2020 Asset Inventory Report

Submitted For: Randy Barker **Submitted By:** Randy Barker, Purchasing

Department: Purchasing

Agenda Category: Consent

Information

Agenda Item

Discuss, consider and take appropriate action on acknowledging the annual asset inventory as conducted by Records Consultants, Inc. to fulfill the requirement of producing an annual asset report for the county, pursuant to Tx. Local Gov't Code 262.011.(i).

Background

Texas Local Government Code 262.011.(i) requires by July 1 of each year the county purchasing agent to file with the county auditor and each of the members of the board that appoints the county purchasing agent an inventory of all the property on hand and belonging to the county and each subdivision, officer, and employee of the county. Court has previously approved a contract with Records Consultant, Inc. (RCI) to conduct the inventory and provide the results to the Purchasing Agent. The inventory reports attached are a result of the inventory conducted by RCI in February/March 2020. The County Auditor's Office is currently reconciling the results of the inventory with their asset database to produce a complete and accurate accounting of all assets.

Discuss, consider, and take appropriate action on a grant extension request for Trauma Focused Equine-Therapy Program provided by Juvenile Services.

Background

Juvenile Services was award $65,400 through the Office of the Governor-Criminal Justice Division for FY20 to operate a Trauma Focused Equine-Therapy Program. The grant is currently scheduled to end in September 2020. In response to Covid19, the department discontinued the program for a couple of months to enure the safety of the youth, staff, and contractors. We have started the program again, using appropriate precautions, but we do have some concerns that we will have difficulty using all the grant funds by the end of the FY due to the unexpected interruption in programming. In an effort to utilize all the funds awarded, we would like to request an extension through December 2020.

Evaluation/Selection Criteria

All Proposals received by the designated date and time will be evaluated based on the Respondent's Proposal. Other information may be taken into consideration when that information potentially provides an additional benefit to the County, and further helps the County in receiving the services listed in the RFP.

Respondents' Proposals must meet all mandatory (minimum) requirements in order to be scored. Scoring may also be based on total information gathered by the County at its discretion, including but not limited to respondent's ability to perform "without delay or interference, character, responsibility, integrity, and experience or demonstrated capability; quality of prior work; compliance with laws; and noncompliance with requirements as to submission of relevant information."

Evaluation Committee and Selection Process

All Proposals will be evaluated by a County appointed Evaluation Committee. The Evaluation Committee may be composed of County Staff that may have expertise, knowledge or experience with the services and/or goods being procured hereunder. Those Respondents meeting all requirements and deemed most qualified may receive further evaluation via telephone or in-person interviews with members of the Evaluation Committee. The County will select a Respondent determined best and most responsible Respondent meeting minimum specifications and qualifications.

Respondents are advised that the Evaluation Committee, at its option, may recommend an award strictly on the basis of the initial RFP responses, or in addition, may have interviews with firms to determine its final recommendation. The Evaluation Committee will present its recommendation to the Williamson County Commissioners' Court for approval and award of contract.

Finalist shall be determined by the Respondent receiving the most points in relation to the following Evaluation Criteria. Additional scoring may be conducted based upon Respondent's presentation during the interview process and may or may not include previous scores from Respondent's Proposal.

Mandatory Criteria

Any criteria identified as Mandatory shall be required in order to be considered for scoring. (See Evaluation Criteria section 1.8)

Graded Evaluation Factors

The Evaluation Criteria stated in section 1.8 will be used to determine how well a Respondent(s) meet(s) the desired performance.

Williamson County will conduct a comprehensive, fair and impartial of evaluation of all proposals received in response to this RFP. Each proposal will be analyzed to determine overall responsiveness and qualifications under the RFP. Williamson county may select some of the respondent proposals for finalist presentations. Criteria to be evaluated will include but are not limited to the items listed below:

Interviews

Interview scoring (if applicable) will be provided along with invitation to interview candidates. Best and Final Offer may be requested from any Respondents scheduled for interviews.

Additional Evaluation Information

It is the responsibility of the Respondent to provide sufficient information/data in a convincing manner to the County to assure all of the terms, conditions and expectations **for** satisfactory performance of the services requested herein will be met.

All contact during the evaluation phase shall be through the Williamson County Purchasing Department only. The Respondent shall neither contact nor lobby evaluators during the evaluation process. Technical Contact

The person identified as Williamson County's Technical Contact will have designated responsibility to ensure compliance with the requirements of the Contract and any ensuing agreement, such as but not limited to, acceptance, inspection and delivery, together with the Purchasing Department. The Technical Contact, together with the Purchasing Department, will serve as liaison between Williamson County Commissioners Court and the Successful Respondent.

Initial Contract Term

The Successful Respondent shall provide the goods and/or services for the initial term as described in the RFP description.

Contract Extensions

At the end of the Initial Contract Term, the Commissioners Court reserves the right to extend the Initial Contract Term, by mutual agreement of both parties, as it deems to be in the best interest of the County. The extension may be negotiated if renewal indications are provided within the County's timeframe which reflect renewal terms for the forthcoming policy year that are deemed by the County to be competitive with current market conditions. However, the County may terminate the contract at any time if funds are restricted, withdrawn, not approved, or if service is unsatisfactory. Any extension will be as described in the RFP description. The extension of the contract is contingent on the appropriation of necessary funds by the Commissioners Court for the fiscal year in question. Upon the failure of the Commissioners Court to so appropriate in any year, the Respondent may elect to terminate the contract, with no additional liability to the County. The County and the Respondent agree that termination shall be the Respondent's sole remedy under this circumstance.

Each Proposal shall become the property of the County upon submittal and will not be returned to Respondents unless received after the submittal deadline.

DISQUALIFICATION OF RESPONDENT

Upon signing and submittal of the Proposal, a Respondent offering to sell supplies, materials, services, or equipment to the County, certifies that the Respondent has not violated the antitrust laws of the State of Texas codified in Business & Commerce Code, Section 15.01, or the Federal Antitrust Laws, and has not communicated directly or indirectly

the offer made to any competitor or any other person engaged in such line of business. Any or all Proposals may be rejected if the County believes that collusion exists among the Respondents.

In the event the County exercises its right to terminate without cause, it is understood and agreed that only the amounts due to the Successful Respondent for goods, commodities and/or services provided, and expenses incurred to and including the date of termination, will be due and payable. No penalty will be assessed for the County's termination for convenience.

NON-PERFORMANCE

It is the objective of the County to obtain complete and satisfactory performance of the requirements set forth herein. In addition to any other remedies available at law, in equity or that may be set out herein, failure to perform may result in a deduction of payment equal to the amount of the goods and/or services that were not provided and/or performed to the County's satisfaction.

In the event of such non-performance, the County shall have the right, but shall not be obligated, to complete the services itself or by others and/or purchase the goods from other sources. If the County elects to acquire the goods or perform the services itself or by others, pursuant to the foregoing, the Successful Respondent shall reimburse the County, within ten (10) calendar days of demand, for all costs incurred by the County (including, without limitation, applicable, general, and administrative expenses, and field overhead, and the cost of necessary equipment, materials, and field labor) in correcting the nonperformance which the Successful Respondent fails to meet pursuant to the requirements set out herein. Failure to clearly identify and mark information as being proprietary as set forth under this provision will result in all unmarked information being deemed non-proprietary and available to the public. For all information that has not been clearly identified and marked as proprietary by the Respondent, the County may choose to place such information on the County's website and/or a similar public database without obtaining any type of prior consent from the Respondent.

The County will, to the extent allowed by law, endeavor to protect from public disclosure the

information that has been identified and marked as proprietary. The final decision as to what information must be disclosed, however, lies with the Texas Attorney General.

To the extent, if any, that any provision in this RFP or in the Respondent's Proposal is in conflict with Texas Government Code, Chapter 552, as amended (the "Public Information Act"), the same shall be of no force or effect. Furthermore, it is expressly understood, and agreed, that the County, and its officers and employees, may request advice, decisions and opinions of the Attorney General of the State of Texas in regard to the application of the Public Information Act to any items or data furnished to the County as to whether or not the same are available to the public. It is further understood that that the County, and its officers and employees, shall have the right to rely on the advice, decisions and opinions of the Attorney General, and that the County, its officers and employees shall have no liability or obligation to any party hereto for the disclosure to the public, or to any person or persons, of any items or data furnished to the County by a party hereto, in reliance of any advice, decision or opinion of the Attorney General of the State of Texas.

TESTING AND INSPECTIONS

The County reserves the right to inspect and test equipment, supplies, materials and goods for quality and compliance with this RFP, and ability to meet the needs of the user. Demonstration units must be available for review. Should the goods or services fail to meet requirements and/or be unavailable for evaluation, the County can deem the Respondent to be in breach and terminate the Contract and/or any Ensuing Agreement(s).

PROPOSAL PREPARATION COSTS

The cost of developing Proposals is the sole responsibility of the Respondents and shall not be charged to the County. There is no expressed or implied obligation for the County to reimburse the Respondents for any expense incurred in preparing a Proposal in response to this RFP and the County will not reimburse the Respondents for such expenses.

INDEMNIFICATION

The Successful Respondent shall indemnify, defend and save harmless, the County, its officials, employees, agents and agent's employees from, and against, all claims, liability, and expenses including reasonable attorneys' fees, arising from activities of the Respondent, its agents, servants or employees, performed hereunder that result from the negligent act, error, or omission of the Respondent or any of the Respondent's agents, servants or employees, as well as all claims of loss or damage to the Respondent's and the County's property, equipment, and/or supplies.

Furthermore, the County, its officials, employees, agents and agents' employees shall not be liable for damages to the Successful Respondent arising from any act of any third party, including, but not limited to, theft. The Successful Respondent further agrees to indemnify, defend and save harmless, the County from its officials, employee, agents and agents' employees against all claims of whatever nature arising from any accident, injury, or damage whatsoever, caused to any person, or the property of any person, occurring in relation to the Successful Respondent's performance of any services requested hereunder during the term of the Contract and/or any Ensuing Agreement(s).

The Successful Respondent's duty to defend, indemnify and hold the County harmless shall be absolute. It shall not abate or end by reason of the expiration or termination of the Contract and/or any Ensuing Agreement(s), unless otherwise agreed by the County in writing. The provisions of this section shall survive the termination of the Contract and shall remain in full force and effect with respect to all such matters no matter when they arise. In the event of any dispute between the parties, as to whether a claim, demand, suit, action, proceeding, lien or judgement, that appears to have been caused by or appears to have arisen out of or in connection with acts or omissions of the County, the Respondent shall nevertheless fully defend such claim, demand, suit or action, proceeding, lien or judgement, until and unless there is a determination by a court of competent jurisdiction that the acts and omissions of the Respondent are not an issue in the matter.

The Successful Respondent's indemnification shall cover, and the Successful Respondent

agrees to, indemnify the County, in the event the County is found to have been negligent for having selected the Successful Respondent to perform the work described in this request. The provision by the Successful Respondent of insurance shall not limit the liability of the Successful Respondent under the Contract and/or any Ensuing Agreement(s).

WAIVER OF SUBROGATION

The Successful Respondent and the Successful Respondent's insurance carrier waive any and all rights whatsoever with regard to subrogation against the County as an indirect party to any suit arising out of personal or property damages resulting from the Respondent's performance under this Contract and any Ensuing Agreement(s).

RELATIONSHIP OF THE PARTIES

The Successful Respondent shall be an independent contractor and shall assume all of the rights, obligations, liabilities, applicable to it as such independent contractor hereunder and any provisions herein which may appear to give the County the right to direct the Successful Respondent as to details of doing work herein covered, or to exercise a measure of control over the work, shall be deemed to mean that the Successful Respondent shall follow the desires of the County in the results of the work only. The County shall not retain or have the right to control the Successful Respondent's means, methods or details pertaining to the Successful Respondent's performance of the work. In case of inclement weather or any other unforeseen event causing the County to close for business on the date of a Proposal submission deadline, the Proposal closing will automatically be postponed until the next business day the County is open. If inclement weather conditions or any other unforeseen event causes delays in carrier service operations, the County may issue an Addendum to all known Respondents interested in the project to extend the deadline. It will be the responsibility of the Respondent to notify the County of their interest in the project if these conditions are impacting their ability to turn in a submission within the stated deadline. The County reserves the right to make the final judgement call to extend any deadline.

AIR QUALITY

In determining the overall best Proposal, the County may, to the extent applicable, exercise the option granted to local governments under the Texas Local Government Code, Section 271.907.

OVERVIEW OF OPERATIONS

Williamson County Emergency Communications (WCEC) serves as a combined 9-1-1 call

taking and radio dispatching communications center for Williamson County. WCEC provides direct services to the unincorporated areas of Williamson County and many of the cities. WCEC provides secondary services to the cities of Cedar park, Round Rock, Leander, Taylor, and to a lesser extent, Georgetown. WCEC services include the intake, processing, and dispatching of emergent and non-emergent law enforcement, fire, and EMS calls for service for 38 different agencies.

Williamson County is centrally located in Texas just north of Travis County and the State capitol in Austin. Its major cities are Round Rock, Cedar Park, Georgetown, Leander, Taylor, and Hutto. Williamson County covers an area of 1,135 square miles and was the 4th fastest growing county in Texas and 14th in the United States in 2016. The population in 2017 was approximately 562,000 with the estimate reaching 585,400. The governing body of the County is the Commissioners Court. The Court is comprised of the County Judge and four Commissioners elected by their precincts.

WCEC is organized under a Dispatch Steering Committee (DSC) which represents the Commissioners Court, various cities, public safety disciplines, and communities served. The DSC provides guidance and recommendations to the Director of WCEC on the operations of the communications center along with providing recommendations to the County Commissioners Court. WCEC has a paramilitary type hierarchy comprised of executive leadership (Director, Deputy Director, Division Managers), mid-level leadership (Captains and Lieutenants), and telecommunicators.

This is accomplished with highly trained professional telecommunicators operating in the different areas of expertise of call taking, law enforcement dispatching, EMS dispatching, and fire dispatching. Floor coverage varies as is outlined below:

Floor Staffing / Covered by Shift

Shift / Hours	Team per Shift	Number of Shifts	Total Team
Day (6a-6p)	13	2	26
Night (6p-6a)	12	2	24
Swing (12p-12a)	2	2	4
Training Shift	4	1	4
QA / Feedback	1	1	1
Special Operations	1	1	1

Williamson County has state-of-the-art systems used for 9-1-1 call taking, information management, and dispatching of calls. Currently, all telecommunicators are hired with the expectation that within the first three years of employment, they will complete training in call taking, radio dispatching, and have a specialty. There have been significant changes in leadership positions over the past four months due to retirements/resignations. Additionally, a consultant was brought in twice to conduct an operational review of operations that was completed in July 2018 and a review of the education program completed in September 2019. There has been significant activity to implement the recommendations of these two reports to present. All this change, combined with significant staff vacancies over many years with constant attrition, has manifested into an organizational culture that needs significant improvement. The Commissioners Court deserves praise of adding eight telecommunicator positions Fiscal Year (FY) 2019 and increasing entry-level salaries from just over $35,000 to $50,936 in FY 2020 to address the attrition challenge. New leadership was put in place in December 2019 and are addressing numerous organizational changes outlined in the two consultant reports mentioned previously. The new salary structure has allowed full academy classes to be filled and the process of filling the numerous existing vacancies are underway that will take approximately 18-months to complete their training. Related to the previous consultant reports mentioned previously, the recommendation to add another 12-positions in FY2021 are being pursued in the budget process underway for next year. There will be additional positions requested over the next several fiscal years to complete the recommendations in those reports. All the operational challenges defined in these consultant reports over the years have resulted in deficiencies in the overall organizational culture.

Scope of Work / Scope Elements

Williamson County seeks to improve the organizational culture within WCEC and develop a plan of action to create a positive work environment of strong human relationships that enhances the mission of the organization. The county's objectives in the development of this improved organizational culture include the following Scope Elements:

1. Interview leadership and staff to assess the current state of the organizational culture.
2. Assess the vision, mission, and values of the organization in relation to the current environment. (see vision, mission, and values below for reference)
3. Evaluate how the leadership changes, operational changes, and attrition challenges have impacted the culture of the organization.
4. Develop a plan that institute best practices for a nurturing and positive work environment that ultimately transforms the organizational culture.

Vision: Be the absolute best in Emergency Communications.

Mission: Respectful, professional, excellence in care and service.

Individual Values: "RICH" - Respect, Integrity, Commitment, Honesty

Organizational Values: The Values of World Class (Baldrige) Organizations

1. Valuing people
2. Systems perspective
3. Management by fact

This presentation will be reviewed with the Senior Director of Emergency Services, Director of Emergency Communications, and Deputy Director of Emergency Communications. Any modifications to the plan will be reviewed by the Contractor.

The Action Plan will be submitted within 6-weeks of the presentation. The Action Plan should outline the timelines, milestones, dependencies, and other deliverables necessary to fulfill the requirement of this RFP.

Once the Action Plan is approved by Williamson County, the Contractor will be available for follow-up questions via conference call for a maximum of ten-hours as the action plan is implemented within WCEC.

2. Assessment / Ongoing Development

Williamson County will provide full access to the team, materials, and facility to allow thorough assessment and development of the Scope of Elements. 11. **Required** - The Contractor shall complete all Williamson County required vendor and service provider documentation and certifications prior to start of work.

Considerations for Planning the Response to this Request

When preparing the response, consideration should be given for the following:
1. Williamson County will not have a full-time (100%) project manager. The Williamson County Emergency Communications Single Point of Accountability (WCEC SPA) will be the Senior Director of Emergency Services.
2. The Contractor is responsible for guiding, supporting, mentoring, and coaching the Senior Director in the development of materials directly related to the deliverables outlined in this RFP.
3. The WCEC SPA will assist in identification of departmental resources, materials, and

team members that may be needed to complete the Scope of Work.
4. The WCEC SPA will assist in financial evaluation and, where possible, the purchase of resources, programs, and/or materials needed for completion of the Scope of Work.
5. The WCEC SPA will assist in scheduling onsite work in advance.
6. The Contractor will provide appropriate introduction and preparatory materials in coordination with the WCEC SPA during project initiation to ensure all parties are informed and educated prior to project commencement and interviews.
7. The Contractor will be expected to provide reasonable notice of data requests and needs for meetings with County staff.
8. The WCEC SPA shall provide the requested information, data, and materials within (3) days of the request unless otherwise specified assuming the information, data, and material requested is available.
9. The cost proposal should include a "not to exceed" fee for the project, inclusive of items which are normally referred to as reimbursable expenses, i.e., travel, meals, lodging, and overtime work requiring higher than regular rate for which no additional compensation will be due.

