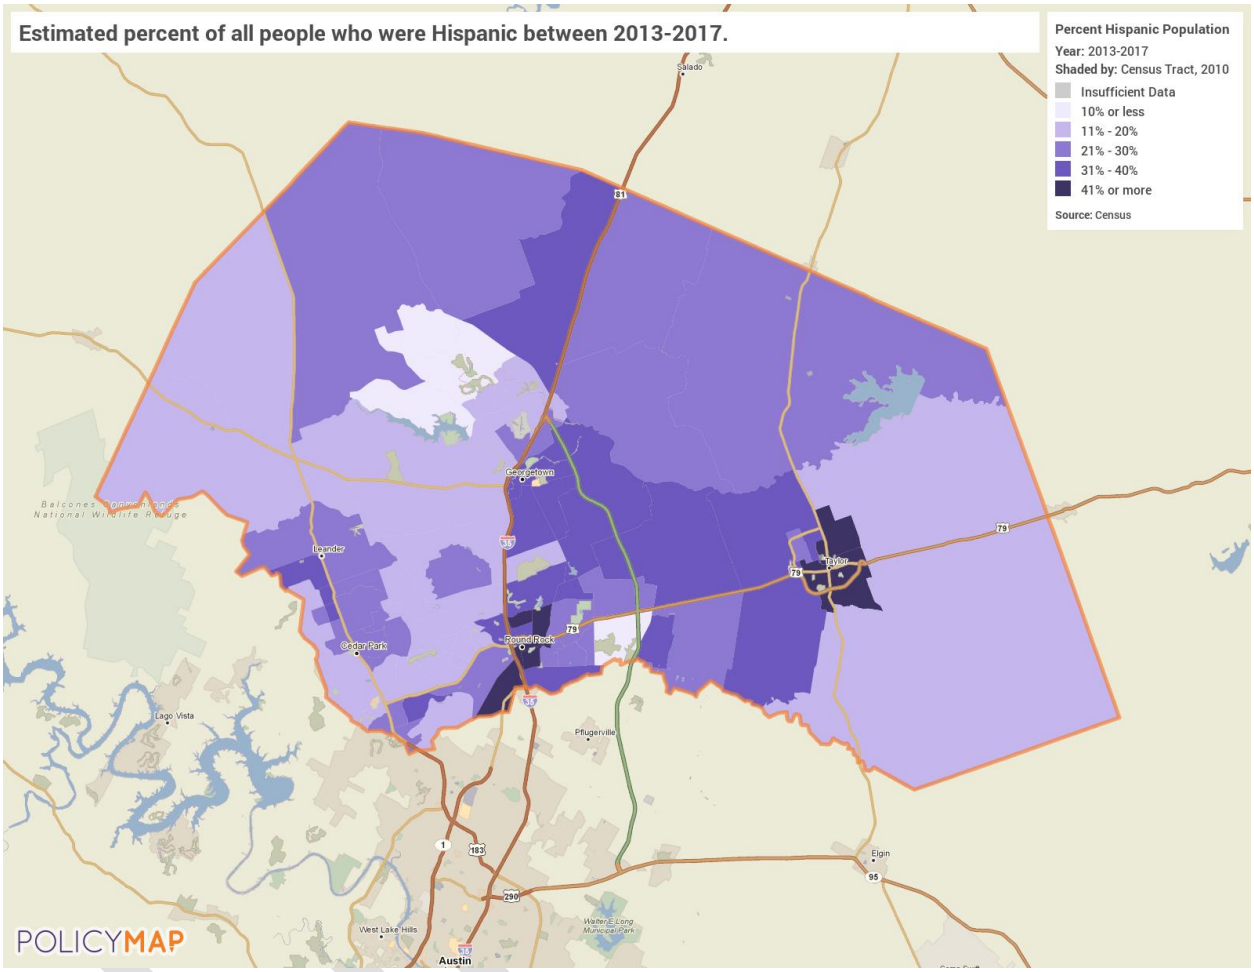

DRAFT

Are any of those racial or ethnic groups located in specific areas or neighborhoods in your community?

The following map from PolicyMap indicates that higher percentages of non-White residents live in census tracts located closer to Georgetown, Round Rock to the south, and in and around Taylor.

The following map shows that Hispanic persons live throughout Williamson County with higher concentrations in Round Rock, Georgetown, and Taylor and in the area just west of I-35.

NA-35 Public Housing – 91.205(b)

Introduction

Low-income residents largely depend on local housing authorities for access to affordable housing and related services. The purpose of public housing authorities (PHA) is to ensure safe, decent, affordable housing and to create opportunities for resident's self-sufficiency and economic independence. There are currently four public housing authorities managing almost 400 public housing units and over 450 Housing Choice vouchers throughout Williamson County. Stakeholders report that residents have significant need for transportation and affordable child care. Affordable housing is the greatest need throughout the County with over 500 applicants on the public housing waiting lists and well over 600 applicants waiting to receive assistance through the Housing Choice Voucher program. The need for additional affordable housing units is crucial for Williamson County residents, but the lack of developable land, a lack of contractors willing to develop affordable housing, and high development costs are significant barriers.

Georgetown Housing Authority

The largest of the four PHAs, Georgetown Housing Authority (GHA), manages 158 public housing units and 100 tenant-based housing choice vouchers. GHA manages one public housing property at Stonehaven Apartments. Stonehaven was built between 1967 and 1973 and offers one-, two-, three-, and four-bedroom units available to elderly residents, disabled residents, and families. The public housing occupancy rate is currently at 99%. There are 361 applicants on the waiting list with a two- to four-year wait time.

Housing Choice Voucher units are located throughout Georgetown including the Mariposa at River Bend Apartments and Shady Oaks Apartments. Shady Oaks also offers one- to four-bedroom units available for the elderly, disabled, and for families. Shady Oaks was built in 1974 and consists of 60 duplex units; the occupancy rate at Shady Oaks is 99%. There are 271 applicants on the waiting list for Shady Oaks with a two-to four-year wait time.

The Housing Choice Voucher waiting list was opened in 2012 for one eight-hour period. During that time, 599 households were added to the waiting list; 255 households remain on the waiting list which has remained closed since 2012.

GHA offers various services to residents in an effort to improve their living environment. Services include classes and activities for families such as nutrition and health classes; exercise groups; medical, hearing and prescription medicine screenings; defensive driving; financial literacy as well as classes about protection from identity fraud/theft. Computer labs and tutors are available to residents for job search activities, resume building, and personal use.

GHA partners with various home health care agencies and churches to assist residents with household duties and yard work. In addition, GHA hosts family activities in partnership with Georgetown Church of Christ, First Baptist Church of Georgetown, and Celebration Church. The housing authority also partners with the Boys and Girls Club and the Stonehaven Senior Center annually to celebrate holidays, new resident dinners, neighborhood night out events and other activities.

GHA offers the Family Self-Sufficiency (FSS) Program, a HUD program that encourages communities to develop local strategies to help families obtain employment that will lead to economic independence and self-sufficiency. In partnership with welfare agencies, schools, businesses, and other local partners, GHA has developed a comprehensive program that gives participating FSS family members the skills and experience to assist them in obtaining employment that pays a living wage and focus on self-sufficiency.

The Resident Opportunities and Self-Sufficiency (ROSS) program is another essential service provided through GHA. This program allows residents to receive one-on-one assistance and support from a ROSS Coordinator to identify goals and current needs and to find free or low-cost resources to assist residents in achieving their goals.

Round Rock Housing Authority

Established in 1966, the Round Rock Housing Authority's (RRHA) first development was built in 1972. RRHA currently manages 100 public housing units and 216 tenant-based housing choice vouchers. There are three public housing properties including Westwood, Cushing Center, and Lance Haven. Of the 100 public housing units, Westwood offers 28 units for the elderly while both Cushing Center and Lance Haven have approximately 30 units available for family households. The estimated wait for public housing is 18 to 24 months and RRHA is not currently accepting applications.

RRHA also has scattered single family units currently occupied by tenants receiving voucher assistance. The housing choice voucher waiting list is closed and applications are no longer being accepted.

To provide more services to public housing residents and enhance the living environment, Round Rock Independent School District, in partnership with RRHA, provides afterschool academic support and enrichment through a Neighborhood Outreach Center. The goal of this partnership is to create an after-school resource center that provides educational support for K-12 students and their families who currently reside in public housing. This partnership supports the district goal to accelerate Texas

Assessment of Knowledge and Skills gains for economically disadvantaged, African American, and Hispanic students to reduce the achievement gap.

Taylor Housing Authority

Taylor Housing Authority (THA) manages 43 units of public housing and approximately 210 tenant-based housing choice vouchers. THA offers one- to three-bedroom units and serves the elderly, disabled, and families. Families are the largest population served by THA, creating the need for more two- three-bedroom units. THA has 100 applicants on the public housing waiting list and 50 applicants on the Housing Choice Voucher list. THA is not accepting applications for public housing and will accept new applications for the voucher program as vouchers become available. The waiting period is 9-12 months for public housing and 1-2 years for the Housing Choice Voucher program.

THA currently provides access to WI-FI and a computer for residents at the Mary Olson office. Some of the residents use the computer to access insurance and social security information. THA also has an onsite library where residents can borrow books on an honor system. Residents have been taking advantage of this on a regular basis. THA continues to expand the library through donations of books from the community.

Granger Housing Authority

A small public housing authority, Granger Housing Authority manages 26 units of public housing and does not have a Housing Choice Voucher program. Granger Housing Authority offers one- to three-bedroom apartments to the elderly, persons with disabilities, and families. Because of its size, Granger Housing Authority is only required to have one accessible unit; however, the authority provides reasonable accommodations upon request. Granger Housing Authority's waiting list is closed.

Section 504 Needs Assessment: Describe the needs of public housing tenants and applicants on the waiting list for accessible units:

Williamson County's PHAs currently have a waiting list for public housing of over 500 applicants and over 600 for the Housing Choice Voucher program. Waiting lists are open to the elderly, disabled, and families. Both Granger and Round Rock Housing Authorities have closed their waiting list and Georgetown and Taylor have an 18-24 month waiting period to be housed.

All four PHAs offer accessible units for persons with disabilities, however, it is the smallest population served compared with the elderly and families. Georgetown Housing Authority has a very small need for accessible units and often has more accessible and sensory units than has residents/applicants in need. Granger Housing Authority offers one accessible unit; this meets the needs of tenants. Taylor also accommodates persons with disabilities, but the need is mainly for two- and three-bedroom family units. With over 100 tenants with disabilities, Round Rock Housing Authority accommodates the largest number of residents with disabilities. Collectively amongst the four housing authorities, there are approximately 250 residents with disabilities. Of these residents, approximately 20% of them have requested accessibility features to include better wheelchair access, the need for more ramps, and accessible hand rails. Each PHA strives to provide suitable living environments for all its residents and will make reasonable accommodations upon request.

Most immediate needs of residents of Public Housing and Housing Choice voucher holders

The most immediate needs of public housing and Housing Choice Voucher holders are public transit and affordable childcare. Affordable child care is critical to helping families obtain self-sufficiency. Access to transportation is equally important so that residents can get to essential services or to job centers. Most of the PHAs serve very-low and extremely-low income residents, and most residents do not have access to a private vehicle. Many residents are dependent on public transportation for daily tasks.

How do these needs compare to the housing needs of the population at large

The needs of public housing tenants and Housing Choice Voucher holders are similar – there is a need for affordable, quality childcare; affordable housing; and public transportation.

The cost of child care is on the rise while funding for subsidized child care continues to decrease, limiting options for affordable care. Parents must choose between high child care costs and

unlicensed homes that do not offer safe or quality early childhood activities or curriculum. There is no public transportation system in the County.

Affordable housing is a high priority need in Williamson County. There are long wait times for a household to gain access to a public housing unit or a Housing Choice Voucher and in most cases, the waiting lists are closed due to long wait times.

