

## Bio – Edward H. Trent

### Cedar Park, Texas

Edward Trent has lived in Cedar Park and Austin for thirty years. Originally from Midland, Texas, he graduated from Greenwood High School. Early in his career, he worked with a master electrician before pursuing his vocation as a technician in the low voltage industry. For the next twenty years, he worked for companies where he continued to develop skills and knowledge in installing and then designing commercial fire alarm systems. During that time, he obtained national certification and a Texas state license for fire alarm system design. After approximately 20 years in the fire alarm industry, Edward began employment with the City of Austin Fire Department, where he reviews site plans, building plans, and fire alarm system plans according to locally adopted codes and standards. He and his wife have call Cedar park their home for over 20 years. They have a wonderful daughter, one dog, and two cats.