Williamson County Emergency Communications
Scope of Work

Overview

Engage a diverse sample of Williamson County Emergency Communication (WCEC) employees in a collaborative process to assess elements of the organization's culture including its mission, vision, and values. Various inputs will include a review of relevant organizational data and reports, interviews with select personnel, and an online survey available to all employees. The collected information will be analyzed and framed into a formal cultural assessment report inclusive of recommendations and an action plan. Further, advising/coaching will be provided on the need, content, priority, and execution of short and long-term initiatives designed to enhance WCEC's culture, practices, and ability to achieve its mission.

Further, as stated in the County's request for proposal requirements, the scope of work seeks to improve the organizational culture within WCEC and develop a plan of action to create a positive work environment of strong human relationships that enhances the mission of the organization. The county's objectives in the development of this improved organizational culture include the following Scope elements:

- Interview leadership and staff to assess the current state of the organizational culture.
- Assess the vision, mission, and values of the organization in relation to the current environment. (see vision, mission, and values below for reference)
- Evaluate how the leadership changes, operational changes, and attrition challenges have impacted the culture of the organization.
- Develop a plan that institute best practices for a nurturing and positive work environment that ultimately transforms the organizational culture.

To address Scope elements, the following lays out major phases during the project period. The phases include preparation, participation, draft report, report briefing, and post report activities.

Phase I: Preparation

- Documents – Review relevant WCEC documents.
- Interviews – Develop questions and interview list that ensures a broad sample of input based on employee demographics, generational characteristics, positional roles, and any other relevant factors (see Appendices A and B for draft questions and tentative interview list).
- Survey – Construct online survey.
- Communications – Convey the purpose of the project, timetable, and related information to promote employee understanding and active participation.

Phase II: Participation

- Conduct direct interviews with select employees.
- Launch and administer online survey.

Note: It is expected that approximately 30% of WCEC employees will participate in direct interviews and a similar number will complete the online survey.

Phase III: Draft Report

- Analysis – Analyze collected employee direct interview and survey input for themes, issues, and recommendations.
- Draft 1 – Compose an initial draft of findings and recommendations.
- Preview – Share draft with appropriate WCEC officials to ensure accuracy of information without dismissing input.
- Draft 2 – Modify Draft 1, if appropriate, and prepare final report.

Phase IV: Report Briefing

- Prepare WCEC officials to conduct briefing.
- Conduct feedback sessions with employees.

Phase V: Post Report Briefing

- Analyze feedback sessions.
- Advise WCEC officials on implementation of action plan.

Timetable

The following table illustrates an approximate timeline for each phase. Generally, a project of this scope would require 60 to 90 days to complete and take an estimated 80 to 100 hours or more. Participation is the longest phase to allow for direct interviews and online line survey input. Note that estimated timelines can be influenced by unforeseen events and emergencies which emergency response organizations are prone to have occur.

Phase	Month 1	Month 2	Month 3
Preparation			
Participation			
Draft Report			
Report Briefing			
Post Briefing			

Cost

The all-inclusive cost for the project is $16,500. The table below breaks out the estimated cost by phase. It should be noted that the actual amount of time and related cost may vary by phase. However, the total cost is a fixed amount. Optional: Should WCEC wish to have consultant onsite participation for the report briefing, the additional cost would be $5,000. It is believed that WCEC leadership, with some coaching, will be very capable of handling presentation tasks. Post Briefing activities will be assumed into the ten hours required in the RFP.

Phase	Cost
Preparation	$1,250
Participation	6,190
Draft Report	8,235
Report Briefing	825
Post Briefing (includes 10 hours)	NA
Total	$16,500

An invoice will be submitted upon the completion of each phase.

Standards, Principles, and Best Practices

The participatory approach in this project represents long-standing management and organizational development principles and best practices. Healthy work environments are comprised of servant leadership, collaboration, and direct communication, including active listening. Taking the initiative to solicit employee input on the state of the organization's culture is a principled and constructive action. Further, by creating a report that represents employee voices and recommendations will validate their value to the organization.

Qualifications

The proposed vendor is a senior strategist with a deep, extensive background in operational and strategic management with county government and consulting for fire rescue organizations across the nation (see Appendix C for resume). Throughout 32 years of consulting, the proposed vendor has conducted numerous organizational assessments for entities ranging from 20 to over 5000 employees, which includes some of the largest fire rescue organizations in the country. The proposed vendor has led or been part of countless organizational development initiatives including evaluation of consent decree reforms, conflict management design and training, crisis management, complaint investigations, interventions and team building, and serving as an expert witness in discrimination and harassment cases. Significantly, the proposed vendor has developed a team-based performance management model that proactively assesses interpersonal and work behavior. The proposed vendor has direct experience in assessing dispatch/communication units as part of the organizational assessment experience for some fire rescue entities. The proposed vendor was part of a team to conduct an assessment and intervention for the City of Milpitas police communication center. Lastly, the proposed vendor has advised scores of top and mid-level executives and middle managers on personal and organizational issues.

While most of the proposed vendor's background is relevant to this proposal, there are a few examples that demonstrate advanced executive coaching skills and organizational development abilities. The San Francisco Fire Department, under a Federal consent decree, was severely challenged by discrimination and racism allegations resulting in over 60 EEO violations. The proposed vendor coordinated the development of a phenomenally successful conflict management program for the department and aided the department and city attorney in the evaluation of consent decree reforms. As part of a major organizational change initiative for the Arlington County Fire Department, the proposed vendor installed a team-based performance management program (AIM) increasing the ability of executive, middle managers and line supervisors to proactively identify emerging risk issues while reinforcing positive interpersonal and operational behaviors, which are the underpinnings of a healthy culture. Over a six-year period, the proposed vendor, as alluded to previously, worked in an immersive role with Howard

County Maryland Fire and Rescue in assessing organizational issues, advising, and coaching top officials, and facilitating major initiatives. The proposed vendor also worked with the Fremont California Fire Department to enhance the promotional process by developing a self-assessment preparation guidebook for all supervisory and executive level positions (line supervisor to fire chief), enabling prospective candidates to assess personal strengths and needs, values, and establish professional development goals through an interactive process.

Similar Projects

The Qualification section suggests an extensive history of performing similar kinds of work outlined in this proposal. Contemporary examples will be augmented by Fire Chiefs Corey Smedley and John Butler who are listed in the Reference section. The former leads the Alexandria Virginia Fire Department where the proposed vendor has conducted a significant organizational assessment of the department, inclusive of analysis and recommendations. Chief Butler heads the 1700 member Fairfax County Virginia Fire and Rescue Department. The proposed vendor has worked with Chief Butler when he was at Howard County Fire and Rescue on an organization assessment, plus a series of other initiatives. Further, the proposed vendor has been working with him in his current role to assess and improve executive and organizational practices.

Appendix A
Draft Potential Interview/Survey Questions

Instructions

The Williamson County Emergency Communications values its employees. The purpose of this interview/survey is to solicit honest feedback on the state of WCEC culture through the eyes of its employees. Carefully read the background information before responding to the questions listed below.

Background

Culture is not an esoteric topic. It is a word that is used across society by sports teams, business, education, families, and public entities. Organizational theorists Peters and Waterman define it as a "system of shared values and beliefs that produce norms of behavior." They note that every organization has a culture that "can be a positive or negative force in achieving effective performance." When negative behaviors dominate an organization's culture, bad things can happen. Conversely, when positive behaviors dominate an organization's culture, employees report a higher degree of personal satisfaction and effectiveness. Culture grows or regresses in a dynamic environment. Within WCEC, numerous changes have occurred over the past couple of years.

This project aspires to measure the impact of WCEC's culture by engaging employees in a collaborative evaluation of the mission, vision, and values. As such, some employees will participate in direct interviews with an outside consultant while others will have the opportunity to partake in an online survey featuring the same questions.

WCEC's mission, vision, and values are …

Mission: Respectful, professional, excellence in care and service.

Vision: Be the absolute best in Emergency Communications.

Individual Values: Respect, Integrity, Commitment, Honesty

Organizational Values: Valuing people, Systems perspective, Management by fact

The core question is … Are these statements relevant to the shaping a productive, satisfying, healthy work environment? Following is a list of questions when considering WCEC's mission, vision, and values, and all the changes over recent years …

- Q1: What are 2 - 3 things the WCEC has done well to improve the culture?
- Q2: What are 2 – 3 areas in which the WCEC can improve the culture?
- Q3: What are the obstacles and/or challenges to improving these areas?
- Q4: What are your recommendations for addressing these issues?
- Q5: How can you help?

- Q6: Who is someone that inspires you within or outside the workplace? What qualities do they demonstrate?
- Q7: Identify 2 – 3 words that characterize your WCEC's culture?

Note: The only demographic information that will be collected is position and years of service.

Change Order
[TX-18I154A-001]

Changes in Services:

Pricing Changes:
No change from Contract.

Customer Responsibilities:
No change from Contract.

Payment Schedule for this amendment:
No changes.

Unless amended above, all other terms and conditions of the Contract shall remain in full force.
IN WITNESS WHEREOF the parties have executed this Amendment as of the last date signed below.

If Customer purchases equipment, at the expiration of the limited warranty, repair service will be on a time and material basis during the hours of 8am-4pm Monday through Friday, excluding holidays, unless Customer subscribes to a service plan described on the Schedule.

It is agreed that Customer is a Sourcewell cooperative purchasing contract, Contract No. 031517-SCS, user and shall have the right to receive the Sourcewell cooperative pricing under this Agreement.

Should Customer choose to use SCSS owned systems, the parties agree to sign a separate agreement for any locations at which Customer will lease SCSS systems.

2. **Term, Renewal, and Expiration.**
This Agreement shall remain in force for an Initial Term of 60 Months from the date this Agreement is executed (the "Initial Term"). If Customer has existing locations currently using SCSS systems and/or services, the terms and conditions of this Agreement shall cancel and supersede existing agreements at those locations. After the Initial Term expires, this Agreement will automatically be renewed as consecutive terms of one year, except where prohibited by applicable law in which case the Agreement will renew from month to month, unless terminated by either party by the delivery of written notice to the other at least 60 days prior to the anniversary date of the Initial Term. During the Initial Term, the terms and conditions of this Agreement shall control each location specified in a Schedule (a "new location") for a period of 60 Months from the date the system first becomes operational at any such new location and will automatically renew as set forth above, unless terminated by either party by the delivery of written notice to the other at least 60 days prior to the anniversary date that installation on the location commences. Provided, however, that if the Agreement has terminated or expired prior to the end of the term of such new location, the terms and conditions of the Agreement (other than the renewal provisions thereof) shall nevertheless be applicable to the rights and obligations of SCSS and the Customer, as to the providing of services to any such new locations.

3. **Payment**.
Customer agrees to pay SCSS:
   A. For the sale and/or installation of the systems as provided in the Schedule attached hereto. For any equipment identified as "TKO" on the Schedule, Customer acknowledges that the purchase price for the equipment is incorporated into the Total Monthly Fee set forth on the Schedule and will be paid over the Initial Term of the Agreement. Customer therefore agrees that SCSS retains title to the equipment until the full purchase price is paid, which shall be at the expiration of the Initial Term of this Agreement. SCSS agrees that upon expiration of the Initial Term, the parties may renegotiate the Total Monthly Fee to reflect payment of the purchase price for the equipment.

   B. For the monitoring, and/or service of the system(s) as provided in the Schedule, commencing from the date of installation completion, which shall be the day said item of equipment is installed at Customer's location and/or is communicating with SCSS's monitoring facility (the "Center") as determined by SCSS ("Installation Date.") Customer also agrees to pay interim charges in the amount of approximately 1/30th of the monthly charges for each day from and including the date the system becomes operative until the first (1st) of the following month. Payments for services are due Monthly in advance, commencing from the first day of the month following the date the system becomes operative.

   C. Customer agrees that at any time following expiration of the first 12 Months of any Schedule, SCSS may increase the basic monthly charges for the location(s) specified on the Schedule, once a year, for the balance of the term and any renewal thereof. Customer agrees to pay the full amount of such increase, which increase shall not exceed 9% percent over the previous twelve (12) months' basic ongoing charges.

   D. Texas Prompt Payment Act Compliance: Payment for goods and services shall be governed by Chapter 2251 of the Texas Government Code. An invoice shall be deemed overdue the 31st day after the later of (1) the date licensee receives the goods under the contract; (2) the date the performance of the service under the contract is completed; or (3) the date the Williamson County Auditor receives an invoice for the goods or services. Interest charges for any overdue payments shall be paid by licensee in accordance with Texas Government Code Section 2251.025. More specifically, the rate of interest that shall accrue on a late payment is the rate in effect on September 1 of licensee's fiscal year in which the payment becomes due. The said rate in effect on September 1 shall be equal to the sum of one percent (1%); and (2) the prime rate published in the Wall Street Journal on the first day of July of the preceding fiscal year that does not fall on a Saturday or Sunday.

   E. The not-to-exceed amount for any 12-month term under this Agreement shall be $350,000.00, unless revised by the Williamson County Commissioners Court through a written amendment signed by both parties.

4. **Liquidated Damages and SCSS's Limits of Liability.**
   A. The parties agree that SCSS is providing a system and/or service designed to reduce the risk of loss only; that the payments provided for herein are based solely on the value of the system and/or services as described herein and are unrelated to the value of any property located on Customer's premises; that SCSS is not liable for losses which may occur in cases of malfunction or nonfunction of any system provided by SCSS or that SCSS is not liable for losses which may occur in the monitoring, repairing, signal handling or dispatching aspects of the service, even if due to SCSS's negligence or failure of performance; that SCSS is not liable for losses resulting from failure to warn or inadequate training; that SCSS is not an insurer; and that insurance covering personal injury, property loss, and damage to and on Customer's premises must be obtained and/or maintained by Customer. Customer understands that it is Customer's duty to purchase such insurance; that SCSS offers several levels of protection and services and that the system and/or service described in the Schedule has been chosen by Customer after considering and balancing the levels of protection afforded by various systems and the related costs. The Agreement shall confer no rights on the part of any person or entity that is not a party hereto, whether as a third-party beneficiary or otherwise, with the exception of named indemnitees in Article 4 herein.

   B. IT IS AGREED THAT IT IS IMPRACTICAL AND EXTREMELY DIFFICULT TO FIX ACTUAL DAMAGES WHICH MAY ARISE IN SITUATIONS WHERE THERE MAY BE A FAILURE OF THE SYSTEM AND/OR SERVICES PROVIDED, DUE TO THE UNCERTAIN NATURE OF POTENTIAL DAMAGES AND/OR VALUE OF CUSTOMER'S PROPERTY OR THE PROPERTY OF OTHERS KEPT ON THE PROTECTED PREMISES WHICH MAY BE LOST, STOLEN, DESTROYED, DAMAGED OR OTHERWISE AFFECTED BY OCCURRENCES WHICH THE SYSTEM OR SERVICE IS DESIGNED TO DETECT OR AVERT, INCLUDING LOSS, DAMAGE, OR INABILITY TO OR IMPAIRMENT OF ACCESS TO CUSTOMER DATA, INABILITY OF SCSS TO GUARANTEE POLICE, FIRE DEPARTMENT AND MEDICAL ALERT RESPONSE TIME, AND ESTABLISHING A CAUSAL CONNECTION BETWEEN THE SYSTEM OR SERVICE PROBLEMS AND CUSTOMER'S POSSIBLE LOSS OR INJURIES TO THIRD PARTIES. THEREFORE, IF LIABILITY IS IMPOSED ON SCSS, ITS EMPLOYEES, AGENTS OR REPRESENTATIVES, FOR PROPERTY DAMAGE OR PERSONAL INJURY, SUCH LIABILITY SHALL BE LIMITED TO AN AMOUNT EQUAL TO THE ANNUAL SERVICE CHARGE FOR THE PARTICULAR LOCATION INVOLVED OR $10,000 WHICHEVER IS LESS. (IF THERE IS NO ANNUAL SERVICE CHARGE FOR THE PARTICULAR LOCATION INVOLVED, SCSS's LIABILITY SHALL BE LIMITED TO $500.00). THIS SUM SHALL BE PAID AND RECEIVED EITHER (i) AS LIQUIDATED DAMAGES AND NOT AS A PENALTY, OR (ii) AS A LIMITATION OF LIABILITY APPROVED AND AGREED UPON BY THE PARTIES. THE PAYMENT OF THIS AMOUNT SHALL BE SCSS's SOLE AND EXCLUSIVE LIABILITY REGARDLESS OF WHETHER LOSS OR DAMAGE IS CAUSED BY THE PERFORMANCE OR NONPERFORMANCE OF OBLIGATIONS UNDER THIS CONTRACT OR BY NEGLIGENCE, ACTIVE OR OTHERWISE, OF SCSS, ITS EMPLOYEES, AGENTS OR REPRESENTATIVES. IF CUSTOMER WISHES SCSS TO INCREASE THE AMOUNT OF THE LIQUIDATED DAMAGES OR LIMITATION OF LIABILITY AS PROVIDED ABOVE, CUSTOMER MAY OBTAIN FROM SCSS AN ADDITIONAL AMOUNT OF LIQUIDATED DAMAGES OR LIMITATION OF LIABILITY BY PAYING AN ADDITIONAL MONTHLY SERVICE CHARGE TO SCSS, SUBJECT TO WRITTEN APPROVAL BY AN AUTHORIZED SCSS REPRESENTATIVE SETTING FORTH SAID TERMS. THIS CLAUSE WILL IN NO WAY BE INTERPRETED TO ESTABLISH SCSS AS AN INSURER.

   C. Since the parties agree that Customer retains the sole responsibility for the life and safety of all persons in its premises, and for protecting against losses to his/her own property or the property of others in its premises, CUSTOMER AGREES TO INDEMNIFY AND SAVE HARMLESS SCSS, ITS EMPLOYEES, AGENTS, OR REPRESENTATIVES, AND US BANK EQUIPMENT FINANCE IF US BANK EQUIPMENT FINANCE HAS PROVIDED ANY FUNDS IN RELATION TO THIS AGREEMENT, FROM AND AGAINST ALL CLAIMS, LAWSUITS AND LOSSES BY PERSONS NOT A PARTY TO THIS AGREEMENT, ALLEGED TO BE CAUSED BY THE IMPROPER OPERATION OF THE SYSTEM, WHETHER DUE TO MALFUNCTIONING OR NONFUNCTIONING OF THE SYSTEM OR THE NEGLIGENT PERFORMANCE OR NONPERFORMANCE BY SCSS OF THE SERVICE PROVIDED BY SCSS, INCLUDING BUT NOT LIMITED TO, THE MONITORING, SIGNAL HANDLING, OR DISPATCHING ASPECTS OF THE SERVICE.