Public transit is also a significant need, particularly for public housing tenants and voucher holders who are less likely to have access to a private vehicle and therefore rely on public transit to access community resources, commute to employment centers and manage daily activities.

NA-40 Homeless Needs Assessment – 91.205(c)

If data is not available for the categories "number of persons becoming and exiting homelessness each year," and "number of days that persons experience homelessness," describe these categories for each homeless population type (including chronically homeless individuals and families, families with children, veterans and their families, and unaccompanied youth):

Williamson County is not a Continuum of Care (COC) designee and is part of the Balance of State (BoS). Within Williamson County, there are no shelters or transitional housing for persons who are experiencing homelessness except for Crisis Center/Hope Alliance which provides emergency shelter for victims of domestic violence and their children. While there are some organizations working to provide wrap-around services for persons experiencing homelessness or who are at risk of becoming homeless, there are no emergency housing providers. Many organizations that serve the homeless are not federally funded and therefore have not been asked to collect and report on those they serve. There is no available information on the number of persons becoming and exiting homelessness each year or the number of days that a person experiences homelessness.

DRAFT

NA-45 Non-Homeless Special Needs Assessment - 91.205 (b,d)

Introduction

This section will discuss the characteristics and needs of persons in various subpopulations of Williamson County who are not homeless but may require supportive services, including the elderly, frail elderly, persons with disabilities (mental, physical, developmental) persons with HIV/AIDS and their families, persons with alcohol or drug addiction, victims of domestic violence, and persons with a criminal record or were formerly incarcerated.

Describe the characteristics of special needs populations in your community:

According to the 2013-2017 ACS, there are an estimated 46,975 individuals (9.3%) with one or more disabilities. Among those individuals, 48.2% are over the age of 75 and 21.8% are aged 65 to 74; the most common disability types are ambulatory, self-care and independent living.

The Texas Department of State Health Services reported that in 2015, the most recent year for which data is available, there were 16 opioid related deaths in Williamson County, which places Williamson County as one of the counties in Texas with the highest number of opioid-related deaths; these data do not normalize numbers of opioid deaths relative to the total population.

The Texas Department of State Health Services reported that in 2017, there were 734 individuals in Williamson County living with HIV – 139 females and 595 males, an increase over previous years.

What are the housing and supportive service needs of these populations and how are these needs determined?

The primary housing and supportive needs of these subpopulations were determined by input from service providers and the public through public meetings and stakeholder interviews. These needs include affordable, safe housing opportunities in areas with access to transportation, commercial and job centers, social services, and for education regarding fair housing rights and actions that can be taken in the event those rights are violated. Persons with disabilities often require accessible features and ground floor housing units. Victims of domestic violence need safe housing, removal of barriers to relocation, and for perpetrators to be held accountable.

Many of the supportive needs of these subpopulations are available through existing nongovernmental organizations. While there have been improvements in recent years regarding collaboration and communication among various agencies and organization, the need remains for

continued improvement to serve the various special needs subpopulations more efficiently and comprehensively.

Discuss the size and characteristics of the population with HIV/AIDS and their families within the Eligible Metropolitan Statistical Area:

The Texas Department of State Health Services reported that in 2017, there were 734 individuals in Williamson County living with HIV – 139 females and 595 males, an increase over previous years. According to the Healthy Williamson County website, which provides health data for the County, there have been a declining number of HIV diagnoses since 2013 with a slight uptick in 2016, the latest year for which there is data.

NA-50 Non-Housing Community Development Needs – 91.215 (f)

Describe the jurisdiction's need for Public Facilities and how were these needs determined?

As Williamson County has grown, the need for public facilities has also increased. Public facility needs were identified based upon input from citizens who attended community meetings, agencies that completed surveys or participated in stakeholder focus groups, and municipal officials.

The following needs were identified:

- Senior centers
- Homeless facilities
- Child care centers
- Neighborhood facilities
- Park and recreational Facilities

Describe the jurisdiction's need for Public Improvements and how were these needs determined?

Williamson County is a diverse county with a mix of urban and rural areas. Public improvements are a necessity in many of the less developed areas. Many areas within the County lack infrastructure to sustain the growth that the County has experienced in recent years.

Public improvement needs were identified based upon input from citizens who attended community meetings, agencies that completed surveys or participated in stakeholder focus groups, and municipal officials. The following needs were identified:

- Water/sewer improvements
- Flood drainage improvements
- Street improvements
- Sidewalks

Describe the jurisdiction's need for Public Services and how were these needs determined?

Public service needs were identified based upon input from citizens who attended community meetings, agencies that completed surveys or participated in stakeholder focus groups, and municipal officials. The following needs were identified:

- Transportation services

Housing Market Analysis

MA-05 Overview

Housing Market Analysis Overview

According to the 2013-2017 ACS, the housing stock in Williamson County is mostly single-family (75.6%) and owner-occupied (68.9%). The median house value throughout the County was $227,100; the median gross rent was $1,172. The Real Estate Center at Texas A&M provides market analysis data at the county level. Since 2011, the number of house sales and the median and average sales prices have been increasing. In 2018, the average sales price was $310,992 and the median sales price was $280,537. This analysis identifies the need to preserve existing affordable housing opportunities while advancing efforts to create a diverse supply of additional affordable units.

MA-10 Number of Housing Units – 91.210(a)&(b)(2)

Introduction

According to 2013-2017 ACS, Williamson County had a total of 181,263 housing units, of which 170,051 (93.8%) were occupied; 11,212 (6.2%) were vacant. Mobile homes, boats, RVs and vans comprised 2.7% of all units; the remaining 39,379 units (21.7%) were multifamily dwellings. The most common bedroom sizes for owner-occupied housing units in Williamson County were three- and four-bedrooms, collectively comprising 66.6% of all units.

Describe the number and targeting (income level/type of family served) of units assisted with federal, state, and local programs.

According to PolicyMap, there are 2,436 units of housing through the Low Income Housing Tax Credit (LIHTC) program. Of these, 732 (30%) reach their 15-year period of affordability in the next five years; another 403 units (16.5%) are set to expire in the subsequent five years. LIHTC units are targeted to households with incomes at or below 60% AMI. There are another 259 units of HUD Multifamily subsidized housing in Williamson County that serve households with incomes at or less than 30% AMI.

Provide an assessment of units expected to be lost from the affordable housing inventory for any reason, such as expiration of Section 8 contracts.

There are 732 units whose 15-year period of affordability expires during the next five years and an additional 403 units in the subsequent five years. There are also 50 units of HUD Multifamily in Chisholm Trail Apartments set to expire in 2019. This development is part of the Section 8 program.

Does the availability of housing units meet the needs of the population?

There is a significant need for additional affordable housing. Stakeholders reported that Habitat for Humanity (Habitat) is the only nonprofit developer working in Williamson County. Because high taxes are cost prohibitive for low-income households, Habitat must look for low cost land which is increasingly difficult to find and acquire. Stakeholders also stated that as Austin becomes increasingly more expensive, many who are not stably housed are moving to Williamson County in search of affordable housing, putting pressure on the local housing market.

Types of Housing Needed

Several types of housing are needed to meet the demands of the population. There is a need for smaller units to accommodate smaller households and more multifamily units which tend to be more affordable.

Describe the need for specific types of housing:

Stakeholders reported that there are a significant number of elderly persons who rely on Social Security Income and are unable to secure decent affordable housing – they must choose between substandard housing and being cost burdened. There is a shortage of housing for low-wage workers, particularly the lowest-income households. The majority (83%) of units are single-family units, 3% are two- to four-unit dwellings, and 9% with five or more units. More multifamily units are needed as these tend to be more affordable than single-family houses. Additionally, within both the owner and renter markets, the majority of units have three or more bedrooms. While this meets the needs of larger households, it does not leave a range of choices for small households.

MA-15 Housing Market Analysis: Cost of Housing - 91.210(a)

Introduction

Williamson County's housing market was affected by the recession of 2008; from 2000 to 2013, median home values and median contract rents declined by 14.5% and 15.6%, respectively, when adjusted for inflation. The 2013-2017 ACS data revealed that the median house value and median contract rent were $227,100 and $1,000 dollars, respectively. When adjusted for inflation, this corresponds to a decline of 5.1% for both metrics. Between 2013 and 2017, the median household income increased by 4.5% to $79,123 when adjusted for inflation.

Is there sufficient housing for households at all income levels?

According to CHAS data in the Needs Assessment, there are 16,694 households earning 0-50% AMI and 8,345 housing units affordable to households at those income levels; there are twice as many households that need housing than there are affordable units.

How is affordability of housing likely to change considering changes to home values and/or rents?

According to stakeholders, housing has become less affordable because taxes are high and the cost of homeowners' insurance has increased steeply in recent years making housing less affordable. It is unlikely that taxes and insurance premiums will be lowered. Interest rates have been at historic lows in recent years and will likely rise over time, limiting the purchasing power of buyers.

How do HOME rents / Fair Market Rent compare to Area Median Rent? How might this impact your strategy to produce or preserve affordable housing?

The HOME Rents/ Fair Market Rent table was created using supplemental data sources. Fair Market Rents were found at

https://www.huduser.gov/portal/datasets/fmr/fmrs/FY2017_code/2017summary.odn. HOME rents were found on HUD Exchange and are reported for the Austin-Round Rock MSA.

The high HOME rents are determined as the lesser of the Fair Market Rent or 30% of the income of a household earning 65% AMI. Efficiencies and one- and two-bedroom units have high HOME rents equal to the Fair Market Rent indicating that these units are more affordable, in general, than the larger sized units. With regard to three- and four-bedroom units, what is affordable to a household earning 65% AMI is less than the Fair Market Rent indicating less affordability. These data are for the Austin-Round Rock MSA in which Williamson County is located. Given that Austin has become increasingly costly and there is a segment of the population moving to Williamson County in search of affordable housing, it is important to preserve affordable housing for all types and sizes of units.

MA-20 Housing Market Analysis: Condition of Housing – 91.210(a)

Introduction

The following data provides an overview on the condition of housing in Williamson County. The following conditions are included in the data that follow: 1) lacking complete plumbing facilities, 2) lacking complete kitchen facilities, 3) overcrowding (more than one person per room), and 4) cost burden (more than 30% of household income spend on housing).

Definitions

Standard Condition: No major structural defects; adequate plumbing and kitchen facilities; appearance which does not create a blighting influence; and the house meets additional, more stringent, local standards and building codes, including lead-based paint clearance.

Substandard Condition: A housing unit lacking complete kitchen and/or plumbing facilities.

Substandard Condition but Suitable for Rehabilitation: The nature of the substandard condition makes rehabilitation both financially and structurally feasible.

Need for Owner and Rental Rehabilitation

According to CHAS data and as shown in the supplemental table, there are 1,545 owner-occupied houses with incomplete kitchen and/or plumbing facilities and 1,110 units with similar problems within the rental market. These units comprise 1.5% and 2.3% in the owner and rental markets, respectively. These units could be potential candidates for rehabilitation depending on the extent to which the problems exist; an individual assessment is required to determine how many of these units are suitable for rehabilitation.

Another indicator for housing stock quality is age of the structures. Among owner-occupied housing, 87% of units were built after 1980 with the majority built after 2000; 82% of units in the rental market were built after 1990 with most built after 2000. The remaining 12% and 18% of owner-occupied and renter-occupied units, respectively, are potential candidates for rehabilitation as older homes tend to need maintenance and upgrades.

Estimated Number of Housing Units Occupied by Low or Moderate Income Families with LBP Hazards

The following supplemental table, derived from CHAS data, indicates that there are 1,778 low- and moderate-income households with one or more child under the age of six and living in a housing unit built before 1980; this is equivalent to 1.1% of households.

