I am writing to recommend the services of Kayco Spray Booths for the upgrades of the spray booths at Fleet Services. Kayco is the manufacturer and supplier of the original equipment to be upgraded, therefore competitively bidding this upgrade would be ineffectual.

The cost of upgrades is reasonable for the quality of materials and labor provided by Kayco.

If more information is needed, please feel free to contact me.

Regards,

A handwritten signature in blue ink, appearing to read 'Dale Butler', is written over a horizontal line.