   D. Paragraphs A through C of this Article 4 shall apply to any other company or entity which, in addition to SCSS, furnishes, as a subcontractor, or otherwise, any installation, monitoring or other services provided hereunder.

   E. It is further agreed that Paragraphs A through D of this Article 4 shall be subject to the extent authorized under Texas Law.

F. SCSS will indemnify, defend and hold Customer, its officers, directors, agents and employees harmless from damage, liability and expense to the extent resulting from the negligent acts or omissions of SCSS, its agents or employees, during and within the scope of employment of such persons while they are on Owner's premises performing the installation and/or repair work. Notwithstanding the foregoing, SCSS shall have no liability or obligation to indemnify for damage, liability or expense resulting from or due to occurrences and/or the consequences therefrom that the system is intended to detect, prevent or record, including any such loss or damage which may be occasioned or caused by the improper working or malfunctioning of the system. In no event will SCSS, its employees, agents or representatives be responsible for consequential, incidental or special damages or for the negligence of others.

G. *Limited Equipment Warranty*. Where Customer purchases a security system under this Agreement, SCSS warrants that the equipment will be free from defects in material and workmanship for a period of 90 DAYS from the date the security system is placed into operation. If, during this warranty period, any of the equipment or parts are defective or malfunction, they will be repaired or replaced, at SCSS's sole option, free of charge. Warranty repair is done 8:00 am – 4:00 pm local time, Monday through Friday, excluding holidays. This warranty will not apply if the damage or malfunction occurs because the system has been adjusted, added to, altered, abused, misused or tampered with by the Customer, operated or used contrary to the operating instructions, software is used with an operating system other than that specified by SCSS or its original equipment manufacturer ("OEM"), performance issues relating to the use of Customer's data network(s), power fluctuations, or any other cause not within the cause or control of SCSS. If inspection by SCSS fails to disclose any defect covered by this limited equipment warranty, the equipment will be repaired or replaced on a time and material basis.

DISCLAIMER OF ALL OTHER WARRANTIES: WITH THE EXCEPTION OF THE FOREGOING *LIMITED EQUIPMENT WARRANTY*, SCSS MAKES NO OTHER WARRANTIES, EXPRESS OR IMPLIED, INCLUDING ANY WARRANTY OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE, THAT THE SYSTEM OR SERVICE SUPPLIED MAY NOT BE COMPROMISED, OR THAT THE SYSTEM OR SERVICE WILL IN ALL CASES PROVIDE THE PROTECTION FOR WHICH IT IS INTENDED. IN NO EVENT WILL SCSS, ITS EMPLOYEES, AGENTS OR REPRESENTATIVES BE RESPONSIBLE FOR CONSEQUENTIAL, SPECIAL OR INCIDENTAL DAMAGES OF ANY NATURE WHATSOEVER. SCSS MAKES NO WARRANTIES CONCERNING ANY EQUIPMENT OR DEVICES ATTACHED TO CUSTOMER'S SYSTEM UNLESS SUCH EQUIPMENT OR DEVICES WERE ORIGINALLY PURCHASED AND INSTALLED UNDER THIS AGREEMENT.

STATE LAW. SOME STATES DO NOT ALLOW THE EXCLUSION OR THE LIMITATION OF CONSEQUENTIAL OR INCIDENTAL DAMAGES, OR A LIMITATION ON THE DURATION OF IMPLIED WARRANTIES, SO THE ABOVE LIMITATIONS OR EXCLUSIONS MAY NOT APPLY. THE WARRANTY PROVIDES SPECIFIC LEGAL RIGHTS AND CUSTOMER MAY ALSO HAVE OTHER RIGHTS WHICH MAY VARY FROM STATE TO STATE.

5. **Miscellaneous Charges and Increase in Charges**.

A. Customer shall pay any City, State or Federal taxes, fees or charges which are imposed upon the equipment, the installation thereof or performance of the services provided for herein, including any increase in charges to SCSS for facilities required for transmission of signals under this Agreement.

B. At SCSS's option, a fee may be charged for any unnecessary service run or false alarm. If Customer or SCSS is assessed any fine or penalty by any municipality, fire, or police department as a result of any false alarm, Customer shall pay the full amount of such fine or penalty. If, following an investigation at Customer's request, it is mutually agreed that a false alarm was caused by SCSS, the amount of the fine or penalty paid by Customer shall be credited to Customer's account.

C. The payments set forth in the Schedule referenced in paragraphs 3.A. and 3.B. include telephone company line charges if required. SCSS may immediately increase its monthly charges to reflect such increased line charges for the Customer facility covered by this Agreement. Customer shall also pay any telephone company toll line charges incurred by the operation of the system.

D. Installation charges set forth in the Schedule assume installation will be performed during SCSS's normal working hours and using its own personnel. If Customer requests the installation or any part thereof to be performed outside ordinary business hours, or if the installation must be performed by outside contractors, or if SCSS's wage rates do not apply as a result of prevailing wage conditions, or otherwise, then the installation charge will be adjusted accordingly.

E. If any Governmental agency requires any changes in the system originally installed, Customer agrees to pay for such changes. It is Customer's responsibility to obtain alarm use permits, required by the local jurisdiction.

F. The prices quoted for the alarm system are based upon the number of components, type of security and service specified in the Schedule. Should Customer request or require additional protection, security devices or services, this may affect the final contract price. Cost associated with conditions not apparent at SCSS's initial survey and for delays other than caused by SCSS will be borne by Customer at SCSS's then current rates.

G. Failure to pay amounts when due shall give SCSS the right to charge interest at the rate of 1½% per month, or other maximum permitted by law, on any delinquent balance. A balance becomes delinquent thirty (30) days after payment is due under Article 3.

6. **Further Obligations of Customer.**

A. Customer shall not tamper with, alter, adjust, add to, disturb, injure, move, remove or otherwise interfere with equipment installed by SCSS, nor shall Customer permit the same to be done by others. It is further agreed that if any work is required to be performed by SCSS due to Customer's breach of the foregoing obligations, Customer will pay SCSS for such work in accordance with SCSS's then current prevailing charges. CUSTOMER SHALL INDEMNIFY AND HOLD SCSS HARMLESS FROM AND AGAINST ANY CLAIM ARISING OUT OF SUCH TAMPERING, ALTERATION, ADJUSTMENT, ADDITION TO, DISTURBANCE, INJURY, MOVEMENT, REMOVAL OR INTERFERENCE WITH SUCH EQUIPMENT AND FOR THE INTERCONNECTION BY ANYONE OTHER THAN SCSS OF ANY EQUIPMENT OR DEVICE TO ANY SCSS EQUIPMENT.

B. For those premises where SCSS is to provide monitoring, Customer shall furnish SCSS a list of the names, titles, telephone numbers and signatures of all persons authorized to enter the premises of Customer during scheduled closed periods and shall be responsible for updating such lists. In cases of supervised service, Customer shall also furnish SCSS with an authorized daily and holiday opening and closing schedule.

C. Customer shall set the alarm system at such times as Customer shall close its premises. Customer shall test the alarm system prior to each closed period and shall immediately report to SCSS any claimed inadequacy in, or failure of, the system. Customer shall perform a periodic walk test of any motion detection equipment used on the premises.

D. To the extent applicable, Customer shall permit SCSS access to the premises for any reason arising out of, or in connection with, SCSS's rights or obligations under this Agreement.

E. Should any part of the system be damaged by fire, water, lightning, acts of God, third-parties or any cause beyond the control of SCSS, any repairs or replacement shall be paid for by Customer.

F. Any claim by Customer of improper installation or failure to comply with Customer's specifications shall be made in writing to SCSS within thirty (30) days of installation completion. Such obligation shall not waive Customer's warranty rights under Article 4.F., *Limited Equipment Warranty*.

G. Customer represents and warrants that Customer is the owner of the premises or, if not, that the owner agrees and consents to the installation of the system on the premises. Customer shall indemnify and hold SCSS harmless from any losses or damages, including attorney fees, resulting from breach of such representation and warranty.

H. For those premises where SCSS is to provide central station sprinkler supervisory and water flow alarm or automatic fire alarm service, Customer warrants and agrees that all alarm valves, gate valves, tanks, pumps, compressors, inspector test connections, or other elements of the sprinkler system as now installed or to be installed, are, or will be, corrected at Customer's expense so as to be acceptable to the insurance and other authorities having jurisdiction when equipped with SCSS's signaling devices. Customer further agrees to furnish any necessary water through Customer's meter and at Customer's expense, to place hoods over any open forges or fires, and to pipe all boiler blow-offs and steam exhaust outside the premises to be protected.

I. It is mutually agreed that the Customer assumes full responsibility for the operation of any and all bypass or switch units provided for disconnecting or reconnecting the alarm sounding and/or transmitting equipment at Customer's premises.

J. Customer represents that, except to the extent it has given SCSS written notice prior to the execution of this Agreement, (i) the work and/or services to be performed hereunder are not subject to any Federal, State or local prevailing wage statute or regulation, and (ii) to the best of its knowledge there is no asbestos or presumed asbestos-containing material, formaldehyde or other potentially toxic or hazardous material contained within, or in, on or under any portion of any area where work will be performed under this Agreement. If such materials (whether or not disclosed by Customer) are discovered and such materials provide an unsafe or unlawful condition, such discovery shall constitute a cause beyond SCSS's reasonable control and SCSS shall not start, or continue, to perform its work under the Agreement until Customer has remedied the unsafe or unlawful condition at Customer's sole expense. CUSTOMER SHALL INDEMNIFY AND HOLD SCSS HARMLESS FROM AND AGAINST ANY AND ALL CLAIMS, COSTS AND EXPENSES OF ANY KIND (INCLUDING ATTORNEYS' FEES) FOR FINES,

PENALTIES, BACK WAGES, BODILY INJURY, PROPERTY DAMAGE, DELAY OR WORK STOPPAGE THAT ARISES UNDER OR RESULTS FROM A BREACH OF THE FOREGOING REPRSENTATIONS (REGARDLESS OF WHETHER OR NOT CUSTOMER DISCLOSED SUCH MATERIALS TO SCSS).

K. Customer agrees that SCSS may conduct a credit investigation and review or provide a copy of the Agreement or related information to US Bank Equipment Finance for the purpose of evaluating credit. In such event, Customer shall provide, in a timely manner, such financial information as SCSS may request. Customer represents and warrants that all such financial information accurately and completely presents Customer's financial condition as of the date of execution of this Agreement.

L. Customer hereby authorizes SCSS to execute and file financing statements and/or continuation statements under the Uniform Commercial Code on Customer's behalf and to file such documents in all places where necessary to perfect SCSS's interest in the equipment. Customer agrees to execute any such instruments as SCSS may request from time to time.

7. **Further Obligations of SCSS; Limitations**.

A. Neither party shall be held responsible or liable for delay in installation of the system or interruption of service, due to strikes, lockouts, riots, floods, fires, lightning, acts of God, or any cause beyond the control of such party, including interruptions in telephone service. SCSS will not be required to perform installation or supply service to Customer while any such cause shall continue.

B. If Customer has subscribed to monitoring service, the system will be connected to SCSS's Center. Unless specifically requested otherwise by the Customer and approved by SCSS's Center, when a burglar alarm signal from the alarm system is received, the Center will first try to telephone Customer's premises, and if there is no answer then will try to telephone the first available person on Customer's emergency call list, to verify whether or not an emergency condition requiring police response exists. If there is no answer to both of these calls or the person contacted indicates that an emergency exists, the Center will attempt to notify the police department. The Center will also attempt to contact someone on the emergency call list to advise them that the police have been notified. When a fire alarm, hold-up alarm or duress alarm signal is received, the Center will attempt to notify the police or fire department or other emergency personnel and the first available person on the emergency call list. When a non-emergency signal is received, the Center will attempt to contact the premises or the first available person on the emergency call list but will not notify emergency authorities. The Center reserves the right to use automated notification procedures in lieu of phone call notifications for non-emergency signals unless expressly prohibited by local authorities. If Customer requires phone notification for non-emergency signals, Customer agrees to subscribe to such service and an additional fee may apply. Phone notification for non-emergency signals will be made during normal day-time hours unless expressly requested otherwise by Customer.

The Center may choose not to notify emergency personnel if it has reason to believe that an emergency condition does not exist. SCSS and Customer are obligated to comply with all notification and response requirements imposed by governmental agencies having jurisdiction over the system. SCSS reserves the right to discontinue or change any particular response service due to such governmental or insurance requirements without notice**.** Customer consents to the tape and video recording of telephonic and video communications between Customer's premises and SCSS, and will inform its employees and third parties that such recordings are authorized. If Customer's police or fire department now or in the future requires physical or visual verification of an emergency condition before responding to a request for assistance, Customer agrees to subscribe to such service if provided by SCSS, or otherwise comply with such requirements, and an additional fee may apply for such services.

C. If video equipment is installed, it may be integrated into the system and, upon activation, will send a video transmission to the Center. The Center will first attempt to verify the nature of the emergency by viewing the video. If the Center determines that an emergency condition exists, it will try to first telephone the premises, if available, and report the emergency condition. If there is no answer or the person answering confirms the emergency condition, then, based upon the nature of the emergency condition, the Center will notify the proper police or fire department or other emergency personnel, and the next available person on the emergency call list. If the Center determines that an emergency condition does not exist, or the video is inconclusive, the Center will use the notification procedures set forth in paragraph 7B above.

D. Customer understands that, if the system installed is monitored, due to the nature of the method used for communicating alarm signals to SCSS's monitoring center, there may be times when that communication method is not able to transmit signals and SCSS will not receive alarm signals. Digital communicators use standard telephone lines and SCSS does not receive signals when the telephone system becomes non-operational or the telephone line is placed on vacation status, cut, interfered with or otherwise damaged. There will be times when any radio frequency method, such as cellular, public or private radio systems or Internet based service, cannot transmit an alarm signal due to lack of signal strength, network congestion, or availability of a communications channel. Similarly, any other type of communication method installed under this Agreement also can experience an inability to communicate alarm signals. Customer understands that SCSS offers several levels of communication methods of alarm signals to the monitoring center and that the Services described on the Schedule have been chosen by Customer after considering and balancing the levels of protection afforded by various communication methods and the related costs. Customer acknowledges and agrees that Customer is solely responsible for the selection of the type of communication method and whether the utilization of more than one communication method is required. Communications networks provided by independent carriers or providers are wholly beyond SCSS's control and are maintained and serviced, solely by the applicable carrier or provider. Customer agrees to reimburse SCSS for any costs incurred to reprogram the communicator because of area code changes or other dialing pattern changes. If telephone service is used, the use of DSL or other broadband telephone service may prevent the system from transmitting alarm signals to the monitoring center and/or interfere with the telephone line-seizure feature of the system. Such services should be installed on a telephone number that is not used for alarm signal transmission. Customer agrees to notify SCSS if Customer has installed or intends to install DSL or other broadband service. IMMEDIATELY AFTER THE INSTALLATION OF DSL OR OTHER BROADBAND SERVICE, THE SYSTEM'S SIGNAL TRANSMISSION MUST BE TESTED WITH THE MONITORING CENTER.

E. For those premises with a direct connection to the police, fire department, or other agency, it is mutually understood and agreed that signals transmitted hereunder will be monitored in police and/or fire departments or other locations, and that the personnel of such police and/or fire departments or other agencies are not SCSS's agents, nor does SCSS assume any responsibility for the manner in which such signals are monitored or the response, if any, to such signals.

F. SCSS shall not be responsible for the replacement of equipment or parts no longer commercially available to SCSS.

G. If a service plan or software support option is selected by Customer, SCSS will provide and install software upgrades as they become commercially available, during normal SCSS working hours. Software upgrades that do not affect the Customer's current operations, as solely determined by SCSS and the OEM will not be installed by SCSS. In the event the Customer elects to have someone other than SCSS install the software upgrade, the Customer shall assume any and all liability for any damage caused pursuant to the installation. Service and upgrades for third party software not supplied by SCSS are excluded from this Agreement.

8. **Proprietary Protection.**

Any computer application program and/or documentation, collectively referred to as "Software", that is provided by SCSS under this Agreement, is owned by SCSS, its affiliates or one of its OEMs and is protected by United States and international copyright laws and international treaty provisions. Any breach of this Agreement will automatically terminate the Customer's right to use this Software, and the Customer is obligated to immediately return such Software to SCSS. Customer may not copy the Software for any reason other than per the dictates of any end user software license agreement. Customer may not reverse-engineer, disassemble, decompile or attempt to discover the source code of any Software. Customer acknowledges that any breach of this section shall result in irreparable injury to SCSS for which the amount of damages would be unascertainable. Therefore, SCSS may, in addition to pursuing any and all remedies provided by law, obtain an injunction against Customer from any court having jurisdiction, restraining any violation of this section.

9. **Termination.**

A. SCSS may terminate this Agreement as follows:

i) Immediately, in the event Customer defaults in the performance of any of the terms and conditions of this Agreement, including the failure to make any payment as agreed herein, and fails to cure or remedy the default within thirty (30) calendar days after receipt of written notice from SCSS specifying such default. Notification by facsimile, U.S. mail or by courier shall be acceptable Upon such termination for default, the balance of all moneys due and for the unexpired term of this Agreement shall become immediately due and payable, together with interest at the maximum legally allowable rate; or

ii) Immediately, in the event SCSS's monitoring center, the telephone lines, wires, or SCSS's equipment within Customer premises are destroyed or so substantially damaged that it is commercially impractical to continue service to Customer's premises; or

iii) As provided in Article 2 relating to expiration.

B. Customer may terminate this Agreement:

i) Immediately, upon written notice for any individual location in the event any Customer location is, by any cause beyond the control of Customer, destroyed or so substantially damaged that it is commercially impractical for Customer to continue any operations at such location; or

ii) In the event SCSS defaults in the performance of any of the terms and conditions of the Agreement, SCSS shall have thirty (30) calendar days from the receipt of written confirmation by the Customer of such default to remedy or cure the default. If, after the thirty (30) calendar day period SCSS does not remedy or cure such default, Customer may terminate the Agreement effective immediately thereafter; or

iii) As provided in Article 2 relating to expiration.