According to the Williamson County and Cities Health District, 4,315 children in Williamson County were tested for blood lead levels. Any level exceeding 5µg/dL is considered high. Among those tested, 65 children were reported to have high blood lead levels (1.51% of the sample population). The statewide average is 2.02%; Williamson County has fewer children with high lead blood levels which is likely in large part to having a newer housing stock than other parts of the state.

Discussion:

The following section, Natural Hazard Risks, is now required by HUD to be included in the Consolidated Plan. This rule amends HUD's Consolidated Plan regulations to require that jurisdictions consider two additional concepts in their planning efforts: Natural Hazard Risk and Narrowing the Digital Divide. Note: the Narrowing the Digital Divide section is in NA-10: Needs Assessment.

Natural Hazard Risks (91.210(a)(5)

The Office of Emergency Management (OEM) assists Williamson County in preparing for, responding to, and recovering from disasters. The OEM works year-round with local municipal Departments, regional emergency management and public safety officials, and elected officials to develop a plan to lessen the impact of disasters on County residents.

In 2018, Williamson County drafted the Wildfire Protection Plan (WCWPP). As stated in the WCWPP, Williamson County's population has more than tripled in the last several decades, with a corresponding increase in new development occurring in forested areas that have a high risk of wildfire. Given that resources to address this concern are limited, officials from Williamson County, local fire protection districts, state and federal forest agencies, cities, towns and others have joined forces to develop the Williamson County communities' first wildfire protection plan.

The key objectives of this plan include:

- To reduce the number (prevention) and severity (mitigation) of future wildfires in Williamson County;
- To save hundreds of millions of dollars in property losses, environmental damages, firefighting costs, restoration expenses, infrastructure costs, and other financial impacts associated with catastrophic wildfire;
- To save thousands of residents the pain and suffering associated with losing their home; their possessions; their loved ones; and their sense of place, security, and community;
- To help restore Williamson County forests to good health;
- To effectively and efficiently support the development of strong local Community Wildfire Protection Plan Annexes of individual fire protection districts; and
- To unite all communities of Williamson County in a collaborative effort to reduce the negative impacts of wildfires.

As stated on the Williamson County webpage, flooding in Williamson County is a growing community problem. OEM has developed and implemented the Community Flood Protection Plan (CFPP) with

other jurisdictions and stakeholders within the county and region. Reasons for developing a CFPP include but are not limited to:

- Frame a mitigation and preparedness plan to reduce flood risk within the county and region;
- Flash floods can occur at any time during the year, but history has shown the late summer into fall and spring time to be the most prevalent and destructive;
- After a significant wildfire, vegetation is lost, and soils can harden to repel rather than absorb water;
- Form and maintain collaborative relationships with local stakeholders, emergency response personnel and federal and state agencies BEFORE flooding occurs;
- Develop and refine pre-attack strategies and plans to improve first responder readiness and safety; and
- Establish and document planning activities and identify projects within the scope of the grant.

To help keep residents aware of potential emergencies, Williamson County has partnered with the Capital Area Council of Governments to providing free emergency alerts to a resident's landline, cell phone or email address. The system also utilizes social media during emergencies and public safety events. Residents can register with WarnCentralTexas to receive emergency notifications.

Describe the supply of public housing developments:

Williamson County has four public housing authorities supplying over 400 units of public housing and over 450 housing choice vouchers. Combined, the housing authorities manage six public housing properties including Stonehaven Apartments, Westwood, Cushing Center, Lance Haven, Taylor Housing Authority, and Granger Housing Authority. Housing choice voucher units are located throughout Williamson County.

Please see detailed description of housing developments under NA-35.

Describe the number and physical condition of public housing units in the jurisdiction, including those that are participating in an approved Public Housing Agency Plan:

Williamson County has over 400 public housing units being managed by four public housing authorities. Most of the public housing developments in Williamson County were built prior to the 1950s and 1960s, meaning these buildings are 50 to 60 years old. Deterioration can happen as a building ages, however, each housing authority is charged with maintaining their developments and assuring a safe environment for their residents. The housing authorities have maintenance crews on duty to accommodate residents and resolve maintenance requests. Some developments have been completely renovated, such as Shady Oaks Apartments. Shady Oaks was built in 1974 and has been renovated to include new kitchens, bathrooms, and floors. New front and back porches were built for every apartment, new sidewalks were poured, and every unit repainted. Lack of funding makes it impossible to completely renovate all buildings, but each housing authority is committed to maintaining its housing and addressing revitalization needs.

Describe the restoration and revitalization needs of public housing units in the jurisdiction:

Some revitalization needs identified include HVAC, roofs, bathrooms, kitchens, flooring, foundations, closet doors, upgraded electrical wiring, exterior paint, and front and back porch covers.

Describe the public housing agency's strategy for improving the living environment of low- and moderate-income families residing in public housing:

The housing authorities in Williamson County provide opportunities for improving the living environment of low- and moderate-income households residing in public housing through a variety of initiatives ranging from FSS program and computer labs to informal community libraries. See NA-35 for detailed descriptions.

There are organizations that provide services such as food and clothing assistance, mental health services, counseling, etc. to vulnerable populations. Some of the larger organizations that provide services within the County are:

- The Caring Place
- Crisis Center/Hope Alliance
- The Storehouse
- STARRY

List and describe services and facilities that meet the needs of homeless persons, particularly chronically homeless individuals and families, families with children, veterans and their families, and unaccompanied youth. If the services and facilities are listed on screen SP-40 Institutional Delivery Structure or screen MA-35 Special Needs Facilities and Services, describe how these facilities and services specifically address the needs of these populations.

Williamson County, along with 214 other counties, is part of the Balance of State Continuum of Care (BoS CoC). According to stakeholders, there is one homeless shelter in Williamson County – The Crisis Center/Hope Alliance – for victims of domestic violence and their children; 35 beds are available. The Hope Alliance website estimates that 3,000 persons are served each year.

Stakeholders reported that there has been discussion of conducting a Point in Time (PIT) count for Williamson County but without an organization to take the lead, this has not yet come to fruition. Stakeholders commented that there is a need for homeless shelters and transitional units for persons unstably housed. Specifically, stakeholders pointed to the need for shelters and transitional housing for youth who age out of the foster system and are left homeless. It was also stated that there is a growing population living in cars, couch surfing or doubling up.

MA-35 Special Needs Facilities and Services – 91.210(d)

Introduction

The following section describes the facilities and services available to persons with special needs.

Including the elderly, frail elderly, persons with disabilities (mental, physical, developmental), persons with alcohol or other drug addictions, persons with HIV/AIDS and their families, public housing residents and any other categories the jurisdiction may specify, and describe their supportive housing needs

The County's elderly and frail are served by a range of supportive housing and services. Services for the elderly, frail elderly, and persons with disabilities are located throughout the County in Cedar Park, Granger, Round Rock, and Georgetown. AIDS Services of Austin serves Williamson County and provides a variety of services including: education, interventions, HIV testing, case management for persons with HIV/AIDS, nutrition services, transportation services, legal services and housing assistance (HOPWA).

Describe programs for ensuring that persons returning from mental and physical health institutions receive appropriate supportive housing

Williamson County is not a Continuum of Care designee but participates in the Balance of State Continuum of Care (BoS COC). The County will continue to support the efforts of the BoS COC which provides programs in the community to include transitional housing, safe haven, permanent supportive housing, and support services programs.

MA-40 Barriers to Affordable Housing – 91.210(e)

Negative Effects of Public Policies on Affordable Housing and Residential Investment

In March 2019, a draft AI for the Central Texas AI Partners was released for public comment. This document describes barriers to affordable housing that exist including:

- County capacity to address fair housing issues is limited.
    - The growing housing crisis throughout the region is taxing city, county, and housing authority staff, as they work to implement new programs and policy changes to address housing needs.

- Affordable rental options in the region are increasingly limited.
    - Growth in the region - particularly demand for rental housing - has increasingly limited the areas where low income households can live affordably.
    - For Housing Choice Voucher holders, the state law that prohibits cities and counties from including Source of Income as a protected class is also a contributing factor.

- Stricter rental policies further limit options.
    - "3x income requirements" for rental units have a discriminatory effect on persons with disabilities whose income is primarily Social Security and Disability Insurance (SSDI), as well as renters who receive income from "unearned" sources such as child support.
    - Onerous criminal look-back periods that do not take into account severity of a crime or time period in which it is was committed disproportionately impact persons of color and persons in recovery.
    - State law that prohibits cities and counties from including Source of Income as a protected class prevents units of local government from allowing renters to claim legal unearned income as eligible for the 3x income threshold.

- Disparities in the ability to access homeownership.
    - Denial rates for Black/African American applicants (24%), Hispanic applicants (20%) and other non-Asian minorities (17%) are significantly higher than for non-Hispanic white applicants (11%) and Asian applicants (11%).

- State regulations and zoning and land use limit housing choice.
    - State regulations prohibit or limit the power of local governments to implement zoning (counties) and inclusionary zoning (cities and counties) that could increase the

supply of affordable housing, benefitting the protected classes that have disproportionate housing needs.

- Educational inequities persist in the region.
    - In the region, African American children are significantly overrepresented in failing high schools, and Hispanic children have largest disparities in school quality across K-12 schools. School district boundaries that are neighborhood-driven and do not truly accommodate open choice drive up housing prices in quality school neighborhoods.

- Public transportation access has not kept up with growth.
    - In addition to lack of affordable housing, lack of public transportation was the most common barrier to economic opportunity mentioned by residents in the outreach conducted for the AI. Lack of resources in outlying areas to address demand for better transportation is a contributing factor, as is the decline in affordable options in areas of the region where jobs are clustered.

MA-45 Non-Housing Community Development Assets – 91.215 (f)

Based on the Business Activity table above, what are the major employment sectors within your jurisdiction?

The three largest employment sectors in Williamson County are Education and Health Care Services (15%); Retail Trade (13%); and Arts, Entertainment, Accommodations (12%). These three sectors tend to have low wages. The top employers are: Dell, Inc. (13,000), Sears Teleserv (1,500), Emerson Process Management (875), Round Rock Premium Outlets (800) and Scott & White Healthcare (750).

Describe the workforce and infrastructure needs of the business community

Stakeholders commented that there are good paying jobs in Williamson County in construction but that there is a skills gap. An effort needs to be made to provide job training to lower income persons to fill the gap. The Nest runs a Summer Youth Employment Program that connects teens to local employers. Stakeholders also commented that businesses that are newer to Williamson County seem to be less invested in the community in terms of local hiring preferences than long-standing businesses.

Describe any major changes that may have an economic impact, such as planned local or regional public or private sector investments or initiatives that have affected or may affect job and business growth opportunities during the planning period. Describe any needs for workforce development, business support or infrastructure these changes may create.

Apple Inc. plans to establish the Americas Operations Center in Austin, a $300 million investment that is expected to create 3,600 jobs during the next 10 years and will contribute to growth in the professional and business services and the information sectors. There are plans to open a water park resort that will bring additional jobs to the area, though jobs in hospitality tend to be lower wage jobs.

How do the skills and education of the current workforce correspond to employment opportunities in the jurisdiction?

As the level of educational attainment increases, there is a greater likelihood that an individual will participate in the labor market; among those with less than a high school diploma and those with at least a four-year degree, the labor force participation rates are 68.3% and 85.0%, respectively. The unemployment rate also drops for persons with at least a bachelor's degree as compared with unemployment rates for all other levels of educational attainment. There continues to be a need for academic and supportive services for persons with lower levels of education who may have challenges including but not limited to poor physical and mental health, and housing related issues.

Describe any current workforce training initiatives, including those supported by Workforce Investment Boards, community colleges and other organizations. Describe how these efforts will support the jurisdiction's Consolidated Plan.

