CHANGE ORDER REASON(S) CODE CHART

Design Error or Omission	1A. Incorrect PS&E 1B. Other
Differing Site Conditions (unforeseeable)	2A. Dispute resolution (expense caused by conditions and/or resulting delay) 2B. Unavailable material 2C. New development (conditions changing after PS&E completed) 2D. Environmental remediation 2E. Miscellaneous difference in site conditions (unforeseeable)(Item 9) 2F. Site conditions altered by an act of nature 2G. Unadjusted utility (unforeseeable) 2H. Unacquired Right-of-Way (unforeseeable) 2I. Additional safety needs (unforeseeable) 2J. Other
3. County Convenience	3A. Dispute resolution (not resulting from error in plans or differing site conditions) 3B. Public relations improvement 3C. Implementation of a Value Engineering finding 3D. Achievement of an early project completion 3E. Reduction of future maintenance 3F. Additional work desired by the County 3G. Compliance requirements of new laws and/or policies 3H. Cost savings opportunity discovered during construction 3I. Implementation of improved technology or better process 3J. Price adjustment on finished work (price reduced in exchange for acceptance) 3K. Addition of stock account or material supplied by state provision 3L. Revising safety work/measures desired by the County 3M. Other
4. Third Party Accommodation	 4A. Failure of a third party to meet commitment 4B. Third party requested work 4C. Compliance requirements of new laws and/or policies (impacting third party) 4D. Other
5. Contractor Convenience	 5A. Contractor exercises option to change the traffic control plan 5B. Contractor requested change in the sequence and/or method of work 5C. Payment for Partnering workshop 5D. Additional safety work/measures desired by the contractor 5E. Other
6. Untimely ROW/Utilities	 6A. Right-of-Way not clear (third party responsibility for ROW) 6B. Right-of-Way not clear (County responsibility for ROW) 6C. Utilities not clear 6D. Other

Williamson County Road Bond Program

San Gabriel Ranch Road Bridge Williamson County Project No. 1807-252

Change Order No. 6

Reason for Change

This Change Order provides the final balancing for the overrun/underrun of Contract quantities for work on the project paid for by the County as a result of addressing field conditions not accounted for in the original plans. The underrun/overrun of Contract quantities for utility work paid for by Aqua Water Supply Corporation on the project are captured in the previous Change Order 5.

This project experienced greater than normal precipitation before and during construction which created a steady flow of water into the work area. It took longer than anticipated to drain the lake to the required level before critical activities could begin, such as channel excavation and bridge construction. The project also encountered underground water during channel excavation and the Engineer had to adjust the channel profile to address this issue. According to the daily records, 25 days were charged during these periods of time and the County agreed to credit those days back to the contract. Despite the time added to the contract, the Contractor exceeded the allowable number of working days on the contract which resulted in being charged 34 days of liquidated damages.

Following is a summary of the new items required for this change order.

		_	
ITEM	DESCRIPTION	QTY	UNIT
WC-9019	LIQUIDATED DAMAGES (CHARGED ON COVER	34.00	DAYS
	PAGE OF FINAL PAY APPLICATION)		

This Change Order results in a decrease of \$20,693.24 to the Contract amount, for an adjusted Contract total of \$1,439,233.03. The original Contract amount was \$1,425,301.90. Because of this and all other Change Orders, \$13,931.13 has been added to the Contract, resulting in a 0.98% net increase in the Contract cost. Twenty-five (25) days will be added to the Contract as a result of this Change Order. To date a total of twenty-five (25) days have been added to be the contract.

Subject: 1807-252 San Gabriel Ranch Road Bridge Contract Time

James,

To follow up with last Friday's discussion about the time credit on San Gabriel project, below is what I come up with by looking into our daily records. In total we can credit 25 days back to Greater Austin. They will end up being 34 days over on the contract time. If you are ok with it, I will send to Greater Austin.

AT&T line was cleared on 3/5/2019 before time charge started. No impact on time charge.

Time Charge started on 4/1/2019, dam was breached on 4/3/2019 (early morning). We can credit 2 days.

Underground water issue during channel excavation, Ranger demobilized on 7/26/2019 and remobilized on 8/28/2019. We charged 23 days and can credit all back to them.

Feng Chen, P.E.