C. This Agreement may be terminated at any time at the option of either party, without future or prospective liability for performance upon giving thirty (30) days prior written notice thereof. In the event of termination, Customer will only be liable for its pro rata share of services rendered and goods actually received.

D. Upon termination of this Agreement, Customer shall permit SCSS access to Customer's premises in order to deactivate the telephone line signaling device and/or to remove the equipment pursuant to Article 8.

10. **Assignment**.
This Agreement is not assignable by the Customer, except upon written consent of SCSS first being obtained. SCSS shall have the right to assign this Agreement, or to subcontract any of the obligations under the Agreement, without the consent of, but with notification to, the Customer.

11. **Insurance and Waiver of Subrogation**.
Customer shall obtain, and maintain, insurance coverage to cover all losses, damage, or injury, related to or sustained by Customer in connection with the services provided by SCSS. For all losses, damage or injury above the limits set forth in Paragraph 4B, Customer shall look solely to its insurer for recovery of its loss and hereby waives any and all claims for such loss against SCSS. Customer agrees to obtain insurance permitting said waiver without invalidating coverage. Both parties do hereby for themselves and for other parties claiming under them, release and discharge each other from and against all claims arising from hazards covered by insurance, it being expressly agreed and understood that no insurance company or insurer will have any right of subrogation against either party.

12. **Severability and Savings**

13. **Non-solicitation**
During the term of this Agreement and for a period of not less than one (1) year following its expiration or termination, both parties agree not to solicit as an employee, consultant, agent, subcontractor and/or representative (hereinafter "Employee") any person who is an Employee of the other party at the time of such solicitation. If this covenant is breached, the non-breaching party will be entitled to injunctive relief to be issued by any court of equity having jurisdiction to enjoin and restrain the breaching party and the subject Employee, and each and every other person concerned therein from further violation thereof, and in addition thereto, if a court finds a violation of this clause, the non-breaching party will be entitled to liquidated damages, due to the difficulty of proof of actual damages, against the breaching party in the amount of the hired Employee's fully loaded salary, including benefits, bonuses, commissions, stock grants, the cost of training and other similar fully loaded elements. Both parties acknowledge that such amount is reasonable, not a penalty and not disproportionate to the presumed investment in the training of such Employee and the damages suffered by the non-breaching party. Solicitation through advertisements directed at the general public or through "head hunters" who contact a party's employees without the party's knowledge will not be considered solicitations for purposes of this paragraph.

14. **Mediation**

Floor Preparation: Additional floor preparation may be required as a result of an unforeseen condition of the floor. Costs associated with this floor preparation will be negotiated on a job-to-job basis. Our products perform properly when installed on floors that are free of dirt, oil, paint and excessive moisture. Floors that have moisture readings greater than the manufacturer specified tolerance will not meet specification and will require further curing time or treatment prior to carpet installation. This quote does not include moisture remediation.

We recommend only wet scraping or mechanical removal of all non-water based adhesives.

Asbestos Abatement: This quote DOES NOT include asbestos abatement. Neither we nor our installers are responsible for the handling, removal or abatement of asbestos contained floor material or adhesive. Further, our policy is that all abatement of asbestos contained floor material must be removed and that an AHERA report or Clearance Letter from the asbestos surveyor or from the asbestos abatement contractor must be provided before we will proceed with any work in those areas of asbestos concern. We and our installers consider it the owner's responsibility to ensure proper abatement is performed prior to executing this contract.

If any chemical stripping agents such as those commonly used in asbestos abatement have been used, we and our installers may require additional measures be taken prior to installation of any product. These measures may affect the price of this quote.

Sincerely,

Cheryl Gibson

Agenda Item

Discuss, consider, and take appropriate action on a requirement for anyone in the public space of the Georgetown Historic Courthouse and in the Commissioners Courtroom and overflow space in the Historic District Courtroom to wear face masks covering both the mouth and nose.

Background

Scientific research and data analysis, all peer reviewed, show significant reductions in the spread of viruses through appropriate wearing of facial masks. Masks were assessed as significantly more effective than social distancing in recent study of COVID-19 virus dispersion by Texas A&M researcher, Dr. Renyi Zhang. All but one of our judicial courtrooms and court facilities in the county require wearing face masks. The administrative court and facility of the county should join them in the requirement for face mask wearing for the safety and health of all who enter.

Wearing surgical masks in public could help slow COVID-19 pandemic's advance

Masks may limit the spread diseases including influenza, rhinoviruses and coronaviruses

Date: April 3, 2020

Source: Nature Medicine - University of Maryland

Summary: Surgical masks may help prevent infected people from making others sick with seasonal viruses, including coronaviruses, according to new research. In laboratory experiments, the masks significantly reduced the amounts of various airborne viruses coming from infected patients, measured using the breath-capturing 'Gesundheit II machine.'

Researchers map how coronavirus infection travels through cells of nasal cavity and respiratory tract

A major study of coronavirus infection in human airways adds to evidence that wearing a mask is an important protective step toward limiting transmission of COVID-19.

IT Proposal for centralized ordering

Submitted By: Richard Semple, Information Technology

Department: Information Technology

Agenda Category: Regular Agenda Items

Information

Agenda Item

Discuss, consider, and take appropriate action on a proposal by Technology Services to allow for centralized ordering of technology items.

Background

This proposal is asking that Technology Services be allowed to coordinate with departments and issue single orders for computers, software, etc. to simplify the ordering process, reduce overhead, and leverage more competitive pricing through bulk ordering. Departments would continue to budget for items, and work through the same processes to acquire technology items, but as much as possible of the ordering will be done early in the year by Technology Services.

This has been discussed in detail with Audit, Purchasing and Budget. And if approved, Technology Services will work out the final details for inclusion into the appropriate formal policies.

Standardize and Centralize Ordering of Technology Items

OVERVIEW

The proposal is to allow Technology Services to order technology items (computers, printers, software, etc.) on behalf of departments in order to save money, reduce operating costs, increase flexibility, all while maintaining department's control over their technology.

PROBLEM STATEMENT

Currently, technology items are budgeted under each department. Every year, this process happens:

This process leads to many problems:

- Most departments overbudget as prices change between budgeting and ordering.
- Departments that didn't overbudget might be forced to substitute or forgo items
- There are many small orders placed throughout the year which is inefficient
- Lack of consolidated ordering means the County can't get bulk pricing
- Departments order at inconsistent times forcing delays in delivery and inconsistent workloads for staff
- There is no "closed loop" from recommended replacement to actual replacement leading to old equipment hanging around for many years when it should have been replaced

PROPOSAL

Technology Services would place orders on behalf of departments for budgeted hardware, software, and IT services. During the budget process, departments would continue to work with IT and Budget to get information on the quantities of items to be replaced as well as any changes (e.g. desktop to be replaced with a laptop) or any additional requests (e.g. new implementation of iPads). Technology Services will recommend the budget dollars to the Budget based upon the quantities. This cost can be easily standardized and applied to budget, and it will be lower due to bulk ordering as well as much easier to plan for than the current method.

Technology Services would take existing technology budget items from many departments and create a single, bulk order for all of the equipment or software once early in the fiscal year. IT will negotiate pricing based on the total order and create one PO for all items from the supplier.

BENEFITS TO THIS APPROACH

There are a number of benefits to streamlining the budgeting, procurement, and replacement of technology items. The biggest of these is the costs savings due to bulk ordering.

BENEFITS TO DEPARTMENTS

- Easier budgeting – no need for individual quotes, just agreed-upon additions/changes with the Budget Office. That will also reduce the number of POs a department needs to create as well as the bills they pay.
- Consistent replacement timelines with standardized equipment.
- Departments still retain control over technology assets.

BENEFITS TO IT

- Consolidated ordering process makes for predictable workloads (no scattered ordering).
- Simplified setup of computers because like-kind models can be scheduled and/or done all at once.
- Predictable replacement reduces older equipment to service.
- Bulk ordering will support standardization of equipment.

BENEFITS TO BUDGET OFFICE

- Simplified budgeting with set pricing and consistent replacements.
- Lack of “padded” budgets will lower the operating costs for each department.
- No confusion during budget time for what still needs to be ordered during the current year vs. next year since it will all be ordered early in the year.

BENEFITS TO PURCHASING & AUDITORS

- Reduction in number of requisitions, purchase orders and invoices processed as well as the number of contracts reviewed. This would eliminate a great deal of staff time and related expenses in several departments
- Time savings would be realized as there wouldn’t need to be checking on approval of technology purchases by IT.

EXAMPLE WORKFLOW

Early in the fiscal year, the IT department would work with each department to validate orders and release one solicitation (bids or on-contract competitive quotes) for the IT computers to be replaced across the County. The large, bulk order would result in a cost savings and arrive in a predictable time frame. IT would then work with departments to replace (or add) the computers purchased by the department. It would continue to be up to the department where and how those devices would be deployed.

Background

Tyler Jury Manager is a web-based jury management system which provides a comprehensive, streamlined and simplified jury management solution for the courts system using interactive web response, interactive voice response, image data capture, and kiosk software. 3. Ownership.

   3.1 We retain all ownership and intellectual property rights to the SaaS Services, the Tyler Software, and anything developed by us under this Agreement. You do not acquire under this Agreement any license to use the Tyler Software in excess of the scope and/or duration of the SaaS Services.

   3.2 The Documentation is licensed to you and may be used and copied by your employees for internal, non-commercial reference purposes only.

   3.3 You retain all ownership and intellectual property rights to the Data. You expressly recognize that except to the extent necessary to carry out our obligations contained in this Agreement, we do not create or endorse any Data used in connection with the SaaS Services.

4. Restrictions. You may not: (a) make the Tyler Software or Documentation resulting from the SaaS Services available in any manner to any third party for use in the third party's business operations; (b) modify, make derivative works of, disassemble, reverse compile, or reverse engineer any part of the SaaS Services; (c) access or use the SaaS Services in order to build or support, and/or assist a third party in building or supporting, products or services competitive to us; or (d) license, sell, rent, lease, transfer, assign, distribute, display, host, outsource, disclose, permit timesharing or service bureau use, or otherwise commercially exploit or make the SaaS Services, Tyler Software, or Documentation available to any third party other than as expressly permitted by this Agreement.

5. Software Warranty. We warrant that the Tyler Software will perform without Defects during the term of this Agreement. If the Tyler Software does not perform as warranted, we will use all reasonable efforts, consistent with industry standards, to cure the Defect in accordance with the maintenance and support process set forth in Section C(8), below, the SLA and our then current Support Call Process or to provide you with a functional equivalent. For the avoidance of doubt, to the extent any third-party software is embedded in the Tyler Software, your limited warranty rights are limited to our Defect resolution obligations set forth above; you do not have separate rights against the developer of the embedded third-party software.

6. SaaS Services.

   6.1 Our SaaS Services are audited at least yearly in accordance with the AICPA's Statement on Standards for Attestation Engagements ("SSAE") No. 18. We have attained, and will maintain, SOC 1 and SOC 2 compliance, or its equivalent, for so long as you are timely paying for SaaS Services. Upon execution of a mutually agreeable Non-Disclosure Agreement ("NDA"), we will provide you with a summary of our compliance report(s) or its equivalent. Every year thereafter, for so long as the NDA is in effect and in which you make a written request, we will provide that same information.

6.2 You will be hosted on shared hardware in a Tyler data center or in a third-party data center. In either event, databases containing your Data will be dedicated to you and inaccessible to our other customers.

6.3 Our Tyler data centers have fully-redundant telecommunications access, electrical power, and the required hardware to provide access to the Tyler Software in the event of a disaster or component failure. In the event any of your Data has been lost or damaged due to an act or omission of Tyler or its subcontractors or due to a defect in Tyler's software, we will use best commercial efforts to restore all the Data on servers in accordance with the architectural design's capabilities and with the goal of minimizing any Data loss as greatly as possible. In no case shall the recovery point objective ("RPO") exceed a maximum of twenty-four (24) hours from declaration of disaster. For purposes of this subsection, RPO represents the maximum tolerable period during which your Data may be lost, measured in relation to a disaster we declare, said declaration will not be unreasonably withheld.

6.4 In the event we declare a disaster, our Recovery Time Objective ("RTO") is twenty-four (24) hours. For purposes of this subsection, RTO represents the amount of time, after we declare a disaster, within which your access to the Tyler Software must be restored.

6.5 We conduct annual penetration testing of either the production network and/or web application to be performed. We will maintain industry standard intrusion detection and prevention systems to monitor malicious activity in the network and to log and block any such activity. We will provide you with a written or electronic record of the actions taken by us in the event that any unauthorized access to your database(s) is detected as a result of our security protocols. We will undertake an additional security audit, on terms and timing to be mutually agreed to by the parties, at your written request. You may not attempt to bypass or subvert security restrictions in the SaaS Services or environments related to the Tyler Software. Unauthorized attempts to access files, passwords or other confidential information, and unauthorized vulnerability and penetration test scanning of our network and systems (hosted or otherwise) is prohibited without the prior written approval of our IT Security Officer.

6.6 We test our disaster recovery plan on an annual basis. Our standard test is not client-specific. Should you request a client-specific disaster recovery test, we will work with you to schedule and execute such a test on a mutually agreeable schedule. At your written request, we will provide test results to you within a commercially reasonable timeframe after receipt of the request.

6.7 We will be responsible for importing back-up and verifying that you can log-in. You will be responsible for running reports and testing critical processes to verify the returned Data.

6.8 We provide secure Data transmission paths between each of your workstations and our servers.

6.9 Tyler data centers are accessible only by authorized personnel with a unique key entry. All other visitors to Tyler data centers must be signed in and accompanied by authorized personnel. Entry attempts to the data center are regularly audited by internal staff and external auditors to ensure no unauthorized access.

SECTION C – OTHER PROFESSIONAL SERVICES

1. Other Professional Services. We will provide you the various implementation-related services itemized in the Investment Summary and described in the Statement of Work.

2. Professional Services Fees. You agree to pay us the professional services fees in the amounts set forth in the Investment Summary. Those amounts are payable in accordance with our Invoicing and Payment Policy. You acknowledge that the fees stated in the Investment Summary are good-faith estimates of the amount of time and materials required for your implementation. We will bill you the actual fees incurred based on the in-scope services provided to you. Any discrepancies in the total values set forth in the Investment Summary will be resolved by multiplying the applicable hourly rate by the quoted hours.

3. Additional Services. The Investment Summary contains, and the Statement of Work describes, the scope of services and related costs (including programming and/or interface estimates) required for the project based on the documented scope of the project as of the Effective Date. If additional work is required, or if you use or request additional services, we will provide you with an addendum or change order, as applicable, outlining the costs for the additional work. The price quotes in the addendum or change order will be valid for thirty (30) days from the date of the quote.

4. Cancellation. If travel is required, we will make all reasonable efforts to schedule travel for our personnel, including arranging travel reservations, at least two (2) weeks in advance of commitments. Therefore, if you repeatedly cancel services less than two (2) weeks in advance (other than for Force Majeure or breach by us), you will be liable for all (a) non-refundable expenses incurred by us on your behalf, and (b) daily fees associated with cancelled professional services if we are unable to reassign our personnel. We will make all reasonable efforts to reassign personnel in the event you cancel within two (2) weeks of scheduled commitments.

5. Services Warranty. We will perform the services in a professional, workmanlike manner, consistent with industry standards. In the event we provide services that do not conform to this warranty, we will re-perform such services at no additional cost to you.

6. Site Access and Requirements. At no cost to us, you agree to provide us with full and free access to your personnel, facilities, and equipment as may be reasonably necessary for us to provide implementation services, subject to any reasonable security protocols or other written policies provided to us as of the Effective Date, and thereafter as mutually agreed to by you and us. You agree that it is your responsibility to ensure that you satisfy the then-current system requirements, if any, minimally required to run the Tyler Software.

7. Client Assistance. You acknowledge that the implementation of the Tyler Software, and the ability to meet project deadlines and other milestones, is a cooperative effort requiring the time and resources of your personnel, as well as ours. You agree to use all reasonable efforts to cooperate with and assist us as may be reasonably required to meet the agreed upon project deadlines and other milestones for implementation. This cooperation includes at least working with us to schedule the implementation-related services outlined in this Agreement.

8. Background Checks. For at least the past twelve (12) years, all of our employees have undergone criminal background checks prior to hire. All employees sign our confidentiality agreement and

security policies.

9. Maintenance and Support. For so long as you timely pay your SaaS Fees according to the Invoicing and Payment Policy, then in addition to the terms set forth in the SLA and the Support Call Process, we will:

   9.1 perform our maintenance and support obligations in a professional, good, and workmanlike manner, consistent with industry standards, to resolve Defects in the Tyler Software (subject to any applicable release life cycle policy);

   9.2 provide support during our established support hours;

   9.3 maintain personnel that are sufficiently trained to be familiar with the Tyler Software and Third Party Software, if any, in order to provide maintenance and support services;

   9.4 make available to you all releases to the Tyler Software (including updates and enhancements) that we make generally available without additional charge to customers who have a maintenance and support agreement in effect; and

   9.5 provide non-Defect resolution support of prior releases of the Tyler Software in accordance with any applicable release life cycle policy.

We will use all reasonable efforts to perform support services remotely. Currently, we use a third-party secure unattended connectivity tool called Bomgar, as well as GotoAssist by Citrix. Therefore, you agree to maintain a high-speed internet connection capable of connecting us to your PCs and server(s). You agree to provide us with a login account and local administrative privileges as we may reasonably require to perform remote services. We will, at our option, use the secure connection to assist with proper diagnosis and resolution, subject to any reasonably applicable security protocols. If we cannot resolve a support issue remotely, we may be required to provide onsite services. In such event, we will be responsible for our travel expenses, unless it is determined that the reason onsite support was required was a reason outside our control. Either way, you agree to provide us with full and free access to the Tyler Software, working space, adequate facilities within a reasonable distance from the equipment, and use of machines, attachments, features, or other equipment reasonably necessary for us to provide the maintenance and support services, all at no charge to us. We strongly recommend that you also maintain your VPN for backup connectivity purposes.

For the avoidance of doubt, SaaS Fees do not include the following services: (a) onsite support (unless Tyler cannot remotely correct a Defect in the Tyler Software, as set forth above); (b) application design; (c) other consulting services; or (d) support outside our normal business hours as listed in our then-current Support Call Process. Requested services such as those outlined in this section will be billed to you on a time and materials basis at our then current rates. You must request those services with at least one (1) weeks' advance notice.