The NEST Empowerment Center is an organization for youth that offers basic needs, counseling, academic and enrichment support for high school students who are homeless, at-risk or living in transition. The Georgetown Project partners with local businesses to offer high school students the opportunity to participate in the Summer Youth Employment Program (SYEP). SYEP is a paid summer internship that offers valuable work experiences in entry-level employment positions for students who have had no work experience. These efforts support the goals of the Consolidated Plan by offering workforce development and access to opportunities for youth who are unstably housed as well as wrap around services such as counseling to meet other needs of this vulnerable population.

Does your jurisdiction participate in a Comprehensive Economic Development Strategy (CEDS)?

Williamson County does not participate in a Comprehensive Economic Development Strategy (CEDS).

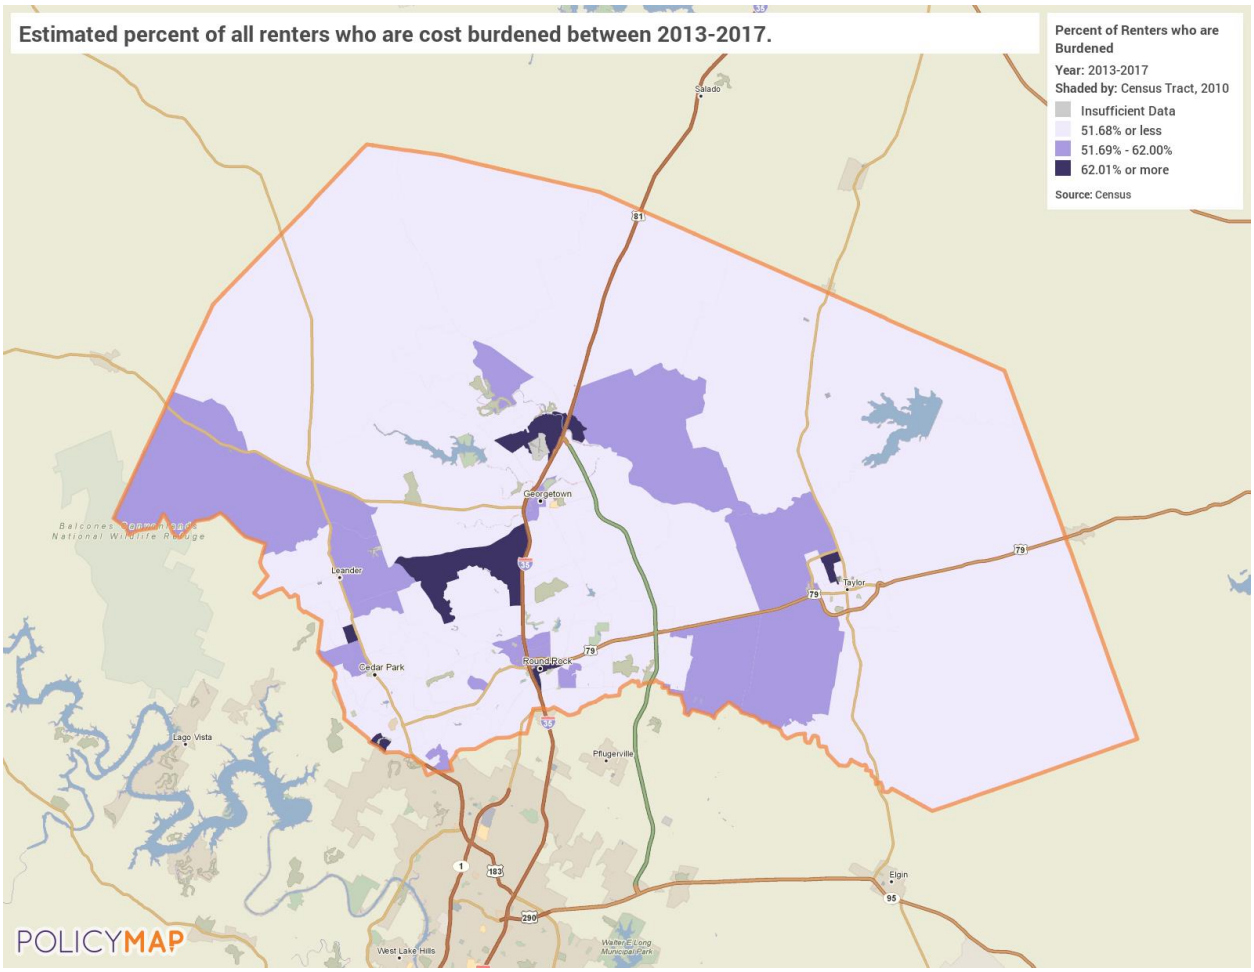

If so, what economic development initiatives are you undertaking that may be coordinated with the Consolidated Plan? If not, describe other local/regional plans or initiatives that impact economic growth.

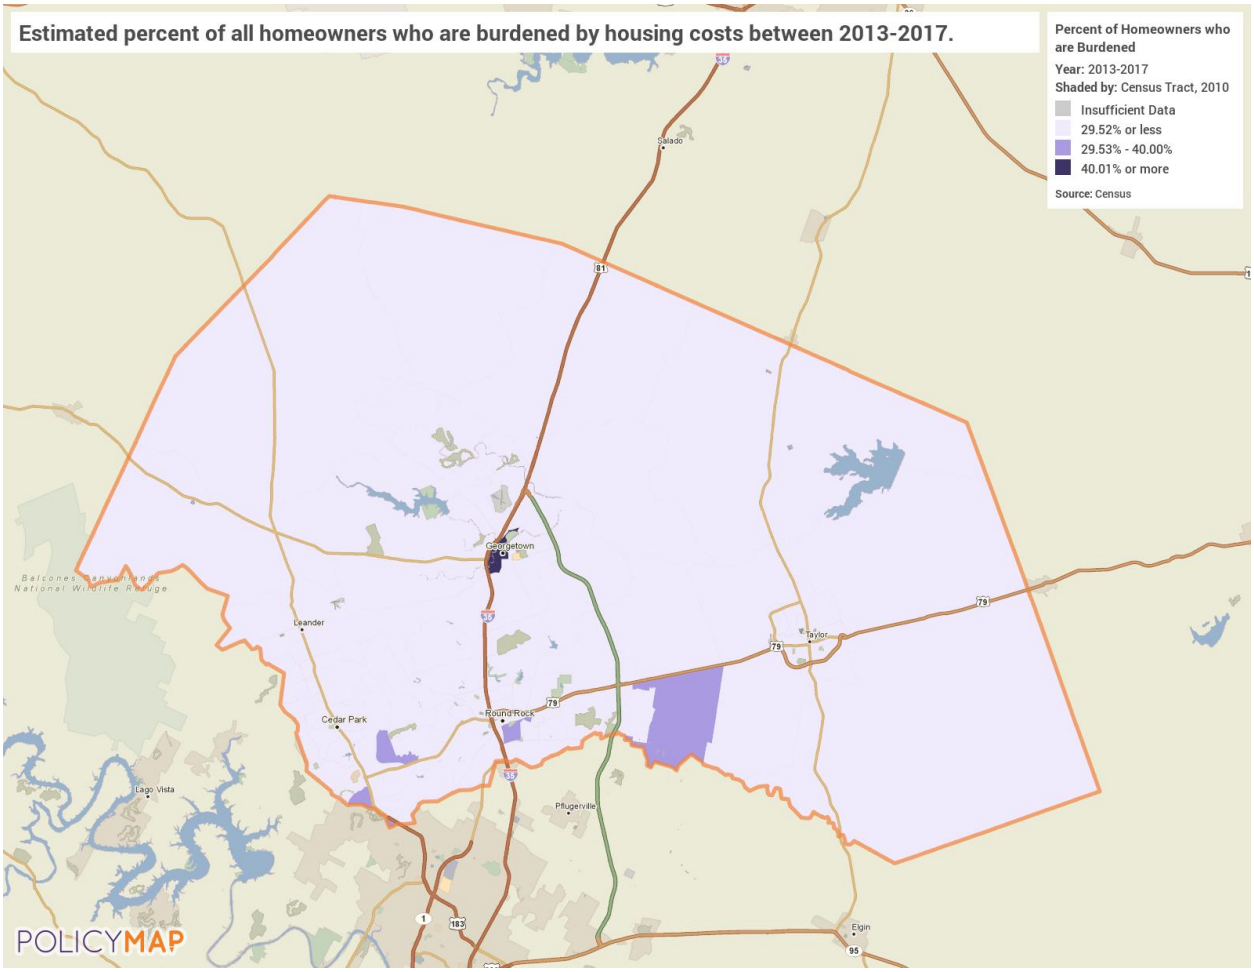

During this Consolidated Plan period, Williamson County will continue to assess and coordinate economic development initiatives in partnership with local workforce boards to implement local or regional economic initiatives.

MA-50 Needs and Market Analysis Discussion

Are there areas where households with multiple housing problems are concentrated? (Include a definition of "concentration")

The primary housing problem is cost burden. The average incidence of cost burden among renters at the census tract level is 41.68% and 19.52% among homeowners. A "concentrated" area for both renters and owners is defined as a census tract in which the percentage of cost burdened households is more than ten percentage points higher than the average. The following maps from PolicyMap indicate census tracts in which there are concentrations of cost burden among renters and owners.

POLICYMAP

Are there any areas in the jurisdiction where racial or ethnic minorities or low-income families are concentrated? (Include a definition of "concentration")

A draft version of the 2019 Central Texas Analysis of Impediments to Fair Housing Choice (AI) which included analysis for Williamson County, used the HUD definition of racially/ethnically concentrated areas of poverty (R/ECAP). HUD's definition of an R/ECAP is:

- A census tract that has a Non-White population of 50 percent or more (for non-urban areas, 20 percent) AND a poverty rate of 40 percent or more; or
- A census tract that has a Non-white population of 50 percent or more AND the poverty rate is three times the average tract poverty rate for the county, whichever is lower.