SECTION D – THIRD PARTY PRODUCTS

To the extent there are any Third Party Products identified in the Investment Summary, the Third Party Terms will apply. You acknowledge that we may have embedded third-party functionality in the Tyler Software that is not separately identified in the Investment Summary. If that third-party functionality is

not separately identified in the Investment Summary, the limited warranty applicable to the Tyler Software applies, and we further warrant that the appropriate Developer has granted us the necessary license to (i) embed the unidentified third-party functionality in the Tyler Software; and (ii) sub-license it to you through our license grant to the Tyler Software. You may receive maintenance and support on such embedded third-party software under the Maintenance and Support Agreement.

SECTION E - INVOICING AND PAYMENT; INVOICE DISPUTES

1. Invoicing and Payment. We will invoice you the SaaS Fees and fees for other professional services in the Investment Summary per our Invoicing and Payment Policy, subject to Section E(2).

2. Invoice Disputes. If you believe any delivered software or service does not conform to the warranties in this Agreement, you will provide us with written notice within thirty (30) days of your receipt of the applicable invoice. The written notice must contain reasonable detail of the issues you contend are in dispute so that we can confirm the issue and respond to your notice with either a justification of the invoice, an adjustment to the invoice, or a proposal addressing the issues presented in your notice. We will work with you as may be necessary to develop an action plan that outlines reasonable steps to be taken by each of us to resolve any issues presented in your notice. You may withhold payment of the amount(s) actually in dispute, and only those amounts, until we complete the action items outlined in the plan. If we are unable to complete the action items outlined in the action plan because of your failure to complete the items agreed to be done by you, then you will remit full payment of the invoice. We reserve the right to suspend delivery of all SaaS Services, including maintenance and support services, if you fail to pay an invoice not disputed as described above within fifteen (15) days of notice of our intent to do so.

SECTION F – TERM AND TERMINATION

1. Term. The initial term of this Agreement is from the first day of the first month following the Effective Date to September 30, 2023, unless earlier terminated as set forth below. Upon expiration of the initial term, this Agreement will renew automatically for additional one (1) year renewal terms at our then-current SaaS Fees unless terminated in writing by either party at least sixty (60) days prior to the end of the then-current renewal term. Your right to access or use the Tyler Software and the SaaS Services will terminate at the end of this Agreement.

2. Termination. This Agreement may be terminated as set forth below. In the event of termination, you will pay us for all undisputed fees and expenses related to the software, products, and/or services you have received, or we have incurred or delivered, prior to the effective date of termination. Disputed fees and expenses in all terminations other than your termination for cause must have been submitted as invoice disputes in accordance with Section E(2).

   2.1 Failure to Pay SaaS Fees. You acknowledge that continued access to the SaaS Services is contingent upon your timely payment of SaaS Fees. If you fail to timely pay the SaaS Fees, we may discontinue the SaaS Services and deny your access to the Tyler Software. We may also terminate this Agreement if you don't cure such failure to pay within forty-five (45) days of receiving written notice of our intent to terminate.

   2.2 For Cause. If you believe we have materially breached this Agreement, you will invoke the Dispute Resolution clause set forth in Section H(3). You may terminate this Agreement for cause

in the event we do not cure, or create a mutually agreeable action plan to address, a material breach of this Agreement within the thirty (30) day window set forth in Section H(3).

2.3 Force Majeure. Either party has the right to terminate this Agreement if a Force Majeure event suspends performance of the SaaS Services for a period of forty-five (45) days or more.

2.4 Lack of Appropriations. If you should not appropriate or otherwise make available funds sufficient to utilize the SaaS Services, you may unilaterally terminate this Agreement upon thirty (30) days written notice to us. You will not be entitled to a refund or offset of previously paid, but unused SaaS Fees. You agree not to use termination for lack of appropriations as a substitute for termination for convenience.

2.5 Fees for Termination without Cause during Initial Term. If you terminate this Agreement during the initial term for any reason other than cause, Force Majeure, or lack of appropriations, or if we terminate this Agreement during the initial term for your failure to pay SaaS Fees, you shall pay us the following early termination fees:

a. if you terminate during the first year of the initial term, 100% of the SaaS Fees through the date of termination plus 15% of the SaaS Fees then due for the remainder of the initial term;

b. if you terminate during the second year of the initial term, 100% of the SaaS Fees through the date of termination plus 10% of the SaaS Fees then due for the remainder of the initial term; and

c. if you terminate after the second year of the initial term, 100% of the SaaS Fees through the date of termination plus 5% of the SaaS Fees then due for the remainder of the initial term.

SECTION G – INDEMNIFICATION, LIMITATION OF LIABILITY AND INSURANCE

1. Intellectual Property Infringement Indemnification.

1.1 We will defend you against any third party claim(s) that the Tyler Software or Documentation infringes that third party's patent, copyright, or trademark, or misappropriates its trade secrets, and will pay the amount of any resulting adverse final judgment (or settlement to which we consent). You must notify us promptly in writing of the claim and give us sole control over its defense or settlement. You agree to provide us with reasonable assistance, cooperation, and information in defending the claim at our expense.

1.2 Our obligations under this Section G(1) will not apply to the extent the claim or adverse final judgment is based on your use of the Tyler Software in contradiction of this Agreement, including with non-licensed third parties, or your willful infringement.

1.3 If we receive information concerning an infringement or misappropriation claim related to the Tyler Software, we may, at our expense and without obligation to do so, either: (a) procure for you the right to continue its use; (b) modify it to make it non-infringing; or (c) replace it with a functional equivalent, in which case you will stop running the allegedly infringing Tyler Software

immediately. Alternatively, we may decide to litigate the claim to judgment, in which case you may continue to use the Tyler Software consistent with the terms of this Agreement.

1.4 If an infringement or misappropriation claim is fully litigated and your use of the Tyler Software is enjoined by a court of competent jurisdiction, in addition to paying any adverse final judgment (or settlement to which we consent), we will, at our option, either: (a) procure the right to continue its use; (b) modify it to make it non-infringing; or (c) replace it with a functional equivalent. We will pursue those options in the order listed herein. This section provides your exclusive remedy for third party copyright, patent, or trademark infringement and trade secret misappropriation claims.

2. General Indemnification.

2.1 We will defend, indemnify, and hold harmless you and your agents, officials, and employees from and against any and all third-party claims, losses, liabilities, damages, costs, and expenses (including reasonable attorney's fees and costs) for (a) personal injury or property damage to the extent caused by our negligence or willful misconduct; or (b) our violation of a law applicable to our performance under this Agreement. You must notify us promptly in writing of the claim and give us sole control over its defense or settlement. You agree to provide us with reasonable assistance, cooperation, and information in defending the claim at our expense.

2.2 To the extent permitted by applicable law, you will indemnify and hold harmless us and our agents, officials, and employees from and against any and all third-party claims, losses, liabilities, damages, costs, and expenses (including reasonable attorney's fees and costs) for personal injury or property damage to the extent caused by your negligence or willful misconduct; or (b) your violation of a law applicable to your performance under this Agreement. We will notify you promptly in writing of the claim and will give you sole control over its defense or settlement. We agree to provide you with reasonable assistance, cooperation, and information in defending the claim at your expense.

3. DISCLAIMER. EXCEPT FOR THE EXPRESS WARRANTIES PROVIDED IN THIS AGREEMENT AND TO THE MAXIMUM EXTENT PERMITTED BY APPLICABLE LAW, WE HEREBY DISCLAIM ALL OTHER WARRANTIES AND CONDITIONS, WHETHER EXPRESS, IMPLIED, OR STATUTORY, INCLUDING, BUT NOT LIMITED TO, ANY IMPLIED WARRANTIES, DUTIES, OR CONDITIONS OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE.

4. LIMITATION OF LIABILITY. TO THE EXTENT AUTHORIZED UNDER TEXAS LAW **EXCEPT AS OTHERWISE EXPRESSLY SET FORTH IN THIS AGREEMENT, OUR LIABILITY FOR DAMAGES ARISING OUT OF THIS AGREEMENT, WHETHER BASED ON A THEORY OF CONTRACT OR TORT, INCLUDING NEGLIGENCE AND STRICT LIABILITY, SHALL BE LIMITED TO YOUR ACTUAL DIRECT DAMAGES, NOT TO EXCEED (A) DURING THE INITIAL TERM, AS SET FORTH IN SECTION F(1), TOTAL FEES PAID AS OF THE TIME OF THE CLAIM; OR (B) DURING ANY RENEWAL TERM, THE THEN-CURRENT ANNUAL SAAS FEES PAYABLE IN THAT RENEWAL TERM. THE PARTIES ACKNOWLEDGE AND AGREE THAT THE PRICES SET FORTH IN THIS AGREEMENT ARE SET IN RELIANCE UPON THIS LIMITATION OF LIABILITY AND TO THE MAXIMUM EXTENT ALLOWED UNDER APPLICABLE LAW, THE EXCLUSION OF CERTAIN DAMAGES, AND EACH SHALL APPLY REGARDLESS OF THE FAILURE OF AN ESSENTIAL PURPOSE OF ANY REMEDY. THE FOREGOING LIMITATION OF LIABILITY SHALL NOT APPLY TO CLAIMS THAT ARE SUBJECT TO SECTIONS G(1) AND G(2).**

5. **EXCLUSION OF CERTAIN DAMAGES. TO THE MAXIMUM EXTENT PERMITTED BY APPLICABLE LAW, IN NO EVENT SHALL WE BE LIABLE FOR ANY SPECIAL, INCIDENTAL, PUNITIVE, INDIRECT, OR CONSEQUENTIAL DAMAGES WHATSOEVER, EVEN IF WE HAVE BEEN ADVISED OF THE POSSIBILITY OF SUCH DAMAGES.**

6. Insurance. During the course of performing services under this Agreement, we agree to maintain the following levels of insurance: (a) Commercial General Liability of at least $1,000,000; (b) Automobile Liability of at least $1,000,000; (c) Professional Liability of at least $1,000,000; (d) Workers Compensation complying with applicable statutory requirements; and (e) Excess/Umbrella Liability of at least $5,000,000. We will add you as an additional insured to our Commercial General Liability and Automobile Liability policies, which will automatically add you as an additional insured to our Excess/Umbrella Liability policy as well. We will provide you with copies of certificates of insurance upon your written request.

SECTION H – GENERAL TERMS AND CONDITIONS

1. Additional Products and Services. You may purchase additional Tyler products and services at the rates set forth in the Investment Summary for twelve (12) months from the Effective Date by executing a mutually agreed addendum or Tyler purchase order. If no rate is provided in the Investment Summary, or those twelve (12) months have expired, you may purchase additional Tyler products and services at our then-current list price, also by executing a mutually agreed addendum or Tyler purchase order. The terms of this Agreement will control any such additional purchase(s), unless otherwise specifically provided in the addendum or Tyler purchase order.

2. Optional Items. Pricing for any listed optional products and services in the Investment Summary will be valid for twelve (12) months from the Effective Date.

3. Dispute Resolution. You agree to provide us with written notice within thirty (30) days of becoming aware of a dispute. You agree to cooperate with us in trying to reasonably resolve all disputes, including, if requested by either party, appointing a senior representative to meet and engage in good faith negotiations with our appointed senior representative. Senior representatives will convene within thirty (30) days of the written dispute notice, unless otherwise agreed. All meetings and discussions between senior representatives will be deemed confidential settlement discussions not subject to disclosure under Federal Rule of Evidence 408 or any similar applicable state rule. If we fail to resolve the dispute, then the parties shall participate in non-binding mediation in an effort to resolve the dispute. If the dispute remains unresolved after mediation, then either of us may assert our respective rights and remedies in a court of competent jurisdiction. Nothing in this section shall prevent you or us from seeking necessary injunctive relief during the dispute resolution procedures.

4. Taxes. The fees in the Investment Summary do not include any taxes, including, without limitation, sales, use, or excise tax. If you are a tax-exempt entity, you agree to provide us with a tax-exempt certificate. Otherwise, we will pay all applicable taxes to the proper authorities and you will reimburse us for such taxes. If you have a valid direct-pay permit, you agree to provide us with a copy. For clarity, we are responsible for paying our income taxes, both federal and state, as applicable, arising from our performance of this Agreement.

5. Nondiscrimination. We will not discriminate against any person employed or applying for employment concerning the performance of our responsibilities under this Agreement. This discrimination prohibition will apply to all matters of initial employment, tenure, and terms of employment, or otherwise with respect to any matter directly or indirectly relating to employment concerning race, color, religion, national origin, age, sex, sexual orientation, ancestry, disability that is unrelated to the individual's ability to perform the duties of a particular job or position, height, weight, marital status, or political affiliation. We will post, where appropriate, all notices related to nondiscrimination as may be required by applicable law.

6. E-Verify. We have complied, and will comply, with the E-Verify procedures administered by the U.S. Citizenship and Immigration Services Verification Division for all of our employees assigned to your project.

7. Subcontractors. We will not subcontract any services under this Agreement without your prior written consent, not to be unreasonably withheld.

8. Binding Effect; No Assignment. This Agreement shall be binding on, and shall be for the benefit of, either your or our successor(s) or permitted assign(s). Neither party may assign this Agreement without the prior written consent of the other party; provided, however, your consent is not required for an assignment by us as a result of a corporate reorganization, merger, acquisition, or purchase of substantially all of our assets.

9. Force Majeure. Except for your payment obligations, neither party will be liable for delays in performing its obligations under this Agreement to the extent that the delay is caused by Force Majeure; provided, however, that within ten (10) business days of the Force Majeure event, the party whose performance is delayed provides the other party with written notice explaining the cause and extent thereof, as well as a request for a reasonable time extension equal to the estimated duration of the Force Majeure event.

10. No Intended Third Party Beneficiaries. This Agreement is entered into solely for the benefit of you and us. No third party will be deemed a beneficiary of this Agreement, and no third party will have the right to make any claim or assert any right under this Agreement. This provision does not affect the rights of third parties under any Third Party Terms.

11. Entire Agreement; Amendment. This Agreement represents the entire agreement between you and us with respect to the subject matter hereof, and supersedes any prior agreements, understandings, and representations, whether written, oral, expressed, implied, or statutory. Purchase orders submitted by you, if any, are for your internal administrative purposes only, and the terms and conditions contained in those purchase orders will have no force or effect. This Agreement may only be modified by a written amendment signed by an authorized representative of each party.

12. Severability. If any term or provision of this Agreement is held invalid or unenforceable, the remainder of this Agreement will be considered valid and enforceable to the fullest extent permitted by law.

13. No Waiver. In the event that the terms and conditions of this Agreement are not strictly enforced by either party, such non-enforcement will not act as or be deemed to act as a waiver or modification of this Agreement, nor will such non-enforcement prevent such party from enforcing

each and every term of this Agreement thereafter.

14. Independent Contractor. We are an independent contractor for all purposes under this Agreement.

15. Notices. All notices or communications required or permitted as a part of this Agreement, such as notice of an alleged material breach for a termination for cause or a dispute that must be submitted to dispute resolution, must be in writing and will be deemed delivered upon the earlier of the following: (a) actual receipt by the receiving party; (b) upon receipt by sender of a certified mail, return receipt signed by an employee or agent of the receiving party; (c) upon receipt by sender of proof of email delivery; or (d) if not actually received, five (5) days after deposit with the United States Postal Service authorized mail center with proper postage (certified mail, return receipt requested) affixed and addressed to the other party at the address set forth on the signature page hereto or such other address as the party may have designated by proper notice. The consequences for the failure to receive a notice due to improper notification by the intended receiving party of a change in address will be borne by the intended receiving party.

16. Client Lists. You agree that we may identify you by name in client lists, marketing presentations, and promotional materials.

17. Confidentiality. Both parties recognize that their respective employees and agents, in the course of performance of this Agreement, may be exposed to confidential information and that disclosure of such information could violate rights to private individuals and entities, including the parties. Confidential information is nonpublic information that a reasonable person would believe to be confidential and includes, without limitation, personal identifying information (*e.g.*, social security numbers) and trade secrets, each as defined by applicable state law. Each party agrees that it will not disclose any confidential information of the other party and further agrees to take all reasonable and appropriate action to prevent such disclosure by its employees or agents. The confidentiality covenants contained herein will survive the termination or cancellation of this Agreement. This obligation of confidentiality will not apply to information that:

    (a) is in the public domain, either at the time of disclosure or afterwards, except by breach of this Agreement by a party or its employees or agents; or
    (b) a party can establish by reasonable proof was in that party's possession at the time of initial disclosure; or
    (c) a party receives from a third party who has a right to disclose it to the receiving party; or
    (d) is the subject of a legitimate disclosure request under the open records laws or similar applicable public disclosure laws governing this Agreement, or a subpoena; provided, however, that in the event you receive an open records or other similar applicable request, you will give us prompt notice and otherwise perform the functions required by applicable law.

18. Business License. In the event a local business license is required for us to perform services hereunder, you will promptly notify us and provide us with the necessary paperwork and/or contact information so that we may timely obtain such license.

19. Governing Law and Venue. This Agreement will be governed by and construed in accordance with the laws of your state of domicile, without regard to its rules on conflicts of law. Venue of this contract shall be Williamson County, Texas, and the law of the State of Texas shall govern.

20. Texas Prompt Payment Act Compliance: Payment for goods and services shall be governed by Chapter 2251 of the Texas Government Code. An invoice shall be deemed overdue the 31st day after the later of (1) the date Client receives the goods under the contract; (2) the date the performance of the service under the contract is completed; or (3) the date the Williamson County Auditor receives an invoice for the goods or services. Interest charges for any overdue payments shall be paid by Client in accordance with Texas Government Code Section 2251.025. More specifically, the rate of interest that shall accrue on a late payment is the rate in effect on September 1 of Client's fiscal year in which the payment becomes due. The said rate in effect on September 1 shall be equal to the sum of one percent (1%); and (2) the prime rate published in the Wall Street Journal on the first day of July of the preceding fiscal year that does not fall on a Saturday or Sunday.

21. Mediation: The parties agree to use mediation for dispute resolution prior to and formal legal action being taken on this Contract.

22. Multiple Originals and Authorized Signatures. This Agreement may be executed in multiple originals, any of which will be independently treated as an original document. Any electronic, faxed, scanned, photocopied, or similarly reproduced signature on this Agreement or any amendment hereto will be deemed an original signature and will be fully enforceable as if an original signature. Each party represents to the other that the signatory set forth below is duly authorized to bind that party to this Agreement.