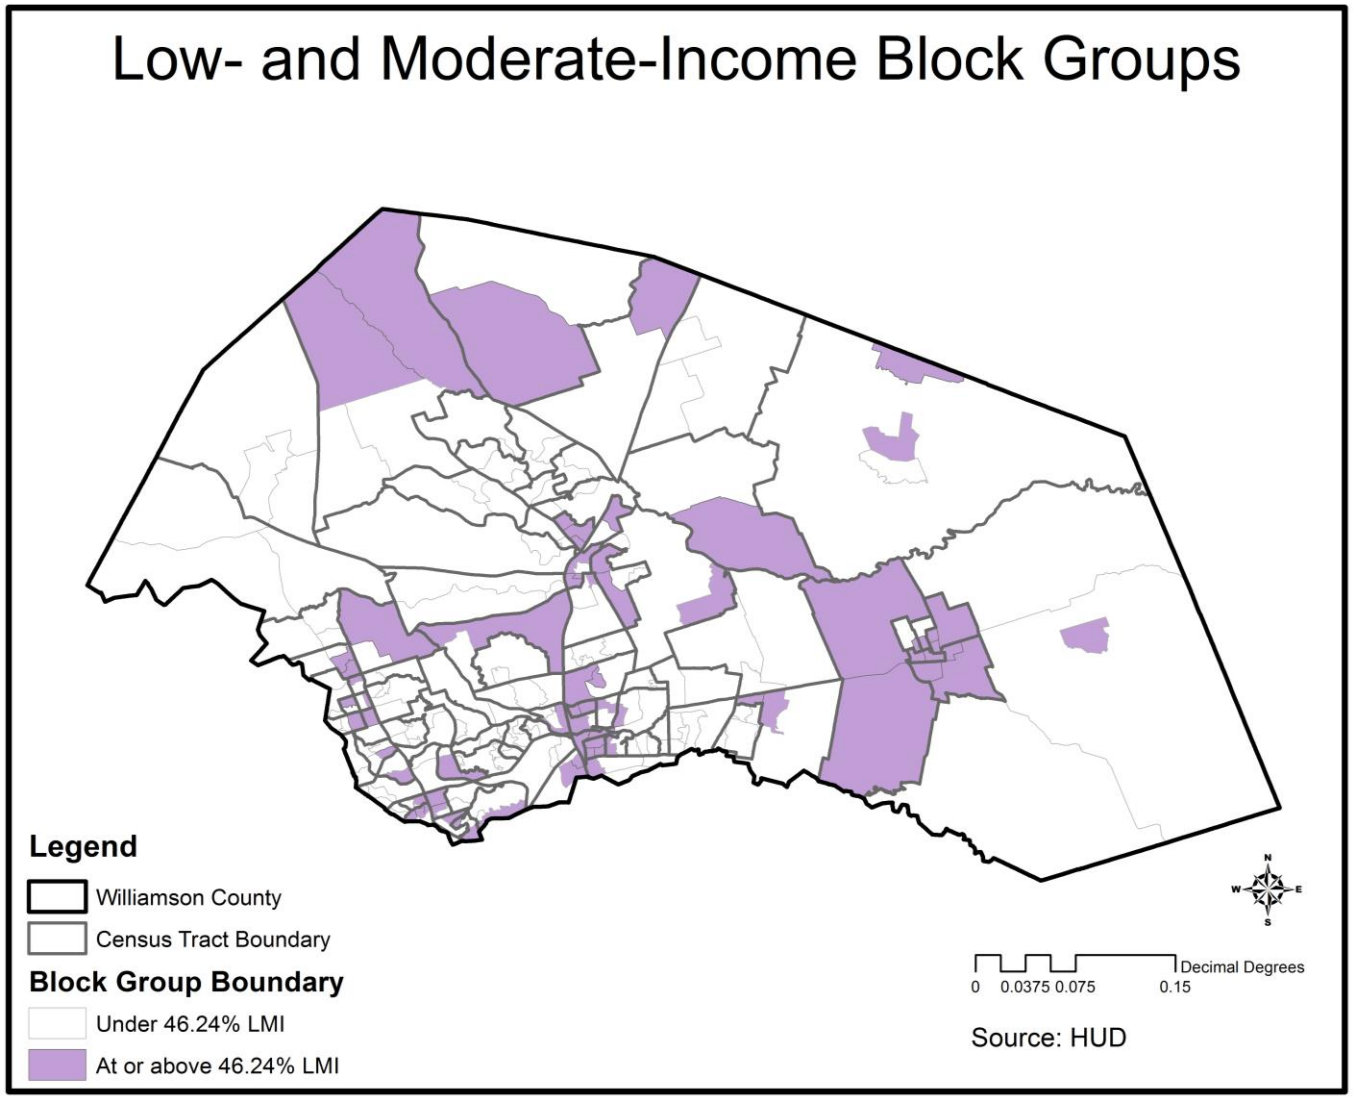

Using this definition, the AFH found six R/ECAPs, none of which were in Williamson County and all of which were in Austin.

Williamson County is a HUD Exception Community; the low- and moderate-income threshold for 2018 is 46.24%. The following table indicates the block groups within Williamson County whose percentage of low- and moderate-income households is at or exceeds the threshold; there are 72 block groups that meet or exceed the LMI threshold set by HUD.

The following map uses the most recent HUD data (2015) and shows the geographic distribution of the qualifying block groups throughout Williamson County.

What are the characteristics of the market in these areas/neighborhoods?

The areas that meet the LMI threshold tend to have older housing stock and lower opportunities than other more affluent areas. One significant issue identified during the process is the lack of water resources and poor drainage areas in the County. Many higher poverty areas are less able to leverage resources or attract investments that are necessary to improve the quality of life for residents.

Are there any community assets in these areas/neighborhoods?
In low- and moderate-income communities racial, ethnic, and socio-economic diversity could be a source for enhancing quality of life for residents. The majority of these communities have limited access to local and regional public transportation.

Are there other strategic opportunities in any of these areas?

During this Consolidated Plan period, the County will continue to encourage funding alternatives to increase strategic opportunities in low- and moderate-income areas.

Strategic Plan

SP-05 Overview

Table 45 - Geographic Priority Areas

General Allocation Priorities

Describe the basis for allocating investments geographically within the jurisdiction (or within the EMSA for HOPWA)

Not all of the housing and community development needs identified in this plan can be addressed over the next five years due primarily to the limited resources available. The selection of non-housing community development priorities within income-eligible areas reflects the County's desire to create appreciable and lasting living environment improvements. Housing priorities reflect the need to affirmatively further fair housing and to broadening the supply of affordable housing in high opportunity areas.

The system for establishing the priority for the selection of these projects is predicated upon the following criteria:

- Meeting the statutory requirements of the CDBG Programs;
- Meeting the needs of low- and moderate-income residents;
- Focusing on low- and moderate-income areas or neighborhoods;
- Coordination and leveraging of resources;
- Response to expressed needs;
- Sustainability and/or long-term impact; and
- The ability to demonstrate measurable progress and success.

SP-25 Priority Needs - 91.215(a)(2)

Priority Needs

During the development of the Consolidated Plan, a number of needs were identified including:

Public Facility and Infrastructure Improvements

- Fund non-housing community development proposals that eliminate a threat to public health and safety to include water/sewer and drainage projects, sidewalks, and street improvements.
- Fund public facility improvements that benefit low income households and persons, and persons with special needs to include senior centers, neighborhood facilities, youth centers, homeless facilities, childcare centers, parks and recreational facilities.

Increase Access to Affordable Housing

- Fund activities that expand the supply and improve the condition of housing affordable to lower income households.
- Fund activities that leverage other public and private resources such as LIHTC projects.
- Extend the useful life of existing affordable housing through weatherization, repair, and rehabilitation programs.

Decrease Homelessness

- Provide funds to support shelter operations and transitional housing.
- Provide funding to increase permanent supportive housing opportunities and work to create a stronger network of providers of supportive and mainstream services to homeless clients.

Public Services

- Fund projects that provide supportive services to low- and moderate-income households as well as persons with special needs.
- Support efforts to develop a regional social service collaborative to coordinate the work of social service organizations, disseminate information, and eliminate duplication of effort.

Affirmatively Further Fair Housing

- Support improved access to community resources.
- Continue to operate in compliance with protected class definitions found in federal regulations

SP-30 Influence of Market Conditions – 91.215 (b)

Influence of Market Conditions

Affordable Housing Type	Market Characteristics that will influence the use of funds available for housing type
Tenant Based Rental Assistance (TBRA)	As subsidized units, including LIHTC units about to expire, the need for TBRA will increase. There is a high level of cost burden among low- and moderate-income households and there is a waiting list for public and subsidized housing.
TBRA for Non-Homeless Special Needs	There is a high level of cost burden among low- and moderate-income households, including non-homeless special needs populations; waiting lists at public housing and subsidized housing.
New Unit Production	Williamson County's housing inventory is dominated by three- and four-bedroom units. While these are suitable for larger families, individuals, young couples, and retired couples and small families may have trouble finding housing that fits within their budget.
Rehabilitation	There are some units within the county with incomplete plumbing and kitchen facilities as well as some older homes that tend to be more affordable for lower-income households who may not be able to afford to make needed upgrades to keep the units up to code.
Acquisition, including preservation	As subsidized units reach the end of the period of affordability, there is a need to preserve these units as there is a high level of cost burden among low- and moderate-income households.

SP-35 Anticipated Resources - 91.215(a)(4), 91.220(c)(1,2)

Introduction

Currently, Williamson County receives CDBG funds for housing rehabilitation initiatives, public services, economic development, and other eligible activities. These funding sources are expected to be available over the next five years.

Program	Source of Funds	Uses of Funds	Expected Amount Available Year 1				Expected Amount Available Remainder of ConPlan $	Narrative Description

The expected amount for the remainder of the Con Plan assumes the same allocation in each subsequent year.

Table 48 - Anticipated Resources

Explain how federal funds will leverage those additional resources (private, state and local funds), including a description of how matching requirements will be satisfied

The nonprofit organizations funded have additional financial capacity through foundations and fundraising campaigns. Federal funds provide these organizations with the opportunity to expand their services to benefit more low- and moderate-income persons.

If appropriate, describe publicly owned land or property located within the jurisdiction that may be used to address the needs identified in the plan

Williamson County does not intend to utilize publicly owned land or property to address the needs identified in this plan.

SP-40 Institutional Delivery Structure – 91.215(k)

Explain the institutional structure through which the jurisdiction will carry out its consolidated plan including private industry, non-profit organizations, and public institutions.

As during previous planning periods, Williamson County will continue to work with various local agencies to ensure that services offered through entitlement grant programs receive maximum amounts of exposure and benefit. Several of these programs will be carried out through oversight by the Williamson County CDBG Coordinator and work will be conducted through the issuance of sub-recipient agreements.

Table 49 - Institutional Delivery Structure

Assess of Strengths and Gaps in the Institutional Delivery System

Williamson County has a capable housing and community development delivery system. While the primary responsibility for the administration of CDBG Program lies with the County, several public agencies, for profit entities, and non-profit organizations all assist with providing housing, community development, homeless, and other public services throughout Williamson County.

The County has a supportive network of agencies providing essential services to low- and moderate-income residents of Williamson though there is a gap in the institutional delivery system among nonprofits and local agencies. The County's CDBG program staff capacity is limited; Williamson County has one staff person directly assigned to the CDBG program who is responsible for the implementation, management and administration of the program for the entire county.

Table 50 - Homeless Prevention Services Summary

Describe how the service delivery system including, but not limited to, the services listed above meet the needs of homeless persons (particularly chronically homeless individuals and families, families with children, veterans and their families, and unaccompanied youth)

There is currently an array of services directed towards the needs of persons living with HIV/AIDS. Since there is a longstanding approach to HIV/AIDS from a medical perspective, services for these clients become medically driven: case management, primary care, pharmacology, treatment, and mental health. In addition, there is also specialized case management and complex and abundant homeless services tied to medical services for those living with HIV/AIDS.

The Williamson County Community Action Clinic, located in Georgetown, provides housing assistance for low income persons with HIV/AIDS and their families through HUD's Housing Opportunities for People with AIDS (HOPWA) Program. Other facilities receiving HOPWA funding in the region includes: AIDS Services of Austin, Brazos Valley Community Action Agency, United Way of the Greater Fort Hood Area and the Waco-McLennan County Public Health District. The State of Texas HOPWA program provides tenant-based rental assistance, short-term rent, mortgage, utilities assistance, supportive services and permanent housing placement services.

Williamson County is not a Continuum of Care designee but the Balance of State Continuum of Care (BoS CoC) serves residents of Williamson County. One of the primary CoC goals is to ensure that homeless persons are linked to mainstream resources as the individuals are working toward housing stability. Programs funded by BoS CoC are successful in assisting homeless individuals and families in navigating public benefits systems such as Social Security.

Describe the strengths and gaps of the service delivery system for special needs population and persons experiencing homelessness, including, but not limited to, the services listed above

There are varied and abundant services for homeless persons living with AIDS – but they are segregated from the general homeless population. Another identified gap in service is the lack of providers and the limited collaboration between HIV/AIDS providers. Very few agencies are dedicated to serving people living with AIDS (PLWA) that do not provide housing. For many agencies HIV/AIDS funding (including HOPWA) appears as a development option rather than a means of supporting their core mission. In addition, there is limited collaboration amongst HIV/AIDS providers, which is costing these providers money as they are duplicating services.

Provide a summary of the strategy for overcoming gaps in the institutional structure and service delivery system for carrying out a strategy to address priority needs

The County will utilize its network of public sector, private sector, and non-profit organizations to implement the strategic plan. Over the next five years, the County expects to overcome gaps in the institutional structure and delivery system by:

- Monitoring to identify program inefficiencies, improve program performance, and ensure regulatory compliance.