23. Right to Audit: Tyler agrees that licensee or its duly authorized representatives shall, until the expiration of three (3) years after final payment under this Agreement, have access to and the right to examine any and all books, documents, papers and records of Tyler which are directly pertinent to the services to be performed under this Agreement for the purposes of making audits, provided however, that any such audit shall be subject to Tyler's current confidentiality and security policies. Tyler agrees that licensee shall have access during normal working hours to all necessary Tyler facilities and shall be provided adequate and appropriate workspace in order to conduct audits in compliance with the provisions of this section. Licensee shall give Tyler reasonable advance notice, but no less than thirty (30) days advance written notice, of intended audits. Client shall be responsible for the cost of any audit conducted under this section unless otherwise agreed to by the parties in writing pursuant to the terms of this Agreement.

24. Cooperative Procurement. To the maximum extent permitted by applicable law, we agree that this Agreement may be used as a cooperative procurement vehicle by eligible jurisdictions. We reserve the right to negotiate and customize the terms and conditions set forth herein, including but not limited to pricing, to the scope and circumstances of that cooperative procurement.

Exhibit C
SERVICE LEVEL AGREEMENT

I. Agreement Overview

This SLA operates in conjunction with, and does not supersede or replace any part of, the Agreement. It outlines the information technology service levels that we will provide to you to ensure the availability of the application services that you have requested us to provide. All other support services are documented in the Support Call Process.

II. Definitions. Except as defined below, all defined terms have the meaning set forth in the Agreement.

Attainment: The percentage of time the Tyler Software is available during a calendar quarter, with percentages rounded to the nearest whole number.

Client Error Incident: Any service unavailability resulting from your applications, content or equipment, or the acts or omissions of any of your service users or third-party providers over whom we exercise no control.

Downtime: Those minutes during which the Tyler Software is not available for your use. Downtime does not include those instances in which only a Defect is present.

Service Availability: The total number of minutes in a calendar quarter that the Tyler Software is capable of receiving, processing, and responding to requests, excluding maintenance windows, Client Error Incidents and Force Majeure.

III. Service Availability

The Service Availability of the Tyler Software is intended to be 24/7/365. We set Service Availability goals and measures whether we have met those goals by tracking Attainment.

a. Your Responsibilities

Whenever you experience Downtime, you must make a support call according to the procedures outlined in the Support Call Process. You will receive a support incident number.

You must document, in writing, all Downtime that you have experienced during a calendar quarter. You must deliver such documentation to us within 30 days of a quarter's end.

The documentation you provide must evidence the Downtime clearly and convincingly. It must include, for example, the support incident number(s) and the date, time and duration of the Downtime(s).

b. Our Responsibilities

When our support team receives a call from you that Downtime has occurred or is occurring, we will work with you to identify the cause of the Downtime (including whether it may be the result of a Client Error Incident or Force Majeure). We will also work with you to resume normal operations.

Upon timely receipt of your Downtime report, we will compare that report to our own outage logs and support tickets to confirm that Downtime for which we were responsible indeed occurred.

We will respond to your Downtime report within 30 day(s) of receipt. To the extent we have confirmed Downtime for which we are responsible, we will provide you with the relief set forth below.

c. Client Relief

When a Service Availability goal is not met due to confirmed Downtime, we will provide you with relief that corresponds to the percentage amount by which that goal was not achieved, as set forth in the Client Relief Schedule below.

Notwithstanding the above, the total amount of all relief that would be due under this SLA per quarter will not exceed 5% of one quarter of the then-current SaaS Fee. The total credits confirmed by us in one or more quarters of a billing cycle will be applied to the SaaS Fee for the next billing cycle. Issuing of such credit does not relieve us of our obligations under the Agreement to correct the problem which created the service interruption.

Every quarter, we will compare confirmed Downtime to Service Availability. In the event actual Attainment does not meet the targeted Attainment, the following Client relief will apply, on a quarterly basis:

Targeted Attainment	Actual Attainment	Client Relief
100%	98-99%	Remedial action will be taken.
100%	95-97%	4% credit of fee for affected calendar quarter will be posted to next billing cycle
100%	<95%	5% credit of fee for affected calendar quarter will be posted to next billing cycle

You may request a report from us that documents the preceding quarter's Service Availability, Downtime, any remedial actions that have been/will be taken, and any credits that may be issued.

IV. Applicability

The commitments set forth in this SLA do not apply during maintenance windows, Client Error Incidents, and Force Majeure.

We perform maintenance during limited windows that are historically known to be reliably low-traffic times. If and when maintenance is predicted to occur during periods of higher traffic, we will provide advance notice of those windows and will coordinate to the greatest extent possible with you.

V. Force Majeure

You will not hold us responsible for not meeting service levels outlined in this SLA to the extent any failure to do so is caused by Force Majeure. In the event of Force Majeure, we will file with you a signed request that said failure be excused. That writing will at least include the essential details and circumstances supporting our request for relief pursuant to this Section. You will not unreasonably withhold its acceptance of such a request.

New Year's Day	Thanksgiving Day
Memorial Day	Day after Thanksgiving
Independence Day	Christmas Day
Labor Day	

We will provide you with procedures for contacting support staff after normal business hours for reporting Priority Level 1 Defects only. Upon receipt of such a Defect notification, we will use commercially reasonable efforts to meet the resolution targets set forth below.

Issue Handling

Incident Tracking

Every support incident is logged into our management system and given a unique incident number. This system tracks the history of each incident. The incident tracking number is used to track and reference open issues when clients contact support. Clients may track incidents, using the incident number, through the portal at Tyler's website or by calling software support directly.

Incident Priority

Each incident is assigned a priority level, which corresponds to the client's needs and deadlines. Tyler and the client will reasonably set the priority of the incident per the chart below. This chart is not intended to address every type of support incident, and certain "characteristics" may or may not apply depending on whether the Tyler software has been deployed on customer infrastructure or the Tyler cloud. The goal is to help guide the client towards clearly understanding and communicating the importance of the issue and to describe generally expected response and resolution targets in the production environment only.

References to a "confirmed support incident" mean that Tyler and the client have successfully validated the reported Defect/support incident.

Priority Level	Characteristics of Support Incident	Resolution Targets
1 Critical	Support incident that causes (a) complete application failure or application unavailability; (b) application failure or unavailability in one or more of the client's remote location; or (c) systemic loss of multiple essential system functions.	Tyler shall provide an initial response to Priority Level 1 incidents within one (1) business hour of receipt of the incident. Once the incident has been confirmed, Tyler shall use commercially reasonable efforts to resolve such support incidents or provide a circumvention procedure within one (1) business day. For non-hosted customers, Tyler's responsibility for lost or corrupted data is limited to assisting the client in restoring its last available database.
2 High	Support incident that causes (a) repeated, consistent failure of essential functionality affecting more than one user or (b) loss or corruption of data.	Tyler shall provide an initial response to Priority Level 2 incidents within four (4) business hours of receipt of the incident. Once the incident has been confirmed, Tyler shall use commercially reasonable efforts to resolve such support incidents or provide a circumvention procedure within ten (10) business days. For non-hosted customers, Tyler's responsibility for loss or corrupted data is limited to assisting the client in restoring its last available database.
3 Medium	Priority Level 1 incident with an existing circumvention procedure, or a Priority Level 2 incident that affects only one user or for which there is an existing circumvention procedure.	Tyler shall provide an initial response to Priority Level 3 incidents within one (1) business day of receipt of the incident. Once the incident has been confirmed, Tyler shall use commercially reasonable efforts to resolve such support incidents without the need for a circumvention

Priority Level	Characteristics of Support Incident	Resolution Targets
		procedure with the next published maintenance update or service pack, which shall occur at least monthly. For non-hosted customers, Tyler's responsibility for lost or corrupted data is limited to assisting the client in restoring its last available database.
4 Non-critical	Support incident that causes failure of non-essential functionality or a cosmetic or other issue that does not qualify as any other Priority Level.	Tyler shall provide an initial response to Priority Level 4 incidents within two (2) business days of receipt of the incident. Once the incident has been confirmed, Tyler shall use commercially reasonable efforts to resolve such support incidents, as well as cosmetic issues, with a future version release.

Remote Support Tool

Some support calls may require further analysis of the client's database, processes or setup to diagnose a problem or to assist with a question. Tyler will, at its discretion, use an industry-standard remote support tool. Tyler's support team must have the ability to quickly connect to the client's system and view the site's setup, diagnose problems, or assist with screen navigation. More information about the remote support tool Tyler uses is available upon request.

Exhibit D
Third Party Terms

We will make commercially reasonable efforts to minimize the need for you to rely on Third Party Software or Third Party Hardware in order to operate the Tyler Software. To the any such Third Party Product is required, you are responsible for purchasing, installing and configuring all Third Party Hardware and Third Party Software at your expense. We will make available a list of Third Party Software that will be required to load a new release of the Tyler Software, if any, as well as list of Third Party Software components that have been certified as compatible with the Tyler Software.

We will have no liability for defects in the Third Party Hardware or Third Party Software. You are responsible for ensuring that you have current maintenance agreements with any Developers from whom you expect to receive maintenance and/or support on Third Party Software or Third Party Hardware.

Valerie Covey
Commissioner, Williamson County Pct. 3
100 Wilco Way, CO201
Georgetown, TX 78626

Dear Commissioner Covey,

I would like to thank you and your office staff for taking the time to assist me in my request to change County Road 312 to F.B. Schwertner Road.

Felix Bernard (F.B.) Schwertner, Jr. was born on June 29, 1927 in Jarrell, Texas. He resided in Jarrell his entire life, specifically on County Roads 314 & 312. In 1938 he moved to his home on County Road 312 with his parents. When he married his wife, Eleanora (Lefner) Schwertner in 1948, they built their home next to his parents' on C.R. 312 where they raised nine children together. He lived at this location until he passed away on December 29, 2014.

My Grandpa, F.B. Schwertner, known to most as Pete Schwertner, dedicated his life to helping others. He was a proud member of the Jarrell Volunteer Fire Department for 43 years and was the Fire Chief for 34 of those years. He was also a lifetime member of Holy Trinity Catholic Church in Corn Hill where he was baptized, married and buried. Additionally, he served his community by being a member on the Jarrell ISD School Board from 1966-1983. He held many other volunteer positions in the Jarrell community; he was an officer for the local Farm Bureau branch, an officer/member of the Moravian Club where he was a bingo caller on Sunday afternoons, with his wife, daughters and granddaughters in attendance.

He spent his days being a farmer/rancher and custom hay baler, occasionally he was even an on-site veterinarian. He unselfishly dedicated a large portion of his time to the community of Jarrell and surrounding communities by serving in the Volunteer Fire Department. If there was a family gathering and the siren alarmed he quickly said his goodbyes and left to help whoever needed his assistance, whether it was a community member or someone simply traveling IH35. No matter the time day or night, he never

opted to sit one out. He led the search and rescue efforts in the 1997 tornado that devastated the community of Jarrell, and that day would ultimately be the reason he hung up his fire hat and retired from his position with the J.V.F.D. He served his community and served it well.

His most important role was father and grandfather. I am honored to be his granddaughter. If you ask around about him, you will find that anyone that knew him was honored to be his friend, serve the community in the V.F.D., or sit beside him during mass at Holy Trinity. To this day, I often hear "I have heard a lot about him and have never heard a bad thing."

The renaming of County Road 312 will not just mean the world to his family, but to the entire community of Jarrell. His memory lives on in the fields he farmed and eventually sold, that are now homes in the Sonterra community. As well as on the streets of "Old" Jarrell where he held numerous fundraisers to build the now retired Fire Station on Fifth ("Main") Street and to upgrade Jarrell V.F.D. fire trucks and equipment to better serve the citizens.

Attached, you will find the signatures next to the addresses provided to me by your office, aside from Oncor Electric Delivery Co., which I have been in touch with and still waiting for a response. Every name on this list, both related and unrelated, stated they would be honored to have their address changed to reflect his name and legacy.

Sincerely,

Rebecca Piatt

Agenda Item

Discuss, consider and take appropriate action on an updated State Plan of Operation (SPO) Agreement between the State of Texas and the Williamson County Sheriff's Office with respect to excess Department of Defense (DOD) personal property transferred pursuant to 10 U.S.C. 2576a.

Background

The Williamson County Sheriff's Office has been participating in this program with the Federal Government for a while now and must provide a signed agreement every year. The agreement promotes the efficient and expeditious transfer of property and to ensure accountability of the same. The Secretary of Defense is authorized by 10 U.S.C. 2576a to transfer to State Law Enforcement Agencies, personal property that is excess to the needs of the DOD and that the Secretary determines is suitable to be used by such agencies in law enforcement activities with preferences for counter-drug/counter-terrorism or border security activities, under such terms prescribed by the Secretary. The Governor of Texas has designated in writing effective 8-31-18 to implement this program statewide as well as conduct management and oversight of this program.

STATE PLAN OF

OPERATION BETWEEN THE

STATE OF TEXAS

AND THE Williamson County Sheriff's Office

I. PURPOSE

This State Plan of Operation (SPO) is entered into between the State of Texas and the Williamson County Sheriff's Office, to set forth the terms and conditions which will be binding on the parties with respect to excess Department of Defense (DoD) personal property transferred under 10 U.S.C. § 2576a in order to promote the efficient and expeditious transfer of property and to ensure accountability of the same.

II. AUTHORITY

The Secretary of Defense is authorized by 10 U.S.C. § 2576a to transfer to Federal and State/Territory Law Enforcement Agencies (LEAs), personal property that is excess to the needs of the DoD, including small arms and ammunition, that the Secretary determines is suitable to be used by such agencies in law enforcement activities, with preferences for counter-drug/counter-terrorism or border security activities, under such terms prescribed by the Secretary. The Secretary of Defense has delegated authority for management of this Program to the Defense Logistics Agency (DLA). DLA defines law enforcement activities as activities performed by governmental agencies whose primary function is the enforcement of applicable Federal, State/Territory, and local laws and whose compensated law enforcement officers have powers of arrest and apprehension. This program is known as the Law Enforcement Support Program and commonly referred to as the "LESO Program" or "1033 Program" and is administered by DLA Disposition Services, Law Enforcement Support Office (LESO).

III. GENERAL TERMS AND CONDITIONS

A. Operational Authority

The Governor of the State of Texas has designated in writing with an effective date of August 31, 2018 to implement this program statewide as well as conduct management and oversight of this program. Funding / Budgeting to administer this program is provided by the Department of Public Safety of the State of Texas.

The provided funding is used to support assistance to the LEAs with customer service to include computer / telephone assistance and physical visits to the LEAs to assist with acquiring access to the LESO Program. The staffing to provide the support to the LEAs within the State of Texas is as follows:

State Coordinator (SC): Mike Lesko

State Point of Contact (SPOC): Rolando Ayala

State Point of Contact (SPOC): Laurie Patterson

State Point of Contact (SPOC): John Riddick

The following is the facility / physical location and business hours to provide customer service to those LEAs currently enrolled, as well as interested participants of the LESO Program:

Agency Address / Location: 5805 N. Lamar Blvd, Austin, Texas 78752

E-Mail / Contact Phone Numbers: txlesoprogram@dps.texas.gov (512) 424-7590

Hours of Operation: 7:00 am – 5:00 pm

B. All property is transferred and the recipient (*LEA name*) Williamson County Sheriff's Office agrees to accept property on an as-is, where-is basis. The DLA has final authority to determine the type, quantity, and allocation of excess DoD personal property suitable for law enforcement activities.

C. This agreement creates no entitlement to the State or Territory to receive excess DoD personal property. DLA retains the right to recall any property during the period that it is conditionally transferred.

D. The (*LEA name*) Williamson County Sheriff's Office understands that property made available under this agreement is for the use of authorized program participants only. Authorized participants who receive property from the LESO Program will not loan, donate, or otherwise provide property to other groups or entities that are not otherwise authorized to participate in the Program. Authorized participating agencies may, with prior approval from the State/Territory on a temporary basis, conditionally loan property to another participating agency as their mission requires, utilizing an Equipment Custody Receipt (ECR). Property temporarily loaned will be returned to the LEA responsible for the accountability. All requests for property will be based on bona fide law enforcement requirements.

E. Controlled property (equipment) includes any property that has a Demilitarization (DEMIL) Code of B, C, D, E, F, G, and Q3.

To receive such property, on an annual basis the LEA will certify (Ref: 10 U.S. Code § 2576a):

1) That it has obtained the authorization of the relevant Civilian Governing Body Official (city council, mayor etc.) to participate in the program.

2) That it has adopted publicly available protocols for the appropriate use of controlled property, the supervision of such use, and the evaluation of the effectiveness of such use, including auditing and accountability policies.

3) That it provides annual training to relevant personnel on the maintenance, sustainment, and appropriate use of controlled property.

F. The (*LEA name*) Williamson County Sheriff's Office will maintain and enforce regulations designed to impose adequate security and accountability measures for controlled property to mitigate the risk of loss

or theft.

G. Upon approval of written requests, cannibalization may be performed on approved aircraft, armored vehicles, and High Mobility Multipurpose Wheeled Vehicles (HMMWVs). Requests will be submitted in writing to the State and approved by the LESO for approval. The cannibalized end item must be returned to DLA Disposition Services within the allotted timeframes determined by the LESO.

H. The LESO conditionally transfers all excess DoD property to States/Territories/LEAs enrolled in the LESO Program. Title or ownership of controlled property will remain with the DoD in perpetuity and will not be relinquished to the States/Territories/LEAs. When the States/Territories/LEAs no longer have a legitimate law enforcement use for controlled property, the States/Territories/LEAs will notify the LESO and the controlled property must either be transferred to another enrolled LEA (via standard transfer process) or returned to DLA Disposition Services for disposal. The LESO reserves the right to recall controlled and non-controlled property issued through the DLA at any time.

I. Property with a DEMIL Code of "A" and "Q" with an Integrity Code of "6" (Q6) is also conditionally transferred to the State/LEA, yet controlled for one year from the ship date. However, after one year from the ship date, the DLA will relinquish ownership and title to the State/Territory/LEA. Prior to this date, the State/Territory/LEA remains responsible for the accountability and physical control of the item(s) and the Program retains the right to recall the property.

    1) Property with DEMIL Codes of "A" and "Q6" will be placed in a closed status on the LEA's LESO inventory upon meeting the one year mark.

    2) Once closed, the property is no longer subject to the annual inventory requirements and will not be inventoried during a LESO Program Compliance Review (PCR).