- Encouraging collaboration among agencies to eliminate duplicative services and better serve residents, especially low- and moderate-income households and special needs populations.

SP-55 Barriers to affordable housing – 91.215(h)

Barriers to Affordable Housing

In March 2019, a draft AI for the Central Texas AI Partners was released for public comment. This document describes barriers to affordable housing that exist including:

- County capacity to address fair housing issues is limited.
    - The growing housing crisis throughout the region is taxing city, county, and housing authority staff, as they work to implement new programs and policy changes to address housing needs.

- Affordable rental options in the region are increasingly limited.
    - Growth in the region - particularly demand for rental housing - has increasingly limited the areas where low income households can live affordably.
    - For Housing Choice Voucher holders, the state law that prohibits cities and counties from including Source of Income as a protected class is also a contributing factor.

- Stricter rental policies further limit options.
    - "3x income requirements" for rental units have a discriminatory effect on persons with disabilities whose income is primarily Social Security and Disability Insurance (SSDI), as well as renters who receive income from "unearned" sources such as child support.
    - Onerous criminal look-back periods that do not take into account severity of a crime or time period in which it is was committed disproportionately impact persons of color and persons in recovery.
    - State law that prohibits cities and counties from including Source of Income as a protected class prevents units of local government from allowing renters to claim legal unearned income as eligible for the 3x income threshold.

- Disparities in the ability to access homeownership.
    - Denial rates for Black/African American applicants (24%), Hispanic applicants (20%) and other non-Asian minorities (17%) are significantly higher than for non-Hispanic white applicants (11%) and Asian applicants (11%).

- State regulations and zoning and land use limit housing choice.
    - State regulations prohibit or limit the power of local governments to implement zoning (counties) and inclusionary zoning (cities and counties) that could increase the supply of affordable housing, benefitting the protected classes that have disproportionate housing needs.

- Educational Inequities persist in the region.
    - In the region, African American children are significantly overrepresented in failing high schools, and Hispanic children have largest disparities in school quality across K-12 schools. School district boundaries that are neighborhood-driven and do not truly accommodate open choice drive up housing prices in quality school neighborhoods.

- Public transportation access has not kept up with growth.
    - In addition to lack of affordable housing, lack of public transportation was the most common barrier to economic opportunity mentioned by residents in the outreach conducted for the AI. Lack of resources in outlying areas to address demand for better transportation is a contributing factor, as is the decline in affordable options in areas of the region where jobs are clustered.

Strategy to Remove or Ameliorate the Barriers to Affordable Housing

The draft AI outlines several proposed action items to address the identified barriers. Some proposed action items apply to all 10 jurisdictions that participated in the joint AI and some items are for smaller sub-regions that include Williamson County.

The regional proposed action items include:

- Establish a Central Texas Regional Fair Housing Working Group (Working Group) made up of staff from each of the 10 entities to collaborate and coordinate on regional fair housing goals and affordable housing interests.

- Create a regional resource network for down payment assistance programs that are affirmatively marketed to under-represented homeowners.

Action items that are specific to Williamson County include:

- Receive clarification from the State that health and safety, accessibility improvements and weatherization do not count as improvements that could result in changes to the homeowners' property tax exemptions (School Tax Ceiling).

- Actively market the availability of the homestead exemption and property tax deferral option through social service and advocacy organizations, community and senior centers, and social media to increase awareness of the exemption

- Nurture and drive job growth, commercial and retail development, and supportive services to quickly developing micro-economies in more affordable suburban areas. Engage employers in discussions about affordable housing needs to build the potential for public-private partnerships

- Further a regional transportation vision, focusing on efficient commutes and reducing traffic in and out of Austin. Affirm that "accessible" transportation is more than ADA compliant buses and stops: The type of accessibility needed is the ability for people with health issues to not have to walk/roll too far to a stop, to have shade and benches where wait times typically exceed a certain threshold, and the first and last mile connections from each stop to destinations are ADA compliant.

- Commit to fostering a culture of inclusion for residents with disabilities, including ensuring that equity initiatives include residents with disabilities, reviewing websites and other communications for ease of finding information pertinent to residents with disabilities, increasing resources at jurisdiction festivals and events (i.e., accessible parking spaces, shuttles, other accommodations), and other efforts to signal that people with disabilities are a valued part of the community. Consider adding a Disability and Access component into Master/General Plans.

- Require developers who benefit from public funding and development incentives to adopt reasonable policies on tenant criminal history and accept legal unearned income in consideration of the ability to pay rent

- Fund tenant fair housing outreach and education and programs to build renters' rights knowledge, with a focus on reaching vulnerable residents including persons with disabilities and refugees

SP-60 Homelessness Strategy – 91.215(d)

Reaching out to homeless persons (especially unsheltered persons) and assessing their individual needs

The County supports the efforts of the Balance of State Continuum of Care (BoS CoC) to simplify and broaden outreach and assessment efforts for homeless persons in Williamson County. The BoS CoC will work to create a better communication system for service providers to stay in contact with both schools and hospitals to avoid homeless persons (or those at risk of homelessness) from falling through the cracks of the system.

Addressing the emergency and transitional housing needs of homeless persons

Williamson County is not a direct recipient of Emergency Solutions Grant funds; the County will, however, continue to partner with the BoS CoC to support emergency and transitional housing needs of persons experiencing homelessness.

Helping homeless persons (especially chronically homeless individuals and families, families with children, veterans and their families, and unaccompanied youth) make the transition to permanent housing and independent living, including shortening the period of time that individuals and families experience homelessness, facilitating access for homeless individuals and families to affordable housing units, and preventing individuals and families who were recently homeless from becoming homeless again.

The BoS COC works to ensure that homeless individuals make the transition to permanent housing and independent living is prioritizing safe and stable housing and making affordable housing options more accessible to homeless individuals. Many homeless that struggle to transition into permanent housing and independent living suffer from mental illness and substance addiction. The Homeless Prevention and Rapid Re-housing program and Housing First model prioritize placing homeless individuals and families in permanent housing quickly, and then linking them to supportive services in the community. During this Consolidated Plan period, Williamson County will continue to support local organizations, such as the Georgetown Community Service Center (The Caring Place) to assist homeless person with transitional and permanent housing.

Help low-income individuals and families avoid becoming homeless, especially extremely low-income individuals and families who are likely to become homeless after being discharged from a publicly funded institution or system of care, or who are receiving assistance from public and private agencies that address housing, health, social services, employment, education or youth needs

Williamson County is not a direct recipient of Emergency Solutions Grant funds; the County will continue to partner with the BoS CoC to support efforts made to implement local coordinated discharge policies for individuals or families who are being discharged from a publicly funded institution.

SP-65 Lead based paint Hazards – 91.215(i)

Actions to address LBP hazards and increase access to housing without LBP hazards

Williamson County will continue to support the efforts of the Williamson County and Cities Health Districts to address lead based paint (LBP) hazards. The County will also continue to notify CDBG sub-recipients of LBP requirements and ensure compliance with CDBG requirements.

How are the actions listed above related to the extent of lead poisoning and hazards?

As reported in MA-20, Williamson County has a lower prevalence of high lead blood levels in children as compared to the state. Williamson will continue to support the efforts of the Williamson County and Cities Health Districts to address lead based paint (LBP) hazards.

How are the actions listed above integrated into housing policies and procedures?

Williamson County's CDBG policies and procedures comply with the federal lead-based paint regulations at 24 CFR Part 35.

In accordance with lead-based paint requirements, the County will incorporate the following factors to refine and narrow the communities that are at highest risk with lead-based paint hazards as related to housing rehabilitation activities:

- Age of housing (pre-1978 housing units)
- Condition of housing
- Tenure and poverty levels
- Presence of young children
- Presence of lead poisoning cases

All contractors, sub-recipients, and other community partners are advised of the lead-based paint regulations. Additionally, the County's CDBG Office will continue to distribute information and literature on lead hazards to households who may be at risk of exposure.

SP-70 Anti-Poverty Strategy – 91.215(j)

Jurisdiction Goals, Programs and Policies for reducing the number of Poverty-Level Families

How are the Jurisdiction poverty reducing goals, programs, and policies coordinated with this affordable housing plan

According to the 2013-2017 ACS, 7.0% of the population is living below the poverty line; this is up from 5.2% in the 2012 ACS. Williamson County will continue to work with service providers to obtain resources and further create new partnerships to foster the development of affordable housing to reduce cost burden among poverty-level families.

The County will continue to ensure compliance with Section 3 requirements which requires to the greatest extent possible contractors on projects utilizing CDBG funds provide job training, employment and contract opportunities to low- and very low-income residents. All contractors are will be required to sign Section 3 Plans and report to the County all Section 3 new hires.

SP-80 Monitoring – 91.230

Describe the standards and procedures that the jurisdiction will use to monitor activities carried out in furtherance of the plan and will use to ensure long-term compliance with requirements of the programs involved, including minority business outreach and the comprehensive planning requirements

Under the CDBG Program, the County conducts on-site monitoring of sub-recipients including municipalities and public service agencies. The County's CDBG Office has developed standards and procedures for ensuring recipients of CDBG funds are in compliance with HUD regulations and that the funds are disbursed in a timely manner.

The County identifies sub-recipients for monitoring by reviewing each project's progress and makes note of any concerns regarding implementation. The staff also ensures that the sub-recipients maintain copies of all required documentation and reviews the financial reports. Monitoring results are forwarded to the sub-recipient who must address concerns in a timely manner. The County also provides technical assistance during the monitoring to ensure compliance of regulations by sub-recipients.

Minority Outreach
The County will continue to actively encourage participation by minority and women-owned businesses and organizations in procurement, bid solicitations, requests for proposals and sub-recipient contracts.

Performance Measures
In accordance with HUD's Community Planning and Development Notice 03-09, the County has developed the following Performance Measurement System designed to measure both the productivity and impact of the CDBG Program:

The County has adopted HUD's recommended outcome performance measurements system. One of the following statutory goals will be selected for each activity:

- Creating suitable living environments
- Providing decent housing
- Creating economic opportunities

Once the goal is selected, a program outcome (the expected result of the objective the grantee seeks to achieve) is then identified. One of the following outcomes will be selected for each activity:

- Availability/Accessibility
- Affordability
- Sustainability

The County will prepare a Consolidated Annual Performance and Evaluation Report (CAPER) that will include a review process to determine whether the specific objectives are being met.

Table 54 – Project Information

Describe the reasons for allocation priorities and any obstacles to addressing underserved needs

There is a need for public services for Williamson County's most vulnerable populations and the need far exceeds the availability of resources. Funding was allocated based on where there is highest demand for services, recognizing that there are other areas within the County in which there is a need for services. Additionally, stakeholder sessions highlighted the need for improved infrastructure and public facilities; funding was allocated to these priorities. Organizations receiving funding have strong internal structure and capacity and will effectively utilize CDBG funds to meet the needs of the communities' residents.

Countywide	8.61%
City of Taylor and Surrounding Area	29.53%
City of Georgetown	27.82%
City of Leander	11.13%
City of Granger	3.70%

Table 55 - Geographic Distribution

Priority CDBG funding areas in Williamson County include areas where the percentage of low to moderate income (LMI) persons is 46.24% or higher. Williamson County is an exception community and 46.24% is the LMI threshold determined and published by HUD.

Within Williamson County, 39.1% of the population is non-White or Hispanic. The Census Bureau considers race and ethnicity separately which means that a person could identify as being both White (or another race) and Hispanic (ethnicity). A "concentrated" minority area will be defined as any census tract in which at least 50% of the population is non-White or White Hispanic. The following census tracts meet these criteria.

Census Tract	Percent non-White
Census Tract 203.25	50.4%
Census Tract 204.05	51.3%
Census Tract 205.04	59.9%
Census Tract 207.01	68.0%

Census Tract 215.02	67.2%
Census Tract 215.03	51.4%
Census Tract 215.05	62.2%
Census Tract 215.06	59.1%
Census Tract 215.07	54.0%

Rationale for the priorities for allocating investments geographically

Williamson County will use CDBG funds throughout the jurisdiction to serve low and moderate-income persons and households. The Cities of Taylor, Georgetown, Granger and Leander, four of the County's more populated areas, are home to many LMI persons and households. Investments in these communities have meaningful impact. Additionally, the County will invest in projects that will have a long-term and lasting impact on the community and residents. This method of allocation will enable the City to serve the most disadvantaged residents given the limited funding available.

Affordable Housing

AP-60 Public Housing – 91.220(h)

Introduction

As public housing facilities age, investment are needed to maintain and improve the buildings and units to preserve and maintain safe, decent, affordable housing for the County's most vulnerable residents. This section discusses actions taken to address the needs of public housing residents and the units in which they reside.

Actions planned during the next year to address the needs to public housing

During FY 2019, Williamson County will fund several projects to address the needs to public housing. This includes:

- Funding to Georgetown Housing Authority ($300,000) to replace deteriorated sewer lines that pose a threat to life, health or safety of public housing residents; and
- Funding to Granger Housing Authority ($49,898) to weatherize units through window replacement.

Actions to encourage public housing residents to become more involved in management and participate in homeownership

Georgetown Housing Authority (GHA) offers various services to residents in an effort to improve their living environment. Services include classes and activities for families such as nutrition and health classes; exercise groups; medical, hearing and prescription medicine screenings; defensive driving; financial literacy as well as classes about protection from identity fraud/theft. Computer labs and tutors are available to residents for job search activities, resume building, and personal use.

GHA offers the Family Self-Sufficiency (FSS) Program, a HUD program that encourages communities to develop local strategies to help families obtain employment that will lead to economic independence and self-sufficiency. In partnership with welfare agencies, schools, businesses, and other local partners, GHA has developed a comprehensive program that gives participating FSS family members the skills and experience to assist them in obtaining employment that pays a living wage and focus on self-sufficiency.

The Resident Opportunities and Self-Sufficiency (ROSS) program is another essential service provided through GHA. This program allows residents to receive one-on-one assistance and support from a ROSS Coordinator to identify goals and current needs and to find free or low-cost resources to assist residents in achieving their goals.

If the PHA is designated as troubled, describe the manner in which financial assistance will be provided or other assistance

None of the PHAs in Williamson County are designated as troubled.

AP-65 Homeless and Other Special Needs Activities – 91.220(i)

Introduction

The following section outlines Williamson County's goals and actions for the year in ending homelessness.

Describe the jurisdictions one-year goals and actions for reducing and ending homelessness including:

Reaching out to homeless persons (especially unsheltered persons) and assessing their individual needs

Williamson County EMS Mobile Outreach Team provides emergency assistance to low-income persons in crisis who are at risk of homelessness or who are homeless. Recipients are provided access to temporary emergency housing until a more permanent solution can be found and/or provided medication, psychiatric care, counseling, healthcare or services that reduce the likelihood of homelessness. This service will be funded with a FY19 allocation of $16,000.

Addressing the emergency shelter and transitional housing needs of homeless persons

Because Williamson County will be funding wraparound services offered by service providers working with persons experiencing homelessness, the service providers are able to leverage their resources to provide emergency shelter to help meet the housing needs of homeless persons. Williamson County has allocated $16,000 to the Williamson County EMS Mobile Outreach Team, $25,000 to Interagency Support Council of Eastern Williamson County, $35,000 to Williamson County Crisis Center dba Hope Alliance, and $50,000 to Bluebonnet Trails Community MHMR Center. Williamson County is not directly increasing the number of emergency shelter beds but rather is funding the supportive services utilized by persons accessing emergency and transitional housing.

Helping homeless persons (especially chronically homeless individuals and families, families with children, veterans and their families, and unaccompanied youth) make the transition to permanent housing and independent living, including shortening the period of time that individuals and families experience homelessness, facilitating access for homeless individuals and families to affordable housing units, and preventing individuals and families who were recently homeless from becoming homeless again

Because Williamson County will be funding wraparound services offered by service providers working with persons experiencing homelessness, the service providers are able to leverage their resources to provide emergency shelter to help meet the housing needs of homeless persons. Williamson County has allocated $16,000 to the Williamson County EMS Mobile Outreach Team, $25,000 to Interagency

Support Council of Eastern Williamson County, $35,000 to Williamson County Crisis Center dba Hope Alliance, and $50,000 to Bluebonnet Trails Community MHMR Center. Williamson County is not directly increasing the number of permanent housing units specifically for persons who have experienced homelessness but rather is funding the supportive services utilized by persons accessing these types of housing.

Helping low-income individuals and families avoid becoming homeless, especially extremely low-income individuals and families and those who are: being discharged from publicly funded institutions and systems of care (such as health care facilities, mental health facilities, foster care and other youth facilities, and corrections programs and institutions); or, receiving assistance from public or private agencies that address housing, health, social services, employment, education, or youth needs

Bluebonnet Trails Community MHMR Center provides Housing First services that assist people in securing permanent housing and achieve housing stability, without preconditions or barriers as a prerequisite for housing. Focus will be on the housing needs of people that are homeless by connecting with local housing authorities, applying for Section 8 or Section 811, finding available rental units and negotiating with property managers. Housing First will also help individuals access employment, psychiatric and primary healthcare, veteran and peer support services, access community resources and apply for Social Security benefits and other benefits such as Supplemental Nutrition Assistance Program (SNAP), as needed. Bluebonnet Trails Community MHMR Center will receive $50,000 in FY19 for these activities.

AP-75 Barriers to affordable housing – 91.220(j)

Introduction

This section describes some of the primary challenges to development of affordable housing.

Actions it planned to remove or ameliorate the negative effects of public policies that serve as barriers to affordable housing such as land use controls, tax policies affecting land, zoning ordinances, building codes, fees and charges, growth limitations, and policies affecting the return on residential investment

Habitat for Humanity (Habitat) is the only nonprofit housing developer in Williamson County. Habitat must look for low-cost land as high taxes and insurance make much of the land cost prohibitive. Even with Homestead caps, valuations are increasing and hurting mortgage affordability while low-cost land is increasingly difficult to find. It is a priority of Williamson County to acquire land for affordable housing. Stakeholders discussed that development and zoning ordinances make it difficult to develop affordable housing units.

Development costs are also rising for several other reasons:

- Hurricane Harvey raised homeowner insurance costs.
- The cost of building materials is rising due to increased demand (especially as post-Harvey rehab continues).
- There is a labor shortage.

A stated in the 2019 Analysis of Impediments to Fair Housing Choice, "the State of Texas grants authority to municipalities to create zone districts and regulate land development in those zone districts. This includes setbacks, lot coverage, building height, and density. However zoning powers are not granted to counties, with a few exceptions for specific listed areas of counties in specific areas of the state." As such, Williamson County has limited power to guide development but will continue to encourage inclusive ordinances.

AP-85 Other Actions – 91.220(k)

Introduction:

Actions planned to address obstacles to meeting underserved needs

The primary impediment to Williamson County's ability to meet underserved needs is limited availability of funding to address identified priorities; the need exceeds the availability of resources. The County will continue to seek public and private resources to leverage its entitlement funds in assisting with implementation of policies and programs.

Actions planned to foster and maintain affordable housing

Williamson County is committed to fostering and maintaining affordable housing. This fiscal year, Williamson County will commit CDBG funds to acquire land for use by Habitat for Humanity to development two affordable housing units. Additionally, Williamson County has allocated $300,000 for sewer line replacements for the benefit of public housing residents as well as funding a weatherization project in 16 public housing units.

Actions planned to reduce lead-based paint hazards

Williamson County will continue to support the efforts of the Williamson County and Cities Health Districts to address lead based paint (LBP) hazards. The County will also continue to notify CDBG sub-recipients of LBP requirements and ensure compliance with CDBG requirements.

Williamson County's CDBG policies and procedures comply with the federal lead-based paint regulations at 24 CFR Part 35.

In accordance with lead-based paint requirements, the County will incorporate the following factors to refine and narrow the communities that are at highest risk with lead-based paint hazards as related to housing rehabilitation activities:

- Age of housing (pre-1978 housing units)
- Condition of housing
- Tenure and poverty levels
- Presence of young children
- Presence of lead poisoning cases

All contractors, sub-recipients, and other community partners are advised of the lead-based paint regulations. Additionally, the County's CDBG Office will continue to distribute information and literature on lead hazards to households who may be at risk of exposure.

Actions planned to reduce the number of poverty-level families

The Bluebonnet Trails MHMR Center project works to address the underlying causes of unstably housed persons, some of who are living in poverty. By connecting these individuals to services and housing, these individuals have a better likelihood of achieving stability and self-sufficiency. The Williamson County Crisis Center dba Hope Alliance allows parents in crisis to have safe childcare while they attend job interviews, court hearings, etc. to become stable.

Other activities such as City of Leander Senior Activity Center ($150,000 in FY19) and Lone Star Circle of Care Project Headwaters ($300,000 in FY19) will build the physical facilities needed to provide supportive services.

Actions planned to develop institutional structure

Because Williamson County has relationships with public housing authorities and agencies such as Habitat for Humanity and Hope Alliance, there are opportunities for continued dialogue and support for advancement of institutional structure. Additionally, as a sub-recipient of CDBG funds, the receiving entities must maintain a high level of reporting which requires a strong institutional structure. Williamson County will provide technical assistance as needed to ensure that sub-recipients are in compliance with CDBG regulations.

Actions planned to enhance coordination between public and private housing and social service agencies

Williamson County will continue to support and encourage efforts of the four public housing authorities and agencies such as Habitat for Humanity to collaborate to increase and preserve the number of affordable housing units. Williamson County will also encourage public housing authorities to offer services to residents in financial literacy and planning and to encourage residents to participate in programs designed to increase self-sufficiency.

Appendix: Alternate Projects for FY19 CDBG Funding

This document includes a list of alternate projects for public review. If a funded project has cost savings, slows down or discovers a barrier to being completed, an alternate project from the current Annual Action Plan may be selected to continue the timely spending of grant funds. Consideration of any project that was not identified as an alternate will go through the approved substantial amendment process.

Alternate Projects contain the same level of information that funded projects contain in the Annual Action Plan to ensure appropriate review by the public. Project descriptions also include the maximum dollar amount the Commissioners Court will consider if funding becomes available. Approval by the Williamson County Commissioners Court will be necessary to replace a funded project with an alternate or to fund an alternate with cost savings from a completed project regardless of whether or not:

- the increase or decrease exceeds 50% change in federal funding where the project is $25,000 or less, or
- the increase of decrease exceeds 25% change in federal funding where the project is more than $25,000.

These actions will not require a substantial amendment since the alternate projects will have gone through a public review process.

Citizen Participation Plan

WILLIAMSON COUNTY
CITIZEN PARTICIPATION PLAN
Regarding the Use of Grant Funds from the U.S. Department of Housing and Urban Development

This Citizen Participation Plan was prepared in accordance with Section 104(a) of the Housing and Community Development Act of 1974, as amended. The 24 CFR 91.105 federal regulations outline the "citizen participation" requirements.

The plan is to be used to address citizen participation in the Community Development Block Grant (CDBG) Program. Currently, Williamson County does not receive an entitlement grant under the HOME Investment Partnerships (HOME) Program, the Emergency Shelter Grant (ESG) Program, or the Housing Opportunities for Persons with AIDS (HOPWA) Program. However, if the County should receive funds from these programs in the future, the programs will be included under this Citizen Participation Plan.