    3) Ownership and title of DEMIL "A" and "Q6" items that have been closed will pass from the DoD to the LEA one year from the ship date, without issuance of any further documentation.

    4) LEAs receive title and ownership of DEMIL "A" and "Q6" items as governmental entities. Title and ownership of DEMIL "A" and "Q6" property does not pass from DoD to any private individual or LEA official in their private capacity. Accordingly, such property should be maintained and ultimately disposed of in accordance with provisions in State/Territory and local laws that govern public property. Sales or gifting of DEMIL"A" and "Q6" property after one year from the ship date in a manner inconsistent with State/Territory or local law may constitute grounds to deny future participation in the LESO Program.

    5) An SF 97 form will be provided upon physical transfer for vehicles. Recipients are authorized to make upgrades to vehicles during the one year conditional period. Full title to DEMIL "A" and "Q6" property, including vehicles, will vest in the recipient after one year if all other requirements of this agreement have been met. After the one year period DEMIL "A" and "Q6" items may be transferred, cannibalized for usable parts, sold, donated or scrapped.

J. LEAs are not authorized to transfer any property on their inventory without State and LESO notification and approval. Property will not physically move until the LESO approval process is

complete.

K. Certain controlled equipment will have a documented chain of custody (e.g., Equipment Custody Receipt [ECR] or equivalent), including a signature of the recipient. Controlled equipment requiring a chain of custody are: small arms, aircraft, high profile vehicles, optics, robots, and small arm's parts/accessories. It is encouraged to utilize ECRs for all controlled equipment. Regarding ECRs during a LESO PCR, see section VI, A, 4.

L. Sale or transfer of DEMIL Codes "A" or "Q6" property after the one year conditional holding and utilization period to non-LEA participants will be executed in compliance with U.S. Export Control Regulations.

1) Excess personal property may be export-controlled, regardless of the assigned DEMIL Code and regardless of the Department or Agency that donates the property.

2) DEMIL Codes are not a substitute for export controls. They do not provide information on the export control requirements for an item.

3) The Transferee is responsible for complying with U.S. Export Control Laws and Regulations, including the Export Administration Regulations (EAR) (15 C.F.R. Pts. 730-774) and the International Traffic in Arms Regulations (ITAR) (22 C.F.R. Pts. 120-130).

a) This responsibility exists independent of, and is not established or limited by, the information provided in this statement of compliance.

b) The responsibility includes, but is not limited to, determining the subsequent transferee's eligibility to receive such items in accordance with U.S. Export Control Laws and Regulations.

c) Information on the EAR and ITAR are at: https://www.bis.doc.gov/index.php and https://www.pmddtc.state.gov/index.html.

d) Tips:

i. If Transferee has doubts about which regulation governs control of the item, they may submit a commodity jurisdiction request to the Department of State, Directorate of Defense Trade Controls to determine whether it is subject to the ITAR or EAR. Information on commodity jurisdiction requests can be found at: http://www.pmddtc.state.gov/commodity_jurisdiction/index.html.

ii. If Transferee is sure the item is subject to the EAR, but needs help determining the correct Export Control Classification Number (ECCN), they may submit a commodity classification request to the Department of Commerce, Bureau of Industry and Security (BIS). Information on classification requests can be found at: https://www.bis.doc.gov/index.php/licensing/commerce-control-list-classification/classification-request-guidelines

iii. For items subject to the EAR: Transferee is cautioned that prior to sale or transfer of items they should be familiar with their customer and intended end use of the items. Transferees must check prospective Transferees/buyers to ensure they are not on the Department of Commerce List of Parties of Concern (https://www.bis.doc.gov/index.php/policy-guidance/lists-of-parties-of-concern) and the transfer/sale complies with the EAR, including 15 C.F.R. Prt. 736. BIS Export Compliance Guidelines are at: https://www.bis.doc.gov/index.php/forms-documents/pdfs/1641-ecp/file

4) The Transferee must notify all subsequent buyers or Transferees in writing, of their responsibility to comply with U.S. Export Control Laws and Regulations.

5) *Definition*. "Export-controlled items," as used in this statement of compliance, means items subject to the Export Administration Regulations (EAR) (15 C.F.R. Pts. 730-774) or the International Traffic in Arms Regulations (ITAR) (22 C.F.R. Pts. 120-130). The term includes:

a) "Items," defined in the EAR 15 C.F.R. Pt.772.1. as "commodities", "software", and "technology."

b) "Defense Articles, Defense Services, and related Technical Data defined in the ITAR, 22 C.F.R. Pt. 120.

IV. ENROLLMENT

A. An LEA will have at least one full-time law enforcement officer in order to enroll and/or receive property via the LESO Program. Only full-time and part-time law enforcement officers are authorized to receive property. Non-compensated reserve officers are not authorized to receive property. State law enforcement training facilities/academies may be authorized to participate in the program given the primary function is the training of bona fide State/Territory and Local law enforcement officers. Law enforcement training facilities/academies will be reviewed and approved for participation on a case-by-case basis via concurrence of DLA Disposition Services, DLA General Counsel, and DLA J349.

1) The LEA will submit an updated Application Packet to the State Coordinator's office no later than June 15 each year and/or any time there is a change in personnel or LEA contact information. Failure to do so may result in suspension and/or termination from the program.
2) Once approved for participation in the program, at least one of the LEA's authorized screeners must attend a mandatory training class prior to any requests for property being approved. The class will be conducted free of charge to the LEA and will be held at a location determined by the State Coordinator's office. Screeners who may have been previously employed by and screeners for other LEAs, might still be required to attend training as this training qualifies the agency, not the individual.
3) LEA transfer of responsibility – program property assigned to the LEA. A change in the Chief Law Enforcement Official (CLEO), due to any reason, will not relinquish responsibility from the LEA for properly maintaining existing program property in the LEA's possession. If the new CLEO does not wish to be responsible for existing property, they will notify the State Coordinator's office in writing that they wish to return the

property to their assigned Disposition Site and/or transfer it to a qualifying LEA. The new CLEO remains responsible for existing property until the property is officially transferred or returned.

B. Unauthorized Participants. Nongovernmental law enforcement entities such as private railroad police, private security, private academies, correctional departments and prisons, or security police at private schools or colleges. Fire departments, by definition, are ineligible for the Law Enforcement Support Program.

C. The State will:

1) Establish and implement the LESO Program eligibility criteria in accordance with 10 U.S.C. § 2576a, DLA Instructions and Manuals regarding the LESO Program, and this SPO.

2) Receive and process applications for participation from eligible LEAs within their state.

3) Collect originating agency identifier code for all new, reactivation (whether voluntary separation or termination), and otherwise suspicious applications. Originating agency identifier will be coordinated with DLA Office of the Inspector General (OIG) for validation against the Federal Bureau of Investigation's National Crime Information Center database.

4) Ensure only authorized LEA applications for participation are submitted to the Program for approval. Applications are required by the LESO Standard Operating Procedures (SOP) to be submitted within 30 days of both the CLEO's and the State's/Territory's approved signature and date.

5) Validate the authenticity of the LEAs within their State/Territory that are applying for participation. If the State/Territory forwards an unauthorized participant application, this may result in a formal suspension of the State/Territory.

6) Determine the qualifications of a full-time law enforcement officer.

7) Have sole discretion to disapprove LEA applications on behalf of the Governor of their State/Territory. The LESO should be notified of any applications disapproved at the State/Territory level. The State/Territory will only forward and recommend/certify LEAs to the LESO that are government agencies whose primary function is the enforcement of applicable Federal, State/Territory, and local laws and whose compensated officers have the powers of arrest and apprehension. The LESO retains final approval/disapproval authority for all LEA applications forwarded by the States/Territories.

8) Ensure LEAs enrolled in the Program update the LEA's account information annually, or as needed. This may require the LEA to submit an updated application. Updated applications are required to be submitted for, but are not limited to, the following reasons: a change in CLEO, the addition or removal of a screener, and/or a change in the LEA's address or contact information.

9) Provide a comprehensive overview of the Program to all LEAs once they are approved for enrollment. This comprehensive overview will be done within 30 days of an LEA

receiving the LESO's approval to participate.

10) Ensure that screeners of property are employees of the LEA. A screener may only screen property for two Law Enforcement Agencies. Contractors may not conduct screening on behalf of the LEA.

11) Ensure at least one person per LEA maintains access to the Federal Excess Property Management Information System (FEPMIS), or current property accounting system. Account holders will be employees of the LEA.

V. ANNUAL INVENTORY REQUIREMENTS

A. Per the DLA Instructions and Manuals regarding the LESO Program and this SPO, each State/Territory is required to conduct an annual physical inventory certification of all property on the inventory. Annual inventories start on July 1 of each year and end August 31 of each year.

1) DEMIL "A" and "Q6" property records will not be closed during the annual inventory.

B. The State will:

1) Receive and validate incoming certified inventories and reconcile inventories from the LEAs.

2) Ensure LEAs validate and provide serial numbers and photos identified during the annual inventory process for inclusion in the LESO property accounting system for all aircraft, armored vehicles, small arms and other unique items, as required.

3) Suspend a LEA as a result of the LEA's failure to properly submit certified inventories, according to the aforementioned requirements.

C. The LEA will:

1) Complete and certify the annual physical inventory as required for continued participation in the program.

2) Adhere to additional annual certification requirements as identified by the LESO. All inventories and certification statements will be maintained on file indefinitely.

a) The State requires each LEA to submit certified inventories for their agency by August 31 of each year. Inventory certification in FEPMIS will begin July 1 of each year. This gives the LEA two (2) months to physically inventory DLA LESO Program property in their possession and submit their certified inventories to their State Coordinator.

b) In addition to the certified inventories, the LESO requires photographs for all High-profile commodities identified as aircraft, armored vehicles, small arms, and other unique items as required, received through the Program.

i. The LESO requires a side and data plate photo for aircraft and vehicles that are serial number controlled, received through the Program.

ii. The LESO requires serial number photos for each small arm received through the Program.

c) LEAs that fail to submit the certified annual inventory by August 31 may be suspended from operations within the Program. When a LEA is suspended, a Corrective Action Plan (CAP) will need to be submitted to the State and LESO identifying all actions taken to correct the deficiencies. Further failure to submit the certified annual inventory may result in a LEA's termination.

3) Be aware that High-profile commodities (aircraft, armored vehicles and small arms) and other property may be subject to additional controls.

4) Ensure that an approved current SPO is uploaded in FEPMIS.

VI. PROGRAM COMPLIANCE REVIEWS

A. The LESO conducts a PCR for each State/Territory that is enrolled in the LESO Program every two (2) years. The Program reserves the right to conduct no notice PCRs, or require an annual review, or similar inspection, on a more frequent basis for any State/Territory. LESO PCRs are performed in order to ensure that State Coordinators, SPOCs, and all LEAs within a State/Territory are compliant with the terms and conditions of the LESO Program as required by 10 USC § 2576a, DLA Instruction and Manuals regarding the LESO Program, and this SPO.

1) If a State/Territory and/or LEA fails a PCR, the LESO will immediately suspend their operations and will subsequently issue corrective actions (with suspense dates) to the State Coordinator, which will identify what is needed to rectify the identified deficiencies within his/her State/Territory.

2) If a State/Territory and/or LEA fails to correct identified deficiencies by the given suspense dates, the LESO will move to terminate the Program operations within the State/Territory and/or LEA.

3) States/Territories and/or LEAs which fail a program compliance review will be suspended for a minimum of 60 days and will not be reinstated until DLA conducts a re-inspection on the State/Territory and the State/Territory and/or LEA successfully passes the inspection.

4) During a LESO PCR, it is the Program's intent to physically inventory 100% of property selected for review at each LEA. The use of ECRs in lieu of physical inspection is discouraged during PCRs.

B. The State/Territory will:

1) Support the LESO PCR process by:

a) Coordinating and forwarding completed PCR daily events schedule to the selected LEAs to be reviewed.

b) Contacting LEAs selected for review via phone and email to ensure they are aware of the PCR schedule and prepared for review.

c) Receiving inventory selections from the LESO and forwarding them to the selected LEAs.

d) Ensuring the LEA Points of Contact (POCs) gather the selected items in a central location to ensure the LESO can efficiently inventory the items.

e) Providing additional assistance to the LESO as required, prior to, during, and upon completion of the PCR.

2) Conduct internal PCRs of LEAs participating in the Program in order to ensure accountability, program compliance, program eligibility and validate annual inventory submissions are accurate. The State/Territory will ensure an internal PCR of at least 5% of LEAs that have a property book from the LESO Program within his/her State/Territory is completed annually. Results of internal PCRs will be kept on file at the State Coordinator's Office.

a) The internal PCR will include, at minimum:

i. A review of the SPO signed by both parties, ensuring that the SPO is uploaded into the Station Management Utility within FEPMIS.

ii. A review of the LEA's application/screener letter.

iii. A physical inventory of DLA LESO Program property selected for review at each LEA.

iv. A specific review of each selected LEA's files for the following: DD Form 1348-1A for each item currently on inventory, small arms documentation, transfer documents, turn-in documents, inventory adjustment documents, exception to policy letters (if any), approved cannibalization requests (if any), or other pertinent documentation as required.

v. Review and confirm authenticity and eligibility of the LEA.

b) For uniformity purposes, the State/Territory will utilize a PCR checklist provided by the LESO, or equivalent.

c) In cases that require a repossession or turn-in of property, the State/Territory and/or LEA will bear all expenses related to the repossession and/or turn-in/transfer of DLA LESO Program property to the appropriate DLA Disposition Services site.

VII. REPORTING REQUIREMENTS FOR LOST, STOLEN, OR DESTROYED DLA LESO PROGRAM PROPERTY

A. All property Lost, Stolen or Destroyed (LSD), carried on a LEAs current inventory, must be reported to the LESO.

1) LSD controlled property must be reported to the LESO within 24 hours. The LEA may be required to provide the following:

a) A comprehensive police report

b) A National Crime Information Center (NCIC) report/entry

2) The State/Territory will provide the contact information for the Civilian Governing Body over the LEA involved, to include: Title, Name, Email and mailing address.

3) LSD property with a DEMIL Code of "A" and "Q6" must be reported to the LESO within seven days.

4) All LEAs participating in the program will agree to cooperate with investigations into LSD by the DLA OIG.

5) A DD 200 Form, Financial Liability Investigation for Property Loss (FLIPL) will be required to be submitted to the LESO for all unaccounted for property.

B. LESO may grant extensions to the reporting requirements listed above on a case-by-case basis.

VIII. AIRCRAFT AND SMALL ARMS

A. All aircraft are considered controlled property, regardless of DEMIL Code. The SPO will ensure that all LEAs and all subsequent users are aware of, and agree to provide, all required controls and documentation in accordance with applicable laws and regulations for these items.

B. LEAs no longer requiring small arms issued through the LESO Program will request authorization to transfer or turn-in small arms. Transfers and turn-ins will be forwarded and endorsed by the State/Territory, and approved by the LESO. Small arms will not physically move until the LESO provides official notification that the approval process is complete.

When returning small arms to Anniston Army Depot, LEAs are required to:

1) Provide the 1348-1A turn in document that has been approved through the LESO.

2) Provide an appointment letter signed by the CLEO, or their designee, appointing the certifier and verifier to that position (found on the LESO website).

3) Provide the inert certificate that has been signed by a qualified certifier and verifier.

4) Insert a flag safety or chamber flag into the chamber for visual verification that the small arm is clear of ammunition.

5) The aforementioned documentation will be placed in a packing slip affixed to the outside of the shipping container. A duplicate set of documents will be placed inside the shipping container.

C. Small arms that are issued must have a documented chain of custody, with the chain of custody including a signature of the receiving officer indicating that he/she has received the appropriate small arm(s) with the correct, specified serial number(s). Small arms that are issued to an officer will be issued utilizing an Equipment Custody Receipt; this Custody Receipt obtains the signature of the officer/deputy responsible for the small arm.

D. Modifications to small arms are authorized. All parts are to be retained and accounted for in a secured location under the original serial number for the small arm until final disposal. If the modified small arm is transferred to another LEA, all parts must accompany the small arm to the receiving LEA.

E. Weapon Accountability. Law enforcement agencies that have multiple instances of a missing, lost, or stolen LESO Program small arm within a five year window will be assessed by DLA Disposition Services to determine if a systemic problem exists.

1) First Instance of Loss/theft: Will result in a 60 day minimum suspension.

2) Second Instance of Loss/theft: Will result in a 180 day minimum suspension.

3) Third Instance of Loss/theft: Will result in a 240 day minimum suspension. DLA Disposition Services will submit a formal assessment presenting all the facts of the instances of loss, relevant data, and evidence as to whether a systemic problem exists to DLA J34 for review and coordination. DLA Disposition Services will recommend potential disciplinary actions which could include recalling the agency's loaned small arms or termination from the Program.

F. Aircraft and small arms will not be obtained by any authorized participant for the purpose of sale, lease, loan, personal use, rent, exchange, barter, transfer, or to secure a loan and will be returned to the LESO at the end of their useful life.

IX. RECORDS MANAGEMENT

A. The LESO, State Coordinator, and LEAs enrolled in the LESO Program must maintain all records in accordance with the DLA Records Schedule. Records for property acquired through the LESO Program have retention controls based on the DEMIL Codes. All documents concerning property record will be retained.

1) Property records for items with DEMIL Codes of "A" and "Q6" will be retained for two calendar years from the date the property is removed from the LEA's property book before being destroyed.

2) Property records for controlled property will be retained for five calendar years from the date the property is removed from the LEA's property book before being destroyed.

3) Environmental Property records will be retained for 50 years, regardless of DEMIL Code (Chemicals, Batteries, Hazardous Material/Hazardous Waste).

4) LESO Program files will be segregated from all other records.

5) All property records will be filed, retained, and destroyed in accordance with DLA Records Schedule. These records include, but are not limited to, the following: DD Form 1348-1A for approved requests for transfers, turn-ins, requisitions, and any other pertinent documentation and/or records associated with the LESO Program (e.g., approved Bureau of Alcohol, Tobacco, Firearms and Explosives (BATFE) Forms 10 and 5, Certificate of Aircraft Registration (AC Form 8050-3), Aircraft Registration Application (AC 8050-1).

X. LESO PROGRAM ANNUAL TRAINING

A. 10 U.S.C. § 280 provides that the Secretary of Defense, in cooperation with the U.S. Attorney General, will conduct an annual briefing of law enforcement personnel of each State/Territory (including law enforcement personnel of the political subdivisions of each State/Territory). The briefing will include information on training, technical support, equipment, and facilities that are available to civilian law enforcement personnel from the Department of Defense.