The Citizen Participation Plan (CPP) sets forth the County's policies and procedures for citizen participation in the development of the Consolidated Plan, Annual Action Plan, Substantial Amendments to these plans, the Consolidated Annual Performance and Evaluation Report (CAPER) and the Citizen Participation Plan itself. This Citizen Participation Plan also includes policies and procedures for citizen participation in the development of Williamson County's Assessment of Fair Housing (AFH) and any subsequent amendments to the AFH.

Certification of Compliance

The County is certifying to the U. S. Department of Housing and Urban Development (HUD) that the County is following an approved Citizen Participation Plan, which:

- provides for and encourages citizen participation with particular emphasis on participation by persons who are residents of slum and blighted areas, by residents in low and moderate income neighborhoods, or targeted revitalization areas as defined by the County;

- provides for and encourages citizen participation of residents of public and assisted housing developments, as well as provides information to the public housing authorities with jurisdiction in Williamson County, about Consolidated Plan activities related to its developments;

- provides for and encourages citizen participation of persons with disabilities as well as provides documents in a format accessible to persons with disabilities, upon request;

- provides for and encourages citizen participation of all Williamson County citizens, including minorities and non-English speaking persons, and identifies how the needs of non-English speaking residents will be met in the case of public hearings where a significant number of non-English speaking residents can be reasonably expected to participate;

- provides citizens with reasonable and timely notification and access to local meetings, information, and records relating to the County's proposed and actual use of federal Community Development Block Grant funds;

- provides for technical assistance to groups/organizations representative of persons of low and moderate income that request such assistance in developing proposals with the level and type of assistance to be determined by the County;

- provides for public hearings to obtain citizen views; to respond to proposals and questions at all stages of the community development program, including at least the development of needs; and the review of proposed activities, and review of program annual performance. This will also include the development and evaluation of the Williamson County Assessment of Fair Housing (AFH) and any subsequent amendments to the AFH. The hearings shall be held after adequate notice, at times and locations convenient to potential or actual beneficiaries, and with accommodations for the disabled; and,

- provides for a timely written response to written complaints and grievances where applicable.

Consolidated Plan/Annual Action Plan

The Consolidated Plan serve as the five-year planning framework for funding under the CDBG, HOME, ESG, and HOPWA Programs. The County will make available to citizens, public agencies and interested parties information that includes:

- The estimated amount of assistance the jurisdiction expects to receive, including grant funds and program income; and
- The range of activities that may be undertaken, including the estimated amount that will benefit persons of low- and moderate- income.

The Annual Action Plan serves as the framework to HUD under the CDBG, HOME, ESG, and HOPWA Programs. The annual Action Plan states the amount of assistance the County expects to receive (including grant funds and program income) from each of the federal programs and includes a description of the activities and related funding allocations that the County will undertake to address the needs and priorities established in the Consolidated Plan.

The Williamson County CDBG Office will, at a minimum, convene two (2) public needs hearings conducted during the development of the Five-Year Consolidated Plan and/or Annual Action Plan to obtain citizens' views and to respond to proposals and questions. The first public hearing will be held during the development of the Five-Year Consolidated Plan and/or Annual Action Plan before the proposed Plan is published for comment. The second public hearing will be held during the 30-day public comment period and prior to submission to HUD.

First Public Hearing

The County will hold the first Public Hearing to obtain citizen views on community development and housing needs and to provide citizens important program information as part of the planning process for the coming program year. At the public hearing the following information will be made available:

- The anticipated amount of the entitlement grant, program income, and other funds expected to be available during the program year;
- The range of activities that may be undertaken with CDBG funds;
- The estimated amount of those funds to be used for activities that will benefit low and moderate income persons;
- A description of CDBG activities likely to result in displacement, plans for minimizing such displacement, and the type and level of assistance that will be made available to persons displaced; and,
- The process to be followed in determining the use of CDBG funds, including the schedule of meetings at which the County's CDBG Office will recommend projects for funding, and when the County Court will adopt the Plan.

Second Public Hearing

Once drafted and before the Five-Year Consolidated Plan and/or Annual Action Plan is adopted, the document(s) will be made available to interested parties for a public comment period of no less than 30 days. A public meeting will be conducted during the 30-day comment period to gather comments on the proposed plan. A summary of these comments or views shall be attached to the final Consolidated Plan.

Consolidated Annual Performance and Evaluation Report (CAPER)

The CAPER describes the accomplishments achieved with federal funds during the previous year, including how funds were actually used and the extent to which these funds were used for activities that benefited low and moderate income residents. The fiscal year for expenditure of HUD funds begins October 1 and ends September 30 of the following year. This report will be submitted to HUD within 90 days of the close of the program year.

Before the Consolidated Annual Performance Report (CAPER) is submitted to HUD, it will be made available to interested parties for a comment period of no less than 15 days. Citizens will be notified of the CAPER's availability through notification in a newspaper of general circulation. The notification will be published on or before the day the CAPER comment period begins. Comments received from individuals and/or groups will be considered in the final document. A summary of the written comments and a summary of those not accepted and the reasons therefore will be included in the final CAPER.

Substantial Amendment Process

Williamson County will consider the following criteria as constituting a substantial change to the Consolidated Plan or Annual Action Plan thereby requiring an amendment:

- An activity and/or strategic priority added to or deleted from the Consolidated Plan and/ Annual Action Plan;
- A change in the purpose, scope, location, or beneficiaries of an activity previously described;
- A fifty (50) percent change in federal funding where the project is $25,000 or less, or
- A twenty-five (25) percent change in federal funding where the project is more than $25,000.

In the event of an amendment to the Consolidated Plan/Annual Action Plan, the proposed amended Consolidated Plan/Annual Action Plan will be made available to interested parties for a comment period of no less than 30 days. Citizens will be notified of the amendment through newspaper notification in a newspaper of general circulation. The notification will be published on or before the day the amendment comment period begins.

In the event of an amendment to the Citizen Participation Plan, the proposed amended Citizen Participation Plan will be made available to interested parties for a comment period of no less than 30 days. Citizens will be notified of the amendment through newspaper notification in a newspaper of general circulation. The notification will be published on or before the day the amendment comment period begins.

Citizens may register complaints regarding any aspect of the Community Development Block Grant (CDBG) Program by telephoning the County CDBG Office at (512) 943-3757 or by writing to the Williams County CDBG Office at 710 Main Street, Georgetown, TX 78626. All complaints received will be addressed within fifteen (15) working days.

Citizens wishing to object to HUD approval of the final Consolidated Plan/Annual Action Plan may send written objections to the HUD Area Office located at H.F. Garcia Federal Bldg/U.S. Courthouse 615 E. Houston Street, Suite 347 San Antonio, TX 78205. Objections should be made within thirty (30) days after Williamson County has submitted the plan to HUD. Objections made and submitted to HUD must be based on the following reasons:

- The applicant's description of needs and objectives is plainly inconsistent with available facts and data;
- The activities to be undertaken are plainly inappropriate to meeting the needs and objectives identified by the applicant;
- The application does not comply with the requirements of the Community Development Block Grant (CDBG) Program or other applicable laws; and/or
- The application proposed activities which are otherwise ineligible under the program regulations.

Objections should include both an identification of requirements not met and available facts and data.

Assessment of Fair Housing (AFH)

The Assessment of Fair Housing is a planning document prepared in accordance with HUD regulations at 24 CFR 91.105 and 24 CFR 5.150 through 5.166. This plan includes an analysis of fair housing data,

assesses fair housing issues and contributing factors, and identifies Williamson County's fair housing priorities and goals for affirmatively furthering fair housing.

The process for development of the AFH and the process for citizen participation for the AFH are the same as the processes for development and citizen participation for the Consolidated Plan, Action Plan, and their Substantial Amendments with regard to public hearings, public comment periods, and public notices, with the additional requirement that HUD-required data and other local data and information that the County intends to use in preparing its AFH will be made available to the public as soon as possible.

The Assessment of Fair Housing must be submitted to HUD at least 270 days prior to the beginning of the program year for which a new Consolidated Plan is due.

Revisions to Assessment of Fair Housing

The County shall amend and revise its approved Assessment of Fair Housing whenever one of the following situations occurs:

1. A material change occurs. A material change is a change in circumstances in Williamson County that affects the information on which the AFH is based, to the extent that the AFH analysis, its priorities and goals, and the fair housing contributing factors, no longer reflect actual circumstances. Examples of a material change may include:

- Significant demographic changes;
- New significant contributing factors in the jurisdiction that create, perpetuate, contribute to, or increase restrictions on fair housing choice or access to opportunity;
- Presidentially-declared disasters within the jurisdiction that are of such a nature as to significantly affect the County's efforts to affirmatively further fair housing;
- Civil rights findings, determinations, settlements (including Voluntary Compliance Agreements), or court orders.

2. Upon HUD's written notification specifying that a material change has occurred.

Whenever a Revision to the Assessment of Fair Housing is proposed, it will be available for public comment for a period of thirty (30) days before Commissioners Court approval, as applicable. All requests should specify the name of the group or organization as well as a contact person, the nature of technical assistance requested, immediate problems and the reason for the request.

Use of Alternate Projects

Williamson County will use Alternate Projects in the Annual Action Plans. If a funded project has cost savings, slows down or discovers a barrier to being completed, an alternate project from the current Annual Action Plan may be selected to continue the timely spending of grant funds. Consideration of any project that was not identified as an alternate will go through the approved substantial amendment process.

Alternate Projects contain the same level of information that funded projects contain in the Annual Action Plan to ensure appropriate review by the public. Project descriptions also include the maximum dollar amount the Commissioners Court will consider if funding becomes available. Approval by the Williamson County Commissioners Court will be necessary to replace a funded project with an alternate or to fund an alternate with cost savings from a completed project regardless of whether or not:

- The increase or decrease exceeds 50% change in federal funding where the project is $25,000 or less, or
- The increase of decrease exceeds 25% change in federal funding where the project is more than $25,000.

These actions will not require a substantial amendment since the alternate projects will have gone through a public review process.

Consideration of any project that was not identified as an alternate will go through the approved substantial amendment process.

Section 108 Loans

Applications for assistance filed by Williamson County for Section 108 loan guarantee assistance authorized under HUD regulation 24 CFR Part 570, Subpart M, are subject to all provisions set forth within this Citizen Participation Plan. Such applications for Section 108 loan guarantee may be included as part of the process for obtaining CDBG Entitlement funds, or may be undertaken separately anytime during the program year. The required public hearing to inform citizens of program requirements will be carried out by the Williamson County CDBG Office.

In the Event of a Disaster

In the event of a federally declared disaster where program funds covered by this Plan may be expended to carry out eligible activities to address the County's disaster response, the County's requirements under this Plan will be streamlined in accordance with any/all applicable HUD waivers, to include:

a) A 7-day public display and comment period to amend the Con Plan
b) A minimum of one public hearing shall be held to receive comments on the proposed amendment

Agenda Item

Discuss, consider and take appropriate action on an order declaring an emergency and a grave necessity due to unforeseeable circumstances and approve a budget amendment to acknowledge additional revenues for the NACo Prescription Discount Card Program.

Background

Williamson County has participated in the free medication discount card program made available through NACo since July 2008. This program provides to consumers an average discount of 24% on medications not available through insurance programs, and may be made available to any County resident, without regard to income. There is no cost to participating counties. The contracted pharmacy benefits manager recoups cost through manufacturer rebate programs. Williamson County and Cities Health District (WCCHD) acts as the County's agent to administer the program, receive the bulk delivery of cards, and manage distribution. The NACo Board of Directors has approved a proposal which will allow counties to receive revenue through the NACo Prescription Discount Card Program. On April 24, 2012, Williamson County Commissioners approved a revised contract allowing revenue sharing, and approved for program revenues to be paid to WCCHD as reimbursement for locally administering the program.