B. The State will organize and conduct training pertaining to information, equipment, technical support and training available to LEAs via the LESO Program.

C. The State/Territory will ensure at least one representative (such as the State Coordinator or SPOC) attend the annual training that LESO conducts.

XI. PROPERTY ALLOCATION

A. The State Will:

1) Upon receipt of a valid LEA request for property through the DLA Disposition Services RTD Website, give a preference to those requisitions indicating that the transferred property will be used in the counter-drug/counter-terrorism or border security activities of the recipient agency. Additionally, to the greatest extent possible, the State will ensure fair and equitable distribution of property based on current LEA inventory and LEA justifications for property.

2) The State and the LESO reserves the right to determine and/or adjust allocation limits. Generally, no more than one of any item per officer will be allocated. Quantity exceptions may be granted on a case-by-case basis by the LESO based on the justification provided by the LEA. Currently, the following allocation limits apply:

a) Small Arms: one of each type for every qualified officer, full-time/part-time;

b) HMMWVs/Up-Armored HMMWVs: one vehicle for every three officers;

c) MRAPs/Armored Vehicles: two vehicles per LEA;

d) Robots: one of each type for every 25 officers

3) Additional justification may be required for small arms and armored vehicles. The LESO reserves final authority on determining the approval and/or disapproval for requests of specific types and quantities of excess DoD property.

4) Access the DLA Disposition Services RTD Website at a minimum of once daily (Monday - Friday) to review/process LEAs' requests for excess DoD property.

B. The LEA will:

1) Ensure an appropriate justification is submitted when requesting excess DoD property via the DLA Disposition Services RTD Website.

2) Access the Texas LESO website for timely and accurate guidance, information, and links concerning the LESO Program and ensure that all relevant information is reviewed.

3) When requesting property for counter-drug/counter-terrorism or border security activities, provide a justification that specifies that the property will be used for such activities.

4) Maintain access to FEPMIS to ensure the LEA is properly maintaining their property books, to include, but not limited to, transfers, turn-ins, and disposal requests.

a) FEPMIS account holders must be employees of the LEA.

XII. PROGRAM SUSPENSION & TERMINATION

A. The State/Territory/LEA is required to abide by the terms and conditions of the DLA MOA and SPO in order to maintain active status.

B. If a State Coordinator or LEA fails to comply with any terms of the DLA MOA, Federal statute or regulation, SPO, or a State MOA, the State and/or LEA may be placed on restricted status, suspended, and/or terminated from the Program. All suspension or termination notifications will be in writing and will identify remedial measures required for reinstatement, if applicable.

1) Suspension: A specified period of time in which an entire State/Territory or identified LEA(s) is prohibited from requesting and receiving additional property through the Program. Additional requirements for remedial action may also be placed on suspended activities, to include return of all or specifically identified controlled property. Suspensions will be for a minimum of 60 days.

2) Termination: Removal of a LEA or State from participating in the Program. The State Coordinator and/or identified LEAs will transfer or turn-in all controlled property previously received through the Law Enforcement Support Program at the expense of

the State and/or the LEAs.

3) Restricted Status: A specified period of time in which a State/Territory or LEA is restricted from receiving an item or commodity due to isolated issues with the identified commodity. Restricted status may also include restricting an agency from all controlled property. Restricted status is commonly used for agencies that have active consent decrees from the Department of Justice.

C. The State will:

1) Suspend LEAs for a minimum of 60 days in all situations relating to the suspected or actual abuse of DLA LESO Program property or requirements and/or repeated failure to meet the terms and conditions of this SPO. Suspension may lead to termination.

2) Coordinate with the LESO, who will have final discretion on reinstatement requests. Reinstatement to full participation from a suspension and/or termination is not automatic.

3) Issue corrective action guidance in coordination with LESO and the LEA with suspense dates to rectify issues and/or discrepancies that caused suspension and/or termination.

4) Require the LEA to submit results regarding all completed police investigations and/or reports regarding LSD DLA LESO Program property to include the LEA's CAP.

5) Suspend or terminate a LEA from the LESO Program if a LEA fails to comply with any terms of the SPO, the DLA Instruction and Manuals regarding the LESO Program, any Federal statute or regulation, or this State Plan of Operation.

6) In the event of a LEA termination, make every attempt to transfer the DLA LESO Program property of the terminated LEA to an authorized State/Territory or LEA, as applicable, prior to requesting a turn-in of the property to the appropriate DLA Disposition Services location.

    a) In cases relating to an LEA termination, the LEA will have 90 days to complete the transfer or turn-in of all DLA LESO Program property in their possession.

7) Notify the LESO and initiate an investigation into any questionable activity or action involving DLA LESO Program property issued to an LEA that comes to the attention of the State/Territory, and is otherwise within the authority of the Governor/State/Territory to investigate. Upon conclusion of any such investigation, take appropriate action and/or make appropriate recommendations on suspension or termination of the LEA to the LESO. States/Territories, acting on behalf of their Governor, may revoke or terminate their concurrence for LEA participation in the LESO Program at any time and for any reason.

8) Request that the LESO suspend or terminate a LEA from the LESO Program if a LEA fails to comply with any term of this SPO, the DLA Instructions and Manuals regarding the LESO Program, any Federal statute or regulation, or the SPO.

9) Implement State level LEA suspensions and notify the LESO if a LEA fails to comply with any term of this SPO, the DLA Instructions and Manuals regarding the LESO Program, any Federal statute or regulation, or the SPO.

10) Initiate corrective action to rectify suspensions and/or terminations placed upon the State for failure to meet the terms and conditions of the LESO Program.

11) Make contact (until resolved) with suspended LEA(s) within his/her State to ensure corrective actions are rectified by the timeframe provided by the LESO.

12) Require the LEAs to complete and submit results regarding all completed police investigations and/or reports regarding LEA DLA LESO Program property. The State/Territory must submit all documentation to the LESO upon receipt.

13) Provide documentation to the LESO when actionable items are rectified for the State and/or LEA(s).

14) Provide a written request to the LESO for reinstatement of an LEA via the State Coordinator or SPOC(s) for full participation status at the conclusion of a suspension period.

15) Provide a written request to the LESO for reinstatement of the State via the Governor for full participation status at the conclusion of a suspension period.

D. The LEA will:

1) In the event of the LEA termination, make every attempt to transfer the DLA LESO Program property to an authorized participating LEA, as applicable, prior to requesting a turn-in of the property to the approved DLA Disposition Services location.

a) In cases of a State termination, the State will have 120 days to complete the transfer or turn-in of all DLA LESO Program property in their State.

b) In cases relating to an LEA termination, the LEA will have 90 days to complete the transfer or turn-in of all DLA LESO Program property in their possession.

XIII. AMMUNTION

A. DLA in support of the United States Army will aid in allocating ammunition to LEAs.

1) U.S. Army will issue approved transfers directly to the LEA. LEAs are responsible for funding all costs associated with the packing and shipping of ammunition and will make reimbursements directly to the U.S. Army.

2) All ammunition obtained via the Law Enforcement Support Program will be for training purposes only. At the time of request, LEAs will certify in writing that the ammunition will

be used for training purposes only. Ammunition will not be obtained for the purpose of sale, lease, loan, personal use, rent, exchange, barter, transfer, or to secure a loan. Ammunition obtained through the Program will not be sold.

3) Ammunition will be treated as a consumable item and not tracked in any DLA inventory system or inspected during compliance reviews.

4) DLA Disposition Services will track and preserve necessary records of ammunition transferred to a LEA and will post all agency requests, approvals, and denials on the public web-page.

XIV. COSTS & FEES

All costs associated with the transportation, turn-in, transfer, repair, maintenance, insurance, disposal, repossession or other expenses related to property obtained through the LESO Program are the sole responsibility of the LEA. In the event a LEA is dissolved or disbanded and no civilian governing body exists, the State Coordinator's office will, on a case-by-case basis, coordinate the transfer or turn-in of all assigned property.

XV. NOTICES

Any notices, communications, or correspondence related to this agreement will be provided by E-mail, the United States Postal Service, express service, or facsimile to the appropriate DLA office. The LESO may, from time to time, make unilateral modifications or amendments to the provisions of this SPO. Notice of these changes will be provided to State Coordinators in writing. Unless State Coordinators take immediate action to terminate this SPO in accordance with Section XVIII, such modifications or amendments will become binding. In such cases, reasonable opportunity will, insofar as practicable, be afforded the State Coordinator to conform changes affecting their operations.

XVI. ANTI-DISCRIMINATION

A. By signing this SPO, or accepting excess DOD personal property under this SPO, the State pledges that it and each LEA agrees to comply with applicable provisions of the following national policies prohibiting discrimination:

1) On the basis of race, color, or national origin, in Title VI of the Civil Rights Act of 1964 (42 U.S.C. 2000d et seq.) as implemented by DOD regulations 32 C.F.R. Pt. 195.

2) On the basis of age, in the Age Discrimination Act of 1975 (42 USC 6101, et seq) as implemented by Department of Health and Human Services regulations in 45 C.F.R. Pt. 90.

3) On the basis of handicap, in Section 504 of the Rehabilitation Act of 1973, P.L. 93-112, as amended by the Rehabilitation Act Amendments of 1974, P.L. 93-516 (29 U.S.C. 794), as implemented by Department of Justice regulations in 28 C.F.R. Pt. 41 and DOD regulations at 32 C.F.R. Pt. 56.

B. These elements are considered the minimum essential ingredients for establishment of a satisfactory

business agreement between the State and the DOD.

XVII. INDEMNIFICATION CLAUSE

A. The State/LEA is required to maintain adequate liability insurance to cover damages or injuries to persons or property relating to the use of property issued under the LESO Program. Self-insurance by the State/LEA is considered acceptable. The U.S. Government assumes no liability for damages or injuries to any person(s) or property arising from the use of property issued under the LESO Program. It is recognized that State and local law generally limit or preclude State Coordinators/LEAs from agreeing to open ended indemnity provisions. However, to the extent permitted by State and local laws, the State/LEA will indemnify and hold the U.S. Government harmless from any and all actions, claims, debts, demands, judgments, liabilities, cost, and attorney's fees arising out of, claimed on account of, or in any manner predicated upon loss of, or damage to property and injuries, illness or disabilities to, or death of any and all persons whatsoever, including members of the general public, or to the property of any legal or political entity including states, local and interstate bodies, in any manner caused by or contributed to by the State/LEA, its agents, servants, employees, or any person subject to its control while the property is in the possession of, used by, or subject to the control of the State/LEA, its agents, servants, or employees after the property has been removed from U.S. Government control.

B. LEAs are not required to maintain insurance on controlled property, aircraft or other items with special handling requirements that remain titled to DoD. However, LEAs must be advised that if they elect to carry insurance and the insured property is on the LESO inventory at the time of loss or damage, the recipient must submit a check made payable to DLA for any insurance proceeds received in excess of their actual costs of acquiring and rehabilitating the property prior to its loss, damage, or destruction.

XVIII. TERMINATION

A. This SPO may be terminated by either party, provided the other party receives 30 days' notice, in writing, or as otherwise stipulated by Public Law.

B. The undersigned State Coordinator, CLEO and Civilian Governing Body official hereby agree to comply with all provisions set forth herein and acknowledge that any violation of the terms and conditions of this SPO may be grounds for immediate termination and possible legal consequences, to include pursuit of criminal prosecution if so warranted.

XIX. The authorized signatories of the parties have executed this agreement as of the last date written below.

MEMORANDUM FOR TEXAS LAW ENFORCEMENT SUPPORT OFFICE (LESO) PROGRAM PARTICIPANTS

SUBJECT: State Plan of Operation (SPO) Dated July 2018, LESO Program changes:

This memorandum amends the Law Enforcement Agency's (LEA) responsibilities within the existing SPO between the State of Texas and the

Williamson County Sheriff's Office.

This addendum establishes the understanding regarding the requirement of two levels of security and financial liability for negligent lost/stolen/destroyed small arms.

a. LESO small arms not carried on an officer's person or in the officer's immediate physical vicinity will be secured using two levels of security. Two levels of security means two distinct lockable barriers, each specifically designed to render a weapon inaccessible and unusable to unauthorized persons. Lockable barriers meeting this description may be either manual or electronic.

b. DLA OIG investigations may be initiated when small arms are improperly disposed of or becomes lost, stolen or otherwise destroyed while maintained in the program inventory. Law Enforcement Agencies may be required to reimburse DLA the fair market value of the small arm when negligence or willful conduct is confirmed at the conclusion of the Financial Liability Investigation of Property Loss (FLIPL) investigation. Reimbursement will be within sixty (60) days of the completion of the FLIPL investigation.

(1) Title will never transfer to the recipient regardless of the status of the small arm.

(2) Payments due to DLA Disposition Services, based upon the findings of the FLIPL investigation, may be paid by one of the following three methods:

(a) Credit card payments via pay.gov

(b) Cashier/business checks

(c) Wire transfers

The provision on two levels of security for small arms is effective June 9, 2020. Any request for an extension must be submitted before that date. The provision on financial liability for negligent or willful loss of small arms that are improperly disposed of or become lost, stolen or otherwise destroyed while maintained in the program inventory, applies to all small arms accounted for on an agency's LESO Program property book on the date this addendum is signed. This addendum to the State Plan of Operation must be signed by the current Chief Law Enforcement Official (CLEO) or designee of each LEA by June 9, 2020. Failure to sign by this date will require that all weapons be returned.

The aforementioned changes to the State Plan of Operation (SPO) are acknowledged and accepted by the following individuals:

Acceptance of Terms and Conditions

If you receive a payment from funds appropriated in the Public Health and Social Services Emergency Fund for provider relief ("Relief Fund") under Public Law 116-136 and retain that payment for at least 90 days without contacting HHS regarding remittance of those funds, you are deemed to have accepted the following Terms and Conditions. Please also indicate your acceptance below. This is not an exhaustive list and you must comply with any other relevant statutes and regulations, as applicable.

Your commitment to full compliance with all Terms and Conditions is material to the Secretary's decision to disburse these funds to you. Non-compliance with any Term or Condition is grounds for the Secretary to recoup some or all of the payment made from the Relief Fund.

These Terms and Conditions apply directly to the recipient of payment from the Relief Fund. In general, the requirements that apply to the recipient also apply to subrecipients and contractors, unless an exception is specified.

Relief Fund Payment from $20 Billion General Distribution Terms and Conditions

- The "Payment" means the funds received from the Public Health and Social Services Emergency Fund ("Relief Fund"). The Recipient means the healthcare provider, whether an individual or an entity, receiving the Payment.
- The Recipient certifies that it billed Medicare in 2019; provides or provided after January 31, 2020 diagnoses, testing, or care for individuals with possible or actual cases of COVID-19; is not currently terminated from participation in Medicare or precluded from receiving payment through Medicare Advantage or Part D; is not currently excluded from participation in Medicare, Medicaid, and other Federal health care programs; and does not currently have Medicare billing privileges revoked.
- The Recipient certifies that the Payment will only be used to prevent, prepare for, and respond to coronavirus, and that the Payment shall reimburse the Recipient only for health care related expenses or lost revenues that are attributable to coronavirus.
- The Recipient certifies that it will not use the Payment to reimburse expenses or losses that have been reimbursed from other sources or that other sources are obligated to reimburse.
- The Recipient shall submit reports as the Secretary determines are needed to ensure compliance with conditions that are imposed on this Payment, and such reports shall be in such form, with such content, as specified by the Secretary in future program instructions directed to all Recipients. The Recipient shall also submit general revenue

data for calendar year 2018 to the Secretary when applying to receive a Payment, or within 90 days of having received a Payment.

- The Recipient consents to the Department of Health and Human Services publicly disclosing the Payment that Recipient may receive from the Relief Fund. The Recipient acknowledges that such disclosure may allow some third parties to estimate the Recipient's gross receipts or sales, program service revenue, or other equivalent information.
- The Recipient certifies that all information it provides as part of its application for the Payment, as well as all information and reports relating to the Payment that it provides in the future at the request of the Secretary or Inspector General, are true, accurate and complete, to the best of its knowledge. The Recipient acknowledges that any deliberate omission, misrepresentation, or falsification of any information contained in this Payment application or future reports may be punishable by criminal, civil, or administrative penalties, including but not limited to revocation of Medicare billing privileges, exclusion from federal health care programs, and/or the imposition of fines, civil damages, and/or imprisonment.
- Not later than 10 days after the end of each calendar quarter, any Recipient that is an entity receiving more than $150,000 total in funds under the Coronavirus Aid, Relief, and Economics Security Act (P.L. 116-136), the Coronavirus Preparedness and Response Supplemental Appropriations Act (P.L. 116-123), the Families First Coronavirus Response Act (P.L. 116-127), or any other Act primarily making appropriations for the coronavirus response and related activities, shall submit to the Secretary and the Pandemic Response Accountability Committee a report. This report shall contain: the total amount of funds received from HHS under one of the foregoing enumerated Acts; the amount of funds received that were expended or obligated for reach project or activity; a detailed list of all projects or activities for which large covered funds were expended or obligated, including: the name and description of the project or activity, and the estimated number of jobs created or retained by the project or activity, where applicable; and detailed information on any level of sub-contracts or subgrants awarded by the covered recipient or its subcontractors or subgrantees, to include the data elements required to comply with the Federal Funding Accountability and Transparency Act of 2006 allowing aggregate reporting on awards below $50,000 or to individuals, as prescribed by the Director of the Office of Management and Budget.
- The Recipient shall maintain appropriate records and cost documentation including, as applicable, documentation described in 45 CFR § 75.302 – Financial management and 45 CFR § 75.361 through 75.365 – Record Retention and Access, and other information required by future program instructions to substantiate the reimbursement of costs under this award. The Recipient shall promptly submit copies of such records and cost documentation upon the request of the Secretary, and Recipient agrees to fully cooperate in all audits the Secretary, Inspector General, or Pandemic Response Accountability Committee conducts to ensure compliance with these Terms and Conditions.

- The Secretary has concluded that the COVID-19 public health emergency has caused many healthcare providers to have capacity constraints. As a result, patients that would ordinarily be able to choose to receive all care from in-network healthcare providers may no longer be able to receive such care in-network. Accordingly, for all care for a presumptive or actual case of COVID-19, Recipient certifies that it will not seek to collect from the patient out-of-pocket expenses in an amount greater than what the patient would have otherwise been required to pay if the care had been provided by an in-network Recipient.
